BGHS Administrative Team

## **MISSION STATEMENT**

Bowling Green City Schools is committed to high academic expectations and extracurricular opportunities and in an inclusive, caring, safe, and healthy environment. We empower and support our teachers to be responsive to each student through challenging and engaging curriculum. We partner with families and the community to ensure student success.

## **VISION STATEMENT**

Provide excellent instruction and equitable opportunities for each student.

## **NON-DISCRINATION STATEMENT**

Bowling Green High School does not discriminate against students on the basis of sex, race, national origin, ancestry, creed, pregnancy, marital or parental status, sexual orientation, or physical, mental, emotional, or learning disabilities or handicap in educational programs or activities. Bowling Green City Schools Compliance officer is Dawn Dazell, Human Resources Administrator, 419-354-0080, ext. 4015.

## **ACCIDENTS/ACCIDENT INSURANCE**

All accidents occurring in the building, on school grounds, or at school-related events and activities must be reported and filed using forms available in the attendance office. An application form for school insurance is available on our website – [www.bqcs.k12.oh.us](http://www.bqcs.k12.oh.us) You may access the form via the “links” box in any of the individual schools within the “Schools” tab. If you do not have access to a computer, forms are available at the Central Administration Office, 137 Clough Street. If you have family coverage with another insurance program (Medical Mutual of Ohio, Blue Cross, etc.) the school insurance will not pay claims covered under your other program. It is non-duplicating and cannot be used in conjunction with any other coverage.

## **ATTENDANCE**

Regular attendance and promptness are good marks of a good student and a good school citizen. If school is in session, students are expected to attend. Parents are required to call the school reporting valid student absence between 7:30 a.m. and 9:00 a.m. If no call or note confirming absence is received, an automated phone message will be sent to the home notifying that "your student has been marked absent from one or more of his/her morning classes."

After an extended absence, a doctor's excuse should be sent to school with the student. All students must report to the main office after an absence to secure an entrance form to be admitted to classes that were missed. One pass will be issued per excuse. Duplicate passes will not be rewritten for lost slips. Students are responsible for getting slips back from teachers. If the office has parent permission the day of the absence, the student does not need to get an admittance pass.

Failure to provide proof of excused absence within 48 hours of returning to school will result in time missed being recorded as **unexcused**.

If students take College Credit Plus classes, during the college spring break, they are required to attend high school classes. Being enrolled in College Credit Plus classes does not absolve students from being in their high school classes. Failure to attend high school classes will result in unexcused absences. See below:

Absences from school are treated in two ways:

**Excused** - Make up privileges are allowed. It is the responsibility of the student to contact teachers about make-up work the day the student returns to school. Make up work must be completed promptly, at the discretion of the teacher. The number of excused absences is the number of days the student was absent and that number of days is the time students can make up missed work for full credit.

The following are examples of **excused** absences:

1. Personal illness
2. Serious illness or death in the family
3. Medical or dental attention (whenever possible, these should be scheduled outside school hours.)
4. Absences approved in advance (medical, appointments, college visitations, etc.)
5. Observance of religious holidays
6. Other emergencies or circumstances which constitute good and sufficient cause as determined by school administration.

**Unexcused** - F's for all class work missed, no make-up allowed. Students may be given zeroes for unexcused absences. The following examples are usually considered unexcused absences from school:

- |                       |                             |
|-----------------------|-----------------------------|
| 1. Working at home    | 5. Shopping                 |
| 2. Gainful employment | 6. Personal                 |
| 3. Missing the bus    | 7. Car problems             |
| 4. Oversleeping       | 8. Out of School Suspension |

## **ATTENDANCE PROCEDURES FOR BOWLING GREEN CITY SCHOOLS**

Students are **Excessively Absent** when they have 38 hours or more excused or unexcused absences in one month of school or 65 hours or more of excused or unexcused absences in a school year will result of the school sending a "Notice of Excessive Absences" letter to the parents. Any future absence will require evidence that explains why the absence was necessary (court appearance, physician's note).

Students are **Habitually Truant** with 30 or more consecutive hours of unexcused absences, 42 or more hours of unexcused absences in a month, or 72 or more hours unexcused absences will result in the school developing an "Absence Intervention Plan". If the student refuses to partici-

pate in or has failed to make satisfactory progress in 61 days, the district by law is required by law to file a complaint in Juvenile Court.

1. Exceeding the maximum number of allowable absences may result in failure of the course/grade and denial of credit.
2. The student is responsible for completing all work missed during an excused absence. The maximum period of make-up time for missed work will be equal to the period of time the student was absent plus one additional day. It is the responsibility of the student to see the teacher for any make-up work.
3. According to board policy, an accumulation of **ten unexcused** absences may result in the superintendent taking action to suspend a student's driver's license (ORC 3321.13).

Students whose parents desire to have students accompany them for out of town trips during the school year must submit a Personal Convenience Absence (PCA) five school days ahead of time. If a student has absences greater than the allowable number, the absence will be coded unexcused and no work may be made up for credit. If the student has less than the allowable number of absences, work may be turned in for full credit. Please follow the directions on the form.

Pursuant to Board Policy 5200, the Religious Expression Days notification, procedures and information is posted under the parent tab on the district website: [www.bgcs.k12.oh.us](http://www.bgcs.k12.oh.us). Included in the website notification are links to the Ohio Department of Education and Workforce for their published information and the non-exhaustive list.

### **ACADEMIC MISCONDUCT**

Academic misconduct: The unauthorized use of data to gain academic achievement.

1. Plagiarizing: using the intellectual property of another person be it paraphrased or verbatim.
2. Failing to properly cite a source in accordance with the teacher's direction.
3. Cheating on academic work or copying another's work.
4. Attempting to gain or gaining an unauthorized access to material or an unauthorized advantage.
5. Providing, using, or submitting data or answers dishonestly, by deceit, or by means other than those authorized by the teacher.
6. Aiding or abetting another person in the conduct of academic misconduct.
7. Failing to cite a source in accordance with a teacher's direction.
8. Cheating on academic work or helping another student cheat on academic work.

There are many AI apps that can generate writing and catch plagiarism. BGHS will continue to teach to the Ohio Standards which require students to produce and use writing to reflect, inform, narrate, and argue in order to practice and grow as critical and engaged readers, writers, and thinkers. Any AI generated writing is considered plagiarism and will be subject to discipline actions outlined in the student handbook and teacher syllabi.

Any infraction of Academic Misconduct may or may not result in a zero for the given assignment, at the teacher's discretion. Disciplinary action may or may not be taken, depending on the severity and type of infraction.

### **ADVERTISING OUTSIDE ACTIVITIES**

Students may not post announcements or advertisements for outside activities without seeking permission from the Principal. The Principal will attempt to respond to a request within one school day of receipt.

### **ANTICIPATED ABSENCE**

If a necessary absence from school is foreseen, a note should be presented to the office prior to the absence so an excuse may be secured. Assignments should be obtained from each teacher. Absences do not excuse a student from making up work missed.

Anticipated absences fall into two categories:

1. **School Related Activities** such as field trips, allow students to make up work as they would for an excused absence. Absence Sheets are circulated to teachers for signature concerning this type of anticipated absence. An activity absence does not count in the total of absences recorded for the year in school computer records.
2. **Personal Convenience Absence and Vacations**. Parents are requested to schedule family vacations during summer months or school recesses whenever possible in order to avoid jeopardizing the academic progress of their students. If families do decide to take students from regularly scheduled classes for an extended period of time, the school staff requests a five calendar day notice prior to the first date of absence.

Parents are required to complete the Personal Convenience Absence (PCA) form prior to the absence. In addition, the student must have an acceptable attendance record. Absences beyond 6 days (38 hours) in a month, or 10 days (65 hours) in one year, with or without an excuse is considered excessive and will not be approved. If the student has more than 65 hours of absence after the PCA dates, the proposed absences will be unexcused and work will not be taken for credit.

## **BUILDING HOURS AND HALLWAY GUIDELINES**

During the school day, students are permitted in the hallways only during passing periods or with an appropriate pass signed by a teacher. Students may enter the building at 7:00 a.m. and students are to leave the building by 2:45 p.m. each day unless they are participating in a supervised school-related activity. Students found in violation of these guidelines may be referred to the office for disciplinary action following the Code of Conduct.

## **BULLYING**

The intentional written, verbal, or physical act that a student has exhibited toward another particular student more than once and the behavior causes either mental or physical harm to the other student and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the student. This is a disruption of school routine.

Students who are supporting the bullying (even if they are not the person doing the act but are a part of what is known as the bullying circle) could be subject to disciplinary action

Dating Violence is also under the topic of Bullying. Dating Violence is defined as a pattern of behavior where a person threatens physical, sexual, verbal, or emotional abuse to control the person's dating partner. A Dating Partner is defined as a person, regardless of gender, involved in an intimate relationship with another person characterized by the expectation of affectionate involvement whether casual, serious, or long-term.

## **BUS RULES**

Students are expected to follow all rules regarding seating, conduct, language, boarding and disembarking from the bus as printed in the Student Transportation Guideline pamphlet. As follows:

### **Students:**

### **Parents:**

1. Parents are responsible for the safety and discipline of students going to and from the bus stop.
2. Parents are urged to have their children at the bus stop five minutes ahead of time as buses operate on a time schedule. This schedule will not permit waiting for tardy students. If your bus is more than 15 minutes late, call the Transportation Department at 354-0900
3. Parents will be monetarily responsible for any damage done to a bus by their children.
4. The school does not enter disputes involving parents and students prior to pickup or after return to the bus stop.
5. Please do not discuss bus problems with the driver while he/she is on the route. This delays the schedule of the bus. Call the Transportation Department at 354-0900.

### **Discipline**

Proper conduct on a school bus is necessary to insure the safety of students and the driver. When a student does not display proper conduct on a bus, suspension and/or expulsion from the bus can be the result of the misbehavior. School personnel will make every effort to protect the rights of the student through the use of due process procedures when suspension or expulsion is used.

### **Discipline Code**

1. Seating. Pupils should go immediately to an assigned seat and remain seated at all times.
2. Obscene Language/Gestures/Spitting. These will not be tolerated.
3. Objects. Heads, arms and legs must be kept inside the bus at all times; no objects are to be thrown on the bus.

### **Discipline Procedure**

1. First Violation. The student is warned by the driver. The student's name is recorded by the driver.
2. Second Violation. A written record is made by the driver. The parent will be notified by the building principal. A student may be assigned a designated seat near the driver.
3. Third Violation. The principal is notified by the driver in writing. The principal can suspend the riding privilege for a designated period of time.
4. Continued Violations. The third violation process is repeated.
5. A driver can request that a student be suspended from the bus for repeated minor misbehavior such as refusal to follow directions.
6. Major violations may result in bus/school suspensions, even if a first time violation.

### **Suspension Appeal**

A parent/guardian of a student wishing to appeal a bus suspension may do so by contacting the building principal within 24 hours of receipt of notification of suspension.

Students are expected to board and leave the bus at their assigned stop. Bus passes are not given for students to ride to alternative destinations. Cameras are positioned throughout the bus fleet to protect the safety of all students.

## **CAFETERIA**

Our cafeteria offers a good, moderately priced menu daily. Change will not be given to students. Any change due will be put on the student's account. At the end of the year, the remaining balance will be refunded. You may pre pay for as many lunches as you wish. Please make checks payable to Bowling Green Board of Education. For all students to enjoy lunch, appropriate behavior must be observed in the cafeteria at all times. During lunch, students are under the authority of staff members who supervise the cafeteria. Supervisors will refer students to the office for serious disruptions or misbehaviors. The following are important cafeteria rules and guidelines:

1. Enter and leave the cafeteria in an orderly fashion.
2. If you are buying food, wait courteously in the appropriate line as directed by the supervisor. Cutting in line or saving a place in line is not permitted.
3. When you have obtained your food, return to your seat and remain there. However, you may return for more food.
4. Common courtesy and good manners are always expected. Loud or boisterous behavior will not be tolerated.

7. There will be no food or drinks permitted in classrooms or hallways. Food and drink are to be consumed only in the cafeteria.

Normal parking and driving rules are to be followed. Illegal parking, speeding, reckless operation and other traffic violations will not be tolerated. Students may undergo suspension of driving privileges based upon the severity of the infraction. **The speed limit in the parking lot is 15 mph.**

Parking in the fire lanes may result in the car being towed at owner's expense.

School authorities reserve the right to search any student, student's belongings or student's vehicle at school or at a school activity on reasonable suspicion of finding items that violate school rules, policies, or the laws of the State of Ohio.

## **CELLULAR TELEPHONE AND WIRELESS COMMUNICATION DEVICES**

The use of cell phones and other personal electronic devices during school hours is subject to board policy. Students are expected to use their devices responsibly and in accordance with school rules. Unauthorized use of cell phones and other personal electronic devices during instructional time will result in disciplinary action. For specific guidelines, including expectations for use, refer to the Bowling Green Board Policy on Personal Communication Devices (Policy 5136).

## **CODE OF CONDUCT FOR ATHLETES**

The Athletic Code of Conduct booklet has been prepared that is a reference guide for regulations, existing rules, and information in concerning the athletic policies and procedures of Bowling Green City Schools. Students will implement their program through a formal plan designed by the student and approved through a Credit Flexibility Committee. Students must submit plans before the end date of the previous school year. Please see your guidance counselor for more details.

## **DRESS CODE**

In general, the Board believes that school dress should be such that it ensures the health, welfare and safety of the members of the student body and enhances a positive image of our students and the schools. Any form of dress or grooming, which attracts undue attention or violates the previous statement, is obviously unacceptable. The student will receive unexcused absences for each class they miss correcting the Dress Code violation.

Within fifteen school days after a course begins it may be dropped without penalty if student, parent, teacher, and counselor are in agreement that withdrawal is in the best interest of the student. After this period of time, a dropped class will be entered as an "F" on the student's permanent record, unless special circumstances exist to waive this action at the discretion of the teacher and administration. All decisions are subject to final administrator approval.

### **DRUGS / ALCOHOL**

Possession and/or use of illicit drugs or alcohol are illegal. School Board policy is specific concerning illegal drugs or alcohol on school property and at school-sponsored activities off Bowling Green City School property. It forbids pupils, school employees or adults to use, possess, attempt to possess, distribute or sell any drug, alcohol or look-alike drug.

(2) Any unmarked or unlabeled substance that is represented to be a controlled substance. (3) Any substance other than a controlled substance that a reasonable person would believe to be a controlled substance because of its similarity in shape, size, color, labeling, packaging or price for which it is sold or offered for sale. (4) A synthetic drug that emulates a controlled substance.

### **EARLY DISMISSAL**

No student will leave school prior to dismissal time without parent or guardian permission by a written request or coming to the school personally to request the release. Parents may call the school and speak with a staff member in the Main Office to give permission for early dismissal. No student will be released to a person other than the custodial parent or guardian without a written permission note signed by the custodial parent or guardian.

### **EARLY GRADUATION**

Any student interested in early graduation may apply to the Principal. Early graduation will be permitted that the student fulfills the credit requirement for graduation and passes the requisite tests and requirements as set forth by the State of Ohio. Students who choose early graduation will participate in the ceremony with their designated class.

## **ELIGIBILITY RULES AND GRADE POINT REQUIREMENTS FOR ATHLETES**

New requirements for athletic participation at BGHS were adopted by the Board of Education. These were required by the State Department of Education mandate in House Bill 55.

- Must be passing five class credits for the immediate nine week grading period. Must be passing at least 75% of their classes at the Middle School.
- Must also have a 2.0 GPA or higher for the immediate nine week grading period.

If a student has passed five class credits but is below the 2.0 GPA, he/she will be allowed a nine week probation period. This will allow the student to continue competition while under close scrutiny by their parents and coach. If the athlete falls below 2.0 the next nine week period, he/she will be ineligible. One probation period will be allowed during their combined freshman/sophomore years and one probation period during their combined junior/senior years. He/she must be passing five class credits at all times to be eligible regardless of GPA.

These requirements may be subject to revision.

## **EMERGENCY CLOSINGS AND DELAYS**

If school is closed or the opening delayed because of inclement weather or other conditions, the school will notify the local TV (Channel 13, 11, and 24), Radio Stations, and Social Media. Students and parents will also be notified by a pre-recorded message delivered to the telephone number on file. Parents and students are responsible for knowing about emergency closings and delays.

## **EMERGENCY REMOVAL**

If a student's presence poses a continuing danger to persons or property, or an ongoing threat of disrupting the academic process, the superintendent, or his/her designee, the principal or assistant principal may remove the student from the premises. A teacher may remove the student from curricular or extracurricular activities under his/her supervision, but not from the premises. If a teacher makes an emergency removal, reasons will be submitted to the principal in writing as soon after the removal as is reasonable. In an emergency removal, a student can be kept from class until the matter of the alleged misconduct is disposed of either by reinstatement, suspension, or expulsion. In all cases of normal disciplinary procedures in which a student is removed from a curricular or extracurricular activity for less than 24 hours and is not subject to further suspension or expulsion, due process requirements do not apply (Bowling Green Board of Education Policy - JGDA).

## **EQUAL EDUCATION OPPORTUNITY**

The Bowling Green City School District provide an equal educational opportunity for all students. Any person who believes they have been discriminated against on the basis of race, color, disability, religion, or national origin should immediately contact the School District Compliance Officer:

Dawn Dazell

Human Resources Director

419-354-0080

Complaints will be investigated in accordance with the Board of Education Policy. Any student making a complaint will be protected from retaliation.

## **FIELD TRIPS**

Throughout the school year, students will have a variety of opportunities to go on curricular, extra-curricular, and co-curricular field trips. The purpose and destination may differ and will be determined by the sponsoring teacher or coach. The principal approves all field trips and the district may provide transportation. In some situations, the students may walk. Students are to follow the directions of the teacher or chaperone during the trip and misbehaviors will be referred to the Main Office for disciplinary measures. Also in these cases, future field trips may be denied. Additionally, field trip participation may be withheld due to failing grades and/or students that are excessively absent.

## **FIRE AND TORNADO DRILLS**

Fire and tornado drills are practiced to help prevent injuries and deaths in case of an emergency. When the fire alarm sounds, students should walk from the building to their assigned areas outside the building. Each teacher will review and post the fire drill and tornado procedures within their rooms. Instructions for tornado drills will be handled in the same manner. All teachers will be assigned a designated area in the building to take their classes. Students are to listen carefully to and obey all instructions from any teacher or staff member during a drill. Failure to do so will result in a referral to the office.

## **GRADES**

All grades issued will be on the letter scale basis. Report cards are issued at the end of the nine weeks period. A student receiving an "F" for the second semester of a year course may be denied credit for the course, regardless of the grade earned for the first semester. Likewise, a student receiving an "F" for the second nine weeks of a semester course may be denied credit for the course, regardless of the grade earned for the first nine weeks. Students may receive a failing grade in courses with absences beyond the 10/20 day limit.

## **GRADES (INCOMPLETE)**

For various reasons students occasionally receive an "incomplete" on the report card. The student must assume the initiative in contacting the teacher about the reasons for the "incomplete" and the appropriate measures necessary to have it removed from the record. If, after two weeks, the work has not been done satisfactorily, the incomplete reverts to an "F". Only by the virtue of a special written arrangement with the teacher will the two week time period be extended.

Semester grades are calculated using the following percentages: Q1/3-45%, Q2/4-45%, Exam-10%. Final grades are calculated as semester 1 - 50% and semester 2 - 50%.

## **GRADING SCALE**

<b>Grade</b>	<b>Grade Range</b>	<b>Conversion Equivalent</b>	<b>Honors Conversion Equivalent</b>	<b>AP Conversion Equivalent</b>
A+	97-100	4.0	4.5	5.0
A	90-96	4.0	4.2	4.7
B+	87-89	3.5	3.7	4.2

When students transfer to Bowling Green City Schools from another school district, the grades and credits earned and reported on the official high school transcript provided by the previous school district will be honored. Advanced Placement and College Credit Plus courses will be weighted in accordance with established BGHS Advanced Placement and

6. Public Display of Affection: Showing physical affection between individuals
7. Tardy to class: not being in classroom when class is ready to begin.

### **SEARCH AND SEIZURE**

Administrators may search a student or his/her property (including purses, vehicles, knapsacks, gym bags, etc.) with or without student consent, whenever they reasonably suspect that a search will lead to the discovery of evidence of a violation of the law or school rules. The extent of the search will be governed by the seriousness of the alleged infraction and the student's age. Student lockers are property of the district and students have no reasonable expectation of privacy in their contents or in the contents of any other district property including desks or containers. School authorities may conduct random searches of lockers at any time without announcement. Unauthorized and random canine searches may also be conducted. The District may employ video cameras in common areas to include hallways, gymnasiums, cafeterias, and classrooms and on all school vehicles to and from home and extracurricular activities.

Anything found in the course of a search may be used as evidence of a violation of school rules or the law, and may be taken, held, or turned over to the police. The school reserves the right not to return items that have been confiscated.

# Bowling Green City School District - Responsible Use Policy for Technology and Network Services

Technology is provided to school students and staff for the purpose of supporting teaching and learning and the operations of the school district. Technology devices and services are part of many facets of school, work, and everyday life, and staff and students are expected to use technology responsibly while also recognizing potential risks of use. It is the Bowling Green City School District's intention to include digital citizenship expectations into the existing PBIS framework to create a positive and healthy community of technology users. This document establishes a standard of expected behavior for staff and student users as productive digital citizens.

## PBIS Core Beliefs and Digital Citizenship

### BE RESPONSIBLE

ns: *Does your behavior represent good work ethic and productivity?*

*Does your product improve knowledge and understanding?*

#### A. Identify appropriate uses of technology

- **School Work.** Use school devices, the school network, and school services for school work only. Technology use is monitored and no privacy should be assumed. The district owns all data on the network and provided services.
- **Personal activity.** Use personally owned devices on personal time and on personal services and network for personal (entertainment, social media, etc.), political, religious, or commercial activities.
- **Access appropriate material.** While Internet access at school and on student devices is filtered, it is possible that users might access inappropriate material deliberately or by accident. If you see or hear something online that makes you feel uncomfortable, exit the screen and report it to a teacher. Users may not create, access, or share inappropriate material and may not use proxy servers and other means to circumvent the filter.

#### B. Create responsibly

- Be sure projects and presentations shared within the district community and with others online contain well-documented, well-researched, accurate, and reliable information.
- Proudly cite the work you gathered from other authors to build your knowledge base.
- Learn the difference between using information from others' work and stealing others' work. Never plagiarize.
- When publishing your own work online, include safe information (first name and grade for students) and the date so that others that find it can cite your work properly.

#### C. Communicate and collaborate effectively

- Use technology to solve problems and create products with others.
- Use technology to create a polished, effective product.
- Keep in mind your audience (online or in-school communities) and purpose (to inform, to persuade, etc.).
- Communicate professionally using proper grammar, spelling, content and tone with students and staff.

#### D. Teach each other

- Remember that the work you learn, create, and share with others is more than "just a project" or lesson, you are contributing to the body of knowledge from which others can learn.

## BE RESPECTFUL

*Does your behavior disrupt technology use for yourself or others in the BGCS community?*

#### A. Care for technology resources

- Keep your device in its case to protect it from harm. Carry and use it carefully to prevent damage.
- Charge your device overnight so that it is ready for school.
- Students should take broken school devices to the office to get a loaner while your device is being repaired. Report other technical problems to a teacher or to the helpdesk.
- Avoid behavior that disrupts school technology and network services. Disconnecting, changing settings, hacking, breaking, mishandling, or other alterations will be viewed as vandalism.
- Report bad behavior on technology to a teacher or administrator.

#### B. Conserve resources

- **Bandwidth.** Our Internet and network bandwidth is shared among 3000+ users. Video, audio, and games consume large amounts of bandwidth, which impacts the network and Internet speed for other users. Use only what is needed for school work.
- **Server space.** Users have plenty of drive space to store their school work. Store files that are needed for your school assignments and lessons, and clean out files when they are no longer needed. Users may not store anything that is not directly related to their school work on school drives or school-provided services.
- **Consumables.** Please do not waste paper, ink, projector lamps, etc. Create, submit, and present electronically when possible. Personal use of school resources is not permitted. Turn off projectors when they will not be used for 30+ minutes to prolong the life of the lamp.
- **Energy.** Turn off equipment /or power strips when you are done using them.

## BE SAFE

ons: *Does your conduct impact the safety, security or reputation of yourself and others? Is your behavior honest and legal?*

#### A. Safety

- Create a positive and safe environment. Treat everyone with kindness and respect.
- Keep private or personal information offline. Avoid sharing personal information about yourself or others in messaging, social media or other online apps.
- Be careful how you present yourself online and in private messages. Digital content is permanent. What you post can be viewed and shared by anyone forever. This can be dangerous and also impact future relationships and college and job opportunities.
- Protect personal and professional reputations of other people. Help others make good decisions about what they do and say online. Do not harm or make others look bad.
- Report bad behavior. If you see or hear something that makes you uncomfortable or is hurtful to you or to someone else, report it to a teacher or trusted adult. Never participate in bullying, harassment, intimidation, or tricking others.
- Respect the privacy of others. People expect privacy in restrooms, locker rooms, and spaces being used to change clothing. Do not record in those spaces.
- Students will participate in Internet safety and digital citizenship instruction in grades K-12.

#### B. Security

- Protect your accounts. Create strong passwords or use passcodes. Never share your passwords or your accounts. Always sign out of an account when done using a device. Adults should use Multi-Factored Authentication [MFA] or Single Sign-On [SSO] whenever possible to prevent others from accessing accounts.
- Only use your own accounts. Help others who forget to logout of their accounts by immediately logging out for them. Never snoop or change anything in someone else's account.
- Be on the lookout for suspicious emails and web links and pop-ups that might be viruses and other malware that could infect your accounts and possibly spread to others' accounts and the school network. Report concerns to a teacher or to the IT department.
- Privacy of email or any electronic communication is not guaranteed and may become public information.
- Users are responsible for maintaining security of student information and other personally identifiable data and for upholding FERPA (20 U.S.C. § 1232g), the student confidentiality law (Ohio Revised Code Section 3319.321), the Ohio Privacy Act (Chapter 1347 of the Ohio Revised Code), and any other applicable privacy policies and regulations regardless of how information is accessed, transmitted, or stored.
- Staff will participate in cybersecurity training throughout the year.

#### C. Law and Ethics

- Users are responsible for following District rules and guidelines and state and federal law in their use of technology. This RUP is in compliance with state and federal telecommunications rules and regulations.

- Users will respect the ownership rights of work, ideas, or products and comply with plagiarism, copyright, and/or piracy laws. No illegal copying is permitted. Citing sources of information is expected.
- Users may not use any type of technology for academic dishonesty.

## **Other Expectations**

### *District Provided Resources for Students*

The district offers chromebooks or other assistive technology to all students in grades 1-12. Students in grades 1-5 will use the district-provided device, and students in grades 6-12 may elect to use a personal chromebook or laptop for school work. Students are expected to bring their devices to school every day and must follow the Responsible Use Policy when using technology at school and using district resources and accounts at all times. The district provides every student a Google Workplace account and many other application accounts to support their classwork. The school network provides a filtered Internet connection for staff and students in accordance with the Children's Internet Protection Act.

### *Privileges and Rights*

Staff have the authority to determine when and where technology devices may be used, and students are expected to immediately comply with directions regarding any technology. Use of school technology resources is a privilege. Users may be denied access at any time, for any reason, and possible disciplinary measures may occur if privileges are abused. School staff may collect, examine and hold any device at any time for the purpose of enforcing school policy, investigating discipline issues, or for any other school-related purpose. Students and staff should not have an expectation of privacy on the personal electronic devices brought onto school property.

### *Security and Damages*

Students and staff take full responsibility for the security, repair or maintenance of their personally owned digital devices at all times. It is recommended that all devices be labeled or otherwise identified before being brought to school. The Bowling Green City School District, and its staff or employees, is not liable for any device stolen or damaged on campus. If a device is stolen or damaged, it will be handled through the administrative office in the same manner as other personal artifacts that are impacted in similar situations.

### *Technical Support*

The Bowling Green City School District or its staff will not provide technical assistance on personally-owned devices. Instructions for accessing the appropriate school network and device settings for BGCS Google Workplace and other online accounts will be provided. Issues with online accounts should be reported to a teacher or to the student helpdesk.

### *Consequences of Improper Use*

The district determines what constitutes improper use of technology, online resources, and network services and is not limited by examples in this Policy. Use of personal equipment to violate this Policy is prohibited and is subject to search and seizure for up to thirty (30) days. Consequences for individuals violating the Responsible Use Policy vary depending on the nature and seriousness

of the violation. Consequences might include disciplinary action, loss of technology access, reimbursement of expenses and/or damages, and/or involvement of law enforcement agencies.

*No Warranties Created*

By accepting access to the Network, you understand and agree that the Bowling Green City School District, any involved Information Technology Centers, and any third-party vendors make no warranties of any kind, either express or implied, in connection with provision of access to or the use of the Network. They shall not be responsible for any claims, losses, damages or costs (including attorneys' fees) of any kind suffered, directly or indirectly, by any student or employee arising out of that User's use of and/or inability to use the Network. They shall not be responsible for any loss or deletion of data. They are not responsible for the accuracy of information obtained through electronic information resources.

## What is PBIS

- PBIS stands for ***Positive Behavioral Interventions and Support***.
- PBIS is a framework that uses evidence-based practices to create a positive school culture and learning environment for students and staff.
- PBIS recognizes that students can only meet behavioral expectations if they know what the expectations are.
- The philosophy of PBIS is that by rewarding students for positive behavior through positive praise and rewards, students will begin to build intrinsic motivation to behave in a positive way which will help create a positive learning environment in all areas of the school.
- PBIS's key attributes include proactivity, data-based decision making and a problem-solving orientation.
- Bowling Green City Schools has developed a common language for behavior expectations in each area of the school- classroom, playground, lunchroom, restrooms, hallway, etc

## PBIS Multi-Tiers of Support

PBIS is a broad range of systemic and individualized tiers of support for achieving important learning outcomes.

**PBIS Tier 1** are the school-wide prevention-based supports put into place for all students. Common Tier 1 practices may include:

- Bobcat Proud Expectations- **\*BE RESPECTFUL \*BE RESPONSIBLE \* BE SAFE**
- Positive reinforcements and acknowledgements
- Classroom management system
- Evidenced based social emotional curriculum
- Data based decision making for system changes

**PBIS Tier 2** is designed to provide targeted interventions to support students who are not responding to Tier 1 efforts. Interventions are more intensive since it targets a smaller number of students. Common Tier 2 practices may include:

- Check in Check Out
- Small groups
- Mentoring

**PBIS Tier 3** supports are more individualized supports and based on the individual need of the student. Common Tier 2 practices may include:

- Functional Behavior Assessment (FBA) and Behavior Intervention Plan (BIP)
- Individual Counseling
- Referral to Community Agency
  
- Return to Learn/Safety Plan
