Thank You, Local Voters!

We are grateful to the voters of Shoreline and Lake Forest Park who have supported the continued improvements of our facilities!

We have not had a bond measure on a ballot in recent years, but our facilities still benefit from voter support of Capital Projects! Seen here is the modernized field at Briarcrest Elementary with solar panels in the background. Also bond-funded are essential safety and security improvements, upgraded roofs, and HVAC systems that ensure that they are environments where each student can grow and achieve academic, social, and emotional excellence.

Planning for Tomorrow Today

Beginning this fall, Shoreline Schools' Long-Range Facilities Planning Committee will begin developing a comprehensive plan for the next 15 years, ensuring alignment with the district's educational programs, demographic changes, and community needs, which may also inform future bonds.

Interested in joining the committee? Apply at: ssd412.org/planning

Shoreline Public Schools does not discriminate in any programs or activities on the basis of sex, race, creed, religion, color, national origin, age, veteran or military status, sexual orientation, gender expression or identity, disability, or the use of a trained dog guide or service animal and provides equal access to the Boy Scouts and other designated youth groups. Inquiries regarding compliance and/or grievance procedures may be directed to the District's Title IX Officer Treena Sterk, and/or Section 504/ADA Coordinator Trish Rodgers, Shoreline Public Schools, 18560 1st Ave. NE, Shoreline, WA 98155, 206-393-6111.

Superintendent's Message

Dear Shoreline Schools Community,

As we continue to navigate the challenges brought on by ongoing budget shortfalls, I want to take a moment to acknowledge the resilience and commitment of our community. These financial constraints have not been easy, and I recognize the difficult choices and concerns they have created for our students, families, staff, and broader school community.

I want to assure you that even amid these challenges, we are not without direction. Our district's strategic plan, Envision Shoreline, continues to serve as a clear roadmap, guiding our efforts to maintain high-quality education, support student success, and invest in what matters most. It helps us stay focused on long-term, student-centered goals while making responsible, informed choices today.

Please read this abbreviated version of *The Flagship* for a glimpse of the student successes taking place in our community and our commitment to developing resilient, adaptable, and well-rounded global citizens who are equipped to confidently navigate both academic challenges and the broader demands of life, ultimately leading to personal and professional fulfillment. I encourage you to visit our website, ssd412.org, and follow our social media channels for more inspiring stories.

Thank you for your continued support, your partnership, and your belief in the strength of public education. Together, we will continue moving forward with purpose and care for every student we serve.

With gratitude,
Dr. Susana Reyes
Superintendent

Shoreline Public Schools Foundation

Providing generous grants and ongoing support of education, enrichment, and opportunity for all students, the Shoreline Public Schools Foundation is an invaluable resource for our schools.

ENVISION SHORELINE

Engage. Inspire. Empower.

All Students Literate | Each Student Thriving | Every Student Supported

Our strategic plan, "Envision Shoreline," is built around three areas of focus that create an integrated framework designed to ensure that students are prepared to thrive academically, socially, and emotionally.

To track our progress, we have set three ambitious targets. By Spring of 2029:

- 85% of Shoreline 5th and 8th graders will **read at grade level**
- 95% of Shoreline students will **report feeling safe and welcome in school**
- 95% of Shoreline students will **graduate on time**

In Brief: Bright Moments from Our Schools

STEM & Health Initiatives Thrive

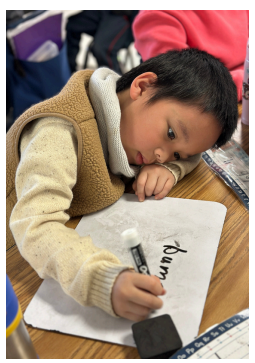

Shorecrest and Shorewood high schools, Einstein Middle School, and Cascade K-8 Community School's Technology Student Association (TSA) teams achieved great success at the state level, earning awards in categories such as music production, robotics, and cybersecurity.
Learn more: ssd412.org/WTSA2025

We are also proud of our 9th grade Health for Life students, who engaged in meaningful, student-led research projects. Each student selected a topic they are passionate about and developed ways to advocate for positive change in their community, showcasing both creativity and a strong sense of civic responsibility.

Pathways to Possibility

Shoreline School District is deeply committed to strong literacy instruction in the early elementary years, recognizing that literacy is the foundation for all learning and a gateway to future educational and life opportunities. We are dedicated to using research-based practices to teach essential skills in reading, comprehension, and writing. Our educators are equipped through professional development opportunities with evidence-informed strategies to support every student in becoming a confident, capable reader and writer, ensuring equitable access to academic success from the very beginning.

Graduation Rates Surpass State Averages
