Dear Lagway Families,

I want to take a moment to express how proud I am of our students and staff for the effort, perseverance, and commitment they showed during the STAAR testing this spring. Our students worked hard to show what they know, and we are so proud of the growth and learning happening every day at our campus.

STAAR (State of Texas Assessments of Academic Readiness) is designed to measure how well students have learned the knowledge and skills outlined in the state standards. While it's just one piece of the puzzle, it provides helpful insight into your child's academic progress.

You are now able to access your child's STAAR results for grades 3–5 by logging into [Parent Self-Serve](#) using Google Chrome. (Please note: STAAR scores are not accessible through the Willis ISD mobile app.) After logging in, you'll see a link to the Texas Assessment Parent Portal, where you can view your child's scores along with detailed information for each question, showing areas of strength and where more support may be needed.

We encourage you to take a few minutes to review the results with your child and celebrate their efforts and growth. Sharing this information with them is a great way to set goals for the coming school year.

Instructions for accessing your child's results are available [here](#).

More information about STAAR can be found at:
<https://www.texasassessment.gov/staar.html>

Thank you for your continued support in helping your child grow and succeed!

Mrs. Wilder
