

Attending Brewster schools is an experience that is personal. Teachers know you by name and you never feel like just another face in the crowd. It is a community that invests in you—not just academically, but as a person.

— **Juliann Snyder, Parent**

Estoy realmente agradecida por el ambiente acogedor y de apoyo que Brewster ofrece a las familias. Este distrito es un lugar donde los estudiantes prosperan, los padres se sienten apoyados y las oportunidades son abundantes.

— **Edna Perez, Parent**

I feel Brewster is committed to nurturing and educating a variety of learners. The district values community input and is reflective in its educational practices. Many of the district's initiatives and programs are innovative, progressive and ahead of its time. As a parent, I know that my children are attending a school that is safe, inclusive and invested in all aspects of my children's growth; academically, socially and emotionally. I am particularly happy with the Career Skills program. My special needs son is loved, included and learning so many important life skills he will need after leaving BCSD.

— **Becky D'Onofrio, Parent**

Brewster is a hidden gem. Having one child in each school I see the number of dynamic programs offered before and after school, not just academic and athletic programs, but social-emotional programs that kids are passionate about—there is truly something for everyone. And transportation is provided which has levelled the playing field for parents.

— **Lauren Borneman, Parent**

I respect the dynamics that are used in Brewster especially with Parents' University, this is a deep 3-way relationship that goes hand in hand with communication from parents to teachers and students. Connecting in this way helps me to understand the best way to help my child and do the right thing.

— **Helen Doyle, Parent**

To be a Brewster Bear means to be surrounded by knowledge and resources, to have the ability to set goals and have the freedom to see your dreams become a reality, to receive from the community what you give to it, all while connecting with teachers who truly care for your future success.

— **Jarrid Bryggman, BHS Grad 2024**

It has been an honor and joy returning to the district that shaped and molded the person whom I have become. I value that my children will have the opportunity to pass through the same halls as I did, and elated at the many social and academic opportunities that they will encounter in their years within the BCSD.

— **John King, 5th grade teacher C.V. Starr**
