Plymouth Board of Education is an Equal Opportunity Employer and Provider.

Mr. Bourbonniere – Regarding the May 21st executive session. At the meeting, he inquired why he did not have a hard copy of the agenda. He said he was told it was emailed to him. However, his inquiry and the response were not reflected in the minutes. He read the following “while Roberts Rules of Order doesn’t exclusively mandate a hardcopy of the agenda for every public meeting, it strongly encourages using a detailed agenda and distributing it to attendees. The key is ensuring attendees are informed about the topics that are to be discussed and the order of business.” He believes when the Board of Education is going to put a meeting together, that there is an agenda for each Board Member and even though the public is not there, that at least there is a hard copy. Not utilizing the excuse that it was emailed to you.

Mrs. Kulesa – Duly Noted

all in favor, any opposed, any abstentions. Bourbonniere abstains, motion carries.

AND

(d) The minutes of the Special Meeting of the Plymouth Board of Education Policy Committee of May 14, 2025.

7. **School Climate Survey** – Mr. Falcone, Superintendent/Mrs. Melillo, Assistant Superintendent

A brief presentation was given by Mr. Falcone and Mrs. Melillo. Results of the 2024 – 2025 Climate Survey can be found on the website: <http://plymouth.k12.ct.us>

Introduction: Mr. Falcone informed the Board and members of the public, all public schools throughout Connecticut are doing School Climate Surveys or have already done the survey at some point. The survey aligns to a requirement, the Connecticut School Climate Plan, which is in front of the Board for approval and needs to be in place by July 1, 2025. The purpose of the survey was to identify some strengths in our schools and some focus areas. Surveys were conducted through all four schools. Stakeholders: all students (except for PreK-grade 2 students), grade 3 – 12, all parents, all certified and non-certified staff and faculty. The Board was provided with the actual survey.

During the summer, Administrators will be working on creating a draft of a School Climate Policy for their school that addressed the focus areas; a committee will be created within each school that addresses school climate; Mr. Falcone will create a District School Climate Policy; District School Climate Committee and individual based School Climate Committees will be created; draft will be proposed to the committees for finalization; District Wide Committee will meet throughout the year within their school to discuss and implement the action plans. At the end of next year, around May, a survey will be sent out to see the progress of the School Climate Plan. Currently, there is no action plan. This will be worked on during the summer as the state requires action plans to be finalized by December 31st.

Mrs. Melillo – The School Climate Survey of each school which included, strengths, focus areas, professional development relevance and management of challenging behavior were reviewed by Mrs. Melillo.

Mr. Perugino – Question – Is this State Mandated? Unfunded Mandate. This is a lot of work especially if you have 3 or 4 individuals who are negative. This is his concern regarding any survey.

Mr. Falcone – Response - Yes. The state is recommending we no longer have a Bullying Policy. This would be encompassed under that. I do not mind this policy. It will come down to each individual school and its concerns. We have a good idea of what the trends are and what we need to focus on.

Mrs. Tilton – Question – You already do have a Climate Committee in place so you would be continuing that work with different guidelines? You do not have a Building Level Climate Committee in place?

Mr. Falcone – Response – No we do not. Some schools do but we do not.

8. **Public Comment**

(a) In-person public comment (limited to 3-minutes per speaker)

Virginia Kinane – 8 Adams Drive

Comments

- Implementation of kindergarten graduation.
- Concern regarding the age cut off for PreK.
- Importance of rescinding a policy verses addressing things brought up by parents who have children in the district.
- Concerned, the Board is more about politics than children.
- Contracts negotiated behind closed doors for administrators.

Melania Church – 328 Main Street

Comments

- Raises for Administrators
- Concerning how the custodians were informed of the change in employment.
- Parents should be allowed into the classroom.

(b) Remote public comment (please go to www.plymouth.k12.ct.us for instructions on how to participate) – No Remote Public Comment

9. **Superintendent's Update**

- On May 22nd, Terryville High School held its annual Scholarship Night. All total, our Seniors received over \$270,000 in one time and renewable scholarships. Thank you to our local businesses, community members and various organizations for their generous support and the investment they have made in our children.
- Notice of change to the international field trips approved by the Board. The April 2026 Puerto Rico field trip has been cancelled due to a lack of student interest. However, there was stronger interest in the European trip with the majority of interest coming from students in the current junior class. Therefore, there is a request to move the trip from April 2027 to April of 2026 as these students will be seniors. There was no push back from parents to reschedule the European trip. The itinerary and overall cost will remain the exact same as what the Board had previously approved. There is a total of 13 students who have already put down deposits. The trip will be open to parents as well. The Board agreed to the change in date.

- Ceremonies: Harry S. Fisher Promotion Ceremony Monday, June 9th @ 9:30 a.m.
Terryville High School Graduation Wednesday, June 11th @ 6 p.m.
(rain or shine) Outside – soccer field
Inside – auditorium
Eli Terry Jr. Middle School – Step Up Program - Thursday, June 12th 9 a.m.
- Thank You to our entire faculty, staff and administration; to the parents, PTAs and the various community members that have supported us throughout the year; and to the Board of Education for continuing to move forward with initiatives that will have a positive impact on teaching and learning.
- Conclusion: Congratulation to all our Terryville High School graduates and hoping everyone has a nice and relaxing summer.

10. **Unfinished Business**

(a) **Second Read of Modified Policies, Discontinued Policies and New Policy**

MOTION: To entertain a motion to approve the following:

Modified Policies

Series 1000 – Community/Board Operations

- P-1006 School Security and Safety
- P-1010 Visitors and Observations in the Schools

Motion Mrs. Lucian, second Mr. Perugino, any discussion

Mr. Showers – Question - Regarding P-1006: “review any warrant or other materials that the federal immigration authority produces to determine who issued such warrant and what the warrant or other material authorizes the federal immigration authority to do” Question: (1) Who is going to do that? And

(2) And are they going to have a legal background to deal with a legal warrant properly?

Mr. Falcone – Response - With respect to question #2 “no”. As to question #1 – It will be our administrators and Shipman & Goodwin.

As a district we need to follow: The Connecticut Department of Emergency Services and Public Protection Standards and the Connecticut Department of Education Immigration Guidance Standards and Laws. Policy P-1006 says the district needs to follow and put something into place. This is required in the Safety & School Plan that addresses the district dealing with immigration. This is a requirement not an option.

Mr. Showers – Inquired about the Security & Safety Committee.

Mr. Falcone – Response - Indicated he will be putting this committee together to meet beginning sometime in September which will consist of a Board Member, (Mr. Showers, if he is interested) parent, member from each school, police department, ambulance and he will work with Mr. Orsini to organize this committee.

Mrs. Tilton – Question - Seems the language in this policy pertains to immigration issues. She asked if there is a different procedure for the Plymouth Police and State Reinforcement. Would this be the same protocol to follow or does this only pertain to children?

Mr. Falcone – Response - This is basically pertains taking children from our schools. For Safety & Security, the district has different protocols. That document he needs to send to the State which is confidential because it deals with safety and security.

Mrs. Tilton – Question - Is anything in this policy in conflict with any of the multi new federal guidelines that has been put out that inadvertently would risk our federal funding?

Mr. Falcone – Response - There was a lot of uncertainty when Shipman & Goodman was writing the policy. Many decisions need to be made, which is the reason why we reach out to our local council. Mr. Falcone is not qualified to make those decisions.

MOTION: To table these two policies until we get further clarification. Motion Mr. Bourbonniere, second Mr. Foote, all in favor, any opposed, any abstentions, motion passes.

Mr. Falcone – Asked for clarification. If the Board would like Rich Mills to write up something for the August meeting? The Board agreed and he will contact Rich Mills.

MOTION: To entertain a motion to approve the following:

Discontinued Policies

Series 5000 – Students

- P-5003 Bullying Prevention and Intervention Policy and Safe School Climate Plan

Motion Mr. Showers, second Mr. Bourbonniere, any discussion, no discussion, all in favor, any opposed, any abstentions, motion passes.

MOTION: To entertain a motion to approve the following:

New Policies

Series 5000 – Students

- P-5036 Connecticut School Climate Policy
- P-5037 Restorative Practices Response Policy

Motion Mrs. Lucian, second Mr. Zbuska, any discussion

Mr. Bourbonniere – Concern - His concern with respect to: P-5036 – Connecticut School Climate Policy - The funding basically states “The school district shall in its discretion allocate sufficient funding to satisfy the requirements of this policy for all schools in the district. Such funding shall be distributed accordingly, with Superintendent approval, for assessments and professional development, as well as for school community outreach, training, and technical assistance.”

Question: Is there any dollar figure that is being associated with this funding so that we have an understanding of what this is going to be next year?

Mr. Falcone – Restorative Practices – Kim Loveland will act as the trainer and will train our staff. This will happen through EdAdvance to save money.

Climate Plan – Mr. Falcone currently is not able to answer Mr. Bourbonniere’s question. We need to first create those plans and probably come up with a figure.

Mr. Bourbonniere – Concern: School Climate Committee will consist of: School Climate Specialist, Teacher selected by the bargaining representative, group of students enrolled at the school demographically representative group of students enrolled at the schools, families of students enrolled at the schools, two members of the school community, as determined by the school climate specialist, etcetera, etcetera, etcetera.

Question: What happens if an individual from a school committee is chosen and misses a meeting? They would not have input in that meeting. No one came up with how much this is going to cost.

What is the financial responsibility of the Board towards this? Doesn't seem the state, superintendent or business manager has an answer.

Mr. Falcone – Response – He agrees with Mr. Bourbonniere. He also agrees with this mandate and feels overall it will be good for the district. The difficulty in running a small district is the state putting unfunded mandates, such as this one. Plymouth does not have unlimited resources as do many other districts. Therefore, the district needs to be more reasonable as to how it moves forward.

Mrs. Lucian – Comment - The discontinued policy P-5003 Bullying is going to be replaced by these two new policies. Concerned about not having a policy or school climate in place for the upcoming year. If there is nothing in place that means there will not be any rules or expectations for teachers, students, or anybody.

Mr. Falcone – Response – There is no choice. This must be adopted by July 1, 2025. It is legislation.

Mrs. Lucian – Question: P-5036 – Administrative Regulations E. “Challenging Behavior

(1) Is this something that needs to be created?

(2) Who is going to manage the collection and evaluation of these documents so that they are brought to the full committee to review and take action?

(3) Is that going to be the work that falls on to a teacher, principal or is it going to be a situational meeting?

Mrs. Melillo – Response – The Challenging Behavior Reporting Form is going to replace the Bullying Investigation. Basically, the same kind of investigation protocol encompasses more challenging behavior rather than just bullying. It will still be the administration doing the investigation work with teachers, parents, etc.

Mrs. Tilton – Comment – Climate Committee Meeting – Representations, i.e., union, parents, teachers, etc. This is going to be challenging. She doesn't want to have teachers attending at night. We need everyone at these meetings.

Mr. Foote – Question – Would these committee meetings take the place of professional development meetings that happen all year?

Mr. Falcone – Response – These would be separate meetings. He will need to figure out the frequency of these meetings with the administrators this summer. However, if teachers must come back in the evening, the union will ultimately have a concern or issue if they are not being compensated for their time.

Mr. Bourbonniere – Question – When did this come down from the State?

Mr. Falcone – Response – This has been in the works since 2023. We have been working with EdAdvance. The survey was created at EdAdvance along with a group of individuals.

Mr. Bourbonniere – Question – Since this has been worked on since 2023. For two years no one has come up with a cost associated with this.

Mr. Falcone – Response – We did not know what it was going to be until recently when we had a meeting, probably in December or November at EdAdvance.

Mr. Bourbonniere – Comment – This has been dealt with since 2023 which is two years. Curious, there was a financial analyst, an accountant, and business managers at this meeting. Since there are small, midsize, and upscale districts, no one knew what this was going to cost.

There being no further discussion, all in favor, Mr. Bourbonniere votes yes, but with severe reservations, opposed, abstained, motion passes.

11. **New Business**

(a) **End of the Year Transfers**

MOTION: To entertain a motion to authorize the Superintendent of Schools to work with the Business Manager in order to make the necessary transfers and expenditures to close the books as of June 30, 2025, and to expend funds for the fiscal year 2024 – 2025 and also to be able to utilize the budget 2025 – 2026 to authorize the Superintendent and Business Manager to expend those funds as needed until the August meeting of the Plymouth Board of Education.

Motion Mr. Perugino, second Mrs. Lucian, any discussion (if none) all in favor, any opposed, any abstentions, motion carries.

(b) **Rescind Policy – Series 9000 - Bylaws 900 – Policy P-9024**

MOTION: To entertain a motion to rescind Policy P-9024 “Required Two Year Service On The Board Of Education To Serve In an Officer or Leadership Position”. Motion Mr. Showers, second Mrs. Lucian, no discussion

(c) **Custodian Sick Time Concern**

A list of 7 options were presented to the Board regarding Custodial & Maintenance Sick Time Concerns.

Mr. Falcone – Indicated he spoke with Mrs. Candrea-Florenciani and she was uncomfortable with the first set of options and requested to see a second set. Her request was complied with; however, she was not satisfied with the \$25 per day amount. She expressed she wanted to give as much as possible to this group.

Mr. Falcone – Where the district currently falls financially and what the district can afford. This change, the custodial and maintenance were not expecting.

The best estimate from Mr. Tencza is a very small surplus of \$26,390.55. This amount is based on what is known to him as of June 4, 2025.

Mr. Perugino mentioned the \$217,000 balance and the problem with food service and refrigeration.

Mr. Tencza explained that the food service and operating budget are two separate budgets.

Mr. Falcone and Mr. Tencza explained this was entirely a Board decision. However, Mr. Tencza expressed he does not recommend Option 1.

Mr. Falcone – Explanation – Option 1 – No Payout

Option 2 – With ten or more years of service, one quarter of accrued sick days at a rate of \$25 per day, up to a maximum of 45 days.

Option 3 – Employed as of June 30, 2025 shall be compensated for one quarter of their accrued sick days at a rate of \$25 pr day, up to a maximum of 45 days.

MOTION: Motion made by Mr. Bourbonniere to look at Options 4 or 5 for discussion.

However, Mrs. Kulesa, Chair, asked to look at one option and discuss it and then then it if we need to so we can narrow it down. Therefore, Mr. Bourbonniere rescinded his motion and made the following motion.

MOTION: To look at Option 5. Motion Mr. Bourbonniere, second, Mrs. Lucian, any further discussion.

Mr. Falcone – Option 5 – All custodian and maintenance employees. An individual does not need to have over ten years of experience in the district. All those individuals who are employed as of June 30, 2025, shall be compensated for one-quarter of their accrued sick days at a rate of \$50 per day, up to a maximum of 45 days. The number of employees impacted is 11. The total cost to the district is \$16,730.00.

Mr. Perugino – \$16,730 is the total cost to the district regarding Option 5. His concern is the district-wide phone system which is on tonight's agenda has yet to be discussed and is a safety issue. With only a small surplus remains and his concern is where the additional money is going to come from. He is not in favor of Option 5.

After a brief discussion,

15. **Board Comments**

Mr. Falcone – One of the best board meetings he has ever been a part of because everyone contributed to this working session. Hard decisions were made; however, the Board is working as a unit. They share how they feel and what they think is right and it is okay to have a different opinion. A challenging decision was made with respect to Option 5 for the custodian and maintenance employees.

Mr. Showers – Everyone enjoy the summer, and I'll see you in August.

Mr. Bourbonniere – Congratulations to the retirees, Teacher of the Year and Paraprofessional of the Year.

Mr. Foote – Congratulations to the graduating class. Everyone have a great summer.

Mr. Zbuska – Thank you to everyone. Shared a funny story when Dr. Bonnie Doughty-Jenkins received her doctorate.

Mr. Perugino – Congratulations to the Teacher of the Year, Paraprofessional of the Year and all graduating seniors. For a small town, he was impressed with the number of scholarships.

Mrs. Lucian – Happy and Safe Summer.

Mrs. Tilton – Congratulations to everyone. Thank you to everyone for all your hard work, volunteers, staff, etc.

Mrs. Kulesa – Congratulations to all award winners. To the seniors, have an amazing summer and good luck in whatever you choose to do next. Thank you to everyone who came up for public comments. We appreciate the input from the community, and we are open to hearing your comments.
