# Gene L. Klida Utica Academy for International Studies Bond Update

BUILDING FOR THE FUTURE

GLK-UAIS CAFETERIA

## SUMMER 2024

- Create additional layers of security, including replacement of door hardware and doors as needed.
- Renovate cafeteria, including multiple seating options and flexible group work areas.
- Renovate restrooms.

Thanks to our community's voters, the Gene L. Klida Utica Academy for International Studies will be a busy place this summer.

A series of building improvements will take place in our building this summer as we begin the transition to becoming a full-time IB facility. The improvements are made possible by the approval of the May, 2023 UCS Safety and Success Bond proposal.

A safe learning environment remains the priority of the bond issue. This summer, we will continue the replacement of door hardware and doors as needed in our facility.

An exciting change will be the renovated cafeteria. The updates will create a bright, college-like atmosphere for our students with multiple seating options, including booth and long and round tables. It can also serve as a large or small group instruction area.

We appreciate our community for making these improvements possible for our students. For more information and photo updates, visit: www.uticak12.org/glkuaisbond
