Delays are planned for the following holidays only:

July 4th • Labor Day • Thanksgiving • Christmas Day • New Year's Day • Memorial Day

When a holiday subject to delay falls on a normal collection day, collections will be delayed by one day for the remainder of the week.

Service Delays

In the event collection services are delayed, the City will notify residents through its alert messaging system. Sign up to receive alerts at medfordma.org/alerts.

Care and placement of the carts

- Always keep the lid closed to keep rain, snow, and animals out.
- Clean carts periodically.
- Since automated waste collection requires clearance for the vehicle's lifting mechanism, cars parked at the curb should be at least 5 feet from the cart.
- To allow for safe collection, 3 feet of clearance on both sides of each cart and 12 feet of clearance above each cart is required.
- Carts should be no more than 3 feet away from the road edge, with the arrow facing the road and the handles facing the house.

Dear Medford Resident,

We are excited to bring you our new annual Waste and Recycling Services Guide. This guide informs all Medford residents about the waste reduction, reuse, recycling, and composting options available to everyone and also includes detailed information about City-funded collection services for eligible residents.

For questions, please call the office of the Department of Public Works (DPW) at **(781) 393-2417** or refer to the City's website at medfordma.org/waste. Look for the **Waste and Recycling Information** button on the City's homepage.

Am I eligible for City-funded collection services?

To be eligible for collection services at no cost to you, you must be a resident living at an address with 4 units or fewer within the City of Medford, MA. Collection services for multi-family buildings 5 units or more can be arranged by your building manager through a contract with any City-permitted private collection company: medfordma.org/permits.

What are City-funded collection services?

From July 2025 through June 2026, eligible service recipients will receive weekly trash collection, every-other-week recycling collection, and 20 weeks of yard and leaf pick up. Medford households may receive City-funded weekly compost collection as part of the City's opt-in compost collection program. Visit medfordcomposts.com to sign up today!

What is my schedule for City-funded collection services?

Trash is collected weekly. Compost is collected weekly for residents who have opted-in at medfordcomposts.com. Recycling is collected every-other-week. Recycling carts with blue lids will be picked up on the **"Blue Lid"** schedule and recycling carts with green lids will be picked up on the **"Green Lid"** schedule. A calendar including these collection services as well as seasonal collection (yard & leaf pick up, holiday tree collection) is on the back of this guide.
