

FOLEY PUBLIC SCHOOLS

I.S.D. #51, Foley Public Schools
Foley, MN 56329

To publicize and showcase the achievements of our students, the district publishes and films students, and provides names, photos and achievements for our school or district communication platforms. We also release information to local media (print and online news outlets). Students may be interviewed and featured on local, regional or national media. We also post information on school and/or district social media platforms and/or websites.

We understand some parents may not want their child's name, photo, video or achievements published. If you do not want your child included in media, school or district promotions, news, or marketing materials, please complete and return this form to your school's front office.

_____ I DO NOT give permission for my child's photo, name, and/or achievements to be published in school or local newspapers, television, and/or posted on the school's website.
