## **Introduction Budget Committee**

The Budget Committee is a 14-member group consisting of the Salem-Keizer School Board and seven appointed community volunteer members. Budget Committee appointees serve three-year terms unless they are replacing a member who resigned before serving out their full term. In that case, the new appointee serves the remainder of the term of the member replaced. Members may apply for additional service.

The committee receives the budget message and document, provides opportunity for public comments or questions, and approves the budget.

### Superintendent's Budget Message

Our Vision: All students graduate and are prepared for a successful life.

May 6, 2025

Dear Salem-Keizer Community, Parents, Students and Staff,

Salem-Keizer Public Schools has gone through momentous changes over the past two years. At this time last year, we were completing one of the largest single-year reductions in over a decade. Last May, we said, "Salem-Keizer is simply one of the early and most visible examples of the hardship coming to many other Oregon schools in the next twelve months." And this May, we see school districts around Oregon undertaking their own terrible reductions. The accuracy of our prediction gives me no pleasure. But here in Salem-Keizer, I am grateful to present a 2025-26 budget that does not include staff reductions. Our ability to maintain our current programming and staffing levels is a direct result of our willingness and courage to make the hard-but-necessary reductions last year.

Unfortunately, the underlying economic and educational conditions that culminated in last year's fiscal crisis are largely unchanged, and they are continuing to place grueling pressure on our and every district budget.

#### Mismatches and their role in Salem-Keizer's financial trajectory

Mismatch One: what schools are funded to do and what they are expected to do.

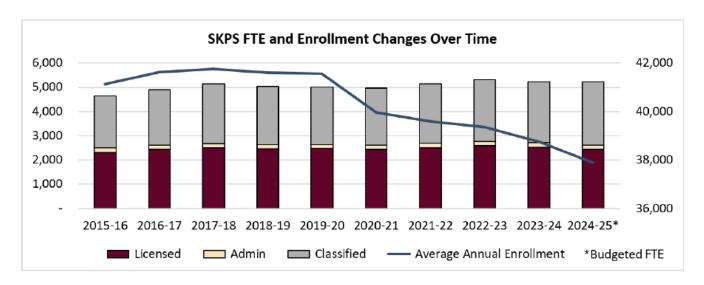

Public schools are expected to identify and address a staggering array of youth and family needs. We are funded to provide an education. Expectations include providing medical care, solutions for food and housing insecurity, social work, laundry, crisis intervention, mental and behavioral health services, and more. In 2025-26, Salem-Keizer is budgeting approximately \$53 million on mental and behavioral health services. Every year, this number grows because every year, student needs grow.

Mismatch Two: the difference between what Oregon believes schools cost to operate and their actual costs in the 2025-27 biennium.

In late 2024, Governor Kotek committed to reviewing and revising the state method for calculating the escalating costs of operating schools in Oregon. The Governor's Recommended Budget included \$1.16 billion in additional funding for K-12 schools. Salem-Keizer's anticipated biennial State School Fund revenue will increase approximately \$80 million. While we are deeply grateful for this adjustment, the pace of our expense growth still significantly outpaces the state revenue increase. Half of our state revenue increase is absorbed by PERS rate increases alone. Our 2025-26 general fund budgeted expenses will exceed general fund revenue by approximately \$45 million, leaving us with a deficit budget, once again.

Mismatch Three: we have fewer students and more staff serving them.

Across Oregon, student enrollment is falling, and school staffing levels are rising. A superficial view of this pattern might conclude that our schools are over-staffed, but spending even one hour in any school in Salem-Keizer would conclusively dispel that conclusion. Our schools are barely meeting the myriad of student needs, and many will claim that we are falling short.

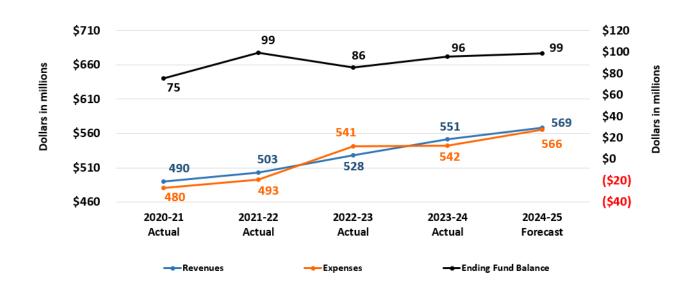

Salem-Keizer Public Schools is projecting the loss of approximately 700 students between 2024-25 and 2025-26 enrollments, but our budgeted staffing is increasing by approximately 66 full-time equivalents (FTE) in the general fund. Many of our newly added staff will support special education and behavioral health, two of the most urgent areas of need in our district. In 2024-25, 93 percent of the budgeted general fund revenue was dedicated to personnel costs. With this 2025-26 budget, that rate increases to 96 percent. Despite last year's 300 FTE general fund reduction, we are still at a point at which nearly every general fund dollar we receive is budgeted to people. This is not merely unsustainable; it is an imminent risk to the financial sustainability of our district and districts throughout Oregon.

#### The 2025-26 budget starts with 2024-25

Our 2025-26 budget starts with the story of our 2024-25 budget. Most of 2024-25 was dedicated to engagement and reduction planning, eventually resulting in almost \$70 million in reductions and adjustments. While all of these reductions were painful, none were more painful than our personnel reductions. Across all funding sources, we reduced almost 400 FTE, triggering a systemwide reduction in force. Because of our hard budgeting work and reductions in 2024-25, Salem-Keizer was able to assure our community that we will not make more reductions in our 2025-26 budget. This budget affirms that commitment.

Throughout this year, we have continued improving the accuracy of our expense tracking and financial forecasting. We have continued to provide detailed and public quarterly financial reports. On the whole, our 2024-25 budget has proven the necessity of last year's reductions. We are maintaining a healthy ending fund balance, and, *in 2024-25*, our general fund expense and revenue are balanced. The chart below is from our Quarter 3 Financial Report. In it, you can see the results of both the reductions and continued careful financial management.

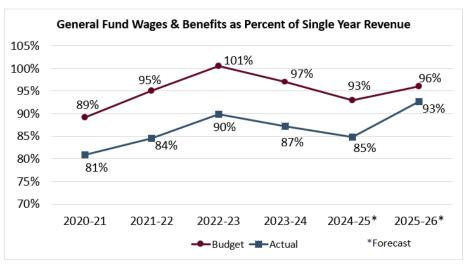

#### The 2025-26 General Fund Proposed Budget

I present this budget and a recommendation for approval with confidence and a stark warning. This budget reflects the best Salem-Keizer can do at this moment. This budget prioritizes the escalating needs of students in our schools and attempts to hold onto a portion of our recently secured financial health. The 2025-26 budget is responsible and within our policy limits. However, we are falling back into a structural deficit because of the pace at which personnel costs are escalating. In other words, the 2025-26 year is a one-year reprieve before we find ourselves back on an unsustainable trajectory. We will struggle and may fail to present a 2026-27 budget within policy limits.

The single largest expense driver in our overall budget is personnel expenses. In the chart below, you can see the pattern of year-over-year increase in the density of personnel expenses in the general fund budget.

The general fund being overburdened by personnel expenses presents three forms of compounding risk to our district. The first risk is personnel expenses are both the largest budget category *and* the fastest-growing expense. The costs of PERS increases, cost of living adjustments, increased benefit costs, and routine step increases compound every year and are rapidly spiraling us back into a structural deficit. The second risk is that personnel expenses are now squeezing out most other investment opportunities and district priorities. While people are our highest priority and most important asset, we also need to invest in other parts of our school system, and that is now nearly impossible. The final risk is the terrible challenge of resolving the overburdening. In the short term, we must continue to be hypervigilant about expense management and ensure that our precious human resources are distributed in a manner that best serves students and the system as a whole. And even with that careful management, our path is unsustainable.

The 2024-25 budget included \$70 million in reductions and adjustments, or a 5.34 percent reduction across all funding sources. The 2024-25 budget had a 9.29 percent budgeted ending fund balance, which was within the targeted financial policy range of seven to 12 percent. However, we left an estimated \$27 million general fund gap between our budgeted expenses and our anticipated revenue. The reductions required to close our revenue/expense gap were more than we can make in a single year. The 2025-26 general fund has a budgeted ending fund balance of 7.68 percent, or \$53 million, still within the targeted financial policy range of seven to 12 percent. However, we have left an estimated \$46 million general fund gap between our budgeted expenses and our anticipated revenue. We will closely monitor this \$46 million gap and work to close it through vacancy and other savings.

#### **Federal uncertainty**

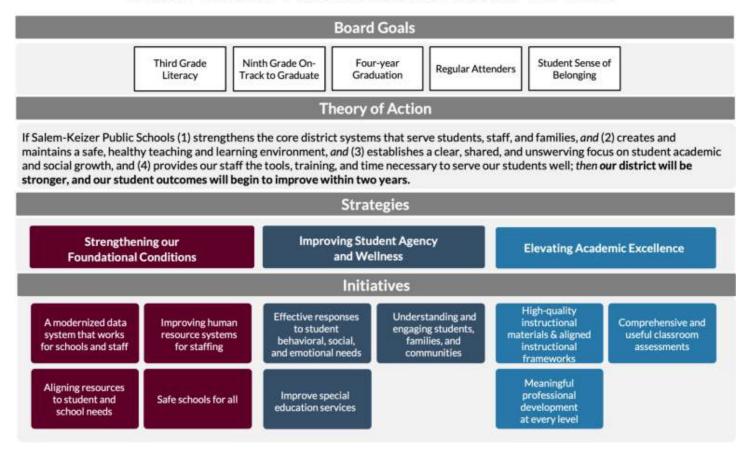

This year has been fraught with financial uncertainty. Some of that uncertainty is routine and cyclical: a new biennium and new successor bargaining with our licensed association. But the largest share of the uncertainty comes from chaos at the federal level, where we received limited and mixed messaging about our anticipated \$65 million in federal funding. In the absence of reliable information to the contrary, this budget reflects an assumption of level federal funding. If that assumption proves wrong, our 2025-26 budget will require urgent modifications. If we face large-scale federal funding loss, the results will be grave.

#### The good news

Despite these warnings about the future, I remain proud to present this budget. This year, we have worked hard to develop *Climbing Together*, Salem-Keizer's 2025-27 plan. *Climbing Together* reflects an alignment of district work and resources to board goals. The 2025-26 budget reflects the three priority areas of our plan: (1) Strengthening our foundational conditions, (2) Improving student agency and wellness, and (3) Elevating academic excellence. With this plan and budget, we are narrowing our focus and improving our conditions for success.

## **Climbing Together**

### Salem-Keizer Public Schools' 2025-27 Plan

#### Summary

It is my privilege to serve as superintendent of Salem-Keizer Public Schools. I see our excellence, recognize our gaps, and dedicate myself wholly to being part of our shared future success.

Respectfully,

Andrea R Castañeda
Superintendent

#### **Profile of the District**

Salem-Keizer Public School (SKPS) District 24J, the third largest district in Oregon, is one of 19 public school districts located in Marion and Polk counties, Oregon. SKPS provides public education for approximately 38,000 students from preschool through grade 12, as well as community transition programs for students ages 18-21. SKPS was established in January of 1855 by then-county superintendent William P. Pugh, and it consisted of a log cabin school at the southwest corner of Marion and Commercial streets.

Nearly 84 percent of Salem-Keizer students are considered to be economically disadvantaged. SKPS students speak 130 different languages. Eighteen percent of students receive special education services. At the high school level, roughly 26.9 percent of our high students participated in athletics, and 18.3 percent were enrolled in music. SKPS is home to a world-class music program with the most state championships of any Oregon school district.

In SKPS, there are 42 elementary schools, 11 middle schools, six comprehensive high schools, one alternative high school, one early college high school, a Career Technical Education Center (CTEC), preschool programs, four district-sponsored charter schools and one state-sponsored charter school. The district-sponsored charter schools are funded by a portion of the State School Fund distributed to the district as regulated per the provisions of Oregon Revised Statutes (ORS) 338. SKPS has no equity interest in any of the charter schools, and all are considered legally separate organizations.

Just over 12,000 SKPS students are enrolled in career and technical education (CTE) courses. SKPS has CTE programs across all six comprehensive high schools, Roberts High School, Edge and Career Technical Education Center (CTEC). There are also 12 middle schools including Roberts with Paxton Patterson career center labs as well as other programs that align with high school CTE. SKPS have 55 state-approved CTE programs and four start-up programs. Sixteen programs offer industry certification with 22 offering dual credits. Graduation rates are over 97.8% for SKPS students enrolled as "CTE program concentrators". The district operates CTEC as a public-private partnership that serves juniors and seniors from all district high schools. For additional information, see <a href="https://ctec.salkeiz.k12.or.us/programs/cte">https://ctec.salkeiz.k12.or.us/programs/cte</a>.

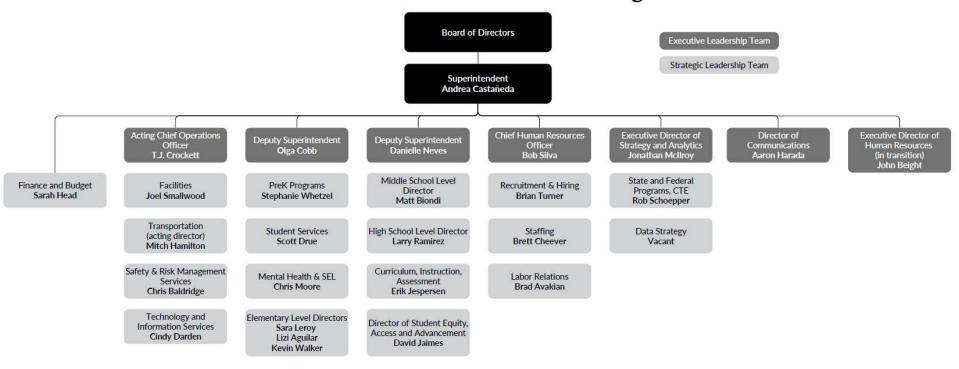

The class of 2024 earned more than \$101 million in scholarships. The graduation rate for 2023-24 is 79.43%.

Two private universities and a community college are located in Salem. Willamette University and Corban University are private liberal arts colleges that offer bachelor and graduate degree programs and are strong partners with SKPS. Chemeketa Community College is one of the largest public community colleges in Oregon and offers a full array of associate degrees and technical programs. Chemeketa Community College plays a vital role in our community by providing college credit to our students while in high school and pathways to college for our students in CTE programs. Chemeketa also provides a pathway to licensure for our early childhood educators and bilingual scholar programs. Along with Corban University, Western Oregon University, though located outside of SKPS boundaries, is a strong partner with SKPS, especially in teacher preparation, bilingual scholars program, and allowing access for students to earn credit in high school through Willamette Promise programs.

Located just south of the Portland metropolitan area in the center of the Willamette Valley, SKPS serves the state capital, Salem, and the City of Keizer, which are the second and 15<sup>th</sup> largest cities, respectively. Marion County is Oregon's largest producer of agriculture. Major employers in the area in addition to SKPS include the State of Oregon, Salem Health, the District, Marion County, federal agencies, City of Salem, and Chemeketa Community College.

### Salem-Keizer Public Schools Administrative Organization Chart

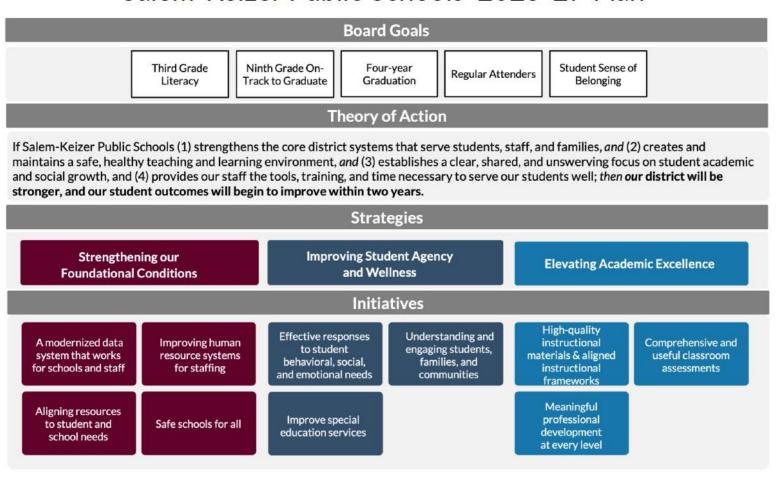

#### **Strategic Plan**

The strategic plan is in a multi-year format to provide focus and clarity on the long-term priorities of the district. This plan will be used throughout the year to guide decision making and monitor the growth of our students. The plan is divided into three strategies that drive leadership initiatives, professional development opportunities, staffing, and resource decisions.

## **Climbing Together**

Salem-Keizer Public Schools' 2025-27 Plan

### **Longitudinal Performance Growth Targets**

These goals were formally adopted by the Board and represent five long term goals for the District. They are approved as a part of the results policy.

#### **Student Enrollment and Average Daily Membership**

Projecting student enrollment and ADM is a fundamental activity for budgeting and allocating staff on an annual basis. For planning purposes, the district engaged Portland State University's Population Research Center and a private firm to analyze and forecast student enrollment.

The number of students the district serves is reported based on Average Daily Membership (ADM). The Average Daily Membership Weighted (ADMw) is the ADM increased by a variety of weighted factors. Examples of weighted factors include students on Individual Education Plans (IEPs), students in poverty, students in English Learners (EL) programs. SKPS receives funding from the state of Oregon based on the Extended ADMw per ORS 327. The Extended ADMw is the greater of the current or prior year's ADMw.

The district is experiencing a decline in student enrollment. The following table provides actual and projected average enrollment, ADM, ADMw, and Extended ADMw for SKPS:

|                      | Average    |        |                     | Extended            |
|----------------------|------------|--------|---------------------|---------------------|
| Year                 | Enrollment | ADM    | ADMw                | ADMw                |
| 2021-22              | 39,591     | 38,696 | 49,446              | 49,724              |

#### **Staffing**

**General Fund Staffing Allocations:** The budget process is the first step in allocating general fund resources for the upcoming school year. Next, budgeted resources, such as full-time equivalent (FTE) allocated for instructional staff, are allocated to schools based upon projected enrollment and program needs. These are represented in the FTE amounts outlined in this document in function 1111-Elementary Instruction object 111, function 1121-Middle School Instruction object 111, and function 1131-High School Instruction object 111. Resources have been allocated to schools using the following ratios:

|            | Projected Educator (FTE) to Student Ratios |                          |                          |  |  |
|------------|--|--------------------------|--------------------------|--|--|
| Level      | Level Title Schools Non-Title Schools      |                          |                          |  |  |
| Elementary | Grades K-2                                 | 1.00 FTE: 25 students    | 1.00 FTE: 27 students    |  |  |
|            | Grades 3-5                                 | 1.00 FTE: 27 students    | 1.00 FTE: 29 students    |  |  |
| Middle     |  | 1.00 FTE: 26.50 students | 1.00 FTE: 27.25 students |  |  |
| High       |  | 1.00 FTE: 26.75 students | 1.00 FTE: 27.25 students |  |  |

Actual class sizes are based on a variety of factors in a school such dual language programs and classrooms, transitional bilingual classrooms, split classrooms, building classroom capacity limitations, and master schedules at middle and high schools including elective offerings.

**Grants Funding Staffing:** Additional staffing support is provided by braiding multiple grant funds to improve equitable outcomes for all students. These grants funds include both federal and state restricted grants. In addition, grants outlined in the integrated plan fund staff such as literacy specialists, ELD teachers, staff to support mental and behavioral health needs, as well as improve academic achievement. Staff are funded in federal Title I-A funding to help low-achieving students at designated high poverty schools to meet high academic standards. IDEA funding helps to meet the additional costs of providing education and related services to students with disabilities.

**Salem Keizer Education Association Targets:** The collective bargaining agreement with Salem Keizer Education Association affords the opportunity for the association to submit their recommendations on class size. The tables with their recommendations are shown on the following page.

### **Salem Keizer Education Association Targets**

The ratios below are the target levels provided by Salem Keizer Education Association (SKEA). SKPS acknowledges that SKEA has identified these targets as priorities for class size and caseload if funding increases.

| Grade Level           | Target Level |
|-----------------------|--------------|
| Pre-K                 | 10           |
| Kindergarten          | 18           |
| First                 | 20           |
| 2nd Grade             | 22           |
| 3nd Grade             | 24           |
| 4th and 5th Grade     | 26           |
| Middle School General | 28           |
| Middle School PE      | 32           |
| High School General   | 30           |
| High School PE        | 35           |

| Caseloads/Class size        | Target Level                   |
|-----------------------------|--------------------------------|
| Elementary LRC              | 28                             |
| Middle School LRC           | 28                             |
| High School LRC             | 30                             |
| Transition Programs         | Full-time 10                   |
| Dev K-2:                    | 12                             |
|                             | EL: 8                          |
|                             | MS:10                          |
| EGC                         | HS: 12                         |
|                             | EL: 8                          |
|                             | MS:10                          |
| LSC                         | HS: 12                         |
|                             | EL: 8                          |
|                             | MS:10                          |
| ERC                         | HS: 12                         |
|                             | EL: 7                          |
|                             | MS: 8                          |
| DLC                         | HS: 10                         |
| Speech LanguagePathologists | 45                             |
| School Psychologists        | 1 FTE per 900 students         |
| School Nurses               | 1 FTE per 750 healthy students |
| Social Workers              | 1 FTE per 250 students         |
| School Counselors           | 1 FTE per 250 students         |

#### **Budget Policies, Procedures, and Regulations**

Salem-Keizer School District 24J/32 is a municipal corporation and must prepare and adopt a budget based on ORS Chapter 294. The budget must be completed by June 30, the day before the start of the fiscal year or biennial budget period to which it relates. The Oregon Legislature identified the purposes of local budget law in the Statute. It is designed to:

- Establish standard procedures for preparing, presenting and administering the budgets of Oregon's local governments,
- Encourage citizen involvement in the preparation of the budget before its final adoption,
- Provide a method of estimating revenues, expenditures and proposed taxes, and
- Institute a method for control of revenues and expenditures for the promotion of efficiency and economy in the expenditure of public funds.

Many of the requirements in the law are designed to encourage citizen involvement. An overarching theme in the law is that public policy decisions are to be made openly in a public meeting. Citizens have the right to attend and to know what local government intends to do before it happens. The law requires that all local governments use uniform formats prescribed by the Department of Revenue in the preparation of a budget.

The following are the primary steps for budget preparation by local governments:

- 1. The governmental entity prepares a proposed budget.
- 2. Notice of the budget committee meeting is published.
- 3. The budget document is made available at or before the budget committee meeting at which the budget is presented.
- 4. The budget committee conducts at least one public meeting for receiving the budget message and review of the budget document as well as providing opportunity for public questions or comments.
- 5. The budget committee approves the budget.
- 6. Notice of the public hearing and a summary of the approved budget are published.
- 7. The governing body conducts a public hearing on the approved budget.
- 8. The governing body, after public comment and deliberations, adopts the budget and enacts resolutions or ordinances accordingly by June 30.
- 9. The governing body certifies the district's tax, if any, to the county assessor by July 15.

The budget represents the financial plan for the district. It contains estimates of revenues and expenditures needed to support SKPS' program offerings for a single fiscal year. The budget does change throughout the year as revenue amounts fluctuate and funds are transferred between various accounts to meet the needs of district instructional programs and services. Transfers are made in accordance with policy relating to appropriations and to ensure compliance with Local Budget Law (ORS 294.305 through ORS 294.565).

The School Board can make any changes, if deemed necessary, to the approved budget before July 1.

- They can increase expenditures of any fund up to 10 percent or \$5,000, whichever is greater.
- Increases greater than this can be made only after the amended budget is republished and a second hearing is held before July 1.
- The governing body can reduce expenditures without republishing the budget.
- They can increase the amount or rate of taxes to be imposed above what the Budget Committee approved after the amended budget is republished and a second hearing is held. They cannot increase taxes above legal limits.
- They can reduce the tax rate or amount approved by the budget committee without republishing the budget.
- They can adjust resources in each fund if additional resources are available after approval by the Budget Committee.

Republication means that the budget, as amended with changes the governing body wants to make, is published in the same manner as the approved budget was originally published. The budget must be amended to reflect changes and a notice and summary must be published in the newspaper again.

Another public hearing must be held to deliberate on the budget approved by the Budget Committee and to consider any additional public comments. The budget does not have to be adopted at the public hearing if the School Board wants to wait until closer to the end of the fiscal year. However, the required resolutions must be adopted at public meeting of the School Board by June 30.

After the budget is adopted, changes can be made during the fiscal year that modify the adopted budget. The legal definition and process for enacting a supplemental budget can be found in Oregon Administrative Rules (OAR) 150-294.0550. A supplemental budget may be prepared when:

- An occurrence or condition that was not known at the time the adopted budget was prepared requires a change in financial planning or requires prompt action.
- Money that was not anticipated when the adopted budget was prepared is made available by another unit or federal, state, or local government.
- A request for services or facilities is received, the cost of which will be paid for by a private individual, corporation, or another government unit and was not known at the time the adopted budget was prepared.
- Property taxes are received in an amount greater than the amount estimated at the time the budget was adopted and the differences in resources will significantly affect the level of service your local government can provide.
- When the estimated expenditures in the supplemental budget are 10 percent or less than the expenditures of the annual or biennial budget fund being adjusted, the governing body may adopt the supplemental budget at one of its regular meetings. Fund expenditures do not include unappropriated ending fund balance, inter-fund transfers or contingency amounts.

The district's budget is prepared utilizing the governmental fund financial reporting method: the modified accrual basis of accounting. Expenditures cannot legally exceed appropriations.

### **Budget Calendar**

| lanuany  | Start budget projection  |
|----------|--|
| January  | Start General Fund budget preparation  |
| February | Continued General Fund budget preparation  |
| March    | Financial Services enters required fund transfers and balances each fund             |
| March    | Balancing and preparation of non-General Funds                                       |
|          | Print notice of Budget Committee meeting and post on website                         |
| Amril    | Initial budget draft is compiled and distributed to Executive team for review        |
| April    | Make final changes to budget document  |
|          | Prepare the proposed budget for Budget Committee review                              |
|          | Budget Committee meets for elections   |
|          | Superintendent presents budget message to Budget Committee                           |
| May      | Budget Committee meets to review proposed budget and hear public comment             |
|          | Changes are made, if necessary   |
|          | Publish budget hearing notice and summary of approved budget                         |
|          | School Board holds hearing regarding adoption of the budget                          |
| June     | School Board discusses any changes made by Budget Committee and proposes new changes |
|          | School Board adopts budget, makes applicable appropriations, and declares tax levies |
|          | Adopted budget takes effect  |
| July     | Staff submits tax forms to Polk and Marion County Assessors                          |
|          | Staff submits budget document to ODE and County Clerks                               |
|          | Staff submits budget detail electronically to ODE (due in August)                    |

#### **Budget Assumptions**

The following assumptions were used in the development of this budget.

- State School Fund revenue of \$11.3594 billion statewide
- General Fund beginning fund balance of \$99 million
- Extended Average Daily Membership Weighted (ADMw) of 48,114 students as of March 03, 2025 was used in State School Fund revenue calculation 2025-26 Extended ADMw is expected to decline and is anticipated to decline for several years.
- Property tax revenue is expected to increase 3.5 percent over current year collections
- Salary and medical insurance calculations based on collective bargaining agreement and estimates. Collective bargaining agreement is not in place for 2025-26 for Salem Keizer Education Association
- Actual PERS rates were used for filled positions, OPSRP rates were assumed for vacancies. Wages that are subject to PERS all require one of these rates

Tier 1 and 2 22.51 percent + Pickup 6.00 percent + Debt 6.25 percent = Total PERS rate 34.76 percent

OPSRP 19.33 percent + Pickup 6.00 percent + Debt 6.25 percent = Total PERS rate 31.58 percent

• Workers' Compensation rates are the same as prior year

Non-Labor 1.20 percent
Driver 12.45 percent
Labor 15.06 percent

- Materials and Services were not adjusted for inflation this year, except utilities increased 15.00 percent for inflation
- School allocations for supplies and materials based on annual average enrollment and other factors
- Unemployment rate remained the same as prior year at 1.0 percent

#### **Discussion of General Fund Revenues**

Salem-Keizer Public Schools estimates the amount of revenue that it will receive for the upcoming fiscal year budget. The total amount of revenue drives the budget. The primary sources of revenue for general operations for school districts are the State School Fund (SSF) and local property tax revenues. SSF funding is generated by state income taxes. The total allocation is approved by the Oregon Legislative Assembly on a biennial basis. Available state and local resources are major factors in recommending SSF funding to the Governor. Local revenue sources considered as part of state aid are property taxes and "in-lieu" of property taxes. These include Federal Forest Fees, the Common School Fund, State Managed Timber Funds, and miscellaneous revenue adjustments.

Prior to the 1990s, SKPS general operations were primarily funded by local revenue in the form of property taxes. In 1990, Oregon voters passed Measure 5, which restricted government tax rates on any property to \$10 per \$1,000 of Real Market Value and at the same time restricted the education tax rates to \$5 per \$1,000 of Real Market Value. Measures 47 and 50 passed by Oregon voters in 1996 and 1997 established a fixed permanent tax rate for taxing districts including school districts. Measure 50 also set a property's maximum assessed value at 90 percent of a property's 1995-96 real market value. In subsequent tax years, the assessed value is limited to three percent annual growth until it reaches real market value. Additionally, in 1991 the Legislature created a new measure of financial equity for school districts – the K-12 school equalization formula. Under this formula, the amount available for distribution is state aid and local revenues. The base funding per student is the same for all districts and is determined by the amount of money available for distribution. Each district's share of total state and local funding depends solely on the base funding and the cost factors. If local revenues are high, state aid is low to compensate. If local revenues are low, state aid is high. The formula converts local revenues into statewide resources. It does not matter what a district receives in property taxes or other local revenue.

The **General Purpose Grant** is determined by a distribution formula that incorporates a system of weights connected to the student count. The student count begins with Average Daily Membership (ADM). The ADM count is then adjusted to reflect the differences in the cost of educating students requiring more extensive educational services, such as English as a second language, special education, pregnant and parenting, impoverished, and other specified categories. This total count is termed the Average Daily Membership Weighted (ADMw). The total ADMw is multiplied by a statewide target grant of \$4,500. In addition to a state-derived funding ratio, a factor of \$25 per year per student is added to (or subtracted from) this calculation to arrive at the State General Purpose Grant. The factor is determined by a district's average teacher experience.

The **Transportation Grant** is 70 percent of approved transportation costs. Approved costs are those attributable to transporting students between home and school (if more than one mile from elementary school or 1.5 miles from secondary school), between schools, on field trips and for other special cases.

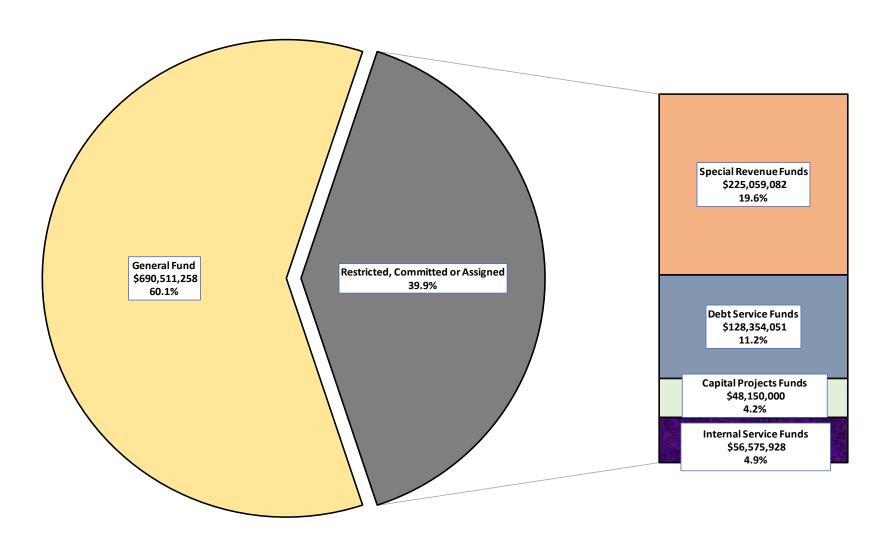

The **High Cost Disabilities Grant** is distributed from a limited, statewide shared pool to reimburse school districts for expenditures providing approved services to students with disabilities which exceed \$30,000 per student.

In addition to SSF and local state aid revenues, Oregon school districts receive federal funding for a variety of purposes. Such funding is generally restricted to specific purposes. SKPS may also receive revenue from voter-approved bond sales for capital improvements and property tax operating levies, or construction excise taxes approved by the School Board. Other local revenue not considered state aid would include but is not limited to; specific fees charged to students, services or charges for facility use. The district receives additional assistance from the State for the portion of funds that would have been allocated to its Service District, the Willamette Education Service District (WESD). The district withdrew from the Service District in fiscal year 2011-12 as allowed by Oregon Senate Bill 250.

Property taxes in the district are budgeted for 2025-26 at 3.50 percent over estimated receipts for 2024-25. Property tax rates differ across Oregon and depend on the tax rate approved by local voters and the limits established by the Oregon Constitution. SKPS receives property tax revenue from both Marion and Polk counties, the largest amount from Marion County. The total tax rate on any particular property is calculated by adding all the local taxing district rates in the area. The total tax rate is then multiplied by the assessed value of the property. The assessed value is the lower of the real market value or the maximum assessed value. Measures 5 and 50 limited tax rates set by school districts. SKPS' permanent rate is 4.521 per \$1,000 of the assessed value. SKPS has a levy for payment of its general obligation (GO) bonds, which is determined yearly by the district based on the debt service payments due.

### **Budgeted Revenues – All Funds**

\$ 1,148,650,319

#### **Fund Descriptions**

#### **General Fund 101** (Governmental Fund)

The General Fund is SKPS' primary operating fund. The majority of revenue comes from state funding distributed through the State School Fund (SSF) by the Oregon Department of Education (ODE). Financial transactions are recorded in this fund that relate to all activities for which specific types of funds are not required.

#### Special Revenue Funds (Governmental Funds)

These funds are for dedicated sources of revenue such as grants and fee related funds. These funds are considered either restricted, committed, or assigned.

- Fee Based Programs Fund 214: This fund represents programs that are self-supporting in nature. Programs in the fund include, but are not limited to, elementary after-school childcare and enrichment programs, Associated Student Body (ASB) activities and programs, the E-rate Program, and AVID college visitation support. Upon implementation of GASB Statement No. 84 in fiscal year 2021 and for restated fiscal year 2020, scholarship and memorial funds are now accounted for in this fund.
- Food Services Fund 220: This fund accounts for all transactions associated with food services, including breakfasts, lunches, and after-school programs.
- Asset Replacement Fund 222: This fund provides for the purchase of student transportation equipment, replacement of district infrastructure such as buses, support vehicles, equipment, technology, instructional materials, and other specified activities.
- Energy Efficiency Fund 230: This fund reflects the activities of the state energy efficiency program (SB 1149) that was created to make energy efficient modifications to district facilities in order to reduce overall energy consumption.
- Grants Fund 240: This fund accounts for grants received from state and federal agencies for the purpose of expanding educational offerings and opportunities.

#### **Debt Service Funds** (Governmental Funds)

These funds are dedicated to the debt service and are categorized both as restricted and assigned for future use.

- PERS Pension Debt Service Fund 307: The major source of revenue is charges to other funds based on payroll. A sufficient ending balance will be retained within the fund in order to provide a reserve for variances in the annual debt service payment, a buffer against any increase in PERS costs, differences between the estimated versus actual data used in the sale of the bonds, and for potential legal settlement issues that could result from existing and future challenges to PERS. Revenue for the PERS Pension Debt Service Fund is accumulated from charges to SKPS payroll to fund the debt obligations due on these bonds.
- **GO Debt Service Fund 308:** This fund accounts for the payment of principal and interest on long-term general obligation bonds. The major source of revenue is property taxes.

#### Capital Projects Funds (Governmental Funds)

These funds are dedicated to acquisition, construction, and improvements of real property (generally buildings and their components and land).

- **Special Capital Projects Fund 418:** The Special Capital Projects Fund was created in 2014-15 to account for specific multi-year facilities projects. Funding for these projects will be from capital asset sales or other approved funding sources.
- **Preventative and Deferred Maintenance Fund 419:** This fund accounts for resources set aside by SKPS for preventative and deferred maintenance.
- 2018 Bond Capital Projects Fund 421: The 2018 Bond Capital Projects Fund is restricted for use on capital projects funded by 2018 voter-approved bond issues.

#### **Internal Service Funds** (Proprietary Funds)

Internal Service Funds are utilized for charges to other funds of the district. This funding is unrestricted.

- Charter Schools Services Fund 604: This fund was established to account for the cost of district charter schools, including the cost of services provided directly to those charter schools.
- **Auxiliary Services Fund 605:** This fund represents the combination of the internal services provided by the printing department, known as Reprographics, and Central Stores. Each of these operations sells services both inside and outside of the district. This fund accounts for the internal portion of these activities.
- **Risk Management Fund 624:** The Risk Management Fund was established to fund the payment of certain insurance premiums, unemployment claims, worker compensation claims, claims for those risks that SKPS is self-insuring, and the operations of the Risk Management Department.

### **Classification of Revenues and Expenditures**

Salem-Keizer Public Schools utilizes the accounting structure established by the Oregon Department of Education.

| In the | In the budget, SKPS is required by state law to show <b>revenues</b> by the following sources (some examples are given for each): |  |  |
|--------|---|--|--|
| 1000   | Local Sources - Property taxes, tuition, investment earnings, extracurricular activities  |  |  |
| 2000   | OO Intermediate Sources - County School Fund, Education Service District, in lieu of taxes  |  |  |
| 3000   | O00 State Sources - State School Fund (SSF), Common School Fund, other Unrestricted Grants in Aid                                 |  |  |
| 4000   | Federal Sources - Unrestricted federal revenue direct from the federal government or through the state                            |  |  |
| 5000   | Other Sources - Long-term debt financing sources, interfund transfers, beginning fund balance                                     |  |  |

| In the | In the budget, SKPS is required by state law to show <b>expenditures</b> by the following functions within which are sub functions:   |  |  |
|--------|---|--|--|
| 1000   | Instruction - as related to instruction: K-12, special education, talented and gifted, federal Title programs, alternative programs   |  |  |
| 2000   | Support Services - as related to support of instruction: Support services students, instructional staff, administration               |  |  |
| 3000   | Enterprise and Community Services - Food services, community recreation services  |  |  |
| 4000   | Facilities Acquisition and Construction - Service area direction, site acquisition, building acquisition, other construction services |  |  |
| 5000   | Other Uses - Debt service, fund transfers   |  |  |
| 6000   | Contingency - Operating contingency   |  |  |
| 7000   | Unappropriated Ending Fund Balance - reserve, unreserved fund balance   |  |  |

For more information regarding SKPS accounting, the "Program Budgeting and Accounting Manual" may be referenced on the Oregon Department of Education website.

### **Classification of Objects**

Salem-Keizer Public Schools utilizes the accounting structure established by the Oregon Department of Education.

| SKPS' k | oudget breaks out expenses by <b>object</b> as instructed by the Oregon Department of Education. The objects are as follows:   |
|---------|--|
| 100     | Salaries - Regular Salaries, non-permanent salaries and additional salaries, additional earnings, overtime   |
| 200     | Associated Payroll Costs - Public Employees Retirement System (PERS), Social Security administration, other required payroll costs, contractual employee benefits and post-retirement health benefits  |

## **Special Revenue Funds (200)**

### **Introduction - Special Revenue Funds**

Restricted, Committed or Assigned Funds\*

This section includes funds that are either for self-supporting programs, grant funds SKPS has received for specific projects, or fee-based programs. Revenue in these funds may only be used for targeted programs and services as specified by the source of the funds.

Fee Based Programs Fund (Committed\*): This fund accounts for programs that are generally self-supporting in nature. Included are Associated Student Body (ASB) programs, after-school childcare programs, and pre-school programs. Revenue sources for this fund include fees, tuition, fundraising activities, scholarships, memorial funds, and donations. Fee Based Programs Fund now includes scholarships and memorial funds due to restatement of prior years for GASB Statement No. 84 presentation.

Food Services Fund (Committed\*): SKPS currently contracts with Sodexo School Services for its operation of the Food Service Program that provides nutritionally balanced lunches and breakfasts to all students in Salem-Keizer. Students pay for meals and the district records the revenues along with the expenditures in this fund. In addition, Federal reimbursement dollars under the Free and Reduced Meal Program are recorded in this fund.

**Asset Replacement Fund** (**Restricted or Assigned\***): This fund receives the depreciation reimbursement from the state for district school buses and other specific revenue for asset replacement.

**Energy Efficiency Fund (Restricted\*)**: This fund reflects the activities of a state energy conservation program (SB 1149) that was created to make energy efficient modifications to district facilities in order to reduce overall energy consumption.

**Grants Fund** (**Restricted\***): Grants are funds received from state and federal agencies, non-profit groups and private foundations for the purpose of expanding education offerings and opportunities. Use of these funds is restricted by the source of the grant and cannot be used for other purposes.

<sup>\*</sup>Restricted, Committed or Assigned Funds: The Special Revenue Funds may only be used as specified by law, by contract, by the school board or as stipulated by district policy. These funds cannot be used for general operations of the school district.

## Fee Based Programs Fund – 214

The Fee Based Programs Fund represents programs which are self-supporting in nature. Programs in the fund include but are not limited to; elementary after-school childcare and enrichment programs, Associated Student Body (ASB) activities and programs, the E-rate Program, and small memorial and scholarship accounts. The revenue to support these programs and activities comes from user fees, small grants and donations, the Schools and Libraries Program of the Universal Service Fund (E-rate Program), student activity card sales, book sales, athletic participation fees, gate receipts and admissions charges, donations, student fundraising projects and interest earnings. The use of the resources in this fund is restricted by statute, administrative rule and policy.

#### Food Services Fund – 220

The Food Services Fund's mission is to provide nutritionally balanced meals to all students in the district. The district participates in the National School Lunch, Breakfast, and After-School Snack Programs, as well as the Child and Adult Care Food Program (CACFP). SKPS also participates in the Community Eligibility Provision (CEP) which allows all students to eat breakfast and lunch free of charge. Currently, meals are prepared at each school site. In addition, the Salem-Keizer Food and Nutrition Center supports and transports food products to schools. SKPS contracts with Sodexo School Services for operation of the Food Service program.

The Food Service program operates under the philosophy that the program will be financially self-supporting. It does not receive any other General Fund support except if there are bad-debts on student accounts, per program rules. Since SKPS has district-wide participation in CEP no bad-debt is expected for the next few years.

The Food Service program continually strives to work within their budgetary constraints, provide quality meals and keep lunch and breakfast prices as low as possible for students.

# Asset Replacement Fund – 222

The Asset Replacement Fund provides for the purchase of student transportation equipment, replacement of district infrastructure such as buses, support vehicles, equipment, technology, instructional materials, debt service, and other specified activities. Sources of income are generally comprised of transportation depreciation reimbursements from the State of Oregon, equipment use fees, district set-asides from the May adjustments process and other revenue as identified. The use of some of the resources in this fund is restricted by statute, administrative rule and policy. There are no FTE in this fund.

In October 2020, the District issued Full Faith and Credit Obligations of \$60,392,940 to construct a new transportation facility and replace the aging school bus fleet. The Full Faith and Credit Obligations are direct obligations and pledge the full faith and credit of the district.

# **Energy Efficiency Fund – 230**

The Energy Efficiency Fund reflects the activities of the state energy efficiency program (SB 1149) that was created to make energy efficient modifications to district facilities in order to reduce overall energy consumption. The principal revenue source is subsidies from Portland General Electric. SKPS must be audited to receive funding. The Oregon Department of Energy approves audits and projects funded by the subsidies. There are no FTE in this fund.

Transfer of funds out of Energy Efficiency Fund is a transfer in to the Special Capital Projects Fund.

### Grants Fund - 240

Grant funds are primarily received from state and federal agencies for the purpose of expanding educational offerings and opportunities. The legal authority establishing the fund specifies the use and limitations of such funds and, generally, the resources cannot be diverted to other uses. As such, they represent reimbursement to the district based on actual expenditures incurred. In some instances, SKPS may be required to provide "local effort" or "matching effort" to support program activities. This often takes the form of "in-kind" contributions such as provisions of classroom or office space, or matching effort from allocation of existing resources, such as district employees. The resources in this fund are restricted by the provisions of each individual grant, statute, administrative rule, and policy.

The FTE figures for this fund are estimates based on average district licensed and classified salaries. They will not be the same as actuals. This fund does not use the automated position control system.

### **Grant Descriptions**

#### **Community Resource Trust Grant**

Funding supports CTEC Evaluation which includes data collection systems, alumni tracking and workforce partnerships.

#### **Early Indicator and Intervention Systems Grant**

The Student Success Act, House Bill 3427, creates a grant program to assist school districts with implementing early indicator and intervention systems (EIIS). The goal of the EIIS grant program is to align school, district, and community systems to help students stay on track to graduate from high school.

#### **Early Literacy Grant**

State funding supports foundational reading and writing in grades K-5.

#### Federal School Improvement Funds to CSI & TSI Schools

Federal School Improvement Funds, primarily through programs like Title I and School Improvement Grants (SIG), are designed to assist states and local districts in improving the performance of low-achieving schools, especially those serving economically disadvantaged students. These funds are distributed through a variety of grant programs, including formula grants and discretionary grants, to support school improvement initiatives

#### Fresh Fruit & Vegetable Program

Fresh fruits and vegetables are provided for students during the school day, outside of the regular meal program, to help eliminate hunger between large gaps in meal periods.

#### **Gray Family Foundation's Geography Grant**

Gray Family Foundation's geography grant program is to spark the creativity, talent, and vision of Oregon's formal and informal teachers, schools and districts, and communities to stimulate and promote the integration of geographic concepts and ideas into K-12 curriculum and instruction.

#### **High School Success**

High School Success is a fund initiated by ballot Measure 98 in November 2016 that provides direct funding to school districts to increase high school graduation rates. The spirit of the measure was to provide funding to establish or expand programs in three specific areas:

- Dropout Prevention
- Career & Technical Education and
- College Level Education Opportunities

#### **Indian Education Formula Grant Program (Title VI)**

The Indian Education Grant is a federal grant provided to meet the specific and unique educational and culturally related needs of American Indian/Alaska Native children in grades K-12. The grant provides supplemental tutoring, leadership development, academic support and social-emotional support to over 700 students. Parental engagement and family support are an integral part of the program success.

#### Individuals with Disabilities Education Act Grants (IDEA Part B)

SKPS is allocated funds, based on the number of identified and served handicapped students, to help meet the excess costs of services to these students. Grant funds are used only for the excess costs of providing special education and related services to students with disabilities, ensuring that they have access to public education, meeting each student's unique needs and preparing them for further education, employment, and independent living. These grant funds also assist districts with annual performance data collection and reporting for special education and may be used to provide training for special education staff.

#### **Kindergarten Readiness Partnership & Innovation Grant (HUB)**

Funds are provided to increase readiness for kindergarten as measured by the Oregon Kindergarten Assessment. The intent is to expand or launch an innovative model for early learning/K-12 integration that has the potential to be replicated in other communities.

#### McKinney Vento Act (McKinney)

This grant provides supplemental funds to facilitate the enrollment, attendance and school success of homeless children and youth. The funds are used to identify and support the educational needs of homeless youth.

#### Oregon Department of Environmental Quality Clean Diesel

This multiyear grant is for the replacement of 52 school buses at the lesser of 30% or \$50,000 of the cost of each bus. The funding is provided through a State Clean Diesel grant issued to DEQ as a result of the settlement of claims made against Volkswagen America.

#### **Oregon Parenting Education Collaborative**

The Oregon Parenting Education Collaborative is a multi-year grant program that supports the delivery of parenting education programs. The Collaborative's partners believe that parents are their children's first and most important teachers, and that investment in strong parenting is a critical strategy for ensuring that all children are ready to learn.

#### Oregon Pre-Kindergarten (OPK) Head Start Program

This project provides three- and four-year-old children from low-income families with a comprehensive preschool program. The project includes: a comprehensive and developmentally appropriate preschool that utilizes Head Start performance standards and is supplemented by home visits by the teachers and advocates; total family involvement in the program, including parent education, parent advisory committees and parents volunteering in the classroom; and activities to assist families and children to successfully make the transition to public school kindergarten.

#### **Outdoor School**

This grant is state funded and committed to providing an outdoor school experience to Oregon fifth- and sixth graders.

#### **Perkins**

The Perkins grant provides students with relevant career-related learning experiences, student leadership opportunities, and cooperative work experiences. The grant provides supplies, materials, and staff development.

#### Portland General Electric (PGE) School Bus Electrification Project

The PGE School Bus Electrification Project provides support to deploy one electric school bus including charging infrastructure. Qualifying costs include any reasonable costs, above and beyond those of a traditional school bus, to place one electric school bus in service.

#### **Preschool Promise**

Four free preschool programs are available for families that qualify based on income. Children served are three or four years old.

#### Secondary Career Pathway

The Secondary Career Pathways Funding was established by the Oregon Legislature through HB 3072. This is a first attempt at a sustained funding source for Career and Technical Education (CTE). It is intended that the funds allocated through this program will incentivize intensive CTE Programs of Study that lead to high wage and high demand occupations.

#### Siletz Tribal Charitable Contribution Fund - Eagle Feather Graduation Ceremony Grant

The funds will help provide beaded feathers, woolen stoles, food, and supplies for Indian Education's Annual Eagle Feather Graduation Ceremony. The gifting of traditional items of honor, as well as community acknowledgement of accomplishment, has been an incentive for many Native American students to complete high school, whilst celebrating their culture.

#### Student Investment Account (SIA)

The SIA was made possible through Oregon legislature under HB 3427. The SIA falls under the Student Success Act umbrella of funding. The district formed the SIA Task Force to engage the community and shape the SIA programs at SKPS. That resulted in an SIA plan to address mental and behavioral health need and improve academic achievement.

#### <u>Title I-A – Improving Basic Programs</u>

Title I-A funds are a supplemental federal grant provided to the district to serve programs and schools with the highest poverty. The measure of poverty used in the district is based on the Community Eligibility Provision (CEP), which calculates the number of students directly certified within various programs such as: McKinney-Vento, Foster Care, Migrant, and SNAP/TANF. The intent of this grant is to provide all students with a fair, equitable, and high-quality education that will assist them in meeting the state's challenging academic standards.

#### <u>Title I-C – Migrant Education</u>

The purpose of the Migrant Education Program (MEP) is to ensure that migrant children fully benefit from public education opportunities. These funds are used to reduce the educational disruption and other problems that result from the migrant lifestyle. Funds are used to recruit students to the program, tutoring, extended day/year educational activities, family support, and to provide awareness of post-secondary opportunities.

#### Title I-C - Migrant Preschool

The Chapter 1 Migrant Preschool grant provides a developmentally appropriate preschool education to migrant children ages 3-5 with a parent involvement program for their parents. Emphasis is placed on children who will enter kindergarten the following year.

#### Title I-C – Migrant Summer School

These funds are used for extended year and tutorial services to support increased student academic achievement, parent involvement, and support services for migrant children and their families. The program takes advantage of the summer break to address the gaps in the education of migrant students due to moving, lack of language, or lack of opportunity.

#### <u>Title I-D – Neglected and Delinquent or At-Risk Children</u>

This grant provides students in local institutions for neglected or delinquent youth with services to make successful transitions to further their schooling and to provide services to encourage district at-risk youth to stay in school.

#### Title III - English Learners and Immigrant Youth

Title III funds support English Language Learners and immigrant students to develop English language skills, succeed academically, and overcome barriers that impede their academic success. It provides for language instructional programs, professional development designed to improve instruction and assessment of limited English proficient students and parental and community participation.

#### Title II-A/Title IV-A Student Support and Academic Enrichment (SSAE) Grant

Newly authorized under subpart 1 of Title IV, Part A of the ESEA, the Student Support and Academic Enrichment (SSAE) program is intended increase the capacity of State educational agencies (SEAs), local educational agencies (LEAs), schools, and local communities to: 1) provide all students with access to a well-rounded education, 2) improve school conditions for student learning, and 3) improve the use of technology in order to improve the academic achievement and digital literacy of all students. (ESEA section 4101). Title II-A funds are for supporting effective instruction by focusing on preparing, training, and recruiting high-quality teachers and principals. SKPS consolidates Title II-A into Title IV-A to allow for broader use of funds.

#### Tribal Attendance Promising Practices (TAPP) Grant

The intent of this grant is to reduce chronic absenteeism of American Indian/Alaska Native students in the state of Oregon. Family advocacy and deep local connections to create school-wide initiatives to reduce chronic absenteeism will be the main focus. The intent of the collaboration is to strengthen the links between Oregon tribes and the schools that serve enrolled tribal members. This position will provide support and strategies to improve student attendance rates in one identified school feeder system with the highest level of absenteeism for Native and Indigenous (AIAN) students.

# **Debt Service Funds (300)**

# **Introduction - Debt Service Funds**

**PERS Pension Debt Service Fund – 307:** This fund accounts for the district's refinancing of its accrued Public Employee Retirement System (PERS) liability in 2002, 2004 and 2015. The major source of revenue is charges to other funds based on payroll.

**GO Debt Service Fund – 308:** This fund accounts for the payment of principal and interest on long-term general obligation (GO) bonds. The major source of revenue is property taxes.

### PERS Pension Debt Service Fund – 307

Assigned Fund\*

This fund accounts for the district's refinancing of its accrued Public Employee Retirement System (PERS) liability in 2002, 2004, and 2015. The major source of revenue is charges to other funds based on payroll. SKPS issued bonds in the amount of \$203.4 million in 2002 and 2004 to extinguish its unfunded actuarial liability (UAL) with PERS. SKPS issued an additional \$50.1 million in 2015 to extinguish the remaining UAL with PERS.

A sufficient ending balance will be retained within the fund in order to provide a reserve for variances in the annual debt service payment, a buffer against any increase in PERS costs, differences between the estimated versus actual data used in the sale of the bonds, and for potential legal settlement issues that could result from existing and future challenges to PERS. The repayment of these bonds will be made by the State of Oregon on behalf of SKPS from its State School Fund allocation.

There are no FTE in this fund.

<sup>\*</sup>Assigned Fund: The Debt Service Fund - PERS Pension Bonds is an assigned fund to be utilized for the retirement of PERS Bonded Debt or PERS pension payments.

### **GO Debt Service Fund – 308**

Restricted Fund\*

This fund accounts for the payment of principal and interest on long-term general obligation (GO) bonds. The major source of revenue is property taxes.

When the district sells bonds to finance a voter-approved bond levy, an account is set up to repay the debt associated with the sale. The fund receives the money that is allocated from taxpayers to repay the debt associated with the voter-approved construction bond.

In November 2008, district voters approved a \$242.1 million construction bond, and in March 2009, SKPS issued \$178.7 million of bonds. In December 2009, SKPS issued an additional \$31.8 million of bonds. SKPS was able to take advantage of the federal Qualified School Construction Bond Program resulting in savings for taxpayers. In May 2018, voters approved a \$619.7 million construction bond, and in July 2018, SKPS issued \$383.2 million in bonds. In July 2020, SKPS issued the remaining voter-approved bonds of \$236.5 million.

There are no FTF in this fund.

### **Legal Debt Limit**

School districts in Oregon that serve K-12 have a legal debt limit on General Obligation debt equal to 7.95% of real market value of all taxable property within their district. For SKPS, this limit is \$3.6 billion. As of June 30, 2025, the district had \$773.5 million in bonded debt, which is 21.34% of the borrowing limit. The available amount of additional debt the district can borrow is \$2.9 billion.

<sup>\*</sup>Restricted Fund: The Debt Service Fund - General Obligation Bonds is a restricted fund under Oregon law. The fund may only be used as specified by law. It cannot be spent on instructional programs or general operations of the school district.

# 2018 Bond Capital Projects Fund – 421

The 2018 Bond Capital Projects Fund was established on September 12, 2017 to account for the proceeds of voter-approved general obligation bonds issued in 2018 and 2020. The proceeds from the sale of bonds are used for the acquisition, construction and improvement of school district facilities. A property tax levy is needed to support the repayment of general obligations bonds issued for the purpose of capital construction and improvement.

# **Internal Service Funds (600)**

## **Introduction - Internal Service Funds**

**Proprietary Funds\*** 

| nternal Service Funds track services provided by one district department to other district departments. Districts may choose to either provide them for themselves or contract |
|--|
| hem out. SKPS found it to be more cost-effective to provide these services for itself. These funds are for services provided for within the district.                          |

Charter Schools Services Fund: This fund tracks the cost of district services directly associated with the start-up and management of each charter school contract.

**Auxiliary Services Fund:** This fund is for the district's print shop, central warehouse and transportation services. These operations sell products and services, both inside and outside SKPS. Each activity is to cover its operating costs, including a portion of equipment replacement.

**Risk Management Fund**: This fund is for the payment of insurance premiums, unemployment claims, worker compensation claims and claims for those risks that the district is self-insuring.

<sup>\*</sup>Proprietary Funds: The Internal Service Funds operate on a cost reimbursement basis and provides goods and services primarily to other funds of the district. They are unrestricted.

## **Charter Schools Services Fund – 604**

The Charter Schools Services Fund was established to account for the cost of services provided directly to those charter schools. The relationship with each charter school is established by district contracts.

FTE associated with Valley Inquiry Charter School will no longer be budgeted in Salem-Keizer Public Schools. Valley Inquiry has opted to directly employ staff.

# **Auxiliary Services Fund – 605**

The Auxiliary Services Fund represents the combination of the internal services provided by the printing department, known as Reprographics, and Central Stores. Each of these operations sells products and services, both inside and outside of the district. This fund accounts for the internal portion of these activities. Each activity is to cover its own operating costs, including equipment replacement.

The Central Stores operation sells products to other funds within the district. The objective is to save tax dollars by reducing duplication of effort and by permitting us to take advantage of savings and efficiencies obtained because of the larger size of Salem-Keizer Public Schools. SKPS can take advantage of lower unit pricing due to increased volume.

This fund also reflects the activities of the Reprographics Department that provides services to all schools and departments within the district. The cost of this service is charged back to the user and the size of this budget is based on user demand. As the demand for service increases, both the expenditures and corresponding charge backs (revenues) increase.

## Risk Management Fund – 624

The Risk Management Fund was established to fund the payment of insurance premiums, unemployment claims, worker compensation claims, claims for those risks which the district is self-insuring and the operations of the Risk Management Department. Risk management is the systematic identification of exposure to the risk of loss, coupled with the selection of the most appropriate method of managing that exposure.

All of SKPS' work involves possible risk of loss through acts of nature, the economy, society, as well as normal business concerns arising from acts or non-acts of employees and the operational abilities of the district's facilities and equipment.

The source of revenue for this fund is largely from the General Fund. Through the proper control of risk, SKPS is able to realize significant savings in insurance premiums and self-insured losses to build sufficient reserves in this account and to fund additional self-insurance programs. Self-insurance reserves have been established based on actuarial studies.

Each salary step represents a year of experience, i.e. Step 1 = no experience credit; Step 6 = five years experience credit completed, entering 6th year of experience, etc. Experience means the previous teaching experience that a teacher is allowed upon entering the District, plus experience within the District. As a result of eliminating step "0," employees hired before July 1, 2004, step will indicate years of experience, i.e. Step 6 = six years experience credit completed.

This salary schedule is for a 192-day work year.

Each year, an additional \$1,000 will be added to the top of salary columns MA+0, MA+24, and MA+45.

District will pay 100% of the employee's contribution to Public Employees Retirement System.

Effective July 1, 2004, unit members shall receive longevity pay after three (3) years at the maximum level on the MA+24 column or MA+45 column of the salary schedule. Eligible unit members shall receive longevity pay once every three (3) years in June of the qualitying year as a single payment equal to the increment received by persons moving to the top of the respective column. Unit members on the B+69 column of the salary schedule as of March 4, 2005, shall be eligible to receive longevity pay after three (3) years at the maximum level on the B+69 column.

## **Resolution Continued**

### RESOLUTION IMPOSING THE TAX

BE IT RESOLVED that the following ad valorem property taxes are hereby imposed for the tax year 2025-26 upon the assessed value of all taxable property within the district:

- (1) At the rate per \$1,000 of assessed value of \$4.5210 for permanent rate tax;
- In the amount of \$68,893,176 for debt service for general obligation bonds;

#### RESOLUTION CATEGORIZING THE TAX

BE IT RESOLVED that the taxes imposed for the tax year 2025-26 are hereby categorized for purposes of Article XI section 11b as shown below:

|   | <b>Education Limitation</b> | Excluded from Limitation |
|---|-----------------------------|--------------------------|
| Permanent Rate Tax – General Fund               | \$4.5210/\$1,000            |                          |
| General Obligation Bonds – GO Debt Service Fund |                             | \$68,893,176             |

The above resolution statements were approved and declared adopted on this 10th day of June 2025.

Onthia Richardson, Chairperson, Board of Directors

Salem-Keizer Public Schools

(see next page for worksheet for lines 4a, 4b, and 4c) File with your assessor no later than JULY 15, unless granted an extension in writing.

# **Glossary**

Account Codes Account codes identify the funding source and nature of a budgeted expenditure.

Accrual Basis The basis of accounting under which transactions are recognized when they occur regardless of the timing of related cash flows, not typically

used in governmental accounting or budgeting.

Achievement Compact Agreement between the state and school district setting targets for achievement.

Achievement Gap A persistent and significant disparity in educational achievement and attainment among groups of students as determined by a standardized

measure.

Adopted Budget The financial plan adopted by the school board which forms a basis for expenditure appropriations.

ADM Average Daily Membership is the year-to-date average of daily student enrollment.

ADMW Average Daily Membership Weighted is the average daily membership of daily student enrollment increased by a variety of weighting factors.

For example, each student qualifying for special education services is given an additional weight and counted as 2.0 full-time equivalents (FTE)

for funding purposes.

Allocations To divide an appropriation into amounts for specific purposes.

Annual Comprehensive

Financial Report

The audited report of district revenues and expenditures, which represent the district's financial position.

Assessed Value The portion of value of real or personal property that is taxable; the lesser of the property's real value or the constitutional value limit. The

value may increase by a maximum of 3% annually unless qualifying improvements or changes are made to the property.

Assets Resources owned or held by a government, which have monetary value.

Assigned Funds Funding designated at the district level for a specific purpose.

ASK ESP Association of Salem-Keizer Education Support Professionals. Bargaining unit for classified staff.

Balanced Budget Projected resources equal projected requirements within each fund, required by Oregon law for governmental budgets.

| Beginning Fund Balance        | Funds carried forward from the current fiscal year into the next budgeted fiscal year that become a resource to support the appropriations for the next budgeted fiscal year. The beginning fund balance is the same amount as the previous year's ending fund balance.                 |
|-------------------------------|---|
| Bond or Bond Issue            | A certificate of debt guaranteeing payment of the original investment plus interest on specific dates.  |
| Budget                        | A plan of financial operation embodying an estimate of proposed expenditures and means of financing them for a single fiscal year.  |
| Budget Committee              | A board of the district, consisting of the school board and an equal number of legal voters of the district, appointed by the board.  |
| Budgetary Control             | The management of the district in accordance with an approved budget for the purpose of keeping expenditures within the limitations of available appropriations and available revenues.   |
| Capital Budget                | A plan of proposed capital projects for the coming year and the means for financing them.   |
| Capital Outlay                | Expenditures that result in the acquisition of or addition to fixed assets.   |
| Carry Over Fund Balance       | Represents the amount of the prior year's ending fund balance that is budgeted as a resource in the next year.  |
| Classified Staff              | Employees in positions that are classified according to the duties and responsibilities involved in the work and do not require licensing by the Teacher Standards and Practices Commission as a condition of employment.   |
| Committed Funds               | Funding designated by the school board for specific purposes.   |
| Common Core State<br>Standard | A national initiative led by the National Governors Association and the Council of Chief State School Officers to establish a single set of clear educational standards for kindergarten through 12th grade in English language arts and mathematics that states may voluntarily adopt. |
| Common School Fund            | Interest on trust funds from state sale of miscellaneous lands.   |
| Contingency                   | A special amount budgeted each year for unforeseen expenditures. Transfer of General Fund contingency funds to cover unanticipated expenditures requires board approval.  |
| County School Fund            | Distributed by ESD sources and includes property tax levy, state forest fees, and various fines such as gambling fees.  |
| CTEC                          | Career Technical and Education Center: A joint venture between private industry and the school district establishing a program to promote career and technical skills for students. A building dedicated to the program was opened in the fall of 2016.                                 |

Deficit The excess of the liabilities of a fund over its assets. Oregon school districts may not carry deficits in any fund.

Differential The term used for extra duty pay in the salary schedule.

ELL (EL) The English Learners program provides educational support to students who do not meet a minimal English language proficiency standard.

Former term (and sometimes still used) ESL or English as a Second Language.

Ending Fund Balance The ending fund balance of the current fiscal year becomes the beginning fund balance of the next fiscal year. The fund balance is made up of

two components:

1. Unexpended budget. Budgeted expenditures minus actual expenditures

2. Revenues received in excess of the budgeted amount.

Equalization A method for allocating local and state funds for schools adopted by the 1991 Oregon Legislature and modified slightly since then. The purpose

of equalization is to ensure that students in all of Oregon's districts are treated more or less equally in terms of how state and local resources are allocated. Equalization is implemented through the State School Fund formula which allocates local and state funds on a weighted per

student basis.

ESEA Flexibility Waiver In 2012, Oregon applied for and received USED approval of the ESEA Flexibility waiver, providing the opportunity to craft a state-specific plan

for education. With the waiver renewal, the USED continues to require states to demonstrate commitment to the same core principles of ESEA

Flexibility listed below that have been the underpinning of waivers since their introduction in 2011:

1. Implementing college and career ready standards and high-quality, aligned assessments for all students.

2. Implementing state-developed systems of differentiated recognition, accountability, and support.

3. Supporting effective instruction and leadership through educator evaluation and support systems.

Expenditures Decreases in net financial resources. Expenditures include current operating expenses which require the current or future use of net current

assets, debt service and capital outlays.

Federall Programs Federally funded programs – Migrant and Indian education, among others.

Fiscal Year The 12-month operating year for the district, beginning on July 1 and ending on June 30 of the following year.

Fixed Assets Asset of a long-term character which is intended to continue to be held or used, such as land, buildings, improvement other than buildings,

machinery and equipment.

Fixed Costs A cost, such as rent, that does not change with increases or decreases in the amount of services provided.

FTE Full-Time Equivalent (1.00 FTE equals one full-time position).

| Function                   | Expenditure classification identifying the activity or principal purpose for which an expenditure is made. Functions are established by the Oregon Department of Education.  |
|----------------------------|--|
| Fund                       | Government accounting is made up of several divisions, called funds. Each fund must balance independent of other funds in the organization.  |
| High Cost Disability Grant | State School Fund allocation to reimburse school districts for expenditures above \$30,000 per student in special education.   |
| Indirect Cost              | A cost necessary for the functioning of the organization as a whole, but which cannot be directly assigned to one program.   |
| Liabilities                | Debt or other legal obligations arising out of transactions in the past which must be liquidated, renewed, or refunded at some future date.  |
| Licensed Staff             | All licensed teachers, counselors, media specialists and other support staff under contract to the district. Also included in this group are child development specialists, student resource specialists, physical therapists, and occupational therapists.  |
| Local Option Levy          | A tax levy approved by the 1999 legislature to allow school districts to raise additional funds for operations or capital needs. Funds are excluded from the State Funding Formula.  |
| Measure 5                  | Property tax limitation passed by Oregon's voters in November 1990, limiting local property taxes for schools to \$5 per \$1,000 of assessed value.  |
| Measure 47                 | Property tax limit passed by Oregon voters in November 1996, rolling taxes back to 1995-96 levels less 10% and capping future increases by 3% annually.  |
| Measure 50                 | Initiative referred by legislature and approved by voters to clarify and implement Measure 47. Measure 50 set the assessed value for each property and limited future annual growth to 3%, with exceptions. Under Measure 50, assessed value cannot exceed real market value. Prior to Measure 50, property was assessed at real market value. |
| Modified Accrual           | Basis of accounting, revenue recorded when available and measurable.   |
| Object                     | As used in expenditure classification, this term applies to the item purchased, or service obtained (as distinguished from the results obtained from the expenditure). Examples are salaries, employee benefits, personal services, materials, and supplies.   |
| ORS                        | Oregon Revised Statutes. Oregon laws established by the legislature.   |
| Program Reviews            | Program Reviews are part of the internal review process for the General Fund budget. These reviews are conducted as a means of maintaining budget integrity and transparency and assessing budget needs for the next year.   |

**Proposed Budget** 

Financial and operating plan for the district that the superintendent is recommending to the public and budget committee.

QAM

Quality Assurance Model. This is a tool developed for industry based on international standards to ensure that products and services are safe, reliable and of good quality.

QEM

Quality Education Model. This is a model, developed by the legislative Council on the Quality Education Model and refined by the Oregon Quality Education Commission, that specifies what constitutes adequate funding and services for elementary, middle and high school students.

Real Market Value

Defined under Measure 50 to be the amount of cash that could reasonably be expected to be paid by an informed buyer to an informed seller as of the assessment date for the tax year.

Requirement

An expense/expenditure or net decrease to a fund's balance.

Resources

Estimated beginning fund balance on hand at the beginning of the fiscal year, plus all anticipated revenues.

Revenues

Types of revenue:

- Unrestricted: Revenues received by the district that can be used for any legal purpose desired by the district, without restriction.
- Restricted: Revenues received by the district that must be used for a categorical or specific purpose. If such money is not completely used, it must be returned.
- Revenues from Intermediate sources: Revenues that come to the district from other local governments, such as the WESD.
- Revenues from State sources: Revenues that come to the district from, or through, the Oregon Department of Education.
- Unrestricted grants-in-aid: Revenues received as grants by the district, which can be used for any legal purpose desired by the district without restriction. This category represents a significant portion of the district's General Fund total resources.
- Restricted grants-in-aid: Revenues received as grants by the district from state funds that must be used for a categorical or specific purpose.
- Revenue from federal sources: Revenue received from the federal government.

School Board

The governing body of the district consisting of seven elected members, each residing in a district zone, but elected on a district-wide basis. Board members serve four-year terms.

SKEA

Salem-Keizer Education Association. Bargaining unit for licensed staff.

Service Level Budget

In the budget process, this refers to the budget amount that would be needed to provide the same level of service the following year, taking into account increases for salaries, benefits, associated payroll costs, inflation costs for goods and services, and growth.

| Staffing Ratio                     | The licensed staffing ratio is the ratio of students to licensed staff. Class size is higher than the staffing ratio because counselors and specialists in areas such as music, media, P.E. are included in the staffing ratio.  |
|------------------------------------|--|
| SSF                                | State School Fund is the major appropriation of state support for public schools. SSF grants are distributed to schools on a per-student basis. The SSF formula adopted by the legislature includes monies from the SSF plus local property taxes and some other local revenues. This formula determines over 90% of the district's General Fund revenues. |
| Supplemental Budget                | Prepared to meet unexpected needs or to spend revenue not anticipated at the time the regular budget was adopted. A supplemental budget cannot be used to increase tax levy.   |
| Taxes                              | Compulsory charges levied by the district for the purpose of financing the operation of schools.   |
| Transfers                          | Amounts distributed from one fund to another fund without services rendered.   |
| TSPC                               | The Teacher Standards and Practices Commission, an organization which provides and monitors licenses of Oregon teachers and administrators.  |
| T&A                                | Trust and Agency. T&A accounts are for assets held by the district in a trustee capacity for organizations related, but independent, of the district. New accounting standards have recategorized these funds and they are now accounted for in the special revenue funds.   |
| Unappropriated Ending Fund Balance | Amount budgeted to carry over to the next year's budget to provide the district with needed cash flow until other money is received and to Fund Balance provide financial stability. This amount cannot be transferred by resolution or used through a supplemental budget during the  |

fiscal year.
