Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, Simi Valley Unified School District (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a $0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Docusign Envelope ID: 95D80C8E-D4B3-4AC5-BEB6-E6426A8E4D07

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Background Information

In accordance with the accountability requirements of Proposition 39, the Board of Education established a Citizens' Bond Oversight Committee (CBOC) to oversee the expenditures and decisions affecting Measure X Bond Funds. Their role is basically an audit function with the responsibility to report to the public on the District's expenditures and consistency with Measure X.

Section 3.3 of the Bylaws states that the Committee shall present to the Board an annual written report which shall include the following: (a) A statement indicating whether the District is in compliance with the requirements of Article XIIIA, Section 1 (b) (3) of the California Constitution; and (b) A summary of the Committee's proceedings and activities for the preceding year.

At their regular meeting held on May 28, 2025, the CBOC approved the content of their Annual Report for Fiscal Year 2023-2024. A copy of this report is attached hereto as Exhibit "A."

Measure X Annual Report Fiscal Year 2023-2024

ANNUAL FISCAL REPORT FOR YEARS 2023-24

Presented by the Simi Valley Measure X Citizens' Bond Oversight Committee (CBOC)

Dear Board of Education Trustees and Simi Valley Community:

The Simi Valley Measure X Citizens' Bond Oversight Committee (CBOC or the Committee) is pleased to present its annual report for the Simi Valley Unified School District (SVUSD or the District) for the 2023-2024 fiscal year. The CBOC, an independent committee, was established as required by law to provide active oversight of Measure X projects and expenditures. Our primary responsibility is to ensure that Measure X bond funds are used strictly for their intended purposes, while maintaining transparency and accountability to the public.

Overview of Measure X

Measure X is a $239 million bond measure approved by voters on November 8, 2016. These funds are dedicated to the design, construction, and modernization of school facilities, as well as the integration of modern technology throughout the District. The District presented the following three (3) key needs:

- **Repair And Upgrade Aging Facilities**
- **Modernize Classrooms to 21st Century Learning Environments**
- **Improve School Safety and Accessibility**

The Committee's role is to ensure that the funds are spent as intended, specifically for the construction, renovation, rehabilitation, or replacement of school facilities as outlined in the measure.

Progress Despite On-Going Challenges

Despite challenges posed by the COVID-19 pandemic, supply chain disruptions, and inflation, the District has made significant progress in using Measure X funds for facility improvements. Rising construction costs have affected the original project plans, leading to a reduction in the number of projects initially anticipated. Nevertheless, the District has moved forward with several important initiatives.

Accomplishments During Fiscal Year 2023-2024

The following sixteen (16) projects were completed or are in progress during the 2023-2024 fiscal year:

Bond Funds and Series Overview

The District has received funds from Series A, B, C and D of the Measure X general obligation bonds, totaling $189.8 million. These funds are being used for the ongoing implementation of Measure X projects:

- **Series A**: $70 million (Issued June 2017)
- **Series B**: $60 million (Issued May 2019)
- **Series C**: $59.8 million (Issued October 2020)
- **Series D**: $49 Million (Issued September 2023)

Looking Ahead: Future Funding Needs

While significant progress has been made, the Committee recognizes that additional funding will be necessary to continue improving school facilities. Inflationary pressures have made it more difficult to complete projects within the original budget, and the Committee will continue to work closely with the District to ensure that future bond funds are spent as efficiently and effectively as possible.

Conclusion

We would like to express our sincere gratitude to the Board of Education for their continued support of Measure X and for their dedication to enhancing the education of students in the Simi Valley Unified School District. We also want to thank the taxpayers for their investment in these vital improvements.

This annual report will be posted to the CBOC's page on the District's website following its presentation to the Board.

Sincerely,
The Simi Valley Measure X Citizens' Bond Oversight Committee

Sincerely,

Rebecca Hopkins
Chair, Measure X CBOC

SIGNIFICANT MEASURE X CONSTRUCTION PROJECTS

Milestones

During the 7th year of Measure X Bond-Funded Program, the Simi Valley Unified School District Completed several substantial projects, and continued to design and build others.

Measure X Financial Overview

The accompanying three charts[1] illustrate the allocation of the $239 million Measure X Bond fund:

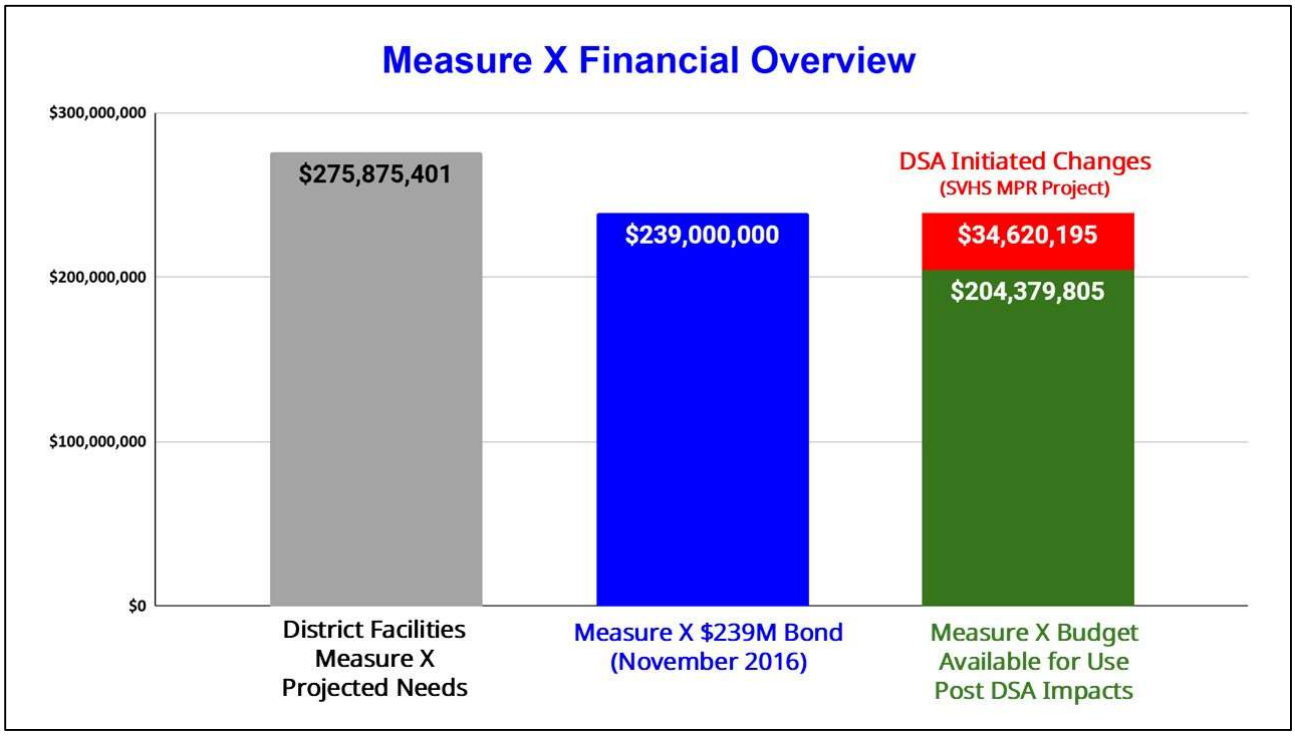

Figure 1 - Measure X $239M Bond Program Highlights

The SVHS Multipurpose Room (MPR), a priority project initially defined by the Board of Education and approved by voters in November 2016, encountered significant financial impacts totaling $34.6 million due to various changes mandated by the Division of the State Architect (DSA). This project shifted from modernization to a new construction project. Consequently, the District needed to reallocate funds to cover these DSA-initiated costs, resulting in numerous previously planned District-wide projects being moved to an unfunded status.

The Projected Cost of the SVHS MPR Building is estimated at $58.8M. The Original Measure X Budget was $11.1M, with the SVHS Science Classroom Building Project Budget of $15.9M, while the District's original expenditure prior to the DSA Initiated Changes was $2.9M, for a total of $34.6M in DSA Initiated Changes.
