

Your enrollment is coming soon.

Take time to prepare. Enrolling in the same plans as last year may seem like the easiest way to go. Chances are your life looks a lot different, and it might be time to update your insurance.

Save the Date

Azusa Unified School District Enrollment Period Begins

June 16, 2025 and ends **August 27, 2025**

Prepare for Your Enrollment

Sitting down and making benefits decisions each year may be one of the most important decisions you will make. Review the resources below. Later, we'll send more information about how to schedule your appointment and how to enroll.

To prepare, follow these steps:

1. List any medical, dental, or vision procedures you have planned.
2. Determine the amount you spent on prescriptions last year. You may be able to log in to your pharmacy's website to find this information.

3. Look at your budget! Work to understand what the gap is between your deductible and how much you can afford for out-of-pocket costs such as copays, prescriptions, and any unexpected medical bills.

Following these steps may help you with your benefits decisions.
