

OCTOBER

FENTANYL

**POISONING
AWARENESS
MONTH**

Drugs may contain a deadly level of fentanyl. You cannot see, taste, or smell it. It is almost impossible to tell if a drug is laced with fentanyl unless tested with a fentanyl testing strip.

Fentanyl is a synthetic opioid that is **50–100 times more potent than morphine, often lethal with as little as 2 milligrams.**

one pill kills | don't make a deadly decision
