ASCENSION PARISH SCHOOL BOARD MEMBERS AND SUPERINTENDENT HISTORY OF ASCENSION PARISH

Ascension, one of the fastest growing of the sixty-four parishes in Louisiana, is located just east of East Baton Rouge parish in the southern state of Louisiana. It encompasses about 290 square miles with the Mississippi River running through the parish. The three incorporated areas are Donaldsonville, located on the west side of the Mississippi River, and Gonzales and Sorrento, located on the east side of the Mississippi River. Gonzales, which started as a railroad town in the early 1800s, is the largest city with a 2016 population of 10,832. Ascension parish is a part of the Baton Rouge metropolitan statistical area. The parish is named for the Ascension of Our Lord Catholic Church, which was established in Donaldsonville in 1772 by a Franciscan missionary priest and still serves the community today.

The Houma, Bayougoula, and Chitimachas Indian tribes were the first to occupy the area before Spanish explorers arrived in the early 1500s. In 1682 Rene Robert Cavalier, Sieur de La Salle claimed the area for France. In 1762 France ceded the area to Spain, and in 1800 Spain returned the area back to Napoleon's France, who sold it to the United States as part of the Louisiana Purchase in 1803.

From the 1700s Ascension parish was largely agricultural due to the fertile land and the many waterways. Sugar cane and cotton were the primary crops until the boll weevil ruined the cotton crop from 1907-1911: then farmers began planting strawberries and vegetables.

In 1717 some 3,000 African slaves cultivated the land in Ascension parish, and their numbers continued to grow until slavery was outlawed in 1861. In 1765 Acadians were expelled from Nova Scotia and made their way to southern Louisiana. Many settled in Ascension parish, adding to the mix of the Spanish, French, African, and Native Americans already in the area.

The Ascension Parish School Board was created along with the parish of Ascension in 1807. A public school existed in Donaldsonville, on the west side of the Mississippi River, as early as 1831. It closed during the Civil War, and in 1885 was reopened as the Academy of Ascension with 200 students. Over the years Donaldsonville High school has changed locations a few times, recently to a building on Lee Avenue constructed by the Works Progress Administration in 1939 and to its current location off Louisiana Highway 1 in 1977. . A second public school named Lowery Training School was added in the 1900's for Afro-Americans. The name was later changed to Lowery High School.

HISTORY OF ASCENSION PARISH

The first school on the east side of the Mississippi River in Ascension parish was erected in 1855 on property of the American College. The two-story wooden structure was the school house for 202 students in grades 1 through 11; it was destroyed in a fire in 1918. Dutchtown High school opened in 1858. Gonzales High school was built in 1925 in a structure that remains in use by the School Board today on Burnside Avenue. Both Dutchtown High and Gonzales High were closed in 1965 and became part of East Ascension High, which opened in 1966. St. Amant High opened in 1978 to relieve overcrowding at East Ascension High. Dutchtown High reopened in 2002 as enrollment continued to increase, bringing the total number of high schools in Ascension parish to the current four. Ascension Parish School Board operates the local public schools for the parish, but the parish also has private schools and since 1998, is home to River Parishes Community College. In addition, two public high schools also existed to educate Afro-Americans. Those schools were Prairieville High School and Kennedy Memorial High School. In 2024, Prairieville High School reopened as the parish continues to grow bringing the total number of high schools in the parish to five.

BC Alwes was built in 1939, served as the site of Donaldsonville High school from 1939 until 1976, and is still used today by the School Board.

HISTORY OF ASCENSION PARISH

In the 1820's, Ascension parish was known as the "Gold Coast" because of its wealth in farming. Then, in the 1940s and 1950s land that was formerly planted was converted to raising beef cattle, a remnant of which exists today. The 1950s was the industrial era as petrochemical and other companies began building manufacturing and processing plants in Ascension and many other parishes bordering the Mississippi River. According to the United States census, in 1950 the population of Ascension parish was 22,387; by 1980 that population had more than doubled to over 50,000 residents, and as of 2020 it estimates 125,061 residents. Ascension Parish has approximately 8,700 companies and of those, the major employers are manufacturing, construction, and retail trade.

Subdivisions began appearing in Ascension parish in the 1970s. In the 1980s families began moving from nearby East Baton Rouge parish to Ascension parish to send their children to the higher-performing Ascension parish public schools, continuing the growing population trend that had started thirty years earlier. Retail establishments moved into Ascension parish and by 2000 the population had increased to 77,335. The area experienced an increase in population when families from the New Orleans area moved to parishes further north after Hurricane Katrina devastated New Orleans and the surrounding area in August 2005. Demographers project that the Ascension parish population will continue to grow for the next twenty years.

The Sunshine bridge over the Mississippi river connects Ascension parish's east and west sides.

HISTORY OF ASCENSION PARISH

Today, of the adults over age 25, 91% are high school graduates or higher and 38% have Bachelor's degrees or higher. The median age of residents in Ascension parish is 35, and the median household income is \$82,594, the highest median income in the state and higher than the United States median income of \$67, 521. 72% of Ascension parish residents are Caucasian, 23% are black or African American, and 4% are other races ¹.

The parish, which was created in 1807, adopted a home rule charter in 1993 which includes a parish president, elected at large, and eleven council members, each elected from single member districts. The historic city of Donaldsonville, founded in 1806, serves as the parish seat.

Ascension parish was once a Democratic bastion, but since the late 20th century, as in much of the south today, Ascension has registered more Republicans and election results have shifted. Although Democrats still lead in number of registrants, since the early 2000's, the majority of new voters are Republican.

According to the Ascension Economic Development Corporation, **“Ascension Parish is a true treasure. It is the gateway to a glorious and sublime portrait of time spanning more than five centuries. Ascension Parish is an immense collection of diverse histories deserving simply of recognition, celebration, and protection.”**

Local attractions include Houmas House, an antebellum plantation home; River Road African American Museum in Donaldsonville; Cajun Village in Sorrento; golf at Pelican Point; and shopping at Tanger Outlet Mall and Cabela's Outdoors in Gonzales. Gonzales, the “Jambalaya Capital of the World,” has been hosting the Jambalaya Festival since 1968. Jambalaya, made with chicken and rice, onions, garlic, salt, pepper, and other seasonings, is cooked outdoors over an open hardwood fire in big black cast iron pots in the “World Champion Jambalaya Cooking Contest” each Memorial Day weekend.

Ascension parish has hosted the annual Ascension Hot Air Balloon Championship Festival in September since 2012, and the city of Donaldsonville hosts an annual Sunshine Festival in October.

To: Members of the Ascension Parish School Board
Louisiana Department of Education
Residents of Ascension Parish

The quest for organizational excellence will continue into 2025-2026 as employees throughout the Ascension Parish School Board remain committed to daily create high quality experiences that support the academic, personal, and social development of all our 24,158 students. Major initiatives in 2025-2026 include the following:

- Pay increase for employees (\$1,500 certified/\$1,250 non-certified)
- Instructional additional staffing
- Instructional budget increase
- Maintenance budget increase
- Transportation budget increase
- IT budget increase
- Board of Education increase

The 2025-2026 budget includes a pay raise for employees. A raise can improve student outcomes, boost morale, and address potential recruitment and retention challenges. Raising teacher pay, for example, has been linked to improved student performance and graduation rates. Additionally, increases can help attract and retain qualified educators and support staff, leading to a more stable and effective school environment. An additional 8 Special Education teachers and 14 Paraprofessionals which is crucial due to increasing student needs, and the need for specialized support in inclusive classrooms. 5 additional Strength and 5 additional Powerlifting Coaches. An increase in maintenance, transportation and IT budgets will allow for better educational outcomes, supports personalized learning, ensure the safe, reliable, and efficient movement of students and staff.

On April 27, 2024, the voters of Ascension parish approved a bond renewal with the first bond proposition on August 1, 2025. This renewal will help our schools continue to provide safe and conducive learning environments for our students.

BUDGET MESSAGE

The Ascension Parish School Board practices exceptional stewardship of the funds paid and entrusted to it by the taxpayers of the state of Louisiana and residents of Ascension parish by allocating scarce and valuable financial resources to those programs and projects that best improve the delivery of instruction and increase student learning so that all students in the district can reach their full potential and become successful adults in the rapidly changing global economy of the 21st century.

The district leadership collaborates to ensure that all employees provide students with daily high-quality experiences to reach their potential in academics, assessment and skill development as evidenced by appropriate assessment scores on local, state and national assessments as well as credentials, certificates, awards and recognitions, and further strives to ensure that each student reaches his or her potential for social and emotional development that allows them to have personal and social awareness in order to support themselves and others in the spirit of teamwork and collaboration.

OVERALL ANALYSIS – GENERAL FUND

For the fiscal year 2025-2026, the school board is anticipating general fund revenues and other sources of funds of \$334 million. A difference of \$13 million from the projected 2024-2025 final budget. This difference is due to Ascension Parish School Board remaining conservative with estimating revenue sources. The three main revenue sources are MFP, Sales Tax, and Ad Valorem.

Anticipated general fund expenditures for fiscal year 2025-2026 is \$334 million. Expenditures increases are due to salaries and benefits for the raises. There is a slight increase in Maintenance and Transportation. Other areas remained flat for the following reasons:

- A clearer understanding of long-term financial goals.
- Easier financial planning

BUDGET MESSAGE

REVENUES

The three primary sources of general fund revenue for the Ascension Parish School Board are state funding through its Minimum Foundation Program (\$125.5 million), sales and use taxes (\$92million) and ad valorem taxes (\$108.5 million).

The \$3.5 billion in state funding to local public-school districts is distributed by the Louisiana Department of Education to each of the 69 school districts as an unrestricted grant through a complex three-tiered formula called the **Minimum Foundation Program (MFP)**. The formula targets 65% funding of public education from state sources and 35% from local sources overall. Therefore, since Ascension’s local revenues are relatively strong, for 2025-2026 public education in Ascension is funded 40% from the state through the MFP formula and 60% from local revenues.

In June 1965 the voters of Ascension parish approved a 1% **sales and use tax** to be used for teachers’ salaries, operating schools, and capital improvements. In April 1980 the voters approved a second 1% sales and use tax to be used for roughly the same purpose, bringing the total sales and use tax in all areas of Ascension parish levied for public education to 2%. Sales and use taxes, the School Board’s most volatile revenue source, grew at an average annual rate of 5.4% for the ten fiscal years ending between 2014 and 2023, ranging from a decline of 8.8% from 2016-2017 to 2017-2018, to an increase of 16.9% from 2021-2022 to 2022-2023.

The School Board has levied a total of 61.59 mills on the taxable value of property located within Ascension parish for the following purposes:

Purpose	Mills	Period	Expires Dec. 31	Began
Constitutional	3.61	N/A	N/A	1921
Salaries	21.00	10 years	2034	1996
Facilities	4.00	10 years	2034	1996
Technology	8.00	10 years	2035	2006
General Operations	7.40	10 years	2030	1982
Buildings	2.50	10 years	2032	1993
Bond	15.08	20 years	2038	1996
Total	61.59			

Ad valorem (property) tax revenues are expected to continue their steady increase. Since 2008-2009, when the total millage rate was increased to and has remained at 61.59 mills, ad valorem revenue has increased an average of 6.8% per year, with the largest increase of 12.2% between 2018-2019 to 2019-2020. The 2025-2026 budget includes a 12% growth in ad valorem revenues from current year projected revenues, even with the Assessor’s project of auditing the homestead exemption.

BUDGET MESSAGE

EXPENDITURES

Total anticipated general fund expenditures and other uses for the 2025-2026 fiscal year is \$334 million. A difference of \$7 million from the projected 2024-2025 final budget. Expenditures (excluding other uses of funds) of \$326.2 million are \$ 7.8million (-2%) less than projected for the current fiscal year and include the following major expenditures:

- Pay increase for employees (\$1,500 certified/\$1,250 non-certified)
- Instructional additional staffing
- Instructional budget increase
- Maintenance budget increase
- Transportation budget increase
- IT budget increase
- Board of Education increase

Employer retirement contributions to the Teachers' Retirement System of Louisiana and the Louisiana School Employees' Retirement System decreased by .56% and 3.80%, respectively, to 20.95% and 22.0%. Both multiple-employer, cost-sharing pension systems have unfunded accrued liabilities, however; on June 30, 2022, the Ascension Parish School Board's share of the total unfunded pension liabilities was over \$151 million. In 2009 the Louisiana Legislature adopted a plan to fully fund these state pension plans by 2040.

BUDGET MESSAGE

AMENDMENTS TO THE CURRENT YEAR BUDGETS

The current year general fund budget is amended for the following major changes:

- 2024-2025 One Time Stipend from the state \$6.2million
- November 2024 One Time Pay (OTP) to Staff from the district \$5.6 million.
- Support Services exceeded the budget amount by \$6.2 million
- Transfers out including Healthcare \$5 million

2024-2025 Amendment Total: \$23 million

BUDGET AMENDMENT AND ADOPTION RESOLUTION

BE IT FURTHER RESOLVED that the Secretary-Treasurer of the Ascension Parish School Board, Dr. Edith Walker, or her successor, is hereby authorized in his sole discretion to make such changes within the various budget classifications as he may deem necessary provided that any reallocation of funds affecting in excess of five percent (5%) of the projected revenue collections must be approved in advance by action of the Ascension Parish School Board at a meeting duly noticed and convened.

BE IT FURTHER RESOLVED that the Superintendent of the School Board, Dr. Edith Walker, or her successor, in his capacity as chief administrative officer of the Ascension Parish School Board, is hereby directed to advise the Ascension Parish School Board in writing when:

1. Total revenues, collections and other sources plus projected revenues and other sources for the remainder of the year, within a fund, are failing to meet total budgeted revenues and other sources by five percent (5%) or more; or
2. Total expenditures and other uses plus projected expenditures and other uses for the remainder of the year, within a fund, are exceeding the total budgeted expenditures and other uses by five percent (5%) or more; or
3. The actual beginning fund balance, within a fund, fails to meet the estimated beginning fund balance by five percent (5%) or more, and the fund balance is being used to fund current year expenditures.

BE IT FURTHER RESOLVED that the Secretary-Treasurer of the Ascension Parish School Board, Dr. Edith Walker, or his successor, shall certify completion of all actions required by Louisiana Revised Statute, Title 39, Section 1306 by publishing a notice of the minutes of the meeting in the Gonzales *Weekly Citizen*.

This Resolution having been submitted to a vote, the vote thereon was as follows:

YEAS: Robyn Penn Delaney, Julie Blouin, John Murphy, John Defrances, Jared Bercegeay
Marty Bourgeois, Taft Kleinpeter, Karen Braud, Jake Lambert

NAYS: None

ABSTAINING: None

ABSENT: None

And the resolution was declared adopted on this 17th day of June 2025.

PROPRIETARY FUND BUDGET – HEALTH CARE INTERNAL SERVICE FUND

The self-insured Health Care internal service fund, with budgeted expenditures for 2025-2026 estimated at \$55.8 million, is considered a major fund for budgeting purposes. While a budget is presented, the School Board does not formally adopt a budget for the Health Care fund, which has an economic resources measurement focus and incorporates the full accrual accounting basis for both financial reporting and budgeting purposes.

The Fresh Fruit and Vegetable Program (FFVP) provides all children in participating schools with a variety of free fresh fruits and vegetables throughout the school day. It is an effective and creative way of introducing fresh fruits and vegetables as healthy snack options. The FFVP also encourages schools to develop partnerships at the State and local level for support in implementing and operating the program.

The School Redesign Summit was an opportunity for school systems and school redesign organizations to begin brainstorming strategies to improve the achievement of persistently struggling schools across Louisiana. School systems will be developing multi-year plans to address these challenges that may include some of these partner organizations, but the Department has heard from school systems a desire to explore partnerships further before committing to any long term plans. The goal of the School Redesign Planning Grant is to allow school systems to learn more about what a potential partner could offer to their schools and students.

High Cost Services refers to IDEA State Set Aside and MFP funds made available to provide additional supports and services to LEAs serving students with high needs. The provision for states to implement High Cost grants responded to concerns that costs for services for children with the most significant disabilities negatively impact the resources of districts and states, thus making it extremely difficult to provide individualized supports and services necessary for students to thrive in the educational setting. These funds are available only to students who qualify for services under the Individuals with Disabilities Education Act.

School systems will utilize funds to serve two purposes. First to ensure that all students with disabilities have access to the same high-quality curriculum materials as their peers by providing for training on how to implement these materials to special education teachers and regular education teachers who teach students with disabilities. Second, school systems will partner with a vendor from the Partnerships for Success Guide that provides specially-designed instruction for students with disabilities in the areas of communication, assistive technology, executive functioning and sensory/environment.

During the 2018 regular legislative session, RS 17:407.23 was amended to authorize BESE to establish Ready Start Networks pilot programs to implement new strategies for increasing access to and improving the quality of publicly-funded early childhood care and education. These allocations are awarded to four cohorts of Ready Start Networks. Results of the activities undertaken by these pilots will inform the Department BESE, and the Legislature about the influence of structured, shared decision making on improving quality and access for publicly-funded early childhood programs.

During the 2018 regular legislative session, RS 17:407.23 was amended to authorize BESE to establish Ready Start Networks pilot programs to implement new strategies for increasing access to and improving the quality of publicly-funded early childhood care and education. These allocations are awarded to four cohorts of Ready Start Networks. Results of the activities undertaken by these pilots will inform the Department BESE, and the Legislature about the influence of structured, shared decision making on improving quality and access for publicly-funded early childhood programs.
