

APEURO Summer Assignment 2025

Mr. Smith

Welcome to APEURO! Here is your summer assignment and it is due the **FIRST** class (NO EXCEPTIONS) and you will have a test covering this material and the first 2 chapters of your textbook in the second week of school.

This is your summer assignment. It is divided into three (3) parts. My suggestion is it would take a day or two to complete, and you may want to wait until late July or early August so that it is fresh in your mind coming in next year. You should read the attached “Recap of Medieval Europe” and peruse the “Lecture Art Chapter 11” Powerpoint. Then you will answer the 15 questions thoroughly and in complete sentences. All of your work must be **HANDWRITTEN** and not typed. Typed work will **not** be accepted.

Also enclosed is a copy of Module 1.1 Hotspots and directions on how to do them. These must be **HANDWRITTEN!** Again, typed work will **not** be accepted. You may type a **TEMPLATE**, but the information must be **HANDWRITTEN**. These are **NOT** due on the first day of school, but if you want to get a head start on them, here you go.

If you have any questions for me, you can contact me by email at michael.smith@poquoson.org. I'll check school email every few days.
