

Home School/ Charter School/ Cyber School/ ECA – Easton Cyber Academy/CIT & IU Students

According to PIAA eligibility rules, students involved in PIAA sanctioned athletic teams must meet PIAA academic, attendance and behavioral standards in order to compete. Therefore, Easton Area School District runs an eligibility grade report on Tuesdays & Thursdays at 12pm (noon). In order for your student-athlete to comply with PIAA rules, the EASD asks that this form be filled out so that we can contact the athlete's school/parent/guardian for grade, attendance and behavioral information. Without this completed form, the student athlete will be unable to practice or participate with the team

This form must be completed by the student-athlete's parent/guardian and returned to the coach to be handed in to the Easton Area School District Athletic Department.

We look forward to partnering with you to support our athletes.

Participating Sport: _____ **Coach:** _____

Student Name: _____ **Grade:** _____

School: _____ **Contact Number:** _____

School Address: _____

EASTON AREA SCHOOL DISTRICT MISSION STATEMENT

The Easton Area School District respects the diversity of its student population and is dedicated to the importance of developing our students into responsible citizens. We will provide each student with an academically challenging program that enhances creativity, develops an ability to use technology, and encourages critical thinking and problem solving. In support of this mission, we will ensure a safe instructional environment and promote life-long learning.
