

**Cleveland Heights-University Heights City Schools
Department of Student Services**

To the Parents/Guardians of 12th Grade Students:

Prior to entering 12th grade, Ohio law requires every student to have documentation of:

MCV4 VACCINE (MENINGOCOCCAL A)

***** A SINGLE DOSE IS REQUIRED AFTER THE 16th BIRTHDAY. IF YOUR CHILD RECEIVED THE VACCINE BEFORE THEIR 16th BIRTHDAY, A SECOND DOSE IS REQUIRED PRIOR TO 12th GRADE.**

Please check with your health care provider regarding these immunizations and have them forward the documentation to the school nurse. If your student still needs this vaccine, please arrange for your child to have the immunization. You can schedule the appointment with your doctor/healthcare provider or at the County Board of Health (216-201-2041). **Verification of the MCV4 immunization must be on file at the school before your student can enter 12th grade.**

An updated immunization record or this completed form can be **faxed to 216-320-3144**, emailed to (R_Varcelli@chuh.org), or mailed to:

Heights High School Nurse
13263 Cedar Road
Cleveland Heights, Ohio 44118-2988

If you have questions, please call the school nurse at 216-320-3109.

Thank you,

Karen Liddell-Anderson
Board of Education, Department of Student Services
2155 Miramar Boulevard
University Heights, OH 44118
