Procedure for hiring game workers

- Google sheet started at the beginning of each season documenting all the home games for the season and what positions are needed for each game
- Games are assigned to individuals based on experience with the sport or position. I.E Hockey clock person needs to know how to use rink clock
- All games are assigned two weeks in advance and updated every week
- Ticket takers are assigned based on availability and sport for example football needs at least 4 people
- All positions are posted at beginning of the season
- Substitute list will be kept and people called upon based on experience
- Try to assign crowd control positions at the school the person is working so they know the student population

We are always in need of people to work events in some capacity clock, tickets, crowd control or scorebooks.
