

E-Sports in Ellington

Content Creation & Production

An EYS collaboration with Affinity ESports! Explore the exciting world of digital content creation in our Content Creation & Production Workshop. Participants will learn the basics of video editing, live streaming, and digital storytelling. Through interactive lessons and hands-on projects, attendees will gain skills in video production, audio editing, and graphic design, using tools and platforms relevant to today's digital creators. This workshop empowers young creatives to express themselves and share their stories in innovative ways.

Pizza and light refreshments will be provided during class.

Thursday June 26

4:30-7:30pm

Ellington Youth Services (EYS) Office

\$40

Children aged 7-13

Game Creation and Coding

Dive into the fundamentals of game design and coding in our Game Creation & Coding Workshop. Participants will develop problem-solving and critical thinking skills while learning basic computer programming. Using platforms like Scratch, Minecraft Education Edition, and Roblox, attendees will create their own games, engage in fun coding challenges, and collaborate with peers to showcase their progress. This workshop is perfect for budding coders eager to bring their game ideas to life.

Pizza and light refreshments will be provided during class.

Thursday July 31

4:30-7:30pm

Ellington Youth Services (EYS) Office

\$40

Children aged 7-13

Social Game Night

Conclude the summer with our Social Game Night, an evening dedicated to fun, friendship, and friendly competition. Participants will enjoy a variety of popular multiplayer games in a relaxed setting, fostering teamwork and social interaction. Food, drinks, and group-based activities will help highlight the joy of gaming together and the power of shared experiences.

Pizza and light refreshments will be provided during class.
