

ROSEVILLE AREA SCHOOLS
Independent School District No. 623

Policy 520 – Student Discipline

1.0 General Statement of Policy

The purpose of this policy is to help all members of the school community work collaboratively to create a safe, supportive and equitable school climate through the use of positive discipline practices. Positive discipline practices utilize interventions that emphasize learning over punishment. Interventions help develop understanding, address the causes of behavior, resolve conflicts, repair the harm done, restore relationships and reintegrate students into the school community.

The school board recognizes that a positive and equitable learning environment is essential for students to thrive academically and developmentally. The school board also recognizes that individual responsibility and mutual respect are essential components of the educational process. All students are entitled to learn and develop in a setting that promotes engagement, trust, equity, and respect of self, others, and property. Proper positive discipline can only result from an equitable, supportive environment that stresses student self-direction, decision-making and responsibility. We recognize that all behavior is a form of communication.

It is the position of the school district that a fair and equitable district-wide student discipline policy is a necessity, required by both federal and state law, that will contribute to the quality of all students' educational experience. This discipline policy is adopted in accordance with and subject to the Pupil Fair Dismissal Act, Minn. Stat. 121A.40-121A.56 and the Every Student Succeeds Act (ESSA), Pub.L.114-95.

In view of the foregoing and in accordance with Minn. Stat. 121A.55, the school board has adopted this policy which governs student conduct, applies to all students of the school district, and promotes an equitable positive school climate. The policy has been developed with the participation of the school board, school district administrators, teachers, employees, students, parents/guardians, community members, and such other individuals and organizations as appropriate.

2.0 Scope and Application of Policy

This policy shall apply to all District 623 students during the regular school day, while using any form of school transportation, and while attending any school sponsored events or activities, regardless of whether they occur during the

Policy 520 – Student Discipline

school day, before the school day, or after the school day, and regardless of whether they occur on or off school grounds.

This policy applies to any student whose behavior interferes with or obstructs the educational mission or operations of the school district or the safety or welfare of others.

3.0 Definitions

3.1 “Nonexclusionary disciplinary policies and practices” means policies and practices that are alternatives to dismissing a student from school, including but not limited to:

- evidence-based positive behavior interventions and supports,
- social and emotional services,
- school-linked mental health services,

3.2 “Pupil withdrawal agreement” means a verbal or written agreement between a school or district administrator and a student’s parent or guardian to withdraw a student from the school district to avoid expulsion or exclusion proceedings. The duration of the withdrawal agreement cannot be for more than a 12-month period.

4.0 Rules of Conduct

The following are examples of unacceptable behavior subject to disciplinary action by the school district. These examples are not intended to be all-inclusive. The district recognizes that whenever subjective interpretation is required to determine student conduct, the possibility of bias exists. The district further recognizes that, as a result, not all students are always disciplined in the same manner. Given this, all staff will apply this policy and impose any discipline in an equitable and consistent manner.

Any student who engages in any of the following activities shall be disciplined, and in accordance to the policy.

5.2.2 The district encourages student access to structured breaks from the demands of school and to support teachers, principals, and other school staff in their efforts to use evidence-based approaches to reduce exclusionary forms of discipline.

5.2.3 Recess detention will not be used unless:

5.2.3.1 a student causes or is likely to cause serious physical harm to other students or staff;

5.2.3.2 the student’s parent or guardian specifically consents to the use of recess detention; or

- 5.3 Removal from Class:
 - 5.3.1 The classroom teacher shall have the general control and government of the classroom. Teachers have the responsibility of attempting to modify disruptive student behavior by such means as conferring with the student, using positive reinforcement, imposing classroom level consequences, or contacting the student’s parents. When such measures fail, or when the teacher determines it is otherwise appropriate based upon the student’s conduct, the teacher shall have the authority to remove the student from class pursuant to the procedures established by this discipline policy. “Removal from class” and “removal” mean any action taken by a teacher, principal, or other school district employee to prohibit a pupil from attending a class pursuant to procedures established in the school district discipline policy adopted by the School Board.

The teacher must immediately notify the teacher assigned to the designated classroom. Upon arrival, the student becomes the responsibility of the designated teacher.

5.3.3.2 Subject to federal and state laws governing the rights of children with disabilities, the teacher may remove a student from the class and require the student to go to the school office or a school behavior support room. The teacher must immediately notify the principal or designee. Upon arrival at the school office or school behavior support room, the student becomes the responsibility of the principal or designee.

A student must be removed from class immediately if the student engages in assault or violent behavior. “Assault” is an act done with intent to cause fear in another of immediate bodily harm or death; or the intentional infliction of, or attempt to inflict, bodily harm upon another.

5.3.3.3 The removal in 5.3.3.2 shall include an informal administrative conference with the student conducted by the principal or designee.

5.3.3.4 The length of time of the removal in 5.3.3.2 shall be at the discretion of the principal or designee after consultation with the teacher. For a violation of a rule of conduct the removal shall not exceed five hours or five class periods within a given school day without notice of suspension.

If a student is removed from class more than five (5) times in a school year, the school district shall notify the parent or guardian of the student’s fifth removal from class and make reasonable attempts to convene a meeting with the student’s parent or guardian. The

student may be referred to the building problem-solving team to determine whether it is appropriate to refer the student for assessment as to whether the student is qualified for Special Education services or in need of other services. The current Individualized Education Program (IEP) or Section 504 plan may also be referred for review.

5.3.3.5 To the extent funds are available, the School District will coordinate with the County Board responsible for implementing the “Minnesota Comprehensive Children’s Mental Health Act” for crisis services for students with a serious emotional disturbance or other students who have an Individual Education Plan and who may benefit from crisis intervention.

The student’s activities during the period of removal will be at the discretion of School District staff. Student removal shall be documented and reported to the school building principal.

A student shall be returned to class upon completion of the terms of removal established at the informal administrative conference.

5.4 “Dismissal” is the denial of the student’s current educational program, including suspension, exclusion, and expulsion. Dismissal shall be imposed in accordance with the Pupil Fair Dismissal Act of 1974, as amended.

The school district shall not deny due process or equal protection of the law to any student involved in a dismissal proceeding which may result in suspension, exclusion or expulsion.

Policy 520 – Student Discipline

The school district shall not dismiss any student without attempting to use nonexclusionary disciplinary policies and procedures before dismissal proceedings or pupil withdrawal agreements, except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property.

The use of exclusionary practices to address attendance and truancy issues is prohibited.

- 5.4.1 “Expulsion” is a School Board action to prohibit an enrolled student from further attendance for up to twelve (12) months from the date the student is expelled.
- 5.4.2 “Exclusion” is an action of the School Board to prevent the enrollment or re-enrollment of a student in school for a period that shall not exceed beyond the school year.
- 5.4.3 “Suspension” is an action by the School Administration, under rules promulgated by the School Board, prohibiting a student from attending school for a period of no more than ten (10) days, except for suspensions pending expulsion, which may be a maximum of fifteen days for a student without an IEP. The Superintendent of Schools will be apprised of the reasons for suspensions exceeding five (5) days. Dismissal from school for one school day or less, except as provided in applicable federal and state law governing students with disabilities, does not constitute a suspension.
- 5.4.4 School administration must allow a suspended student the opportunity to complete all school work assigned during the period of the student’s suspension and to receive full credit for satisfactorily completing the assignments.
- 5.4.5 The suspension procedure in each school shall be in accord with the Pupil Fair Dismissal Act, including administrative conference and written notice and service of suspension.
- 5.4.6 If a student’s total days of suspension, expulsion, or exclusion exceeds ten (10) cumulative days in a school year, the School District shall make reasonable attempts to convene a meeting with the student and their parents/guardians prior to subsequent dismissal, and offer to assist in arranging a mental health screening for the student, at parent/guardian expense.

Policy 520 – Student Discipline

- 5.4.7 In the case of a student with a disability who has an Individualized Education Plan, the team will convene a Manifestation Determination meeting to review the relationship between the student's disability and the behavior subject to suspension or other removal; and determine the appropriateness of the student's education plan, if: (a) the parent requests a meeting; or (b) the student's total days of removal from their placement during the school year exceeds ten (10) cumulative days.
- 5.5 Parents or guardians shall be notified of the rules of conduct and disciplinary policy. Each school shall have a written procedure describing when and how parents or guardians will be notified. Such notification shall be distributed to parents or guardians by the end of the first month of the school year.
- 5.6 Individual schools shall develop their own procedures for handling disciplinary referrals.
- 5.6.1 Parents or guardians will be encouraged to assist school personnel in attempts to improve a student's behavior. The School District encourages early detection of discipline problems and shall involve communication between the parent or guardian and school personnel, to the extent possible.
- 5.6.2 School building procedures must be consistent with the Pupil Fair Dismissal Act and School District policies.
- 5.7 When considering expulsion or exclusion, school building administrators will review a student's record to determine whether the student is entitled to procedural safeguards under the IDEA or Section 504 of the Rehabilitation Act. A student with a disability receiving special education services under the Individuals with Disabilities Education Act (IDEA) may not be excluded or expelled for behavior which has been determined to be a manifestation of the disabling condition for which the services are provided. Parents are included in the process of such determination, as required under state and federal law.
- 5.8 A party to an expulsion or exclusion decision made by the School Board may appeal the decision to the Commissioner of the Department of Education within twenty-one (21) calendar days of School Board action pursuant to Minnesota Statutes § 121A.49. The decision of the School Board shall be implemented during the appeal to the Commissioner.

Policy 520 – Student Discipline

- 5.9 Students shall be provided alternative educational services to the extent that a dismissal (suspension, expulsion or exclusion) exceeds five (5) school days. The specific alternative educational services are at the discretion of the School District and may include, but are not limited to, special tutoring, modified curriculum, modified instruction, other modifications or adaptations, instructions through electronic media, special education services, as indicated by appropriate assessment, home bound instruction, supervised homework, or enrollment in another district or in an alternative learning center.
- 5.10 A student receiving school-based or school-linked mental health services that has been expelled, excluded or withdrawn from the School District under a pupil withdrawal agreement will be eligible to receive services until the student is enrolled in a new district. - 5.11.3 Notwithstanding this section, expulsions and exclusions may be used only after resources outlined under nonexclusionary discipline have been exhausted, and only in circumstances where there is an ongoing serious safety threat to the child or others.
- 6.0 Searching Students and Their Property
- 6.1 Personal Possession Searches

Policy 520 – Student Discipline

The personal possessions of students whether on their person, in backpacks, in desks, lockers or cars parked in the school parking lot may be subject to a reasonable search when the School District has a reasonable, individualized suspicion that evidence will be produced showing that the student violated the law or school rules.

- 6.2 School lockers and desks are the property of the School District. At no time does the School District relinquish its exclusive control of lockers provided for the convenience of students. Inspection of the interior of lockers may be conducted by school authorities for any reason, at any time, without notice, without student consent, and without a search warrant. The personal possessions of students within a school locker may be searched only when school authorities have a reasonable suspicion that the search will uncover evidence of a violation of the law or school rules. As soon as practicable after the search of a student's personal possessions, school authorities must provide notice of the search to students whose lockers were searched unless disclosure would impede an ongoing investigation by police or school officials.

7.0 Policy Considerations

7.1 Review of Policy

7.1.1 A district committee that includes administrators, teachers, support staff, and parents or guardians will confer annually to review this policy and the building procedures to determine if the policy is working as intended; any recommended changes to the policy shall be submitted to the Superintendent of Schools for consideration by the School Board (Minnesota Statute 121A.65). The School Board will conduct an annual review of the policy.

- 7.2 Copies of this policy and The Pupil Fair Dismissal Act of 1974 as amended shall be posted annually during the first month of the school year at a location of which parents/guardians are notified. Hard copies of this policy will be made available in the principal's office upon request.

A school principal, teacher, or other School District employee, school bus driver, or other agent of the School District shall not use prone restraint and shall not inflict any form of physical holding that restricts or impairs a student's ability to breathe; restricts or impairs a student's ability to communicate distress; places pressure or weight on a student's head, throat, neck, chest, lungs, sternum, diaphragm, back, or abdomen; or results in straddling a student's torso.

9.0 Discipline Complaint Process

Any person who believes they have received a discipline consequence that violates the Pupil Fair Dismissal Act, including the implementation of the local behavior and discipline policies, may file a complaint and seek corrective action when it has not been implemented appropriately or has been discriminatorily applied. The complaint must be filed in writing to the school principal (report taker) using the Discipline Complaint Process. If the complaint involves a report taker, the complaint shall be filed directly with the assistant superintendent.

9.1 The report must include a detailed account as to how the discipline violated the requirements of:

9.1.1 the Pupil Fair Dismissal Act,

9.1.2 student handbook and annual notifications, and/or

9.1.3 district policy.

9.2 The report taker shall begin to investigate complaints within three (3) school days of receipt.

9.3 The final report of findings shall include a determination of whether the allegations have been substantiated as factual using a preponderance of

the evidence standard and whether there appear to be violations of the Pupil Fair Dismissal Act and/or local behavior and discipline policies. The breadth and detail of the investigation report will depend on the circumstances of each complaint.

9.4 Upon completion of an investigation that determines the requirements of the Pupil Fair Dismissal Act and/or local behavior and discipline policies were not implemented appropriately, the final report of findings shall include a corrective action plan, that includes but is not limited to:

9.4.1 correction of the student's record;

9.4.2 training, coaching, or other accountability practices for relevant staff to ensure appropriate compliance with policies in the future.

9.5 All records resulting from a formal discipline complaint shall be sent to the assistant superintendent. Discipline complaints are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law.

9.6 Submission of a discipline complaint will not affect the complainant's or reporter's future employment, grades, work assignments, or educational or work environment.

9.7 The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's obligation to investigate, take appropriate action, and comply with any legal disclosure obligations. However, the school district is unable to guarantee confidentiality to any individual.

9.8 The school district prohibits reprisals or retaliation against any person who asserts, alleges, or reports a complaint, and will impose appropriate consequences for any person who engages in reprisal or retaliation.
