4. At least annually, all staff shall receive training on the risk factors and warning signs of suicide, suicide prevention, intervention, referral, and postvention.

5. At a minimum, all staff shall participate in training on the core components of suicide prevention (identification of suicide risk factors and warning signs, prevention, intervention, referral, and postvention) at the beginning of their employment or annually. Core components of the general suicide prevention training shall include:

    a. Suicide risk factors, warning signs, and protective factors.
    b. How to talk with a student about thoughts of suicide.
    c. How to respond appropriately to the youth who has suicidal thoughts. Such responses shall include constant supervision of any student judged to be at risk for suicide and an immediate referral for a suicide risk assessment.
    d. Emphasis on immediately referring (same day) any student who is identified to be at risk of suicide for assessment while staying under constant monitoring by staff member.
    e. Emphasis on reducing stigma associated with mental illness and that early prevention and intervention can drastically reduce the risk of suicide.
    f. Reviewing the data annually to look for any patterns or trends of the prevalence or occurrence of suicide ideation, attempts, or death. Data from the California School Climate, Health, and Learning Survey (Cal-SCHLS) should also be analyzed to identify school climate deficits and drive program development. See the Cal-SCHLS Web site at http://cal-schls.wested.org/.
    g. Information regarding groups of students judged by the school, and available research, to be at elevated risk for suicide. These groups include, but are not limited to, the following:
        i. Youth affected by suicide.
        ii. Youth with a history of suicide ideation or attempts.
        iii. Youth with disabilities, mental illness, or substance abuse disorders.
        iv. Lesbian, gay, bisexual, transgender, or questioning youth.
        v. Youth experiencing homelessness or in out-of-home settings, such as foster care.
        vi. Youth who have suffered traumatic experiences.
        vii. [Charter School may Insert other Local Youth Populations Vulnerable to Depression and Suicide].

6. In addition to initial orientations to the core components of suicide prevention, ongoing annual staff professional development for all staff may include the following components:

    a. The impact of traumatic stress on emotional and mental health.
    b. Common misconceptions about suicide.
    c. Charter School and community suicide prevention resources.
    d. Appropriate messaging about suicide (correct terminology, safe messaging guidelines).
    e. The factors associated with suicide (risk factors, warning signs, protective factors).
    f. How to identify youth who may be at risk of suicide.
    g. Appropriate ways to interact with a youth who is demonstrating emotional distress or is suicidal. Specifically, how to talk with a student about their thoughts of suicide and (based on Charter School guidelines) how to respond to such thinking; how to talk with a student about

thoughts of suicide and appropriately respond and provide support based on Charter School guidelines.

h. Charter School-approved procedures for responding to suicide risk (including multi-tiered systems of support and referrals). Such procedures should emphasize that the suicidal student should be constantly supervised until a suicide risk assessment is completed.
i. Charter School-approved procedures for responding to the aftermath of suicidal behavior (suicidal behavior postvention).
j. Responding after a suicide occurs (suicide postvention).
k. Resources regarding youth suicide prevention.
l. Emphasis on stigma reduction and the fact that early prevention and intervention can drastically reduce the risk of suicide.
m. Emphasis that any student who is identified to be at risk of suicide is to be immediately referred (same day) for assessment while being constantly monitored by a staff member.

Specialized Professional Development for School-based Mental Health Staff (Screening and/or Assessment

Additional professional development in suicide risk assessment (SRA) and crisis intervention is provided to designated student mental health professionals, including but not limited to school counselors, psychologists, healthy youth school therapist, social workers, administrators, and nurses employed by Charter School. Training for these staff is specific to conducting SRAs, intervening during a crisis, de-escalating situations, interventions specific to preventing suicide, making referrals, safety planning, and re-entry.

Specialized Professional Training for targeted School-based mental health staff includes the following components:

- Best practices and skill building on how to conduct an effective suicide risk screening/SRA using an evidence-based, Charter-approved tool; Patient Health Questionnaire 9 (PHQ-9) Depression Scale; BSS Beck Scale for Suicide Ideation ; National Institute of Mental Health (NIMH)'s Ask Suicide-Screening Questions (ASQ) Toolkit; and the Adolescent Suicide Assessment Protocol – 20.
- Best practices on approaching and talking with a student about their thoughts of suicide and how to respond to such thinking, based on district guidelines and protocols.
- Best practices on how to talk with a student about thoughts of suicide and appropriately respond and provide support based on district guidelines and protocols.
- Best practices on follow up with parents/caregivers.
- Best practices on re-entry.

Virtual Screenings for Suicide Risk

Virtual suicide prevention efforts include checking in with all students, promoting access to school and community-based resources that support mental wellbeing and those that address mental illness and give specific guidance on suicide prevention.

Charter School has established a protocol for assigning school staff to connect with students during distance learning and school closures. In the event of a school closure, Charter School has determined a process and protocols to establish daily or regular contact with all students. Staff understand that any concern about a

student's emotional wellbeing and/or safety must be communicated to the appropriate school staff, according to Charter School protocols.

Charter School has determined a process and protocols for school-based mental health professionals to establish regular contact with high-risk students, students who are on their caseloads, and those who are identified by staff as demonstrating need. When connecting with students, staff are directed to begin each conversation by identifying the location of the student and the availability of parents or caregivers. This practice allows for the staff member to ensure the safety of the student, particularly if they have expressed suicidal thoughts.

Employee Qualifications and Scope of Services
Employees of the Charter School must act only within the authorization and scope of their credential or license. While it is expected that school professionals are able to identify suicide risk factors and warning signs, and to prevent the immediate risk of a suicidal behavior, treatment of suicidal ideation is typically beyond the scope of services offered in the school setting. In addition, treatment of the mental health challenges often associated with suicidal thinking typically requires mental health resources beyond what schools are able to provide.

Parents, Guardians, and Caregivers Participation and Education

1. Parents/guardians/caregivers may be included in suicide prevention efforts. At a minimum, the Charter School shall share this Policy with parents/guardians/caregivers by notifying them where a complete copy of the policy is available.

This Suicide Prevention Policy shall be easily accessible and prominently displayed on the Charter School Web page and included in the parent handbook.

2. Parents/guardians/caregivers should be invited to provide input on the development and implementation of this policy.

3. Charter School shall establish and widely disseminate a referral process to all parents/guardians/caregivers/families, so they are aware of how to respond to a crisis and are knowledgeable about protocols and school, community-based, and crisis resources.

4. Community-based organizations that provide evidence-based suicide-specific treatments shall be highlighted on the Charter School's website with treatment referral options marked accordingly.

5. Staff autoreplies during vacations or absences shall include links to resources and phone/text numbers so parents and students have information readily available.

6. All parents/guardians/caregivers may have access to suicide prevention training that addresses the following:

    a. Suicide risk factors, warning signs, and protective factors.
    b. How to talk with a student about thoughts of suicide.

c. How to respond appropriately to the student who has suicidal thoughts. Such responses shall include constant supervision of any student judged to be at risk for suicide and referral for an immediate suicide risk assessment.
d. Charter School's referral processes and how they or their children can reach out for help, etc.

Formatted: Tab stops: 6.25", Left

7. Parents/guardians/caregivers are reminded that the Family Educational Rights and Privacy Act ("FERPA") generally protects the confidentiality of student records, which may sometimes include counseling or crisis intervention records. However, FERPA's health or safety emergency provision permits the disclosure of personally identifiable information from a student's education records to appropriate parties, in order to address a health or safety emergency when the disclosure is necessary to protect the health or safety of the student or other individuals.

Student Participation and Education

Messaging about suicide has an effect on suicidal thinking and behaviors. Consequently, Charter School along with its partners has carefully reviewed and will continue to review all materials and resources used in awareness efforts to ensure they align with best practices for safe messaging about suicide. Suicide prevention strategies may include, but not be limited to, efforts to promote a positive school climate that enhances students' feelings of connectedness with Charter School and is characterized by caring staff and harmonious interrelationships among students.

Charter School's instructional and student support program shall promote the healthy mental, emotional, and social development of students including, but not limited to, the development of problem-solving skills, coping skills, and resilience. The instruction shall not use the stress model to explain suicide.

Charter School's instructional curriculum may include information about suicide prevention, as appropriate or needed. If suicide prevention is included in the Charter School's instructional curriculum, it shall consider the grade level and age of the students and be delivered and discussed in a manner that is sensitive to the needs of young students. Under the supervision of an appropriately trained individual acting within the scope of her/his credential or license, students shall:

1. Receive developmentally appropriate, student-centered education about the warning signs of mental health challenges and emotional distress. The content of the education may include:

    a. Coping strategies for dealing with stress and trauma.
    b. How to recognize behaviors (warning signs) and life issues (risk factors) associated with suicide and mental health issues in oneself and others.
    c. Help-seeking strategies for oneself and others, including how to engage school-based and community resources and refer peers for help.
    d. Emphasis on reducing the stigma associated with mental illness and the fact that early prevention and intervention can drastically reduce the risk of suicide.

2. Receive developmentally appropriate guidance regarding Charter School's suicide prevention, intervention, and referral procedures.

Student-focused suicide prevention education can be incorporated into classroom curricula (e.g., health classes, orientation classes, science, and physical education).

Charter School will support the creation and implementation of programs and/or activities on campus that raise awareness about mental wellness and suicide prevention (e.g., Mental Health Awareness Week, Peer Counseling, Freshman Success, and National Alliance on Mental Illness on Campus High School Clubs).

Charter School maintains a list of current student trainings and is available upon request. Charter School has shared school-based supports and self-reporting procedures, so students are able to seek help if they are experiencing thoughts of suicide or if they recognize signs with peers. Although confidentiality and privacy are important, students should understand safety is a priority and if there is a risk of suicide, school staff are required to report. Charter-based mental health professionals are legally and ethically required to report suicide risk. **When reporting suicidal ideation or an attempt, school staff must maintain confidentiality and only share information limited to the risk or attempt**.

Charter School shall establish and widely disseminate a referral process to all students, so they know how to access support through school, community-based, and crisis services. Students shall be encouraged to notify a staff member when they are experiencing emotional distress or suicidal ideation, or when they have knowledge or concerns of another student's emotional distress, suicidal ideation, or attempt.

Intervention and Emergency Procedures
Whenever a staff member suspects or has knowledge of a student's suicidal intentions, they shall promptly notify the primary designated suicide prevention liaison. If this primary suicide prevention liaison is unavailable, the staff shall promptly notify the secondary suicide prevention liaison.

The suicide prevention liaison shall immediately notify the Deputy Superintendent School Services and Founding Director ~~Deputy Superintendent School Services~~ or designee, who shall then notify the student's parent/guardian as soon as possible if appropriate and in the best interest of the student. Determination of notification to parents/guardians/caregivers should follow a formal initial assessment to ensure that the student is not endangered by parental notification.

The suicide prevention liaison shall also refer the student to mental health resources at Charter School or in the community.

When a student is in imminent danger (has access to a gun, is on a rooftop, or in other unsafe conditions), a call shall be made to 911. The call shall NOT be made in the presence of the student and the student shall not be left unsupervised. Staff shall NOT physically restrain or block an exit.

When a suicide attempt or threat is reported on campus or at a school-related activity, the suicide prevention liaison shall, at a minimum:

1. Ensure the student's physical safety by one or more of the following, as appropriate:

    a. Securing immediate medical treatment if a suicide attempt has occurred.
    b. Securing law enforcement and/or other emergency assistance if a suicidal act is being actively threatened.

c. Keeping the student under continuous adult supervision until the parent/guardian and/or appropriate support agent or agency can be contacted and has the opportunity to intervene.
d. Remaining calm, keeping in mind the student is overwhelmed, confused, and emotionally distressed.
e. Moving all other students out of the immediate area.
f. Not sending the student away or leaving him/her alone, even to go to the restroom.
g. Providing comfort to the student, listening and allowing the student to talk and being comfortable with moments of silence.
h. Promising privacy and help, but not promising confidentiality.

2. Document the incident in writing as soon as feasible.

3. Follow up with the parent/guardian and student in a timely manner to provide referrals to appropriate services as needed and coordinate and consult with the county mental health plan if a referral is made for mental health or related services on behalf of a student who is a Medi-Cal beneficiary. **Determination of notification to parents/guardians/caregivers should follow a formal initial assessment to ensure that the student is not endangered by parental notification**.

4. After a referral is made, Charter School shall verify with the parent/guardian that the follow-up treatment has been accessed. Parents/guardians will be required to provide documentation of care for the student. If parents/guardians refuse or neglect to access treatment for a student who has been identified to be at risk for suicide or in emotional distress, the suicide prevention liaisons shall meet with the parent to identify barriers to treatment (e.g., cultural stigma, financial issues) and work to rectify the situation and build understanding of care. If follow up care is still not provided, Charter School may contact Child Protective Services.

5. Provide access to counselors or other appropriate personnel to listen to and support students and staff who are directly or indirectly involved with the incident at Charter School.

6. Provide an opportunity for all who respond to the incident to debrief, evaluate the effectiveness of the strategies used, and make recommendations for future actions.

In the event a suicide occurs or is attempted on the Charter School campus, the suicide prevention liaison shall follow the crisis intervention procedures contained in Charter School's safety plan. After consultation with the Deputy Superintendent School Services and Founding Director ~~Deputy Superintendent School Services~~ or designee and the student's parent/guardian about facts that may be divulged in accordance with the laws governing confidentiality of student record information, the Deputy Superintendent School Services and Founding Director ~~Deputy Superintendent School Services~~ or designee may provide students, parents/guardians, and staff with information, counseling, and/or referrals to community agencies as needed. Charter School staff may receive assistance from Charter School counselors or other mental health professionals in determining how best to discuss the suicide or attempted suicide with students.

In the event a suicide occurs or is attempted off the Charter School campus and unrelated to school activities, the Deputy Superintendent School Services and Founding Director ~~Deputy Superintendent School Services~~ or designee shall take the following steps to support the student:

1. Contact the parent/guardian and offer support to the family.

2. Discuss with the family how they would like Charter School to respond to the attempt while minimizing widespread rumors among teachers, staff, and students.

3. Obtain permission from the parent/guardian to share information to ensure the facts regarding the crisis are correct.

4. The suicide prevention liaisons shall handle any media requests.

5. Provide care and determine appropriate support to affected students.

6. Offer to the student and parent/guardian steps for re-integration to school. Re-integration may include obtaining a written release from the parent/guardian to speak with any health care providers; conferring with the student and parent/guardian about any specific requests on how to handle the situation; informing the student's teachers about possible days of absences; allowing accommodations for make-up work (being understanding that missed assignments may add stress to the student); appropriate staff maintaining ongoing contact with the student to monitor the student's actions and mood; and working with the parent/guardian to involve the student in an aftercare plan; providing parent's/guardians/caregivers/families local emergency numbers for after school and weekend emergency contacts.

Supporting Students during or after a Mental Health Crisis

Students shall be encouraged through the education program and in Charter School activities to notify a teacher, the Deputy Superintendent School Services and Founding Director~~Deputy Superintendent School Services~~, another Charter School administrator, psychologist, Charter School counselor, suicide prevention liaisons, or other adult when they are experiencing thoughts of suicide or when they suspect or have knowledge of another student's suicidal intentions. Charter School staff should treat each report seriously, calmly, and with active listening and support. Staff should be non-judgmental to students and discuss with the student, and parent/guardian, about additional resources to support the student.

Responding After a Suicide Death (Postvention)
A death by suicide in the school community (whether by a student or staff member) can have devastating consequences on the school community, including students and staff. Charter School shall follow the below action plan for responding to a suicide death, which incorporates both immediate and long-term steps and objectives:

The suicide prevention liaison shall:

1. Coordinate with the Deputy Superintendent School Services and Founding Director ~~Deputy Superintendent School Services~~ to conduct an initial meeting of the Suicide Prevention Crisis Team to:

    a. Confirm death and cause.

b. Identify a staff member to contact deceased's family (within 24 hours).
c. Enact the Suicide Postvention Response.
d. Notify all staff members (ideally in-person or via phone, not via e-mail or mass notification).

2. Coordinate an all-staff meeting, to include:

   a. Notification (if not already conducted) to staff about suicide death.
   b. Emotional support and resources available to staff.
   c. Notification to students about suicide death and the availability of support services (if this is the protocol that is decided by administration).
   d. Share information that is relevant and that which you have permission to disclose.

3. Prepare staff to respond to needs of students regarding the following:

   a. Review of protocols for referring students for support/assessment.
   b. Talking points for staff to notify students.
   c. Resources available to students (on and off campus).

4. Identify students significantly affected by suicide death and other students at risk of imitative behavior and refer them to a school-based mental health professional.

5. Identify students affected by suicide death but not at risk of imitative behavior.

6. Communicate with the larger school community about the suicide death. Staff shall not share explicit, graphic, or dramatic content, including the manner of death.

7. Consider funeral arrangements for family and school community.

8. Respond to memorial requests in respectful and non-harmful manner; responses should be handled in a thoughtful way and their impact on other students should be considered.

9. Identify media spokesperson if needed.

10. Ensure that all communications, documents, materials related to messaging about suicide avoid discussing details about method of suicide, avoid oversimplifying (i.e. identifying singular cause of suicide), avoid sensational language, and only includes clear, respectful, people-first language that encourages an environment free of stigma. As part of safe messaging for suicide, we use specific terminology when referring to actions related to suicide or suicidal behavior:

Use	Do Not Use
"Died by suicide" **or** **"Took their own life"**	**"Committed suicide"** **Note:** Use of the word "commit" can imply crime/sin

Formatted: Tab stops: 6.25", Left

Use	Do Not Use
"Attempted suicide"	**"Successful" or "unsuccessful"** **Note:** There is no success, or lack of success, when dealing with suicide

Formatted: Tab stops: 6.25", Left

11. Include long-term suicide postvention responses:

    a. Consider important dates (i.e., anniversary of death, deceased birthday, graduation, or other significant event) and how these will be addressed.
    b. Support siblings, close friends, teachers, and/or students of deceased.
    c. Consider long-term memorials and how they may impact students who are emotionally vulnerable and at risk of suicide.

Student Identification Cards

Charter School will include the telephone numbers on all student identification cards:

- National Suicide Prevention Lifeline/Suicide Crisis Lifeline:
  - Call or Text "988"
  - Call 1-800-273-8255
- National Domestic Violence Hotline: Call 1-800-799-7233

Limitations on Restraint and Seclusion of Students with ~~(Full Board Policy)~~Disabilities *(Full Board Policy)*

Formatted: Font: Not Bold, Italic, No underline

Policy #3330
Approved: June 26, 2024
Amended: June 24, 2025

Altus Schools Southern CA (which operates Audeo Charter School II, Audeo Valley Charter School, Altus Schools Coachella Valley, Altus Schools East County, Altus Schools Mirus, Altus Schools North County, and Altus Schools South Bay~~Altus Schools East County, Altus Schools North County, Altus Schools South Bay, Audeo Charter School II, Audeo Valley Charter School, and Mirus Secondary School~~, hereinafter collectively "Charter School") staff shall avoid the use of seclusion and behavioral restraint of students whenever possible. Seclusion or behavioral restraint may be used only to control student behavior that poses a clear and present danger of serious physical harm to the student or others, which cannot be prevented by a response that is less restrictive. Seclusion and behavioral restraint of students shall not be used in any form as a means of coercion, discipline, convenience, or retaliation.

The Governing Board ("Board") recognizes that any effort to change the behavior of another individual represents a degree of intrusion into that individual's life. To justify that intrusion, reasonable assurances must be given that, as a result of the intervention, the individual's behavior will change in a timely manner and that this change will benefit the individual. Therefore, in accordance with law, all efforts to change behavior must be based on effective techniques and the least intrusive procedure likely to be effective will be used.

Definitions

- "*Behavioral restraint*" includes mechanical restraint or physical restraint used as an intervention when a student presents an immediate danger to self or to others. Behavioral restraint does not include postural restraints or devices used to improve a student's mobility and independent functioning rather than to restrict movement.

- "*Mechanical restraint*" means the use of a device or equipment to restrict a student's freedom of movement. Mechanical restraint does not include the use of devices as prescribed by an appropriate medical or related services professional, including, but not limited to, adaptive devices or mechanical supports used to achieve proper body position, balance, or alignment; vehicle safety restraints during the transport of a student; restraints for medical immobilization; or orthopedically prescribed devices which permit a student to participate in activities without risk of harm. Mechanical restraint also does not include the use of devices by peace officers or security personnel for detention or for public safety purposes.

- "*Physical restraint*" means a personal restriction that immobilizes or reduces the ability of a student to move his or her torso, arms, legs, or head freely. "Physical restraint" does not include a physical escort, which means a temporary touching or holding of the hand, wrist, arm, shoulder, or back for the purpose of inducing a student who is acting out to walk to a safe location. "Physical restraint" also does not include the use of force by peace officers or security personnel for detention or for public safety purposes.

- "*Prone restraint*" means the application of a behavioral restraint on a student in a facedown position.
- "*Seclusion*" means the involuntary confinement of a student alone in a room or an area from which the student is physically prevented from leaving. Seclusion does not include a timeout involving the monitored separation of the student in an unlocked setting, which is implemented for the purpose of calming the student.

Prohibitions

Charter School staff shall not take any of the following actions:

1. Use seclusion or a behavioral restraint for the purpose of coercion, discipline, convenience, or retaliation.

2. Use locked seclusion, unless it is in a facility otherwise licensed or permitted by state law to use as a locked room.

3. Use a physical restraint technique that obstructs a student's respiratory airway or impairs a student's breathing or respiratory capacity, including a technique in which a staff member places pressure on the student's back or places his/her body weight against the student's torso or back.

4. Use a behavioral restraint technique that restricts breathing, including, but not limited to, the use of a pillow, blanket, carpet, mat, or other item to cover a student's face.

5. Place a student in a facedown position with the student's hands held or restrained behind the student's back.

6. Use a behavioral restraint for longer than is necessary to contain the behavior that poses a clear and present danger of serious physical harm to the student or others.

7. Utilize any amount of force that exceeds that which is reasonable and necessary under the circumstances.

8. Administer a drug that is not a standard treatment for a student's medical or psychiatric condition in order to control the student's behavior or restrict the student's freedom of movement.

9. Utilize any behavioral intervention that is designed to, or likely to, cause physical pain, including, but not limited to, electric shock.

10. Utilize any behavioral intervention that involves the release of noxious, toxic, or otherwise unpleasant sprays, mists, or substances in proximity to the face of the individual.

11. Utilize any behavioral intervention that denies adequate sleep, food, water, shelter, bedding, physical comfort, or access to bathroom facilities.

12. Utilize any behavioral intervention that is designed to subject, used to subject, or likely to subject, the individual to verbal abuse, ridicule, or humiliation, or that can be expected to cause excessive emotional trauma.

13. Utilize any behavioral interventions that employ a device, material, or objects that simultaneously immobilize all four extremities, including the procedure known as prone containment, except that prone containment or similar techniques may be used by trained personnel as a limited emergency intervention.

14. Utilize any behavioral intervention that precludes adequate supervision of the individual.

15. Utilize any behavioral intervention that deprives the individual of one or more senses.

Limited Use of Seclusion or Restraint

As stated above, Charter School staff shall avoid the use of seclusion and behavioral restraint of students whenever possible. Seclusion or behavioral restraint may be used only to control student behavior that

poses a clear and present danger of serious physical harm to the student or others, which cannot be prevented by a response that is less restrictive. No emergency intervention shall be employed for longer than is necessary to contain the behavior. A situation that requires prolonged use of an emergency intervention shall require the staff to seek assistance of the Charter School Deputy Superintendent School Services and Founding Director ~~Deputy Superintendent Schools Services~~ ("Deputy Superintendent") or the Administrator of Instructional Services and/or law enforcement as applicable to the situation.

If a student is put in seclusion, the student shall be under constant, direct observation of a staff member. Such observation may be through a window or another barrier through which the staff member is able to make direct eye contact with the student but shall not be made through indirect means such as a security camera or closed-circuit television.

If a student is restrained, staff shall afford the student the least restrictive alternative and the maximum freedom of movement, and shall use the least number of restraint points, while ensuring the physical safety of the student and others.

If a prone restraint technique is used on a student, a staff member shall observe the student for any signs of physical distress throughout the use of the restraint. Whenever possible, the staff member monitoring the student shall not be involved in restraining the student.

Special Education Reporting Requirements

For students with exceptional needs, the student's parent/guardian or shall be notified within one (1) school day if a restraint or seclusion is used or serious property damage occurs. A behavioral emergency report ("BER") shall immediately be completed and maintained in the student's file.

The BER shall include all of the following:

1. The name and age of the individual with exceptional needs.
2. The setting and location of the incident.
3. The name of the staff or other persons involved.
4. A description of the incident and the emergency intervention used, and whether the individual with exceptional needs is currently engaged in any systematic behavioral intervention plan.
5. Details of any injuries sustained by the individual with exceptional needs, or others, including staff, as a result of the incident.

All BERs shall immediately be forwarded to, and reviewed by, the Charter School Deputy Superintendent.

If a BER is written regarding an individual with exceptional needs who does not have a behavioral intervention plan ("BIP"), the Charter School Deputy Superintendent shall, within two (2) days, schedule an individualized education program ("IEP") team meeting to review the BER, to determine the necessity for a

functional behavioral assessment ("FBA"), and to determine the necessity for an interim plan. The IEP team shall document the reasons for not conducting the FBA, not developing an interim plan, or both, as applicable. If a BER is written regarding an individual with exceptional needs who has a BIP, and the incident involved a previously unseen serious behavior problem, or a previously designed intervention was ineffective, the IEP team will review the BER and determine if the incident constitutes a need to modify the BIP.

In the case of a child whose behavior impedes the child's learning or that of others, the IEP team shall consider the use of positive behavioral interventions and supports, and other strategies, to address that behavior.

Restraint administered to a student with a disability pursuant to a FBA, IEP, and BIP, developed in accordance with state and federal law to which the Charter School and the student's parents or guardians have agreed, shall be deemed to meet the requirements of these procedures.

Documentation and Website Posting Requirement

The Charter School Deputy Superintendent or designee shall annually collect data on the number of times that seclusion, mechanical restraint, and physical restraint were used on students and the number of students subjected to such techniques.

The data shall be disaggregated by race/ethnicity and gender, and reported for students with a Section 504 plan, students with an IEP, and all other students. This report shall be submitted to the California Department of Education ("CDE") no later than three (3) months after the end of each school year and shall be available as a public record.

The data collected and reported per the above shall be available as a public record and posted annually on the Charter School's internet website.

Monitoring and Training

Charter School shall continuously monitor the use of restraints and seclusions in an effort to prevent the inappropriate uses of these practices. Charter School shall adhere to the following:

1. Staff who implement BIPs for students with disabilities shall be properly trained, have access to the student's IEP, be knowledge about its contents, and understand the responsibilities for implementation.

2. A Behavioral Intervention Case Manager ("BICM") or Board-Certified Behavior Analyst ("BCBA") shall train all staff working with a student with an IEP to appropriately implement the student's BIP and appropriate interventions.

3. Only staff trained in emergency interventions may use them.

4. Charter School shall keep a detailed record of the training provided to personnel who may utilize emergency interventions and update the information annually to ensure that personnel qualifications and training comply with Charter School and/or special education local plan area ("SELPA") policies.

5. Prior to contracting with a nonpublic school ("NPS") or a residential treatment center ("RTC") for placement of a student with an IEP, Charter School shall ensure that the NPS or RTC trains staff who will have contact or interaction with students during the school day in the use of evidence-based practices and interventions specific to the unique behavioral needs of the nonpublic, nonsectarian school or agency's student population. If Charter School intends to place a student at a NPS or RTC serving students with significant behavioral needs or who are on behavioral intervention plans, the Charter School will ensure the NPS or RTC has an individual onsite during school hours who is qualified, and responsible for the design, planning, and implementation of behavioral interventions. Charter School shall comply with all other requirements for oversight and monitoring of the NPS or RTC pursuant to AB 1172.

6. If Charter School personnel suspect that improper restraint or seclusion practices have been used, Charter School shall immediately remove the student from the environment and conduct an investigation.

The Board of Directors of Altus Schools Southern CA hereby adopts this Educational for Homeless and Youth Policy to apply to apply to Altus Schools East County, Altus Schools North County, Altus Schools South Bay, Audeo Charter School II, Audeo Valley Charter School, and Mirus Secondary School, hereafter collectively referred to as ("Charter School"). The Governing Board of the Charter School desires to ensure that homeless children and youth are provided with equal access to its educational program, have an opportunity to meet the same challenging State academic standards, are provided a free and appropriate public education, are not stigmatized, or segregated on the basis of their status as homeless, and to establish safeguards that protect homeless students from discrimination on the basis of their homelessness.

Definition of Homeless Children and Youth

The term "homeless children and youth" means individuals who lack a fixed, regular and adequate nighttime residence and includes children and youth who (42 U.S.C. § 11434a):

1. Are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; or are abandoned in hospitals;

2. Have a primary nighttime residence that is a public or private place not designed for or ordinarily used as regular sleeping accommodations for human beings;

3. Are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and/or

4. Migratory children and unaccompanied youth (youth not in the physical custody of a parent or guardian) may be considered homeless if they meet the above definition of "homeless."

Homeless status is determined in cooperation with the parent or guardian. In the case of unaccompanied youth, status is determined by the Charter School Liaison.

Charter School Liaison

The Deputy Superintendent School Services and Founding Director ~~Deputy Superintendent School Services~~ designates the following staff person as the Charter School Liaison for homeless students (42 U.S.C. § 11432(g)(1)(J)(ii)):

Ana Maria Rojas, Equity and Inclusion Administrator
10170 Huennekens Street
San Diego, CA 92121
858-678-4818

The Charter School Liaison shall ensure that the following requirements are fulfilled by the Charter School (42 U.S.C. § 11432(g)(6)):

1. Homeless students are identified by school personnel and through outreach and coordination activities with other entities and agencies, and through the annual housing questionnaire administered by the Charter School.

2. Homeless students enroll in and have a full and equal opportunity to succeed at Charter School

3. Homeless students and families receive educational services for which they are eligible, including: services through Head Start programs (including Early Head Start programs) under the Head Start Act; early intervention services under part C of the Individuals with Disabilities Education Act ("IDEA"); any other preschool programs administered by Charter School , if any; and referrals to health care services, dental services, mental health services, substance abuse services, housing services, and other appropriate services.

4. Parents/guardians are informed of the educational and related opportunities available to their children and are provided with meaningful opportunities to participate in the education of their children.

5. Public notice of the educational rights of homeless children is disseminated at places frequented by parents or guardians of such youths, and unaccompanied youths, including schools, shelters, public libraries, and soup kitchens, and in a manner and form understandable to the parents and guardians of homeless youth and unaccompanied youth.

6. Enrollment/admissions disputes are mediated in accordance with law, Charter School charter, and Board policy.

7. Parents/guardians and any unaccompanied youth are fully informed of all transportation services, as applicable.

8. Charter School personnel providing services receive professional development and other support.

9. The Charter School Liaison collaborates with State coordinators and community and school personnel responsible for the provision of education and related services to homeless children and youths.

10. Unaccompanied youth are enrolled in school; have opportunities to meet the same challenging State academic standards as the State establishes for other children and youth; and are informed of their status as independent students and that the youths may obtain assistance from the Charter School Liaison to receive verification of such status for the purposes of the Free Application for Federal Student Aid.

The California Department of Education publishes a list of the contact information for the Homeless Education Liaisons in the state, which is available at: https://www.cde.ca.gov/sp/hs/

Enrollment

The Charter School will work with homeless students and their parent/guardian to ensure that each student is placed in the least restrictive educational programs, and has access to the academic resources, services, and extracurricular and enrichment activities that are available to all students, including, but not necessarily limited to, interscholastic sports. All decisions regarding a homeless student's education and placement will be based on the best interest of the child and shall consider, among other factors, educational stability and the opportunity to be educated in the least restrictive educational setting necessary to achieve academic progress.

Charter School shall immediately admit/enroll the student for which the Charter School is a School of Origin. "School of Origin" means the school that the child or youth attended when permanently housed or the school in which the child or youth was last enrolled.

Charter School shall also immediately enroll a homeless youth who seeks to enroll in the Charter School, if the youth would otherwise be eligible to attend and subject to the Charter School's capacity and pursuant

to the procedures stated in the Charter School charter and Board policy. A homeless youth who is enrolled will have the right to attend classes and participate fully in school activities, including extracurricular activities.

The youth shall be immediately enrolled even if the student lacks records normally required for enrollment (such as previous academic records, records of immunizations, other required health records, proof of residency) or has missed application or enrollment deadlines during any period of homelessness. Records will immediately be requested from the previous school. (42 U.S.C. § 11432(g)(3)(C); Education Code Section 48850(a)(3)(A).)

If the student needs to obtain immunizations or does not possess immunization or other medical records, the Deputy Superintendent School Services and Founding Director ~~Deputy Superintendent School Services~~ or designee shall refer the parent/guardian to the Charter School Liaison. The Charter School Liaison shall assist the parent/guardian in obtaining the necessary immunizations or records for the student. (42 U.S.C. § 11432(g)(3)(C).)

A homeless youth may remain in the student's school of origin for the entire period for which the youth is homeless. Homeless students have the right to remain in their school of origin following the termination of the child's status as a homeless student as follows:

1. For students in Transitional Kindergarten through eighth grade, inclusive, the student will be allowed to continue in the school of origin through the duration of the academic year in which the student's status changed.
2. For students enrolled in high school, the student will be allowed to continue in the school of origin through graduation.

If the Charter School operates an intersession program, Charter School shall grant priority access to homeless students. Notwithstanding any other law, if the homeless student will be moving during an intersession period, the pupil's parent, guardian, educational rights holder ("ERH"), Indian custodian[4] in the case of an Indian child, or, if none of the preceding are applicable, an accompanied homeless student themselves shall determine which school the pupil attends for the intersession period, if applicable. "Intersession program" means an expanded learning program offered by the Charter School on non-school days, including, but not limited to, summer school. "Indian custodian" is as the term is defined in Section 1903 of Title 25 of the United States Code.

Enrollment Disputes

If a dispute arises over admissions/enrollment, the student shall be immediately admitted (subject to Charter School's capacity and pursuant to the procedures stated in the Charter School charter and Board policy), pending final resolution of the dispute, including all available appeals.

The parent/guardian shall be provided with a written explanation of the admission/enrollment decision, including an explanation of the parent/guardian's right to appeal the decision. The parent/guardian shall also be referred to the Charter School Liaison. (42 U.S.C. § 11432(g)(3)(E).)

[4] "Indian custodian" means any Indian person who has legal custody of an Indian child under tribal law or custom or under State law or to whom temporary physical care, custody, and control has been transferred by the parent of such child. *Section 1903 of Title 25 of the United States Code*

The Charter School Liaison shall carry out the Board-adopted dispute resolution and complaint process as expeditiously as possible after receiving notice of the dispute. (42 U.S.C. § 11432(g)(3)(E).)

Housing Questionnaire

Formatted: Tab stops: 6.25", Left

Charter School shall administer a housing questionnaire for purposes of identifying homeless children and youth. Charter School shall ensure that the housing questionnaire is based on the best practices developed by the CDE. Charter School shall annually provide the housing questionnaire to all parents/guardians of students and to all unaccompanied youths at Charter School. The housing questionnaire shall include an explanation of the rights and protections a student has as a homeless child or youth or as an unaccompanied youth. The housing questionnaire shall be available in paper form. The housing questionnaire shall be available in the primary language other than English spoken by fifteen (15) percent or more of the students enrolled at Charter School and shall be translated into other languages upon request of a student's parent/guardian or an unaccompanied youth. Charter School shall collect the completed housing questionnaires and annually report to the CDE the number of homeless children and youths and unaccompanied youths enrolled. (Education Code Section 48851.)

Transportation

In the event that Charter School provides transportation services to all Charter School students, Charter School shall provide comparable transportation services to each homeless child or youth attending Charter School, as noted above. (42 U.S.C. § 11432(g)(4).)
If the Charter School does not otherwise provide transportation services to all Charter School students, Charter School shall ensure that transportation is provided for homeless students to and from Charter School , at the request of the parent or guardian (or Charter School Liaison), if Charter School is the student's school of origin. (42 U.S.C. § 11432(g)(1)(J).) Transportation provided by Charter School will be adequate and appropriate for the Student's situation, but Charter School does not commit to any one method of transportation for all youth.

Professional Development

All administrators, teachers and employees of Charter School , including the Charter School Liaison, will be provided professional development on the identification, services, and sensitivity necessary when dealing with homeless children and youth. The Charter School Liaison will verify that the Charter School is providing the required training to school personnel providing services to youth experiencing homelessness at least annually through the CDE's verification system. (Education Code Section 48852.5(c)(2).)

The Charter School Liaison shall offer training to Charter School certificated and classified employees providing services to students experiencing homelessness, including, but not limited to, teachers, support staff, and other school staff who work with pupils, at least annually relating to:

(1) Charter School's homeless education program policies; and
(2) Recognition of signs that pupils are experiencing, or are at risk of experiencing, homelessness.

The Charter School Liaison shall inform such employees of the availability of training and the services the Charter School Liaison provides to aid in the identification and provision of services to students who are experiencing, or are at risk of experiencing, homelessness.

High School Graduation Requirements

Homeless students who transfer to the Charter School any time after the completion of their second year of high school shall be exempt from any of the Charter School's graduation requirements that are in excess of the California minimum graduation requirements specified in Education Code section 51225.3 ("additional graduation requirements") unless Charter School makes a finding that the student is reasonably able to complete the Charter School's graduation requirements by the end of the student's fourth year of high school.

To determine whether a homeless student is in their third or fourth year of high school, either the number of credits the student has earned to the date of transfer or the length of the student's school enrollment or, for students with significant gaps in school attendance, the student's age as compared to the average age of students in the third or fourth year of high school may be used, whichever will qualify the student for the exemption.

Within thirty (30) calendar days of the date that a student who may qualify for exemption under the above requirements transfers into the Charter School, the

Charter School shall notify the student, the student's educational rights holder, and the Charter School Liaison of the availability of the exemption and whether the student qualifies for an exemption.

The Charter School shall notify and consult with students who are exempted from the Charter School's additional graduation requirements and the student's ERH. The consultation shall include all of the following:

1. Discussion regarding how any of the requirements that are waived may affect the pupil's postsecondary education or vocation plans, including the ability to gain admission to a postsecondary educational institution.
2. Discussion and information about other options available to the pupil, including, but not limited to, a

fifth year of high school, possible credit recovery, and any transfer opportunities available through the California Community Colleges.

3. Consideration of the pupil's academic data and any other information relevant to making an informed decision on whether to accept the exemption.

Community Colleges.

The Charter School shall not require any student who would otherwise be entitled to remain in attendance at the Charter School to accept the exemption from the Charter School's additional graduation requirements or deny the student enrollment in, or the ability to complete, courses for which the student is otherwise eligible. The Charter School shall not revoke an exemption and shall grant an eligible student's request for the exemption at any time if the student qualifies, regardless of whether the student previously declined the exemption.

If a homeless student who was eligible for an exemption and 1) was not properly notified of the availability of the exemption, or 2) previously declined the exemption pursuant to this Policy, the Charter School shall exempt the student within thirty (30) days of the exemption request, if an exemption is requested by the student or the student's ERH and the student at one time qualified for the exemption, even if the student is no longer homeless.

An eligible student's exemption from the Charter School's additional graduation requirements will continue to apply while the student is enrolled in the Charter School or if the student transfers to another school even after the student no longer meets the definition of a homeless child.

The Charter School shall not require or request that a student transfer schools in order to qualify the student for the exemption. Nor shall a student, a student's parent/guardian or educational rights holder, or a student's social worker or probation officer request a transfer solely to qualify for an exemption from the Charter School's additional graduation requirements.

If a student who is exempted from the Charter School's additional graduation requirements completes the California minimum coursework requirements specified in Education Code section 51225.3 before the end of the student's fourth year of high school and would otherwise be entitled to remain in attendance at the Charter School, the Charter School shall not require or request that the student graduate before the end of the student's fourth year of high school.

If the Charter School determines the student is reasonably able to complete the Charter School's graduation requirements by the end of the student's fifth year of high school, the Charter School shall do the following:

1. Consult with the student and the ERH regarding the student's option to remain at the Charter School for a fifth year to complete the Charter School's graduation requirements.

2. Consult with the student, and the ERH for the student, about how remaining in school for a fifth year to complete the Charter School's graduation requirements will affect the student's ability to gain admission to a postsecondary educational institution.

3. Consult with and provide information to the student about transfer opportunities available through

Formatted: Indent: Left: 0.25", Right: 0", Tab stops: 6.25", Left

the California Community Colleges.

4. Permit the student to stay at the Charter School for a fifth year to complete the Charter School's graduation requirements upon agreement with the student, if the student is 18 years of age or older, or, if the student is under 18 years of age, upon agreement with the ERH.

5. Consult with the student, and the student's ERH, regarding the student's option to remain in the school of origin.

Through January 1, 2028, upon making a finding that a homeless student **is not reasonably able to complete the Charter School's additional graduation requirements but is reasonably able to complete state coursework requirements specified in Education Code Section 51225.3** within the student's fifth year of high school, the Deputy Superintendent School Services and Founding Director or ~~Deputy Superintendent or~~ designee shall exempt the pupil from Charter School's graduation requirements and provide pupil the option of remaining in school for a fifth (5th) year to complete the statewide coursework requirements. Charter School shall consult with the homeless student and the ERH regarding all of the following:

1. The pupil's option to remain in school for a fifth year to complete the statewide coursework requirements.

2. How waiving the local educational requirements and remaining in school for a fifth year may affect the pupil's postsecondary education or vocation plans, including the ability to gain admission to an institution of higher education.

3. Whether any other options are available to the pupil, including, but not limited to, possible credit recovery, and any transfer opportunities available through the California Community Colleges.

4. The pupil's academic data and any other information relevant to making an informed decision on whether to accept the exemption and option to remain in school for a fifth year to complete the statewide coursework requirements.

If a homeless student is **not** eligible for an exemption in the year in which the pupil transfers between schools, because Charter School makes a finding that the pupil is reasonably able to complete Charter School's additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school, then Charter School shall do the following:

1) Within the first 30 calendar days of the ***following*** academic year, Charter School shall reevaluate eligibility;

2) Provide written notice to the pupil, the ERH, and the pupil's social worker or probation officer, if applicable, whether the pupil qualifies for an exemption upon reevaluation, based on the course completion status of the pupil at the time of reevaluation, to determine if the pupil continues to be reasonably able to complete Charter School's additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school.

3) If, given their course completion status at that time the reevaluation is conducted, the pupil is not

reasonably able to complete Charter School additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school, the Charter School shall provide written notice to the pupil and the ERH of the pupil's options to:

i. Receive an exemption from all coursework and other requirements adopted by the governing board body of Charter School that are in addition to the statewide coursework requirements specified in Section 51225.3, **or**
ii. Upon agreement with the ERH, stay in school for a fifth year to complete the Charter School's additional graduation requirements.

The pupil (if not a minor) or the ERH shall have sole discretion whether to accept the exemption, based on the pupil's best educational interests.

Reporting Requirements

Charter School shall report to the California Department of Education ("CDE") annually on the number of pupils who, for the prior school year, graduated with an exemption from the Charter School's graduation requirements that are in addition to the statewide coursework requirements. This data shall be reported for pupils graduating in the fourth year and fifth year cohorts, and shall be disaggregated by cohort, pupil category, race, and disability status. The CDE shall make this data publicly available on an annual basis aligned with other reporting timelines for the California dashboard graduation data.

Acceptance of Course Work

The Charter School will accept any coursework satisfactorily completed at any public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency by a homeless student.

The Charter School will provide homeless students credit for the partial completion of courses taken while attending a public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency. If the student did not complete the entire course, the Charter School shall not require the student to retake the portion of the course the student completed unless the Charter School, in consultation with the holder of educational rights for the student, finds that the student is reasonably able to complete the requirements in time to graduate from high school. When partial credit is awarded in a particular course, the homeless student shall be enrolled in the same or equivalent course, if applicable, so that the student may continue and complete the entire course. These students shall not be prevented from taking or retaking a course to meet California State University or the University of California admission eligibility requirements.

Notice

For any homeless student who seeks enrollment at the Charter School, written notice will be provided to the parent/guardian at the time of enrollment and at least annually while the student is enrolled at the Charter School in alignment with the law.

Annual Policy Review

The Charter School shall annually review and revise any policies that may act as barriers to the identification of homeless children and youths or the enrollment of homeless children and youths at the Charter School. In reviewing and revising such policies, consideration shall be given to issues concerning transportation, immunization, residency, birth certificates, school records and other documentation, and guardianship. Special attention shall be given to ensuring the identification, enrollment, and attendance of homeless children and youths who are not currently attending school. Charter School's review of its homeless education program policies shall use resources developed by the CDE and posted on the CDE's internet website and resources developed by homeless education technical assistance centers established using funding from the American Rescue Plan Act of 2021.

School Website Posting

Charter School shall ensure that the following information is posted, and updated as necessary, on its internet website:

- The name and contact information of the Charter School Liaison(s) for homeless children and youths.
- The contact information of any employee or contractor that assists the Charter School Liaison in completing the Liaison's duties.
- Specific information regarding the educational rights and resources available to persons experiencing homelessness.

Complaints of Noncompliance

A complaint of noncompliance with any of the requirements outlined above may be filed through the Charter School's Uniform Complaint Procedures. A copy of the Uniform Complaint Policy and Procedures is available upon request at the main office.

disruption to their educational program, and their emotional, social, and other health needs. To enable such students to achieve state and charter school academic standards, the Charter School shall provide them with full access to the Charter School's educational program and implement strategies identified as required by law and necessary for the improvement of the academic achievement of foster youth in the Charter School's local control and accountability plan ("LCAP").

Definitions

- *"Foster youth" m*eans any of the following:

  1. A child who has been removed from their home pursuant to Section 309 of the California Welfare and Institutions Code ("WIC").
  2. A child who is the subject of a petition filed pursuant to WIC section 309300 or 602 (whether or not the child has been removed from the child's home by juvenile court).
  3. A nonminor under the transition jurisdiction of the juvenile court, as described in WIC section 450, who satisfies all of the following criteria:
     a. The nonminor has attained 18 years of age while under an order of foster care placement by the juvenile court.
     b. The nonminor is in foster care under the placement and care responsibility of the county welfare department, county probation department, Indian tribe, consortium of tribes, or tribal organization.
     c. The nonminor is participating in a transitional independent living case plan.
  4. A dependent child of the court of an Indian tribe, consortium of tribes, or tribal organization who is the subject of a petition filed in the tribal court.[5]
  5. A child who is the subject of a voluntary placement agreement, as defined in WIC section 11400.

- "*Former juvenile court school student*" means a student who, upon completion of the student's second year of high school, transfers from a juvenile court school to the Charter School.

- *"Child of a military family"* refers to a student who resides in the household of an active-duty military member.

- *"Currently Migratory Child"* refers to a child who, within the last 12-months, has moved with a parent, guardian, or other person having custody to the Charter School from another Local Educational Agency ("LEA"), either within California or from another state, so that the child or a member of the child's immediate family might secure temporary or seasonal employment in an agricultural or fishing activity, and whose parents or guardians have been informed of the child's eligibility for migrant education services. "Currently Migratory Child" includes a child who, without the parent/guardian, has continued to migrate annually to secure temporary or seasonal employment in an agricultural or fishing activity.

- *"Newcomer pupil"* is a person aged 3 to 21 years, who was not born in any of the 50 United States, the District of Columbia, or the Commonwealth of Puerto Rico, and has not been attending one or more schools in any one or more of the 50 United States, the District of Columbia, or the

[5] The Charter School shall not require an Indian tribe or tribal court representative to certify that any student is a dependent of an Indian tribe, consortium of tribes, or tribal organization.

Commonwealth of Puerto Rico, for more than three (3) full academic years.

- *"Educational Rights Holder" ("ERH")* means a parent, guardian, responsible adult appointed by a court to make educational decisions for a minor pursuant to WIC sections 319, 361 or 726, or a person holding the right to make educational decisions for the student pursuant to Education Code section 56055.

- *"School of origin"* means the school that the foster youth attended when permanently housed or the school in which the foster youth was last enrolled. If the school the foster youth attended when permanently housed is different from the school in which the student was last enrolled, or if there is some other school that the foster youth attended within the immediately preceding 15 months, the Charter School liaison for foster youth, in consultation with and with the agreement of the foster youth and the ERH for the youth, shall determine, in the best interests of the foster youth, the school that shall be deemed the school of origin. For a foster youth who is an individual with exceptional needs as defined in Education Code section 56026, "school" as used in the definition of "school of origin" includes a placement in a nonpublic, nonsectarian school as defined in Education Code section 56034, subject to the requirements of Education Code section 56325.

- *"Best interests"* means that, in making educational and school placement decisions for a foster youth, consideration is given to, among other factors, the opportunity to be educated in the least restrictive educational program and the foster youth's access to academic resources, services, and extracurricular and enrichment activities that are available to all Charter School students.

- *"Partial coursework satisfactorily completed"* includes any portion of an individual course, even if the pupil did not complete the entire course.

Within this Policy, foster youth, former juvenile court school students, a child of a military family, a currently migratory child, and a newcomer pupil will be referred to collectively as "Foster and Mobile Youth."

Foster and Mobile Youth Liaison

In order to help facilitate the enrollment, placement, and transfer of Foster and Mobile Youth to the Charter School, the Governing Board shall designate a Foster and Mobile Youth liaison. The Governing Board designates the following position as the Charter School's liaison for Foster and Mobile Youth:

Ana Maria Rojas
Equity and Inclusion Administrator
arojas@altusschools.net
858-678-4818

The Foster and Mobile Youth Liaison shall be responsible for the following:

1. Ensure and facilitate the proper educational placement, enrollment in the Charter School, and checkout from the Charter School foster youth.

2. Ensure proper transfer of credits, records, and grades when foster youth transfer to or from the Charter School.

3. When a foster youth is enrolling in the Charter School, the Foster and Mobile Youth Liaison shall contact the school last attended by the student within two (2) business days to obtain all academic and other records. The last school attended by the foster youth shall provide all required records to the new school regardless of any outstanding fees, fines, textbooks, or other items or moneys owed to the school last attended. When a foster youth is transferring to a new school, the Foster and Mobile Youth Liaison shall provide the student's records to the new school within two (2) business days of receiving the new school's request, regardless of any outstanding fees, fines, textbooks, or other items or moneys owed to the Charter School.

4. When required by law, notify the foster youth's ERH, attorney, county social worker, and the appropriate representative of the county child welfare agency, and an Indian child's ERH, tribal social worker and if applicable, county social worker of the student's expulsion or involuntary removal, and, at least ten (10) calendar days preceding the date of the following:

   a. An expulsion hearing for a discretionary act under the Charter School's charter.

   b. Any meeting to extend a suspension until an expulsion decision is rendered if the decision to recommend expulsion is a discretionary act under the Charter School's charter. The foster youth's ERH, attorney, county social worker, an Indian child's ERH, tribal social worker and if applicable, county social worker, and the agency representative will be invited to participate.

   c. A manifestation determination meeting prior to a change in the foster youth's placement if the change in placement is due to an act for which the recommendation for expulsion is discretionary and the student is a student with a disability under state and federal special education laws. The foster youth's ERH, attorney, county social worker, an Indian child's ERH, tribal social worker and if applicable, county social worker, and the agency representative will be invited to participate.

5. As needed, make appropriate referrals to ensure that students in foster care receive necessary special education services and services under Section 504 of the federal Rehabilitation Act of 1973.

6. As needed, ensure that students in foster care receive appropriate school-based services, such as counseling and health services, supplemental instruction, and after-school services.

7. Develop protocols and procedures for creating awareness for Charter School staff, including but not limited to Administrator of Instructional Services, School Coordinator and Student Services Coordinator of the requirements for the proper enrollment, placement, and transfer of foster youth.

8. Collaborate with the county placing agency, social services, probation officers, juvenile court officers, and other appropriate agencies to help coordinate services for the Charter School's foster youth.

9. Monitor the educational progress of foster youth and provide reports to the Equity and Inclusion Officer or designee and the Governing Board based on indicators identified in the Charter School's local control and accountability plan.

This Policy does not grant the Foster and Mobile Youth Liaison authority that supersedes the authority granted under state and federal law to a parent or legal guardian retaining educational rights, a responsible person appointed by the court to represent the child pursuant to WIC sections 319, 361 or 726, a surrogate parent, or a foster parent exercising authority under Education Code section 56055. The role of the Foster and Mobile Youth Liaison is advisory with respect to placement options and determination of the school of origin.

School Stability and Enrollment

The Charter School will work with foster youth and their ERH to ensure that each foster youth is placed in the least restrictive educational programs and has access to the academic resources, services, and extracurricular and enrichment activities that are available to all students, including, but not limited to, interscholastic sports. All decisions regarding a foster youth's education and placement will be based on the best interest of the child and shall consider, among other factors, educational stability and the opportunity to be educated in the least restrictive educational setting necessary to achieve academic progress.

Foster youth, currently migratory children, and children of military families have the right to remain in their school of origin if it is in their best interest. The Charter School will immediately enroll a foster youth, a currently migratory child, or child of a military family seeking reenrollment in the Charter School as their school of origin.

Formatted: Right: 0", Tab stops: 6.25", Left

A foster youth, currently migratory child, or child of a military family who seeks to transfer to the Charter School will be immediately enrolled (subject to the Charter School's capacity, if the Charter School is not the student's school of origin, and pursuant to the procedures stated in the Charter School's charter and Board policy) even if the student has outstanding fees, fines, textbooks, or other items or monies due to the school last attended or is unable to meet normal enrollment documentation or school uniform requirements (e.g. producing medical records or academic records from a previous school).

At the initial detention or placement, or any subsequent change in placement, a foster youth may continue in their school of origin for the duration of the court's jurisdiction. A currently migratory child or child of a military family may continue in their school of origin as long as the student meets the definition of a currently migratory child or child of a military family as described above. Foster youth, currently migratory children, and children of military families have the right to remain in their school of origin following the termination of the court's jurisdiction or termination of the child's status as a currently migratory child or child of a military family, as follows:

1. For students in kindergarten through eighth grade, inclusive, the student will be allowed to continue in the school of origin through the duration of the academic year in which the student's status changed.
2. For students enrolled in high school, the student will be allowed to continue in the school of origin through graduation.

If the foster youth, currently migratory child or child of a military family is transitioning between school grade levels, the youth shall be allowed to continue in the district of origin in the same attendance area to provide the youth the benefit of matriculating with their peers in accordance with the established feeder patterns of school districts. A student who is transitioning to a middle school or high school shall be allowed to enroll in the school designated for matriculation in another school district.

The Foster and Mobile Youth Liaison may, in consultation with and with the agreement of the foster youth and the ERH for the foster youth, recommend that the foster youth's right to attend the school of origin be waived and the student be enrolled in any district school that the student would otherwise be eligible to attend as a resident of the school district or in the Charter School consistent with current enrollment procedures. All decisions shall be made in accordance with the foster youth's best interests.

Prior to making any recommendation to move a foster youth from their school of origin, the Foster and Mobile Youth Liaison shall provide the foster youth and the foster youth's ERH with a written explanation of the basis for the recommendation and how the recommendation serves the foster youth's best interests.

If any dispute arises regarding a foster youth's request to remain in the Charter School as the foster youth's school of origin, the foster youth have the right to remain in the Charter School pending resolution of the dispute. The dispute shall be resolved in accordance with the existing Charter School dispute resolution process.

If the Charter School operates an intersession program, Charter School shall grant priority access to foster youths. Notwithstanding any other law, if the foster youth will be moving during an intersession period, the pupil's educational rights holder, or Indian custodian in the case of an Indian child, shall determine which school the pupil attends for the intersession period, if applicable. "Intersession program" means an expanded learning program offered by the Charter School on non-school days, including, but not limited to, summer school. "Indian custodian" is as the term is defined in Section 1903 of Title 25 of the United States Code.

Transportation

The Charter School shall not be responsible for providing transportation to allow a foster youth to attend school, unless there is an agreement with a local child welfare agency that the Charter School assumes part or all of the transportation costs in accordance with Section 6312(c)(5) of Title 20 of the United States Code, or unless required by federal law. The Charter School is not prohibited from providing transportation, at its discretion, to allow a foster youth to attend school.

In accordance with Section 6312(c)(5) of Title 20 of the United States Code, the Charter School shall collaborate with local child welfare agencies to develop and implement clear written procedures to address the transportation needs of foster youth to maintain them in their school of origin, when it is in the best interest of the youth.

For any student who has an individualized education program ("IEP"), the student's IEP team will determine if the student requires special education transportation as a related service regardless of the student's status.

Effect of Absences on Grades

The grades of a foster youth shall not be lowered for any absence from the Charter School that is due to either of the following circumstances:

Formatted: Right: 0", Tab stops: 6.25", Left

Formatted: Tab stops: 6.25", Left

a. A decision by a court or placement agency to change the student's placement, in which case the student's grades shall be calculated as of the date the student left school.

b. A verified court appearance or related court-ordered activity.

Transfer of Coursework and Credits

The Charter School shall accept coursework satisfactorily completed by a Foster and Mobile Youth while attending another public school[6], a juvenile court school, a charter school, a school in a country other than the United States, or a nonpublic, nonsectarian school or agency even if the student did not complete the entire course and shall issue that student full or partial credit for the coursework completed. The credits accepted pursuant to this paragraph shall be applied for enrollment purposes to the same or equivalent course, if applicable, as the coursework completed in the prior public school, juvenile court school, charter school, school in a country other than the United States, or nonpublic, nonsectarian school. For purposes of the official transcript, the credits accepted pursuant to this paragraph shall be added to the credits earned from the same or equivalent course for purposes of calculating the total credits earned for the course but shall separately identify the school and local educational agency in which the credits were earned.

If a Foster and Mobile Youth transfers in or out of Charter School, Charter School shall issue the full and partial credits on an official transcript for the pupil and shall ensure the transcript includes all of the following:

a. All full and partial credits and grades earned based on any measure of full or partial coursework being satisfactorily completed, including a determination of the days of enrollment or seat time, or both, if applicable, at a school of that local educational agency or a prior local educational agency, or any other public school, juvenile court school, charter school, school in a country other than the United States, or nonpublic, nonsectarian school.
b. The credits and grades for each school and local educational agency listed separately so it is clear where they were earned.
c. A complete record of the pupil's seat time, including both period attendance and days of enrollment.

If Charter School has knowledge that the transcript from the transferring local educational agency may not include certain credits or grades for the pupil, it shall contact the prior local educational agency within two business days to request that the prior local educational agency issue full or partial credits pursuant to this paragraph. The prior local educational agency shall issue appropriate credits and provide all academic and other records to Charter School within two business days of the request.

If the Foster and Mobile Youth did not complete the entire course, the student shall be issued partial credit for the coursework completed and shall not be required to retake the portion of the course that the student completed at another school unless the Charter School, in consultation with the student's ERH, finds that the student is reasonably able to complete the requirements in time to graduate from high school. Whenever partial credit is issued to a Foster and Mobile Youth in any particular course, the student shall be enrolled in the same or equivalent course, if applicable, so that the student may continue and complete the entire course.

In no event shall the Charter School prevent a Foster and Mobile Youth from taking or retaking a course to meet the eligibility requirements for admission to the California State University or the University of California.

[6] For purposes of coursework completed by a student who is a child of a military family, "public school" includes schools operated by the United States Department of Defense.

Applicability of Graduation Requirements

To obtain a high school diploma from the Charter School, a student must complete all courses required by the Charter School and fulfill any additional graduation requirements prescribed by the Board. However, Foster and Mobile Youth who transfer to the Charter School any time after the completion of their second year of high school, and newcomer pupils who are in their third or fourth year of high school, shall be exempt from any of the Charter School's graduation requirements that are in excess of the California minimum graduation requirements specified in Education Code section 51225.3 ("additional graduation requirements") unless the Charter School makes a finding that the student is reasonably able to complete the Charter School's graduation requirements by the end of the student's fourth year of high school.

To determine whether a Foster and Mobile Youth is in their third or fourth year of high school, either the number of credits the student has earned to the date of transfer, the length of the student's school enrollment, or, for students with significant gaps in school attendance, the student's age as compared to the average age of students in the third or fourth year of high school, may be used, whichever will qualify the student for the exemption. For a newcomer pupil, enrollment in grade 11 or 12, based on the average age of students in the third or fourth year of high school, may be used to determine whether the student is in their third or fourth year of high school.

Within thirty (30) calendar days of the date that a student who may qualify for exemption under the above requirements transfers into the Charter School, the Charter School shall notify the student, the ERH, and where applicable, the student's social worker or probation officer, of the availability of the exemption and whether the student qualifies for the exemption. If the Charter School fails to provide timely notice of the availability of the exemption, the Foster and Mobile Youth shall be eligible for the exemption from the additional graduation requirements once notified, even if that notification occurs after the termination of the court's jurisdiction over the student, if the Foster and Mobile Youth otherwise qualifies for the exemption.

If a student is exempted from the Charter School's additional graduation requirements pursuant to this Policy and completes the statewide coursework requirements specified in Educational Code section 51225.3 before the end of their fourth year of high school and that student would otherwise be entitled to remain in attendance at the Charter School, the Charter School shall not require or request that the student graduate before the end of their fourth year of high school.

The Equity and Inclusion Administrator or designee shall notify a Foster and Mobile Youth and their ERH if the Charter School grants an exemption from the additional graduation requirements, and shall consult with the Foster and Mobile Youth and their ERH. The consultation shall include all of the following:

1. ~~1.~~ Discussion regarding how any of the requirements that are waived may affect the pupil's postsecondary education or vocation plans, including the ability to gain admission to a postsecondary educational institution.
2. ~~2.~~ Discussion and information about other options available to the pupil, including, but not limited to, a fifth year of high school, possible credit recovery, and any transfer opportunities available through the California Community Colleges.
3. Consideration of the pupil's academic data and any other information relevant to making an informed decision on whether to accept the exemption.

A Foster and Mobile Youth who would otherwise be entitled to remain in attendance at the Charter School shall not be required to accept the exemption from additional graduation requirements or be denied enrollment in, or the ability to complete, courses for which the student is otherwise eligible, including courses necessary to attend an institution of higher education, regardless of whether those courses are required for statewide graduation requirements.

If a Foster and Mobile Youth who was eligible for an exemption and 1) was not properly notified of the availability of the exemption, or 2) previously declined the exemption pursuant to this Policy, the Charter School shall exempt the student within thirty (30) days of the exemption request, if an exemption is requested by the youth and the youth at one time qualified for the exemption, even if the pupil is no longer a Foster and Mobile Youth or the court's jurisdiction of the pupil has terminated. Likewise, if the youth is exempted, the Charter School may not revoke the exemption.

If a Foster and Mobile Youth is exempted from additional graduation requirements pursuant to this section, the exemption shall continue to apply after the termination of the court's jurisdiction over the student or after the termination of circumstances which make the Student eligible while he or she is enrolled in school or if the student transfers to another school, including a charter school, or school district.

The Charter School shall not require or request a Foster and Mobile Youth to transfer schools in order to qualify for an exemption from additional graduation requirements, and no Foster and Mobile Youth or any person acting on behalf of a Foster and Mobile Youth may request a transfer solely to qualify for an exemption from the Charter School's additional graduation requirements.

Upon making a finding that a Foster and Mobile Youth is reasonably able to complete the Charter School's additional graduation requirements within the student's fifth year of high school, the Equity and Inclusion Officer or designee shall:

1. Consult with the student and the student's ERH of the student's option to remain in school for a fifth year to complete the Charter School's graduation requirements, consistent with the laws regarding continuous enrollment and satisfactory progress for Charter School students over age 19.

2. Consult with the student and the student's ERH how remaining in school for a fifth year will affect the student's ability to gain admission to a postsecondary educational institution.

3. Consult with and provide information to the student about transfer opportunities available through the California Community Colleges.

4. Upon agreement with the student or if the student is under 18 years of age, the ERH, permit the student to stay in school for a fifth year to complete the Charter School's graduation requirements.

5. For a student identified as a foster youth, consult with the student, and the student's ERH, regarding the student's option to remain in the school of origin.

Through January 1, 2028, upon making a finding that a Foster and Mobile Youth is not reasonably able to complete the Charter School's additional graduation requirements but is reasonably able to complete state coursework requirements specified in Education Code Section 51225.3 within the student's fifth year of high

school, the Deputy Superintendent School Services and Founding Director~~Deputy Superintendent School Services~~ or designee shall exempt the pupil from Charter School's graduation requirements and provide pupil the option of remaining in school for a fifth (5th) year to complete the statewide coursework requirements. Charter School shall consult with the Foster and Mobile Youth and the ERH regarding all of the following:

1. The pupil's option to remain in school for a fifth year to complete the statewide coursework requirements.

2. How waiving the local educational requirements and remaining in school for a fifth year may affect the pupil's postsecondary education or vocation plans, including the ability to gain admission to an institution of higher education.

3. Whether any other options are available to the pupil, including, but not limited to, possible credit recovery, and any transfer opportunities available through the California Community Colleges.

4. The pupil's academic data and any other information relevant to making an informed decision on whether to accept the exemption and option to remain in school for a fifth year to complete the statewide coursework requirements.

If a Foster and Mobile Youth is not eligible for an exemption in the year in which the pupil transfers between schools, or for a newcomer pupil, is not eligible for an exemption in the student's third year of high school, because Charter School makes a finding that the pupil is reasonably able to complete Charter School's additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school, then Charter School shall do the following:

1) Within the first 30 calendar days of the *following* academic year, Charter School shall reevaluate eligibility;

2) Provide written notice to the pupil, the ERH, and the pupil's social worker or probation officer, if applicable, whether the pupil qualifies for an exemption , based on the course completion status of the pupil at the time of reevaluation, to determine if the pupil continues to be reasonably able to complete Charter School's additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school.

3) If, given their course completion status at that time the reevaluation is conducted, the pupil is not reasonably able to complete Charter School additional graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school, the Charter School shall provide written notice to the pupil and ERH of the pupil's options to:

   iii. Receive an exemption from all coursework and other requirements adopted by the governing board body of Charter School that are in addition to the statewide coursework requirements specified in Section 51225.3, or

   iv. Stay in school for a fifth year to complete the Charter School's additional graduation requirements.

The pupil (if not a minor) or the ERH shall have sole discretion whether to accept the exemption, based on the pupil's best educational interests.

If a juvenile court youth satisfies the requirements for high school graduation while enrolled at a juvenile

court school but has elected to decline the issuance of the diploma for the purpose of taking additional coursework, the Charter School will not prevent the juvenile court youth from enrolling in the Charter School and pursuing additional coursework if requested by the youth or by the youth's ERH.

Eligibility for Extracurricular Activities

A student who is in foster care whose residence changes pursuant to a court order or decision of a child welfare worker shall be immediately deemed to meet all residency requirements for participation in interscholastic sports or other extracurricular activities.

Waiver of Fees for Afterschool Programs

The Charter School shall not charge any student who the Charter School knows is currently in foster care any family fees associated with an After-School Education and Safety ("ASES") Program operated by the Charter School.

Student Records

When the Charter School receives a transfer request and/or student records request for the educational information and records of a foster youth from a new LEA, the Charter School shall provide these student records within two (2) business days. The Charter School shall compile the complete educational record of the student, including but not limited to a determination of seat time, full or partial credits earned, current classes and grades, immunization, and other records, and, if applicable, a copy of the student's special education records including assessments, IEPs, and/or 504 plans. All requests for student records will be shared with the Foster and Mobile Youth Liaison, who shall be aware of the specific educational record-keeping needs of Foster and Mobile Youth.

In accordance with the Charter School's Educational Records and Student Information Policy, under limited circumstances, the Charter School may disclose student records or personally identifiable information contained in those records to certain requesting parties including but not limited to a foster family agency and state and local authorities within a juvenile justice system, without parental consent.

Complaints of Noncompliance

Complaints of noncompliance with this Policy shall be governed by the Charter School's Uniform Complaint Procedures. A copy of the Uniform Complaint Policy and Procedures is available upon request.

Reporting Requirements

Charter School shall report to the California Department of Education ("CDE") annually on the number of pupils who, for the prior school year, graduated with an exemption from the Charter School's graduation requirements that are in addition to the statewide coursework requirements. This data shall be reported for pupils graduating in the fourth year and fifth year cohorts, and shall be disaggregated by cohort, pupil category, race, and disability status. The CDE shall make this data publicly available on an annual basis aligned with other reporting timelines for the California dashboard graduation data. For purposes of this subdivision, "pupil category" means the categories of pupils identified in the "Definitions" section of this Policy, above.

Section 504: Policy, Procedures, and Parent Rights Regarding Identification, Evaluation, and Education *(Full Board Policy)*
Board Policy #: 3325
Adopted: February 16, 2021
Amended: June 22, 2023~~,~~; February 28, 2024; June 26, 2024; June 24, 2025

A. SECTION 504 POLICY

The Board of Directors of Altus Schools Southern CA hereby adopts the Section 504: Policy, Procedures, and Parent Rights Regarding Identification, Evaluation and Education to apply to apply Audeo Charter School II, Audeo Valley Charter School, Altus Schools Coachella Valley, Altus Schools East County, Altus Schools Mirus, Altus Schools North County, and Altus Schools South Bay~~to Altus Schools East County, Altus Schools North County, Altus Schools South Bay, Audeo Charter School II, Audeo Valley Charter School, and Mirus Secondary School~~, hereafter collectively referred to as ("Charter School"). The Governing Board of the Charter School recognizes the need to identify and evaluate students with disabilities in order to provide them with a free, appropriate public education and its legal responsibility to ensure that "no qualified person with a disability shall, solely by reason of their disability, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance." This Policy and the related administrative regulation has been developed to ensure the implementation of Section 504 of the Rehabilitation Act of 1973 ("Section 504"), and its implementing regulations as amended, which pertains to public schools. The intent is to ensure that all students with disabilities, who are eligible under Section 504, are identified and evaluated and have access to a free, appropriate public education ("FAPE").

Under Section 504, individuals with physical or mental impairments that substantially limit one or more major life activities, including learning, are entitled to receive regular or special education and/or related aids and services designed to meet their individual needs as adequately as the needs of nondisabled students are met. Major Life Activities include functions such as caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, and working, as well as the operation of a major bodily functions, including functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions. Students may be disabled and entitled to services under Section 504 even though they are not eligible for services pursuant to the Individuals with Disabilities Education Act Improvement Act of 2004 ("IDEA"). An impairment need not prevent or severely restrict a major life activity to be considered "substantially limiting."

The Charter School's Deputy Superintendent School Services and Founding Director ~~Deputy Superintendent School Services~~ or designee shall ensure that this policy and set of procedures is implemented and followed. Whenever there is reason to believe that, because of a disability, a student needs regular or special education and/or related aids and services (and the student has not been found eligible under IDEA) that student will be evaluated under this policy's corresponding procedures.

A Section 504 Team will be convened to determine the student's need for regular or special education and/or related aids and services. The 504 Team will include persons knowledgeable about the Section 504 standards, the student's individual needs and school history, the meaning of evaluation data, and placement options. The student's parent/guardian shall be invited to participate in this 504 Team and shall receive notice of procedural safeguards guaranteed by law.

If Charter School does not assess a student after a parent has requested an assessment, the Charter School shall provide notice of the parent's/guardian's procedural safeguards. Charter School shall not retaliate in any way against parents/guardians or students who exercise any rights under the procedural safeguards and/or Section 504.

If the student, due to disability, is found to require regular or special education and/or related aids and services under Section 504, the Section 504 Team shall develop a 504 plan for the provision of such services to the student. The student

shall be educated with nondisabled students to the maximum extent appropriate to the student's individual needs. The student's parent/guardian shall be provided a copy of the 504 plan and shall receive notice of procedural safeguards guaranteed by law. Charter School shall periodically review the student's progress and placement.

The Charter School does not discriminate on the basis of disability or any other characteristic protected under law. Charter School will implement this policy through its corresponding procedures.

B. SECTION 504 PROCEDURES

A. Definitions

1. **Academic Setting** – the regular, educational environment operated by Charter School.

2. **Individual with a Disability under Section 504** – An individual who:
   a. has a physical or mental impairment that substantially limits one or more major life activities;
   b. has a record of such an impairment; or
   c. is regarded as having such an impairment.

3. **Evaluation –** procedures used to determine whether a student has a disability as defined within these Procedures, and the nature and extent of the services that the student needs. The term means procedures used selectively with an individual student and does not include basic tests administered to, or procedures used with, all students in a school, grade, or class.

4. **504 Plan** – is a plan developed to identify and document the student's needs for regular or special education and related aids and services for participation in educational programs, activities, and school–sponsored events.

5. **Free Appropriate Public Education ("FAPE")** – the provision of regular or special education and related aids and services that are designed to meet the individual needs of persons with disabilities as adequately as the needs of persons without disabilities are met.

6. **Major Life Activities** - Functions such as caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, sitting, reaching, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, interacting with others, and working. A major life activity also includes the operation of a major bodily function, including but not limited to, functions of the immune system, special sense organs and skin, normal cell growth, digestive, genitourinary, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, hemic, lymphatic, musculoskeletal, and reproductive functions.

7. **Physical or Mental Impairment** –
   a. Any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: neurological; musculoskeletal; special sense organs; respiratory; including speech organs; cardiovascular; reproductive; digestive; genitor-urinary; hemic and lymphatic; skin; and endocrine; or
   b. Any mental or psychological disorder, such as intellectual disability, organic brain syndrome, emotional or mental illness, and specific learning disabilities.

8. **504 Coordinator** – The Administrator of Special Education shall serve as the Charter School's Section 504 Coordinator. The parents or guardians may request a Section 504 due process hearing from or direct any questions or concerns to the Section 504 Coordinator at

   Kirsten Ramirez Henderson
   10170 Huennekens Street, San Diego, CA 92121
   (619)393-2270
   khenderson@altusschools.net

9. **Has a record of such an impairment** - means has a history of, or has been misclassified as having, a mental or physical impairment that substantially limits one or more major life activities.

10. **Is regarded as having an impairment** - means
    a. An individual meets the requirement of 'being regarded as having such an impairment' if the individual establishes that they have been subjected to an action prohibited under this Act because of an actual or perceived physical or mental impairment whether or not the impairment limits or is perceived to limit a major life activity.Being regarded as having an impairment shall not apply to impairments that are transitory and minor. A transitory impairment is an impairment with an actual or expected duration of 6 months or less.

B. Referral, Assessment and Evaluation Procedures

1. Charter School will evaluate any student who, because of disability, needs or is believed to need regular or special education and/or related aids and services.

2. A student may be referred by anyone, including a parent/guardian, teacher, other school employee or community agency, for consideration as to whether the student qualifies as a student with disabilities under Section 504. Requests for evaluation shall be made in writing, and a copy of said request will remain in the student's file regardless of the final determination. This referral should be made to the Section 504 Coordinator who will convene a 504 Team. Any requests made to another Charter School employee will be forwarded to the Section 504 Coordinator.

3. The Charter School has the responsibility to ensure that students with disabilities are evaluated. Therefore, it is important that students who have or may have a disability are referred to the Section 504 Coordinator so that the assessment process is initiated.

4. The 504 Team convened by the Section 504 Coordinator will be composed of the student's parents/guardians and other persons knowledgeable about the student (such as the student's regular education teachers), the student's school history, the student's individual needs (such as a person knowledgeable about the student's disabling condition), the meaning of evaluation data, the options for placement and services, and the legal requirements for least restrictive environment and comparable facilities.

5. The 504 Team shall promptly consider the referral and determine what assessments are needed in all suspected areas of disability to evaluate whether the student is a student with a disability under Section 504 and what special needs the student may have. The decision regarding what assessments shall be undertaken shall be based on a review of the student's school records (including academic, social and behavioral records), any relevant medical records, and the student's needs. Students requiring assessment shall be provided appropriate assessments administered by qualified assessment specialists.

6. The 504 Team will consider the following information in its evaluation of the student:

    a. Tests and other evaluation materials that have been validated for the specific purpose for which they are used and are administered by trained personnel;
    b. Tests and other evaluation materials including those tailored to assess specific areas of educational need and not merely those which are designed to provide a single general intelligence quotient; and
    c. Tests are selected and administered so as to best ensure that, when a test is administered to a student with impaired sensory, manual, or speaking skills, the test results accurately reflect the student's aptitude or achievement level or whatever factor the test purports to measure, rather than reflecting the student's impaired sensory, manual, or speaking skills (except where those skills are the factors that the test purports to measure.)

7. The evaluation of the student must be sufficient for the 504 Team to accurately and completely describe: (a) the nature and extent of the disabilities; (b) the student's special needs; (c) the impact upon the student's education; and (d) what regular or special education and/or related aids and services are appropriate to ensure that the student receives a free appropriate public education. All significant factors relating to the learning process for that student, including adaptive behavior and cultural and language background, must be considered. The evaluation may include, but is not limited to, classroom and playground observation, performance-based testing, academic assessment information, and data offered by the student's teachers and parent/guardian.

8. Mitigating measures cannot be considered when evaluating whether or not a student has a substantially limiting impairment. Mitigating measures could include medications, prosthetic devices, assistive devices, or learned behavioral or adaptive neurological modifications a student uses to eliminate or reduce the effects of an impairment.

9. The parents/guardians shall be given an opportunity in advance of 504 Team meetings to examine assessment results and all other relevant records.

10. If a request for evaluation is denied, the 504 Team shall inform the parents/guardians in writing of this decision and of their procedural rights as described below.

11. Information from all sources shall be documented and carefully considered.

C. 504 Plan

1. When a student is identified as having a disability within the meaning of Section 504, the 504 Team shall determine what, if any, services are needed to ensure that the student receives a FAPE.

2. The 504 Team responsible for making the placement decision shall include the parents/guardians and other persons knowledgeable about the child, the meaning of the evaluation data, and the placement options.

3. For each identified eligible student, the 504 Team will develop a 504 Plan describing the student's disability and the regular or special education and/or related aids and services needed. The Plan will specify how the special education and/or related aids and services will be provided to the eligible student and by whom. The 504 Plan will also identify the person responsible for ensuring that all the components of the Plan are implemented.

4. The student's teacher and any other staff who are to provide services to the student or who are to make modifications in the classroom for the student shall be informed of the services or modifications necessary for the student and, if appropriate, provided a copy of the 504 Plan. A copy of this plan shall be kept in the student's cumulative file in a manner that limits access to those persons involved in the 504 process and/or the provision of services and modifications.

5. The eligible student shall be placed in the regular education environment unless it is demonstrated that the student's needs cannot be met in the regular education environment with supplementary aids and services. The student shall be educated with students who are not disabled to the maximum extent appropriate to their individual needs.

6. The referral, assessment, evaluation and placement process will be completed within a reasonable time. It is generally not reasonable to exceed fifty (50) school days in completing this process.

7. The parents/guardians shall be notified in writing of the final decision concerning the student's identification as a person with disabilities, the educational program and services to be provided, if any, and of the Section 504 procedural safeguards, as described below, including the right to an impartial hearing to challenge the decision.

8. If the 504 Team determines that the student has a disability but that no special services are necessary for the student, the 504 Plan shall reflect the identification of the student as a person with a disability under Section 504 and shall state the basis for the decision that no special services are presently needed.

9. The 504 Plan shall include a schedule for annual review of the student's needs and indicate that this review may occur more frequently at the request of the parent/guardian or school staff.

10. Charter School shall immediately implement a student's prior 504 Plan, when a student enrolls at the Charter School. Within thirty (30) calendar days of starting school, Charter School shall schedule a 504 Team meeting to review the existing 504 Plan. Charter School shall request a copy of the prior 504 plan from both the prior school and the parent/guardian.

11. A parent, guardian, or Charter School shall have the right to audio record the proceedings of any team meetings held pursuant to Section 504 of the federal Rehabilitation Act of 1973 (29 U.S.C. Sec. 794). The parent or guardian or Charter School shall notify the members of the team of the parent's, guardian's, or Charter School's intent to audio record a meeting at least 24 hours before the meeting. If Charter School initiates the notice of intent to audio record a meeting and the parent or guardian objects or refuses to attend the meeting because it will be audio recorded, the meeting shall not be audio recorded.

D. Review of the Student's Progress

1. The 504 Team shall monitor the progress of the eligible student and the effectiveness of the student's 504 Plan. According to the review schedule set out in the student's 504 Plan, the 504 Team shall annually determine whether the services and modifications are appropriate.

2. A re-evaluation of the student's needs shall be conducted before any subsequent significant change in placement.

E. Procedural Safeguards

1. Parents/guardians shall be notified in writing of all decisions regarding the identification, evaluation or educational placement of students with disabilities or suspected disabilities. Notifications shall include a statement of their rights to:
   - Examine relevant records
   - Have an impartial hearing with an opportunity for participation by the parents/guardians and their counsel
   - Have the right to file a Uniform Complaint pursuant to Charter School policy
   - Seek review in federal court if the parents/guardians disagree with the hearing decision.

2. Notifications shall also set forth the procedures for requesting an impartial hearing. Requests shall be made to the following:

   Kirsten Ramirez Henderson
   10170 Huennekens Street, San Diego, CA 92121
   (619)393-2270
   khenderson@altusschools.net

   Notifications shall also advise that reimbursement for attorney's fees is available only as authorized by law.

3. The Deputy Superintendent School Services and Founding Director or designee shall maintain a list of impartial hearing officers who are qualified and willing to conduct Section 504 hearings.

To ensure impartiality, such officers shall not be employed by or under contract with Charter School or any district within the El Dorado Charter SELPA or the San Diego County Office of Education in any capacity other than that of hearing officer and shall not have any professional or personal involvement that would affect their impartiality or objectivity in the matter.

4. If a parent/guardian disagrees with the identification, evaluation or educational placement of a student with disabilities under Section 504, the parent/guardian may request a hearing to initiate due process procedures. The parent/guardian shall set forth in writing their request for a hearing. A request for hearing should include:
   - The specific decision or action with which the parent/guardian disagrees.
   - The changes to the 504 Plan the parent/guardian seeks.
   - Any other information the parent/guardian believes is pertinent.

5. Within five (5) calendar days of receiving the parent/guardian's request for a hearing, the Charter School may offer the parent/guardian an optional alternative dispute resolution process. However, the timeline for the hearing shall remain in effect unless it is extended by mutual written agreement of the parent/guardian and the Charter School. Alternative dispute resolution options include:
   - Mediation by a neutral third party.
   - Review of the 504 Plan by the Deputy Superintendent School Services and Founding Director or designee.

~~6.~~ Within ten (10) calendar days of receiving the parent/guardian's request, the Deputy Superintendent School Services and Founding Director or designee shall select an impartial hearing officer. These 10 days may be extended for good cause or by mutual agreement of the parent/guardian and Deputy Superintendent School Services and Founding Director.

6.

7. Within thirty-five (35) calendar days of the selection of the hearing officer, the due process hearing shall be conducted. These thirty-five (35) calendar days may be extended for good cause or by mutual agreement of the parent/guardian and Deputy Superintendent School Services and Founding Director.

8. The parent/guardian and the School shall be afforded the rights to:
   - Be accompanied and advised by counsel and by individuals with special knowledge or training related to the individual needs of students who are qualified as having a disability under Section 504.
   - Present written and oral evidence.
   - Question and cross-examine witnesses.
   - Receive written findings by the hearing officer.

9. The hearing officer shall issue a written decision within ten (10) calendar days of the hearing.

10. If desired, either party may seek a review of the hearing officer's decision by a federal court. The decision shall be implemented unless the decision is stayed, modified or overturned by a court.

11. Charter School shall not retaliate in any way against parents/guardians or students who exercise any rights under the procedural safeguards and/or Section 504.

Suspension and Expulsion, Special Procedures for Students with Disabilities

Charter School shall follow the suspension and expulsion policy and procedures as set forth in the charter. A student who is qualified for services under Section 504 of the Rehabilitation Act of 1973 is subject to the same grounds for disciplinary action, including suspension and expulsion, and is accorded the same due process procedures applicable to general education students except when federal and state law mandates additional or different procedures. Charter School will follow Section 504 and all applicable federal and state laws when imposing any form of discipline on a student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in accordance to due process to such students. The following procedures shall be followed when a student with a disability is considered for suspension or expulsion. These procedures will be updated if there is a change in the law.

1. Services During Suspension

   Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's 504 Plan; and receive, as appropriate, a functional behavioral assessment ("FBA") and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

2. Procedural Safeguards/Manifestation Determination

   Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, Charter School, the parent, and relevant members of the 504 Team shall review all relevant information in the student's file, including the child's 504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

   a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
   b. If the conduct in question was the direct result of the local educational agency's failure to implement the 504 Plan.
   c. If Charter School, the parent, and relevant members of the 504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.
   d. If Charter School, the parent, and relevant members of the 504 Team make the determination that the conduct was a manifestation of the child's disability, the 504 Team shall:

      - Conduct an FBA and implement a behavioral intervention plan ("BIP") for such child, provided that Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;

- If the child has a BIP, review the BIP and modify it, as necessary, to address the behavior; and
- Return the child to the placement from which the child was removed, unless the parent and Charter School agree to a change of placement as part of the modification of the BIP.

e. If Charter School, the parent, and relevant members of the 504 team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a result of the failure to implement the 504 Plan, then Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

3. Appeals

The parent/guardian of a child with a disability under a 504 Plan who disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, either party may request to utilize the appeal process outlined in the Procedural Safeguards section of these Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent or Charter School , the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 U.S.C. Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, unless the parent and Charter School agree otherwise.

4. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Deputy Superintendent School Services and Founding Director or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

a. Carries or possesses a weapon, as defined in 18 U.S.C. § 930, to or at school, on school premises, or to or at a school function;
b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
c. Has inflicted serious bodily injury, as defined by 20 U.S.C. § 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

5. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's 504 Team.

6. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to the IDEA 2004 and who has violated Charter School 's disciplinary procedures may assert the procedural safeguards granted under these Procedures only if Charter School had knowledge that the student had a disability before the behavior occurred.

Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to School Coordinator or the Administrator for Instructional Services, or to one of the child's teachers, that the student is in need of special education or related services.
b. The parent has requested an evaluation of the child.
c. The child's teacher, or the special education teacher or the school coordinator, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the Special Education Coordinator or to the School Coordinator or to the Administrator for Instructional Services.

If Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA 2004-eligible children with disabilities, including the right to stay-put.

If Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. Charter School shall conduct an expedited evaluation if requested by the parent/guardian; however, the student shall remain in the education placement determined by Charter School pending the results of the evaluation.

Charter School shall not be deemed to have knowledge of that the student had a disability if the parent has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

PARENT/STUDENT RIGHTS IN IDENTIFICATION, EVALUATION, ACCOMMODATION AND PLACEMENT

The following is a description of the rights granted by federal law to students with disabilities. The intent of the law is to keep you fully informed concerning decisions about your child and to inform you of your rights if you disagree with any of these decisions. Please keep this explanation for future reference.

You have the right to:

1. Have your child take part in and receive benefits from public education programs without discrimination because of their disabling condition.
2. Have Charter School advise you of your rights under federal law.
3. Receive notice with respect to Section 504 identification, evaluation and/or placement of your child.
4. Have your child receive a free appropriate public education. This includes the right to be educated with non-disabled students to the maximum extent appropriate. It also includes the right to have Charter School make reasonable accommodations to allow your child an equal opportunity to participate in school and school-related activities.
5. Have your child educated in facilities and receive services comparable to those provided to non-disabled students.
6. Have your child receive special education and related services if your child is found to be eligible under the Individuals with Disabilities Education Improvement Act (IDEA 2004).
7. Have an evaluation, educational recommendation, and placement decision developed by a team of persons who are knowledgeable of the student, the assessment data, and any placement options. This includes the right to an evaluation before the initial placement of the student and before any subsequent significant change in placement.
8. Have your child be given an equal opportunity to participate in non-academic and extracurricular activities offered by Charter School .
9. Examine all relevant records relating to decisions regarding your child's Section 504 identification, evaluation, educational program, and placement.
10. Obtain copies of educational records at a reasonable cost unless the fee would effectively deny you access to the records.
11. Obtain a response from Charter School to reasonable requests for explanations and interpretations of your child's records.
12. Request an amendment of your child's educational records if there is reasonable cause to believe they are inaccurate, misleading or otherwise in violation of the privacy rights of your child. If Charter School refuses this request for amendment, the Charter School shall notify you within a reasonable time and advise you of your right to an impartial hearing.
13. Request mediation or file a grievance in accordance with Charter School's Section 504 mediation grievance and hearing procedures, outlined above.
14. Request an impartial hearing regarding the Section 504 identification, evaluation, or placement of your child. You and the student may take part in the hearing and have an attorney represent you.
15. File a formal complaint pursuant to the Charter School's Uniform Complaint Policy and Procedures. Please ask the Deputy Superintendent School Services and Founding Director for a copy of the Charter School's Uniform Complaint Policy and Procedures if you need one.

16. File a formal complaint with the U.S. Department of Education.

Special Education/Students with Disabilities/Child Find

We are dedicated to the belief that all students can learn and must be guaranteed equal opportunity to become contributing members of the academic environment and society. The School provides special education instruction and related services in accordance with the Individuals with Disabilities in Education Improvement Act ("IDEA"), Education Code requirements, and applicable policies and procedures of the El Dorado County SELPA. These services are available for special educations students enrolled at the School. We offer high quality educational programs and services for all our students in accordance with the assessed needs of each student. The School collaborates with parents, the student, teachers, and other agencies, as may be indicated, in order to appropriately serve the educational needs of each student.

Pursuant to the IDEA and relevant state law, the Charter School is responsible for identifying, locating, and evaluating children enrolled at the Charter School with known or suspected disabilities to determine whether a need for special education and related services exists. This includes children with disabilities who are homeless or foster youth. The Charter School shall not deny nor discourage any student from enrollment solely due to a disability. If you believe your child may be eligible for special education services, please contact:

Student Use of Technology Policy and Acceptable Use Agreement *(Full Board Policy)*

Board Policy #: 3130

Amended: December 11, 2017; February 16, 2022, June 22, 2023, February 28, 2024, June 26, 2024

The Board of Directors of Altus Schools Southern CA, hereby adopts this Student Use of Technology Policy to apply to apply to Audeo Charter School II, Audeo Valley Charter School, Altus Schools Coachella Valley, Altus Schools East County, Altus Schools Mirus, Altus Schools North County, and Altus Schools South Bay~~Altus Schools East County, Altus Schools North County, Altus Schools South Bay, Audeo Charter School II, Audeo Valley Charter School, and Mirus Secondary School~~, hereafter collectively referred to as "Charter School."

New technologies are modifying the way in which information may be accessed, communicated and transferred. Those changes also alter instruction and student learning. The Charter School offers students access to technologies that may include Internet access, electronic mail, and equipment, such as computers, tablets, or other multimedia hardware. The Charter School Governing Board intends that technological resources provided by the Charter School be used in a safe, responsible, and proper manner in support of the instructional program and for the advancement of student learning.

Definitions

Use of Charter School equipment and access to the Internet via Charter School equipment and resource networks is intended to serve and pursue educational goals and purposes. Student use of the Internet is therefore limited to only those activities that further or enhance the delivery of an educational purpose. Students and staff have a duty to use Charter School resources only in a manner specified in the Policy.

"Educational purpose" means classroom activities, research in academic subjects, career or professional development activities, Charter School approved personal research activities, or other purposes as defined by the Charter School from time to time.

"Inappropriate use" means a use that is inconsistent with an educational purpose or that is in clear violation of this Policy and the Acceptable Use Agreement.

Notice and Acceptable Use Agreement

The Charter School shall notify students and parents/guardians about authorized uses of Charter School computers, user obligations and responsibilities, and consequences for unauthorized use and/or unlawful activities.

Before a student is authorized to use the Charter School's technological resources, the student and the student's parent/guardian shall sign and return the Acceptable Use Agreement specifying user obligations and responsibilities. In that agreement, the student and the student's parent/guardian shall agree not to hold the Charter School or any Charter School staff responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes or negligence. They shall also agree to indemnify and hold harmless the Charter School and Charter School personnel for any damages or costs incurred.

Safety

The Charter School shall ensure that all Charter School computers with Internet access have a technology protection measure that blocks or filters Internet access to websites that have no educational purpose and/or contain visual depictions that are obscene, constitute child pornography, or that are harmful to minors. While the Charter School is able exercise reasonable control over content created and purchased by the Charter School, it has limited control over content accessed via the internet and no filtering system is 100% effective. Neither the Charter School nor its staff shall be responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes, misuse or negligence.

To reinforce these measures, the Deputy Superintendent School Services and Founding Director ~~Deputy Superintendent School Services~~ or designee shall implement rules and procedures designed to restrict students' access to harmful or inappropriate matter on the Internet and to ensure that students do not engage in unauthorized or unlawful online activities. Staff shall monitor students while they are using Charter School computers, laptops, or tablets to access the internet or online services on a Charter School campus and may have teacher aides, student aides, and volunteers assist in this monitoring. Parents/guardians are required to supervise and monitor their child's use of Charter School equipment including but not limited to their child's access to the internet and any online services through such equipment any and all times during which any Charter School equipment is being used by their child outside school facilities or school hours to ensure compliance with this policy.

The Deputy Superintendent School Services and Founding Director~~Deputy Superintendent School Services~~ or designee also shall establish regulations to address the safety and security of students and student information when using email, chat rooms, and other forms of direct electronic communication.

The Deputy Superintendent School Services and Founding Director ~~Deputy Superintendent School Services~~ or designees shall provide age-appropriate instruction regarding safe and appropriate behavior on social networking sites, chat rooms, and other Internet services. Such instruction shall include, but not be limited to, maintaining the student's online reputation and ensuring their personal safety by keeping their personal information private, the dangers of posting personal information online, misrepresentation by online predators, how to report inappropriate or offensive content or threats, behaviors that constitute cyberbullying, and how to respond when subjected to cyberbullying.[7] Students are expected to follow safe practices when using Charter School technology.

Charter School advises students:

a. To never share passwords, personal data, or private photos online.
b. To think about what they are doing carefully before posting and by emphasizing that comments cannot be retracted once they are posted.
c. That personal information revealed on social media can be shared with anyone including parents, teachers, administrators, and potential employers. Students should never reveal information that would make them uncomfortable if the world had access to it.
d. To consider how it would feel receiving such comments before making comments about others online.

Students shall not use the Internet to perform any illegal act or to help others perform illegal acts. Illegal acts include, but are not limited to, any activities in violation of local, state, and federal law and/or accessing information designed to further criminal or dangerous activities. Such information includes, but is not limited to, information that if acted upon could cause damage, present a danger, or cause disruption to the Charter School, other students, or the community. Damaging, debilitating or disabling computers, computer networks or systems through the intentional or overuse of electronic distribution or the spreading of computer viruses or other harmful programs shall be prohibited. Any unauthorized online access to other computers by means of hacking into other computers, downloading hacker tools such as port scanners and password crackers designed to evade restrictions shall also be strictly prohibited.

Student use of Charter School computers to access social networking sites is not prohibited, but access is limited to educational purposes only. To the extent possible, the Deputy Superintendent School Services and Founding Director ~~Deputy Superintendent School Services~~ or designee shall block access to such sites on Charter School computers with Internet access.

Deputy Superintendent School Services and Founding Director ~~The Deputy Superintendent School Services~~ or designee shall oversee the maintenance of the Charter School's technological resources and may establish guidelines and limits on their use.

All employees shall receive a copy of this policy and the accompanying Acceptable Use Agreement describing expectations for appropriate use of the system and shall also be provided with information about the role of staff in supervising student use of technological resources.

Student use of Charter School's computers, networks, and Internet services is a privilege, not a right. Compliance with the Charter School's policies and rules concerning computer use is mandatory. Students who violate these policies and rules may have their computer privileges limited and may be subject to discipline, including but not limited to suspension or expulsion per school policy.

Acceptable Use Agreement

The Charter School Governing Board believes that providing access to technology enhances the educational experience for students. However, student use of Charter School computers, networks, and Internet services is a privilege, not a right. To make that experience successful for everyone, students must abide by the following terms and conditions:

1. **Security.** Students shall not impair the security of Charter School technology resources. Students are expected to:

    a. Safeguard all personal passwords. Students should not share passwords with others and should change passwords frequently. Students are expected to notify an administrator immediately if they believe their student account has been compromised.

    b. Access technology only with their account or with a shared account as directed by their teacher and not to allow others to use their account or to use the accounts of others, with or without the account owner's authorization.

2. **Authorized Use.** Students may use Charter School technology resources when directed by a teacher, when technology has been designated for open student use (e.g., computers in the library), and for other educational purposes.

3. **Protection Measures.** While the Charter School is able exercise reasonable control over content created and purchased by the Charter School, it has limited control over content accessed via the internet and no filtering system is 100% effective. Neither the Charter School nor its staff, employees, officers, directors or volunteers shall be responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes, misuse or negligence. The student and parent/guardian agree not to hold the Charter School, or any Charter School staff, employees, officers, directors or volunteers responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes, misuse or negligence. They also agree to indemnify and hold harmless the Charter School, Charter School staff, employees, officers, directors and volunteers for any damages or costs incurred. Parents/guardians are required to supervise and monitor their child's use of Charter School equipment including but not limited to their child's access to the internet and any online services through such equipment any and all times during which any Charter School equipment is being used by their child outside school facilities or school hours to ensure compliance with this policy.

4. **Inappropriate Use.** Charter School technology, hardware, software and bandwidth are shared, and limited resources and all users have an obligation to use those resources responsibly. Students are provided access to the Charter School technology primarily for educational purposes. Students shall not use Charter School technology or equipment for personal activities or for activities that violate Charter School policy or local law. These include but are not limited to:

    a. Playing games or online gaming.

    b. Downloading software, music, movies or other content in violation of licensing requirements, copyright or other intellectual property rights.

c. Installing software on Charter School equipment without the permission of a teacher or other authorized Charter School staff person.

d. Downloading, viewing or sharing inappropriate content, including pornographic, defamatory or otherwise offensive material.

e. Conducting any activity that is in violation of Charter School policy, the student code of conduct or local, state or federal law.

f. Engaging in any activity that is harmful to other student(s), including the use of technology to harass, intimidate, bully or otherwise disrupt the educational process.

g. Conducting for-profit business.

h. Using hacking tools on the network or intentionally introducing malicious code or viruses into the Charter School's network.

i. Using any software or proxy service to obscure either the student's IP address or the sites that the student visits.

j. Disabling, bypassing, or attempting to disable or bypass any system monitoring, filtering or other security measures.

k. Accessing or attempting to access material or systems on the network that the student is not authorized to access.

5. **No Expectation of Privacy.** Student acknowledges that computer equipment, Internet access networks, email accounts, and any other technology resources are owned by Charter School and provided to students for educational purposes. The Charter School may require staff to monitor and supervise all access to computer equipment, Internet access networks, and email accounts. To facilitate monitoring of activities, computer screens may be positioned so that they are visible to the staff member supervising the students. The Charter School reserves the right to access stored computer records and communications, files, and other data stored on Charter School equipment or sent over Charter School networks. Such communications, files, and data are not private and may be accessed during routine system maintenance; during inspection of Charter School equipment at the end of the school year/term or agree to use period; and review of individual files or monitoring of individual activity when there is a reasonable suspicion that the student is engaging in an inappropriate use.

6. **Disruptive Activity.** Students should not intentionally interfere with the performance of the Charter School's network or intentionally damage any Charter School technology resources.

7. **Unauthorized Networks.** Students may not create unauthorized wireless networks to access the Charter School's network. This includes establishing wireless access points, wireless routers and open networks on personal devices.

8. **Consequences of Inappropriate Use.** Students who violate this Agreement will be subject to discipline, which may include loss of access to Charter School technology resources and/or other appropriate disciplinary or legal action in accordance with the Student Code of Conduct and applicable laws.

9. **Technology Systems/Equipment Care.** Students are not permitted to have food or drink near computers/other technology and must keep equipment and assigned areas free of vandalism.

After reading the Student Use of Technology Policy and the Acceptable Use Agreement, please complete the required form to indicate that you agree with the terms and conditions provided. The signature of both the student and parent/guardian are mandatory before access may be granted to the technologies available. The document, which incorporates the Use Procedure, reflects the entire agreement and understanding of all parties. Charter School encourages parents/guardians to discuss this Policy with their children to ensure their children understand and comply with this Policy.

I understand that computer use is a privilege and not a right. I understand that students who violate this policy in any way will be subject to a referral and possible suspension or expulsion. I understand that if a student willfully damages Charter School's property, including but not limited to Charter School's technology, equipment and networks, or fails to return Charter School's property that has been loaned to the student, the student's parents/guardians are liable for all damages caused by the student's misconduct up to an amount not to exceed ten thousand dollars ($10,000), adjusted annually for inflation. After notifying the student's parent or guardian in writing of the student's alleged misconduct and affording the student due process, Charter School may withhold the student's grades, transcripts, and diploma until the damages have been paid or the property has been returned. If the student and the student's parent/guardian are unable to pay for the damages or to return the property, Charter School will provide a program of voluntary work for the minor in lieu of the payment of monetary damages. Upon completion of the voluntary work, the student's grades, transcripts and diploma will be released. When the minor and parent are unable to pay for the damages, the Charter School will provide a program of voluntary work for the minor in lieu of the payment of monetary damages. A student over the age of majority shall be liable for the same. (Ed. Code § 48904).

A copy of this form is available on the Charter School's website.

Suspension and Expulsion Policy *(Full Board Policy)*

Board Policy #: 3110

Amended: May 5, 2009; February 16, 2022; December 7, 2022; June 22, 2023; February 28, 2024; June 26, 2024; February 27, 2025

This Student Suspension and Expulsion Policy and Procedures has been established by the Board of Directors of Altus Schools Southern California in order to promote learning and protect the safety and well-being of all students at the following schools: Altus Schools Coachella Valley, Altus Schools East County, Altus Schools Mirus, Altus Schools North County, Altus Schools South Bay, Audeo Charter School II, and Audeo Valley Charter School (hereinafter collectively referred to as "Charter School").

In adopting this policy, the Charter School has reviewed Education Code Section 48900 *et seq.* which describe the offenses for which students at non charter schools may be suspended or expelled and the procedures governing those suspensions and expulsions in order to establish its list of offenses and procedures for suspensions, expulsions and involuntary removal. The language that follows is largely consistent with the language of Education Code Section 48900 *et seq.* The Charter School is committed to annual review of policies and procedures surrounding suspensions, expulsions, and involuntary removals, and, as necessary, modification of the lists of offenses for which students are subject to suspension, expulsion, or involuntary removal.

Consistent with this Policy, it may be necessary to suspend or expel a student from regular classroom instruction. This shall serve as the Charter School's Policy and Procedures for student suspension, expulsion, and involuntary removal, and it may be amended from time to time without the need to seek a material revision of the charter so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary policies and procedures fairly and consistently among all students. This Policy and its Procedures will be printed and distributed annually as part of the Student Handbook which will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of this Policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

The Charter School administration shall ensure that students and their parents/guardians[8] are notified in writing upon enrollment of all discipline and involuntary removal policies and procedures. The notice shall state that this Policy and its Procedures are available on request at the School Coordinator's office. Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") will be subject to the same grounds for suspension and expulsion and will be accorded the same due process procedures applicable to general education students except when federal and state law requires additional or different procedures. The Charter School will follow all applicable federal and state laws including but not

[8] The Charter School shall ensure that a homeless child or youth's educational rights holder; a foster child or youth's educational rights holder, attorney, and county social worker; and an Indian child's tribal social worker and, if applicable, county social worker have the same rights as a parent or guardian to receive a suspension notice, expulsion notice, manifestation determination notice, involuntary transfer notice, involuntary removal notice, and other documents and related information. For purposes of this Policy and its Procedures, the term "parent/guardian" shall include these parties.

limited to the applicable provisions of the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian, and shall inform the student, and the student's parent/guardian, of the basis for which the student is being involuntarily removed and the student's parent/guardian right to request a hearing to challenge the involuntary removal. If a student's parent/guardian requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent/ guardian requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. Students may be involuntarily removed for reasons including, but not limited to, failure to comply with the terms of the student's independent study Master Agreement pursuant to Education Code Section 51747(c)(4).

Procedures

A. Grounds for Suspension and Expulsion of Students

A student may be suspended or expelled for prohibited misconduct if the act is related to school activity or school attendance occurring at any time including but not limited to: a) while on school grounds; b) while going to or coming from school; c) during the lunch period, whether on or off the school campus; d) during, going to, or coming from a school-sponsored activity.

B. Enumerated Offenses

1. **Discretionary Suspension Offenses**. Students may be suspended when the School Coordinator or designee determines the student:
    a) Caused, attempted to cause, or threatened to cause physical injury to another person.

    b) Willfully used force or violence upon the person of another except self-defense.

    c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage, or intoxicant of any kind.

    d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

e) Committed or attempted to commit robbery or extortion.

f) Caused or attempted to cause damage to school property or private property, which includes but is not limited to electronic files and databases.

g) Stole or attempted to steal school property or private property, which includes but is not limited to electronic files and databases.

h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of a student's own prescription products by a student.

i) Committed an obscene act or engaged in habitual profanity or vulgarity.

j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

k) Knowingly received stolen school property or private property, which includes but is not limited to electronic files and databases.

l) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

m) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

n) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

o) Engaged in or attempted to engage in hazing. For the purposes of this Policy, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this Policy, "hazing" does not include athletic events or school-sanctioned events.

p) Made terroristic threats against school officials and/or school property, which includes but is not limited to electronic files and databases. For purposes of this Policy, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate

prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for their own safety or for their immediate family's safety, or for the protection of school property, which includes but is not limited to electronic files and databases, or the personal property of the person threatened or their immediate family.

q) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this Policy, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This provision shall apply to students in any of grades 7 to 12, inclusive.

r) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in Education Code Section 233(e). This section shall apply to students in any of grades 7 to 12, inclusive.

s) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This provision shall apply to students in any of grades 7 to 12, inclusive.

t) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

    1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

        i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of their age, or for a person of their age with exceptional needs) or students in fear of harm to that student's or those students' person or property.

        ii. Causing a reasonable student to experience a substantially detrimental effect on their physical or mental health.

        iii. Causing a reasonable student to experience substantial interference with their academic performance.

iv. Causing a reasonable student to experience substantial interference with their ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

2) "Electronic Act" means the creation or transmission originated on or off the school site, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

i. A message, text, sound, video, or image.

ii. A post on a social network Internet Web site including, but not limited to:

(a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.

(b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.

(c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. "False profile" means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.

iii. An act of cyber sexual bullying.

(a) For purposes of this Policy, "cyber sexual bullying" means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

(b) For purposes of this Policy, "cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

u) A student who aids or abets, as defined in Penal Code Section 31, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (1)(a)-(b).

v) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the School Coordinator or designee's concurrence.

2. Non-Discretionary Suspension Offenses: Students must be suspended and recommended for expulsion when it is determined the student:

a) Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any device of this type, the student had obtained written permission to possess the item from a certificated school employee, with the School Coordinator or designee's concurrence.

b) Brandished a knife at another person.

c) Unlawfully sold a controlled substance listed in Health and Safety Code Section 11053, et seq.

d) Committed or attempted to commit a sexual assault as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 or former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4

3. Discretionary Expellable Offenses: Students may be recommended for expulsion when it is determined the student:

a) Caused, attempted to cause, or threatened to cause physical injury to another person.

b) Willfully used force or violence upon the person of another, except self-defense.

c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage, or intoxicant of any kind.

d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind,

and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

e) Committed or attempted to commit robbery or extortion.

f) Caused or attempted to cause damage to school property or private property, which includes but is not limited to electronic files and databases

g) Stole or attempted to steal school property or private property, which includes but is not limited to electronic files and databases

h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of a student's own prescription products by a student.

i) Committed an obscene act or engaged in habitual profanity or vulgarity.

j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

k) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases

l) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

m) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

n) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

o) Engaged in or attempted to engage in hazing. For the purposes of this Policy, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this section, "hazing" does not include athletic events or school-sanctioned events.

p) Made terroristic threats against school officials and/or school property, which includes but is not limited to, electronic files and databases For purposes of this Policy, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face

and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for their own safety or for their immediate family's safety, or for the protection of school property, which includes but is not limited to, electronic files and databases or the personal property of the person threatened or their immediate family.

q) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this Policy, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This provision shall apply to students in any of grades 7 to 12, inclusive.

r) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in Education Code Section 233(e). This provision shall apply to students in any of grades 7 to 12, inclusive.

s) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This section shall apply to students in any of grades 7 to 12, inclusive.

t) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of their age, or for a person of their age with exceptional needs) or students in fear of harm to that student's or those students' person or property.

ii. Causing a reasonable student to experience a substantially detrimental effect on their physical or mental health.

iii. Causing a reasonable student to experience substantial interference with their academic performance.

iv. Causing a reasonable student to experience substantial interference with their ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

2) "Electronic Act" means the creation or transmission originated on or off the school site, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

i. A message, text, sound, video, or image.

ii. A post on a social network Internet Web site including, but not limited to:

(a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.

(b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.

(c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. "False profile" means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.

iii. An act of cyber sexual bullying.

(a) For purposes of this Policy, "cyber sexual bullying" means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

(b) For purposes of this Policy, "cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

u) A student who aids or abets, as defined in Penal Code Section 31, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (3)(a)-(b).

v) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the School Coordinator or designee's concurrence.

4. Non-Discretionary Expellable Offenses: Students must be recommended for expulsion when it is determined pursuant to the procedures below that the student:

a) Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the School Coordinator or designee's concurrence.

b) Brandished a knife at another person.

c) Unlawfully sold a controlled substance listed in Health and Safety Code Section 11053, et seq.

d) Committed or attempted to commit a sexual assault as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 or former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4.

If it is determined by the Administrative Panel and/or Board of Directors that a student has brought a firearm or destructive device, as defined in Section 921 of Title 18 of the United States Code, on to campus or to have possessed a firearm or destructive device on campus, the student shall be expelled for one year, pursuant to the Federal Gun Free Schools Act of 1994. In such instances, the student shall be provided due process rights of notice and a hearing as required in this policy.

The Charter School will use the following definitions:

- The term "firearm" means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device. Such term does not include an antique firearm.

- The term "destructive device" means (A) any explosive, incendiary, or poison gas, including but not limited to: (i) bomb, (ii) grenade, (iii) rocket having a propellant charge of more than four ounces, (iv)

missile having an explosive or incendiary charge of more than one-quarter ounce, (v) mine, or (vi) device similar to any of the devices described in the preceding clauses.

- The term "knife" means (A) any dirk, dagger, or other weapon with a fixed, sharpened blade fitted primarily for stabbing; (B) a weapon with a blade fitted primarily for stabbing; (C) a weapon with a blade longer than 3½ inches; (D) a folding knife with a blade that locks into place; or (E) a razor with an unguarded blade.

C. Suspension Procedure

Suspensions shall be initiated according to the following procedures:

1. **Conference**

   Suspension shall be preceded, if possible, by a conference conducted by the School Coordinator or designee with the student and the student's parent/guardian and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the School Coordinator or designee.

   The conference may be omitted if the School Coordinator or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

   At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against the student and shall be given the opportunity to present their version and evidence in their defense, in accordance with Education Code Section 47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. Penalties shall not be imposed on a student for failure of the student's parent or guardian to attend a conference with Charter School officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent or guardian at the conference.

2. **Notice to Parents/Guardians**

   At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone, by email or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student as well as the date and time when the student may return to school following the suspension. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. **Suspension Time Limits/Recommendation for Expulsion**

Formatted: Tab stops: 6.25", Left

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the School Coordinator or designee, the student and the student's parent/guardian shall be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student and the student's parent/guardian, unless the student and the student's parent/guardian fail to attend the conference.

This determination will be made by the School Coordinator or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

4. **Homework Assignments During Suspension**
In accordance with Education Code Section 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

In accordance with Education Code Section 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

D. Authority to Expel

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled either by the neutral and impartial ASSC Board of Directors following a hearing before it, or by the neutral and impartial ASSC Board of Directors upon the recommendation of a neutral and impartial Administrative Panel to be assigned by the Board of Directors as needed. The Administrative Panel shall consist of at least three (3) members who are certificated and neither a teacher of the student nor a member of the ASSC Board of Directors. Each entity shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense, and the Board of Directors shall make the final determination.

E. Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the School Coordinator or designee determines that the student has committed an expellable offense and

recommends the student for expulsion. In the event an Administrative Panel hears the case, it will make a recommendation to the ASSC Board of Directors for a final decision whether to expel. The hearing shall be held in a confidential setting (complying with all student confidentiality rules under the Family Educational Rights and Privacy Act unless the student makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian via email or other means at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing;
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based;
3. A copy of the Charter School's disciplinary rules which relate to the alleged violation;
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at the Charter School to any other school district or school to which the student seeks enrollment;
5. An explanation of the opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;
6. An explanation of the right to inspect and obtain copies of all documents to be used at the hearing;
7. An explanation of the opportunity to confront and question all witnesses who testify at the hearing;
8. An explanation of the opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

F. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

The Charter School may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five days' notice of their scheduled testimony, (b) have up to two (2) adult support persons of their choosing present in the hearing at the time the complaining witness testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.

2. Charter School must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.

3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which the complaining witness may leave the hearing room.

4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.

5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.

6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany the complaining witness to the witness stand.

7. If one or both of the support persons is also a witness, the Charter School must present evidence that the witness' presence is both desired by the witness and will be helpful to the Charter School. The entity presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising their discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.

8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.

9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in public at the request of the student being expelled, the complaining witness shall have the right to have their testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.

10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstances can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

G. Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

H. Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Board or Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have their testimony heard in a session closed to the public.

I. Expulsion Decision

The determination of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board which will make a final determination regarding the expulsion. The Board of Directors shall make the final determination regarding the expulsion within ten (10) school days following the conclusion of the hearing or as soon as practicable. The decision of the Board is final. If the Administrative Panel decides not to recommend expulsion, or the Board of Directors ultimately decides not to expel, the student shall immediately be returned to their previous educational program.

The Board of Directors may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Board. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Board of Directors may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Board revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Board of Directors shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Board of Directors shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein.

J. Written Notice to Expel

The School Coordinator or designee following a decision of the Board to expel shall send written notice of the decision to expel, including the Board's adopted findings of fact, to the student and student's parent/guardian. This notice shall also include the following: a) Notice of the specific offense committed by the student; and b) Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the Charter School.

The School Coordinator or designee shall send a copy of the written notice of the decision to expel to the student's district of residence. This notice shall include the following: a) The student's name; and b) The specific expellable offense committed by the student.

K. Disciplinary Records

Charter School shall maintain records of all student suspensions and expulsions at the Charter School. Such records shall be made available to the chartering authority upon request.

L. No Right to Appeal

The student shall have no right of appeal from expulsion from the Charter School as the ASSC Board of Directors' decision to expel shall be final.

M. Expelled Students/Alternative Education

Students who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence. The Charter School shall work cooperatively with parents/guardians as requested by parents/guardians or by the school district of residence to assist with locating alternative placements during expulsion.

N. Rehabilitation Plans

Students who are expelled from the Charter School shall be given a rehabilitation plan upon expulsion as developed by the Board of Directors at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the student may reapply to Charter School for readmission.

O. Readmission or Admission of Previously Expelled Student

The decision to readmit a student after the end of the student's expulsion term or to admit a previously expelled student from another school district or charter school who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board following a meeting with the School Coordinator or designee and the student and parent/guardian or representative to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school environment. The School Coordinator or designee shall make a recommendation to the Board of Directors following the meeting regarding their determination. The Board shall then make a final decision regarding readmission or admission of the student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The student's readmission is also contingent upon the Charter School 's capacity at the time the student seeks readmission or admission to the Charter School.

P. Notice to Teachers

Formatted: Right: 0", Tab stops: 6.25", Left

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

Q. Removal Due to Noncompliance with Independent Study Requirements

In accordance with Education Code Section 51747 and the Charter School's Board policy on independent study, after two (2) missed assignments, an evaluation is held to determine whether it is in the best interest of the student to remain in independent study. If it is determined that it is not in the student's best interest to remain in independent study, the Charter School may involuntarily remove the student after the Charter School follows the requirements of the Missed Assignment Policy and only after providing notice and an opportunity for a parent, guardian, educational rights holder to request a hearing prior to any involuntary removal as forth herein. Students who are involuntarily removed for noncompliance with independent study requirements shall be given a rehabilitation plan and shall be subject to the readmission procedures set forth herein.

R. Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities

Formatted: Tab stops: 6.25", Left

1. **Notification of SELPA**

   The Charter School shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student that the Charter School or the SELPA would be deemed to have knowledge that the student had a disability.

2. **Services During Suspension**
   Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

3. **Procedural Safeguards/Manifestation Determination**

   Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, Charter School , the parent/guardian, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parent/guardian to determine:

   a) If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or

b) If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If the Charter School, the parent/guardian, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If the Charter School, the parent/guardian, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

c) Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
d) If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and

e) Return the child to the placement from which the child was removed, unless the parent/guardian and the Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If the Charter School, the parent/guardian, and relevant members of the IEP/504 Team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent/guardian of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or the Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 U.S.C Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, unless the Parent/guardian and the Charter School agree otherwise.

In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that

Formatted: Right: 0", Tab stops: 6.25", Left

maintaining the current placement of the child is substantially likely to result in injury to the child or to others, the parent/guardian or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

Formatted: Tab stops: 6.25", Left

5. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The School Coordinator or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

a. Carries or possesses a weapon, as defined in 18 U.S.C Section 930, to or at school, on school premises, or to or at a school function;

b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or

c. Has inflicted serious bodily injury, as defined by 20 U.S.C Section 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated the Charter School 's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the Charter School had knowledge that the student was disabled before the behavior occurred.

Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter

School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.

b. The parent/guardian has requested an evaluation of the child.

c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If the Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If the Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. The Charter School shall conduct an expedited evaluation if requested by the parents; however the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.

The Charter School shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

~~This Student Suspension and Expulsion Policy has been established by the Board of Directors of Altus Schools Southern California in order to promote learning and protect the safety and well-being of all students at the following schools: Altus Schools East County, , Altus Schools North County, Altus Schools South Bay, Audeo Charter School II, Audeo Valley Charter School, and Mirus Secondary School, (hereinafter collectively referred to as "Charter School").~~

~~In adopting this policy, Charter School has reviewed Education Code Section 48900 *et seq.* which describe the offenses for which students at non-charter schools may be suspended or expelled and the procedures governing those suspensions and expulsions in order to establish its list of offenses and procedures for suspensions, expulsions and involuntary removal. The language that follows is largely consistent with the language of Education Code Section 48900 *et seq.* The Charter School is committed to annual review of policies and procedures surrounding suspensions, expulsions, and involuntary removals, and, as necessary, modification of the lists of offenses for which students are subject to suspension, expulsion, or involuntary removal.~~

~~Consistent with this Policy, it may be necessary to suspend or expel a student from regular classroom instruction. This shall serve as the Charter School's policy and procedures for student suspension, expulsion, and involuntary removal, and it may be amended from time to time without the need to seek a material revision of the charter so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary policies and procedures fairly and consistently among all students. This policy and its procedures will be printed and distributed annually as part of the Student Handbook which will clearly describe discipline expectations.~~

~~Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of the policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.~~

The Charter School administration shall ensure that students and their parents/guardians[9] are notified in writing upon enrollment of all discipline and involuntary removal policies and procedures. The notice shall state that the policy and procedures are available on request at the School Coordinator's office. Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom Charter School has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") will be subject to the same grounds for suspension and expulsion and will be accorded the same due process procedures applicable to general education students except when federal and state law requires additional or different procedures. Charter School will follow all applicable federal and state laws including but not limited to the applicable provisions of the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian , and shall inform the student, and the student's parent/guardian, of the basis for which the student is being involuntarily removed and the student's parent/guardian's, right to request a hearing to challenge the involuntary removal. If a student's parent/ guardian requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent/ guardian requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. Students may be involuntarily removed for reasons including, but not limited to, failure to comply with the terms of the student's independent study Master Agreement pursuant to Education Code Section 51747(c)(4).

Procedures

A. Grounds for Suspension and Expulsion of Students

A student may be suspended or expelled for prohibited misconduct if the act is related to school activity or school attendance occurring at any time including but not limited to: a) while on school grounds; b) while going to or coming from school; c) during the lunch period, whether on or off the school campus; d) during, going to, or coming from a school-sponsored activity.

B. Enumerated Offenses

1. Discretionary Suspension Offenses. Students may be suspended for any of the following acts when it is determined the student:

a) Caused, attempted to cause, or threatened to cause physical injury to another person.

[9] The Charter School shall ensure that a homeless child or youth's educational rights holder; a foster child or youth's educational rights holder, attorney, and county social worker; and an Indian child's tribal social worker and, if applicable, county social worker have the same rights as a parent or guardian to receive a suspension notice, expulsion notice, manifestation determination notice, involuntary transfer notice, involuntary removal notice, and other documents and related information. For purposes of this Policy and its Procedures, the term "parent/guardian" shall include these parties.

b) Willfully used force or violence upon the person of another, except self-defense.

c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage, or intoxicant of any kind.

d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of his or her own prescription products by a student.

i) Committed an obscene act or engaged in habitual profanity or vulgarity.

j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

k) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases.

l) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

m)Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

n) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

o) Engaged in or attempted to engage in hazing. For the purposes of this subdivision, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is officially recognized by an

~~educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this section, "hazing" does not include athletic events or school-sanctioned events.~~

~~p) Made terroristic threats against school officials and/or school property, which includes but it not limited to electronic files and databases. For purposes of this section, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family's safety, or for the protection of school property, which includes but it not limited to electronic files and databases, or the personal property of the person threatened or his or her immediate family.~~

~~q) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this section, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This section shall apply to students in any of grades 4 to 12, inclusive.~~

~~r) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in subdivision (e) of Section 233 of the Education Code. This section shall apply to students in any of grades 4 to 12, inclusive.~~

~~s) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This section shall apply to students in any of grades 4 to 12, inclusive.~~

~~t) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.~~

~~1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:~~

~~i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of his or her age, or for a person of his or her age with exceptional needs) or students in fear of harm to that student's or those students' person or property.~~

h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes,

~~smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of his or her own prescription products by a student.~~

~~i) Committed an obscene act or engaged in habitual profanity or vulgarity.~~

~~j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.~~

~~k) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases~~

~~l) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.~~

~~m) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.~~

~~n) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.~~

~~o) Engaged in or attempted to engage in hazing. For the purposes of this subdivision, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this section, "hazing" does not include athletic events or school-sanctioned events.~~

~~p) Made terroristic threats against school officials and/or school property, which includes but is not limited to, electronic files and databases For purposes of this section, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family's safety, or for the protection of school property, which includes but is not limited to, electronic files and databases or the personal property of the person threatened or his or her immediate family.~~

~~q) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this section, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This section shall apply to students in any of grades 4 to 12, inclusive.~~

~~r) Caused, attempted to cause, threatened to cause or participated in an act of hate~~

violence, as defined in subdivision (e) of Section 233 of the Education Code. This section shall apply to students in any of grades 4 to 12, inclusive.

s) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This section shall apply to students in any of grades 4 to 12, inclusive.

t) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of his or her age, or for a person of his or her age with exceptional needs) or students in fear of harm to that student's or those students' person or property.
ii. Causing a reasonable student to experience a substantially detrimental effect on his or her physical or mental health.
iii. Causing a reasonable student to experience substantial interference with his or her academic performance.
iv. Causing a reasonable student to experience substantial interference with his or her ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

2) "Electronic Act" means the creation or transmission originated on or off the School site, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

i. A message, text, sound, video, or image.
ii. A post on a social network Internet Web site including, but not limited to:

(a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.
(b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.
(c) Creating a false profile for the purpose of having one or more of the

effects listed in subparagraph (1) above. "False profile" means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.

iii. An act of cyber sexual bullying.

(a) For purposes of this clause, "cyber sexual bullying" means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

(b) For purposes of this clause, "cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

u) A student who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (3)(a)-(b).

v) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the School Coordinator or designee's concurrence.

4. Non-Discretionary Expellable Offenses: Students must be recommended for expulsion for any of the following acts when it is determined pursuant to the procedures below that the student:

a. Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the School Coordinator or designee's concurrence.
b. Brandished a knife at another person.
c. Unlawfully sold a controlled substance listed in Health and Safety Code Section 11053, et seq.
d. Committed or attempted to commit a sexual assault or committed a sexual battery as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 of former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4.

If it is determined by the Administrative Panel and/or Board of Directors that a student has brought a firearm or destructive device, as defined in Section 921 of Title 18 of the United States Code, on to campus or to have possessed a firearm or dangerous device on campus, the student shall be expelled for one year, pursuant to the Federal Gun Free Schools Act of

1994. In such instances, the student shall be provided due process rights of notice and a hearing as required in this policy.

The term "firearm" means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device. Such term does not include an antique firearm.

The term "destructive device" means (A) any explosive, incendiary, or poison gas, including but not limited to: (i) bomb, (ii) grenade, (iii) rocket having a propellant charge of more than four ounces, (iv) missile having an explosive or incendiary charge of more than one-quarter ounce, (v) mine, or (vi) device similar to any of the devices described in the preceding clauses.

The term "knife" means (A) any dirk, dagger, or other weapon with a fixed, sharpened blade fitted primarily for stabbing; (B) a weapon with a blade fitted primarily for stabbing; (C) a weapon with a blade longer than 3½ inches; (D) a folding knife with a blade that locks into place; or (E) a razor with an unguarded blade.

C. Suspension Procedure

Suspensions shall be initiated according to the following procedures:

1. Conference

Suspension shall be preceded, if possible, by a conference conducted by the School Coordinator or designee with the student and his or her parent/guardian and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the School Coordinator or designee.

The conference may be omitted if the School Coordinator or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense, in accordance with Education Code Section 47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a student for failure of the student's parent or guardian to attend a conference with Charter School officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent or guardian at the conference.

2. Notice to Parents/Guardians

At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student. In addition, the notice may also state the date and time when the student may return to school. If Charter School officials wish to ask the parent/guardian to confer regarding matters

pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Expulsion

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the School Coordinator or designee, the student and the student's parent/guardian will be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student or the student's parent/guardian, unless the student and the student's parent/guardian fail to attend the conference.

This determination will be made by the School Coordinator or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

4. **Homework Assignments During Suspension**

In accordance with Education Code Section 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

In accordance with Education Code Section 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

D. Authority to Expel

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled either by the neutral and impartial Board of Directors following a hearing before it, or by the neutral and impartial Charter School Board of Directors upon the recommendation of a neutral and impartial Administrative Panel to be assigned by the Board as needed. The Administrative Panel should consist of at least three members who are certificated and neither a teacher of the student nor a member of the Charter School Board of Directors. Each entity shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense, and the Board of Directors shall make the final determination.

E. Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the School Coordinator or designee determines that the student has committed an expellable offense and recommends the student for expulsion.

In the event an Administrative Panel hears the case, it will make a recommendation to the Charter School Board for a final decision whether to expel. The hearing shall be held in closed

session (complying with all student confidentiality rules under the Family Educational Rights and Privacy Act (FERPA) unless the student makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing;
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based;
3. A copy of Charter School 's disciplinary rules which relate to the alleged violation;
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at Charter School to any other school district or school to which the student seeks enrollment;
5. The opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;
6. The right to inspect and obtain copies of all documents to be used at the hearing;
7. The opportunity to confront and question all witnesses who testify at the hearing;
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

F. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

Charter School may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five calendar days' notice of their scheduled testimony, (b) have up to two (2) adult support persons of their choosing present in the hearing at the time the complaint witness testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.

2. Charter School must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.

3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.

4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.

~~5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.~~

~~6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany the complaining witness to the witness stand.~~

~~7. If one or both of the support persons is also a witness, Charter School must present evidence that the witness' presence is both desired by the witness and will be helpful to Charter School . The person presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.~~

~~8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.~~

~~9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the student being expelled, the complaining witness shall have the right to have their testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.~~

~~10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstance can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.~~

~~**G. Record of Hearing**~~

~~A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.~~

~~**H. Presentation of Evidence**~~

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Board or Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

I. Expulsion Decision

The decision of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board who will make a final determination regarding the expulsion. The final decision by the Board shall be made within ten (10) school days following the conclusion of the hearing. The decision of the Board is final. If the Administrative Panel decides not to recommend expulsion, or the Board of Directors ultimately decides not to expel, the student shall immediately be returned to their educational program.

The Board of Directors may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Board. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Board of Directors may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Board revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Board of Directors shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Board of Directors shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein.

J. Written Notice to Expel

The School Coordinator or designee following a decision of the Board to expel shall send written notice of the decision to expel, including the Board's adopted findings of fact, to the student or parent/guardian. This notice shall also include the following: a) Notice of the specific offense committed by the student; and b) Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with Charter School .

The School Coordinator or designee shall send a copy of the written notice of the decision to expel to the authorizer. This notice shall include the following: a) The student's name; and b) The specific expellable offense committed by the student.

K. Disciplinary Records

~~Charter School shall maintain records of all student suspensions and expulsions at Charter School . Such records shall be made available to the authorizer upon request.~~

~~**L. No Right to Appeal**~~

~~The student shall have no right of appeal from expulsion from Charter School as the Board of Directors' decision to expel shall be final.~~

~~**M. Expelled Students/Alternative Education**~~

~~Students who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence. Charter School shall work cooperatively with parents/guardians as requested by parents/guardians or by the school district of residence to assist with locating alternative placements during expulsion.~~

~~**N. Rehabilitation Plans**~~

~~Students who are expelled from Charter School shall be given a rehabilitation plan upon expulsion as developed by the Board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the student may reapply to Charter School for readmission.~~

~~**O. Readmission or Admission of Previously Expelled Students**~~

~~The decision to readmit a student after the end of the student's expulsion term or to admit a previously expelled student from another school district or charter school who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board following a meeting with the School Coordinator or designee and the student and parent/guardian or representative to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school environment. The School Coordinator or designee shall make a recommendation to the Board following the meeting regarding his or her determination. The Board shall then make a final decision regarding readmission or admission of student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The student's readmission is also contingent upon Charter School 's capacity at the time the student seeks readmission or admission to the Charter School.~~

~~**P. Notice to Teachers**~~

Formatted: Right: 0", Tab stops: 6.25", Left

~~The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.~~

~~Q. **Removal Due To Noncompliance with Independent Study Requirements**~~

~~In accordance with Education Code Section 51747 and the Charter School's Board policy on independent study, after two (2) or more missed assignments, an evaluation is held to determine whether it is in the best interest of the student to remain in independent study. If it is determined that it is not in the student's best interest to remain in independent study, the Charter School may involuntarily remove the student after the Charter School follows the requirements of~~

the Missed Assignment Policy and only after providing notice and an opportunity for a parent, guardian, educational rights holder to request a hearing prior to any involuntary removal as forth herein. Students who are involuntarily removed for non-compliance with independent study requirements shall be given a rehabilitation plan and shall be subject to the readmission procedures set forth herein.]

R. Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities

1. Notification of SELPA

Charter School shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student that Charter School or the SELPA would be deemed to have knowledge that the student had a disability.

2. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alterative educational setting.

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, Charter School , the parent/guardian, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents/guardian to determine:

a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If Charter School, the parent/guardian, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If Charter School, the parent/guardian, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

c. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
d. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
e. Return the child to the placement from which the child was removed, unless the parent/guardian and Charter School agree to a change of placement as part of the modification

~~of the behavioral intervention plan.~~

~~If Charter School , the parent/guardian, and relevant members of the IEP/504 team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.~~

~~4. Due Process Appeals~~

~~The parent/guardian of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.~~

~~When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 USC Section 1415(k), until the expiration of the forty-five (45) daytime period provided for in an interim alternative educational setting, unless the Parent/guardian and Charter School agree otherwise.~~

~~In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, the parent/guardian or Charter School may request a hearing.~~

Formatted: Right: 0", Tab stops: 6.25", Left

~~In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.~~

~~Special Circumstances~~

Formatted: Tab stops: 6.25", Left

~~Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.~~

~~The School Coordinator or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:~~

- ~~a. Carries or possesses a weapon, as defined in 18 USC 930, to or at school, on school premises, or to or at a school function;~~
- ~~b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or~~
- ~~c. Has inflicted serious bodily injury, as defined by 20 USC 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.~~

~~6. Interim Alternative Educational Setting~~

~~The student's interim alternative educational setting shall be determined by the student's IEP/504 team.~~

~~**7. Procedures for Students Not Yet Eligible for Special Education Services**~~
~~A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated Charter School 's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if Charter School had knowledge that the student was disabled before the behavior occurred.~~

~~Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:~~

- ~~a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.~~
- ~~b. The parent/guardian has requested an evaluation of the child.~~
- ~~c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.~~

~~If Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA eligible children with disabilities, including the right to stay put.~~
~~If Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. Charter School shall conduct an expedited evaluation if requested by the parents; however, the student shall remain in the education placement determined by Charter School pending the results of the evaluation.~~

~~Charter School shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.~~

Cell Phones, Smartphones, Pagers & Other Electronic Signaling Devices Policy *(Full Board Policy)*
Board Policy #: 3320
Adopted: February 16, 2022
Amended: June 22, 2023~~,~~ February 28, 2024~~,~~ June 26, 2024; June 24, 2025

The Governing Board of Altus Schools Southern CA hereby adopts this Cell Phones, Smartphones, Pagers & Other Electronic Signaling Devices Policy to apply Audeo Charter School II, Audeo Valley Charter School, Altus Schools Coachella Valley, Altus Schools East County, Altus Schools Mirus, Altus Schools North County, and Altus Schools South Bay~~to Altus Schools East County, Altus Schools North County, Altus Schools South Bay, Audeo Charter School II, Audeo Valley Charter School, and Mirus Secondary School~~, hereafter collectively referred to as ("Charter School"). The Board of Directors recognizes the potential for cell phones, smartphones, pagers, and electronic signaling devices (hereinafter collectively referred to as "private devices") to disrupt the learning environment of the Charter School, and adopts this Policy to permit students to possess, but not use private devices while on site or at the resource center, at school-sponsored activities, or under the supervision of Charter School employees, except as otherwise provided in this Policy. Students who possess any private devices must always keep them turned off and out of view while on school grounds or at school-sponsored activities and functions. Charter School teachers, administrators, and staff will confiscate any private devices used by a student in violation of this Policy.

All students are required to adhere to the following guidelines regarding private devices:

Private devices may be used:

- Off school site before or after school.
- Before or after any Charter School sponsored activity occurring before or after the school's instructional day.
- In the case of an emergency, or in response to a perceived threat of danger.
- When a teacher or administrator of the Charter School grants permission to a student to possess or use a private device, subject to any reasonable limitation imposed by that teacher or administrator.
- When a licensed physician and surgeon determines that the possession or use of a private device is necessary for the health or well-being of the student.
- When the possession or use of a private device is required in a student's individualized education program ("IEP").

Private devices shall be turned off and shall not be used:

- While at the resource center, including workshops, seminars, tutoring and any other school activity, which takes place during the scheduled instructional day on or off site.
- During events sponsored by the Charter School.
- On field trips or excursions sponsored by the Charter School.

Formatted: Tab stops: 6.25", Left

Possession of private devices is a privilege, which may be forfeited by any student who fails to abide by the terms of this Policy. All Charter School employees shall remove any private device from the possession of a student found to be violating this Policy. If a private device is heard ringing, beeping, or buzzing from inside a jacket, purse, backpack, or other similar article, whether within the immediate presence of the student or not, a Charter School employee may remove the private device and confiscate the private device. Parents/guardians will be contacted to pick up any confiscated private devices at the end of the instructional time at the resource center or at the conclusion of a Charter School sponsored activity.

In addition to this Policy, all other applicable Charter School student discipline policies and rules shall apply to any student who fails to comply with the requirements of this Policy.

Students who possess any private device(s) shall assume sole responsibility for the maintenance and care of any such private device(s) in accordance with this Policy. At no time shall the Charter School be responsible for preventing theft, loss or damage to any private devices brought onto campus or at Charter School sponsored activities.

Lost or Damaged School Property

If a student willfully damages the Charter School's property or the personal property of a Charter School employee, or fails to return a textbook, library book, computer/tablet or other Charter School property that has been loaned to the student, the student's parents/guardians are liable for all damages caused by the student's misconduct not to exceed ten thousand dollars ($10,000), adjusted annually for inflation. After notifying the student's parent or guardian in writing of the student's alleged misconduct and affording the student due process, Charter School may withhold the student's grades, transcripts, and diploma until the damages have been paid. If the student and the student's parent/guardian are unable to pay for the damages or to return the property, Charter School will provide a program of voluntary work for the minor in lieu of the payment of monetary damages. Upon completion of the voluntary work, the student's grades and diploma will be released.

Parents' Responsibilities

- Ensure that students get to their scheduled appointment on time. If this is not possible, contact the teacher to arrange an alternate time.
- Hold high expectations for your student, regularly monitor his or her daily work.
- Support school rules and the independent study definition of attendance—students complete schoolwork rather than spending time in the Resource Center.
- Establish a schedule with the student and provide a space for study time at home.
- Arrange for student to attend appropriate field trips and supplemental tutoring sessions.
- Meet with staff when requested, particularly during master agreement signing conferences.
- Participate in decisions related to the education of your student.
- Ensure that students are clothed properly for school and school events.

Parents' Role in Discipline and Behavior

Parents are expected to cooperate with Charter School staff in maintaining and encouraging proper standards of behavior for their children. The following points may prove helpful:

- Instill in your child a sense of responsibility for what he/she says and does.
- Help your child to solve conflicts in a peaceful manner.
- Review your own attitude about discipline and behavior.
- Make sure you communicate with the school to learn necessary facts and expected behavior.
- As a role model for your child, show respect for learning and the necessity for completing an education.

Non-Discrimination Statement

Board Policy #: 3180
Approved: March 4, 2008,
Amended: February 28, 2024; June 26, 2024; June 24, 2025

The Board of Directors of Altus Schools Southern California ("ASSC"), which operates Audeo Charter School II, Audeo Valley Charter School, Altus Schools Coachella Valley, Altus Schools East County, Altus Schools Mirus, Altus Schools North County, and Altus Schools South Bay hereinafter collectively referred to as "Charter School", hereby adopts this Student Non-Discrimination Policy. Charter School is committed to equal opportunity for all individuals in education. Charter School shall promote programs which ensure that discriminatory practices are eliminated in all school activities.

Charter School does not discriminate against any student or employee on the basis of actual or perceived disability, gender, gender identity, gender expression, nationality, race or ethnicity, immigration status, religion, religious affiliation, sexual orientation, pregnancy, or any other characteristic that is contained in the definition of hate crimes in the California Penal Code.

The Charter School Board of Directors shall not refuse to approve the use or prohibit the use of any textbook, instructional material, supplemental instructional material, or other curriculum for classroom instruction or any book or other resource in a school library on the basis that it includes a study of the role and contributions of Native Americans, African Americans, Latino Americans, Asian Americans, Pacific Islanders, European Americans, LGBTQ+ Americans, persons with disabilities, or members of other ethnic, cultural, religious, or socioeconomic status groups.

Charter School adheres to all provisions of federal law related to students with disabilities, including, but not limited to, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act of 1990 ("ADA"), and the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA").

The Charter School does not discourage students from enrolling or seeking to enroll in the Charter School for any reason, including, but not limited to, academic performance, disability, neglect or delinquency, English proficiency, for being homeless or a foster/mobile youth, economic disadvantage, nationality, race, ethnicity, or sexual orientation. Charter School shall not encourage a student currently attending Charter School to disenroll or transfer to another school based on any of the aforementioned reasons except in cases of expulsion and suspension or involuntary removal in accordance with the Charter School's charter and relevant policies.

The Charter School does not request nor require student records prior to a student's enrollment.

Pursuant to California law and the California Attorney General's guidance to K-12 schools in responding to immigration issues ("Guidance"), Charter School provides equal access to free public education, regardless of a student's or their parent's or guardian's immigration status or religious beliefs. The complete Guidance, including *Appendix G – Know Your Rights* can be reviewed via the following link: https://oag.ca.gov/sites/all/files/agweb/pdfs/bcj/school-guidance-model-k12.pdf

The Charter School shall provide a copy of the California Department of Education Complaint Notice and Form to any parent, guardian, or student over the age of 18 at the following times: (1) when a parent, guardian, or student over of the age of 18 inquiries about enrollment; (2) before conducting an enrollment lottery; and (3) before disenrollment of a student.

The Charter School is committed to providing a work and educational atmosphere that is free of unlawful harassment under Title IX of the Education Amendments of 1972 (sex); Titles IV, VI, and VII of the Civil Rights Act of 1964 (race, color, or national origin); The Age Discrimination in Employment Act of 1967; The Age Discrimination Act of 1975; the IDEA; and Section 504 and Title II of the ADA (mental or physical disability).

Charter School also prohibits sexual harassment, including cyber sexual bullying, and harassment based upon pregnancy, childbirth or related medical conditions, race, religion, religious affiliation, creed, color, immigration status, gender, gender identity, gender expression, national origin or ancestry, physical or mental disability, medical condition, marital status, age, sexual orientation, or any other basis protected by federal, state, local law, ordinance or regulation.

Charter School does not condone or tolerate harassment of any type, including discrimination, intimidation, or bullying, including cyber sexual bullying, by any employee, independent contractor or other person with which Charter School does business, or any other individual, student, or volunteer. This applies to all employees, students, or volunteers and relationships, regardless of position or gender. Charter School will promptly and thoroughly investigate any complaint of harassment and take appropriate corrective action, if warranted. Inquiries, complaints, or grievances regarding harassment as described in this section, above, should be directed to the Charter School Uniform Complaint Procedures ("UCP") Compliance Officer:

~~Tim Tuter~~ Elizabeth Orona
~~Deputy Superintendent Schools Services~~ Chief of Staff & Compliance Officer
~~(858) 678-2042~~ (858) 678.4811
10170 Huennekens Street
San Diego, CA 92121

The lack of English language skills will not be a barrier to admission or participation in Charter School's programs or activities. Charter School prohibits retaliation against anyone who files a complaint or who participates or refuses to participate in a complaint investigation.

3179 Title IX Policy Prohibiting Discrimination on the Basis of Sex

Commented [LA9]: LIZ PLEASE CHECK IF THE POLICY NUMBER IS 2178 OR 3177

Commented [LA10]: Per AB 34 and 543, the School's sexual harassment policy 1) must be posted in a prominent and readily accessible location on the School's website;
2) should be included in the School's "regular policy statement";
3) shall be provided as part of any orientation program conducted for new and continuing pupils at the beginning of each quarter, semester, or during Learning Period 1 and LP 2.
4) Training shall be provided for each faculty member, all members of the administrative staff, and all members of the support staff at the beginning of the first quarter or semester of the school year, or at the time that there is a new employee hired;
5) shall appear in any publication of the institution that sets forth the comprehensive rules, regulations, procedures, and standards of conduct for the institution (i.e., student handbook);
and 6) shall be displayed in a prominent location in the main administrative building or other area of the site or resource center where other similar notices/policies are posted.

Please note that in addition to this policy, the School is legally required to have certain Title IX language on the School's website in compliance with Education Code section 221.61 including but not limited to the contact information for the Title IX coordinator, a link to the CDE's Title IX information, the definition of discrimination and harassment based on sex as described in Section 230, and the rights set forth in Section 221.8. We can ask YMC to provide us with some sample language if we desired. Let me know.

Further, per EC section 231.6, charter schools serving pupils in any of grades 9 through 12, inclusive, shall create a poster that meets specific requirements and notifies pupils of the applicable sexual harassment policy. The poster shall be prominently and conspicuously displayed in each bathroom at the resource center. . The poster shall display, at a minimum, all of the following:
(1) The rules and procedures for reporting a charge of sexual harassment.
(2) The name, phone number, and email address of the Compliance Officer to contact to report a charge of sexual harassment.
(3) The rights of the reporting pupil, the complainant, and the respondent, and the responsibilities of the resource centers in accordance with the applicable written policy on sexual harassment.

Under California Education Code section 212.5, sexual harassment consists of conduct on the basis of sex, including but not limited to unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct on the basis of sex, regardless of whether or not the conduct is motivated by sexual desire, when: (a) submission to the conduct is explicitly or implicitly made a term or a condition of an individual's employment, education, academic status, or progress; (b) submission to, or rejection of, the conduct by the individual is used as the basis of employment, educational or academic decisions affecting the individual; (c) the conduct has the purpose or effect of having a negative impact upon the individual's work or academic performance, or of creating an intimidating, hostile, or offensive work or educational environment; and/or (d) submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through Charter School.

Examples of conduct that may fall within the Title IX definition of sex-based harassment, the Education Code definition of sexual harassment, or both:

- Physical assaults of a sexual or sex-based nature, such as:
  - Rape, sexual battery, molestation or attempts to commit these assaults.
  - Intentional physical conduct that is sex-based or sexual in nature, such as touching, pinching, patting, grabbing, brushing against another's body, poking another's body, violence, intentionally blocking normal movement or interfering with work or school because of sex.

- Unwanted sexual advances or propositions, derogatory sex-based comments, or other sex-based conduct, such as:
  - Sexually oriented or sex-based gestures, notices, epithets, slurs, remarks, jokes, or comments about a person's sexuality or sexual experience.

- Preferential treatment or promises of preferential treatment to an individual for submitting to sexual conduct, including soliciting or attempting to solicit any individual to engage in sexual activity for compensation or reward or deferential treatment for rejecting sexual conduct.
- Subjecting or threats of subjecting a student or employee to unwelcome sexual attention or conduct or intentionally making the student's or employee's performance more difficult because of the student's or the employee's sex.
- Retaliation against an individual who has articulated a good faith concern about sex-based harassment.

- Sexual or discriminatory displays or publications anywhere in the work or educational environment, such as:
  - Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic or bringing or possessing any such material to read, display or view in the work or educational environment.
  - Reading publicly or otherwise publicizing in the work or educational environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic.
  - Displaying signs or other materials purporting to segregate an individual by sex in an area of the work or educational environment (other than restrooms or similar rooms).

The illustrations above are not to be construed as an all-inclusive list of sex-based harassment acts prohibited under this Policy.

Complainant means an individual who is alleged to be the victim of conduct that could constitute sexual harassment. ~~student or employee who is alleged to have been subjected to conduct that could constitute sex-based discrimination, or a person other than a student or employee who is alleged to have been subjected to conduct that could constitute sex discrimination and who was participating or attempting to participate in Charter School's education program or activity at the time of the alleged sex discrimination. Complaints may also be made by: (1) a parent, guardian, or other authorized legal representative with the legal right to act on behalf of a complainant; or (2) Charter School's Title IX Coordinator. For complaints of sex discrimination other than sex-based harassment, complaints can also be made by any student, employee, or other person who was participating or attempting to participate in Charter School's education program or activity at the time of the alleged sex discrimination.~~

Formal Complaint of Sexual Harassment means a~~n oral or~~ written document filed and signed by a complainant who is participating in or attempting to participate ~~request to~~ in Charter School's education program or activity or signed by the Coordinator alleging sexual harassment against a respondent and requesting that Charter School investigate the allegation of sexual harassment. At the time of filing a formal complaint of sexual harassment, the complainant must be participating in or attempting to participate in ~~that objectively can be understood as a request for~~ Charter School's education program or activity. ~~to investigate and make a determination about alleged sex discrimination.~~

Party means a complainant or respondent.

Respondent means a person a person who has been reported to be the perpetrator of conduct that could constitute sexual harassment. ~~who is alleged to have violated Charter School's prohibition on sex discrimination.~~

Supportive Measures are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to a party before or after the filing of a formal complaint of sexual harassment or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to Charter School's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or Charter School's educational environment, or deter sexual harassment.

Title IX Coordinator

The Board of Directors of Charter School ("Board") has designated the following employee as the Title IX Coordinator ("Coordinator"):

Elizabeth Orona
Chief of Staff & Compliance Officer
eorona@altusschools.net
858-678-4811

Field Code Changed

In the event the above-named individual becomes unavailable or unable to serve as the Coordinator, the Board has designated the following employee to serve as a temporary or interim Coordinator:

Tim Tuter
Deputy Superintendent School Services and Founding Director
ttuter@altusschools.net
858-678-2042

Formatted: Indent: Left: 1.5", First line: 0.5"

Commented [LA16]: LIZ: BE SURE THAT THE TITLE OF TIM IS CORRECT IN ALL OUR CURRENT BOARD POLICY AND REVISED. THIS IS TRUE ALSO FOR MARY, THE SERVICES IS PLURAL

The Coordinator is responsible for coordinating Charter School's efforts to comply with the requirements of Title IX, receiving reports and complaints of sex discrimination, formal complaints of sexual harassment, and inquiries about the application of Title IX to Charter School, coordinating the effective implementation of supportive measures, and taking other actions as required by this Policy. The Coordinator or designee may serve as the investigator for formal complaints of sexual harassment.

Reporting Sex Discrimination

All employees must promptly notify the Coordinator when the employee has knowledge of or notice of allegations of sex discrimination or sexual harassment occurring within Charter School's education program or activity.

Students are expected to report all incidents of misconduct prohibited by this Policy. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Deputy

Superintendent of School Services and Founding Director, Coordinator, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, the reporting party is encouraged to submit a written report to the Coordinator. Charter School will promptly and effectively investigate and respond to all oral and written complaints and reports of misconduct prohibited by this Policy. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Commented [LA17]: LIZ NOTE - For a complaint of discrimination, bullying, harassment, discrimination or intimidation to fall under the UCP, it must be a written complaint. However, all reports of sex discrimination and harassment must be investigated even if they are oral or outside the UCP timelines, and appropriate action must be taken when necessary according to the results of the investigation.

I am sure this was discussed in the training you received.

Privacy

Charter School acknowledges and respects every individual's right to privacy. All reports and complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes but is not limited to keeping the identity of the reporter and other personally identifiable information confidential, as appropriate, except to the extent necessary to comply with the law, carry out the investigation and/or to resolve the issue, as determined by the Coordinator or designee on a case-by-case basis.

Retaliation

Charter School prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments of the individual. ~~Individuals alleging retaliation in violation of this Policy may file a complaint in accordance with the grievance procedures set forth in this Policy.~~

~~Nothing in this Policy precludes Charter School from requiring an employee or other person authorized by Charter School to provide aid, benefit, or service under Charter School's education program or activity to participate as a witness in, or otherwise assist with, an investigation or proceeding under this Policy.~~

Response to Sexual Harassment

Charter School will respond promptly and in a manner that is not deliberately indifferent when it has actual knowledge, as defined in 34 C.F.R. § 106.30(a), of sexual harassment occurring in its education program or activity against a person in the United States.

Charter School's response will treat complainants and respondents equitably by offering supportive measures to a complainant, and by following the grievance procedures for formal complaints of sexual harassment that are listed below before imposing any disciplinary sanctions or other actions that are not supportive measures on a respondent for sexual harassment under Title IX.

Supportive Measures

Once notified of sexual harassment or allegations of sexual harassment occurring in Charter School's education program or activity against a person in the United States, the Coordinator will promptly contact the complainant to discuss the availability of supportive measures, consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint of sexual harassment.

Supportive measures may include but are not limited to: counseling; extensions of deadlines or other course-related adjustments; modifications of work or class schedules; mutual restrictions on contact between the parties; changes in work or on-campus housing locations; leaves of absence; increased security and monitoring of certain areas of the campus; and other similar measures.

Supportive measures will not unreasonably burden either party or be imposed for punitive or disciplinary reasons. Charter School will maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair Charter School's ability to provide the supportive measures. The Coordinator is responsible for coordinating the effective implementation of supportive measures.

Grievance Procedures

Scope and General Requirements

Charter School has adopted and published grievance procedures that provide for the prompt and equitable resolution of student and employee complaints alleging any action that would be prohibited under Title IX and a grievance process that complies with 34 C.F.R. § 106.45 for formal complaints of sexual harassment.

Complaints of misconduct prohibited by this Policy that do not constitute a formal complaint of sexual harassment will be addressed in accordance with Charter School's Uniform Complaint Procedures, its employment discrimination complaint procedures, or the grievance procedures set forth in its Harassment, Intimidation, Discrimination, and Bullying Policy, as applicable. The following grievance procedures will apply to formal complaints of sexual harassment.

Upon receipt of a formal complaint of sexual harassment, the Coordinator or designee will promptly initiate these grievance procedures, or the informal resolution process if available, appropriate, and requested by all parties.

Charter School requires that any Title IX Coordinator, investigator, decisionmaker, and any person designated by Charter School to facilitate an informal resolution process not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

Charter School will treat complainants and respondents equitably. Charter School presumes that the respondent is not responsible for the alleged sexual harassment until a determination is made at the conclusion of its grievance procedures.

Charter School may consolidate formal complaints of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against another party, where the allegations of sexual harassment arise out of the same facts or circumstances.

Charter School allows for the temporary delay of the grievance process or limited extension of timeframes on a case-by-case basis for good cause. Requests for extensions must be submitted to the Coordinator in writing at least one (1) business day before the expiration of the timeframe. If the grievance process is temporarily delayed or a timeframe is temporarily extended by Charter School, the Coordinator or designee will notify the parties of the reason for the delay or extension in writing.

Charter School will objectively evaluate all evidence that is relevant and not otherwise impermissible, including both inculpatory and exculpatory evidence.[12] Credibility determinations will not be based on a person's status as a complainant, respondent, or witness.

Dismissal

Charter School must dismiss a formal complaint of sexual harassment for purposes of sexual harassment under Title IX if the conduct alleged:

- Would not constitute sexual harassment under Title IX even if proved;
- Did not occur in Charter School's education program or activity; or
- Did not occur against a person in the United States.

Charter School may dismiss a formal complaint of sexual harassment or any of the allegations therein if:

- The respondent is no longer enrolled or employed by Charter School;
- A complainant notifies the Coordinator in writing that the complainant would like to withdraw the complaint or any allegations therein; or
- Specific circumstances prevent Charter School from gathering sufficient evidence to reach a determination as to the complaint or allegations therein.

Upon dismissal, the Coordinator or designee will promptly send written notice of the dismissal and reason(s) therefor simultaneously to the parties. Dismissal under Title IX does not preclude action under another applicable Charter School policy.

[12] Inculpatory means tending to impute guilt or fault, and exculpatory means tending to absolve from guilt or fault.

Notice of the Allegations

Upon receipt of a formal complaint of sexual harassment, the Coordinator or designee will provide written notice of the allegations to the parties whose identities are known. The notice will include:

- Charter School's grievance procedures and any informal resolution process;
- The allegations of sexual harassment including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details includes the identities of the parties involved in the incident(s), if known, the conduct allegedly constituting sexual harassment under Title IX, and the date(s) and location(s) of the alleged incident(s), if known;
- A statement that the respondent is presumed not responsible for the alleged conduct and a determination regarding responsibility is made at the conclusion of the grievance process;
- A statement that the parties may have an advisor of their choice, who may be, but is not required to be, an attorney, and may inspect and review evidence; and
- A statement that Charter School prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

Emergency Removal

Charter School may place a non-student employee respondent on administrative leave during the pendency of the grievance procedures in accordance with Charter School's policies.

Charter School may remove a respondent from Charter School's education program or activity on an emergency basis, in accordance with Charter School's policies, provided that Charter School undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any person arising from the allegations of sexual harassment justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.

This provision must not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

Informal Resolution

At any time after a formal complaint of sexual harassment is filed and prior to determining whether sexual harassment occurred under Charter School's Title IX grievance procedures, Charter School may offer an informal resolution process to the parties. Charter School will not offer or facilitate informal resolution to resolve allegations that an employee sexually harassed a student, or when such a process would conflict with Federal, State, or local law. Parties will not be required or pressured to agree to participate in the informal resolution process.

Before initiation of the informal resolution process, Charter School will obtain the parties' voluntary, written consent to participate in the informal resolution and provide the parties with a written notice that explains:

Commented [LA18]: LIZ - Regardless of any determination on whether to remove a student or employee on an emergency basis, the School still must follow the grievance process before imposing any disciplinary sanctions or other actions that are not supportive measures (e.g., terminations or expulsions) against a respondent. Emergency removal is not a substitute for reaching a determination as to a respondent's responsibility; rather, emergency removal is for the purpose of addressing imminent threats posed to any person's health or safety, which might arise out of the sexual harassment allegations. Emergency removals allow schools to address emergency situations, whether or not a grievance process is underway, provided that the school first undertakes an individualized safety and risk analysis and provides the respondent notice and opportunity to challenge the removal decision.

- The allegations;
- The requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a formal complaint of sexual harassment arising from the same allegations;
- The right to withdraw and initiate or resume the grievance procedures at any time prior to agreeing to a resolution; and
- Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.

Investigation

In most cases, a thorough investigation will take no more than twenty-five (25) business days. Charter School has the burden to conduct an investigation that gathers sufficient evidence to determine whether sexual harassment occurred. The investigator will review all evidence gathered through the investigation and determine what evidence is relevant and what evidence is impermissible regardless of relevance in accordance with Title IX.

The following types of evidence, and questions seeking that evidence, are impermissible (i.e., will not be used, accessed, considered, or disclosed), regardless of whether they are relevant:

- A party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless Charter School obtains that party's voluntary, written consent to do so for these grievance procedures; and
- Evidence about the complainant's sexual predisposition or prior sexual behavior, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

The parties will be provided with an equal opportunity to present witnesses, to inspect and review any evidence obtained that is directly related to the allegations raised, and to have an advisor present during any investigative meeting or interview. The parties will not be prohibited from discussing the allegations under investigation or from gathering and presenting relevant evidence. A party whose participation is invited or expected at an investigative meeting or interview will receive written notice of the date, time, location, participants, and purpose of the meeting or interview with sufficient time for the party to prepare to participate.

Before the investigator completes the investigative report, Charter School will send to each party and the party's advisor, if any, a copy of the evidence subject to inspection and review, and the parties will have at least ten (10) days to submit a written response for the investigator to consider prior to completing the investigation report.

The investigator will complete an investigation report that fairly summarizes relevant evidence and send a copy of the report to each party and the party's advisor, if any, at least ten (10) days prior to the determination of responsibility.

Determination of Responsibility

Before making a determination of responsibility, the decisionmaker must afford each party the opportunity to submit written, relevant questions that a party wants to ask of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. The decisionmaker must explain to the party proposing the questions any decision to exclude a question as not relevant.

Determinations will be based on an objective evaluation of all relevant and not otherwise impermissible evidence and credibility determinations will not be based on a person's status as a complainant, respondent, or witness. The standard of evidence used to determine responsibility is the preponderance of the evidence standard.

Within twenty (20) business days after Charter School sends the investigation report to the parties, the decisionmaker, who will not be the same person as the Coordinator or investigator, will simultaneously send the parties a written determination of whether sexual harassment occurred. The written determination will include:

- The allegations of sexual harassment;
- A description of the procedural steps taken including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;
- The findings of facts supporting the determination;
- The conclusions regarding the application of Charter School's code of conduct to the facts;
- The decision and rationale for each allegation;
- Any recommended disciplinary sanctions for the respondent, and whether remedies designed to restore or preserve equal access to the education program or activity will be provided to the complainant; and
- The procedures and permissible bases for appeals.

The determination regarding responsibility becomes final either on the date that Charter School provides the parties with the written appeal decision, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

Appeals

Either party may, within five (5) business days of their receipt of Charter School's written determination of responsibility or dismissal of a formal complaint of sexual harassment, submit a written appeal to the Deputy

Superintendent Schools Services and Founding Director, who will serve as the decisionmaker for the appeal or designate a decisionmaker for the appeal.

Commented [LA19]: IMPORTANT NOTE LIZ: THIS SHOULD BE A PERSON IN A POSITION ABOVE THE PERSON MAKING THE INITIAL DECISION AS LONG AS IT IS SOMEONE TRAINED AND MOREOVER NOT INVOLVED IN THE INVESTIGATION. THIS MEANS TIM TUTER MUST BE TRAINED ON THIS.

The complainant and respondent may only appeal from a determination regarding responsibility or Charter School's dismissal of a formal complaint of sexual harassment or any allegations therein, on one or more of the following bases:

- Procedural irregularity that affected the outcome of the matter;
- New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; or
- The Coordinator, investigator(s), or decisionmaker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

The decisionmaker for the appeal will not be the same person as the Coordinator, the investigator or the initial decisionmaker.

The decisionmaker for the appeal will: 1) notify the other party of the appeal in writing; 2) implement appeal procedures equally for the parties; 3) allow the parties to submit a written statement in support of, or challenging, the outcome within five (5) business days of notice of the appeal; and 4) within twenty-five (25) business days of the appeal, provide a written decision simultaneously to the parties describing the result of the appeal and the rationale for the result.

Consequences

Students or employees who engage in misconduct prohibited by this Policy, knowingly make false statements or knowingly submit false information during the grievance process, may be subject to disciplinary action up to and including expulsion from Charter School or termination of employment. If there is a determination that sexual harassment occurred, the Coordinator is responsible for effective implementation of any remedies ordered by Charter School.

Training

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All Title IX Coordinators, investigators, decisionmakers, and any person who facilitates a Title IX informal resolution process will receive Title IX training and/or instruction concerning sexual harassment as required by law.

Recordkeeping

Charter School will maintain the following records for at least seven (7) years:

- Records of each sexual harassment investigation, including any determination of responsibility; any audio or audiovisual recording or transcript; any disciplinary sanctions imposed on the respondent; and any remedies provided to the complainant;
- Records of any appeal of a formal complaint or sexual harassment and the results of that appeal;
- Records of any informal resolution of a formal complaint or sexual harassment and the results of that informal resolution;
- All materials used to train Title IX Coordinators, investigators, decisionmakers, and any person who facilitates an informal resolution process; and
- Records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment.

The above records will be maintained in a secure location until destroyed in accordance with applicable laws and regulations.

Commented [LA20]: Liz -the SCHOOL must make these training materials publicly available on its website. Or if the school does NOT have a website, but this does not apply to us, I am providing this information to you to be informed that the School should make them available for inspection by the general public upon request.

The Board of Directors of Altus Schools Southern California, a California nonprofit public benefit corporation operating Audeo Charter School II, Audeo Valley Charter School, Altus Schools Coachella Valley, Altus Schools East County, Altus Schools Mirus, Altus Schools North County, and Altus Schools South Bay, ~~The Board of Directors of Altus Schools Southern CA hereby adopts this Educational Equity and Immigration Status Policy to apply to Altus Schools East County, Altus Schools North County, Altus Schools South Bay, Audeo Charter School II, Audeo Valley Charter School, and Mirus Secondary School,~~ hereafter collectively referred to as ("Charter School"). The Charter School recognizes and honors the attainment of education for the betterment of the individual and the community and is committed to fostering a positive school environment in which students, educators, and staff feel safe, welcomed, supported, and connected.

Charter School will provide a safe, secure, and peaceful learning environment for all students and staff. Charter School defines sensitive or safe locations to include its schools, official activities of its schools, including those occurring in public places and adjacent areas, and all of Charter School property, included but not limited to, facilities owned, controlled by, or leased by Charter School. Where outside contractors or service providers (particularly school resource officers) are regularly present at sensitive or safe locations or have access to student information, Charter School shall seek commitments from those parties not to facilitate immigration enforcement at any of the Charter School's sensitive or safe locations unless required by law.

Information about children's rights to a free education regardless of immigration status or religious beliefs and the Attorney General's *Know Your Rights* handout will be provided to students and parents upon enrollment to Charter School.

All notices provided to parents pursuant to AB 699 shall be language-accessible in compliance with state and federal laws. Enrollment, registration, and uniform complaint procedures information provided on the Charter School website shall be language-accessible in compliance with state and federal laws.

Responding to Hate Crimes and Bullying

Charter School has adopted and publicized a *Title IX, Harassment, Intimidation, Discrimination, and Bullying Policy* and provides annual notice of same to families. The Policy expressly prohibits discrimination, harassment, intimidation, and bullying based on the actual or perceived characteristics set forth in Section 422.55 of the Penal Code, including immigration status, and Section 220 of AB 699, and disability, gender, gender identity, gender expression, nationality, race or ethnicity, immigration or citizenship status, religion, religious affiliation, creed, color, citizenship, national origin or ancestry, physical or mental disability, medical condition, marital status, age, sexual orientation, pregnancy, childbirth or related medical conditions, association with a person or group with one or more of these actual or perceived characteristics, or any other basis protected by federal, state, local law, ordinance, or regulation. The Policy is inclusive of instances that occur on any area of the school campus, at school-sponsored events and activities, regardless of location, through school-owned technology, and through other electronic means. In accordance with the *Title IX,*

Harassment, Intimidation, Discrimination, and Bullying Policy and its *Uniform Complaint Policy and Procedures*, Charter School will promptly and thoroughly investigate any complaint of unlawful harassment, discrimination, intimidation, or bullying that constitute a hate crime or are otherwise based on actual or perceived characteristics listed above, and take appropriate corrective action, if warranted.
Charter School advises students that hateful and/or demeaning behavior is inappropriate and unacceptable in our society and at Charter School and encourages students to practice compassion and respect each other. Charter School educates students to accept all student peers regardless of protected characteristics (including but not limited to actual or perceived religion, immigration status, or citizenship) and about the negative impact of bullying other students based on these protected characteristics.

Charter School shall train teachers, staff, and personnel to ensure that they are aware of their legal duty to take reasonable steps to eliminate a hostile environment and respond to any incidents of harassment based on the actual or perceived characteristics noted above.

Charter School shall inform students who are victims of hate crimes of their right to report such crimes.
Complete copies of the *Uniform Complaint Policy and Procedures* and the *Title IX, Harassment, Discrimination, Intimidation, and Bullying Policy* are available for review at the administration office.

Gathering and Managing Student and Family Information
School has adopted an *Educational Records and Student Information Policy* to apply to all educational records and student information maintained by Charter School and provides annual notice of same to all families. Appropriate personnel shall receive training regarding those policies and procedures.

Additionally, Charter School shall observe the following:

- Except as required by state or federal law or as required to administer a state or federally supported education program, Charter School officials and employees will not collect information or documents regarding citizenship or immigration status of pupils or their family members.
- If Charter School possesses information that could indicate immigration status, citizenship status, or national origin information, Charter School will not use the acquired information to discriminate against any student or families or bar children from enrolling in or attending school.
- If parents or guardians choose not to provide information that could indicate their or their children's immigration status, citizenship status, or national origin, Charter School will not use such actions as a basis to discriminate against any students or families or bar children from enrolling or attending school.
- Charter School will not allow school resources or data to be used to create a registry based on race, gender, sexual orientation, religion, ethnicity, or national origin.
- Charter School will not inquire specifically about a student's citizenship or immigration status or the citizenship or immigration status of a student's parents or guardians; nor shall personnel seek or require, to the exclusion of other permissible documentation or information, documentation or information that may indicate a student's immigration status, such as a green card, voter registration, a passport, or citizenship papers.

Admissions and Enrollment
As a charter school, Charter School is open to all students who wish to attend, regardless of residency.
Notwithstanding this and where permitted by law, Charter School shall accept alternative means to establish

residency, age, or other eligibility criteria for enrollment or programs, and those alternative means shall include among them documentation or information that are available to persons regardless of immigration status, citizenship status, or national origin, and that do not reveal information related to citizenship or immigration status.

Charter School will accept the following list of documents as reasonable evidence of residency:

- Property tax payment receipts
- Rental property contract, lease, or payment receipts
- Utility service contract, statements, or payment receipts
- Pay stubs
- Voter registration
- Correspondence from a government agency
- Declaration of residency executed by the parent or legal guardian of the student
- Note: documents, information, or proof relating to citizenship or immigration status of students will never be requested for the enrollment process.

However, please note: (1) that parents and guardians are not required to provide each and every document listed and that (2) in accordance with the McKinney-Vento Homeless Assistance Act, Charter School will immediately enroll a homeless child or youth even if he or she is unable to provide proof of residency or age or other documentation normally required for enrollment.

Charter School will accept the following list of documents as reasonable evidence of age:

- Certified copy of birth record
- Statement by the local registrar or county recorder certifying date of birth
- Baptism certificate
- Passport
- When none of the foregoing is obtainable, an affidavit of the parent, guardian, or custodian, or any other appropriate means of proving the child's age.

Documents, information, or proof relating to citizenship or immigration status of students will never be requested for the enrollment process. Where any law requires submission of national origin related information to satisfy the requirements of a special program, Charter School personnel will solicit that documentation or information separately from the enrollment process.

Social Security Information:

Charter School will not collect entire social security numbers or cards or a statement that the parent or guardian does not possess a Social Security number for the purposes of enrollment, and failure to provide this information will not bar a student from enrolling or attending Charter School. However, the last four digits of an adult household member's Social Security number may be solicited and/or collected if required to establish eligibility for federal benefit programs such as free or reduced-price meals. This Social Security information will only be collected for the limited purpose of establishing eligibility for federal benefit programs and will not affect student enrollment. If no adult household member has a Social Security number, the student still can qualify for free or reduced- price meals, if the family meets the income eligibility requirements.

Sharing Student and Family Information

Charter School will avoid the disclosure of information that might indicate a student's or family's citizenship or immigration status if the disclosure is not authorized by the Family Educational Rights and Privacy Act (FERPA).

Charter School requires written parental or guardian consent for release of student information unless the information is relevant for a legitimate education interest or includes directory information only.
Neither exception permits disclosing information to immigration authorities for immigration-enforcement purposes; no student information shall be disclosed to immigration authorities for immigration-enforcement purposes without a court order or judicial subpoena. A copy of the complete *Education Records and Student Information Policy* is available for review in the administration office.

Charter School's request for written parental or guardian consent for release of student information must include:

(a) The signature and date of the parent, guardian, or eligible student providing consent;
(b) A description of the records to be disclosed;
(c) The reason for the release of information;
(d) The parties or class of parties receiving the information; and
(e) If requested by the parents, guardians, or eligible student, a copy of the records to be released.

The parent, guardian, or eligible student is not required to sign the consent form. If the parent, guardian or eligible student refuses to provide written consent for the release of student information that this not otherwise subject to release, Charter School shall not release the information. Charter School will permanently keep the consent notice with the record file.

Charter School personnel shall take the following steps upon receiving an information request related to a student's or family's immigration or citizenship status:

(a) Notify a designated Charter School official about the information request.
(b) Provide students and families with appropriate notice and a description of the immigration officer's request.
(c) Document any verbal or written request for information by immigration authorities.
(d) Unless prohibited, provide students and parents/guardians with any documents issued by the immigration-enforcement officer.

Charter School will not release information to third parties for immigration-enforcement purposes, except as required by law or court order. Except for investigations of child abuse, child neglect, or child dependency, or when the subpoena served on the local educational agency prohibits disclosure, Charter School shall provide parental or guardian notification of any court orders, warrants, or subpoenas before responding to such requests.

Responding to Immigration Enforcement on Campus

No visitor – which include immigration-enforcement officers – shall enter or remain on school grounds of the Charter School during school hours without having registered with the principal or designee. If there are no exigent circumstances necessitating immediate action, and if the immigration officer does not possess a judicial warrant or court order that provides a basis for the visit, the officer must provide the following information to the principal or designee:

1. Name, address, and occupation;
2. Age, if less than 21;
3. Purpose of entering school grounds;

4. Proof of identity; and
5. Any other information as required by law

Charter School requires that any visitor, including immigration enforcement officers, must not interrupt students and faculty during class time for immigration enforcement or other purposes, and must instead wait until a designated break period prior to or following a class period to carry out their judicial warrant or court order. A complete copy of the Charter School *Visitor and Volunteer Policy* is available for review in the administration office.
Charter School has posted signs at the entrance of its school grounds to notify outsiders of the hours and requirements for registration.

Procedures for Responding to On-Campus Immigration Enforcement
As early as possible, Charter School personnel will notify the Superintendent or designated administrator of any request by an immigration-enforcement officer for student access or access to school grounds for purposes related to immigration enforcement, or any requests for review of school documents (including for the services of lawful subpoenas, petitions, complaints, warrants, etc.
In addition, Charter School personnel will take the following steps in response to an officer present on the school campus specifically for immigration-enforcement purposes:

1. Advise the offer that before proceeding with his or her request, and absent exigent circumstances, school personnel must first receive notification and direction from the Deputy Superintendent School Services .
2. Ask to see, and make a copy of or note, the officer's credentials (name and badge number). Also ask for and copy or note the phone number of the officer's supervisor.
3. Ask the officer his/her reason for being on school grounds and document it.
4. Ask the officer to produce documentation that authorizes school access.
5. Make a copy of all documents provided by the officer. Retain one copy of the documents for the school records.
6. If officer declares that exigent circumstances exist and demands immediate access to the campus, Charter School personnel should comply with the officer's orders and immediately contact the Deputy Superintendent School Services .
7. If the officer does not declare that exigent circumstances exist, respond according to the requirements of the officer's documentation. If the immigration-enforcement officer has:
    a. An ICE warrant, Charter School personnel shall inform the agent that he or she cannot consent to nay request without first consulting with the Charter School s counsel or other designated agency official
    b. A federal judicial warrant, such as a search-and-seizure warrant or an arrest warrant; prompt compliance is usually legally required. If feasible, consult with the Charter School's legal counsel or designated administrator before providing the agent access to the person or materials specified in the warrant
    c. Subpoena for production of documents or other evidence
        i. Immediate compliance is not required. Therefore, Charter School personnel shall inform the Charter School's legal counsel or other designated official of the subpoena, and await further instructions on how to proceed

8. While Charter School personnel should not consent to access by an immigration-enforcement officer, except as described below, he/she should not attempt to physically impede the officer, even if the officer appears to be exceeding authorization given under a warrant or document. If an officer enters the premises without consent, Charter School personnel shall document his or her actions while on campus
9. After the encounter with the officer, the Charter School shall promptly take written notes of all interactions with the officer. The notes shall include the following items:
    a. List or copy of the officer's credentials and contact information;
    b. Identity of all school personnel who communicated with the officer;
    c. Details of the officer's request;
    d. Whether the officer presented a warrant or subpoena to accompany his/her request, what was requested in the warrant/subpoena, and whether the warrant/subpoena was signed by a judge;
    e. Charter School personnel's response to the officer's request;
    f. Any further action taken by the agent; and
    g. Photo or copy of any documents presented by the agent
10. Charter School personnel shall provide a copy of those note, and associated documents collected form the officer, to the Charter School's legal counsel or other designated agency official.
11. In turn, Charter School's legal counsel or other designated official] shall submit a timely report to the Charter School Board of Directors regarding the officer's requests and actions and Charter School's response(s).
12. E-mail the Charter School Board of Directors and Bureau of Children's Justice in the California Department of Justice, at BCJ@doj.ca.gov, regarding any attempt by a law-enforcement officer to access a school site or a student for immigration-enforcement purposes

Charter School personnel shall immediately notify the student's parents or guardians if a law-enforcement officer requests or gains access to a student for immigration-enforcement purposes, unless such access was in compliance with a judicial warrant or subpoena that restricts the disclosure of the information to the parent or guardian.
Charter School personnel shall receive consent from the student's parent or guardian before a student can be interviewed or searched by any officer seeking to enforce the civil immigration laws at the school, unless the officer presents a valid, effective warrant signed by a judge, or presents a valid, effective court order.

Responding to the Detention or Deportation of a Student's Family Member

Charter School shall encourage that families and students have and know their emergency phone numbers and know where to find important documentation, including birth certificates, passports, Social Security cards, doctors' contact information, medication lists, lists of allergies, etc., which will allow them to be prepared in the event that a family member is detained or deported.

Charter School shall permit students and families to update students' emergency contact information as needed throughout the school year and provide alternative contacts if no parent or guardian is available. Charter School shall ensure that families may include the information of an identified trusted adult guardian as a secondary emergency contact in case a student's parent or guardian is detained. Charter School shall communicate to families that

information provided within the emergency cards will only be used in response to specified emergency situations, and not for any other purpose.

In the event a student's parent/guardian has been detained or deported by federal immigration authorities, Charter School shall use the student's emergency card contact information and release the student to the person(s) designated as emergency contacts. Alternatively, Charter School shall release the student into the custody of any individual who presents a Caregiver's Authorization Affidavit on behalf of the student.

Charter School shall only contact Child Protective Services if the [local educational agency] personnel are unsuccessful in arranging for the timely care of the child through the emergency contact information that the school has, a Caregiver's Authorization Affidavit, or other information or instructions conveyed by the parent or guardian.

Family Safety Plan
To the extent possible, Charter School will facilitate a family's development of a *Family Safety Plan* to be stored at a location known by the student. Such a plans may identify a trusted adult who can care for the student if no parent or guardian can do so. Students should know that the trusted adult is the person who the student should contact if his or her parents and/or guardians are detained or deported, and how to reach the trusted adult.

Additional Resources
In the event that a student's family member is detailed, Charter School may refer the student and his or her family members to other resources, including, but not limited to:

- (1) ICE Detainee Locator
  - (https://locator.ice.gov/odls/#/search)
- (2) Legal Assistance
  - There are several legal aid organizations that may be able to provide legal assistance to secure the release of a student's detained parent, or to help arrange for the student to visit the parent
  - A list of California organizations accredited by Board of Immigration Appeals (BIA) to represent immigrants before the Department of Homeland Security (DHS) and Executive Office of Immigration Review (EOIR)
- (3) Consulate or Embassy.
  - The consulate or embassy of the parent's or guardian's country of origin may be able to offer additional information and assistance

Charter School will also ensure that the attorneys who they refer students to are licensed and in good standing with the State bar of California, by checking online at http://www.calbar.ca.gov/Attorneys

The Board of Directors of Altus Schools Southern CA hereby adopts this Student Freedom of Speech/Expression Policy to apply to Audeo Charter School II, Audeo Valley Charter School, Altus Schools Coachella Valley, Altus Schools East County, Altus Schools Mirus, Altus Schools North County, and Altus Schools South Bay~~Altus Schools East County, Altus Schools North County, Altus Schools South Bay, Audeo Charter School II, Audeo Valley Charter School, and Mirus Secondary School~~, hereafter collectively referred to as "Charter School."

The Charter School respects students' rights to express ideas and opinions, take stands, and support causes, whether controversial or not, through their speech, writing, printed materials, including the right of expression in official publications, and/or the wearing of buttons, badges and other insignia.

Definitions

1. "*Obscenity*": when the (1) average person applying current community standards finds the work as a whole appeals to the prurient interest, (2) the work is patently offensive, and (3) the work lacks serious literary, artistic, political, or scientific value. Examples include pornography or sexually explicit material.

2. "*Defamation*": Libel (written defamation) and Slander (oral defamation), which includes but is not limited to inaccurately attributing a statement to another, either on purpose for public officials (which includes Charter School staff) or by mistake for private officials, that mischaracterizes the statement.

3. "*Discriminatory Material*": material that demeans a person or group because of the person/group's disability, pregnancy, gender, gender identity, gender expression, nationality, ancestry, race or ethnicity, immigration status, religion, religious affiliation, sexual orientation, childbirth or related medical conditions, marital status, age, or association with a person or group with one or more of these actual or perceived characteristics or any other basis protected by federal, state, local law, ordinance or regulation that has the purpose of humiliating, offending, or provoking a person/group.

4. *"Harassment (including sexual harassment), Intimidation and/or Bullying"*: severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act. Bullying includes one or more acts committed by a student or group of students that may constitute sexual harassment, hate violence, or creates an intimidating and/or hostile educational environment, directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following: (1) placing a reasonable student or students in fear of harm to that student's or those students' person or property, (2) causing a reasonable student to experience a substantially detrimental effect on his or her physical or mental health, (3) causing a reasonable student to experience a substantial interference with his or her academic performance, (4) causing a reasonable student to experience a substantial interference with his or her ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

5. "*Fighting Words*": words likely to cause (1) the average person to fight or (2) the creation of a clear and present danger of violence, unlawful acts in violation of lawful school regulations, or the substantial disruption of school.

6. "*Vulgarity and/or Profanity*": the continual use of curse words by a student, even after warning.

7. "*Violating Privacy":* publicizing or distributing confidential or private material without permission.

On-Resource Center Expression

Student free speech rights include, but are not limited to, the use of bulletin boards, the distribution of printed materials or petitions, the wearing of buttons, badges, and other insignia, and the right of expression in official publications, whether or not the publications or other means of expression are supported financially by the school or by use of school facilities. Student expression on the Charter School website and online media shall generally be afforded the same protections as print media within the Policy.

Student freedom of expression shall be limited only as allowed by state and federal law in order to maintain an orderly school environment and to protect the rights, health, and safety of all members of the school community. Unprotected Expression includes the following: obscenity; defamation; discriminatory material; harassment (including sexual harassment), intimidation and/or bullying; fighting words; vulgarity and/or profanity; or violating privacy as defined above. Also prohibited shall be material that incites a clear and present danger of the commission of unlawful acts on resource center premises or the violation of lawful school regulations or the substantial disruption of the orderly operation of the Charter School.

~~A.~~ A. Distribution of Circulars, Un-Official Newspapers, and Other Printed Matter

Free inquiry and exchange of ideas are essential parts of a democratic education. Students shall be allowed to distribute circulars, leaflets, newspapers, and pictorial or other printed matter, and to circulate petitions, subject to the following specific limitations:

1. Leaflets, pictorial and other printed matter to be distributed shall be submitted to the Deputy Superintendent School Services and Founding Director or designee at least one (1) school day prior to distribution. The Deputy Superintendent School Services and Founding Director or designee shall review material submitted in a reasonable amount of time and shall allow the approved material to be distributed according to the time and manner established by this Policy. The Charter School Deputy Superintendent School Services and Founding Director or designee shall notify student(s) if distribution will be granted or denied (and if denied, why distribution is not in compliance with this Policy).
2. Distribution, free or for a fee, may take place before school, after school, and/or during lunch provided there is no substantial disruption in the school programs (as determined by the Deputy Superintendent School Services and Founding Director. Distribution may not occur during instructional time and should not occur in locations that disrupt the normal flow of traffic within the school or at site entrances.

3. The manner of distribution shall be such that coercion is not used to induce students to accept the printed matter or to sign petitions.

Formatted: Font: (Default) +Body (Calibri), Underline

Formatted: Normal, No bullets or numbering, Tab stops: 6.25", Left

Formatted: Tab stops: 6.25", Left

4. The solicitation of signatures must not take place in school offices, nor be substantially disruptive to resource center activities (as determined by the School Coordinator or the school's administrator, including but not limited to tutoring and group study.

~~B.~~A. Official School Publications

As a small independent student learning environment, the Charter School does not currently have school publications. Should the Charter School begin utilizing a pupil-operated publication in the future, Student editors of official school publications shall be responsible for assigning and editing the news, editorial, and feature content of their publications subject to the limitations of this Policy. However, it shall be the responsibility of the journalism staff adviser(s) of student publications to supervise the production of the student staff, to maintain professional standards of English and journalism, and to maintain the provisions of this Policy.[13] The journalism staff adviser(s) shall help the student editors judge the literary value, newsworthiness and propriety of materials submitted for publication.

There shall be no prior restraint of material prepared for official school publications except insofar as it violates this Policy. Charter School officials shall have the burden of showing justification without undue delay prior to a limitation of student expression under this Policy. If the journalism staff adviser(s) consider material submitted for publication to violate this Policy, he or she will notify the student without undue delay and give specific reasons why the submitted material may not be published. The student should be given the opportunity to modify the material or appeal the decision of the journalism staff adviser to the Deputy Superintendent School Services and Founding Director.

~~C.~~B. Buttons, Badges, and Other Insignia of Symbolic Expression

Students shall be permitted to wear buttons, badges, armbands, and other insignia as a form of expression, subject to the prohibitions enumerated in this Policy.

~~D.~~C. Use of Bulletin Boards

Students will be provided with bulletin boards, upon request and subject to availability, for use in posting student materials in resource center locations convenient to student use. Posted material must be in compliance with other sections of this Policy, particularly regarding the distribution of materials and prohibited speech. Students may not post or distribute materials regarding the meetings of non-curricular student-initiated groups.

~~E.~~D. Organized Demonstrations

Students have the right to lawful organized resource center demonstrations, subject to the provisions of this Policy and applicable law. Demonstrations that incite students to create a clear and present danger of the

[13] "Official school publications" refers to material produced by students in the journalism, newspaper, yearbook, or writing classes and distributed to the student body either free or for a fee.

commission of unlawful acts on school premises or the violation of lawful school regulations, or demonstrations that substantially disrupt the orderly operation of the school are prohibited.

No organized demonstrations by school groups may take place off-site during school hours unless sanctioned by school authorities and supervised by a designated school authority. No individual student may demonstrate in the name of the Charter School or as an official school group at any time unless authorized by the Charter School to participate in the activity.

No student may participate in an organized demonstration that occurs during the hours of mandatory school attendance unless sanctioned by the Charter School and supervised by a designated Charter School employee. Missing school to attend an organized demonstration is not an excused absence. The Charter School will follow its Attendance Policy when determining consequences for students which may include but are not limited to detention, a low grade for a missed test, or receiving a truancy letter. The Charter School will follow its Suspension and Expulsion Policy when determining consequences for students if Charter School policy is violated.

~~F.~~E. Student Speeches

If a student is selected to speak at a Charter School sponsored event, including but not limited to graduation or school events, Charter School has the right to review the pre-prepared speech to ensure that unprotected speech is not included. If unprotected speech is included, the student will be given the opportunity to revise the speech or deliver a modified speech. If not revised or removed, the student will not be permitted to speak at the Charter School sponsored event.

Off- Site Expression

Off-site student expression, including but not limited to student expression on offsite internet web sites not accessed from the resource centers, is generally constitutionally protected but shall be subject to discipline when there is sufficient nexus between the speech and the school.

Relevant considerations include:

1. The degree and likelihood of harm to the Charter School (staff, students, volunteers, and/or property) caused or augured by the expression,
2. Whether it is reasonably foreseeable that the expression would reach and impact the Charter School, and
3. The relation between the content and/or context of the expression and the Charter School. There is always a sufficient nexus between the expression and the Charter School when the Charter School reasonably concludes that it faces a credible, identifiable threat of school violence.

The Charter School Deputy Superintendent School Services and Founding Director or designee shall document the impact the expression had or could be expected to have on the educational program. Off-site expression that results in the material disruption of classwork or involves substantial disorder or invasion of the rights of others may be subject to discipline.

Off-site expression may result in discipline if the expression involves but is not limited to:

a. Serious or severe bullying or harassment targeting particular individuals;
b. Threats aimed at teachers or other students;

c. The failure to follow rules concerning lessons, the writing of papers, the use of computers, or participation in other online school activities; or
d. Breaches of school security devices.

Enforcement

1. Upon learning that students are considering actions in the areas covered by this Policy they will be informed of the possible consequences of their action under each specific circumstance. The Deputy Superintendent School Services and Founding Director shall ensure that due process is followed when resolving disputes regarding student freedom of expression.
2. This Policy does not prohibit or prevent the Charter School Governing Board from adopting otherwise valid rules and regulations relating to oral communications by students upon the resource center premises.
3. No Charter School employee shall be dismissed, suspended, disciplined, reassigned, transferred, or otherwise retaliated against solely for acting to protect a student engaged in the conduct authorized under this Policy, or refusing to infringe upon conduct that is authorized under this Policy, the First Amendment to the United States Constitution, or Section 2 of Article I of the California Constitution.
4. Charter School shall not make or enforce a rule subjecting a student to disciplinary sanctions solely on the basis of conduct that is speech or other communication that, when engaged in outside of a resource center, is protected from governmental restriction by the First Amendment to the United States Constitution or Section 2 of Article I of the California Constitution.

Complaints and Appeals

The following procedures shall be used to address general disputes regarding student freedom of speech and expression:

1. The student and faculty member shall first attempt to resolve the problem internally.

2. If the student and faculty member are unable to resolve the dispute, the student and/or faculty member may bring the matter to the Charter School Deputy Superintendent School Services and Founding Director or designee, who shall hear both sides and strive to resolve the dispute as quickly as possible.

3. Any student or faculty member may appeal the decision of the Charter School Deputy Superintendent School Services and Founding Director or designee to the Board who shall render a decision within a reasonable period of time after receipt of the appeal. The appeal by the student must be made within five (5) school days from the time the unsatisfactory decision was rendered.

A student who feels their freedom of expression was unconstitutionally limited and/or limited on the basis of discrimination may file a complaint by contacting the Charter School's Deputy Superintendent School Services and Founding Director.

(3) Complaints alleging that a student enrolled in a public school was required to pay a pupil fee for participation in an educational activity as those terms are defined below.

a. "Educational activity" means an activity offered by the charter school that constitutes an integral fundamental part of elementary and secondary education, including, but not limited to, curricular and extracurricular activities.

b. "Pupil fee" means a fee, deposit or other charge imposed on students, or a student's parents/guardians, in violation of Education Code section 49011and Section 5 of Article IX of the California Constitution, which require educational activities to be provided free of charge to all students without regard to their families' ability or willingness to pay fees or request special waivers, as provided for in *Hartzell v. Connell* (1984) 35 Cal.3d 899. A pupil fee includes, but is not limited to, all of the following:

i. A fee charged to a student as a condition for registering for school or classes, or as a condition for participation in a class or an extracurricular activity, regardless of whether the class or activity is elective or compulsory, or is for credit.

ii. A security deposit, or other payment, that a student is required to make to obtain a lock, locker, book, class apparatus, musical instrument, uniform or other materials or equipment.

iii. A purchase that a student is required to make to obtain materials, supplies, equipment or uniforms associated with an educational activity.

c. ~~A pupil fees complaint and c~~Complaints regarding pupil fees, local control and accountability plans ("LCAP"), or noncompliance with Education Code sections 243 or 244 only, may be filed anonymously (without an identifying signature), if the complaint provides evidence or information leading to evidence to support an allegation of noncompliance with the respective applicable laws. ~~Education Code sections 52060 – 52077, including an allegation of a violation of Education Code sections 47605.5 or 47607.3, as referenced in Education Code Section 52075, regarding local control and accountability plans.~~

d. If the Charter School finds merit in a pupil fees complaint, or the California Department of Education ("CDE") finds merit in an appeal, Charter School shall provide a remedy to all affected students, parents/guardians that, where applicable, includes reasonable efforts by the Charter

School to ensure full reimbursement to all affected students, parents/guardians, subject to procedures established through regulations adopted by the state board.

e. Nothing in this Policy shall be interpreted to prohibit solicitation of voluntary donations of funds or property, voluntary participation in fundraising activities, or, Charter School, and other entities from providing student prizes or other recognition for voluntarily participating in fundraising activities.

(4) Complaints alleging noncompliance with the requirements governing the Local Control Funding Formula ("LCFF") or LCAP under Education Code sections 47606.5 and 47607.3, as applicable.

(5) If the Charter School adopts a School Plan for Student Achievement in addition to its LCAP, complaints of noncompliance with the requirements of the School Plan for Student Achievement under Education Code sections 64000, 64001, 65000, and 65001 shall also fall under this Policy.

Complaints alleging noncompliance regarding child nutrition programs established pursuant to Education Code sections 49490-49590 no longer fall under the UCP. Instead, they are governed by Title 7, Code of Federal Regulations ("C.F.R sections 210.19(a)(4), 215.1(a), 220.13(c), 225.11(b), 226.6(n), and 250.15(d) and Title 5, California Code of Regulations ("C.C.R.") sections 15580 - 15584.

Complaints alleging noncompliance regarding special education programs established pursuant to Education Code sections 56000-56865 and 59000-59300 no longer fall under the UCP. Instead, they are governed by the procedures set forth in 5 C.C.R. sections 3200-3205 and 34 C.F.R. sections 300.151-300.153.

The Charter School acknowledges and respects every individual's rights to privacy. Unlawful discrimination, harassment, intimidation or bullying complaints shall be investigated in a manner that protects (to the greatest extent reasonably possible and as permitted by law) the confidentiality of the parties, including but not limited to the identity of the complainant, and maintains the integrity of the process. Charter School cannot guarantee anonymity of the complainant. This includes keeping the identity of the complainant confidential. However, the Charter School will attempt to do so as appropriate. Charter School may find it necessary to disclose information regarding the complaint/complainant to the extent required by law or necessary to carry out the investigation or proceedings, as determined by the ~~Deputy Superintendent~~Chief of Staff & Compliance Officer or designee on a case-by-case basis. Charter School shall ensure that complainants are protected from retaliation. Charter School shall ensure that complainants are protected from retaliation.

Compliance Officers

The Board of Directors designates the~~-~~ Chief of Staff & Compliance Officer ("COSCO") ~~Deputy Superintendent of Schools Services ("Deputy Superintendent"~~ to be the Compliance Officer to receive and investigate complaints and to ensure the Charter School's compliance with law:

Elizabeth Orona
Chief of Staff & Compliance Officer

10170 Huennekens Street
San Diego, CA 92121
(858) 678-4811
~~Tim Tuter~~
~~Deputy Superintendent of School Services~~
~~10170 Huennekens Street~~
~~San Diego, CA 92121~~
~~(858) 678-2042~~

The COSCO ~~Deputy Superintendent~~ or designee shall ensure that the compliance officer(s) designated to investigate complaints are knowledgeable about the laws and programs for which they are responsible. The compliance officer may have access to legal counsel as determined by the COSCO ~~Deputy Superintendent~~ or designee.

Should a complaint be filed against the COSCO~~Deputy Superintendent~~, the compliance officer for that case shall be the Chairperson of the Charter School Board of Directors.

Notifications

The COSCO ~~Deputy Superintendent~~ or designee shall make available copies of this Policy free of charge. The annual notice of this Policy may be available on the Charter School's website. The Charter School shall annually provide written notification of the Charter School's uniform complaint procedures to employees, students, parents/guardians, advisory committees, private school officials or representatives, and other interested parties as applicable.

The annual notice shall be in English. When necessary, under Education Code section 48985, if fifteen (15) percent or more of the students enrolled in the Charter School speak a single primary language other than English, this annual notice will also be provided to the parent/guardian of any such students in their primary language

The annual notice shall include the following:

1. A list of the types of complaints that fall under the scope of the UCP and the state and federal provisions that govern complaints regarding child nutrition programs and special education programs.
2. A statement clearly identifying any California State preschool programs that School is operating as exempt from licensing pursuant to Health and Safety Code section 1596.792(o) and corresponding Title 5 health and safety regulations, and any California State preschool programs that School is operating pursuant to Title 22 licensing requirements.
3. A statement that School is primarily responsible for compliance with federal and state laws and regulations.
4. A statement that a student enrolled in a public school shall not be required to pay a pupil fee for participation in an educational activity.
5. A statement identifying the title of the compliance officer, and the identity(ies) of the person(s) currently occupying that position, if known.

6. A statement that if a UCP complaint is filed directly with the CDE and the CDE determines that it merits direct intervention, the CDE shall complete an investigation and provide a written decision to the complainant within sixty (60) calendar days of receipt of the complaint, unless the parties have agreed to extend the timeline or the CDE documents exceptional circumstances and informs the complainant.
7. A statement that the complainant has a right to appeal the Charter School's decision to the CDE by filing a written appeal within thirty (30) calendar days of the Charter School's decision, except if the Charter School has used its UCP to address a complaint that is not subject to the UCP requirements.
8. A statement that a complainant who appeals Charter School's decision on a UCP complaint to the CDE shall receive a written appeal decision within sixty (60) calendar days of the CDE's receipt of the appeal, unless extended by written agreement with the complainant or the CDE documents exceptional circumstances and informs the complainant.
9. A statement that if Charter finds merit in a UCP complaint, or the CDE finds merit in an appeal, Charter shall take corrective actions consistent with the requirements of existing law that will provide a remedy to the affected student and/or parent/guardian as applicable.
10. A statement advising the complainant of any civil law remedies that may be available under state or federal discrimination, harassment, intimidation or bullying laws, if applicable, and of the appeal pursuant to Education Code §section 262.3.
11. A statement that copies of Charter's UCP shall be available free of charge.

Procedures

The following procedures shall be used to address all complaints, which allege that the Charter School has violated federal or state laws or regulations enumerated in the section "Scope", above. The compliance officer shall maintain a record of each complaint and subsequent related actions for at least three (3) calendar years.

All parties named shall be notified when a complaint is filed, when a complaint meeting or hearing is scheduled, and when a decision or ruling is made.

Step 1: Filing of Complaint

Any individual, including a person's duly authorized representative or an interested third party, public agency or organization may file a written complaint of alleged noncompliance of unlawful discrimination, harassment, intimidation or bullying pursuant to this Policy. A complaint of unlawful discrimination, harassment, intimidation or bullying may be filed by an individual who alleges that individual has personally suffered unlawful discrimination, harassment, intimidation or bullying or by one who believes any specific class of individuals has been subjected to unlawful discrimination, harassment, intimidation or bullying, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying. An investigation of alleged unlawful discrimination, harassment, intimidation or bullying shall be initiated by filing a complaint no later than six (6) months from the date the alleged discrimination, harassment, intimidation or bullying occurred, or the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying unless the time for filing is extended by the COSCO ~~Deputy Superintendent~~ or designee, upon written request by the complainant setting forth the reasons for the extension. Such extension by the COSCO ~~Deputy Superintendent~~ or designee shall be made in writing. The period for filing may be extended by the

COSCO~~Deputy Superintendent~~ or designee for good cause for a period not to exceed ninety (90) calendar days following the expiration of the six-month time period. The COSCO ~~Deputy Superintendent~~ shall respond immediately upon a receipt of a request for extension.

All other complaints under this Policy shall be filed not later than one (1) year from the date the alleged violation occurred. For complaints relating to the LCAP, the date of the alleged violation is the date on which the Board of Directors approved the LCAP or the annual update was adopted by the Charter School.

The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing each with a code number and date stamp.

Complaints filed pursuant to this Policy must be in writing and signed. A signature may be handwritten, typed (including in an email) or electronically generated. Only complaints regarding pupil fees, ~~or~~ LCAP, or noncompliance with Education Code sections 243 or 244 ~~compliance~~ may be filed anonymously as set forth in this Policy. If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, the Charter School staff shall assist the complainant in the filing of the complaint.

Step 2: Mediation

Within three (3) business days of receiving the complaint, the compliance officer may informally discuss with the complainant the possibility of using mediation. If the complainant agrees to mediation, the compliance officer shall make arrangements for this process.

Before initiating the mediation of an unlawful discrimination, harassment, intimidation or bullying complaint, the compliance officer shall ensure that all parties agree to make the mediator a party to related confidential information.

If the mediation process does not resolve the complaint to the satisfaction of the complainant, the compliance officer shall proceed with the investigation of the complaint.

The use of mediation shall not extend the Charter School's timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time.

Step 3: Investigation of Complaint

The compliance officer is encouraged to hold an investigative meeting within five (5) business days of receiving the complaint or an unsuccessful attempt to mediate the complaint. This meeting shall provide an opportunity for the complainant and/or the complainant's representative to repeat the complaint orally.

The complainant and/or the complainant's representative shall have an opportunity to present the complaint and evidence or information leading to evidence to support the allegations in the complaint.

A complainant's refusal to provide the compliance officer with documents or other evidence related to the allegations in the complaint, or complainant's failure or refusal to cooperate in the investigation or the complainant's engagement in any other obstruction of the investigation, may result in the dismissal of the complaint because of a lack of evidence to support the allegation.

The Charter School's refusal to provide the compliance officer with access to records and/or other information related to the allegation in the complaint, or its failure or refusal to cooperate in the

investigation or its engagement in any other obstruction of the investigation, may result in a finding, based on evidence collected, that a violation has occurred and may result in the imposition of a remedy in favor of the complainant.

Final Written Decision

The Charter School shall issue an investigation report (the "Decision) based on the evidence. The Charter School's decision shall be in writing and sent to the complainant within sixty (60) calendar days of the Charter School's receipt unless the timeframe is extended with the written agreement of the complainant. The Charter School's decision shall be written in English and in the language of the complainant whenever feasible or as required by law.

The Decision shall include:

1. The findings of fact based on evidence gathered.
2. The conclusion providing a clear determination for each allegation as to whether the Charter School is in compliance with the relevant law.
3. Corrective actions, if the Charter School finds merit in the complaint and any are warranted or required by law.
4. Notice of the complainant's right to appeal the Charter School's decision within thirty (30) calendar days to the CDE, except when the Charter School has used its UCP to address complaints that are not subject to the UCP requirements
5. Procedures to be followed for initiating such an appeal.

If an employee is disciplined as a result of the complaint, the Decision shall simply state that effective action was taken and that the employee was informed of the Charter School's expectations. The Decision shall not give any further information as to the nature of the disciplinary action except as required by applicable law.

Appeals to the California Department of Education

If dissatisfied with the Decision, the complainant may appeal in writing to the CDE within thirty (30) days of receiving the Decision. The appeal shall be accompanied by a copy of the complaint filed with the Charter School and a copy of the Decision. When appealing to the CDE, the complainant must specify and explain the basis for the appeal, including at least one of the following:

1. Charter School failed to follow its complaint procedures.
2. Relative to all allegations of the complaint, the Charter School's Decision lacks material findings of fact necessary to reach a conclusion of law.
3. The material findings of fact in Charter School's Decision are not supported by substantial evidence.
4. The legal conclusion in the Charter School's Decision is inconsistent with the law.
5. In a case in which Charter School's Decision found noncompliance, the corrective actions fail to provide a proper remedy.

Upon notification by the CDE, that the complainant has appealed the Decision, the COSCO or designee shall forward the following documents to the CDE within ten (10) calendar days of the date of notification:

1. A copy of the original complaint.
2. A copy of the Decision.
3. A copy of the investigation file, including but not limited to all notes, interviews, and documents submitted by the parties or gathered by the investigator.
4. A report of any action taken to resolve the complaint.

5. A copy of the Charter School's complaint procedures.
6. Other relevant information requested by the CDE.

If the CDE determines the appeal raises issues not contained in the local complaint, the CDE will refer those new issues back to the Charter School for resolution as a new complaint. If the CDE notifies the Charter School that its Decision failed to address an allegation raised by the complaint and subject to the UCP process, the Charter School will investigate and address such allegation(s) in accordance with the UCP requirements and provide the CDE and the appellant with an amended Decision addressing such allegation(s) within twenty (20) calendar days of the CDE's notification. The amended Decision will inform the appellant of the right to separately appeal the amended Decision with respect to the complaint allegation(s) not addressed in the original Decision.

Within thirty (30) calendar days of the date of the CDE's appeal Decision pursuant to 5 C.C.R. section 4633(f)(2) or (3), either party may request reconsideration by the State Superintendent of Public Instruction ("SSPI") or the SSPI's designee. The request for reconsideration shall specify and explain the reason(s) for contesting the findings of fact, conclusion of law, or corrective actions in the CDE's appeal Decision. The SSPI will not consider any information not previously submitted to the CDE by a party during the appeal unless such information was unknown to the party at the time of the appeal and, with due diligence, could not have become known to the party. Pending the SSPI's response to a request for reconsideration, the CDE appeal Decisions remains in effect and enforceable, unless stayed by a court.

The CDE may directly intervene in the complaint without waiting for action by the Charter School when one of the conditions listed in C.C.R. section 4650 exists, including but not limited to cases in which through no fault of the complainant, Charter School has not taken action within sixty (60) calendar days of the date of the complaint was filed with the Charter School.

Complaints alleging noncompliance with Education Code section 243 or 244 may be filed with the SSPI directly, and the SSPI may directly intervene without waiting for an investigation by Charter School. The complainant shall present the SSPI with evidence that supports the basis for the direct filing and why immediate action is necessary.

Civil Law Remedies

A complainant may pursue available civil law remedies outside of the Charter School's complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders. For unlawful discrimination, complaints arising under state law, however, a complainant must wait until sixty (60) calendar days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies. The moratorium does not apply to injunctive relief and is applicable only if the Charter School has appropriately, and in a timely manner, apprised the complainant of their right to file a complaint.

Student Fees Policy *(Full Board Policy)*
Board Policy #: 1550
Adopted/Ratified: September 11, 2014
Amended: February 16, 2022; June 22, 2023; February 28, 2024;~~,~~ June 26, 2024; June 24 2025

The Board of Directors of Altus Schools Southern California, a California nonprofit public benefit corporation operating Audeo Charter School II, Audeo Valley Charter School, Altus Schools Coachella Valley, Altus Schools East County, Altus Schools Mirus, Altus Schools North County, and Altus Schools South Bay hereafter collectively referred to as "Charter School" or "School", hereby adopts this Student Fees Policy in compliance with the provisions of Article IC, section 5 of the California Constitution, and Assembly Bill 1575 ("AB 1575") (effective January 1, 2013), which prohibit the charging of any student fees for participation in an educational activity as a public school.~~This student fees policy has been adopted by the Board of Directors of Altus Schools Southern CA, Inc. in compliance with the provisions of Article IX, section 5 of the California Constitution, and Assembly Bill 1575 ("AB 1575") (effective January 1, 2013), which prohibit the charging of any student fees for participation in an educational activity at a public school. This Policy applies to Altus Schools East County, Altus Schools North County, Altus Schools South Bay, , Audeo Charter School II, Audeo Valley Charter School, and Mirus Secondary School.~~

~~I.~~ **General**

Statement of Policy

No student enrolled in Charter School shall be required to pay a student fee for participation in Charter School 's educational activity unless specifically authorized by law.

~~II.~~**I. Definitions**

"*Educational activity*" means any activity offered by the Charter School that constitutes an integral fundamental part of a student's education, including, but not limited to, curricular and extracurricular activities.

"*Pupil fee*" means a fee, deposit, or other charge imposed on students, or a student's parents or guardians, in violation of Section 49011 and Section 5 of Article IX of the California Constitution, which require educational activities to be provided free of charge to all students without regard to their families' ability or willingness to pay fees or request special waivers. Pursuant to Education Code section 49010, prohibited student fees include, but are not limited to, the following:

(1) ~~(a)~~ fees charged as a condition for registering for school or classes, or as a condition for participation in a class or any extracurricular activity, regardless of whether the class or activity is elective or compulsory, or is for credit;

~~(2)~~ (2) ~~(b)~~ a security deposit, or other payment, that a student is required to make to obtain a book, class apparatus, laptop, I-Pad, e-reader or other materials or equipment;

(3) ~~(c)~~ purchase that a pupil is required to make to obtain materials, supplies, equipment, or uniforms associated with an educational activity.

~~III.~~II. Policy Against Unlawful Pupil Fees

1. All supplies, materials, and equipment needed for students to participate in the Charter School's educational activities shall be provided to students by the school free of charge.

2. Charter School does not use a fee waiver policy to make any student fee permissible.

3. Charter School does not have a "two-tier" educational system. Students who purchase additional supplies not provided free-of-charge by Charter School, or students who make voluntary donations to the Charter School's programs and activities, are not provided a higher educational standard than students who do not.

4. Charter School does not offer course credit or privileges related to educational activities in exchange for money or donations of goods or services from a student, and Charter School does not remove course credit or privileges related to educational activities, or otherwise discriminate against any student who does not or will not provide money or donations of goods or services to the school.

5. No fees shall be charged for inter district transfers, tuition or diplomas, mandatory caps and gowns, or admissions charges, whether for instruction or extracurricular, if part of the educational program. A cap and gown will be provided free of charge by the Charter School to graduating students and must be returned to the Charter School after the Graduation ceremony. Charter School may solicit voluntary donations of funds from students and parents of students to help cover the cost of cap and gown, but all students are provided access to a cap and gown, regardless of student or parent donation. Alternatively, students have the option to purchase their own cap and gown, which does not need to be returned to Charter School after the graduation ceremony.

III. Lawful Fees

These prohibitions shall not be interpreted to prohibit the imposition of a fee, deposit, or other charge otherwise allowed by law. (Education Code § 49011(e).) These include the following:

1. Charter School Reasonable fees [up to an amount not to exceed $10,000] for the replacement of lost, damaged or unreturned school supplies, such as school ID cards, library books, laptops, iPads, e-readers, or library late return fees.

2. Fees for field trips and excursions in connection with courses of instruction or school related social, educational, cultural, as long as no student is prevented from making the field trip or excursion because of lack of sufficient funds. Charter School may solicit voluntary donations of funds or services from students and parents of students to help fund the field trips that are part of the curriculum, but all students may participate regardless of student or parent donation.

3. Fees for optional attendance as a spectator at a school sponsored activity

4. Charges for food served to students, subject to free and reduced-price meal program eligibility and other restrictions specified in law.

5. Charges for medical or hospital insurance for field trips that is made available by the Charter School.

6. Fees for outdoor science school camp programs or cadet corps program, so long as no student is denied the opportunity to participate because of nonpayment of the fee.

7. Reimbursement for the direct cost of materials provided to a student for property the student has fabricated from such materials for his/her own possession and use, such as wood shop, art, or CTE projects kept by the student.

8. Reimbursement for the actual cost of duplicating public records, student records, or a prospectus of the school curriculum. (Government Code § 6253; Education Code § 49091.14). There are two exceptions: First, no charge shall be made for furnishing up to two transcripts of former pupils' records or up to two verifications of various records of former pupils. (Education Code § 49065.) Second, if the cost would effectively prevent the parent of a special education pupil from exercising the right to receive copies of pupil records, the copies shall be reproduced at no cost.

9. Fees for transportation to and from school, and transportation between school and regional occupational centers, programs or classes, as long as the fee does not exceed the statewide average nonsubsidized cost per student and provided there is a waiver provision based on financial need.

10. Fees for transportation of pupils to places of summer employment.

11. Tuition fees charged to pupils whose parents are actual and legal residents of an adjacent foreign country or an adjacent state.

12. Tuition fees collected from foreign students attending Charter School pursuant to an F-1 visa, equal to the full unsubsidized per capita cost of providing education during the period of attendance.

13. Fees for an optional fingerprinting program for kindergarten or other newly enrolled students, if the fee does not exceed the actual costs associated with the program.

14. Fees for community classes in civic, vocational, literacy, health, homemaking, and technical and general education, not to exceed the cost of maintaining the community classes.

15. Charges for eye safety devices for a student to keep, at a price not to exceed the school's actual costs, so long as the school provides them free for use in specified courses or activities in which students are engaged in, or are observing, an activity or the use of hazardous substances likely to cause injury to the eyes.

16. Fees for Advanced Placement and International Baccalaureate Diploma examinations for college credit, so long as (1) taking the exam is not a course requirement and (2) the exam results have no impact on a pupil's grade or credit in a course. An LEA may fund all or part of the cost of the AP test fee for an economically disadvantaged high school pupil or the IB test fee for a low- or middle-income pupil.

17. Fees for After School Education and Safety Programs, so long as no eligible student is denied the ability to participate because of an inability to pay the fee.

Fees for childcare and development services, except that no fees shall be assessed to students enrolled in the program for severely disabled children as stated in Education Code § 8250(d) or families receiving CalWORKS cash aid. Fees for state preschool, except that no family fees shall be assessed to students placed in state preschool by an IEP or families receiving CalWORKS cash aid. (Education Code §§ 8239, 8259(d)(3), 8263(g), (h), 8265, 8447(g), 5600.) Fees for supervision of children before and after school, except that no child who desires to participate shall be denied the opportunity to participate because of inability to pay the fee. (Education Code §§ 8487 and 8488.)

~~I.~~IV. Voluntary Contributions

Nothing in this Policy shall be interpreted to prohibit solicitation of voluntary donations of funds or property, voluntary participation in fundraising activities, or Charter School and other entities from providing student prizes or other recognition for voluntarily participating in fundraising activities.

Pupils, parents, and guardians are still encouraged (though not required) to make voluntary contributions or donations of time, money, or property and to participate in fund raising activities. Pupils may be encouraged to participate in fundraising activities through prizes or other recognition for voluntary participation.

~~II.~~V. Notice

Students and parents of students will be provided a copy of this policy at the start of each school year as part of Charter School 's Student and Parent Handbook.

~~III.~~VI. Complaint and Remedy Procedures

Students, parents or guardians who believe they are being charged an impermissible pupil fee should contact the Deputy Superintendent School Services or designee, or file a complaint pursuant to pursuant to Charter School 's Uniform Complaint Procedures Policy ("UCP") set forth in Student and Parent Handbook. As outlined in the UCP, complaints related to school fees may be made anonymously. Pupil fee complaints shall be filed not later than one year from the date the alleged violation occurred.

In the event Charter School finds merit in a pupil fees complaint, or the California Department of Education ("CDE") finds merit in an appeal, Charter School shall provide a remedy to all affected students, parents/guardians that, where applicable, includes reasonable efforts by Charter School to ensure full reimbursement to all affected students and parents/guardians, subject to procedures established through regulations adopted by the state board. Under 5 CCR § 4600(u), "reasonable efforts" means a public school's good faith attempts to identify and fully reimburse all pupils, parents and guardians who paid a pupil fee within one year prior to the filing of the complaint, as follows:

(1) Reasonable efforts to identify pupils who paid a pupil fee include but are not limited to researching existing school records, contacting pupils who were enrolled in or participating in the educational activity during the time the pupil fee was charged, and considering submissions of proof of payment of the pupil fee.
(2) Reasonable efforts to fully reimburse all pupils, parents and guardians who paid a pupil fee include but are not limited to crediting the pupil's school financial account and sending reimbursement by first class mail to the pupil's last known primary address as contained in school or local educational agency records. If the school has knowledge that a pupil's last known address as contained in school or local educational agency records is no longer valid, the school may attempt to obtain a more recent address from any notices returned to the school or local educational agency by the United States Postal Service.

The Board of Directors of Altus Schools Southern California, a California nonprofit public benefit corporation operating Audeo Charter School II, Audeo Valley Charter School, Altus Schools Coachella Valley, Altus Schools East County, Altus Schools Mirus, Altus Schools North County, and Altus Schools South Bay, hereafter collectively referred to as "Charter School" hereby adopts this Educational Records and Student Information Policy to apply to all educational records and student information maintained by Charter School. ~~The Board of Directors of Altus Schools Southern CA, a California nonprofit public benefit corporation operating Altus Schools East County, Altus Schools North County, Altus Schools South Bay, Audeo Charter School II, Audeo Valley Charter School, and Mirus Secondary School, hereafter collectively referred to as ("Charter School") hereby adopts this Educational Records and Student Information Policy to apply to all educational records and student information maintained by Charter School.~~

Definitions

- *"Education Record":* An education record is any information recorded in any way, including, but not limited to, handwriting, print, computer media, video or audio tape, film, microfilm, and microfiche that directly relates to a student and is maintained by Charter School or by a party acting for Charter School . Such information includes, but is not limited to:
    1. Date and place of birth; parent and/or guardian's address, mother's maiden name and where the parties may be contacted for emergency purposes;
    2. Grades, test scores, courses taken, academic specializations and school activities;
    3. Special education records;
    4. Disciplinary records;
    5. Medical and health records;
    6. Attendance records and records of past schools attended; and/or
    7. Personal information such as, but not limited to, a student's name, the name of a student's parent or other family member, student identification numbers, social security numbers, photographs, biometric record or any other type of information that aids in identification of a student.

    An education record does not include any of the following:

    1. Records that are kept in the sole possession of the maker, are used only as a personal memory aid, and are not accessible or revealed to any other person except a temporary substitute for the maker of the record;
    2. Records maintained by a law enforcement unit of Charter School that were created by that law enforcement unit for the purpose of law enforcement;
    3. In the case of a person who is employed by Charter School but not in attendance at Charter School, records made and maintained in the normal course of business, relate exclusively to the individual in that individual's capacity as an employee and are not available for any other purpose;
    4. Records of a student who is 18 years of age or older, or is attending an institution of postsecondary education, that are: a) made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in their

professional capacity or assisting in a paraprofessional capacity; b) made, maintained, or used only in connection with treatment of the student; and c) disclosed only to individuals providing the treatment. For the purpose of this definition, "treatment" does not include remedial educational activities or activities that are part of the program of instruction at Charter School;

5. Records that only contain information about an individual after the individual is no longer a student at Charter School; or
6. Grades on peer-graded papers before they are collected and recorded by a teacher.

- "*Personally Identifiable Information"*: Personally identifiable information ("PII") is information about a student that is contained in their education records that cannot be disclosed without compliance with the requirements of Family Educational Rights and Privacy Act of 2001 ("FERPA"). PII includes, but is not limited to: a student's name; the name of a student's parent or other family member; the address of a student or student's family; a personal identifier, such as the student's Social Security number, student number or biometric record; other indirect identifiers, such as the student's date of birth, place of birth, and mother's maiden name; other information that, alone or in combination, is linked or linkable to a specific student that would allow a reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify the student with reasonable certainty; or information requested by a person who Charter School reasonably believes knows the identity of the student to whom the education record relates.

- "*Directory Information*": Directory information is information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. Charter School may disclose the PII that it has designated as directory information, consistent with the terms of the annual notice provided by Charter School pursuant to the FERPA (20 U.S.C. § 1232g). Charter School has designated the following information as directory information:

    1. Student's name
    2. Student's address
    3. Parent/guardian's address
    4. Telephone listing
    5. Student's electronic mail address
    6. Parent/guardian's electronic mail address
    7. Photograph/video
    8. Date and place of birth
    9. Dates of attendance
    10. Grade level
    11. Participation in officially recognized activities and sports
    12. Weight and height of members of athletic teams
    13. Degrees, honors, and awards received
    14. The most recent educational agency or institution attended

15. Student ID number, user ID, or other unique personal identifier used to communicate in electronic systems that cannot be used to access education records without a PIN, password, etc. (A student's SSN, in whole or in part, cannot be used for this purpose.)

- "*Parent"*: Parent means a parent of a student and includes a natural parent, a guardian, or an individual acting as a parent in the absence of a parent or a guardian.

- "*Eligible Student"*: Eligible student means a student who has reached eighteen (18) years of age.

- "*School Official"*: A school official is a person employed by Charter School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the Board of Directors of Charter School . A school official also may include a volunteer for Charter School or an independent contractor of Charter School or other party who performs an institutional service or function for which Charter School would otherwise use its own employees and who is under the direct control of Charter School with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist, contracted provider of digital educational platforms and/or services, a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing their tasks.

- *"Legitimate Educational Interest*": A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill their professional responsibility.

Disclosure Of Directory Information

At the beginning of each school year, Charter School shall provide parents and eligible students with a notice containing the following information: 1) The type of PII it designates as directory information; 2) The parent's or eligible student's right to require that Charter School not release "directory information" without obtaining prior written consent from the parent or eligible student; and 3) The period of time within which a parent or eligible student must notify Charter School in writing of the categories of "directory information" that it may not disclose without the parent's or eligible student's prior written consent. Charter School will continue to honor a valid request to opt out of the disclosure of a former student's directory information made while the former student was in attendance unless the student rescinds the opt out request.

Annual Notification To Parents And Eligible Students

At the beginning of each school year, in addition to the notice required for directory information, Charter School shall provide eligible students currently in attendance and parents of students currently in attendance with a notice of their rights under the FERPA. The notice shall inform the parents and eligible students that they have the right to:

1. ~~1~~Inspect and review the student's education records;

2. ~~2.~~ Seek amendment of the student's education records that the parent or eligible student believes to be inaccurate, misleading or otherwise in violation of the student's privacy rights;
3. ~~3.~~ Consent to disclosures of PII contained in the student's education records, except to the extent that disclosure is permitted without prior written consent pursuant to FERPA;
4. ~~4.~~ File with the U.S. Department of Education a complaint concerning alleged failures by Charter School to comply with the requirements of FERPA and its promulgated regulations; and
5. ~~5.~~ Request that Charter School not release student names, addresses and telephone listings to military recruiters or institutions of higher education without prior written parental consent.

The notice must also include the following:

1. The procedure for exercising the right to inspect and review educational records;
2. The procedure for requesting amendment of records;
3. A statement that Charter School forwards education records to other agencies or institutions that have requested the records and in which the student seeks or intends to enroll or is already enrolled so long as the disclosure is for purposes related to the student's enrollment or transfer; and
4. The criteria for determining who constitutes a school official and what constitutes a legitimate educational interest.

Parental And Eligible Student Rights Relating to Education Records

Parents and eligible students have the right to review the student's education records. In order to do so, parents and eligible students shall submit a request to review education records in writing to the Deputy Superintendent School Services and Founding Director. Within five (5) business days, Charter School shall comply with the request.

I. Copies of Education Records

Charter School will provide copies of requested documents within five (5) business days of a written request for copies. Charter School may charge reasonable fees for copies it provides to parents or eligible students. However, no charge shall be made for furnishing (1) up to two transcripts of former students' records or (2) up to two verifications of various records of former students. The charge will not include a fee to search for or to retrieve the education records.

II. Request for Amendment to Education Records

Following the inspection and review of a student's education record, a parent or eligible student may file a written request with the Deputy Superintendent School Services and Founding Director to correct or remove any information in the student's education record that is any of the following:

a. Inaccurate.
b. Misleading.
c. In violation of the privacy rights of the student.

Charter School will respond within thirty (30) days of the receipt of the request to amend. Charter School 's response will be in writing and if the request for amendment is denied, Charter School will set forth the reason for the denial and inform the parent or eligible student of their right to a hearing challenging the content of the education record.

If the Deputy Superintendent School Services and Founding Director sustains any or all of the allegations, the Deputy Superintendent School Services and Founding Director must order the correction or the removal and destruction of the information. The Deputy Superintendent School Services and Founding Director or designee must then inform the parent or eligible student of the amendment in writing.

If the Deputy Superintendent School Services and Founding Director sustains the parent or eligible student's request to change the student's name and/or gender, Charter School shall add a new document to the student's record that includes all of the following information:

a. The date of the request.
b. The date the requested records were corrected.
c. A list of the records requested to be corrected.
d. The type of documentation, if any, provided to demonstrate a legal change to the student's name and/or gender. The parent or guardian of the student is not required to provide documentation of a legal change to the student's name and/or gender.
e. The name of the employee that completed the request.
f. The student's corrected and former names and/or genders.

Charter School shall immediately update a former student's records to include the student's updated legal name or gender if the Charter School receives government-issued documentation demonstrating that the former student's legal name or gender has been changed. Acceptable government issued identification includes but is not limited to:

a. State-issued driver's license.
b. Birth certificate.
c. Passport.
d. Social security card.
e. Court order indicating a name change or a gender change, or both.

If requested by the former student, the Charter School shall reissue any documents conferred upon the former student with the former student's updated legal name or gender. Documents that may be reissued by Charter School include, but are not limited to, a transcript, a high school diploma, a high school equivalency certificate, or other similar documents conferred upon the former student.

If a former student requests that their name or gender be changed and the requested records are reissued, the Charter School shall add a new document to the former student's file that includes all of the following:

a. The date of the request.
b. The date the requested records were reissued to the former student.
c. A list of the records that were requested by, and reissued to, the former student.
d. The type of documentation provided by the former student in order to demonstrate the legal name or gender change.
e. The name of the school district, charter school, or county office of education staff person that completed the request.
f. The current and former name or gender of the former student.

III. Hearing to Challenge Education Record

If Charter School denies a parent or eligible student's request to amend an education record, the parent or eligible student may, within thirty (30) days of the denial, request in writing that the parent or eligible student be given the opportunity for a hearing to challenge the content of the student's education record on the grounds that the information contained in the education record is: inaccurate, misleading, or in violation of the privacy rights of the student.

Notice of the date, time and place of the hearing will be sent by Charter School to the parent or eligible student no later than twenty (20) days before the hearing.

Parent/Guardian or Eligible Student Rights at the Hearing

- To present information and evidence concerning a clerical or recording error in the education record which needs to be corrected. The hearing is not an opportunity to review substantive decisions by Altus Schools concerning evaluation of academic work or outcomes of disciplinary proceedings.
- To have the hearing adjudicated by a hearing entity that does not have a direct interest in the outcome of the hearing;
- To be advised by one or more individuals, including counsel at their own expense;
- To have a full and fair opportunity to present evidence concerning requested corrections to the education record;
- To receive, within a reasonable period of time after the hearing, but not more than thirty (30) business days, a written decision based solely on the evidence provided at the hearing. The decision will include a summary of evidence and reasons for the decision; and
- To submit a statement into the student's education record commenting on the contested

portion of the record which will be provided to any person who later views that portion of their education record, if the amendment is denied.

Charter School Rights and Responsibilities When a Hearing is Requested

- Charter School shall appoint a neutral hearing entity that does not have a direct interest in the hearing outcome to preside over the hearing in accordance with FERPA requirements. The hearing shall in all respects be under the control of the hearing entity and shall not be subject to formal rules of evidence or procedure. The hearing entity may be either 1) a neutral hearing officer who is appointed by the Board Chair, and a Charter School employee, or 2) the Charter School Board of Directors.
- Charter School shall deny a request for a hearing when the proposed amendment to the education record includes anything more than correcting clerical errors.
- Charter School shall schedule a hearing within a reasonable time, but not more than thirty (30) business days, after receiving the hearing request.
- Charter School shall provide evidence to the hearing entity to support the previous determination not to amend the student's education record.

Role of the Hearing Entity

- To allow the parent/guardian or an eligible student the opportunity to present evidence relevant to the issues raised. The hearing entity has the right to determine whether particular evidence presented is relevant to the record and issue(s) in question.
- To make their decision solely on the evidence presented at the hearing.
- To provide the parent/guardian or eligible student with a written decision, including a summary of the evidence and reason for the decision within a reasonable period of time after the hearing.

Outcome

If the hearing entity finds that the record is inaccurate, misleading, or otherwise in violation of the privacy rights of the student, Charter School will amend the record accordingly. The parent/guardian or eligible student will be notified in writing of the correction. If the hearing entity finds that the information in the education record is not inaccurate, misleading, or otherwise in violation of the privacy rights of the student, Charter School will notify the student of the right to place a statement in the record commenting on the contested portion of the record, or stating why the student disagrees with the decision not to amend, or both. Charter School will maintain this statement with the contested portion of the student's education record for as long as the record is maintained. The statement will be disclosed whenever the Charter School is required to disclose the portion of the record to which the statement relates.

Disclosure Of Education Records And Directory Information

Charter School must have a signed and dated written consent from the parent or eligible student before releasing any non-directory information from a student's education record except as provided below.

The written permission must specify the records that may be disclosed, the purpose of the disclosure and the party or class of parties to whom the disclosure may be made. When disclosure is made pursuant to written permission, the parent or eligible student may request a copy of the disclosed records and Charter School shall provide the requestor with a copy of the records disclosed upon request. Signed and dated written consent may include a record and signature in electronic form if it identifies and authenticates a particular person as the source of the electronic consent and indicates such person's approval of the information contained in the electronic consent.

Charter School will only disclose PII on the condition that the receiving party not disclose the information to any party without the prior written consent of the parent or eligible student and that the receiving party use the information for the purposes for which the disclosure was made. This restriction does not apply to disclosures that fall within the disclosure exceptions listed below. Charter School must maintain the appropriate records related to these disclosure exceptions, as described below. Except for disclosures pursuant to a warrant, judicial order or lawfully issued subpoena, or directory information or to parents or eligible students, Charter School will inform a receiving party of the requirement that the party not disclose the information to any other party without the prior written consent of the parent or eligible student and that the receiving party use it for the purpose for which the disclosure was made. Note specifically that Charter School will not release information to third parties for immigration-enforcement purposes, except as required by law or court order.

1. Charter School will disclose education records, without prior written consent of the parent or eligible student, to the following parties:

2. School officials who have a legitimate educational interest as defined by 34 Code of Federal Regulations ("C.F.R.") Part 99;

3. Other schools to which a student seeks or intends to enroll so long as the disclosure is for purposes related to the student's enrollment or transfer. When a student transfers schools, Charter School will mail the original or a copy of a student's cumulative file to the receiving district or private school within ten (10) school days following the date the request is received from the public school or private school where the student intends to enroll. Charter School will make a reasonable attempt to notify the parent or eligible student of the request for records at their last known address, unless the disclosure is initiated by the parent or eligible student. Additionally, Charter School will give the parent or eligible student, upon request, a copy of the record that was disclosed and give the parent or eligible student, upon request, an opportunity for hearing pursuant to Section (IV)(3) above;

4. Certain government officials listed in 20 U.S.C. § 1232g(b)(1) in order to carry out lawful functions;

5. Appropriate parties in connection with a student's application for, or receipt of, financial aid if it is necessary to determine eligibility, amount of aid, conditions for aid or enforcing the terms and conditions of the aid;

6. Organizations conducting certain studies for Charter School in accordance with 20 U.S.C. § 1232g(b)(1)(F);

7. Accrediting organizations in order to carry out their accrediting functions;

8. Parents of a dependent student as defined in section 152 of the Internal Revenue Code of 1986;

9. Individuals or entities, in compliance with a judicial order or lawfully issued subpoena. Subject to the exceptions found in 34 C.F.R. § 99.31(a)(9)(i), reasonable effort must be made to notify the parent or eligible student of the order or subpoena in advance of compliance, so that the parent or eligible student may seek a protective order;

10. Persons who need to know in cases of health and safety emergencies;

11. State and local authorities, within a juvenile justice system, pursuant to specific State law;

12. A foster family agency with jurisdiction over a currently enrolled or former student, a short-term residential treatment program staff responsible for the education or case management of a student, and/or a caregiver (regardless of whether the caregiver has been appointed as the student's educational rights holder) who has direct responsibility for the care of the student, including a certified or licensed foster parent, an approved relative or nonrelated extended family member, or a resource family, may access the current or most recent records of grades, transcripts, attendance, discipline, and online communication on platforms established by Charter School for student and parents, and any individualized education program ("IEP") or Section 504 plan that may have been developed or maintained by Charter School ; and/or

13. A victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense. The disclosure may only include final results of the disciplinary proceedings conducted by Charter School with respect to that alleged crime or offense. Charter School may disclose the final results of the disciplinary proceeding, regardless of whether Charter School concluded a violation was committed.

Please note that data collected and reported by Charter School to the California Longitudinal Pupil Achievement Data System (CalPADS[14]) pursuant to state law, will be shared with the California College Guidance Initiative ("CCGI"[15]) and will:

1) Be used to provide pupils and families with direct access to online tools and resources.
2) Enable a pupil to transmit information shared with the CCGI to both of the following:
   a. Postsecondary educational institutions for purposes of admissions and academic placement.
   b. The Student Aid Commission for purposes of determining eligibility for, and increasing uptake of, student financial aid.

Solicitation and Disclosure of Student Information for Immigration Purposes

Charter School shall observe the following:

1. Except as required by state or federal law or as required to administer a state or federally supported education program, Charter School officials and employees will not collect information or documents regarding citizenship or immigration status of students or their family members.

[14] CALPADS is a database maintained by the CDE which consists of pupil data from elementary and secondary schools relating to, among other things, demographic, program participation, enrollment, and statewide assessments data.
[15] CCGI an authorized provider of an institutional service to all California local educational agencies and as part of the state's efforts to make college-going a more streamlined experience for students. The CCGI currently receives enrollment data for all public-school students enrolled in grades six through twelve from the California Department of Education (CDE).

2. If Charter School possesses information that could indicate immigration status, citizenship status, or national origin information, Charter School will not use the acquired information to discriminate against any student or families or bar children from enrolling in or attending school.

3. If parents or guardians choose not to provide information that could indicate their or their children's immigration status, citizenship status, or national origin, Charter School will not use such actions as a basis to discriminate against any students or families or bar children from enrolling or attending school.

4. Charter School will not allow school resources or data to be used to create a registry based on race, gender, sexual orientation, religion, ethnicity, or national origin.

5. During the enrollment process:

    a. Where permitted by law, Charter School shall accept alternative means to establish residency, age, or other eligibility criteria for enrollment or programs, and those alternative means shall include among them documentation or information that are available to persons regardless of immigration status, citizenship status, or national origin, and that do not reveal information related to citizenship or immigration status.

    b. Charter School will not inquire specifically about a student's citizenship or immigration status or the citizenship or immigration status of a student's parents or guardians; nor shall personnel seek or require, to the exclusion of other permissible documentation or information, documentation or information that may indicate a student's immigration status, such as a green card, voter registration, a passport, or citizenship papers.

    c. Charter School will not collect entire social security numbers or cards or a statement that the parent or guardian does not possess a Social Security number for the purposes of enrollment, and failure to provide this information will not bar a student from enrolling or attending Charter School. However, the last four digits of an adult household member's Social Security number may be solicited and/or collected if required to establish eligibility for federal benefit programs such as free or reduced-price meals. This Social Security information will only be collected for the limited purpose of establishing eligibility for federal benefit programs and will not affect student enrollment.

6. Charter School will not release information to third parties for immigration-enforcement purposes, except as required by law or court order. Except for investigations of child abuse, child neglect, or child dependency, or when the subpoena served on the Charter School prohibits disclosure, Charter School shall provide parental or guardian notification of any court orders, warrants, or subpoenas before responding to such requests.

7. The parent, guardian, or eligible student is not required to sign the consent form. If the parent, guardian or eligible student refuses to provide written consent for the release of student information that this not otherwise subject to release, Charter School shall not release the information. Charter School will permanently keep the consent notice with the record file.

8. Charter School personnel shall take the following steps upon receiving an information request related to a student's or family's immigration or citizenship status:

1. Notify a designated Charter School official about the information request.
2. Provide students and families with appropriate notice and a description of the immigration officer's request.
3. Document any verbal or written request for information by immigration authorities.
4. Unless prohibited, provide students and parents/guardians with any documents issued by the immigration-enforcement officer.

Contract for Digital Storage, Management, and Retrieval of Student Records

The Charter School may enter into a contract with a third party for the digital storage, management, and retrieval of student records and/or to authorize a third party provider of digital software to access, store, and use student records, provided that the contract meets the requirements of Education Code section 49073.1 and other applicable state and federal laws**.**

Record Keeping Requirements

Charter School will maintain a record of each request for access to and each disclosure of PII from the education records of each student for as long as the records are maintained. For each request, the record must include the following information: the parties who have requested or received the information and the legitimate interests the parties had in requesting or obtaining the information.

For disclosures of PII to institutions that make disclosures of the information on behalf of Charter School in accordance with 34 C.F.R. § 99.33(b), the record must include the names of the additional parties to which the receiving party may disclose the information on behalf of Charter School and the legitimate interests that each of the additional parties has in requesting or obtaining the information.

These record keeping requirements do not apply to requests from or disclosure to parents or eligible students, Charter School officials with a legitimate purpose of inspecting the records, a party with written consent from the parent or eligible student, a party seeking directory information, or a party seeking or receiving the records as directed by a court order or subpoena.

The records relating to disclosures of PII may be inspected by parents and eligible students, Charter School officials (or their assistants) responsible for the custody of the records, and parties authorized by regulations for the purpose of auditing the recordkeeping procedures of Charter School.

Student cumulative records may not be removed from the premises of Charter School, unless the individual removing the record has a legitimate educational interest, and is authorized by the Deputy Superintendent School Services and Founding Director, or by a majority of a quorum of the Board of Directors at a duly agendized meeting. Employees who remove student cumulative records or other student records from the Charter School premises without a legitimate educational interest and authorization may be subject to discipline. Employees are permitted to take student work-product, or other appropriate student records, off premises without authorization for legitimate academic purposes (e.g. grading work-product, assigning credit, reviewing materials for classroom discussion, etc.).

Complaints

Parents and eligible students have the right to file a complaint with the U.S. Department of Education concerning alleged failures by Charter School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Student Privacy Policy Office
U.S. Department of Education
400 Maryland Avenue. S.W.
Washington, D.C. 20202-8520

Record Retention

Charter School complies with the definition and retention of student records as established in Title 5 of the California Code of Regulations ("CCR") sections 431 through 438, per the following:

- "*Mandatory Permanent Student Records*": must be maintained indefinitely or an exact copy thereof for every student who was enrolled in the charter school. These records are defined as:
    1. Legal name of student
    2. Date of birth
    3. Method of verification of birth date
    4. Sex of student
    5. Place of birth
    6. Name and address of parent of minor student
    7. Address of minor student if different than above
    8. An annual verification of the name and address of the parent and the residence of the student
    9. Entering and leaving date of each school year and for any learning periods or courses taken during each year, half year, summer or quarter
    10. If marks or credit are given, the mark or number of credits toward graduation allows for work taken.
    11. Verification of or exemption from required immunizations
    12. Date of high school graduation or equivalent

  The mandatory permanent student record or a copy thereof shall be forwarded by the Charter School upon request of a public or private school in which the student has enrolled or intends to enroll. If the Charter School forwards the original mandatory permanent student record, a copy must be maintained by the Charter School. If the Charter School forwards a copy, the original must be maintained by the Charter School.

- *"Mandatory Interim Student Records"*: Must be maintained until judged to be disposable defined as "when the student leaves the charter school or when their usefulness ceases." These records may be destroyed during the third (3rd) school year following the determination that the records are disposable (i.e. 2019-2020 records may be destroyed after July 1, 2023). These records are defined as:
    1. A log or record identifying those persons (except authorized school personnel) or organizations requesting or receiving information from the record. The log or record shall be accessible only to the legal parent or guardian or the eligible student, or a dependent adult student, or an adult student, or the custodian of records.

2. Health information, including Child Health Developmental Disabilities Prevention Program verification or waiver
3. Participation in special education programs including required tests, case studies, authorizations, and actions necessary to establish eligibility for admission or discharge
4. Language training records
5. Progress slips and/or notices
6. Parental restrictions regarding access to directory information or related stipulations.
7. Parental or adult student rejoinders to challenged records and to disciplinary action
8. Parental authorizations or prohibitions of student participation in specific programs
9. Results of standardized tests administered within the preceding three years

The mandatory interim student record or a copy thereof shall be forwarded by the Charter School upon request of a public school in California in which the student has enrolled or intends to enroll. If the transfer is to an out of state or to a private school, the mandatory interim student record may be forwarded. If the Charter School forwards the original mandatory interim student record, a copy must be maintained by the Charter School until it is destroyed in accordance with this Policy. If the Charter School forwards a copy, the original must be maintained by the Charter School until destroyed in accordance with this Policy.

- *"Permitted Student Records":* may be maintained and may be destroyed when their usefulness ceases or after six (6) months following the student's completion or withdrawal from school. These records are defined as:
    1. Objective counselor and/or teacher ratings
    2. Standardized test results older than three years
    3. Routine discipline data
    4. Verified reports of relevant behavioral patterns
    5. All disciplinary notices
    6. Attendance records not covered in the 5 CCR § 400

Permitted student records may be forwarded upon a request by a public or private school in which a student is enrolling. If the Charter School forwards the original permitted student record, a copy must be maintained by the Charter School until it is destroyed in accordance with this Policy. If the Charter School forwards a copy, the original must be maintained by the Charter School until destroyed in accordance with this Policy.

The Charter School recognizes its responsibility to make and enforce all rules and regulations governing student and employee behavior to bring about the safest and most learning-conducive environment possible.

I. PURPOSE AND SCOPE

It is the purpose of this policy to provide additional specificity to the standards of conduct embodied in the Charter School code of ethics-related rules and regulations so that staff members clearly understand the prohibitions and behavior boundaries which must govern their conduct towards students. (For purposes of this Policy, staff includes all school employees—certificated or classified; coaches or advisors; full-time or part-time, and independent contractors and volunteers).

The rules of conduct set forth in this Policy are not intended to serve as an exhaustive delineation of requirements, limitations, or prohibitions on staff conduct and activities established by this school. Rather, the components of this Policy serve to

(1) Alert staff about some of the more sensitive and often problematic matters involved in faculty/staff student relationships.
(2) Specify boundaries related to potentially sexual situations and conduct—the crossing of which is contrary to accepted norms of behavior and in conflict with the duties and responsibilities of staff.
(3) Provide staff members with clear guidance in conducting themselves in a manner that reflects high standards of professionalism. (It is important for Charter School to maintain a school-wide culture in which students and staff understand their responsibilities to report sexual misconduct without fearing that school leaders will betray them if they do. In order to prevent sexual abuse and exploitation, students and staff must know that the administration will investigate reports about possible misconduct.)
(4) Clarify that improper action will have significant consequences.
(5) Provide an environment that empowers students to identify actions that appear to have crossed boundaries.
(6) Define the process that Charter School will use for addressing potential improper conduct.
(7) Preserve student and staff privacy rights during any pending investigation.

II. BACKGROUND AND GENERAL POLICY PROVISIONS

Actions by staff members that are inconsistent or in conflict with the values established by Charter School can harm students, staff members, and the school's operation; therefore, such actions are unacceptable. It is the policy of this school that all school staff conduct themselves at all times in a manner that reflects the ethical standards consistent with the rules contained in this Policy and otherwise proclaimed by this school.

The provisions herein are intended to guide all Charter School staff members toward conduct that reflects the high standards of behavior and professionalism required of school staff while defining interaction boundaries between students and staff members.
Misconduct by a staff member disrupt the education of other students, sidetrack the instructional focus of the school, and harm the school's legitimacy—all of which threaten the school's future ability to recruit skilled professionals and maintain a credible operation in the eyes of the community. It is critical that staff members study this Policy thoroughly and behave in ways to avoid even the appearance of misconduct.

While all boundaries and/or situations cannot be addressed in a single policy, the issues delineated herein are among those that can be most problematic for staff members and among those that can have the greatest potential for a negative impact on this school and its community. Staff members should seek guidance in their daily conduct from established policies, procedures, and directives as well as through the guidance and recommendations of school leadership. Although this Policy gives specific, clear direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders.

III. BOUNDARIES

A. Boundaries Defined

For the purposes of this Policy, the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing the boundaries of a student/teacher relationship is deemed an abuse of power and a betrayal of trust.

B. Acceptable and Unacceptable Behavior

Some activities may seem innocent from a staff member's perspective, but some of these can be perceived as flirtation or sexual insinuation from a student or parent point of view. The purpose of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between staff and students but to prevent relationships that could lead to, or may be perceived as, inappropriate.
Staff members must understand their own responsibilities for ensuring that they do not cross the boundaries as written in this Policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for any required disciplinary purposes. Thus, it is critical that

all staff study this Policy thoroughly and apply its spirit and intent in their daily activities. Although sincere, professional interaction with students fosters the charter mission of implementing "personalized, education programs to facilitate student achievement," student/staff interaction has boundaries regarding the activities, locations, and intentions.

Unacceptable Staff/Student Behaviors (Violations of this Policy)

This list, and any subsequent lists, are not meant to be all-inclusive, but, rather illustrative of the types of behavior addressed by this Policy.

1. Giving gifts to an individual student that are of a personal and intimate nature.
2. Kissing of ANY kind.
3. Any type of unnecessary physical contact with a student in a private situation.
4. Intentionally being alone with a student away from the school.
5. Making, or participating in, sexually inappropriate comments.
6. Sexual jokes, or jokes/comments with sexual double-entendre.
7. Seeking emotional involvement (which can include intimate attachment) with a student beyond the normative care and concern required of an educator.
8. Listening to or telling stories that are sexually oriented.
9. Discussing inappropriate personal troubles or intimate issues with a student in an attempt to gain their support and understanding.
10. Becoming involved with a student so that a reasonable person may suspect inappropriate behavior.

Unacceptable Staff/Student Behaviors without Parent and Supervisor Permission

1. Giving students a ride to/from school or school activities without parent permission (only in "emergency" situations).
2. Being alone in a room with a student.
3. Allowing students in your home.

Cautionary Staff/Student Behaviors

1. Remarks about the physical attributes or physiological development of anyone.
2. Excessive attention toward a particular student.
3. Sending e-mails, text messages, social media responses, or letters to students if the content is not about school activities.

Acceptable and Recommended Staff/Student Behaviors

1. Getting parents' written consent for any after-school activity on or off campus (exclusive of tutorials).
2. Obtaining formal approval (site and parental) to take students off school property for activities such as field trips or competitions.
3. E-mails, text-messages, phone conversations, and other communications to and with students must be professional and pertain to school activities or classes. (Communication should be initiated via school-based technology and equipment.)
4. Keeping reasonable space between you and your students.
5. Stopping and correcting students if they cross your own personal boundaries.

6. Keeping parents informed when a significant issue develops about a student.
7. Keeping all discussions with students professional.
8. Asking for advice from senior staff or administrators if you find yourself in a difficult situation related to boundaries.
9. Involving your supervisor if conflict arises with a student.
10. Informing your supervisor and/or Support Team (coordinators and directors) about situations that have the potential to become more severe.
11. Making detailed notes about an incident that could evolve into a more serious situation later.
12. Recognizing the responsibility to stop unacceptable behavior of students and/or co-workers.
13. Asking another staff member to be present if you will be alone with any student who may have severe social or emotional challenges (and you are not the assigned case educator).
14. Asking another staff member to be present, or within close supervisory distance, when you must be alone with a student.
15. Giving students praise and recognition without touching them in questionable areas; giving appropriate pats on the back, high-five's, and handshakes are appropriate.
16. Keeping your professional conduct a high priority during all moments of student contact.
17. Asking yourself if any of your actions which go contrary to these provisions are worth sacrificing your job and career.

IV. CORPORAL PUNISHMENT

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this Policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of Charter School personnel:

A. Examples of PERMITTED actions (NOT corporal punishment)

1. Stopping a student from fighting with another student;
2. Preventing a pupil from committing an act of vandalism;
3. Defending yourself from physical injury or assault by a student;
4. Forcing a pupil to give up a weapon or dangerous object;
5. Requiring an athletic team to participate in strenuous physical training activities designed to strengthen or condition team members or improve their coordination, agility, or physical skills;
6. Engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities.

B. Examples of PROHIBITED actions (corporal punishment)

1. Hitting, shoving, pushing, or physically restraining a student as a means of control;
2. Making unruly students do push-ups, run laps, or perform other physical acts that cause pain or discomfort as a form of punishment;
3. Paddling, swatting slapping, grabbing, pinching, kicking, or otherwise causing physical pain.

V. Reporting

When any staff member, parent, or student becomes aware of a staff member having crossed the boundaries specified in this Policy, they should report the occurrence or suspected occurrence to a supervisor and/or Support Team member promptly. All reports shall be confidential. Prompt reporting is essential to protect students, the suspected staff member, any witnesses, and the school as a whole. Staff must also report to the administration any awareness of, or concern about, student behavior that crosses boundaries, or any situation in which a student appears to be at risk for sexual abuse. Please note that employees of the Charter School are mandated reporters under California state law and are thus legally bound to report suspected abuse or neglect of a student.

VI. Investigating

A supervisor and/or Support Team member will promptly investigate and document the investigation of any allegation of inappropriate conduct per this Policy, using such support staff or outside assistance as he or she deems necessary and appropriate under the circumstances. Throughout this fact-finding process, the investigating administrator, and all others privy to the investigation, shall protect the privacy interests of any affected student(s) and/or staff member(s), including any potential witnesses, to the extent practical and appropriate under the law The investigating supervisor shall promptly notify the Supervising Administrator that an investigation is in progress; the Supervising Administrator, in turn, shall notify the Deputy Superintendent School Services of the existence and status of any investigations. Upon completion of any such investigations, the Supervising Administrator shall direct the investigating administrator to report to the Deputy Superintendent School Services any conclusions reached. The investigating administrator may consult with Charter School legal counsel, as appropriate, prior to, during, and after conducting any investigation.

VII. Consequences

Staff members who have violated this Policy will be subject to appropriate disciplinary action, and, where appropriate, will be reported to authorities for potential legal action.

VIII. Training

This document shall be discussed with and acknowledged by all Charter School employees as part of their initial employment and again, on an annual basis, as part of on-going training for all Charter School employees. A copy of this acknowledgement will be placed into each Charter School employee's personnel folder. In addition, appropriate portions of this Policy and related information will be incorporated into on-going Charter School communications thrust to underscore the continuing importance that Charter School places on student/staff interaction.

Resource Center and School Volunteer, Visitation, and Removal Policy *(Full Board Policy)*
Policy: 6020
Approved: March 10, 2016
Amended: February 22, 2018, June 21, 2018; June 26, 2024; June 26, 2025

The Board of Directors of Altus Schools Southern California hereby adopts the Resource and School Volunteer, Visitation, and Removal Policy to apply to Audeo Charter School II, Audeo Valley Charter School, Altus Schools Coachella Valley, Altus Schools East County, Altus Schools Mirus, Altus Schools North County, and Altus Schools South Bay~~Altus School East County, Altus Schools North County, Altus Schools South Bay, Audeo II Charter School, Audeo Valley Charter School, and Mirus Secondary School,~~, all hereafter collectively referred to as "Charter School."
~~The Board of Directors of Altus Schools Southern CA hereby adopts the Resource and School Volunteer, Visitation, and Removal Policy to apply to Altus School East County, Altus Schools North County, Altus Schools South Bay, Audeo II Charter School, Audeo Valley Charter School, and Mirus Secondary School, , all hereafter collectively referred to as "Charter School."~~

While Charter School encourages parents/guardians and interested members of the community to visit the charter school and view the educational program, Charter School also endeavors to create a safe environment for students and staff. Additionally, parents volunteering in the resource center can be extremely helpful to our teachers and valuable to our students. We thank all parents for their willingness to volunteer in this manner.

Nevertheless, to ensure the safety of students and staff as well as to minimize interruption of the instructional program, Charter School has established the following procedures, to facilitate volunteering and visitations during regular school days:

Definitions

- A "*visitor*" is defined as any person seeking to enter the school building who is not an employee or a current student at the Charter School. All visitors who are not parents or guardians of a student must have a specific and educationally relevant purpose for their visit.

- A "*volunteer*" is defined as any person who voluntarily offers and provides a service to the Charter School with Charter School approval without receiving compensation.

Volunteering

Parents or guardians who are interested in volunteering in the resource center must adhere to the following guidelines:

Formatted: Justified, Tab stops: 6.25", Left

Formatted: Font: (Default) +Body (Calibri)

1. Volunteers who will volunteer outside of the direct supervision of a credentialed employee shall be (1) fingerprinted and (2) receive background clearance prior to volunteering without the direct supervision of a credentialed employee.

2. A volunteer shall also have on file with Charter School a certificate showing that, upon initial volunteer assignment, the person submitted to a tuberculosis risk assessment and, if tuberculosis risk factors were identified, was examined and found to be free of infectious tuberculosis. If no risk factors are identified, an examination is not required. At the discretion of the Charter School Board of Directors, this paragraph shall not apply to a volunteer whose functions do not require frequent or prolonged contact with pupils.

3. Volunteering must be arranged with the teacher and Deputy Superintendent School Services and Founding Director or designee, at least forty-eight (48) hours in advance.

4. A volunteer may not volunteer in the resource center for more than three (3) hours per month.

5. Prior to volunteering in the resource center, the volunteer should communicate with the teacher to discuss the expectations for volunteering needs. Resource Center volunteers are there to benefit the entire class and are not in class solely for the benefit of their own child. Resource Center volunteers must follow the instructions provided by the teacher, certificated teacher resource or resource center associate. Resource Center rules also apply to volunteers to ensure minimal distraction to the teacher. If a volunteer is uncomfortable following the direction of the teacher or aid the volunteer may leave their volunteer position for that day.

6. Information gained by volunteers regarding students (e.g. academic performance or behavior) is to be maintained in strict confidentiality. Volunteers must sign an agreement that they have read and understand and agree to follow the Family Educational Rights and Privacy Act ("FERPA") Policy.

7. Volunteers shall follow and be governed by all other guidelines indicated elsewhere in this Policy. This includes, but is not limited to, the process of registering and signing out of the resource center or at the administrative office as indicated below.

8. This Policy does not authorize the Charter School to permit a parent/guardian to volunteer or visit the resource center if doing so conflicts with a valid restraining order, protective order, or order for custody or visitation issued by a court of competent jurisdiction.

9. Volunteerism by parents is encouraged but not mandatory. Any volunteer hours are tracked for purposes of maintaining data on the parent participation at the School.

Visitation

1. Visits during school hours should first be arranged with the teacher and Deputy Superintendent or designee, at least forty-eight (48) hours in advance. If a conference is desired, an appointment should be set with the teacher during non-instructional time, at least forty-eight (48) hours in advance. Parents seeking to visit a resource center during school hours must first obtain the approval of the teacher and the Deputy Superintendent or designee.

~~2.~~

~~3.~~2. All visitors shall register in the Visitors Log Book and complete a Visitor's Permit in the main office immediately upon entering any resource center or school administrative office and building during regular school hours. When registering, the visitor is required to provide his/her name, address, age (if under 21), his/her purpose for entering school grounds, and proof of identity. For purposes of school safety and security, the Deputy Superintendent or designee may design a visible means of identification for visitors while on school premises.

~~4.~~

~~5.~~3. If the visitor is a government officer/official (including but not limited to local law enforcement officers, immigration enforcement officers, social workers, district attorneys, or U.S. attorneys) the officer/official will also be asked to produce any documentation that authorizes school access. Charter School shall make reasonable efforts to notify parents or guardians prior to permitting a student to be interviewed or searched, consistent with the law and/or any court order, warrant or instructions from the officer/official. A copy of the documentation provided by the officer and notes from the encounter may be maintained by Charter School, consistent with the law. The Charter School Governing Board and Bureau of Children's Justice in the California Department of Justice, at BCJ@doj.ca.gov, will be timely informed regarding any attempt by a law-enforcement officer to access a school site or a student for immigration-enforcement purposes, as recommended by the Attorney General.

~~6.~~4. All visitors are asked to comply with current mandated and recommended health and safety protocols. Visitors (including volunteers) who demonstrate signs of a contagious disease (e.g., fever, coughing) may be denied registration. When recommended or requested by the Department of Public Health, visitors will be required to wear personal protective equipment, such as masks, and practice social distancing. Charter School reserves the right to implement additional measures for the protection of its school community, such as requiring forehead temperature checks before entry to the same extent being utilized for students and employees.

~~7.~~

~~8.~~5. Except for unusual circumstances, approved by the Deputy Superintendent the Charter School visits should not exceed approximately sixty (60) minutes in length and may not occur more than twice per semester.

~~10.~~6. While Charter School site, offices, or resource center, visitors are to enter and leave as quietly as possible, not converse with any student, teacher, or other staff unless permitted, and not interfere with any school activity. No electronic listening or recording device may be used in a resource center without the teacher's and Deputy Superintendent's written permission.

~~11.~~

~~12.~~7. Before leaving the resource center or administrative offices, the visitor shall return the Visitor's Permit and sign out of the Visitors Log Book in the main entrance.

Limitations of Volunteering or Visitation

1. The Deputy Superintendent School Services and Founding Director, or designee, may refuse to register a visitor or volunteer if it is believed that the presence of the visitor or volunteer would cause a threat of disruption or physical injury to teachers, other employees, or students.

2. The Deputy Superintendent School Services and Founding Director may direct a visitor without lawful business on campus to leave campus when the visitor's presence or acts interfere with the peaceful conduct of the activities of the school, or disrupt the school or its students, or school activities. Any visitor who is directed to leave by the Deputy Superintendent School Services and Founding Director or designee will not be permitted to return to the Charter School campus for at least seven (7) calendar days.

3. The Deputy Superintendent School Services and Founding Director or designee may withdraw consent to be on the Charter School facility for up to fourteen (14) calendar days even if the visitor has a right to be on site whenever there is reason to believe that the person has willfully disrupted or is likely to disrupt the Charter School's orderly operation. Consent shall be reinstated whenever the Deputy Superintendent School Services and Founding Director has reason to believe that the presence of the person will not constitute a substantial and material threat to the orderly operation of the school campus.

4. The Deputy Superintendent School Services and Founding Director or designee may request that a visitor who has failed to register, or whose registration privileges have been denied or withdrawn, promptly leave resource center or any Charter School sites. When a visitor is directed to leave, the Deputy Superintendent School Services and Founding Director or designee shall inform the visitor that if he/she reenters the school without following the posted requirements he/she will be guilty of a misdemeanor.

5. Any visitor that is denied registration or has his/her registration revoked may request a conference with the Deputy Superintendent School Services and Founding Director. The request shall be in writing, shall state why the denial or revocation was improper, shall give the address to which notice of conference is to be sent, and shall be delivered to the Deputy Superintendent School Services and Founding Director with fourteen (14) days of the denial

Formatted: Justified, Tab stops: 6.25", Left

or revocation of consent. The Deputy Superintendent School Services and Founding Director shall promptly mail a written notice of the date, time, and place of the conference to the person who requested the conference. A conference with the Deputy Superintendent School Services and Founding Director shall be held within seven (7) days after the Deputy Superintendent School Services and Founding Director receives the request. If no resolution can be agreed upon, the Deputy Superintendent School Services and Founding Director shall forward notice of the complaint to the Charter School Board of Directors. The Charter School Board of Directors shall address the Complaint at the next regular board meeting and make a final determination.

6. At each entrance to the resource center or administrative offices, signs shall be posted specifying the hours during which registration is required, stating where the office of the Deputy Superintendent School Services and Founding Director or designee is located, and what route to take to that office, and setting forth the penalties for violation of this policy.

7. The Deputy Superintendent School Services and Founding Director or designee shall seek the assistance of the police in managing or reporting any visitor in violation of this Policy.

Penalties

1. Pursuant to the California Penal Code, if a visitor does not leave after being asked or if the visitor returns without following the posted requirements after being directed to leave, he/she will be guilty of a crime as specified which is punishable by a fine of up to $500.00 (five hundred dollars) or imprisonment in the County jail for a period of up to six (6) months or both.

2. Under California Education Code section 44811, any visitor whose conduct materially disrupts classwork or extracurricular activities or involves substantial disorder is guilty of a misdemeanor and is punishable, upon the first conviction, by a fine of no less than $500.00 (five hundred dollars) and no more than $1,000.00 (one thousand dollars) or by imprisonment in a County jail for no more than one (1) year, or both, the fine and imprisonment.

3. Disruptive conduct may lead to Charter School's pursuit of a restraining order against a visitor, which would prohibit him/her from coming onto resource centers or administrative offices or attending school activities for any purpose for a period of up to three (3) years.

Executive Summary

Formatted: Font: 14 pt, Bold, No underline

Formatted: Font: Not Bold, No underline, Font color: Accent 1

The purpose of this plan is to outline the basic organization and procedures utilizing the Standardized Emergency Management System (SEMS) and the National Incident Management System (NIMS) for responding to an emergency affecting any facility operated by Audeo Charter School II.

A "Incident Commander" (and alternate) is assigned to be the point of contact for this plan. During emergencies, the Incident Commander is the point of coordination for all operations. An Incident Command Team is in place to address key issues during emergency operations. The team works as directed by the Incident Commander. Each team member assignment can be found in Section Four of this plan, which identifies roles, responsibilities and duties.

The Incident Commander and their Incident Command Team are assigned to maintain and implement their Emergency Plan. The Safety Coordinator will assist with emergency preparedness, disaster planning, and will be responsible for updating the underlying Emergency Plan Template. As a component of the Comprehensive Safe Schools Plan document, the Safety Coordinator will review this emergency plan on an annual basis to determine the Emergency Plan Template is compliant with Federal, State, and local laws.

The Incident Commander will coordinate training for all new staff (paid and volunteer) assigned to this RC. The Incident Commander, coordinating with the Safety Coordinator, will conduct scheduled exercises to provide staff with an opportunity to practice the emergency procedures outlined in this plan.

This format allows staff to understand basic roles and responsibilities regardless of where in the school they may be working.

It is imperative all staff review this plan at least twice a year to ensure a basic understanding of their role and responsibility in an emergency. It is unlikely that anyone will have the time when an emergency occurs to review this entire plan, thus understanding and practice is necessary to be prepared. The proactive actions of individuals during an emergency may very well save another's life.

Assessment of School Crime

Formatted: Font: Not Bold, No underline, Font color: Accent 1

In assessing the crime rate for the last two school years at Audeo Charter School II the crime data indicates that there have been no incidents of the last two years. Audeo II staff will continue to monitor student behavior to ensure a safe and supportive environment. Both students and parents continue to rate the school high for providing a safe environment in their annual surveys.

The data represented is the total number of reported incidents within each crime category and as rates per 100 students enrolled. It is important to note that comparisons (% Change) are calculated from incident rates and not total numbers, because the rates reflect changes in student enrollment from year to year. Crimes involving Arson, Graffiti, and Vandalism

must exceed $100 per incident, theft $50, and Burglary has no dollar limit. Any rate change to or from zero is represented as a 100% change. Caution should be used when drawing conclusions from individual rate changes. Improved reporting practices may have resulted in increases in crime rates which may not represent actual increases in crime.

RESPONSE GUIDELINES FOR DANGEROUS, VIOLENT OR UNLAWFUL ACTIVITIES

Emergency Operations Team

Formatted: Font: Not Bold, Font color: Accent 1

The Emergency Operations Team is comprised of several leaders from Audeo Charter School II. This team is responsible for planning, training and implementation in the event of a disaster. The team is composed of the following individuals:

Superintendent	*Responsible for external communications. She will call on community resources to assist the school RCs and coordinate mutual aid requests.*
Chief Business Officer	*Assists the Superintendent with external communications and community resource coordination to support school community needs. She is also responsible for acquisition of fiscal and business services. She will initiate acquisitions of services and materials associated with emergency operations.*
Director of Operations and Technology	*Responsible for internal communications with our RCs, staff, and the team in collaboration with the Administrator of Instructional Services.*
Administrator of Instructional Services	*Responsible for parent and community communications. Provides trauma-counseling support to students/parents/staff, as well as, central contact for student data. Responsible for coordinating support to students brought to central location.*

Operational Overview

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

Due to the unique design and small setting, the staff will be trained to implement components of the disaster procedures. These components will include:

- Evacuation of Students/Emergency Assembly
- Communication
- Reunion Procedures
- Public Information
- Sweep and Rescue
- Security
- First Aid and CPR

Emergency Operation Center

The Emergency Operations Team (EOT) will be responsible to coordinate and manage all operations in the event of a crisis. Audeo Charter School II defines crisis as any incident that disrupts the educational program and/or affects the emotional stability of students or staff.

All public employees are declared by law to be disaster services workers (Government Code §3100). They are subject to such disaster services as may be assigned to them by their supervisors or by law upon the declaration of an appropriate state of emergency. The extent to which school employees function as disaster service workers depends in large measure upon the decisions of the various resource centers and their supervisory personnel.

In the event of a crisis, Audeo Charter School II will respond as follows:

Level 1 Natural Disaster Community Wide/Neighborhood Crisis

(Example~~: earthquake~~: earthquake, flood, fire, plane crash, riot, police action, high levels of fatalities and injuries, nuclear or biological disaster.)

Response~~: EOT~~: EOT in coordination with Civil Defense and/or resources.

Level 2 Singular or Multiple Locations

Immediate, life threatening or critical urgency

(Example: weapons, group confrontation, bomb threat, hostage, fire, explosion.)

Response~~: EOT~~: EOT in coordination with local law enforcement and/or government agencies

Level 3 RC Specific

(Example~~: discipline~~: discipline, health-physical/mental/CPS, utility failure, fight, angry parent.)

Response~~: Administrator~~: Administrator of Instructional Services according to responsibility.

Responsibilities for Situation Levels 1 and 2

Formatted: Font: 14 pt, Not Bold, No underline, Font color: Accent 1

1. Assess situation (to evacuate or secure RC)

2. Call 911

3. Contact EOT: Communicate essential information
   Example: Describe the situation – clearly and calmly.
   Who is involved?
   Who's present/at the RC –staff/students/community?
   Have the police been called? Have they arrived?
   Who else has been notified?
   What have you done so far?
   Is anyone hurt? Describe injury.

4. Gather essential information – keep emergency supplies in one area

   - Student emergency binder
   - Student roster
   - Emergency procedure binder
   - Today's sign in sheet
   - Backpack, First Aid Kit, Blood borne Pathogen Kit
   - Keys

5. Reassess situation and roll call
   Triage – prioritize needs; define who is injured. Look for potential dangers (i.e., gas leaks, building structure damage.)

6. Give students appraisal of situation
   Tell them what to do and what is expected.

7. Re-contact EOT

8. Release students as appropriate to authorized individuals.

9. Contain remaining students in designated safe area.

10. Wait until crisis has passed

11. Notify the Sorrento Mesa RC~~corporate office~~

12. Remaining students will be brought to safe area designated by EOT

13. Staff will then be released by EOT

- **Number** — **Approximate number of participants**
- **Code** — **Red (Life-threatening) 911**
  Orange (Serious)
  Yellow (Potential – advisement)
- **Description** — **Briefly describe incident**
- **Location** — **In class, outside front/back door, alley**
- **Listen** — **Answer central's questions succinctly**

Audeo Charter School II Communications Plan is designed to supplement urgent or emergency e-mail communications to faculty and staff.

Procedure

Formatted: Font: 14 pt, Not Bold, No underline, Font color: Accent 1

- Superintendent will declare need for emergency action.
- Superintendent, manager and any designated support staff prepare ParentSquare telephone message and E-mail message.
- Superintendent notifies Audeo Charter School II Board of Directors.
- Designated managers activate telephone tree, using prepared message; each designated manager will be responsible for their group and informing the backup caller.
- When schools are not in session, it may be necessary to call employees at home.
- Callers must report to the Superintendent~~'s office~~ by e-mail (mbixby@altusschools.net) the names of the employee's they were unable to reach.
- Share all information on the operation of the telephone tree with support staff at your RC.
- Make copies of the tree information and give to appropriate staff.
- It is possible that a test of the telephone tree will occur on a weekend, since the tree is designed to be used to relay information to managers and employee's regardless of the day of the week or the time of day or evening. It is important that employees who are to make calls

and their backups have copies of the tree information and the telephone numbers both at school and home.

Sample Emergency Call

Resource Center	This is a code Orange. There are approximately 6 male students assembled on the South side of Westminster Blvd., across the resource center. They are shouting and threatening one of our students who ~~are~~is here in the resource center. Our student is belligerent and wants to go out and face them. I have five other students with the Certificated Teacher Resource (CTR) and me. We have locked the doors and directed students to move to the back of the resource center away from the window.
Central	I am dispatching the police immediately. Have your Certificated Teacher Resource (CTR) with the other students. Be sure none of them leave or open the door. Stay with your student~~s~~ and try to calm him. Do not go out to confront the group. Assistance should be there shortly. Keep us posted of any change.

Resource Center

- Remember, speak calmly and slowly.
- Tend to the business at hand and keep Central informed. STAY CALM.
- If the problem is resolved. Call Central back immediately. Remember someone is streaking across the city to get to you. Call in and say, **"Situation secured". This officially closes down the incident. Central logs the time.**

ParentSquare System

In the event of an emergency, the Superintendent or designee may activate the school-wide ParentSquare system. ParentSquare allows Audeo Charter School II administrators and staff to send out voice calls, email messages or SMS messages to students, parents and staff. ParentSquare allows Audeo Charter School II to establish a reliable channel for communicating and sharing information effectively and efficiently. In time-sensitive situations, parents and guardians will receive information and details directly from the school. Not just for emergencies, ParentSquare is beneficial in sending out routine school messages, such as attendance reports, and event and meeting reminders.

Our first responsibility is to the health and safety of our students.

- Do not aggressively confront any individual or group.
- **We want no heroes – just mature, reasonable individuals who take control of a situation and manage it.**

- **Do not place yourself, or others, in an unnecessarily dangerous situation. Your backups are not far away.**

1. Receive Communication.

Be sure caller identifies RC. Confirm that you read the transmission and acknowledge the RC name. If necessary, calm the caller. Set the tone by using a confident and firm tone of voice.

If necessary, lead the caller through the 6 elements/key points of an Audeo Charter School II emergency call. **Resource Center, Number, Code, Description, Location, Listen.** It is preferable that you speak directly to the teacher whenever possible.

2. Ascertain the level of emergency and degree of danger.

Prescribe action. If there is a close judgment call--- err on the side of caution.

Code Red~~: Optional~~: Optional Action

The teacher contacts 911 immediately.

Tell the teacher you will contact 911.
Tell RC staff to deal with emergency until help arrives. Give them some specific tasks.
Tell teacher you will call in report and will get right back to him/her. Talk staff through emergency if necessary. Ask if they have locked down the RC, drawn the blinds, etc.
After you place call for help, coordinate with other central managers to see who is closest to RC and can arrive in the shortest amount of time.
Contact the Sorrento Mesa RC~~Audeo Charter School II Administrative Office~~ to alert them to the emergency.

3. Assist in the implementation of the action plan worked out with the RC.

Be conscious that the School must protect the anonymity and privacy of each student. No staff should discuss the incident with press. Refer them to a manager.

4. Log call.

Note approximate start and end time of incident. A brief narrative describing the incident is due to the Sorrento Mesa RC~~Office~~ before the end of the day. This report could become part of a court

EMERGENCY RESPONSES

Formatted: Font: Not Bold, No underline, Font color: Accent 1

EMERGENCY RESPONSE~~: ALLERGIC~~: ALLERGIC REACTION

Formatted: Font: 16 pt, Not Bold, Font color: Accent 1

There are many types of medical conditions that may trigger an allergic reaction, among them anaphylactic shock, diabetes and sickle cell anemia. Possible symptoms of an allergic reaction include skin irritation or itching, rash, hives, nasal itching or sneezing, localized swelling, swollen tongue, restlessness, sweating, fright, shock, shortness of breath, vomiting, cough and hoarseness. School nurses have a specialized health care plan for certain conditions and should be contacted for any sign of allergic reaction.

STAFF ACTIONS:

- If imminent risk, call 911.
- Send for immediate help (Firs Aid, CPR, medical) and medication kit (for known allergies).
- Notify the Administrator of Instructional Services.
- Assist in getting "Epi" (Epinephrine) pen for individuals who carry them (usually in backpack), and prescription medications (kept by school nurse).
- If an insect sting, remove stinger immediately.
- Assess situation and help student/staff member to be comfortable.
- Move student or adult only for safety reasons.

ADMINISTRATOR OF INSTRUCTIONAL SERVICES/SAFETY AMBASSADOR ACTIONS:

- If imminent risk, call 911 (always call 911 if using "Epi" pen).
- Notify nurse/parent or guardian.
- Administer medication, by order of a doctor, if appropriate; apply ice pack to affected area, keep victim warm or take other actions as indicated.
- Observe for respiratory difficulty.
- Attach a label to the person's clothing indicating: time & location of insect sting or food ingested, name of medicine, dosage and time administered.

OTHER PREVENTATIVE/SUPPORTIVE ACTIONS:

- x Keep an "Epi" pen in the resource center~~school office~~ and notify staff as to location.
- x Emergency health card should be completed by parents for each child and should be easily accessible by school personnel.

EMERGENCY RESPONSE: BIOLOGICAL AGENT RELEASE

Formatted: Font: 16 pt, Not Bold, Font color: Accent 1

This is an incident involving the discharge of a biological substance in a solid, liquid or gaseous state. Such incidents may include the release of radioactive materials. A biological agent can be introduced through:

- postal mail, via a contaminated letter or package
- a building's ventilation system
- a small explosive device to help it become airborne
- a contaminated item such as a backpack, book bag, or other parcel left unattended
- the food supply
- aerosol release (for example, with a crop duster or spray equipment)

Defense against biological release (e.g. anthrax, smallpox, plague, ricin etc.) is difficult because usually appear after some time has lapsed. Indicators that may suggest the release of a biological or chemical substance include multiple victims suffering from: watery eyes, choking or breathing difficulty, twitching or the loss of coordination. Another indicator is the presence of distressed animals or dead birds. Determine which scenario applies and implement the appropriate response procedures.

Outside the Resource Center

STAFF ACTIONS:

- x Notify Administrator of Instructional Services.
- x Move students away from immediate vicinity of danger (if outside, implement **Take Cover**).
- x Segregate individuals who have been topically contaminated by a liquid from unaffected individuals. Send affected individuals to a designated area medical attention.
- x Follow standard student assembly, accounting and reporting procedures.

ADMINISTRATOR OF INSTRUCTIONAL SERVICES/SAFETY AMBASSADOR ACTIONS:

- x Initiate **SHELTER IN PLACE**.

- x Shut off HVAC units.
- x Move to central location where windows and doors can be sealed with duct tape.
- x Call 911. Provide location and nature of the emergency and school actions taken.
- x Notify Director of Operations and Technology of the situation.

- x Turn on a battery-powered commercial radio and listen for instructions.
- x Remain inside the resource center until the Department of Health or Fire Department determines it is safe to leave.
- x Arrange for psychological counseling for students and staff.

Inside the Resource Center

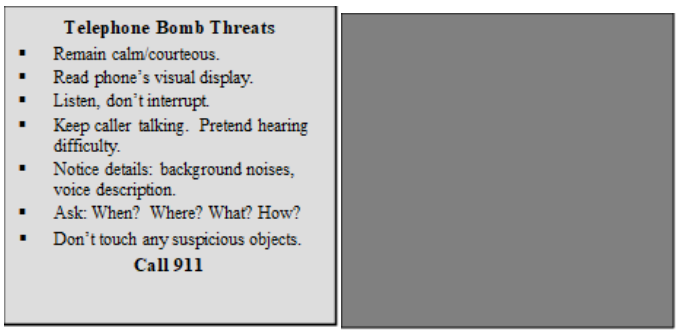
STAFF ACTIONS:

- x Notify Administrator of Instructional Services or Safety Ambassador.
- x Segregate individuals who have been topically contaminated by a liquid from unaffected individuals.
- x Implement **EVACUATION** or **EMERGENCY MEETING AREA EVACUATION**, as appropriate. Send affected individuals to a designated area for medical attention.
- x Follow standard student assembly, accounting and reporting procedures.
- x Prepare a list of those who are in the affected area to provide to emergency response personnel.

ADMINISTRATOR OF INSTRUCTIONAL SERVICES/SAFETY AMBASSADOR ACTIONS:

- x Initiate **EVACUATION** of the resource center or **EMERGENCY MEETING AREA EVACUATION** to move students away from immediate vicinity of danger.
- x Move up-wind from the potential danger.
- x Call 911. Provide exact location and nature of emergency.
- x Designate security team to isolate and restrict access to potentially contaminated areas.
- x Wait for instructions from emergency responders-- Health or Fire Department.
- x Notify Director of Operations and Technology of the situation.
- x Arrange for immediate psychological counseling for students and staff.
- x Wait to return to the resource center until it has been declared safe by local HazMat or appropriate agency.

THOSE WHO HAVE DIRECT CONTACT WITH BIOLOGICAL AGENT:



- x Wash affected areas with soap and water.

- x Immediately remove and contain contaminated clothing
- x Do not use bleach on potentially exposed skins.
- x Remain in safe, but separate area, isolated from those who are unaffected, until emergency response personnel arrive.

EMERGENCY RESPONSE: BOMB THREAT

Formatted: Font: 16 pt, Not Bold, Font color: Accent 1

In the event that the school receives a bomb threat by telephone, follow the Bomb Threat Checklist on the next page to document information about the threat. Keep the caller on the telephone as long as possible and listen carefully to all information the caller provides. Make a note of any voice characteristics, accents, or background noises and complete the Bomb Threat Report as soon as possible.

PERSON RECEIVING THREAT BY TELEPHONE:

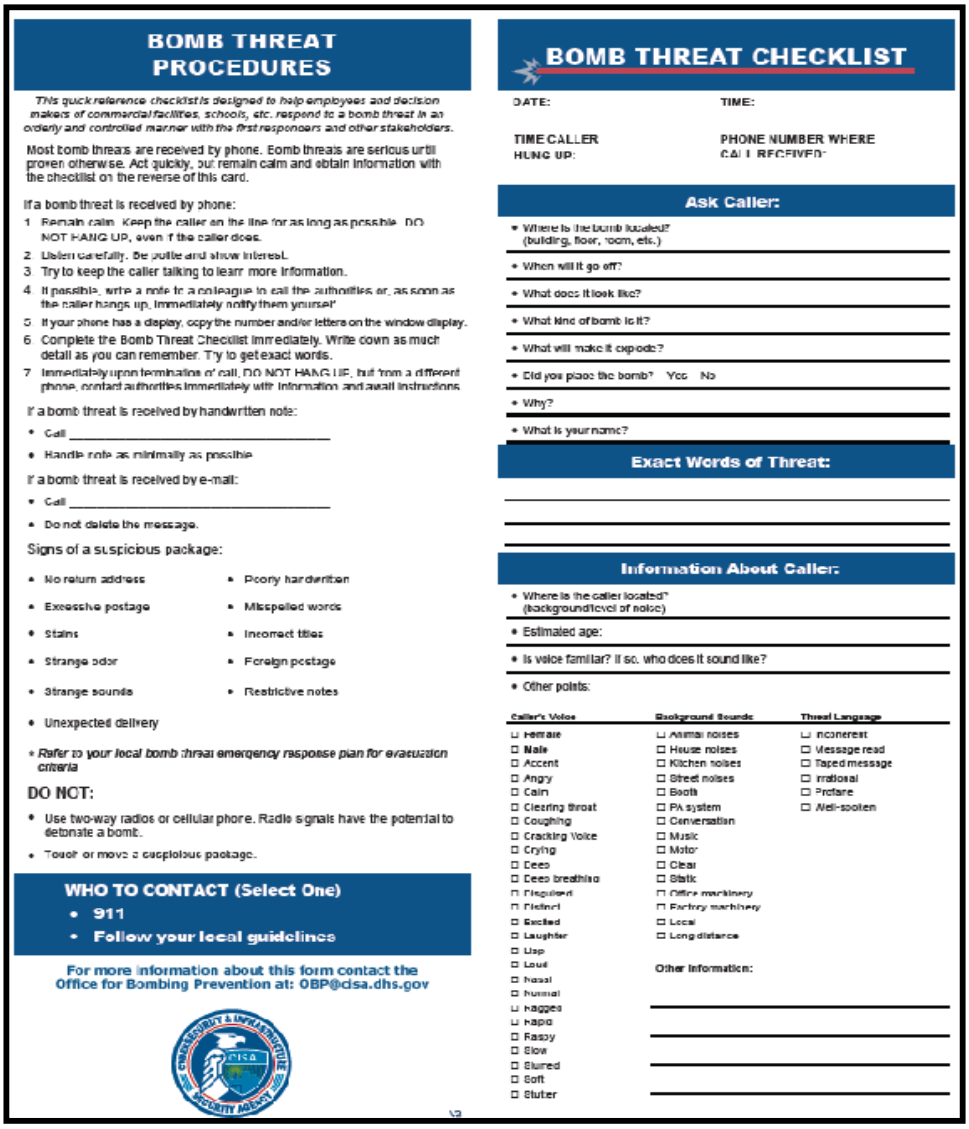
- x Listen. Do not interrupt caller.
- x Keep the caller on the line with statements such as "*I am sorry, I did not understand you. What did you say?*"
- x Alert someone else by prearranged signal to notify the telephone company to trace the call while the caller is on the line.
- x Notify Safety Ambassador immediately after completing the call.
- x Complete the Bomb Threat Checklist.

PERSON RECEIVING THREAT BY MAIL:

- x Note the manner in which the threat was delivered, where it was found and who found it.

- x Limit handling of item by immediately placing it in an envelope so that fingerprints may be detected. Written threats should be turned over to law enforcement.
- x Caution students against picking up or touching any strange objects or packages.
- x Notify Administrator of Instructional Services or Safety Ambassador.

ADMINISTRATOR OF INSTRUCTIONAL SERVICES/SAFETY AMBASSADOR ACTIONS:



- x Call 911.
- x If the caller is still on the phone, contact the phone company to trace the call. Tell the telephone operator the name of school, name of caller, phone number on which the bomb threat came in. This must be done quickly since the call cannot be traced once the caller has hung up.
- x Instruct staff and students to turn off any pagers, cellular phones or two-way radios. Do not use those devices during this threat since explosive devices can be triggered by radio frequencies.
- x Determine whether to evacuate the threatened resource center and adjoining buildings. If the suspected bomb is in a corridor, modify evacuation routes to bypass the corridor.
- x Use the intercom, personal notification by designated persons, or the PA system to evacuate the threatened rooms.
- x If it is necessary to evacuate the entire school, use the fire alarm.
- x Notify the Director of Operations and Technology of the situation.
- x Direct a search team to look for suspicious packages, boxes or foreign objects.
- x Do not return to the resource center until it has been inspected and determined safe by proper authorities.
- x Avoid publicizing the threat any more than necessary.

SEARCH TEAM ACTIONS:

- x Use a systematic, rapid and thorough approach to search the resource center and surrounding areas.
- x Check the resource center and work areas, public areas (foyers, ~~offices,~~ bathrooms and stairwells), unlocked closets, exterior areas (shrubbery, trash cans, debris boxes) and power sources (computer rooms, gas valves, electric panels, telephone panels).
- x If suspicious item is found, make no attempt to investigate or examine object.

STAFF ACTIONS:

- Evacuate students as quickly as possible, using primary or alternate routes.
- Upon arrival at the designated safe emergency meeting area, take attendance. Notify the Administrator of Instructional Services/Safety Ambassador of any missing students.
- Do not return to the resource center until emergency response officials determine it is safe.

BOMB THREAT PROCEDURES

This quick reference checklist is designed to help employees and decision makers of commercial facilities, schools, etc. respond to a bomb threat in an orderly and controlled manner with the first responders and other stakeholders.

Most bomb threats are received by phone. Bomb threats are serious until proven otherwise. Act quickly, but remain calm and obtain information with the checklist on the reverse of this card.

If a bomb threat is received by phone:

1. Remain calm. Keep the caller on the line for as long as possible. DO NOT HANG UP, even if the caller does.
2. Listen carefully. Be polite and show interest.
3. Try to keep the caller talking to learn more information.
4. If possible, write a note to a colleague to call the authorities or, as soon as the caller hangs up, immediately notify them yourself.
5. If your phone has a display, copy the number and/or letters on the window display.
6. Complete the Bomb Threat Checklist immediately. Write down as much detail as you can remember. Try to get exact words.
7. Immediately upon termination of call, DO NOT HANG UP, but from a different phone, contact authorities immediately with information and await instructions.

If a bomb threat is received by handwritten note:

- Call _____
- Handle note as minimally as possible.

If a bomb threat is received by e-mail:

- Call _____
- Do not delete the message.

Signs of a suspicious package:

- No return address
- Excessive postage
- Stains
- Strange odor
- Strange sounds
- Unexpected delivery
- Poorly handwritten
- Misspelled words
- Incorrect titles
- Foreign postage
- Restrictive notes

Refer to your local bomb threat emergency response plan for evacuation criteria

DO NOT:

- Use two-way radios or cellular phone. Radio signals have the potential to detonate a bomb.
- Touch or move a suspicious package.

WHO TO CONTACT (Select One)

- 911
- Follow your local guidelines

For more information about this form contact the Office for Bombing Prevention at: OBP@cisa.dhs.gov

EMERGENCY RESPONSE: FLOOD

Formatted: Font: 16 pt, Not Bold, Font color: Accent 1

Flooding could threaten the safety of students and staff whenever storm water or other sources of water threaten to inundate the resource center. Flooding may occur if a water pipe breaks or prolonged rainfall causes urban streams to rise. Flooding may also occur as a result of damage to water distribution systems such as failure of a dam or levee. If weather-related, an alert message will be broadcast over the weather radio station.

ADMINISTRATOR OF INSTRUCTIONAL SERVICES/SAFETY AMBASSADOR ACTIONS:

- X Issue **STAND BY** instruction. Determine if evacuation is required.
- X Notify local police department of intent to **EVACUATE**, the location of the emergency meeting area and the route to be taken to that location.
- X Delegate a search team to assure that all students have been evacuated.
- X Post a notice on the resource center door stating where the school has relocated and inform the Sorrento Mesa RC~~District Office~~.
- X Monitor local AM radio weather station for flood information.
- X Notify the Director of Operations and Technology of school status and action taken.
- X Do not allow staff and students to return to the resource center until proper authorities have determined that it is safe to do so.

STAFF ACTIONS:

- X If warranted, **EVACUATE** students using the evacuation plan. Take the attendance roster, emergency backpack and student comfort kits. Check attendance before leaving the resource center.
- X Remain with students throughout the evacuation process.
- X Upon arrival at the emergency meeting area, take attendance. Report any missing students to Administrator of Instructional Services/Safety Ambassador and emergency response personnel.
- X Do not return to the resource center until it has been inspected and determined safe by property authorities.

EMERGENCY RESPONSE: GAS ODOR / LEAK

Formatted: Font: 16 pt, Not Bold, Font color: Accent 1

Formatted: Font: 16 pt

All school personnel and custodians shall immediately report any gas odor or suspected gas leak to the Director of Operations and Technology. If an odor is detected outside the resource center, it may not be necessary to evacuate.

STAFF ACTIONS:

- X Notify Administrator of Instructional Services.
- X Move students from immediate vicinity of danger.
- X Do not turn on any electrical devices such as lights, computers, fans, etc.
- X If odor is severe, leave the area immediately.
- X If the resource center is evacuated, take student attendance and report any missing students to Administrator of Instructional Services/Safety Ambassador.

ADMINISTRATOR OF INSTRUCTIONAL SERVICES/SAFETY AMBASSADOR ACTIONS:

- X If gas leak is internal, evacuate the resource center immediately.
- X Call 911.
- X Notify utility company.
- X Determine whether to move to alternate location.
- X If extended stay outdoors in inclement weather, contact the Director of Operations and Technology.
- X Do not return to the resource center until it has been inspected and determined safe by proper authorities.

EMERGENCY RESPONSE: HAZARDOUS MATERIALS

Formatted: Font: 16 pt, Not Bold, Font color: Accent 1

Formatted: Font: 16 pt

The nature of the material and the proximity of the incident to the resource center will determine which emergency ACTION should be implemented. Police, Fire or Public Health Department may order **EVACUATION** of the school. See also **BIOLOGICAL AGENT RELEASE** and **CHEMICAL ACCIDENT**.

ADMINISTRATOR OF INSTRUCTIONAL SERVICES/SAFETY AMBASSADOR ACTIONS:

- X Call 911, if necessary.
- X If there is a threat of airborne toxicity, shut-off ventilation system in affected area.
- X Initiate **EVACUATION.** Any toxic cloud that can affect students in their resource centers would very likely affect them outside the resource centers as well. If evacuating by foot, move crosswind to avoid fumes, never upwind or downwind.
- X Isolate anyone suspected of being contaminated with a substance that could be transferred to others until public safety personnel carry out decontamination procedures.
- X If time is available, initiate **Emergency Meeting Area Evacuation**. Move students and staff away from the path of the hazardous materials.
- X Notify Director of Operations and Technology.
- X Wait for instructions from emergency responders-- Health or Fire Department.
- X Do not allow the return of students to the resource centers or buildings until public safety officials declare the area safe.
- X Upon return to school, ensure that all resource centers are adequately aired.

TEACHER ACTIONS:

- X Follow standard student assembly, accounting and reporting procedures.
- X Report names of missing students to the Sorrento Mesa RC~~office~~.
- X Do not take unsafe actions such as returning to the resource center before it has been declared safe.

EMERGENCY RESPONSE: HOSTAGE SITUATION

Formatted: Font: 16 pt, Not Bold, Font color: Accent 1

Hostage situations may unfold rapidly in a variety of ways. Events may range from a single perpetrator with a single hostage to several perpetrators with many hostages. Specific actions by school staff will be limited pending arrival of law enforcement officers. It is their responsibility to bring the situation to a successful conclusion. When as much of the school has been evacuated as can be accomplished, school staff should focus on providing support as needed to the police department, communicating with parents, and providing counseling for students.

ADMINISTRATOR OF INSTRUCTIONAL SERVICES/SAFETY AMBASSADOR ACTIONS

X Call 911. Provide all known essential details of the situation:
- Number of hostage takers and description
- Type of weapons being used
- Number and names of hostages
- Any demands or instructions the hostage taker has given
- Description of the area

X Identify an assembly area for responding officers away from the hostage situation. Have school liaison wait at assembly area for police to arrive.

X Protect resource center occupants before help arrives by initiating a **LOCKDOWN** or **EVACUATION** (or combination of both).

X Secure exterior doors from outside access.

X When police arrive, assist them in a quiet, orderly evacuation away from the hostage situation.

X Gather information on students and/or staff involved and provide the information to the police. If the parent of a student is involved, gather information about the child.

X Identify media staging area, if appropriate. Implement a hotline for parents.

X Account for students as they are evacuated.

X Provide recovery counseling for students and staff.

STAFF ACTIONS:

X If possible, assist in evacuating students to a safe area away from the danger. Protect students by implementing a **LOCKDOWN**.

X Alert the Administrator of Instructional Services/Safety Ambassador.

X Account for all students.

EMERGENCY RESPONSE: INTRUDER

Formatted: Font: 16 pt, Not Bold, Font color: Accent 1

All public schools are required to post signs at points of entry to their resource centers. The following statement should be used on signage:

All visitors entering school grounds on school days between 7:30 a.m. and 4:30 p.m. must register at the front desk. Failure to do so may constitute a misdemeanor.

-- *California Penal Code Title 15, Chapter 1.1 § 627.2*

To prevent intruders on resource centers, keep doors secure, use sign-in sheets for visitors and cameras and staff to monitor entryways.

ADMINISTRATOR OF INSTRUCTIONAL SERVICES/SAFETY AMBASSADOR ACTIONS:

- X Initiate **LOCKDOWN**.
- X Request intruder to leave the resource center. Remain calm. Be courteous and confident. Keep distance from the intruder. Speak in soft, non-threatening manner. Avoid hostile-type actions, except in cases when necessary to safeguard person or property. Listen to the intruder. Give him or her an opportunity to vent. Attempt to be helpful. When talking to the intruder, use phrases such as:
  - *"What can we do to make this better?'*
  - *"I understand the problem, and I am concerned."*
  - *"We need to work together on this problem."*
- X As soon as the conversation or actions of the individual become threatening or violent, call 911 immediately. Provide description and location of intruder.
- X Keep subject in view until police or law enforcement arrives.
- X Take measures to keep subject away from students and the resource center.
- X Designate an administrator or staff member to coordinate with public safety at their command post; provide a resource center map/exit plan and keys to public safety personnel.
- X When scheduling a meeting with an individual known to be aggressive, arrange for another staff member or student resource officer to be present.
- X Be available to deal with the media and bystanders and keep the resource center clear of visitors.

STAFF ACTIONS:

- X Notify the Administrator of Instructional Services/Safety Ambassador. Provide description and location of the intruder. Visually inspect the intruder for indications of a weapon.
- X Keep intruder in view until police or law enforcement arrives. Stay calm. Do not indicate any threat to the intruder.

- X Isolate intruder from students. Lock the resource center ~~and office~~ doors. Close blinds and stay clear of windows and panes of glass. Remain inside rooms until the **ALL CLEAR** instruction is announced.

EMERGENCY RESPONSE: UTILITY FAILURE

Formatted: Font: 16 pt, Not Bold, Font color: Accent 1

Failure of any of the utilities (electricity, gas, water) during school hours constitutes a condition that must be dealt with on a situational basis. Advance notice may be received from a utility company regarding loss of service. In many cases, such loss of service will be of short duration and require no special action other than notifying staff of the temporary interruption of service.

ADMINISTRATOR OF INSTRUCTIONAL SERVICES/SAFETY AMBASSADOR:

- X Notify utility company. Provide the following information:
- X Determine length of time service will be interrupted.
- X Determine desired action, which may include relocation of students and staff, notification of parents, and alternate food service.
- X If disruption in service will severely hamper school operation, notify students and staff by appropriate means.
- X Use messengers with oral or written word as an alternate means of faculty notification.
- X Notify the Sorrento Mesa RC~~District Office~~ of loss of service.
- X Implement plan to provide services without utilities or with alternate utilities.

EMERGENCY RESPONSE: THREATS / ASSAULTS

Formatted: Font: 16 pt, Not Bold, Font color: Accent 1
Formatted: Font: 16 pt

Threats occur when a belligerent or armed person on the resource centers bullies, intimidates or coerces others, targeting an individual, particular group or the entire school community. Threats are

presented as overt hostility. They may be received by written note, email communication, phone call or orally. The procedure below applies to an oral threat.

ADMINISTRATOR OF INSTRUCTIONAL SERVICES/SAFETY AMBASSADOR ACTIONS:

- Assess the type of threat to determine the level of risk to the safety of students and staff. In categorizing the risk, attempt to determine:

1) Is the individual moving towards violent action?
2) Is there evidence to suggest movement from thought to action?
    - High violence potential qualifies for arrest or hospitalization.
    - Safety is endangered when there is: (a) sufficient evidence of repetitive/ intentional infliction of emotional distress upon others; or (b) sufficient evidence of the unintentional infliction of emotional distress upon others.

X Notify police (dial 911), if the safety of students or staff is endangered. Provide exact location and nature of incident and school response actions.

X Isolate the threatening person from other students and staff, if it is safe to do so. Initiate appropriate response actions, which may be **LOCKDOWN** or **EVACUATION**. Cancel all outside activities.

X Respond to students who are prone to overt displays of anger in a calm, non-confrontational manner. If an immediate threat is not clearly evident, attempt to diffuse the situation.

X If an individual is armed with any type of weapon, USE EXTREME CAUTION. Do not attempt to remove the weapon from the possession of the individual. Allow police to do so.

X Facilitate a meeting with student(s) and family to review expectations.

X Facilitate a staff meeting to review plans for keeping school safe. Enlist the support of community service providers.

STAFF ACTIONS:

X If any students are outside, move them inside the resource center or away from the location of the threat/assault. If unable to do so, have students lie down and cover their heads. Keep students calm.

X Inside the resource center, institute **LOCKDOWN**. Close all curtains and blinds.

X Disconnect the school television system in resource centers so the individual cannot view news coverage and see locations of police/students/etc.

X Remain with students until **ALL CLEAR** is given.

EMERGENCY RESPONSE: IRRATIONAL BEHAVIOR

Formatted: Font: 16 pt, Not Bold, Font color: Accent 1

A risk to the life and safety of students and staff may exist there is a serious display of disordered thought or behavior. Possible symptoms include: hallucinations, extreme paranoia, impaired judgment

that may lead to unsafe decision-making and dangerous behavior (to self or others), incoherent or disjointed speech and self-injurious behavior such as: hitting head, cutting self. Attempts should be made to use de-escalation strategies, calming techniques (e.g., deep breathing), and to implement behavior plans, crisis plans or strategies in IEP, if in place.

ADMINISTRATOR OF INSTRUCTIONAL SERVICES/SAFETY AMBASSADOR ACTIONS:

- X Keep the individual under continuous adult supervision.
- X Keep the individual in the resource center until parent/guardian has been notified.
- X Arrange appropriate support services for necessary care of individual.
- X If the individual actively displays dangerous behavior or there is reason to believe the student cannot be safely transported, call agencies as appropriate to coordinate emergency mental health services (e.g., mental health facilities, juvenile court, law enforcement).
- X School professional (psychologist, counselor, social worker, nurse) should recommend next steps to the Administrator of Instructional Services. The next steps may include:
  - Provide parents/guardian with the names and phone numbers of mental health resources
  - Recommend that the parents make an immediate contact with a therapist.
  - Request that parents/guardian to sign release forms to allow two-way communication between the school and the treating agency.
- X Make a follow-up check with the treating agency, family and student as appropriate, to ensure that appropriate care has been arranged.
- X Provide follow-up collaborative support for the student and parents (as indicated) within the school
- X Develop a safety plan prior to the student's return to school.
- X Document actions taken on behalf of the student (referrals, phone contacts, follow-up activities, etc.)

STAFF ACTIONS:

- X Take immediate action to isolate the individual and provide safety to the student body. Do not leave the irrational individual alone.
- X Notify Administrator of Instructional Services/Safety Ambassador.
- X Notify school nurse, school psychologist, counselor or social worker.
- X Protect individual from injury.

EMERGENCY RESPONSE: EXPLOSION

Formatted: Font: 16 pt, Not Bold, Font color: Accent 1

Emergency response will depend on the type of explosion (smoke bomb, chemical lab incident, etc.) and proximity to the school. All students should be kept away from the explosion and under supervision.

ADMINISTRATOR OF INSTRUCTIONAL SERVICES/SAFETY AMBASSADOR:

- Determine whether emergency meeting area evacuation should be implemented. If so, sound fire alarm. This will automatically implement action to **EVACUATE** the resource center. **EVACUATION** may be warranted in some resource centers but others may be used for **SHELTER IN PLACE**.
- Notify Fire Department (call 911). Provide school name, address, exact location within the building, your name and phone number and nature of the emergency.
- Secure area to prevent unauthorized access until the Fire Department arrives.
- Advise the Director of Operations and Technology of school status.

Notify emergency response personnel of any missing students.

- Notify utility company of breaks or suspected breaks in utility lines or pipes. Provide school name, address, location within building, your name and phone.
- Direct a systematic, rapid and thorough approach to search the building and surrounding areas. Check resource centers and work areas, public areas (foyers, ~~offices,~~ bathrooms and stairwells), unlocked closets, exterior areas (shrubbery, trash cans, debris boxes) and power sources (computer rooms, gas valves, electric panels, telephone panels).
- Determine if Student Release should be implemented. If so, notify staff, students and parents.
- If damage requires the school to be closed, notify parents and staff of school status and alternate location for resource center instruction. Do not return to the resource center until it has been inspected and determined safe by proper authorities.

STAFF ACTIONS:

X Initiate **DROP, COVER AND HOLD ON**.

X If explosion occurred inside the resource center, **EVACUATE** to outdoor assembly area. Keep students and staff at a safe distance from the resource center and away from fire-fighting equipment.

X Check to be sure all students have left the resource center. Remain with students throughout evacuation process.

X Upon arrival at assembly area, check attendance. Report status to Safety Ambassador immediately.

X Render first aid as necessary.

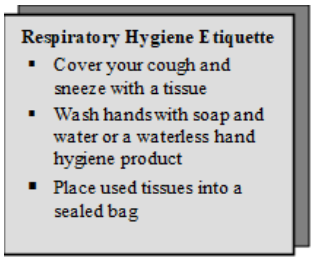
X Do not return to the resource center until the emergency response personnel determine it is safe to do so.

X If explosion occurred in the surrounding area, initiate **SHELTER IN PLACE**. Keep students at a safe distance from site of the explosion.

EMERGENCY RESPONSE~~: PANDEMIC~~: PANDEMIC INFLUENZA

Formatted: Font: Not Bold, Font color: Accent 1

Formatted: Font: Not Bold, Font color: Accent 1



Influenza is a highly contagious viral disease. Pandemic influenza differs from both seasonal influenza (flu) and avian influenza in the following aspects:

- It is a rare global outbreak which can affect populations around the world.
- It is caused by a new influenza virus to which people do not have immunity.
- Depending upon the specific virus, it can cause more severe illness than regular flu and can affect young healthy people more so than older, sick people.

The Department of Health and Human Services will take the lead in mobilizing a local response to pandemic influenza. Public health alerts will be reported to schools and the community. Individual schools may be closed temporarily to contain spread of the virus.

ADMINISTRATOR OF INSTRUCTIONAL SERVICES/SAFETY AMBASSADOR~~PRINCIPAL/SITE ADMINISTRATOR~~ ACTIONS:

- x Activate heightened surveillance of illness within school location. Gather data on symptoms of students and staff who are sick ~~at home~~at home.
- x Insure that students and staff members who are ill stay home.
- x Send sick students and staff home from school immediately.
- x Provide fact sheets and guidelines for school families to make them aware of symptoms and remind them of respiratory hygiene etiquette
- x Monitor bulletins and alerts from the Department of Health and Human Services.
- x Keep staff informed of developing issues.
- x Assist the Department of Health and Human Services in monitoring outbreaks.
- x Respond to media inquiries regarding school attendance status.
- x Implement online education, if necessary, so that students can stay home.
- x Maintain surveillance after the initial epidemic in the event a second wave passes through the community.

STAFF and STUDENT ACTIONS:

- x Stay home when ill with cough or other flu-like symptoms (chills, fever, muscle aches, sore throat).
- x Practice “respiratory hygiene etiquette”.
- x Disinfect surfaces contaminated with infected respiratory secretions with a diluted bleach solution (1 part bleach to 100 parts water).
- x Implement online homework assignments so that students can stay home.

EMERGENCY ~~RESPONSE:Active~~RESPONSE: Active Shooter/Armed Assailant

Formatted: Font: Myriad Pro, Not Bold, Font color: Accent 1

Formatted: Font: Myriad Pro, Not Bold, Font color: Accent 1

ACTIVE SHOOTER / ARMED ASSAILANT SITUATIONS

"*Active shooter situations*" are defined as those where an individual or individuals is "actively engaged in killing or attempting to kill people in a confined and populated area." *Active shooters / armed assailants frequently use firearms, but attacks of this type can also be made with other types of weapons (knifes, swords, etc.). These situations* are unpredictable and evolve quickly. Because of this, individuals must be prepared to deal with an *active shooter / armed assailant situation* before law enforcement personnel arrive on the scene.

No single response fits all *active shooter / armed assailant situations*; therefore, it is essential all members of the school staff know their options for response and are prepared to act decisively to protect their students and themselves.

ACTIONS – ALL SCHOOL STAFF

1. All employees are authorized to **take immediate action** to protect themselves and students if they see or hear anything that causes them to believe an active shooter / armed assailant situation is occurring or is to about to occur.

    a. **Act immediately** if you or your students:
        - hear a sound that might be gunfire.
        - see something that looks like a weapon being carried or used on or near the campus.
        - sense any other indication of active shooter / armed assailant threat.

    b. **Quickly evaluate** which option (Run, Hide or Fight) will best protect you and your students.

    c. **Be decisive.** Communicate your plan to your students and act quickly.

    d. **Call 911 and the Sorrento Mesa RC~~School Office~~** as soon as it is safe to do so.

2. **Options~~: *Run*~~: Run*, Hide or Fight***

    a. **Run:** If you can get yourself and your students safely away from danger, do so immediately.
        - Do not evacuate unless you…
            - know with certainty, the exact location of assailant (do not trust unofficial, second hand accounts),
            - **and** can visualize a route that will get your students and yourself safely off campus.

Formatted: Font: 12 pt

- Don't carry anything with you.
  - Police may mistake an item in your hands as a weapon.
  - Leave everything behind.
- If you encounter people along the way…
  - Adults: Warn them and take them with if you can but don't stop if they refuse to come.
  - Students: Warn any students you encounter and take them with if you. You may use reasonable force to take a student with you *if you can do so without endangering yourself or the other students in your care*.
- Place terrain and buildings between you and the assailant to cover your escape.
- Keep going until you are certain you are out of danger.
- Call 911 as soon as it is safe to do so.
- Keep your students with you. Call (insert phone number) to report your location and obtain instructions.

b. Hide: If you do not know the exact location of the assailant, get your students and yourself into the most secure location available and LOCKDOWN.

- Lock the doors
- Close and lock windows and close blinds or cover windows;
- Turn off lights;
- Barricade the doors with heavy furniture; be sure your barricade covers any glass in or near the door;
- Silence all electronic devices;
- Remain silent;
- Position occupants spread out and out of line of site from room entrance.
- Prepare to take action if the assailant attempts to get in the room;
- Use text or email to communicate your location, the number of students or staff with you, if you have any wounded and the extent of the injuries;
- Call 911 as soon as it is safe to do so.
- Remain in place until evacuated by identifiable law enforcement officers.

c. **FIGHT~~: Never~~: Never seek out confrontation with an active shooter / armed assailant.** If you are confronted by an active shooter / armed assailant and you have no safer option, take immediate action to disrupt or incapacitate the assailant. **If you choose the FIGHT option, commit to your actions.**

~~c.~~

- If you are in LOCKDOWN (Hide), prepare yourself and your students for the possibility that the assailant may attempt to get in the room you are in.

- Construct a strong barricade.
- If you have another way out (a window or back door) use it while the assailant is attempting to get in.
- If no other exit is available be prepared to disrupt the assailant by throwing objects at the assailant and running for the exit as soon as the assailant enters the room.
    a. Use items in the environment as improvised weapons (fire extinguishers, staplers, books, cups, etc.)

- Staff members may consider using aggressive and violent force to surprise and overwhelm the assailant.

3. **Call 911 and initiate a school-wide LOCKDOWN** announcement as soon as you can do so safely. Work with the people you are with to do both calls simultaneously if possible.

    a. Provide as much information as possible (slow down – be calm):
        - State the emergency: "I hear gunfire." "I saw..."
            - Give information on people who are wounded.
        - Location of the assailant (if known):
        - Description of the assailant (if known):
        - Your precise location: "room __"
        - The number of children with you:
    b. Keep the line open, even if you can't talk, unless instructed by the dispatcher to end the call.

4. Special Topics

    a. Injuries: Your response to injured persons will need to vary given the specific circumstances that are present and the response option (Run, Hide or Fight) you are engaged in.

        - *Run* – If you encounter injured persons while you are trying to get out of danger…
            - And you have children with you, you must place their safety ahead of the injured person. Take note of where the injured person is and report the location as soon as you get to safety.

        - *Hide* – If someone is injured where you are hiding, secure the room before tending to the wounded.

Formatted: Font: 12 pt

- As soon as it is safe to do so, apply first aid using any supplies that are available. If necessary, use articles of clothing as improvised dressing for wounds and apply direct pressure to control bleeding.

- *Fight* – This is always the option of last resort because the probability of injury is highest when you are in close proximity to the assailant. Commit to your plan. Do not stop to tend to the wounded until it is safe to do so.
  - If you're intention is to disrupt the assailant to allow as many people to escape as possible, stick to that plan.
  - If your plan is to incapacitate the assailant, keep fighting until the assailant is incapacitated and the weapon and assailant are under control.

b. Law Enforcement: If you encounter law enforcement officers…
   - Immediately raise your hands in the air and display your open palms.
   - Don't run up to officers or attempt to hug or talk to them.
   - Don't talk unless they ask you a question.
   - Do exactly what they tell you to do.

c. Weapons~~: If~~: If the assailant loses control of a weapon, exercise extreme care when securing it:
   - Do not pick up the weapon. Law enforcement may shoot you if they see you holding a weapon.
   - Secure the weapon by placing an empty trash can over it and sliding it to a location where it can be kept covered and under control until a law enforcement officer can take possession of it.

d. Ongoing Communication~~: (~~: (School and district staff should develop means to safely provide updates to staff to keep them informed during the incident.)

e. School Activities~~: (~~: (School locations must also plan for and train all district / RC staff involved with student activities and extracurricular programs.)

SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

- Follow the ~~All-Staff~~All-Staff guidance described above.
- Call 911 and initiate a **LOCKDOWN** announcement as soon as you can do so safely. Work with nearby staff to do them simultaneously if at all possible.
  - Include as much actionable information on the announcement as possible.
    - *Example "LOCKDOWN, LOCKDOWN, LOCKDOWN. Man with a gun on campus. LOCKDOWN now."*

Formatted: Font: 12 pt

Formatted: Font: 12 pt

Formatted: Font: 12 pt

Formatted: Font: 12 pt

- If you have surveillance capabilities, and can safely provide real time announcements, broadcast continuous and accurate information on the location of the assailant. This will disrupt and distract the assailant. It will also provide people in the resource center with information they can use to better evaluate their options.
  - *Example: "The gunman is now in the D wing headed south. He is armed with a shotgun and is wearing a hooded jacket and blue jeans."*

- Notify the Sorrento Mesa RC~~corporate office~~ after you call 911.
- If possible, assist emergency personnel.
  - Assist police in entering the school;
  - Provide officers with keys, maps and any other information requested.

DISTRICT STAFF ACTIONS

- **Emergency Operations Center (EOC)**
  - Activate the district's Emergency Operations Center
  - Dispatch a back-up ICS team to take over responsibility for ICS functions from RC staff who will be impacted by this emergency.

- **Emergency Area Reunification**
  - The Operations Section should prepare an emergency evacuation area for reunification.
    - This should be at a location large enough to accommodate the evacuation, with parking available for parents coming to get their kids. Movie theater complexes work well for this type of emergency.
    - Once the assailant is neutralized emergency responders will begin to treat and evacuate the wounded.
    - School staff and students will remain in lockdown until evacuated on a room by room basis.
    - Vans should be placed on standby for evacuation.
    - Teams and materials should be mobilized to conduct an orderly reunification in which all students and staff are accounted for.

- **Crisis Intervention**
  - A Mental Health strike team should also be assembled to assist with stabilizing acutely impacted students, staff and parents during reunification.
  - This team will also provide ongoing support throughout the recovery phase of the emergency response.

Formatted: Font: 12 pt

- Psychoeducational materials should also be developed / selected by the Planning Section for distribution to parents and other caregivers to assist them in supporting crisis recovery.
- Mental Health staff should also be involved in plans related to reopening the school following an active shooter / armed assailant event.

EMERGENCY RESPONSE FIRE (Outside Fire/Wildfire)

Formatted: Font: Not Bold, Font color: Accent 1

A fire in an adjoining area, such as a wildland fire, can threaten the school building and endanger the students and staff. Response actions are determined by location and size of the fire, its proximity to the school and the likelihood that it may endanger the school community.

SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

- X Determine if **EVACUATION** of school location is necessary.
- X Contact local fire department (call 911) to determine the correct action for your school location.
- X If necessary, begin evacuation of school location to previously identified safe location using school evacuation plan. If needed, contact van dispatch for **EMERGENCY EVACUATION**.
- X Direct inspection of premises to assure that all students and personnel have left the building.
- X Notify the school district where the school has relocated and post a notice on the RC~~office~~ door stating the temporary new location.
- X Monitor radio station for information.
- X Do not return to the building until it has been inspected and determined safe by proper authorities.

STAFF ACTIONS:

- X If students are to be evacuated, take attendance to be sure all students are present before leaving the building location.
- X Stay calm. Maintain control of the students a safe distance from the fire and firefighting equipment.
- X Take attendance at the assembly area. Report any missing students to the School Administrator/Safety Ambassador and emergency response personnel.
- X Remain with students until the building has been inspected and it has been determined safe to return to.

ADDITIONAL STEPS FOR THE SCHOOL:

FIRE (WILDFIRE)

Formatted: Font: Not Bold, Font color: Accent 1

Should a wildfire endanger the students or staff, it is important to work with the local fire department, act quickly and decisively to prevent injuries and damage to property.

In evolving situations, local authorities may not issue an evacuation warning or order early in the event, only to do so later when the event poses a greater threat. To best ensure the safety of our staff and students, school administrators should work in conjunction with local fire and law enforcement to evaluate these events relative to our school's unique characteristics, such as facility age and construction, transportation dependencies, ingress and egress options and capacity, level of defensible space around our structures, and surrounding topography. It may be best for some resource centers~~/offices~~ to issue an early dismissal and voluntarily evacuate due to unique characteristics and circumstances.

If a wildfire is near our locations, fire personnel may suggest a voluntary evacuation or call for a mandated early dismissal, external evacuation, shelter-in-place or a resource center closure. The Charter Schools have procedures in place for each of these possibilities.

BEFORE

Goals:

1. Coordinate with local fire department to develop procedures that facilitate an effective and efficient wildfire response
2. Develop the capacity of staff to lead students through appropriate response options
3. Prevent the risk of injury to individuals and damage of property from wildfire

Objective(s):

Goal 1 Objectives

a) Coordinate with local fire department to ensure an effective response to a Wildfire
b) Develop procedures for voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and school closure
c) Develop a clear chain of command with staff

Goal 2 Objectives

a) Train staff on the different wildfire response actions: voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and resource center closure

Goal 3 Objectives

a) Store combustible materials in fireproof containers
b) Follow Fire Code and district rules regarding fire prevention

c) Provide fire prevention training to staff

d) Hold Fire Drills
e) Maintain an adequate supply of fire extinguishers
f) Ensure proper maintenance of fire prevention equipment

Courses of Action:

SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

Goal 1 Actions

a) Meet, plan and train with local fire department to ensure an effective response to a Wildfire. Plan for potential voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and resource center closure
b) Develop location specific procedures to engage in a voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and school closure
c) Use the San Diego County "School Protection and Evacuation Plan (SPEP), available on the San Diego County Office of Education website, to develop location specific plans

Goal 2 Actions

a) Provide training to staff on wildfire response actions including: voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and school closure

Goal 3 Actions

a) Provide fire prevention materials to staff and provide a brief fire prevention training at the beginning of the year as part of training on the Comprehensive School Safety Plan
b) Ensure combustible materials are stored in fireproof containers
c) Hold fire extinguisher training for staff
d) Ensure adequate supply of fire extinguishers are appropriately maintained
e) Hold required number of fire drills and vary the situation to improve staff and student response

STAFF ACTIONS

Goal 2 Actions

a) Take fire extinguisher training or read about/watch video on how to use a fire extinguisher
b) Read any fire prevention and wildfire response materials provided by administration

Goal 3 Actions

a) Participate and lead students in fire drills
b) Refrain from bringing unapproved combustible materials (cleaning and other chemicals) onto school
c) Become familiar with and only use Fire Marshall approved fire retardant classroom decorations

DURING

Goals:

1. While coordinating with local fire department/jurisdiction's incident command, protect life and implement appropriate wildfire response actions

Objective(s):

Goal 1 Objectives

a) Conduct appropriate wildfire response actions in a timely manner
b) Conduct accountability procedures in a timely manner
c) Activate school location Incident Command Team, as necessary

Courses of Action:

SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

Goal 1 Actions

a) Work with the Sorrento Mesa RC~~district office~~, local fire department and other responders to determine best course of action
b) Use the "Wildfire Evacuation Decision Tree" following this section.
c) Communicate plan of action to staff and students:
   - voluntary evacuation
   - early dismissal
   - mandatory evacuation
   - shelter-in-place
   - resource center closure

d) Consider the following while implementing response action

- Supplies (have staff bring emergency supplies, especially first aid kits and communication devices)
- Food and water
- Transportation
- Security and Safety
- Communications

e) Contact families to notify of planned course of action

f) Activate school Incident Command Team, as necessary

- Reunification Team

g) Ensure all staff and students are accounted for

h) Ensure that access roads are kept open for emergency vehicles

i) Based on the situation, delegate staff to turn off and unplug any electrical devices left behind and/or have facilities turn off electricity

j) Do not allow staff and students to return to the building until the Fire Department declares that it is safe to do so

Goal 2 Actions

a) Remind staff to close doors when exiting resource centers/~~offices~~

b) Notify appropriate utility company of suspected breaks in utility lines or pipes.

c) Notify fire department of any hazards or vulnerabilities that could hinder their response or cause further damage (chemicals, wires, equipment, etc.)

- Provide SDS sheets of any chemicals on location/in the area of the fire to the fire department upon arrival

d) Notify ~~District Office~~the Sorrento Mesa RC of situation

STAFF ACTIONS:

Goal 1 Actions

a) Follow the directions of the Incident Command to carry out necessary response action: voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and resource center~~/office~~ closure
b) If evacuating or sheltering-in-place, take emergency backpack and student kits
c) Maintain control of the students a safe distance from the fire and firefighting equipment
d) Take attendance. Report missing students to the School Administrator/designee and emergency response personnel
e) Maintain supervision of students until the Fire Department determines it is safe to return to the school building or they are reunified with family
f) Serve in any designated position on the Incident Command Team

Shut resource center ~~or office~~ door after all individuals have exited

Provide information to School Administrator/Safety Ambassador regarding any hazards or vulnerabilities noticed while evacuating (chemicals, exposed wires, equipment that might be hazardous, etc.)

AFTER

Goals:

1. Effectively communicate to all stakeholders
2. Determine response strengths, areas from improvement and steps to improvement

Objective(s):

Goal 1 Objectives

a) Provide information to staff, parents, and students
b) Provide information to the Sorrento Mesa RC~~district office~~

Goal 2 Objectives

a) Conduct After-Action Report process

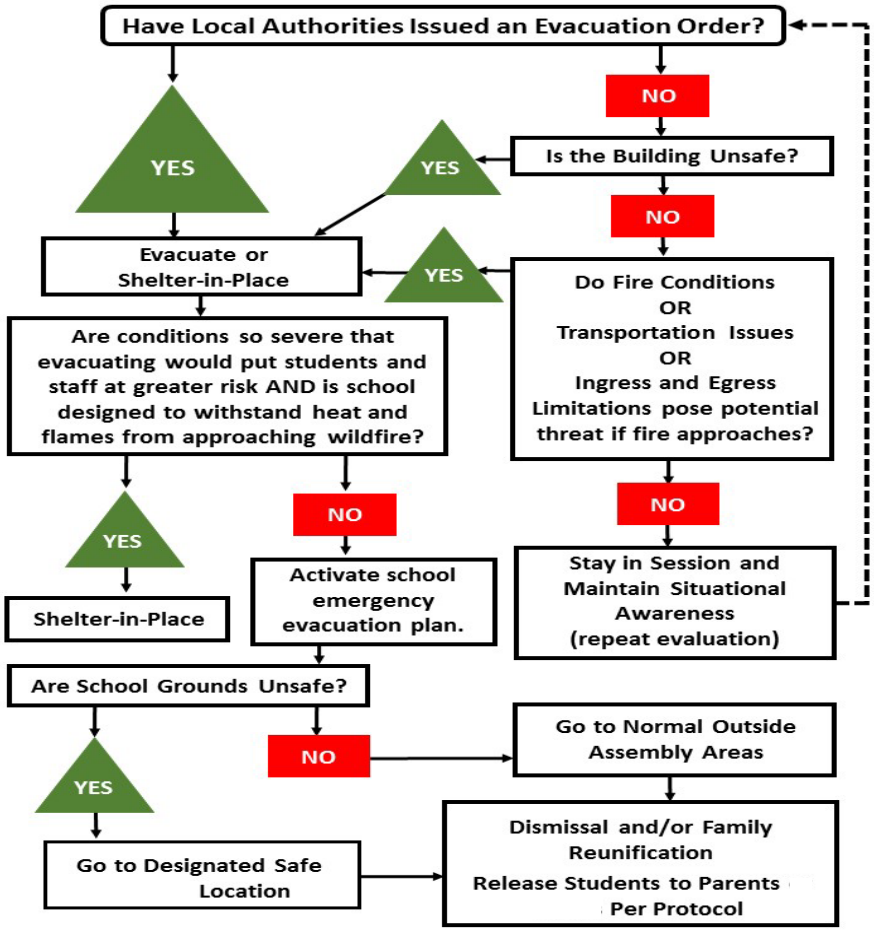
Courses of Action:

SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS

Goal 1 Actions

a) Provide critical information to the Sorrento Mesa RC~~district office~~ in order to develop effective key messages

b) Work with appropriate district department to write messages to inform parents, staff and the community about what happened
c) Work with appropriate district department to draft talking points for phone calls and media requests



Goal 2 Actions
a) Conduct an after-action report process and implement necessary actions for improving future responses
b) Gather stakeholders to debrief and engaged in process to identify strengths and weaknesses (areas for improvement) of response
c) Identify steps to improve future responses
d) Implement steps to improvement

STAFF ACTIONS

Goal 2 Actions
a) Participate in the after-action report process
a) Participate in any determined corrective actions discovered in the after-actions process

WILDFIRE DECISION TREE

EMERGENCY RESPONSE: OPIOID ANTAGONIST-Naloxone Hydrochloride

Formatted: Font: Not Bold, Font color: Accent 1

Pursuant to California Education Code 49414.3, any school districts, county offices of education, and charter schools may provide emergency naloxone hydrochloride or another opioid antagonist to school nurses or trained personnel who have volunteered pursuant to subdivision (d), and school nurses or trained personnel may use naloxone hydrochloride or another opioid antagonist to provide emergency medical aid to persons suffering, or reasonably believed to be suffering, from an opioid overdose.

Audeo Charter School II has established a Staff Naloxone Hydrochloride Emergency Training Plan and Program pursuant to CDE 49414.3 which includes safe and effective management of opioid-related overdoses. This plan is also incorporated into the school emergency preparedness and response plans.

PROCEDURES FOR PREVENTING OPIOID AND FENTANYL USE AND OVERDOSE

Formatted: Font: 14 pt, No underline, Font color: Accent 1

Audeo Charter School II's primary goal in the fight against opioids and fentanyl use is prevention.

Audeo Charter School II will use the following prevention strategies:

- Distribute materials to and/or discuss with students content conducive to preventing drug use/abuse such as, but not limited to:
    - How opioids and fentanyl affect the body's systems.
    - Refusal strategies
    - The signs and symptoms of use/abuse
    - The science of addiction
- Distribute safety advice to families regarding opioid overdose prevention.
- Creating a supportive, safe and orderly environment conducive to learning by regularly assessing school climate and using data to develop goals and objectives to address gaps.
- Providing training to staff on building protective factors in students, as well as recognizing the signs and symptoms of use/abuse.

SIX ESSENTIAL STEPS FOR INDIVIDUALS RESPONDING TO POSSIBLE OVERDOSE

Formatted: Font: Not Bold, Font color: Accent 1

The following was developed from The Department of Health and Human Services, Substance Abuse and Mental Health Services Administration document SAMHSA Opioid Overdose Prevention Toolkit.

Overdose is common among persons who use illicit opioids such as heroin and among those who misuse medications prescribed for pain such as oxycodone, hydrocodone, methadone, buprenorphine, and morphine. The incidence of opioid overdose is rising nationwide. In 2016, more than 42,000 of the drug overdose deaths in the United States involved some type of opioid, including heroin.

To address the problem, emergency medical personnel, health care professionals, school personnel, people who use drugs, and other community members who may witness and respond to an overdose are being trained in the use of the opioid antagonist medication naloxone, which can reverse the potentially fatal respiratory depression caused by opioid overdose. (Note that naloxone has no effect on non-opioid overdoses, such as those involving cocaine, benzodiazepines, or alcohol.

The steps outlined in this section are recommended to reduce the number of deaths resulting from opioid overdoses.

STEP 1: EVALUATE FOR SIGNS OF OPIOID OVERDOSE

Formatted: Font: 14 pt, Not Bold, No underline, Font color: Accent 1

Signs of OVERDOSE, which often results in death if not treated, include:

- Unconsciousness or inability to awaken.
- Slow or shallow breathing or breathing difficulty such as choking sounds or a gurgling/snoring noise from a person who cannot be awakened.
- Fingernails or lips turning blue/purple.

If an opioid overdose is suspected, stimulate the person:Call the person's name, tap the person's shoulders, clap your hands loudly in order to assess for level of consciousness.If this doesn't work, per Department of Health and Human Services (DHHS) recommendation, vigorously grind knuckles into the sternum (the breastbone in middle of chest).

- If the person responds, assess whether he or she can maintain responsiveness and breathing.
- Continue to monitor the person, including breathing and alertness, and try to keep the person awake and alert.
- If the person does not respond, call 911.
- Grab the Opioid Overdose Emergency Kit and Automatic External Defibrillator (AED).
- Provide rescue breathing if the person is not breathing on their own and administer one dose of naloxone.
- For students, instruct staff member to contact the parent/guardian or emergency contact on file.

STEP 2: CALL 911 FOR HELP

Formatted: Font: 14 pt, Not Bold, No underline, Font color: Accent 1

AN OPIOID OVERDOSE NEEDS IMMEDIATE MEDICAL ATTENTION.

Formatted: Font: Not Bold, Font color: Accent 1

Formatted: Font: Not Bold

An essential step is to get someone with medical expertise to see the person as soon as possible. If no emergency medical services (EMS) or other trained personnel is on the scene, activate the 911 emergency system immediately. All you have to say is "Someone is unresponsive and not breathing." Be sure to give a specific address and/or description of your location. After calling 911, follow the dispatcher's instructions. If appropriate, the 911 operator will instruct you to begin CPR (technique based on rescuer's level of training).

STEP 3: ADMINISTER NALOXONE

Formatted: Font: 14 pt, Not Bold, No underline, Font color: Accent 1

Formatted: Font: Arial

If the person overdosing does not respond within 2 to 3 minutes after administering a dose of naloxone, administer a second dose of naloxone.

Naloxone should be administered to anyone who presents with signs of opioid overdose or when opioid overdose is suspected. Naloxone is approved by the Food and Drug Administration (FDA) and has been used for decades by EMS personnel to reverse opioid overdose and resuscitate individuals who have overdosed on opioids. Research has shown that women, older people, and those without obvious signs of opioid use disorder are undertreated with naloxone and, as a result, have a higher death rate. Therefore, it is also important to consider naloxone administration in women and the elderly found unresponsive with opioid overdose.

Naloxone can be given by intranasal spray and by intramuscular (into the muscle), subcutaneous (under the skin), or intravenous injection.

Audeo Charter School II **uses intranasal spray.**

Formatted: Font color: Accent 1

All naloxone products are effective in reversing opioid overdose, including fentanyl-involved opioid overdoses, although overdoses involving potent (e.g., fentanyl) or large quantities of opioids may require more doses of naloxone.

DURATION OF EFFECT. The duration of effect of naloxone depends on dose, route of administration, and overdose symptoms and is shorter than the effects of some opioids. The goal of naloxone therapy should be to restore adequate spontaneous breathing, but not necessarily complete arousal.

Formatted: Font: Not Bold, Font color: Accent 1

More than one dose of naloxone may be needed to revive someone who is overdosing. People who have taken longer acting or more potent opioids may require additional intravenous bolus doses or an infusion of naloxone.

Comfort the person being treated, as withdrawal triggered by naloxone can feel unpleasant. Some people may become agitated or confused, which may improve by providing reassurance and explaining what is happening.

SAFETY OF NALOXONE. The safety profile of naloxone is remarkably high, especially when used in low doses and titrated to effect. When given to individuals who are not opioid intoxicated or opioid dependent, naloxone produces no clinical effects, even at high doses. Moreover, although rapid opioid withdrawal in opioid-tolerant individuals may be unpleasant, it is not life threatening.

Formatted: Font: Not Bold, Font color: Accent 1

Naloxone can be used in life-threatening opioid overdose circumstances in pregnant women.

The FDA has approved an injectable naloxone, an intranasal naloxone, and a naloxone auto-injector as emergency treatments for opioid overdose. People receiving naloxone kits that include a syringe and naloxone ampules or vials should receive brief training on how to assemble and administer the naloxone to the victim. The nasal spray is a prefilled, needle-free device that requires no assembly and that can deliver a single dose into one nostril. The auto-injector is injected into the outer thigh to deliver naloxone to the muscle (intramuscular) or under the skin (subcutaneous). Once turned on, the currently available device provides verbal instruction to the user describing how to deliver the medication, similar to automated defibrillators. Both the nasal spray and naloxone auto-injector are packaged in a carton containing two doses to allow for repeat dosing if needed.

FENTANYL-INVOLVED OVERDOSES. Suspected opioid overdoses, including suspected fentanyl-involved overdoses, should be treated according to standard protocols. However, because of the higher potency of fentanyl and fentanyl analogs compared to that of heroin, multiple doses of

Formatted: Font: Not Bold, Font color: Accent 1

naloxone may be required to reverse the opioid-induced respiratory depression from a fentanyl-involved overdose.

Many anecdotes report more rapid respiratory depression with fentanyl than with heroin, although other reports do not reflect such rapid depression.

Because of these effects, quicker oxygenation efforts and naloxone delivery may be warranted with fentanyl-involved overdoses compared with heroin-only overdoses. However, naloxone is an appropriate response for all opioid overdoses, including fentanyl-involved overdoses.

STEP 4: SUPPORT THE PERSON'S BREATHING

Formatted: Font: 14 pt, Not Bold, No underline, Font color: Accent 1

Formatted: Font: Arial

Ventilatory support is an important intervention and may be lifesaving on its own. Rescue breathing can be very effective in supporting respiration, and chest compressions can provide ventilatory support.

Rescue breathing for adults involves the following steps:

- Be sure the person's airway is clear (check that nothing inside the person's mouth or throat is blocking the airway).
- Place one hand on the person's chin, tilt the head back, and pinch the nose closed.
- Place your mouth over the person's mouth to make a seal and give two slow breaths.
- Watch for the person's chest (but not the stomach) to rise.
- Follow up with one breath every 5 seconds.

Chest compressions for adults involve the following steps:

- Place the person on his or her back.
- Press hard and fast on the center of the chest.
- Keep your arms extended.

STEP 5: MONITOR THE PERSON'S RESPONSE

Formatted: Font: 14 pt, Not Bold, No underline, Font color: Accent 1

Formatted: Font: Arial

All people should be monitored for recurrence of signs and symptoms of opioid toxicity for at least 4 hours from the last dose of naloxone or discontinuation of the naloxone infusion. People who have overdosed on long-acting opioids should have more prolonged monitoring.

Most people respond by returning to spontaneous breathing. The response generally occurs within 2 to 3 minutes of naloxone administration. (Continue resuscitation while waiting for the naloxone to take effect.)
Because naloxone has a relatively short duration of effect, overdose symptoms may return. Therefore, it is essential to get the person to an emergency department or other source of medical care as quickly as possible, even if the person revives after the initial dose of naloxone and seems to feel better.

SIGNS OF OPIOID WITHDRAWAL. The signs and symptoms of opioid withdrawal in an individual who is physically dependent on opioids may include body aches, diarrhea, tachycardia, fever, runny nose, sneezing, piloerection (gooseflesh), sweating, yawning, nausea or vomiting, nervousness, restlessness or irritability, shivering or trembling, abdominal cramps, weakness, tearing, insomnia, opioid craving, dilated pupils, and increased blood pressure. These symptoms are uncomfortable, but not life threatening. After an overdose, a person dependent on opioids should be medically monitored for safety and offered assistance to get into treatment for opioid use disorder.

Formatted: Font: Not Bold, Font color: Accent 1

If a person does not respond to naloxone, an alternative explanation for the clinical symptoms should be considered. The most likely explanation is that the person is not overdosing on an opioid but rather some other substance or may be experiencing a non-overdose medical emergency.

In all cases, support of ventilation, oxygenation, and blood pressure should be sufficient to prevent the complications of opioid overdose and should be given priority if the response to naloxone is not prompt.

DO'S AND DON'TS WHEN RESPONDING TO OPIOID OVERDOSE

- DO attend to the person's breathing and cardiovascular support needs by administering oxygen or performing rescue breathing and/or chest compressions.
- DO administer naloxone and utilize a second dose, if no response to the first dose.
- DO put the person in the "recovery position" on the side, if you must leave the person unattended for any reason.
- DO stay with the person and keep the person warm.
- DON'T slap or forcefully try to stimulate the person; it will only cause further injury. If you cannot wake the person by shouting, rubbing your knuckles on the sternum (center of the chest or rib cage), or light pinching, the person may be unconscious.
- DON'T put the person into a cold bath or shower. This increases the risk of falling, drowning, or going into shock.
- DON'T inject the person with any substance (e.g., saltwater, milk, stimulants). The only safe and appropriate treatment is naloxone.
- DON'T try to make the person vomit drugs that may have been swallowed. Choking or inhaling vomit into the lungs can cause a fatal injury.
- NOTE: All naloxone products have an expiration date, so it is important to check the expiration date and obtain replacement naloxone as needed.

STEP 6: ADDITIONAL SUPPORT

- Have the individual transported to the nearest medical facility, even if symptoms seem to get better.
- Debrief with students and staff present and assess further needs for support.
- Complete an Accident Report Form.

  Follow up with assigned school nurse for additional support.

SUSPENSION AND EXPULSION POLICY AND PROCEDURES

~~SUSPENSION AND EXPULSION POLICY~~

3110

Suspension ~~/~~and Expulsion Policy and Procedures

Amended: May 5, 2009,* February 16, 2022, *December 7, 2022, June 22, 2023, February 28, 2024, June 26,2024, February 27, 2025

This Student Suspension and Expulsion Policy and Procedures has been established by the Board of Directors of Altus Schools Southern California in order to promote learning and protect the safety and well-being of all students at the following schools: Altus Schools Coachella Valley, Altus Schools East County, Altus Schools Mirus, Altus Schools North County, Altus Schools South Bay, Audeo Charter School II, and Audeo Valley Charter School~~Audeo II, Audeo III, Audeo Valley Charter School, Altus Schools East County , Mirus Secondary School and Altus Schools South Bay~~, (hereinafter collectively referred to as "Charter School").

In adopting this policy, the Charter School has reviewed Education Code Section 48900 *et seq.* which describe the offenses for which students at noncharter schools may be suspended or expelled and the procedures governing those suspensions and expulsions in order to establish its list of offenses and procedures for suspensions, expulsions and involuntary removal. The language that follows is largely consistent with the language of Education Code Section 48900 *et seq.* The Charter School is committed to annual review of policies and procedures surrounding suspensions, expulsions, and involuntary removals, and, as necessary, modification of the lists of offenses for which students are subject to suspension, expulsion, or involuntary removal.

Consistent with this Policy, it may be necessary to suspend or expel a student from regular classroom instruction. This shall serve as the Charter School's P~~p~~olicy and P~~p~~rocedures for student suspension, expulsion, and involuntary removal, and it may be amended from time to time without the need to seek a material revision of the charter so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary policies and procedures fairly and consistently among all students. This P~~p~~olicy and its P~~p~~rocedures will be printed and distributed annually as part of the Student Handbook which will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of the policy, corporal punishment does not include an employee's use of

force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

The Charter School administration shall ensure that students and their parents/guardians[1] are notified in writing upon enrollment of all discipline and involuntary removal policies and procedures. The notice shall state that ~~the~~ this P~~p~~olicy and its P~~p~~rocedures are available up ~~o~~n request ~~a~~to the ~~School Coordinator's~~ School Administrator ~~office~~. Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") will be subject to the same grounds for suspension and expulsion and will be accorded the same due process procedures applicable to general education students except when federal and state law requires additional or different procedures. The Charter School will follow all applicable federal and state laws including but not limited to the applicable provisions of the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian , and shall inform the student, and the student's parent/guardian, of the basis for which the student is being involuntarily removed and the student's parent/guardian's, right to request a hearing to challenge the involuntary removal. If a student's parent/ guardian requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent/ guardian requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein,

[1] The Charter School shall ensure that a homeless child or youth's educational rights holder; a foster child or youth's educational rights holder, attorney, and county social worker; and an Indian child's tribal social worker and, if applicable, county social worker have the same rights as a parent or guardian to receive a suspension notice, expulsion notice, manifestation determination notice, involuntary transfer notice, involuntary removal notice, and other documents and related information. For purposes of this Policy and its Procedures, the term "parent/guardian" shall include these parties.

1. Conference

Suspension shall be preceded, if possible, by a conference conducted by the ~~School Coordinator~~ School Administrator or designee with the student and ~~his or her~~the student's parent/guardian and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the ~~School Coordinator~~ School Administrator or designee.

The conference may be omitted if the ~~School Coordinator~~ School Administrator or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against ~~him or her~~the student and shall be given the opportunity to present ~~his or her~~their version and evidence in ~~his or her~~their defense, in accordance with Education Code Section 47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. ~~No penalties may~~Penalties shall not be imposed on a student for failure of the student's parent or guardian to attend a conference with Charter School officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent or guardian at the conference.

2. Notice to Parents/Guardians

At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone, by email, or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student as well as~~. In addition, the notice may also state~~ the date and time when the student may return to school following the suspension. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Expulsion

~~Coordinator~~ School Administrator or designee, the student and the student's parent/guardian ~~will~~ shall be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student ~~or~~ and the student's parent/guardian, unless the student and the student's parent/guardian fail to attend the conference.

This determination will be made by the ~~Schoo~~l ~~Coordinator~~ School Administrator or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

4. Homework Assignments During Suspension

In accordance with Education Code Section 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

In accordance with Education Code Section 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

D. Authority to Expel

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled either by the neutral and impartial ~~Audeo~~ ASSC Board of Directors following a hearing before it, or by the neutral and impartial ~~Audeo~~ ASSC Board of Directors upon the recommendation of a neutral and impartial Administrative Panel to be assigned by the Board of Directors as needed. The Administrative Panel should consist of at least three members who are certificated and neither a teacher of the student nor a member of the ~~Audeo~~ ASSC Board of Directors. Each entity shall be presided over by a designated neutral hearing chairperson. The

Administrative Panel may recommend expulsion of any student found to have committed an expellable offense, and the Board of Directors shall make the final determination.

E. Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the ~~School Coordinator~~ School Administrator or designee determines that the student has committed an expellable offense and recommends the student for expulsion. In the event an Administrative Panel hears the case, it will make a recommendation to the ~~Audeo~~ ASSC Board of Directors for a final decision whether to expel. The hearing shall be held in ~~closed session~~confidential setting (complying with all student confidentiality rules under the Family Educational Rights and Privacy Act (FERPA) unless the student makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian via email or other means at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing;
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based;
3. A copy of the Charter School 's disciplinary rules which relate to the alleged violation;
4. ~~4.~~ Notification of the student's or parent/guardian's obligation to provide information about the student's status at Charter School to any other school district or school to which the student seeks enrollment;
5. ~~4.~~ An explanation of ~~T~~the opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;
6. An explanation of ~~T~~the right to inspect and obtain copies of all documents to be used at the hearing;
7. An explanation of ~~T~~the opportunity to confront and question all witnesses who testify at the hearing;
8. An explanation of ~~T~~the opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

F. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

The Charter School may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five ~~calendar~~ days' notice of their scheduled testimony, (b) have up to two (2) adult support persons of their choosing present in the hearing at the time the ~~complaint~~ complaining witness testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.

2. The Charter School must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.

3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which ~~he or she~~the complaining witness may leave the hearing room.

~~4.~~ The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.

~~5.~~4. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.

~~6.~~5. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing

from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany the complaining witness to the witness stand.

~~7.~~6. If one or both of the support persons is also a witness, the Charter School must present evidence that the witness' presence is both desired by the witness and will be helpful to the Charter School . The ~~person~~ entity presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising ~~his or her~~their discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.

~~8.~~7. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.

~~9.~~8. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the student being expelled, the complaining witness shall have the right to have their testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.

~~10.~~ Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstance can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall

be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

G. Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

H. Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Board or Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

I. Expulsion Decision

The ~~decision~~ determination of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board ~~who~~ which will make a final determination regarding the expulsion. The Board of Directors shall make the final ~~decision~~ determination regarding the expulsion ~~by the Board shall be made~~ within ten (10) school days following the conclusion of the hearing or as soon as practical. The decision of the Board is final. If the Administrative Panel decides not to recommend expulsion, or the Board of Directors ultimately decides not to expel, the student shall immediately be returned to their previous educational program.

The Board of Directors may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Board. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Board of Directors may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Board revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Board of Directors shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Board of Directors shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein.

J. Written Notice to Expel

The ~~School Coordinator~~ School Administrator or designee following a decision of the Board to expel shall send written notice of the decision to expel, including the Board's adopted findings of fact, to the student ~~or~~ and parent/guardian. This notice shall also include the following: a) Notice of the specific offense committed by the student; and b) Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the Charter School~~.~~.

The ~~School Coordinator~~ School Administrator or designee shall send a copy of the written notice of the decision to expel to the ~~authorizer~~student's district of residence. This notice shall include the following: a) The student's name; and b) The specific expellable offense committed by the student.

K. Disciplinary Records

Charter School shall maintain records of all student suspensions and expulsions at the Charter School.~~.~~
Such records shall be made available to the authorizer upon request.

The student shall have no right of appeal from expulsion from Charter School as the ~~Audeo~~ ASSC Board of Directors' decision to expel shall be final.

M. Expelled Students/Alternative Education

Students who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence. Charter School shall work cooperatively with parents/guardians as requested by parents/guardians or by the school district of residence to assist with locating alternative placements during expulsion.

N. Rehabilitation Plans

Students who are expelled from the Charter School shall be given a rehabilitation plan upon expulsion as developed by the Board of Directors at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the student may reapply to Charter School for readmission.

O. Readmission or Admission of Previously Expelled Students

The decision to readmit a student after the end of the student's expulsion term or to admit a previously expelled student from another school district or charter school who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board following a meeting with the ~~School Coordinator~~ School Administrator or designee and the student and parent/guardian or representative to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school environment. ~~The School Coordinator~~ The School Administrator or designee shall make a recommendation to the Board of Directors following the meeting regarding ~~his or her~~their determination. The Board shall then make a final decision regarding readmission or admission of the student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the

requirements of the Brown Act. The student's readmission is also contingent upon the Charter School 's capacity at the time the student seeks readmission or admission to the Charter School.

P. Notice to Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

Q. ~~Involuntary Removal for Truancy~~Removal Due to Noncompliance with Independent Study Requirements

In accordance with Education Code Section 51747 and the Charter School's Board policy on independent study, after two (2) missed assignments, an evaluation is held to determine whether it is in the best interest of the student to remain in independent study. If it is determined that it is not in the student's best interest to remain in independent study, the Charter School may involuntarily remove the student after the Charter School follows the requirements of the Missed Assignment Policy and only after providing notice and an opportunity for a parent, guardian, educational rights holder to request a hearing prior to any involuntary removal as forth herein. Students who are involuntarily removed for ~~truancy~~ noncompliance shall be given a rehabilitation plan and shall be subject to the readmission procedures set forth herein.]

R. Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities

1. Notification of SELPA

The Charter School shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student that Charter School or the SELPA would be deemed to have knowledge that the student had a disability.

2. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim ~~alterative~~alternative educational setting.

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, Charter School , the parent/guardian, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents/guardian to determine:

a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or

b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If the Charter School, the parent/guardian, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If the Charter School, the parent/guardian, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

c. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
d. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
e. Return the child to the placement from which the child was removed, unless the parent/guardian and Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If the Charter School , the parent/guardian, and relevant members of the IEP/504 team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent/guardian of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 USC Section 1415(k), until the expiration of the forty-five (45) daytime period provided for in an interim alternative educational setting, unless the Parent/guardian and Charter School agree otherwise.

In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, the parent/guardian or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

5.Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The ~~School Coordinator~~ School Administrator or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

a. Carries or possesses a weapon, as defined in 18 USC 930, to or at school, on school premises, or to or at a school function;
b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated the Charter School 's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the Charter School had knowledge that the student was disabled before the behavior occurred.

Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
b. The parent/guardian has requested an evaluation of the child.
c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If the Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If the Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. The Charter School shall conduct an expedited evaluation if requested by the parents; however the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.

Notification to Staff of Dangerous Students

Formatted: Font: Not Bold, No underline, Font color: Accent 1

a. The administration will inform the Administrator of Instructional Services of information received from the court and the Probation Department. The Audeo Charter School II Administrator of Instructional Services shall disseminate the information to those teachers directly supervising or reporting on the behavior or progress of the student for the purpose of working with the student in an appropriate fashion, to avoid being needlessly vulnerable or to protect other persons from needless vulnerability.

b. Any information received by a teacher and administrator shall be confidential for the limited purpose of rehabilitating the student and protecting students and staff, and shall not be disseminated further by the teacher, counselor, or administrator except insofar as communication with the student, his/her parents/guardians, law enforcement personnel, and the student's probation officer is necessary to effectuate the student's rehabilitation or to protect students and staff. Unlawful dissemination of such information is a misdemeanor.

c. Any information received from the court shall be kept in a separate confidential file at the school of attendance and shall be transferred to the student's subsequent schools of attendance and maintained until the student graduates from high school, is released from juvenile court jurisdiction, or reaches the age of 18, whichever occurs first.

d. After the student graduates from high school, is released from juvenile court jurisdiction, or reaches the age of 18, the confidential record shall be destroyed.

Anti-Discrimination and Harassment Policy

Formatted: Font: Not Bold, No underline, Font color: Accent 1

Audeo Charter School II is committed to equal opportunity for all individuals in education. School programs and activities shall be free from discrimination based on sex, race, color, religion, sexual orientation, national origin, physical or mental disability or any other unlawful consideration. Audeo Charter School II shall promote programs which ensure that discriminatory practices are eliminated in all school activities and will take steps to assure that the lack of English language proficiency will not be a barrier to admission and participation in school programs.

Any student who engages in discrimination of another student or anyone from Audeo Charter School II may be subject to disciplinary action up to and including expulsion. Any employee who permits or engages in discrimination may be subject to disciplinary action up to and including dismissal.

Any student or parent who feels that discrimination has occurred should immediately contact a teacher or the Administrator of Instructional Services at (858) 678-2056 for resolution. If not resolved, contact: The Board President, 10170 Huennekens Street, San Diego, CA 92121; (858) 678-2050.

School-Wide Dress Code

Formatted: Font: Not Bold, No underline, Font color: Accent 1

In order to establish and maintain a safe and productive environment, students are expected to wear appropriate clothing and footwear to school. Students who are not wearing appropriate clothing, parents/guardians will be notified, and students will be asked to change or sent home. Unacceptable dress includes, in part, the following:

- Pants sagging below the waist
- Beachwear or sleepwear, including bedroom slippers
- Shorts/skirts that are above mid-thigh
- Tube tops, backless shirts, see-through garments, shirts that show the midriff, muscle tank tops, and clothing that would be considered revealing and/or a distraction to the learning environment
- Visible undergarments (including boxer shorts, bras, etc.)
- Clothing that promotes alcohol, drugs, tobacco, or other controlled substances
- Clothing that uses vulgar/profane language and/or images
- Head coverings such as, hats, bandanas, beanies, or do-rags

~~Loitering Law Compliance~~LOITERING LAW COMPLIANCE

AUDEO CHARTER SCHOOL II~~Audeo Charter School II~~

SY ~~2024~~2025-~~2025~~2026

Daytime Loitering of Students in Public Places on School Days

Students who are subject to compulsory education must comply with the daytime loitering laws of their community. General guidelines are below, however, may differ slightly among communities.

- On days and times when schools are open (generally between 8:30 a.m. and 2:30 p.m.) students are not permitted to be in a public place unless accompanied by a parent or responsible adult guardian.
- On scheduled school days, students may travel to and from school without parental or guardian accompaniment.
- Students who do not comply with the local ordinances may be issued a citation or be subject to more severe consequences if multiple violations occur.

Responsibility of parents, guardians, etc.

It is unlawful for the parent, guardian or other adult person having the care and custody of a juvenile to knowingly permit or by insufficient control allow the juvenile to be in violation local loitering laws.

Law Enforcement Procedures *may include*:

- Upon violation of the loitering ordinance, a peace officer may issue a citation to the juvenile and may transport the juvenile home or to the school from which the juvenile is absent. If cited, the juvenile and a parent may appear in court as directed in the citation. The parents will be warned of their responsibility and liability as the juvenile's parents/guardians.
- If a parent/guardian has been previously warned, a peace officer may issue a citation for an infraction to the parent/guardian to appear in court.
- When a parent/guardian has previously been issued a citation for an infraction, upon any subsequent violation by a parent, a peace office may issue a citation for a misdemeanor to the parent to appear in court.

Going to and From School Safely

Formatted: Font: Not Bold, No underline, Font color: Accent 1

Everyday millions of children take to the streets and roadways to get to and from school. They walk, ride their bicycles, take buses, and arrive in vehicles with one purpose — getting to and from school safely. It is important for Audeo Charter School II students to understand safety guidelines and tips to follow to ensure their safety to and from the resource center. The following safety tips are reviewed annually with Audeo Charter School II students and parents to help prepare all Audeo Charter School II students for a safer journey.

1. Every Audeo Charter School II student will have a set schedule for arrival and departure from the resource center. When a student fails to arrive for his appointment, and has not notified the school or the absence, his or her teacher will call home to ensure the student is safe.

2. Every student, parent and guest are required to sign-in and out each time he/she arrives and departs the resource center. Students, parents, and guests will have designated staff members to sign-in and out with.

3. All students will be given an official school issued photo identification card annually. Students will be required to keep the identification card on their person each time they travel to and from the resource center.

4. Students will be encouraged to always TAKE A FRIEND when walking or riding his or her bike to and from the resource center. Students should walk and ride in well-lit areas, and never take shortcuts. When walking and biking students should stay aware of their surroundings and observe all traffic rules in place to more safely share the roads and sidewalks with others.

5. Parents will be encouraged to walk the route to and from school with their children pointing out landmarks and safe places to go if they're being followed or need help. Making a map with their students and showing acceptable routes to the resource center, using main roads, and avoiding shortcuts and isolated areas is encouraged. A map will be a good guide for students who may need help finding their way.

6. If a student takes public transportation (i.e. city bus) to and from the resource center, parents will be encouraged to visit the bus stop with their student and learn the bus number. This will avoid confusion for the student about knowing which bus to ride.

7. In the event anyone bothers a student while going to or from the resource center, students will be taught to get away from that person, and **TELL** a school staff member, parent, or another trusted adult. If an adult approaches a student for help or directions, students will be trained that grownups needing help should not ask children for help; they should ask other adults.

8. Students will be directed that if anyone they don't know or a person who confuses, scares, or makes them feel uncomfortable offers a ride, say NO. Students should never hitchhike. Also, students should never accept a ride from anyone unless a parent has told them it is OK to do so in each instance.

9. Students will be directed that if anyone follows them on foot to get away from him or her as quickly as possible. If anyone follows them in a vehicle they should turn around, go in the other direction, and try to quickly get to a spot where a trusted adult may help them. Students will be advised to **TELL** a school staff member, parent, or another trusted adult what happened.

10. Students will be taught that if anyone tries to take them somewhere, they should quickly get away and yell, "This person is trying to take me away" or "This person is not my father/mother/guardian." If anyone tries to grab them, they will be taught to make a scene and every effort to get away by kicking, screaming, and resisting.

11. Students will be taught to never leave the resource center with anyone they don't know. They should always **CHECK FIRST** with a school staff member, parent, or another trusted adult. If anyone tells them there is an emergency and they want the student to go with them, the students should always **CHECK FIRST** before doing anything. Students will be taught to make sure they understand to **TELL** a trusted adult if they notice anyone they don't know hanging around the resource center.

12. Parents are encouraged to practice these safety tips with their student to make certain they really know and understand them. Make the walk to and from school a "teachable moment" and chance to put their skills to the test.

Safe Ingress and Egress Procedures

Formatted: Font: Not Bold, No underline, Font color: Accent 1

All Audeo Charter School II staff and students shall review RC evacuation procedures including primary/alternate routes and assembly areas, assigned responsibilities, and actions to take as posted at the RC. If there is a need for evacuation from the RC, the following procedures are as follows:

- Students and staff calmly evacuate the building to designated assembly area (alternate route if primary area is closed) as displayed on posted RC evacuation plan
- Designated staff take along emergency release binder, class sign-in sheets, emergency materials specified in disaster preparedness plan
- Using class sign-sheets, staff verifies presence of all students and staff
- Staff contacts appropriate emergency units
- Staff keeps students in assembly area until further instructions are received from the EOT. No one shall reenter the building for any reason until official ALL CLEAR signal is given
- Once the ALL CLEAR is given, the Administrator of Instructional Services or designee reenters building to ensure that it is safe and secure
- Staff and students reenter building and resume instructional/administrative activities

If the building is not safe to reenter, the reunification procedures are required:

- Staff will notify parent/guardians regarding emergency situation and procedures for verification and release of students
- When parent/guardian or designee arrives, staff will verify identity of parent/guardian or designee based on emergency release forms
- Parent/Guardian will sign form verifying that student is being released to them
- Staff will maintain documentation to ensure accountability of all students

Ensuring a Safe and Orderly Environment

Formatted: Font: Not Bold, No underline, Font color: Accent 1

Audeo Charter School II is and will remain a safe place for students and adults.

Formatted: Font: Not Bold, Font color: Accent 1

Audeo Charter School II staff believes that a positive climate is required if effective teaching and learning is to take place. We expect students, assisted by their parents, to meet the appointments agreed to on the Master Agreement. We expect students to complete high-quality work at the rate of one credit per month. We will make every effort to keep parents informed about the student's progress and behavior.

Discipline Procedures

Formatted: Font: Not Bold, No underline, Font color: Accent 1

All parents and students are asked to carefully read and sign the positive school discipline plan upon enrolling:

SCHOOL RULES/DISCIPLINE

Formatted: Font: Not Bold, Font color: Accent 1

Formatted: Font: Not Bold

- Attend school according to the schedule on the master agreement, arrive on time and return directly home after each weekly appointment.
- Complete ALL assignments as scheduled.
- Respect the authority of ALL ADULTS at Audeo Charter School II.

SEVERE CLAUSE BYPASSES

Formatted: Font: Not Bold, Font color: Accent 1

A majority of students at Audeo Charter School II will maintain acceptable standards, but a small percentage will find it difficult to follow our procedures. The following offenses will require immediate action:

Fighting/open rebellion	Possession or use of drugs or alcohol
Defiance/unprovoked attack	Smoking
Stealing	Vandalism
Profanity, Vulgarity, or Obscene Acts	Severely inappropriate behavior

PARENT RESPONSIBILITIES

Formatted: Font: Not Bold, Font color: Accent 1

Attendance

- Ensure that students get to their scheduled weekly appointment on time. Contact teacher if this is not possible to arrange an alternate time.
- Follow up to make sure your student is doing high quality work according to scheduled dates.
- Arrange for your student to attend appropriate tutoring sessions, seminars and field trips.
- Meet with staff when requested.

PARENTS' ROLE IN DISCIPLINE AND BEHAVIOR

Formatted: Font: Not Bold, Font color: Accent 1

Parents are expected to cooperate with school staff in maintaining and encouraging proper standards of behavior for their children. The following points may prove helpful:

- Instill in your child a sense of responsibility for what he/she says and does.
- Help him/her to solve conflicts in a peaceful manner.
- Review your own attitude about discipline and behavior.
- Make sure you communicate with the school to learn necessary facts and expected behavior.
- As a role model for your child, show respect for learning and the necessity for completing an education.

Child Abuse Reporting Procedures

Formatted: Font: Not Bold, No underline, Font color: Accent 1

All Audeo Charter School II certificated teachers, classified employees, and administrators are required to report suspected child abuse. An in-service, which provides awareness and training, will be given annually to Audeo Charter School II employees.

As stated in the California Penal Code, Section 11164-11174.3, "Mandated reporters shall make an initial report to the agency immediately or as soon as is practicably possible by telephone and the mandated reporter shall prepare and send, fax, or electronically submit a written follow-up report thereof within 36 hours of receiving the information concerning the incident."

A report may be done for any reason. The criterion is that a **reasonable** suspicion of an abuse/neglect situation either has occurred and/or exists. Each staff member is a mandated reporter. A report may not receive immediate action if it is a non-emergency situation. However, it will add to the documentation should other events occur.

Discuss **ALL** situations at the time of occurrence with the Administrator of Instructional Services or designee.

If it is unsafe for the student to leave/go home, please call the local police department for further assistance and instructions.

If the staff and/or student(s) are threatened or in danger, call 911 immediately.

Emergency Notification Information

Formatted: Font: Not Bold, No underline, Font color: Accent 1

Often, the first action to occur as an emergency incident is unfolding is the need to alert or warn others. The primary or alternate Incident Commander should notify the Police. Once notified, the Police will begin dispatching public safety services to assist the Incident Commander, pursuant to their procedures.

The very next action to occur is the need to alert or warn school staff. Methods for notifying staff include: Telephone – Landline and/or cellular, Radio, Runners – staff and/or students, or Handheld Air Horns or Bull Horns.

The method utilized will depend upon the circumstances of the emergency and the resources available at this RC.

The police will conduct an initial assessment based on available information. The police will advise the Incident Commander of the recommended actions to be taken.

As services are being dispatched to assist, the Incident Commander will begin to gather and direct resources as necessary to address the emergency or disaster at hand. The following external and internal contacts may be of assistance:

Emergency Resource Information

Emergency Disaster Kit

This resource center maintains one kit. The kit(s) are located: Janitorial Closet

The Emergency Disaster Kit stores necessary resources for an RC incident command. This kit should not be confused with the Crisis Response Box, which is carried out of the RC to a Public Safety Incident Command Post. School personnel should use the items contained within the kit to manage their incident command. The following equipment and supplies are stored inside the Emergency Disaster Kit:

- ☑ Handheld Air Horns – recommend a minimum of five (Incident Commander & Chiefs)
- ☑ Bull Horn – recommend a minimum of one
- ☑ Batteries – recommend a minimum of two sets for bull horn, flashlights, emergency radios and walkie- talkies)
- ☑ Flashlights – recommend one per Incident Command Team member (17) (Search & Rescue Team and First Aid and Medical Team requirements listed separately.
- ☑ Walkie-Talkies – recommend a minimum of five (Incident Commander & Chiefs)
- ☑ Duct Tape – recommend a minimum of two rolls used for marking blank vests.
- ☑ Rosters - recommend a minimum of one set per room sorted by alphabet
- ☑ Steno Pads (5x7) – recommend one per Incident Command Team member (17)
- ☑ Pencils & Pens - recommend one each per Incident Command Team member (34)
- ☑ Copies of Forms
- ☑ Chalk - recommend twenty-five sticks, red in color
- ☑ 3x5 Cards – recommend one hundred
- ☑ Department or Placards
- ☑ First Aid & Medical Team Supplies
- ☑ Search and Rescue Team Supplies
- ☑ Vests for Key Personnel – recommend a total of 17 for Incident Command Team members

All Emergency Disaster Kits and their contents are the responsibility of the Incident Commander. The Incident Commander will conduct annual inspections in October of each year. The responsibility to inspect and replace non-operating equipment and supplies belongs to the RC. The responsibility to delegate the transport the Emergency Disaster Kit to an activated RC Command Post belongs to the following individuals:

Primary: **Incident Commander**
Alternate: **Operations Chief**

Crisis Response Boxes

Formatted: Font: Not Bold, No underline, Font color: Accent 1

This resource center maintains 1 Crisis Response Box.

Formatted: Font color: Accent 1

The Crisis Response Boxes are located: Janitorial Closet and each Safety Team Member

Formatted: Font color: Accent 1

The Crisis Response Boxes are file folder-type boxes. The boxes are clearly labeled and contain vital information needed by the Incident Command Team and Public Safety Incident Commander (in the event a public safety incident command post is established). The following information is stored inside each box:

- ☑ Current copy of the Emergency Plan which should include RC evacuation procedures, including staging locations. Also included should be an aerial photo including all **new** structures, electric, gas, water cable, telephone, intrusion and fire alarm shutoffs, resource center numbers, gate openings for vehicles/pedestrians and all fire hydrants that have been added to accommodate these new structures.
- ☑ Current map of resource center layout. Map must show **all** buildings, RC numbers, and evacuation routes.
- ☑ Most current blueprint (architectural drawings).
- ☑ Current roster of students and staff assigned to the RC, as well as issues pertaining to special needs students. These rosters will be in alphabetical order for staff and students. Student roster must be in alphabetical order, divided by grade level and have emergency contact/release information.
- ☑ A list of the RC's staff skills including language translation, specialized training, and emergency equipment carried in vehicles.
- ☑ If available, current student photos on CD-ROM or most recent yearbook.
- ☑ Telephone numbers listed in numerical order for each RC/building.

Maintenance of the Crisis Response Boxes and their contents is the responsibility of the Incident Commander. The responsibility to inspect and replace information belongs to the RC.

The responsibility to carry the box to an activated Public Safety Incident Command Post belongs to the following individuals:

Primary: **Incident Commander**
Alternate: **Operations Chief**

Emergency Quick Reference Guide

Formatted: Font: Not Bold, No underline, Font color: Red

This document, often referred to as the "Emergency Quick Reference Guide" is a red, white and blue quick flip-type reference chart that provides basic guidelines for emergencies. Each resource center ~~and office~~ has been equipped with a copy of the guide. The guide provides basic direction for teachers and staff in the event of an emergency. All staff should familiarize themselves with the content annually.

Emergency Operations Overview

Formatted: Font: Not Bold, No underline, Font color: Accent 1

The protection of lives shall be the primary priority of all emergency operations and procedures. The protection of property shall be secondary to life safety. The emergency procedures within this Plan are designed to facilitate life safety through the use of simple, basic procedures based on the Standardized Emergency Management System (SEMS) and the National Incident Management System (NIMS) that utilize the Incident Command System (ICS) as the basic response management structure.

Disaster Service Workers

Formatted: Font: 14 pt, No underline, Font color: Accent 1

California Government Code, Chapter 8, Section 3100 states: "…all public employees are hereby declared to be disaster service workers subject to disaster service activities as may be assigned to them by their superiors or by law." In accordance with these provisions, all staff members are considered "disaster service workers" during emergencies and must remain at the school to carry out assigned responsibilities. School staff should be familiar with emergency procedures and any assigned responsibilities. During an emergency, staff will serve on response teams and implement response procedures. If a teacher has been assigned to a Incident Command Team position in the following list, the teacher will first ensure the safety of the students and accompany the students to the Assembly Area (also known as the "Evacuation Area"), where the students will be reassigned to another teacher. The teacher will then carry out their assigned Incident Command Team responsibilities.

Plan Maintenance

Formatted: Font: 14 pt, No underline, Font color: Accent 1

The Incident Commander is responsible for the maintenance of this plan. The Emergency Plan is Criterion 2 of California's mandated Comprehensive Safe Schools Plan. The School Safety team is responsible for annual plan review. The Emergency Plan will be maintained on a secured intranet with "read only" access to the Incident Command Team and revision access to the School Safety Team.

Training & Exercises

Formatted: Font: 14 pt, No underline, Font color: Accent 1

Training is a key component to ensure successful emergency operations. The adage "people will do what they have been trained to do" is consistently proven in actual emergencies. Exercises allow "people" to practice what they have been trained to do and improve their skills for an actual emergency.

The Incident Commander will coordinate annual training for all staff on the basic emergency procedures of this plan. All new staff assigned to the RC will receive basic training within 30 days of assignment. Basic training can simply involve knowledge of basic SEMS and ICS protocols, key evacuation locations, parent reunification locations, and the location of related resources. Members of the Incident Command Team will receive additional training specific to their duties every year by the School Safety Team.
The Incident Commander will coordinate annual exercises for all staff as outlined in the Emergency Procedures section.

Incident Command Team Overview

Formatted: Font: Not Bold, No underline, Font color: Accent 1

According to ICS, the size of the organization (i.e. number of positions) will vary depending on the operational needs of the incident. In some cases, one individual may be able to fill more than one "position". (Example: in a small incident the School Principal oftentimes serves as the Incident Commander and the Public Information Officer.)

Only under very unusual conditions will all of the positions identified below be activated and fully staffed. To that extent, the Incident Commanders have been encouraged to "cluster" certain same-section positions, if the workload allows. The Incident Commander could assume the Safety Officer, Public Information Officer, and Liaison Officer duties. The Planning & Intelligence Chief could assume the Documentation and Situation Analysis duties.

Incident Command Team Assignments

Formatted: Font: 14 pt, No underline, Font color: Accent 1

Key staff will be pre-assigned to the Incident Command Team and have specific duties during emergencies. These duties include:

- Incident Commander – responsible for overseeing emergency operations. Typically, also assumes responsibilities of the Safety Officer, Liaison Officer, and Public Information Officer duties

  Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

  - **Safety Officer** - ensures that all activities are conducted in as safe a manner as possible
  - **Public Information Officer** – acts as official spokesperson for the RC in an emergency situation, until the Communications Officer is available
  - **Liaison Officer** – serves as the point-of-contact for agencies outside of the school.
- Operations Chief – manages direct response to the RC emergency

  Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

  - **Resource Center Check & Security** – controls utilities, restricts access to unsafe areas, provides traffic control, and communicates damage to Incident Commander
  - **Search & Rescue Leader and Team** – checks RC for damage, rescues victims, and reports RC conditions
  - **First Aid & Medical Leader and Team** – provides medical response including CISM (Critical Incident Stress Management)
  - **Student/Parent Reunification**

- **Assembly Area** – ensures the care and safety of all students at the RC (except those in the Medical Treatment Area)

- **Request Gate** – processes requests by parents or authorized adults for release of students
- **Release Gate** – releases student to parent or authorized adult

- Planning & Intelligence Chief – in charge of collection, evaluation and documentation of information about the incident
  - **Documentation** – collects, evaluates, and documents event
  - **Situation Analysis** – assesses the overall incident
- Logistics Chief – provides facilities, services, personnel, equipment and materials to support response – includes food and transportation services
  - **Supplies, Facilities, & Staffing** – provides supplies, equipment and staffing to support response
- Finance & Administration Chief – tracks purchases, staff hours, costs, and student accountability

In the event of an emergency, a Command Post will be established by the Incident Commander. Incident Command Team members will be informed of the location upon activation.

The Emergency Roles and Responsibilities Section (Section Four) of this plan provides checklists for each of the above assignments. The Incident Command Team will report to the Incident Commander at the Command Post. Any staff may be assigned to assist each of the above positions depending upon the circumstances and demands of the incident and care of the students and staff.

It's important that the Incident Command Team refer to both the School Emergency Procedures and Emergency Quick Reference Guide for command directives and clarifications.

SECTION THREE

EMERGENCY PROCEDURES

RESOURCE CENTER EVACUATION PROCEDURE

Notification

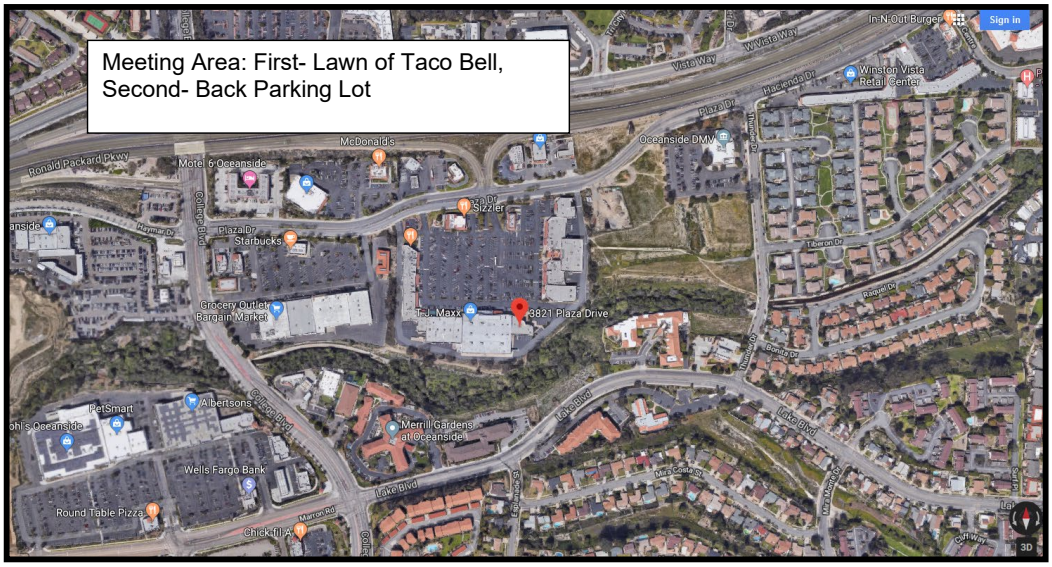
The Incident Commander is responsible to notify the Incident Command Team when an evacuation is necessary.

If evacuation is required, but an alternative method of notification is required (e.g. a received credible bomb threat), then notification can be made by announcement, telephone or runners. This method reduces the level of anxiety and potential panic.

Exiting Buildings

The Incident Commander is responsible for ensuring that staff and students are aware of designated exit routes from the building. Appropriate maps and directions are posted near each door to ensure that occupants are aware of the possible exits. Each resource center has developed plans for ensuring that all staff/students receive evacuation notification and are moved to a pre-designated evacuation location. All staff will be trained to conduct rapid visual and verbal "sweeps" of their assigned areas to ensure that no one is left behind.

The responsibility to ensure maps and directions are posted, as well as appropriate training delivered, belongs to the following individuals:



Primary: **Incident Commander**
Alternate: **Operations Chief**

Persons with Disabilities

Formatted: Font: Not Bold, No underline, Font color: Accent 1

In emergencies, persons with disabilities may need special assistance in evacuating to the designated location. The Incident Commander is responsible for pre-identification of persons with disabilities who may need assistance and assigning staff to assist them. Persons with disabilities or other staff who may need special assistance in an evacuation situation are responsible for ensuring that their Department Head is aware of their needs for assistance.

Because of the volume of foot traffic that can be expected through stairways and corridors in a building during an evacuation, there must be an area of rescue assistance established aside from the main flow of foot traffic. Such an area must be clearly marked so disabled individuals know where to go for refuge in a critical time.

The responsibility to determine disability needs, assign appropriate staff and ensure proper resources for evacuation and reunification belongs to the following individuals at this RC:

Primary: **Incident Commander**
Alternate: **Operations Chief**

The Incident Commander, in consultation with the Public Safety Incident Commander if necessary, will determine when individuals can return to the resource center.

Emergency Lockdown Procedures

If an emergency situation near an Audeo Charter School II RC endangers student or staff safety, Lockdown the Resource Center.

FIRST: Follow the ~~below lockdown procedures~~lockdown procedures below and notify a Safety Committee Member immediately.

During a lockdown, several security measures will take place:

1. A teacher or designee will declare **"this is a lockdown"** alerting staff and students in a calm manner.
2. All students and staff remain in their RC~~ or offices~~.
3. All RC doors and windows are to be closed and locked.
4. All window blinds should be drawn or closed.
5. A staff member will activate "STAY" function on ADT/~~Protection One~~Everon Security Alarm Panel.
6. Safety Ambassador or designee will call/email Executive Safety Committee.
7. A staff member will take a head count of ALL persons in RC/building
8. A staff member will use the attached Sign In sheet for ALL persons on location.
9. All lights should be turned off (as needed)
10. A member of the Audeo Charter School II Safety Committee will communicate and work directly with the Resource Center Safety Ambassador and/or designee.

ONE TO ONE COMMUNICATION. NOT EVERYONE NEEDS TO CALL.

11. *No one is permitted to leave and no one, including a parent, is allowed in the RC.*
12. Students and staff will remain quiet and calm.
13. All individuals should seek immediate cover under desks or tables and remain low to the ground and away from windows or doors as needed.
14. First aid will be rendered by staff as necessary.
15. Resource Center staff should defer media statements to the Communications Department.

Only a member of the Audeo Charter School II Safety Committee may lift a ~~lock down~~lockdown.

Persons who may activate ~~a RC~~an RC lockdown:

- Any member of a school staff or community safety support (Police, Fire, Mall Management, etc.) may declare a lockdown.

Conditions in which to activate a school-wide or RC specific lockdown may include, but not limited to:

- Authorities inform the school or RC of a dangerous situation in close proximity to the facility.
- The immediate pursuit of a dangerous suspect.
- The execution of a high-risk search or arrest warrant.
- A large-scale enforcement operation involving potentially dangerous suspects.
- Someone with a weapon is en route to a RC.
- Gunshots are heard nearby.
- An act of terrorism.

BEST PRACTICE: enroll your work email on local media news alerts for your area.

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

Should a lockdown occur, parents should be aware of the following:

- Remain calm as school and local authorities manage the situation.
- If a lockdown lasts for an extended period of time, or goes beyond dismissal time, students will not be allowed to leave until recommended by the appropriate authorities. School staff will attempt to notify parents by phone.
- Parents may be required to pick up children from the RC or another designated staging area, once it is determined to be safe to do so.
- Parents will be required to present identification.
- The reunification location will be given to parents over the phone, if possible.
- Students and parents are reminded that during an emergency situation, cellular locations may be overwhelmed due to a high volume of calls. It is critical that text messaging and cell phone use be kept to a minimum so that emergency services have priority to assist the students and staff at the RC.

Following Lockdown:

- The Safety Ambassador for the RC will fill out and submit to Angela Neri within 24 hours:
    - Lockdown Incident Report Form
    - Emergency Sign-In Report
    - Emergency Student Sign Out Report
- The Safety Committee will convene within 72 hours to debrief

- The Safety Ambassador Coordinator will keep a record of all occurrences.

Parent Notification & Reunification Procedure

Formatted: Font: Not Bold, No underline, Font color: Accent 1

Following a lockdown or other emergency action, there may be a need to reunite students with parents. This is often a difficult and somewhat chaotic event, requiring planning and resources. The following procedure was developed to limit chaos and ensure a safe reunification of students with their parents or legal guardians.

Formatted: Font: Italic, Font color: Accent 1

Notification

In the event the Administrator of Instructional Services determines students are to be released from school, or that notification of parents/guardians is warranted, he/she will first notify the Director of Operations and Technology. A collaborative effort will begin to notify parents/guardians of the unification effort using information provided on student's emergency contact cards, as well as information available within the school's student database.

Reunification

Reunification will generally occur from the location pre-identified as the meeting evacuation point. Staff and law enforcement will be stationed at one central point, where all students will enter and exit the unification location. Incident Command Team members will use school attendance and emergency card information to check in and out students.

The responsibility of reunification, determining needs, assigning appropriate staff, and ensuring proper resources for reunification belongs to the following individuals at this RC:

Primary: **Incident Commander**
Alternate: **Operations Chief**

Earthquake Procedure

Formatted: Font: Not Bold, No underline, Font color: Accent 1

Earthquakes often occur without notice and generally have after-shocks which are just as dangerous as the initial quake. Building evacuation will generally occur following a major earthquake due to potential dangers of fires or explosions. The following earthquake information pertains to this RC.

Formatted: Font: Italic, Font color: Accent 1

Notification

Give the command to "Drop, Cover, and Hold" at the first indication of shaking ground.

Attempt to gain safety under tables, desks, or other supporting objects. Consider holding onto the supporting object to keep it over your body. If in a hallway, move to an inside wall and stand in the doorway.

Remain away from windows to avoid falling glass, and away from large objects that may fall upon your person.

Extinguish any flames and turn off power to equipment and electrical appliances if possible. Turn off gas valves as well.

Hold undercover for at least two minutes to assess damage and injuries while waiting for the first aftershock to occur.

After the first aftershock, activate your evacuation procedures after confirming the path and destination are safe.

Do not return to the inside of any building until emergency personnel has checked the buildings for safety.

Structural Failure

Give the command to evacuate the affected building or area and secure the premise to prevent entrance by others.

Advise Administrator of Instructional Services of the situation. Contact the Director of Operations and Technology at (619) 778-3491.

Upon arrival of emergency personnel, coordinate to evaluate known information and decide upon a course of action to render the situation safe.

Fire Procedure

Formatted: Font: Not Bold, Font color: Accent 1

Fires often occur without notice and can spread quickly if not addressed. Building evacuation will generally occur following a fire notification due to potential dangers of burns and smoke inhalation. The following fire information pertains to this RC.

Formatted: Font: Italic, Font color: Accent 1

Notification

Notify your Administrator of Instructional Services. If possible, quickly assess the location and size of the fire to determine an appropriate evacuation action.

Alert all staff and students of the fire location and condition – activate your fire alarm system to sound the alarm.

Begin evacuation procedures for everyone to an appropriate assembly area. Remember to move individuals away and upwind from the hazard.

Call the Fire Department ("9-1-1") or notify Director of Operations and Technology by calling 619-778-3491. The Director of Operations and Technology will handle notifying the proper emergency and communications personnel.

Render first aid as needed. Be sure to notify the Director of Operations and Technology of injuries.

Activate specific components of your emergency plan as appropriate.

Supervise the evacuation and ensure all rooms and unsafe areas are evacuated. Check to ensure accountability for all staff and students. Maintain control of evacuees at the assembly area until the situation is under control.

Have some staff standing by the entrance to direct responding fire personnel to the fire location.

Upon arrival of emergency personnel, coordinate to evaluate information and decide upon a course of action to either return to the RC or arrange for an early dismissal.

First Aid Kit

- ❑ Twenty Gauze pads, non-sterile (3 x 3 or 4 x 4)
- ❑ Four Roller Gauze, 4" wide, to secure gauze pads over wounds
- ❑ Two Adhesive tape, 1" wide, to secure gauze pads or bandages over wound
- ❑ Fifty Band-Aids, Regular size, 1" x 3", to cover minor wounds
- ❑ Twenty Band-Aids, small, to cover minor wounds (finger)
- ❑ Ten Band-Aids, large, to cover large wounds
- ❑ Five Pairs Latex-free gloves, Medium
- ❑ Two Cold compress
- ❑ Twenty Cotton Tip Applicators
- ❑ Two Triangular Bandage
- ❑ Four Thermometers-disposable
- ❑ One CPR Mask
- ❑ Written instructions for first aid kit use

Blood Bourne Pathogen Kit (BBP Kit)

- ❑ Wastebasket for supplies storage
- ❑ Marked spray bottle to create disinfectant solution
- ❑ Dishwashing Soap
- ❑ Sponge
- ❑ Gloves
- ❑ Zip lock baggies
- ❑ Roll of paper towels
- ❑ Brush and dust pan
- ❑ Wastebasket size plastic liners
- ❑ Kitty litter
- ❑ Disposable plastic aprons
- ❑ Written instructions for the use of the BBP kit and materials
- ❑ 1 pair Goggles
- ❑ 2 pairs Shoe Covers

Backpack Survival Kit

- ❑ Emergency Preparedness Binder (contains
- ❑ Safety Plan and other documents) Transistor AM/FM radio
- ❑ Wired Phone
- ❑ Safety glow sticks - 2
- ❑ Candles - 2
- ❑ Emergency Blanket
- ❑ Waterproof Matches
- ❑ Whistle (located on the end of the "Life Gear" glow stick)
- ❑ Flashlights
- ❑ Duct Tape
- ❑ Pad of Paper Marker

Field Trip First Aid Kit

- ❑ Ten Sterile gauze pads, 2"x2"
- ❑ Two Gauze roller, 4"
- ❑ Four Gauze roller, 2"
- ❑ Fifteen Band-Aids, Regular size, 1"x3"
- ❑ Five Band-Aids, large
- ❑ Two Triangular bandage
- ❑ One Adhesive tape, 1"
- ❑ One Hand sanitizer, 2oz bottle
- ❑ One First Aid Antiseptic, 2oz bottle
- ❑ One CPR Mask
- ❑ Written instructions for first aid kit use

Best Practice Considerations for Schools in Active Shooter and Other Armed Assailant Drills

The National Association of School Psychologists and the National Association of School Resource Officers have partnered to provide this guidance on armed assailant training, with input from Safe and Sound: A Sandy Hook Initiative and the ALiCE Training Institute. This document provides guidance on the important factors schools must take into account when considering and conducting armed assailant drills.

OVERVIEW

A. Response to armed assailants has focused on implementing a school lockdown. Recently, discussion has emphasized options-based approaches, which sometimes include the "Run, Hide, Fight" model.

B. Armed assailant drills have both benefits and concerns associated with their implementation.
   - Armed assailants in schools account for only 1% of homicides among school-age youth; schools must balance costs and benefits when allocating crisis preparedness resources.
   - Such drills have the potential to empower staff and save lives, but without proper caution, they can risk causing harm to participants.
   - Available research supports the effectiveness of lockdown drills carried out according to best practices, but research is still needed on the effectiveness of armed assailant drills.

DRILL APPROACHES AND PLANNING

A. Traditional lockdowns should remain the foundation of an options-based approach to active assailant training, which allows participants to make independent decisions in evolving situations.

B. Exercises should be considered in a hierarchy with simple discussion-based exercises before complex operations-based drills are practiced.

C. Schools should keep simulation techniques appropriate to the participants' developmental maturity.
   - Inform participants of the use and purpose of props and simulation aids prior to the drill.
   - Using Airsoft guns as simulation aids requires careful safety measures and opt-out opportunities.

D. Regular practice helps participants develop readiness and quickly access and apply knowledge.

DEVELOPMENTAL AND MENTAL HEALTH CONSIDERATIONS

A. Children model their reactions on adult behavior, so effective drills should result in staff who inspire calm and confidence in students.

Formatted: Font: 12 pt

B. It is critical that participation in drills be appropriate to individual development levels, and take into consideration prior traumatic experiences, special needs, and personalities.

C. School-employed mental health professionals should be involved in every stage of preparation.
   - Prior to the drill, staff should be trained to recognize common trauma reactions.
   - Adults should monitor participants during the drill and remove anyone exhibiting signs of trauma.
   - After completion, staff and students should have access to mental health support, if needed.

D. Participation should never be mandatory, and parental consent should be required for all students.

E. If staff chooses to opt-out of intense drills, they should receive comparable, less intense instruction.

STEPS FOR CONDUCTING SAFE, EFFECTIVE, AND APPROPRIATE DRILLS

1. Create a school safety team (including an administrator, a school mental health professional, a school nurse; security personnel, teachers, and parents) that also coordinates with local law enforcement and emergency responders.
2. Conduct a needs assessment of the school community.
3. Implement a cost–benefit analysis that considers all emergency preparedness needs and options.
4. Tailor drills to the context of the school environment.
5. Create a plan of progression that builds from simplest, lowest-cost training; identifies obstacles and goals; and establishes a timeline.
6. Prepare for drill logistics that ensure physical and psychological safety as well as skills and knowledge acquisition.
7. Develop a communications plan that gives all participants advance warning and the ability to opt out and/or provide feedback.
8. Establish a long-term follow-up plan to support sustainability that includes assessing ongoing and/or changing preparedness training needs.

Active Shooter and Other Armed Assailant Drills

INTRODUCTION

The National Association of School Psychologists (NASP) and the National Association of School Resource Officers (NASRO) represent key members of school safety and crisis teams. We are committed to supporting school communities' understanding and implementation of best practices related to school safety, school mental health, and crisis prevention and response. We have partnered to provide this guidance on armed assailant training, with input from Safe and Sound: A Sandy Hook Initiative, a nonprofit organization of parents, educators, and other members of the school community, and the ALiCE Training Institute, a for-profit company that provides active shooter training.

Formatted: Font: 12 pt

Critical elements to effective crisis preparedness and response of any kind are a common understanding of purpose and procedures among all participants, a respect for each other's roles and perspectives, and a shared commitment to ensure the safety and well-being of all members of the school community. Our common goals in this document are to provide best practice information to help schools determine to what extent they need armed assailant training and to conduct trainings that make best use of resources, maximize effectiveness, and minimize physical and psychological risks. Importantly, this document is not intended to provide specific guidance on *how* to conduct active assailant drills but rather to provide guidance on many of the issues that must be considered when planning for and implementing such training. The specifics of any training should be determined at the local level by appropriately trained school leadership, school safety and mental health personnel, and law enforcement.

Formatted: Font: 12 pt

Please note that the appendices in this document contain very important decision-making information. They are referenced within and at the end of the document.

PART I: OVERVIEW

Formatted: Font: Not Bold, Font color: Accent 1

Schools have a responsibility to protect the physical and psychological well-being of their students and staff. This includes creating positive school climates, preventing negative behaviors such as bullying and harassment, and being prepared to respond to potential threats such as weather emergencies, fires, and acts of violence. Effective crisis planning, prevention, response, and recovery capabilities are essential for schools to meet this responsibility (Cowan, Vaillancourt, Rossen, & Pollitt, 2013).

Formatted: Font: 12 pt

Although situations involving an active, armed assailant on school property are extremely rare, schools are increasingly considering how to best prepare for and respond to this type of event.

According to the U.S. Department of Homeland Security (2008) and the Federal Bureau of Investigation (Blair & Schweit, 2014) an *armed assailant* is defined as an armed person who attempts to use deadly force on others, typically in a confined and populated area. The term *active shooter* refers to those assailants who use firearms, as opposed to knives or other weapons. Some U.S. states have mandated active shooter drills for schools but have offered little to no guidance on proper implementation.

Formatted: Font: 12 pt

Schools should plan for the rare possibility of an armed assailant as part of a comprehensive crisis/emergency preparedness effort; however, the nature and extent of those preparedness activities should be based upon a risk assessment of the crisis events a given school is most likely to confront.

Formatted: Font: 12 pt

How this training is conducted must carefully account for students' developmental levels, school culture and climate, and features specific to each school community (such as geography, weather, crime, and environment). While one of the primary goals of crisis preparedness is to develop a sense of empowerment and control, armed assailant drills not conducted appropriately may cause physical and psychological harm to students, staff, and the overall learning environment. It is critical that administrators, school-employed mental health professionals, school resource and police officers, and crisis team members work closely together to carefully develop a staff and student training protocol that follows the best practice considerations outlined below.

A. Background

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

The 1999 shootings at Columbine High School ushered in heightened attention to the need for schools—and law enforcement—to be better prepared to respond to armed assailant situations. Subsequently, schools focused primarily on lockdown practices, while law enforcement focused on improving tactics to find and stop the assailant as quickly as possible. In 2013, the U.S. Department of Education recommended expanding the lockdown-only approach for schools (i.e., confining students and staff to their rooms) to an options-based approach that allows school staff to make more independent decisions about how to protect their students depending on evolving circumstances (e.g., evacuate the building rather than stay locked in a RC). These approaches include adapting the "Run, Hide, Fight" model that was originally developed for adults in response to workplace violence. This expansion has spurred a range of approaches to armed assailant training and an increase in the

Formatted: Font: 12 pt

number of schools conducting drills with varying degrees of intensity and involvement of school staff and students. In some instances, drills are conducted with insufficient consideration of the potential psychological impact or appropriateness of a particular drill based on the developmental level or psychological risk factors of participants.

B. Benefits and Concerns Associated with Armed Assailant Drills

Costs versus benefits. School-associated homicides are extremely rare, accounting for less than 1% of all homicides among school-age youth (Robers, Kemp, Rathbun, & Morgan, 2014). While an attack by an armed assailant on school grounds is possible—and devastating if it happens—it is not as probable as other types of crisis events. Schools must consider the cost of some types of drills (e.g., full scale simulations), and whether investment in them will reduce resources available for other critical safety preparation activities such as first aid training, environmental design measures, and staff development focused on more comprehensive school safety preparedness.

Empowerment versus potential harm. The primary purposes of an armed assailant drill are to provide law enforcement and relevant school leadership and staff the opportunity to practice skills and protocols and to identify and correct areas of weakness in knowledge, communication, coordination, and decision-making. The goal is to empower participants and save lives and prepare professionals and staff for this role and responsibility. As the focus of such drills expands to include all staff and students, the potential for causing harm to participants expands as well. The level of drill intensity (e.g., use of loud gun fire and airsoft guns), extent of warning that a drill will occur, and whether participation is required or voluntary may affect reactions to the experience. Additionally, an individual's cognitive and developmental levels, personality, history of adverse or traumatic experiences, and psychological makeup are among the many factors that influence the potential for harm.

It is essential to include parents in discussions of their child's developmental level, education, and readiness for armed assailant drills. Highly sensorial armed assailant drills for students in preschool and elementary learning environments are not recommended. Any such drills should be conducted using age appropriate simulation stimuli (e.g., the sound of gunshots near a preschool room would not be appropriate).

Available research. Practicing disaster response procedures has been found to increase the probability of adaptive behavior during a crisis (Jones & Randall, 1994; Miltenberger et al., 2005). Specifically, lockdown drills implemented according to best

practices have been suggested to increase knowledge and skills of how to respond appropriately without elevating anxiety or perceived safety risk (Zhe & Nickerson, 2007). However, at present there is no empirical research regarding school-based armed assailant drills.

Potential lawsuits. The manner in which some armed assailant drills (e.g., unannounced) have been conducted in the workplace has led to lawsuits imposed on employers due to psychological and physical harm sustained by some participants (Frosch, 2014). Schools need to determine to what extent advanced armed assailant drills are necessary and carefully construct these drills to avoid physical and/or psychological harm. Regardless of the projected benefits and perceived concerns, the fact remains that armed assailant drills are uncharted territory for schools. Schools that decide to conduct a drill should use a multidisciplinary safety team (including parents) that educates and trains all participants in relevant curricula and protocols. With careful planning, data collection, and continual review of these programs, schools can begin to develop an approach that minimizes negative effects and improves preparedness.

PART II: DRILL APPROACHES AND PLANNING

A. Traditional Lockdown Versus Options-Based Drills

Lockdowns have been the standard approach for the school response to threatening situations for nearly two decades. Lockdowns involve locking the door, moving students out of sight, and requiring students to remain quiet within the room. Lockdowns should continue to be included in any options- based approach to active assailant training.

Options-based drills provide students and staff with a range of alternative strategies to save lives, and the permission to use them, depending on the situation. For instance, the nature of the threat, time of day, and the location of students interact to affect the best options. The premise of options-based drills is to allow participants to make independent decisions including when and whether to evacuate, barricade RC doors, or as a last resort, counter the attack of the armed assailant. As with other safety drills (e.g., fire or tornado), it is important that options-based drills take into account the developmental levels of students as well as the physical layout of the school campus (e.g., ease of access to outside doors and proximity of places to hide other than a resource center).

B. Hierarchy of Education and Training Activities

Formatted: Font: 14 pt

Crisis preparedness exercises and drills should be conducted in a progression of steps that begin with basic activities and progress to more advanced drills and exercises as needed (with advanced simulations being a more advanced type of crisis preparedness activity). Schools should start with simple, low-cost, discussion-based exercises (e.g., introductions to crisis responders, orientation activities, use of instructional media, or tabletop drills) and, if the school safety team determines it appropriate, work their way toward more complex and expensive, operations-based exercises (e.g., walk-throughs, specific emergency drills, and crisis simulations; NASP, 2013; U.S. Department of Education, 2006a). ***Appendix 1 summarizes this hierarchy of activities and provides an example of how armed assailant preparation could occur at each level.***

C. Simulations and Simulation Techniques

Many schools are also using or considering simulation exercises. Simulations require that participants are provided with real time information and stimuli (e.g., simulated gunshots, PA announcements, and electronic communications) to determine the movements of an armed assailant in order to make the best decisions. It is important that simulation drills are preceded by extensive prior education and preparation, and consideration for individual readiness. For some participants, this intense exposure and practice may empower them with experience, options, and a sense of control. For others, this type of drill may be emotionally traumatic (Frosch, 2014).

If a school deems it necessary to simulate an armed assailant, safety teams should carefully consider the number of different strategies for simulation during a drill, taking into account developmental age and readiness of staff before determining what techniques are most appropriate.

*Drills utilizing props and simulation aids***.** Props and other aids may be used to simulate a weapon, gunfire, or other desired circumstances that are associated with an armed assailant event. In advance of any drill, participants must be aware of the prop's purpose and potential presence, particularly when the purpose of the prop is not obvious. For example, the use of an air horn, or other prop to simulate gunfire, may traumatize participants if they have not been instructed on the prop's purpose in advance of the drill.

Airsoft as a simulation aid. Airsoft guns (simulated weapons that shoot plastic BBs) may be used as a simulation aid during armed assailant drills. Caution must be exercised to ensure the safety of all participants prior to any drill involving airsoft guns.

Formatted: Font: Not Bold, Font color: Accent 1

Formatted: Font: 12 pt, Not Bold, Font color: Accent 1

Formatted: Font: 12 pt, Not Bold, Font color: Accent 1

The authors of these guidelines have received anecdotal reports from school professionals of armed assailant drill participants being physically harmed from the use of simulation aids. In addition, for those with trauma histories, involvement in a highly sensorial armed assailant drill could trigger strong psychological reactions. Thus, to mitigate potential physical or psychological harm, opt-out opportunities should be offered to all participants after being fully informed about the drill.

B. Considerations

Formatted: Font: 12 pt, Not Bold, Font color: Accent 1

Schools must carefully consider the decision-making protocol for people to engage in a strategy other than lockdown. For instance, run/escape may lead to safety for some, but it might inadvertently lead to danger for others as students unknowingly "escape" into the path of an unknown assailant, expose them to the sight of injured or dead classmates and teachers, or result in students trampling each other to get to the exit door. These concerns need to be addressed when planning and practicing active assailant drills. Students should be taught to first and foremost follow the direction of their teacher, and how to make decisions if that teacher is incapacitated. Helping students and staff understand the decision-making criteria is crucial. It is also important to consider the special needs of students with disabilities, both in terms of a drill and the expectations for their functioning in the event of real emergency (U.S. Department of Education, 2006b).

C. Regular Practice

Formatted: Font: Not Bold, Font color: Accent 1

As part of the initial planning process for crisis preparedness, schools should identify how to integrate and reinforce the concepts taught during the drills. Introductions, orientations, walk-throughs, and tabletop exercises should continue to be integrated into yearly crisis preparation activities so learned skills are refreshed and rehearsed. Frequent and varied practice, training, and discussion activities aid the development of readiness, providing staff and students the means to quickly access and apply their knowledge.

PART III: DEVELOPMENTAL AND MENTAL HEALTH CONSIDERATIONS

Formatted: Font: 14 pt, Not Bold, No underline, Font color: Accent 1

Formatted: Centered

A. Impact of Adult Behavior on Children's Behavior

Formatted: Font: Not Bold, Font color: Accent 1

The behavior of an adult in an emergency directly affects the physical and psychological safety of students in crisis. Therefore, the effectiveness of armed assailant drills relies on educating and training adults carefully, responsibly, and continually. Students look to faculty and staff—the designated trusted adults—for direction and guidance. When adults are well-trained and stay calm, the students will

Formatted: Font: 12 pt

follow and gain confidence and ability.

B. Developmental Levels of Safety Awareness

Formatted: Font: Not Bold, Font color: Accent 1

If schools opt to conduct an options-based or more advanced armed assailant training, it is critical that those planning and facilitating the training consider the cognitive and emotional development of all those involved. Safety and security professionals (e.g., SROs, police officers) often have a leadership role in conducting drills but must work collaboratively with school administration and school-employed mental health professionals in joint planning to ensure best practice guidelines are followed. Schools, educators, and parents are encouraged to adapt policies and training programs that consider their unique situations. Grade levels are not an absolute determinant. Individual levels may vary greatly due to cultural, educational level, and personal profiles within a community. It is also imperative that schools consider the individual psychological backgrounds, previous trauma experiences (including community trauma history), special needs, and personalities of students and staff. Regardless of training level, some individual personality types are better able to respond assertively than others in moments of crisis. Each level has a

Formatted: Font: 12 pt

corresponding age range and examples of appropriate types of activities and instructions to provide general guidance when preparing for an armed assailant training.

Formatted: Font: 12 pt

C. Mental Health Support and Considerations

Formatted: Font: Not Bold, Font color: Accent 1

School-employed mental health professionals should be a part of all stages of armed assailant drill preparation.

Formatted: Font: 12 pt

Before an armed assailant drill or simulation, Drills may lead to stressful or traumatic reactions. If the drill will be a sensorial experience with, for example, simulated gunfire or individuals being tackled by the assailant, then participation should never be mandated for staff or students. Staff should also be taught to recognize common trauma reactions to help identify when a student, fellow staff member, or him/herself needs to be removed from the drill. Additionally, drills should be conducted early enough in the day to allow for debriefing participants afterward and assessing any adverse reaction.

Formatted: Font: 12 pt, Not Bold, Font color: Accent 1

Formatted: Font: 12 pt

During an armed assailant drill or simulation, Educators must monitor the reactions of themselves, each other, and students during the drill and have a means to quickly notify drill coordinators if a person exhibits physical (e.g., asthma or panic attack) or emotional (e.g., hysterical) reactions. Such reactions would necessitate removal from

Formatted: Font: 12 pt, Not Bold, Font color: Accent 1

Formatted: Font: 12 pt

the drill and immediate support. School-employed health and mental health professionals must be present during the drill and available for assistance.

After an armed assailant drill or simulation. Emotional or physical reactions can be delayed following a highly intense simulation drill. School staff and students should have access to school- employed mental health professionals after the event to provide additional assistance if needed.

Formatted: Font: 12 pt, Not Bold, Font color: Accent 1

Formatted: Font: 12 pt

D. Parent Consent

Formatted: Font: Not Bold, Font color: Accent 1

Participation in an armed assailant drill should never be required for students or staff. Parent consent can come in the form of:

Formatted: Font: 12 pt

- Parent permission – parents return a permission slip allowing their child to participate.
- Passive consent – parents return a form only if they do NOT want their child to participate; no form returned implies permission.
- Parent notification – parents are notified, but no consent form is used; thus, schools assume participation is granted unless parents assertively state otherwise.

E. Balancing Staff Opt-Out with the Need for Universal Preparedness

Formatted: Font: Not Bold, Font color: Accent 1

It is important to have all staff operating with the same understanding in an emergency situation. In cases where staff opt-out of a more advanced armed assailant drill, schools should provide the essential information and training through additional, less sensorial training exercises, such as a tabletop activity, as outlined in the hierarchy of education and training activities.

1. Create a school safety team—ideally made up of an administrator; school mental health professional; school nurse; teachers; security personnel; parents; and students—that:

Formatted: Font: 12 pt, Font color: Accent 1

Formatted: Font: 12 pt

   - Identifies a lead person to coordinate school safety efforts, including drills;
   - Establishes and communicates the roles and responsibilities during drills and in real-life crisis situations;
   - Takes a lead in identifying the most appropriate preparedness activities for the school;
   - Provides ongoing professional development and training as needed; and
   - Ensures that the school's policies are in compliance with state laws and school board policies.

2. Conduct an assessment of the school community to:
   - Identify the types of crisis events most likely to occur,
   - Determine the current school culture and climate,
   - Map existing resources and capacities of school personnel or school safety teams, and
   - Identify any related policies that should be considered in the planning of drills.

3. Implement a cost–benefit analysis that:
   - Considers financial costs in relation to the likelihood of a particular crisis;
   - Identifies what resources, activities, or preparedness training must be replaced or postponed, to engage in active shooter or other armed assailant drills;
   - Balances the need to empower school staff while minimizing potential harm (e.g., triggering stressful or traumatic reactions to live simulation drills);
   - Considers the current knowledge and identified needs of the staff; and
   - Considers legal requirements (e.g., state law) related to conducting active assailant drills and to what degree drills are required to be full-scale simulations versus other lower cost exercises.

4. Tailor drills to the context of the school environment, taking into consideration:
   - The primary goal of the drill (e.g., training for law enforcement versus staff and/or students);
   - Age, cognitive, and developmental levels of awareness of students;
   - Students with physical, sensory, or other disabilities that may require unique instructions during a drill or real-life event;
   - The capacity, comfort level, and trust among staff;
   - Administrative support;
   - Optimal timing, including time of year, day of the week, and time of the day;
   - Relationships with external partners, law enforcement, and other first responders; and
   - The layout of the school building and campus.

5. Create a plan of progression that:
   - Considers whether any previous activities have been conducted in the school;
   - Starts with simple, low-cost, discussion-based exercises;
   - Considers all available types of drills;
   - Identifies specific objectives and goals for the drills; and
   - Identifies a timeline and metrics to help determine whether more complex exercises are needed.

6. Prepare for logistics of the drill to ensure that:
   - Previous traumatic experiences of those involved are considered;
   - School staff learn to recognize stressful reactions to drills;

- Methods exist to opt out (for staff and students) or remove someone from a drill, including parental consent/permission if students are involved;
- School-employed mental health professionals are available to provide support to those experiencing a negative reaction to the drill;
- Adequate follow up is available for students or staff with questions; and
- Appropriate methods to evaluate outcomes are implemented.

7. Develop a communications plan that:
   - Informs members of the school community of planned drills and what will be entailed;
   - Facilitates open communications with families, including translated materials and the opportunity for family members to talk with relevant staff about concerns;
   - Provides opt-out options for staff and students; and
   - Encourages feedback and evaluation by participants after the fact.

8. Establish a long-term follow up plan to support sustainability that considers:
   - What additional training is required;
   - How the drill integrates with other school safety and crisis prevention efforts;
   - How current and previous training and knowledge can be maintained and built upon; and
   - When follow-up should be conducted and how often.

CONCLUSION

Formatted: Font: 16 pt, Not Bold, Font color: Accent 1
Formatted: Centered

Training exercises and drills to prepare for active shooters or other armed assailants should be based on the specific needs and context of each school and community. It is critical that schools recognize that this type of drill is just one specific component of comprehensive crisis preparedness and response that includes prevention, protection, mitigation, response, and recovery. Schools should consider the most cost-effective method of preparing students and staff for an active shooter situation while balancing the physical and psychological risks associated with such drills.

Position Activation Information

Equipment

Every position on the Incident Command Team will require the following equipment:

1. Identification vest
2. Two-way campus radio
3. Paper and pens/pencils
4. Job description clipboard

Position-Specific Equipment

Certain positions require special equipment or forms. Such specific needs are identified on the individual position checklists.

Position Activation

1. Once notified of your assignment, put on your vest.
2. Check in with the Incident Commander at the Incident Command Post for a situation briefing.
3. Check in with your Chief for details and updates associated with your position.
4. Obtain necessary equipment and supplies.
5. Open and maintain a Position Log. Maintain all required records and documentation to support the history of the emergency or disaster. Document:
    a. Messages received
    b. Actions taken
    c. Decision justifications and documentation
    d. Requests filled
    e. Document missing staff

Position Deactivation

1. At the direction of the Incident Commander, deactivate your position and close out all logs. Provide logs, timekeeping records, and other relevant documents to the Documentation Unit.
2. Return equipment and reusable supplies to Logistics.

Formatted: Font: 16 pt, Not Bold, Font color: Accent 1

Position: Incident Commander

Responsibility: The Incident Commander is solely responsible for emergency and disaster operations and shall remain at the Command Post to observe and direct all operations. Ensures the safety of students, staff and others.

Formatted: Font: 12 pt

Lead by example: your behavior sets tone for staff and students.

Special Equipment:

- ☐ Crisis Response Boxes
- ☐ Emergency Disaster Kit
- ☐ Master keys
- ☐ Position-Specific forms
- ☐ AM/FM radio (battery)
- ☐ Command Post Tray (pens, etc.)
- ☐ Emergency Plan
- ☐ Tables & chairs (if Command Post is outdoors)
- ☐ Job Description Clipboards
- ☐ Bull horn
- ☐ Staff rosters (2 sets)
- ☐ Copies of Forms

Start-Up:

- ☐ Assess type and scope of emergency.
- ☐ Determine threat to human life and structures.
- ☐ Implement Emergency Plan and Emergency Procedures.
- ☐ Develop and communicate an Incident Action Plan with objectives and a time frame to meet those objectives.
- ☐ Activate functions (assign positions) as needed.
- ☐ Fill in Incident Command Team Assignment Form as positions are staffed.
- ☐ Appoint a backup or alternate Incident Commander in preparation for long-term operations.

During Event:

- ☐ Continue to monitor and assess total school situation:
- ☐ View location map periodically for Search & Rescue progress and damage assessment information.

- ☐ Check with chiefs for periodic updates.
- ☐ Reassign personnel as needed.
- ☐ Develop and communicate revised incident action plans as needed.
- ☐ Authorize release of information.
- ☐ Utilize your back up; plan and take regular breaks, 5-10 minutes each hour, relocate away from the CP.
- ☐ Plan regular breaks for all staff and volunteers. **Take care of your caregivers!**
- ☐ Release staff as appropriate. By law, during a disaster, the staff will become "Disaster Service Workers."
- ☐ Remain on and in charge of your RC until the incident has been resolved.

After:

- ☐ Authorize deactivation of sections or units when they are no longer required.
- ☐ Deactivate the entire emergency response.
- ☐ Ensure that any open actions not yet completed will be taken care of after deactivation.
- ☐ Ensure the return of all equipment and reusable supplies to Logistics.
- ☐ Close out all logs. Ensure that all logs, timekeeping records, reports, and other relevant documents are completed and provided to the Documentation Unit.
- ☐ Proclaim termination of the emergency and proceed with recovery operations if necessary.

Section: Command

Position: ~~Safety~~: Safety Officer

Reports To: **Incident Commander**

Staffing Characteristics: **It is common for the Incident Commander to carry out these duties. A separate position checklist is here in the event the Incident Commander needs to assign the duties to another individual.**

Responsibility: The Safety Officer ensures that all activities are conducted in as safe a manner as possible under the circumstances which exist.

Special Equipment:

- ☐ Hard hat (if available)

During Event:

- ☐ Monitor drills, exercises, and emergency response activities for safety.
- ☐ Identify and mitigate safety hazards and situations.
- ☐ Stop or modify all unsafe operations.
- ☐ Ensure that responders use appropriate safety equipment.
- ☐ Think ahead and anticipate situations and problems before they occur.
- ☐ Anticipate situation changes, such as severe aftershocks, in all planning.
- ☐ Keep the Incident Commander advised of your status and activity and on any problem areas that now need or will require solutions.

Staffing Characteristics: **It is common for the Incident Commander to carry out these duties. A separate position checklist is here in the event the Incident Commander needs to assign the duties to another individual.**

Responsibility: Staff, students, parents and the public have the right and need to know important information related to emergencies/disaster at the school ***as soon as it is available.***

The Public Information Officer acts as the official spokesperson for the school in an emergency situation.

Special Equipment:

- ☐ Battery operated AM/FM radio
- ☐ Marking pens
- ☐ Scotch tape/masking tape
- ☐ Forms:
  - Public Information Release Worksheet
  - School Accountability Report Card
- ☐ Scissors
- ☐ School map(s) and area map(s):
  - 8-1/2 x 11 handouts
  - Laminated display
- ☐ Tape recorder and tapes

Start-Up Activities:

- ☐ Determine a possible "news center" location as a media reception area (located away from the Command Post and students). Get approval from the Incident Commander.
- ☐ Identify yourself as the "Public Information Officer" (vest, visor, sign, etc.)
- ☐ Assess situation and obtain statement from the Incident Commander. Tape-record, if possible.
- ☐ Advise arriving media that the school is preparing a press release and approximate time of its issue.
- ☐ Open and maintain a position log of your actions and all communications. If possible, tape media briefings. Keep all documentation to support the history of the event.

During Event:

- ☐ Keep up-to-date on the situation.
- ☐ Statements must be approved by the Incident Commander and should reflect:
  - Reassurance — EGBOK — "Everything's Going to Be OK."
  - Incident or disaster cause and time of origin.
  - Size and scope of the incident.
  - Current situation — condition of school, evacuation progress, care being given, injuries, student release location, etc. Do not release any names.
  - Resources in use.
  - Best routes to school if known and appropriate.
  - Any information school wishes to be released to the public.
  - **Read** statements if possible.
- ☐ When answering questions, be complete and truthful, always considering confidentiality & emotional impact. Avoid speculation, bluffing, lying, talking "off the record," arguing, etc. Avoid use of the phrase "no comment."
- ☐ **Remind school/staff volunteers to refer *all* questions from media or waiting parents to the PIO.**
- ☐ Update information periodically with Incident Commander.
- ☐ Ensure announcements and other information is translated into other languages as needed.
- ☐ Monitor news broadcasts about incident. Correct any misinformation heard.

Staffing Characteristics: **It is common for the Incident Commander to carry out these duties. A separate position checklist is here in the event the Incident Commander needs to assign the duties to another individual.**

Responsibility: The Liaison Officer serves as the point-of-contact for Agency Representatives from assisting organizations and agencies outside the school and assists in coordinating the efforts of these outside agencies by ensuring the proper flow of information.

During Event:

- ☐ Brief Agency Representatives on current situation, priorities and incident action plan.
- ☐ Ensure coordination of efforts by keeping Incident Commander informed of agencies' action plans.
- ☐ Provide periodic update briefings to Agency Representatives, as necessary.

Staffing Characteristics: The Operations Chief should be a staff member familiar with the school and be trained in response skills.

Responsibility: The Operations Chief manages the direct response to the disaster, which can include Facility Check & Security Unit, Search & Rescue Unit, and First Aid & Medical Unit.

Special Equipment:

- ☐ Search & Rescue equipment
- ☐ Maps: See Crisis Response Box

During Event:

- ☐ Assume the duties of all operations positions until staff is available and assigned.
- ☐ As staff is assigned, brief them on the situation and supervise their activities, utilizing the position checklists.
- ☐ If additional supplies or staff is needed for the Operations Section, notify Logistics. When additional staff arrives, brief them on the situation, and assign them as needed.
- ☐ Coordinate Search & Rescue operations. Appoint Search & Rescue Team Leader to direct their operations, if necessary.
- ☐ As information is received from operations staff, pass it on to Situation Analysis and/or the Incident Commander.
- ☐ Inform the Incident Commander regarding tasks and priorities.
- ☐ Make sure that Operations staff is following standard procedures, utilizing appropriate safety gear, and documenting their activities.
- ☐ Schedule breaks and reassign Operations staff within the section as needed.

Safety Ambassadors*

~~2024-2025~~SY 2025-2026

The designated Ambassadors are responsible for planning and implementation at the Resource Center (RC). Resource Center Representatives will meet with their colleagues to discuss all aspects of a safe and supportive learning environment, safety and trainings which will include:

Safe and Supportive Learning Environment:

- ✓ Number of students in RC – adhere to student scheduled hours
- ✓ Schedule CTR works hours – ensure there are two staff members when opening and closing the RC
  Share information at RC meetings - Discuss safety at monthly resource center meetings
- ✓ Meet with new resource center staff within 30 days
- ✓ Reach out to the Juvenile Community Officer, Community Resources and Community Sub Police Stations
- ✓ Keep technology locked and secured

Instructional Support:

- ✓ Consistent RC rules among all staff – hats, phones, language use
- ✓ Ensure middle school students work together
- ✓ Instructional tables labeled by subject area
- ✓ Know your student needs – triggers
- ✓ Measuring threat levels
- ✓ CTR supporting the learning environment

Compliance:

- ✓ Safety Drills are mandated to be performed three (3) times per year
- ✓ Ensure safety supplies are located in designated area and replenished each time a drill is performed
- ✓ Confirm that the Emergency Radio works properly (Channel 1)
- ✓ Update Resource Center Emergency Exit Plan annually
- ✓ Review and sign off on monthly Fire Extinguisher, Epi-Pen and Eye wash Inspections
- ✓

Instructional Continuity Plan

ALTUS SCHOOLS SOUTHERN CALIFORNIA

AUDEO CHARTER SCHOOL II

AUDEO CHARTER SCHOOL II

Instructional Continuity Plan

Formatted: Font color: Accent 1

General Information

At Audeo Charter School II (AUDEO II), we prioritize uninterrupted learning. This Instructional Continuity Plan (ICP) embodies our proactive commitment to ensuring education continues seamlessly, regardless of circumstances. By establishing robust systems for remote instruction and communication *now*, we are prepared to transition swiftly and effectively to virtual learning environments should any emergency or unforeseen event occur. Our integrated online learning platforms, video conferencing capabilities, and digital communication tools form the bedrock of this preparedness. Furthermore, this ICP details clear decision-making pathways, empowering a designated leadership team to act decisively, activate appropriate remote learning phases, and keep our staff, students, and families informed, ensuring learning remains constant.

Engagement Protocol

Formatted: Font color: Accent 1

In the event of an emergency, AUDEO II is committed to ensuring that students' educational experiences continue with minimal disruption. The school will engage students and families within 5 calendar days using a variety of communication methods to ensure everyone stays informed and connected. Examples of the two-way communication tools include phone calls, SMS text messaging, email, video conferencing, social media, and app notification through ParentSquare. The ParentSquare communication platform integrates with our Student Information System, providing all enrolled students and families with a centralized and accessible communication channel to receive updates and information from school administrators, teachers, and support staff. Given the instructional model of the school, it is common practice for teachers to be in touch with students and/or families daily. This routine communication ensures that in the event of an emergency, there will be no disruption in the connection between teachers, students, and their families. Teachers will continue to provide academic support, share resources, and address any concerns through the established communication channels.

Following an emergency, AUDEO II will utilize our Multi-Tiered System of Supports (MTSS) to ensure all students receive the appropriate level of support based on their individual needs. Healthy Youth Therapists on staff are available to assist in supporting students' social-emotional and mental health needs through individual or group therapy sessions.

AUDEO II strives to maintain a strong and supportive learning environment, even in the face of emergencies. By leveraging multiple communication methods and providing comprehensive support through MTSS, we aim to ensure the continuity of education and the well-being of our students and their families.

Instructional Access Plan

Formatted: Font color: Accent 1

AUDEO II is an independent study program that offers both in-person and hybrid learning options for students. Resource Centers are strategically located within the neighborhoods and communities where students reside. Thanks to our multiple physical locations, state-of-the-art video conferencing technology, and independent study format, AUDEO II can quickly adapt if a Resource Center becomes inaccessible due to an emergency or natural disaster. Students can continue in-person learning at an alternative neighborhood Resource Center or temporarily switch to virtual learning.

Every student at AUDEO II has a Pathways Personalized Education Plan (PPEP). This plan is used by staff to analyze each student's current academic levels, grades/credits, educational goals, learning styles/preferences, interests, and post-high school pathways. The PPEP is developed and continually revised in collaboration with the student, parent, teacher, counselor, and school instructional leader.

As part of the PPEP and Instructional Plan, the school staff administer a fall benchmark assessment, NWEA Measures of Academic Progress (MAP), to all students to measure academic levels and proficiency in Reading, Language, and Mathematics. Teachers and instructional leaders use these assessment results to make data-informed decisions, such as increasing individual tutoring support in specific academic domains or utilizing specialized instructional strategies, curriculum, and programs to improve student skills.

Monitoring student academic progress and growth is a key element of the PPEP. When students do not demonstrate improved academic growth over time, instructional staff initiate and increase academic intervention efforts and support. AUDEO II utilizes a Student Intervention Program aligned with the Multi-Tiered System of Support (MTSS). This intervention model provides instructional staff with a system to quickly identify and match the needs of all students. Each intervention completed by a teacher, counselor, or school support staff is documented in the school information system. The school's Data and Assessment department provides staff with a Monthly Storybook summarizing specific interventions completed. School leaders use this intervention data to monitor effectiveness and ongoing student needs. This plan ensures academic progress is not

disrupted if a student must switch locations or modalities due to an emergency or natural disaster.
As an independent study school, students will naturally continue their learning through their existing textbook-based curriculum, aligned with state standards and developed by subject matter experts, in the event of an emergency or natural disaster. This curriculum will remain accessible within 10 instructional days of an emergency scenario. The Curriculum Department has already implemented digital lesson guides and online textbooks to support independent learning. For families needing hard copies, textbooks, lesson guides, and supplemental materials can be distributed via non-contact methods.

Edgenuity is the platform used to deliver online curriculum. Through Edgenuity, students have access to multiple scaffolds essential for English Learners and Students with Disabilities, including digital notetaking, transcripts in multiple languages, graphic organizers, glossaries, academic language tools, digital sticky notes, extended time, video closed captioning, text translation, and read-aloud features.

Students who lack access to a computer or home internet can be issued data-enabled laptops through the Altus Connect Program, ensuring they can access the Edgenuity platform, virtual meetings & tutoring sessions, and other online resources from home.

School staff are dedicated to maintaining high levels of student engagement and supporting academic achievement. Setting high expectations helps students achieve their daily, weekly, and monthly goals. Key instructional strategies include virtual and/or in-person one-on-one meetings and small group tutoring sessions, where teachers guide instruction and assess mastery of content standards, providing additional instruction as needed. Teachers also offer instructional support during scheduled student hours, both virtually and in-person. Additionally, teachers monitor academic progress and engagement through online forms, surveys, screencast videos, virtual events, and other communication tools, ensuring students remain on track with their educational goals.

Communication Strategy

Formatted: Font color: Accent 1

In a school emergency or natural disaster, clear and timely communication is critical. Our multi-faceted approach prioritizes the safety and well-being of students and families by ensuring a consistent flow of vital information through multiple accessible channels, strengthening the school-to-home partnership.

Initially, ParentSquare can serve as our central hub for rapid dissemination of alerts and critical updates regarding the situation, safety protocols, evacuation procedures (if necessary), and school status. Simultaneously, the school website and the Altus Schools Health and Wellness Hub will be updated with the same crucial information, offering additional reliable sources.

Following immediate alerts, instructional staff will use secure text messaging, emails, and phone calls for more direct updates on student well-being and specific instructions. Virtual conferences via Microsoft Teams and Zoom may also be used for broader informational meetings or individual check-ins, as circumstances permit.

Recognizing potential challenges with digital communication, school staff will be prepared to conduct home visits to provide direct updates, ensure student safety, and deliver essential resources or instructions.

To ensure equitable access, our dedicated bilingual staff will communicate critical emergency information in both English and Spanish.

Access to Devices, Materials, and Connectivity

Formatted: Font color: Accent 1

To ensure students have access to online schoolwork, AUDEO II conducts multiple needs assessments and satisfaction surveys with students and parents to identify families requiring home technology. Teachers maintain regular communication with students and parents through secure text messages, phone calls, virtual conferences, and emails to identify ongoing needs or unique circumstances. As a result, the school has successfully deployed Chromebooks and data plans to all students in need. When new students enroll, school clerks and counselors conduct a technology needs assessment with each family and promptly provide devices to ensure all barriers to learning are eliminated.

Occasionally, school-issued devices require repair or service. In such cases, devices are collected and submitted to the school's Operations Department for maintenance. Students are issued replacement devices to ensure continuous access. Inventory is reviewed regularly by the Operations Department to ensure necessary stock levels are maintained to accommodate student need.

The school has also enhanced its websites and technology tools. To minimize confusion and redundancy for students and parents, the school has created an online landing page, www.altusgo.com, which provides students and families with access to curriculum

and instructional supports. From this landing page, students can access essential school technology programs such as Edgenuity, Naviance, Renaissance (Illuminate), Achieve 3000, and BrainPOP.
For students who prefer or require hard copy materials, staff will work with the family to distribute as needed.

Special Populations and Support Services

Formatted: Font color: Accent 1

Even in a shift to remote learning, our school remains dedicated to providing equitable and personalized education for all students through our key process: Pathways Personalized Educational Plan (PPEP). This collaborative plan, developed with teachers, students, parents, counselors, and instructional leaders, inherently addresses diverse needs, including those of English Learners, Students with Disabilities, and Foster/Homeless Youth. Our dedicated Homeless and Foster Youth Liaison will continue to provide comprehensive case management services remotely, ensuring uninterrupted support through virtual check-ins and resource coordination. Existing PPEPs, outlining individual goals and learning preferences, will guide personalized remote learning experiences, and our Multi-Tiered Systems of Supports (MTSS) framework will deliver tailored online interventions.

For English Learners, we ensure continued language development through both integrated and designated ELD support via online educational platforms and digital resources like Summit K12, BrainPOP EL, and Ellevation. Integrated ELD is embedded within virtual content lessons, while designated ELD focuses on explicit language and literacy skill-building through virtual small groups and individualized online activities, all aligned with the school's English Learner Plan. Students with Disabilities will continue to receive Free Appropriate Public Education (FAPE) through the virtual implementation of their IEPs. Specialized Academic Instruction (SAI) will be provided via distance learning by Education Specialists through secure video conferencing and online learning platforms. Curriculum will be adapted for digital accessibility, and instruction will be differentiated using online platform features and Universal Design for Learning (UDL) principles. Special education case managers will actively monitor student progress remotely through regular virtual check-ins and ongoing collaboration with general education teachers.

Furthermore, we are committed to supporting the holistic well-being of our students in a remote setting. To address mental health and social-emotional needs, we will provide virtual counseling sessions with our school counselors and offer readily accessible resource directories for additional support services. Recognizing the importance of basic

needs, we will also ensure families have access to critical nutrition services and other wraparound supports by providing comprehensive information on accessing local food banks and other essential resources.

Instructional Continuity and Independent Study Readiness

Formatted: Font color: Accent 1

As a WASC-accredited, non-classroom-based independent study program, our school has established and implemented written policies to govern our independent study program. All students and parents/care givers sign a board-approved, year-long independent study Master Agreement contract, which includes required elements such as Contact Information, Methods of Study, Evaluation Procedures, Attendance and Participation Requirements, Outreach Methods, Maximum Time for Assignments, and Number of Missed Assignments.

AUDEO II is dedicated to delivering high-quality, rigorous, and standards-aligned curriculum and instruction entirely through accessible online platforms. Our model inherently ensures that *all* students can be effectively supported remotely. Leveraging a robust digital curriculum, versatile communication tools, and interactive videoconferencing systems, we guarantee seamless continuity of learning, regardless of external circumstances such as emergencies or natural disasters. This instructional approach will ensure that students can receive virtual daily one-on-one meetings, weekly small group tutoring sessions, readily available virtual student hours, and additional personalized check-in meetings. This will ensure every learner receives the individual support they need to thrive in the event of a natural disaster or emergency.

Assessment and Student Progress Monitoring

Formatted: Font color: Accent 1

In the event of an emergency or natural disaster, the school will maintain continuous learning through the following established procedures: Teachers will consistently monitor student learning daily using varied formative assessments and robust tracking methods implemented remotely. Data on participation in online activities, coursework completion, assessments, and communication will be analyzed to inform responsive instruction. Teachers will utilize a Course of Study Record (CSR) and Participation/Credit Tracker to closely follow daily progress virtually, while students will maintain a Student Learning Log, reviewed and archived by teachers in the SPSIS. Attendance will be certified remotely via School Pathways Student Information System (SPSIS) at the end of each Independent Study Learning Period.

In the virtual environment, remote instruction will be shaped by continuous formative and summative assessments, incorporating a variety of online activities to gauge student learning and personalize instruction. Assignments will receive virtual feedback, and scores below 70% will automatically activate tailored virtual remediation plans, ensuring targeted support. Furthermore, teachers and instructional staff will leverage the school's MTSS framework to address the holistic academic, behavioral, and social-emotional needs of each student; these strategies may include additional virtual tutoring, participation in specialized programs like IXL Math, or meetings with guidance counselors or healthy youth therapists.

Leveraging secure video conferencing, educators can deliver dynamic live instruction, foster real-time communication, and implement immediate learning evaluations through engaging virtual activities such as quick writes and collaborative group projects. These interactive sessions bridge the physical distance, enabling active participation and timely feedback.

The SPSIS Gradebook will serve as the central platform for recording all virtual assignments, and teachers will provide summary comments on student progress at the end of each Learning Period. This information will be accessible to students and parents via the School Pathways Portal, with ongoing virtual training and support provided to ensure seamless access and engagement.

Professional Development for Staff

Formatted: Font color: Accent 1

Altus University ("AU") serves as the professional learning platform for the school, offering both in-person and virtual sessions to accommodate the diverse needs of our staff. Altus University includes a fully online component, called AU in the Cloud, which is available to all segments of the workforce and aligned with the California Quality Professional Learning Standards (QPLS).

AU sessions incorporate school-wide initiatives to improve student learning in math and English language development. Each session includes an evaluation for participants to provide feedback on participation, satisfaction, usefulness, learning, and areas for follow-up. This feedback is used by the school's curriculum departments as part of their ongoing Professional Learning Communities (PLCs) and to plan additional AU sessions.

Both in-person and virtual AU sessions provide instructional staff with the time and space to explore curriculum content necessary for quality instruction. Instructors build participants' capacity to use frameworks, standards alignment documents, and

instructional pacing guides to support teaching content standards. Assessment and instructional strategies are incorporated into the sessions so that teachers can use formative assessment strategies to inform instruction for a diverse student population.

Teachers have undergone Leading Edge Certification (LEC), a national certification for educational technology, to become effective online and blended learning teachers. For new teachers, the school continues the certification process through the LEC FLEX program. School instructional leaders provide feedback on new skills acquired through AU sessions during virtual tutoring session observations. Instructors model how to differentiate curriculum and scaffold instruction to support all students. These sessions uphold the school's values by increasing participants' capacity to enhance students' participation, engagement, connection, sense of belonging, and emotional well-being.

Instructional strategies are presented through an equity lens, ensuring access and equity for all students. Data informing AU sessions is disaggregated by gender, race, special needs, foster youth, and socio-economic indicators, allowing for the identification of student instructional needs focused on specific groups. All participants can access AU sessions through registration on the Altus University Portal. Sessions are generally held on the same day of the week and time, allowing teachers to plan instruction around the professional learning sessions they wish to attend. Recorded sessions are available on demand for staff members who are unable to attend live sessions.

Instructors for AU sessions include Administrators, Teachers on Special Assignment, Special Education, General Education teachers. They maintain a positive learning environment for all participants, who can use the chat feature within Microsoft Teams to ask questions without interrupting the flow of instruction and can unmute their microphones to participate verbally. Instructors engage participants through Web 2.0 tools learned from the Leading Edge Certification (LEC). AU instructors understand that student Social Emotional Learning is paramount, focusing on connecting with students first, followed by content.

By combining virtual and in-person professional learning, Altus University ensures that all staff have the resources and support they need to succeed in any learning environment.

Criteria for Returning to In-Person Learning

Formatted: Font color: Accent 1

Following a school emergency or natural disaster, the decision to resume in-person learning will be made in close coordination with state and county emergency

management and education agencies, prioritizing the safety and well-being of students and staff. Return to school sites will occur only when deemed safe by these authorities and when the following critical conditions are met:

- Lifted Evacuation Orders: All evacuation orders affecting the school site and the surrounding areas necessary for safe travel of students and staff must be officially lifted.

- Safe Air Quality and Clean Water: Air quality must be at levels deemed safe by relevant environmental agencies, and access to potable, clean water must be fully restored at the school site.

- Restored Utilities: Essential utilities, including power, gas, and functioning sanitation systems, must be reliably restored to ensure a safe and healthy learning environment.

- Debris Removal: School grounds and access routes must be cleared of any hazardous debris that could pose a risk to students and staff.

- Staffing and Food Service Readiness: Sufficient staffing levels across all essential functions, including instructional, administrative, and support roles, must be ensured. Additionally, food service operations must be ready to provide necessary meals for students.

Upon confirmation that these conditions are met and clearance is received, the school will implement clearly defined return-to-school plans and protocols aligned with the most current guidance from the California Department of Education (CDE) and county education offices. These protocols will be proactively communicated to all students and staff.

Collaboration and Site-Based Planning

The collaborative spirit at our school ensures that our Instructional Continuity Plan (ICP) and School Comprehensive Safety Plan are living documents, shaped by the diverse perspectives of our entire educational community.

Administrators actively champion the development and review processes for both plans. They initiate discussions, provide resources, and ensure that feedback is thoughtfully

integrated. Staff members, including teachers, counselors, and support personnel, contribute their invaluable frontline experiences through surveys, focused meetings, and professional development sessions, directly influencing the practical elements of the plans.

Parents and family members play a vital role as essential partners. Their insights into students' needs and home environments are gathered through surveys, school events, parent-teacher conferences, and dedicated meetings, ensuring a holistic approach to both instructional continuity and safety.

Our students' voices are also crucial in this collaborative endeavor. Meaningful feedback is solicited through age-appropriate surveys, student forums, and representative participation in school events, providing a unique and important perspective on safety and learning continuity.

The School Site Council serves as a cornerstone of the annual review process for both the ICP and the School Comprehensive Safety Plan. This body, comprised of administrators, teachers, staff, parents, and students, reviews the plans, analyzes feedback gathered throughout the year, and provides critical input for revisions and improvements, ensuring that our safety and instructional strategies remain responsive and effective. This ongoing cycle of collaborative development and review ensures that our plans reflect the collective wisdom and shared commitment of our entire school community.

Plan Review and Updates

Formatted: Font color: Accent 1

Our Instructional Continuity Plan (ICP) is a living document designed to adapt to the evolving needs of our school community. To maintain its effectiveness, we conduct an annual review and update process.

The Altus Schools Executive Safety Team is central to this process. Each year, they examine the ICP, ensuring its alignment with current best practices and any changes in our school environment or local context. This comprehensive review includes:

- Data Analysis: The Executive Safety Team (EST) analyzes year-long data, including feedback from surveys, meetings, and training involving administrators, staff, parents, and students. The EST contributes critical insights related to safety protocols and potential risks, allowing us to pinpoint the plan's strengths and areas needing improvement.

Formatted: Bulleted + Level: 1 + Aligned at: 0.25" + Indent at: 0.5"

- Stakeholder Input: We actively seek and value input from all stakeholders through surveys, focus groups, and school events. The EST thoroughly addresses all safety-related concerns raised during this engagement process and integrates guidance from the School Site Council's review of the Comprehensive School Safety Plan and Instructional Continuity Plan.

- Plan Evaluation: The EST assesses the ICP's effectiveness in addressing potential disruptions to instruction, such as natural disasters, emergencies, and other unforeseen events. The EST lends its expertise to evaluate the clarity of safety procedures, the adequacy of resources, and the practicality of implementation.

Based on this thorough analysis, the Executive Safety Team recommends necessary revisions to the ICP.

The updated ICP then undergoes the following steps:

- Documentation and Communication: All revisions are clearly recorded within the ICP and shared with key educational partners.

- Implementation: The updated ICP is put into practice school-wide, with any required training or professional development provided to staff. The Executive Safety Team actively supports the implementation of all safety-related components.

This annual cycle of review and updates, driven by the active involvement of the Executive Safety Team, guarantees that our ICP remains a relevant and effective instrument for ensuring instructional continuity, demonstrating our unwavering commitment to the safety and academic success of every student.

Executive Summary

Formatted: Font: 14 pt, Font color: Accent 1

Formatted: Font: 14 pt, Font color: Accent 1

Formatted: Font: 16 pt, Not Bold, No underline

The purpose of this plan is to outline the basic organization and procedures utilizing the Standardized Emergency Management System (SEMS) and the National Incident Management System (NIMS) for responding to an emergency affecting any location.

An "Incident Commander" (and alternate) is assigned to be the point of contact for this plan. During emergencies, the Incident Commander is the point of coordination for all operations. An Incident Command Team is in place to address key issues during emergency operations. The team works as directed by the Incident Commander. Each team member assignment can be found in Section Four of this plan, which identifies roles, responsibilities and duties.

The Incident Commander and the Incident Command Team are assigned to maintain and implement their Emergency Plan. The Safety Coordinator will assist with emergency preparedness, disaster planning, and will be responsible for updating the underlying Emergency Plan Template. As a component of the Comprehensive Safe Schools Plan document, the Safety Coordinator will review this emergency plan on an annual basis to determine if the Emergency Plan Template is compliant with Federal, State, and local laws.

The Incident Commander will coordinate training for all new staff (paid and volunteer) assigned to this site. The Incident Commander, coordinating with the Safety Coordinator, will conduct scheduled exercises to provide staff with an opportunity to practice the emergency procedures outlined in this plan.

This format allows staff to understand basic roles and responsibilities regardless of where in the school they may be working.

It is imperative all staff review this plan at least twice a year to ensure a basic understanding of their role and responsibility in an emergency. It is unlikely that anyone will have the time when an emergency occurs to review this entire plan, thus understanding and practice is necessary to be prepared. The proactive actions of individuals during an emergency may very well save another's life.

Assessment of School Crime

Formatted: Font: Not Bold, No underline, Font color: Accent 1

In assessing the crime rate for the last two school years at Audeo Valley Charter School, the crime data indicates that there have been no incidents of the last two years. Audeo Valley staff will continue to monitor student behavior to ensure a safe and supportive environment. Both students and parents continue to rate the school high for providing a safe environment in their annual surveys.

The data represented is the total number of reported incidents within each crime category and as rates per 100 students enrolled. It is important to note that comparisons (% Change) are calculated from incident rates and not total numbers, because the rates reflect changes in student enrollment from year to year. Crimes involving Arson, Graffiti, and Vandalism must exceed $100 per incident, theft $50, and Burglary has no dollar limit. Any rate change

to or from zero is represented as a 100% change. Caution should be used when drawing conclusions from individual rate changes. Improved reporting practices may have resulted in increases in crime rates which may not represent actual increases in crime.

RESPONSE GUIDELINES FOR DANGEROUS, VIOLENT OR UNLAWFUL ACTIVITIES

Emergency Notification Information

Formatted: Font: Not Bold, No underline, Font color: Accent 1

Often, the first action to occur as an emergency incident is unfolding is the need to alert or warn others. The Safety Coordinator will serve as the primary notification point for emergencies at this site. The primary or alternate Incident Commander will notify the Safety Ambassadors. Once notified, they will begin contacting public safety officers to assist the Incident Commander, pursuant to their policies and procedures.

The very next action to occur is the need to alert or warn site staff. Methods for notifying staff include: Telephone – Landline and/or cellular, site radio, Runners – staff and/or students, Siren System – Siren and/or bell depending upon site, Public Announcement System (PA), Handheld Air Horns or Bull Horns.

The method utilized will depend upon the circumstances of the emergency and the resources available at this site. Additional information is found in the School Emergency Procedure.

The Safety Coordinator will conduct an initial assessment based on available information and will advise the Incident Commander and ~~Office of~~ the Superintendent of the recommended actions to be taken. However, if the emergency requires immediate action, the Safety Coordinator will initiate the appropriate warnings and notifications to public safety responders without delay.

As services are being dispatched to assist, the Incident Commander will begin to gather and direct site resources as necessary to address the emergency or disaster at hand. The following external and internal contacts may be of assistance:

Emergency Resource Information
Emergency Disaster Kit

This site maintains one kit. The kit(s) are located: Janitorial Closet

The Emergency Disaster Kit stores necessary resources for a site incident command. This kit should not be confused with the Crisis Response Box, which is carried out of the site to a Public Safety Incident Command Post. Site personnel should use the items contained within the kit to manage their incident command. The following equipment and supplies are stored inside the Emergency Disaster Kit:

- ☑ Handheld Air Horns – recommend a minimum of five (Incident Commander & Chiefs)
- ☑ Bull Horn – recommend a minimum of one
- ☑ Batteries – recommend a minimum of two sets for bull horn, flashlights, emergency radios and walkie-talkies)
- ☑ Flashlights – recommend one per Incident Command Team member (17) (Search & Rescue Team and First Aid and Medical Team requirements listed separately)
- ☑ Walkie-Talkies – recommend a minimum of five (Incident Commander & Chiefs)
- ☑ Duct Tape – recommend a minimum of two rolls used for marking blank vests.
- ☑ Rosters - recommend a minimum of one set per room sorted by alphabet
- ☑ Steno Pads (5x7) – recommend one per Incident Command Team member (17)
- ☑ Pencils & Pens - recommend one each per Incident Command Team member (34)
- ☑ Copies of Forms
- ☑ Chalk - recommend twenty-five sticks, red in color
- ☑ 3x5 Cards – recommend one hundred
- ☑ Department or Site Placards
- ☑ First Aid & Medical Team Supplies
- ☑ Search and Rescue Team Supplies
- ☑ Vests for Key Personnel – recommend a total of 17 for Incident Command Team members (Search & Rescue Team and First Aid & Medical Team requirements listed separately in Section Four)

All Emergency Disaster Kits and their contents are the responsibility of the Incident Commander. The Incident Commander will conduct annual inspections in October of each year. The responsibility to inspect and replace non-operating equipment and supplies belongs to the site. The responsibility to delegate the transport the Emergency Disaster Kit to an activated Command Post belongs to the following individuals:

Primary: **Incident Commander**
Alternate: **Operations Chief**

The Crisis Response Boxes are located~~: Janitorial~~: Janitorial Closet and each Support Team Member

The Crisis Response Boxes are file folder- type boxes. The boxes are clearly labeled and contain vital information needed by the Incident Command Team and Public Safety Incident Commander (in the event a public safety incident command post is established. The following information is stored inside each box:

- ☑ Current copy of the Emergency Plan which should include site evacuation procedures, including staging locations. Also included should be an aerial photo including all **new** structures, electric, gas, water cable, telephone, intrusion and fire alarm shutoffs, site numbers, gate openings for vehicles/pedestrians and all fire hydrants that have been added to accommodate these new structures.
- ☑ Current map of site layout. Map must show **all** buildings, site numbers, and evacuation routes.
- ☑ Most current blueprint (architectural drawings).
- ☑ Current roster of students and staff assigned to the site, as well as issues pertaining to special needs students. These rosters will be in alphabetical order for staff and students. Student roster must be in alphabetical order, divided by grade level and have emergency contact/release information.
- ☑ A list of the site's staff skills including language translation, specialized training, and emergency equipment carried in vehicles.
- ☑ If available, current student photos on CD-ROM or most recent year book.
- ☑ Telephone numbers listed in numerical order for each site/building.

Maintenance of the Crisis Response Boxes and their contents is the responsibility of the Incident Commander. The Incident Commander will work with Safety Coordinator on conducting an inspection during October of each year. The responsibility to inspect and replace information belongs to the site.

The responsibility to carry the box to an activated Public Safety Incident Command Post belongs to the following individuals:

Primary: **Incident Commander**

Emergency Quick Reference Guide

Formatted: Font: Not Bold, No underline, Font color: Accent 1

This document, often referred to as the "Emergency Quick Reference Guide" is a red, white and blue quick flip-type reference chart that provides basic guidelines for emergencies. The information in this guide is drawn directly from the School's Emergency Procedures. Each site ~~and office~~ has been equipped with a copy of the guide. The guide provides basic direction for teachers and staff in the event of an emergency. All staff should familiarize themselves with the content annually. Replacement copies are available through the Operations Department.

Emergency Operations Overview

Formatted: Font: Not Bold, No underline, Font color: Accent 1

The protection of lives shall be the primary priority of all emergency operations and procedures. The protection of property shall be secondary to life safety. The emergency procedures within this Plan are designed to facilitate life safety through the use of simple, basic procedures based on the Standardized Emergency Management System (SEMS) and the National Incident Management System (NIMS) that utilize the Incident Command System (ICS) as the basic response management structure.

Disaster Service Workers

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

California Government Code, Chapter 8, Section 3100 states: "…all public employees are hereby declared to be disaster service workers subject to disaster service activities as may be assigned to them by their superiors or by law." In accordance with these provisions, all staff members are considered "disaster service workers" during emergencies and must remain in the site to carry out assigned responsibilities. Site staff should be familiar with emergency procedures and any assigned responsibilities. During an emergency, staff will serve on response teams and implement response procedures. If a teacher has been assigned to an Incident Command Team position in the following list, the teacher will first ensure the safety of the students and accompany the students to the Assembly Area (also known as the "Evacuation Area"), where the students will be reassigned to another teacher. The teachers will then carry out their assigned Incident Command Team responsibilities.

Plan Maintenance

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

The Incident Commander is responsible for the maintenance of this plan. The Emergency Plan is Criterion 2 of California's mandated Comprehensive Safe Schools Plan. The School Safety

Coordinator is responsible for annual plan review. Appropriate changes or modifications shall be forwarded by the Incident Commander to the Safety Coordinator for approval prior to any distribution. The Emergency Plan will be maintained on a secured intranet with "read only" access to the Incident Command Team and revision access to the Incident Commander and the Safety Coordinator.

Training & Exercises

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

Training is a key component to ensure successful emergency operations. The adage "people will do what they have been trained to do" is consistently proven in actual emergencies. Exercises allow "people" to practice what they have been trained to do and improve their skills for an actual emergency.

The Incident Commander will coordinate annual trainings for all staff on the basic emergency procedures of this plan. All new staff assigned to the site will receive basic training within 30 days of assignment. Basic training can simply involve knowledge of basic SEMS and ICS protocols, key evacuation locations, parent reunification locations, and the location of related resources. Members of the Incident Command Team will receive additional training specific to their duties every year by the Incident Commander and School Safety Coordinator.

The Incident Commander will coordinate annual exercises for all staff as outlined in the School Emergency Procedures.

Incident Command Team Overview

Formatted: Font: Not Bold, No underline, Font color: Accent 1

Formatted: Font: Not Bold

According to ICS, the size of the organization (i.e. number of positions) will vary depending on the operational needs of the incident. In some cases, one individual may be able to fill more than one "position". (Example: in a small incident the School Principal oftentimes serves as the Incident Commander and the Public Information Officer.)

Only under very unusual conditions will all of the positions identified below be activated and fully staffed. To that extent, the Incident Commanders have been encouraged to "cluster" certain same-section positions, if the workload allows. The Incident Commander could assume the Safety Officer, Public Information Officer, and Liaison Officer duties. The Planning & Intelligence Chief could assume the Documentation and Situation Analysis duties.

Formatted: Font: Not Bold, Font color: Accent 1

Incident Command Team Assignments

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

Key staff will be pre-assigned to the Incident Command Team and have specific duties during emergencies. These duties include:

- Incident Commander – responsible for overseeing the site emergency operations. Typically, also assumes responsibilities of the Safety Officer, Liaison Officer, and Public Information Officer duties

Formatted: Font: Not Bold, Font color: Accent 1

  - **Safety Officer** - ensures that all activities are conducted in as safe a manner as possible
  - **Public Information Officer** – acts as official spokesperson for the site in an emergency situation, until the School's Communications Officer is available
  - **Liaison Officer** – serves as the point-of-contact for agencies outside of the School's organization.
- Operations Chief – manages direct response to the site emergency

Formatted: Font: Not Bold, Font color: Accent 1

  - **Facility Check & Security** – controls utilities, restricts access to unsafe areas, provides traffic control, and communicates damage to Incident Commander
  - **Search & Rescue Leader and Team** – checks site for damage, rescues victims, and reports site conditions
  - **First Aid & Medical Leader and Team** – provides medical response including CISM (Critical Incident Stress Management)
  - **Student/Parent Reunification**

        - **Assembly Area** – ensures the care and safety of all students in site (except those in the Medical Treatment Area)
        - **Request Gate** – processes requests by parents or authorized adults for release of students
        - **Release Gate** – releases student to parent or authorized adult
- Planning & Intelligence Chief – in charge of collection, evaluation and documentation of information about the incident
    - **Documentation** – collects, evaluates, and documents event
    - **Situation Analysis** – assesses the overall incident
- Logistics Chief – provides facilities, services, personnel, equipment and materials to support response – includes food and transportation services
    - **Supplies, Facilities, & Staffing** – provides supplies, equipment and staffing to support response
- Finance & Administration Chief – tracks purchases, staff hours, costs, and student accountability

In the event of an emergency, a Command Post will be established by the Incident Commander. Incident Command Team members will be informed of the location upon activation.

The Emergency Roles and Responsibilities Section (Section Four) of this plan provides checklists for each of the above assignments. The Incident Command Team will report to the Incident Commander at the Command Post. Any staff may be assigned to assist each of the above positions depending upon the circumstances and demands of the incident and care of the students and staff.

The Emergency Operations Center (EOC) located at the ~~Corporate Offices~~Sorrento Mesa RC may be activated to support site emergency operations. In the event that the EOC is activated, the Incident Commander will establish communications and coordinate closely with the EOC.

It's important that the Incident Command Team refer to both the Emergency Procedures and Emergency Quick Reference Guide for command directives and clarifications.

SECTION THREE

Emergency Procedures

Evacuation Procedure

Notification

The Incident Commander is responsible to notify the Incident Command Team when an evacuation is necessary. The Safety Ambassador, in coordination with the Incident Commander is responsible for activating the evacuation notification procedures for site-level personnel. Additional information pertaining to site evacuations can be found in Emergency Procedures.

The signal for evacuation is:

short interrupted blast.

If the primary emergency notification system fails to activate, the secondary notification method will be handheld air horns found in the Emergency Disaster Kit.

If evacuation is required, but an alternative method of notification is required (e.g. a received credible bomb threat), then notification can be made by telephone, radio or runners. This method reduces the level of anxiety and potential panic.

Exiting Buildings

The Incident Commander is responsible for ensuring that staff and students are aware of designated exit routes from the building. Appropriate maps and directions are posted near each door to ensure that occupants are aware of the possible exits. Each site and department has developed plans for ensuring that all staff/students receive evacuation notification and are moved to a pre-designated evacuation area. All staff will be trained to conduct rapid visual and verbal "sweeps" of their assigned areas to ensure that no one is left behind.

The responsibility to ensure maps and directions are posted, as well as appropriate training delivered, belongs to the following individuals:

Primary: **Incident Commander**
Alternate: **Operations Chief**

Evacuation Locations

In the event that the situation requires a further distance be placed between individuals and the facility, the Incident Commander will direct individuals to proceed to the designated emergency meeting area.

Persons with Disabilities

Formatted: Font: Not Bold, Font color: Accent 1

In emergencies, persons with disabilities may need special assistance in evacuating to the designated location. Each Incident Commander is responsible for pre-identification of persons with disabilities who may need assistance and assigning staff to assist them. Persons with disabilities or other staff who may need special assistance in an evacuation situation are responsible for ensuring that their Department Head is aware of their needs for assistance.

Because of the volume of foot traffic that can be expected through stairways and corridors in a building during an evacuation, there must be an area of rescue assistance established aside from the main flow of foot traffic. Such an area must be clearly marked so disabled individuals know where to go for refuge in a critical time. Proper signage for this area is "Area of Rescue Assistance." Evacuation maps will articulate this information.

The responsibility to determine disability needs, assign appropriate staff and ensure proper resources for evacuation and reunification belongs to the following individuals at this site:

Primary: **Incident Commander**
Alternate: **Operations Chief**

Return to Facility

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

Formatted: Centered

The Incident Commander, in consultation with the Public Safety Incident Commander if necessary, will determine when individuals can return to the facility. In the event that staff or students must be released early, the Incident Commander must request approval from the ~~Office of the~~ Superintendent. The Safety Coordinator should be advised of this information.

The notification for a safe return to facilities located at this is:
Communication via Emergency Radio and/or Cell Phone

Shelter-In-Place Procedure

Formatted: Font: Not Bold, No underline, Font color: Accent 1

Shelter-In-Place generally occurs when evacuating the site is more dangerous than taking shelter inside a building. This generally occurs during natural disasters, severe weather conditions, or health hazards. The following procedure applies to this site. Additional information pertaining to Shelter-in-Place is available in Emergency Procedures.

Formatted: Font: 14 pt, Font color: Accent 1

Notification

The Incident Commander is responsible to notify the Incident Command Team when a Shelter-In-Place is necessary. The Safety Coordinator, in coordination with the Incident Commander is responsible for activating the Shelter-In-Place notification procedures for site-level personnel.

The signal for Shelter-In-Place is: 3 short beeps, 3 long beeps followed by Verbal Instructions

If the primary emergency notification system fails to activate, the secondary notification method will be handheld air horns found in the Emergency Disaster Kit**.**

Activation & Deactivation

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

Quickly direct students and staff inside to the nearest room; do a verbal and visual sweep as you get everyone inside. Shut all doors and windows leading into the room, including interior doors. Doors may be opened for late arrivals if the exterior environment is safe. Take student attendance and report missing or extra students to the ~~office~~SM RC by radio, telephone or e-mail. For environmental emergencies, immediately shut off the air conditioning/heating system, try to seal air vents and gaps under doors and around windows. Monitor your local radio, T.V. or e-mail for updates. Remain in Shelter-in-Place until the "All Clear" signal is sounded.

Return to Facility

Emergency Lockdown Procedures

Formatted: Font: Not Bold, No underline, Font color: Accent 1

If an emergency situation near a site endangers student or staff safety, Lockdown the Site/Building.

FIRST: Follow the ~~below lockdown procedures~~lockdown procedures below and notify an Executive Safety Committee Member immediately.

Executive Safety Committee	~~Office~~Contact Number
School Coordinator	951-924-4964
School Nurse	951-924-4964
Operations and HR Administrator	951-924-4964

During a lockdown, several security measures will take place:

1. A teacher or designee will declare **"this is a lockdown"** alerting staff and students in a calm manner.
2. All students and staff remain in their site ~~or offices~~.
3. All site doors and windows are to be closed and locked.
4. All window blinds should be drawn or closed.
5. A staff member will activate "STAY" function on ADT/Protection One Security Alarm Panel.
6. Safety Lead or designee in site will call/email Executive Safety Committee.
7. A staff member will take a head count of ALL persons in site/building
8. A staff member will use the attached Sign In sheet for ALL persons on location.
9. All lights should be turned off (as needed)
10. A member of the Executive Safety Committee will communicate and work directly with the Site Safety Ambassador and/or designee.

~~10.~~ *ONE TO ONE COMMUNICATION. NOT EVERYONE NEEDS TO CALL.*

Formatted: Font color: Accent 1

Formatted: Indent: Left: 0.25", No bullets or numbering

11. No one is permitted to leave and no one, including a parent, is allowed in the site.
12. Students and staff will remain quiet and calm.
13. All individuals should seek immediate cover under desks or tables and remain low to the ground and away from windows or doors as needed.

14. First aid will be rendered by staff as necessary.
15. Site staff should not make statements to the media.

Only a member of the Executive Safety Committee may lift a lockdown.

Formatted: Font: 14 pt, Not Bold, No underline, Font color: Accent 1

Formatted: Font: 14 pt, Not Bold, No underline, Font color: Accent 1

Persons who may activate a site lockdown:

- Any member of the site staff or community safety support (Police, Fire, Mall Management etc.) may declare a lockdown.

Conditions in which to activate a school-wide or site- specific lockdown may include, but not limited to:

- Authorities inform the school or site of a dangerous situation in close proximity to the facility.
- The immediate pursuit of a dangerous suspect.
- The execution of a high-risk search or arrest warrant.
- A large-scale enforcement operation involving potentially dangerous suspects.
- Someone with a weapon is en route to a site.
- Gunshots are heard nearby.
- An act of terrorism.

BEST PRACTICE: enroll your work email on local media news alerts for your area.

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

Should a lockdown occur, parents should be aware of the following:

- Remain calm as site and local authorities manage the situation.
- If a lockdown lasts for an extended period of time, or goes beyond dismissal time, students will not be allowed to leave until recommended by the appropriate authorities. Site staff will attempt to notify parents by phone.
- Parents may be required to pick up children from the site or another designated staging area, once it is determined to be safe to do so.
- Parents will be required to present identification.
- The reunification location will be given to parents over the phone, if possible.

- Students and parents are reminded that during an emergency situation, cellular sites may be overwhelmed due to a high volume of calls. It is critical that text messaging and cell phone use be kept to a minimum so that emergency services have priority to assist the students and staff on the site.

Following Lockdown:

- The Safety Ambassador for the site will fill out and submit to School Coordinator within 24 hours:
    - Lockdown Incident Report Form
    - Emergency Sign-In Report
    - Emergency Student Sign Out Report
- The Safety Committee will convene within 72 hours to debrief
- The Safety Ambassador Coordinator will keep a record of all occurrences.

Parent Notification & Reunification Procedure

Formatted: Font: Not Bold, No underline, Font color: Accent 1

Following a lockdown, shelter-in-place, or other emergency action, there may be a need to reunite students with parents. This is often a difficult and somewhat chaotic event, requiring planning and resources. The following site procedure was developed to limit chaos and ensure a safe reunification of students with their parents or legal guardians.

Notification

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

In the event the School Coordinator determines students are to be released from the site, a collaborative effort will begin to notify parents/guardians of the unification effort using information provided on student's emergency contact cards, as well as information available within the school student database.

Reunification

Formatted: Font: 14 pt, Font color: Accent 1

Reunification will generally occur from the location pre-identified as the evacuation point. Staff and law enforcement will be stationed at one central point, where all students will enter and exit the unification location. Incident Command Team members will use site attendance and emergency card information to check in and out students.

The responsibility of reunification, determining needs, assigning appropriate staff, and ensuring proper resources for reunification at this site belongs to the following individuals:

Primary: **Incident Commander**
Alternate: **Operations Chief**

Earthquake Procedure

Earthquakes often occur without notice and generally have after-shocks which are just as dangerous as the initial quake. Building evacuation will generally occur following a major earthquake due to potential dangers of fires or explosions. The following earthquake information pertains to this site.

Notification

Give the command to "Drop, Cover, and Hold" at the first indication of shaking ground.

Attempt to gain safety under tables, desks, or other supporting objects. Consider holding onto the supporting object to keep it over your body. If in a hallway, move to an inside wall and stand in the doorway.

Remain away from windows to avoid falling glass, and away from large objects that may fall upon your person.

Extinguish any flames and turn off power to equipment and electrical appliances if possible. Turn off gas valves as well.

Hold undercover for at least two minutes to assess damage and injuries while waiting for the first aftershock to occur.

After the first aftershock, activate your site evacuation procedures after confirming the path and destination are safe.

Monitor your site emergency radio for possible updates and instructions from the School's Emergency Operations Center. Use radio Channel 1.

Do not return to the inside of any building until emergency personnel check the buildings for safety.

Structural Failure

Give the command to evacuate the affected building or area and secure the premises to prevent entrance by others.

Advise your School Coordinator of the situation.
Upon arrival of emergency personnel, coordinate to evaluate known information and decide upon a course of action to render the situation safe.

Fire Procedure

Formatted: Font: Not Bold, Font color: Accent 1

Fires often occur without notice and can spread quickly if not addressed. Building evacuation will generally occur following a fire notification due to potential dangers of burns and smoke inhalation. The following fire information pertains to this site.

Formatted: Font: Italic, Font color: Accent 1

Notification

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

Notify your School Coordinator. If possible, quickly assess the site and size of the fire to determine an appropriate evacuation action.

Alert all staff and students of the fire location and condition – activate your fire alarm system to sound the alarm.

Begin evacuation procedures for everyone to an appropriate assembly area. Remember to move individuals away and upwind from the hazard.

Call the Fire Department ("9-1-1"). If phone service is unavailable, use your emergency radio (Channel 1).

Render first aid as needed. Be sure to notify the School Coordinator of injuries.

Activate specific components of your site emergency plan as appropriate.

Supervise the evacuation and ensure all rooms and unsafe areas are evacuated. Check to ensure accountability for all staff and students. Maintain control of evacuees at the site assembly area until the situation is under control.

Have some staff standing by at the site entrance to direct responding fire personnel to the fire location.

Upon arrival of emergency personnel, coordinate to evaluate information and decide upon a course of action to either return to the site or arrange for an early dismissal.

Formatted: Font: Not Bold

First Aid Kit

- ❑ Twenty Gauze pads, non-sterile (3 x 3 or 4 x 4)
- ❑ Four Roller Gauze, 4" wide, to secure gauze pads over wounds
- ❑ Two Adhesive tape, 1" wide, to secure gauze pads or bandages over wound
- ❑ Fifty Band-Aids, Regular size, 1" x 3", to cover minor wounds
- ❑ Twenty Band-Aids, small, to cover minor wounds (finger)
- ❑ Ten Band-Aids, large, to cover large wounds
- ❑ Five Pairs Latex-free gloves, Medium
- ❑ Two Cold compress
- ❑ Twenty Cotton Tip Applicators
- ❑ Two Triangular Bandage
- ❑ Four Thermometers-disposable
- ❑ One CPR Mask
- ❑ Written instructions for first aid kit use

Blood Bourne Pathogen Kit (BBP Kit)

- ❑ Wastebasket for supplies storage
- ❑ Marked spray bottle to create disinfectant solution
- ❑ Dishwashing Soap
- ❑ Sponge
- ❑ Gloves
- ❑ Zip lock baggies
- ❑ Roll of paper towels
- ❑ Brush and dust pan
- ❑ Wastebasket size plastic liners
- ❑ Kitty litter
- ❑ Disposable plastic aprons
- ❑ Written instructions for the use of the BBP kit and materials
- ❑ 1 pair Goggles
- ❑ 2 pairs Shoe Covers

Backpack Survival Kit

- ❑ Emergency Preparedness Binder (contains
- ❑ Safety Plan and other documents) Transistor AM/FM radio
- ❑ Wired Phone
- ❑ Safety glow sticks - 2
- ❑ Candles - 2
- ❑ Emergency Blanket
- ❑ Waterproof Matches
- ❑ Whistle (located on the end of the “Life Gear” glow stick)
- ❑ Flashlights
- ❑ Duct Tape
- ❑ Pad of Paper Marker

Field Trip First Aid Kit

- ❑ Ten Sterile gauze pads, 2"x2"
- ❑ Two Gauze roller, 4"
- ❑ Four Gauze roller, 2"
- ❑ Fifteen Band-Aids, Regular size, 1"x3"
- ❑ Five Band-Aids, large
- ❑ Two Triangular bandage
- ❑ One Adhesive tape, 1"
- ❑ One Hand sanitizer, 2oz bottle
- ❑ One First Aid Antiseptic, 2oz bottle
- ❑ One CPR Mask
- ❑ Written instructions for first aid kit use

Science Cart First Aid Kit

- ❑ One Absorbent Compress
- ❑ Ten Antibiotic Cream
- ❑ Ten Antiseptic Towelettes
- ❑ Ten Burn Cream
- ❑ Five Fabric fingertip bandages
- ❑ Four Fabric Knuckle Bandages
- ❑ One First Aid Tape
- ❑ One Forceps 4"
- ❑ Four Gauze pads 3x3
- ❑ One Gauze roll, 2" x 6 yd
- ❑ One Instant Ice Pack 5x7"
- ❑ 2 large Nitrile Gloves
- ❑ Sixteen Plastic Bandages 1x3"
- ❑ One Scissors 4"
- ❑ One Sting Wipes 1 x2"
- ❑ One Triangular Bandage 40x40x56"
- ❑ First Aid Facts Guide

COVID Caddy

- ❑ One Disinfectant wipes
- ❑ Two Disinfectant spray
- ❑ Paper towels
- ❑ One box of Masks
- ❑ One box of Gloves
- ❑ One Thermometer with Batteries
- ❑ Hand sanitizer

Best Practice Considerations for Schools in Active Shooter and Other Armed Assailant Drills

The National Association of School Psychologists and the National Association of School Resource Officers have partnered to provide this guidance on armed assailant training, with input from Safe and Sound: A Sandy Hook Initiative and the ALiCE Training Institute. This document provides guidance on the important factors schools must take into account when considering and conducting armed assailant drills.

Overview

A. Response to armed assailants has focused on implementing a site lockdown. Recently, discussion has emphasized options-based approaches, which sometimes include the "Run, Hide, Fight" model.

B. Armed assailant drills have both benefits and concerns associated with their implementation.

- Armed assailants in site's account for only 1% of homicides among school-age youth; schools must balance costs and benefits when allocating crisis preparedness resources.
- Such drills have the potential to empower staff and save lives, but without proper caution, they can risk causing harm to participants.
- Available research supports the effectiveness of lockdown drills carried out according to best practices, but research is still needed on the effectiveness of armed assailant drills.

Drill Approaches and Planning

A. Traditional lockdowns should remain the foundation of an options-based approach to active assailant training, which allows participants to make independent decisions in evolving situations.

B. Exercises should be considered in a hierarchy with simple discussion-based exercises before complex operations-based drills are practiced.

C. Schools should keep simulation techniques appropriate to the participants' developmental maturity.

- Inform participants of the use and purpose of props and simulation aids prior to the drill.
- Using Airsoft guns as simulation aids requires careful safety measures and opt-out

Formatted: Font: Not Bold, No underline, Font color: Accent 1

Formatted: Font: 14 pt, Not Bold, Not Italic, Font color: Accent 1

opportunities.

D. Regular practice helps participants develop readiness and quickly access and apply knowledge.

Developmental And Mental Health Considerations

A. Children model their reactions on adult behavior, so effective drills should result in staff who inspire calm and confidence in students.

B. It is critical that participation in drills be appropriate to individual development levels, and take into consideration prior traumatic experiences, special needs, and personalities.

C. School-employed mental health professionals should be involved in every stage of preparation.

- Prior to the drill, staff should be trained to recognize common trauma reactions.
- Adults should monitor participants during the drill and remove anyone exhibiting signs of trauma.
- After completion, staff and students should have access to mental health support, if needed.

D. Participation should never be mandatory, and parental consent should be required for all students.

E. If staff chooses to opt-out of intense drills, they should receive comparable, less intense instruction.

Steps For Conducting Safe, Effective, And Appropriate Drills

1. Create a school safety team (including an administrator, a school mental health professional, a school nurse; security personnel, teachers, and parents) that also coordinates with local law enforcement and emergency responders.
2. Conduct a needs assessment of the school community.
3. Implement a cost–benefit analysis that considers all emergency preparedness needs and options.
4. Tailor drills to the context of the school environment.
5. Create a plan of progression that builds from simplest, lowest-cost training; identifies obstacles and goals; and establishes a timeline.
6. Prepare for drill logistics that ensure physical and

psychological safety as well as skills and knowledge acquisition.

7. Develop a communications plan that gives all participants advance warning and the ability to opt out and/or provide feedback.
8. Establish a long-term follow-up plan to support sustainability that includes assessing ongoing and/or changing preparedness training needs.

Introduction

Formatted: Centered

The National Association of School Psychologists (NASP) and the National Association of School Resource Officers (NASRO) represent key members of school safety and crisis teams. We are committed to supporting school communities' understanding and implementation of best practices related to school safety, school mental health, and crisis prevention and response. We have partnered to provide this guidance on armed assailant training, with input from Safe and Sound: A Sandy Hook Initiative, a nonprofit organization of parents, educators, and other members of the school community, and the ALiCE Training Institute, a for-profit company that provides active shooter training.

Critical elements to effective crisis preparedness and response of any kind are a common understanding of purpose and procedures among all participants, a respect for each other's roles and perspectives, and a shared commitment to ensure the safety and well-being of all members of the school community. Our common goals in this document are to provide best practice information to help schools determine to what extent they need armed assailant training and to conduct trainings that make best use of resources, maximize effectiveness, and minimize physical and psychological risks. Importantly, this document is not intended to provide specific guidance on *how* to conduct active assailant drills but rather to provide guidance on many of the issues that must be considered when planning for and implementing such training. The specifics of any training should be determined at the local level by appropriately trained school leadership, school safety and mental health personnel, and law enforcement.

Please note that the appendices in this document contain very important decision-making information. They are referenced within and at the end of the document.

Part I: Overview

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

Schools have a responsibility to protect the physical and psychological well-being of their students and staff. This includes creating positive school climates, preventing negative behaviors such as bullying and harassment, and being prepared to respond to potential threats such as weather emergencies, fires, and acts of violence. Effective crisis planning, prevention, response, and recovery capabilities are essential for schools to meet this responsibility (Cowan, Vaillancourt, Rossen, & Pollitt, 2013). Although situations involving an active, armed assailant on school property are extremely rare, schools are increasingly considering how to best prepare for and respond to this type of event.

According to the U.S. Department of Homeland Security (2008) and the Federal Bureau of Investigation (Blair & Schweit, 2014) an *armed assailant* is defined as an armed person who attempts to use deadly force on others, typically in a confined and populated area. The term

active shooter refers to those assailants who use firearms, as opposed to knives or other weapons. Some U.S. states have mandated active shooter drills for schools but have offered little to no guidance on proper implementation.

Schools should plan for the rare possibility of an armed assailant as part of a comprehensive crisis/emergency preparedness effort; however, the nature and extent of those preparedness activities should be based upon a risk assessment of the crisis events a given school is most likely to confront.

How this training is conducted must carefully account for students' developmental levels, school culture and climate, and features specific to each school community (such as geography, weather, crime, and environment). While one of the primary goals of crisis preparedness is to develop a sense of empowerment and control, armed assailant drills not conducted appropriately may cause physical and psychological harm to students, staff, and the overall learning environment. It is critical that administrators, school-employed mental health professionals, school resource and police officers, and crisis team members work closely together to carefully develop a staff and student training protocol that follows the best practice considerations outlined below.

Formatted: Font: 14 pt, Font color: Accent 1

A. Background

The 1999 shootings at Columbine High School ushered in heightened attention to the need for schools—and law enforcement—to be better prepared to respond to armed assailant situations. Subsequently, schools focused primarily on lockdown practices, while law enforcement focused on improving tactics to find and stop the assailant as quickly as possible. In 2013, the U.S. Department of Education recommended expanding the lockdown-only approach for schools (i.e., confining students and staff to their rooms) to an options-based approach that allows school staff to make more independent decisions about how to protect their students depending on evolving circumstances (e.g., evacuate the building rather than stay locked in a site). These approaches include adapting the "Run, Hide, Fight" model that was originally developed for adults in response to workplace violence. This expansion has spurred a range of approaches to armed assailant training and an increase in the number of schools conducting drills with varying degrees of intensity and involvement of school staff and students. In some instances, drills are conducted with insufficient consideration of the potential psychological impact or appropriateness of a particular drill based on the developmental level or psychological risk factors of participants.

B. Benefits and Concerns Associated with Armed Assailant Drills

Costs versus benefits. School-associated homicides are extremely rare, accounting for less than 1% of all homicides among school-age youth (Robers, Kemp, Rathbun, & Morgan, 2014). While an attack by an armed assailant on site grounds is possible—and devastating if it happens—it is not as probable as other types of crisis events. Schools must consider the cost of some types of drills (e.g., full scale simulations), and whether investment in them will reduce resources available for other critical safety preparation activities such as first aid training, environmental design measures, and staff development focused on more comprehensive school safety preparedness.

Empowerment versus potential harm. The primary purposes of an armed assailant drill are to provide law enforcement and relevant school leadership and staff the opportunity to practice skills and protocols and to identify and correct areas of weakness in knowledge, communication, coordination, and decision-making. The goal is to empower participants and save lives and prepare professionals and staff for this role and responsibility. As the focus of such drills expands to include all staff and students, the potential for causing harm to participants expands as well. The level of drill intensity (e.g., use of loud gun fire and airsoft guns), extent of warning that a drill will occur, and whether participation is required or voluntary may affect reactions to the experience. Additionally, an individual's cognitive and developmental levels, personality, history of adverse or traumatic experiences, and psychological makeup are among the many factors that influence the potential for harm.

It is essential to include parents in discussions of their child's developmental level, education, and readiness for armed assailant drills. Highly sensorial armed assailant drills for students in preschool and elementary learning environments are not recommended. Any such drills should be conducted using age appropriate simulation stimuli (e.g., the sound of gunshots near a preschool room would not be appropriate).

*Available research***.** Practicing disaster response procedures has been found to increase the probability of adaptive behavior during a crisis (Jones & Randall, 1994; Miltenberger et al., 2005). Specifically, lockdown drills implemented according to best practices have been suggested to increase knowledge and skills of how to respond appropriately without elevating anxiety or perceived safety risk (Zhe & Nickerson, 2007). However, at present there is no empirical research regarding school-based armed assailant drills.

*Potential lawsuits***.** The manner in which some armed assailant drills (e.g., unannounced) have been conducted in the workplace has led to lawsuits imposed on employers due to psychological and physical harm sustained by some participants (Frosch, 2014). Schools need to determine to what extent advanced armed assailant drills are necessary and carefully construct these drills to avoid physical and/or psychological harm. Regardless of the projected benefits and perceived

concerns, the fact remains that armed assailant drills are uncharted territory for schools. Schools that decide to conduct a drill should use a multidisciplinary safety team (including parents) that educates and trains all participants in relevant curricula and protocols. With careful planning, data collection, and continual review of these programs, schools can begin to develop an approach that minimizes negative effects and improves preparedness.

A. Traditional Lockdown Versus Options-Based Drills

Formatted: Font: Not Bold, Font color: Accent 1

Lockdowns have been the standard approach for the school response to threatening situations for nearly two decades. Lockdowns involve locking the door, moving students out of sight, and requiring students to remain quiet within the room. Lockdowns should continue to be included in any options- based approach to active assailant training.

Options-based drills provide students and staff with a range of alternative strategies to save lives, and the permission to use them, depending on the situation. For instance, the nature of the threat, time of day, and the location of students interact to affect the best options. The premise of options-based drills is to allow participants to make independent decisions including when and whether to evacuate, barricade site doors, or as a last resort, counter the attack of the armed assailant. As with other safety drills (e.g., fire or tornado), it is important that options-based drills take into account the developmental levels of students as well as the physical layout of the site (e.g., ease of access to outside doors and proximity of places to hide other than a site).

B. Hierarchy of Education and Training Activities

Formatted: Font: Not Bold, Font color: Accent 1

Crisis preparedness exercises and drills should be conducted in a progression of steps that begin with basic activities and progress to more advanced drills and exercises as needed (with advanced simulations being a more advanced type of crisis preparedness activity). Schools should start with simple, low-cost, discussion-based exercises (e.g., introductions to crisis responders, orientation activities, use of instructional media, or tabletop drills) and, if the school safety team determines it appropriate, work their way toward more complex and expensive, operations-based exercises (e.g., walk-throughs, specific emergency drills, and crisis simulations; NASP, 2013; U.S. Department of Education, 2006a). ***Appendix 1 summarizes this hierarchy of activities and provides an example of how armed assailant preparation could occur at each level.***

C. Simulations and Simulation Techniques

Formatted: Font: Not Bold, Font color: Accent 1

Many schools are also using or considering simulation exercises. Simulations require that participants are provided with real time information and stimuli (e.g., simulated gunshots, PA announcements, and electronic communications) to determine the movements of an armed assailant in order to make the best decisions. It is important that simulation drills are preceded by extensive prior education and preparation, and consideration for individual readiness. For some participants, this intense exposure and practice may empower them with experience, options, and a sense of control. For others, this type of drill may be emotionally traumatic (Frosch, 2014).

If a school deems it necessary to simulate an armed assailant, safety teams should carefully consider the number of different strategies for simulation during a drill, taking into account developmental age and readiness of staff before determining what techniques are most appropriate.

Drills utilizing props and simulation aids. Props and other aids may be used to simulate a weapon, gunfire, or other desired circumstances that are associated with an armed assailant event. In advance of any drill, participants must be aware of the prop's purpose and potential presence, particularly when the purpose of the prop is not obvious. For example, the use of an air horn, or other prop to simulate gunfire, may traumatize participants if they have not been instructed on the prop's purpose in advance of the drill.

Formatted: Font: Not Bold, Font color: Accent 1

*Airsoft as a simulation aid***.** Airsoft guns (simulated weapons that shoot plastic BBs) may be used as a simulation aid during armed assailant drills. Caution must be exercised to ensure the safety of all participants prior to any drill involving airsoft guns. The authors of these guidelines have received anecdotal reports from school professionals of armed assailant drill participants being physically harmed from the use of simulation aids. In addition, for those with trauma histories, involvement in a highly sensorial armed assailant drill could trigger strong psychological reactions. Thus, to mitigate potential physical or psychological harm, opt-out opportunities should be offered to all participants after being fully informed about the drill.

Formatted: Font: Not Bold, Font color: Accent 1

B. Considerations

Formatted: Font: Not Bold, Font color: Accent 1

Schools must carefully consider the decision-making protocol for people to engage in a strategy other than lockdown. For instance, run/escape may lead to safety for some, but it might inadvertently lead to danger for others as students unknowingly "escape" into the path of an unknown assailant, expose them to the sight of injured or dead classmates and teachers, or result in students trampling each other to get to the exit door. These concerns need to be addressed when planning and practicing active assailant drills. Students should be taught to first

and foremost follow the direction of their teacher, and how to make decisions if that teacher is incapacitated. Helping students and staff understand the decision-making criteria is crucial. It is also important to consider the special needs of students with disabilities, both in terms of a drill and the expectations for their functioning in the event of real emergency (U.S. Department of Education, 2006b).

C. Regular Practice

Formatted: Font: Not Bold, Font color: Accent 1

As part of the initial planning process for crisis preparedness, schools should identify how to integrate and reinforce the concepts taught during the drills. Introductions, orientations, walk-throughs, and tabletop exercises should continue to be integrated into yearly crisis preparation activities so learned skills are refreshed and rehearsed. Frequent and varied practice, training, and discussion activities aid the development of readiness, providing staff and students the means to quickly access and apply their knowledge.

Part III: Developmental and Mental Health Considerations

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

Formatted: Font: 14 pt

A. Impact of Adult Behavior on Children's Behavior

Formatted: Font: Not Bold, Font color: Accent 1

The behavior of an adult in an emergency directly affects the physical and psychological safety of students in crisis. Therefore, the effectiveness of armed assailant drills relies on educating and training adults carefully, responsibly, and continually. Students look to faculty and staff—the designated trusted adults—for direction and guidance. When adults are well-trained and stay calm, the students will follow and gain confidence and ability.

B. Developmental Levels of Safety Awareness

Formatted: Font: Not Bold, Font color: Accent 1

If schools opt to conduct an options-based or more advanced armed assailant training, it is critical that those planning and facilitating the training consider the cognitive and emotional development of all those involved. Safety and security professionals (e.g., SROs, police officers) often have a leadership role in conducting drills but must work collaboratively with school administration and school-employed mental health professionals in joint planning to ensure best practice guidelines are followed. Schools, educators, and parents are encouraged to adapt policies and training programs that consider their unique situations. Grade levels are not an absolute determinant. Individual levels may vary greatly due to cultural, educational level, and personal profiles within a community. It is also imperative that schools consider the individual psychological backgrounds, previous trauma experiences (including community trauma history), special needs, and personalities of students and staff. Regardless of training level, some individual personality types are better able to respond assertively than others in moments of

crisis. Each level has a corresponding age range and examples of appropriate types of activities and instructions to provide general guidance when preparing for an armed assailant training.

C. Mental Health Support and Considerations

Formatted: Font: Not Bold, Font color: Accent 1

School-employed mental health professionals should be a part of all stages of armed assailant drill preparation.

Before an armed assailant drill or simulation. Drills may lead to stressful or traumatic reactions. If the drill will be a sensorial experience with, for example, simulated gunfire or individuals being tackled by the assailant, then participation should never be mandated for staff or students. Staff should also be taught to recognize common trauma reactions to help identify when a student, fellow staff member, or him/herself needs to be removed from the drill. Additionally, drills should be conducted early enough in the day to allow for debriefing participants afterward and assessing any adverse reaction.

Formatted: Font: Not Bold, Font color: Accent 1

During an armed assailant drill or simulation. Educators must monitor the reactions of themselves, each other, and students during the drill and have a means to quickly notify drill coordinators if a person exhibits physical (e.g., asthma or panic attack) or emotional (e.g., hysterical) reactions. Such reactions would necessitate removal from the drill and immediate support. School-employed health and mental health professionals must be present during the drill and available for assistance.

Formatted: Font: Not Bold, Font color: Accent 1

After an armed assailant drill or simulation. Emotional or physical reactions can be delayed following a highly intense simulation drill. School staff and students should have access to school- employed mental health professionals after the event to provide additional assistance if needed.

Formatted: Font: Not Bold, Font color: Accent 1

D. Parent Consent

Formatted: Font: Not Bold, Font color: Accent 1

Participation in an armed assailant drill should never be required for students or staff. Parent consent can come in the form of:

- Parent permission – parents return a permission slip allowing their child to participate.
- Passive consent – parents return a form only if they do NOT want their child to participate; no form returned implies permission.
- Parent notification – parents are notified, but no consent form is used; thus, schools assume participation is granted unless parents assertively state otherwise.

E. Balancing Staff Opt-Out with the Need for Universal Preparedness

Formatted: Font: Not Bold, Font color: Accent 1

It is important to have all staff operating with the same understanding in an emergency situation. In cases where staff opt-out of a more advanced armed assailant drill, schools should

provide the essential information and training through additional, less sensorial training exercises, such as a tabletop activity, as outlined in the hierarchy of education and training activities.

Part IV: Steps To Conducting Safe, Effective, And Appropriate Drills

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1
Formatted: Font: 14 pt

1. Create a school safety team—ideally made up of an administrator; school mental health professional; school nurse; teachers; security personnel; parents; and students—that:

Formatted: Font color: Accent 1

- Identifies a lead person to coordinate school safety efforts, including drills;
- Establishes and communicates the roles and responsibilities during drills and in real-life crisis situations;
- Takes a lead in identifying the most appropriate preparedness activities for the school;
- Provides ongoing professional development and training as needed; and
- Ensures that the school's policies are in compliance with state laws and school board policies.

2. Conduct an assessment of the school community to:

Formatted: Font color: Accent 1

- Identify the types of crisis events most likely to occur,
- Determine the current school culture and climate,
- Map existing resources and capacities of school personnel or school safety teams, and
- Identify any related policies that should be considered in the planning of drills.

3. Implement a cost–benefit analysis that:

Formatted: Font color: Accent 1

- Considers financial costs in relation to the likelihood of a particular crisis;
- Identifies what resources, activities, or preparedness training must be replaced or postponed to engage in active shooter or other armed assailant drills;
- Balances the need to empower school staff while minimizing potential harm (e.g., triggering stressful or traumatic reactions to live simulation drills);
- Considers the current knowledge and identified needs of the staff; and
- Considers legal requirements (e.g., state law) related to conducting active assailant drills and to what degree drills are required to be full-scale simulations versus other lower cost exercises.

4. Tailor drills to the context of the school environment, taking into consideration:

- The primary goal of the drill (e.g., training for law enforcement versus staff and/or students);
- Age, cognitive, and developmental levels of awareness of students;
- Students with physical, sensory, or other disabilities that may require unique instructions during a drill or real-life event;
- The capacity, comfort level, and trust among staff;
- Administrative support;
- Optimal timing, including time of year, day of the week, and time of the day;
- Relationships with external partners, law enforcement, and other first responders; and
- The layout of the site.

5. Create a plan of progression that:

- Considers whether any previous activities have been conducted in the school;
- Starts with simple, low-cost, discussion-based exercises;
- Considers all available types of drills;
- Identifies specific objectives and goals for the drills; and
- Identifies a timeline and metrics to help determine whether more complex exercises are needed.

6. Prepare for logistics of the drill to ensure that:

- Previous traumatic experiences of those involved are considered;
- School staff learn to recognize stressful reactions to drills;
- Methods exist to opt out (for staff and students) or remove someone from a drill, including parental consent/permission if students are involved;
- School-employed mental health professionals are available to provide support to those experiencing a negative reaction to the drill;
- Adequate follow up is available for students or staff with questions; and
- Appropriate methods to evaluate outcomes are implemented.

7. Develop a communications plan that:

- Informs members of the school community of planned drills and what will be entailed;
- Facilitates open communications with families, including translated materials and the opportunity for family members to talk with relevant staff about concerns;

Formatted: Font color: Accent 1

Formatted: Font color: Accent 1

Formatted: Font color: Accent 1

Formatted: Font color: Accent 1

- Provides opt-out options for staff and students; and
- Encourages feedback and evaluation by participants after the fact.

8. Establish a long-term follow up plan to support sustainability that considers:

- What additional training is required;
- How the drill integrates with other school safety and crisis prevention efforts;
- How current and previous training and knowledge can be maintained and built upon; and
- When follow-up should be conducted and how often.

Conclusion

Formatted: Font: 14 pt, Not Italic

Training exercises and drills to prepare for active shooters or other armed assailants should be based on the specific needs and context of each school and community. It is critical that schools recognize that this type of drill is just one specific component of comprehensive crisis preparedness and response that includes prevention, protection, mitigation, response, and recovery. Schools should consider the most cost-effective method of preparing students and staff for an active shooter situation while balancing the physical and psychological risks associated with such drills.

SUSPENSION AND EXPULSION POLICY AND PROCEDURES

3110

Suspension / and Expulsion Policy and Procedures

Amended: May 5, 2009, February 16, 2022, December 7, 2022, June 22, 2023, February 28, 2024, June 26, 2024, February 27, 2025

This Student Suspension and Expulsion Policy and Procedures has been established by the Board of Directors of Altus Schools Southern California in order to promote learning and protect the safety and well-being of all students at the following schools: Altus Schools Coachella Valley, Altus Schools East County, Altus Schools Mirus, Altus Schools North County, Altus Schools South Bay, Audeo Charter School II and ~~Audeo II, Audeo III~~, Audeo Valley Charter School, ~~Altus Schools East County , Mirus Secondary School and Altus Schools South Bay,~~ (hereinafter collectively referred to as "Charter School").

In adopting this policy, the Charter School has reviewed Education Code Section 48900 *et seq.* which describe the offenses for which students at non charter schools may be suspended or expelled and the procedures governing those suspensions and expulsions in order to establish its list of offenses and procedures for suspensions, expulsions and involuntary removal. The language that follows is largely consistent with the language of Education Code Section 48900 *et seq.* The Charter School is committed to annual review of policies and procedures surrounding suspensions, expulsions, and involuntary removals, and, as necessary, modification of the lists of offenses for which students are subject to suspension, expulsion, or involuntary removal.

Consistent with this Policy, it may be necessary to suspend or expel a student from regular classroom instruction. This shall serve as the Charter School's P~~p~~olicy and P~~p~~rocedures for student suspension, expulsion, and involuntary removal, and it may be amended from time to time without the need to seek a material revision of the charter so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary policies and procedures fairly and consistently among all students. This P~~p~~olicy and its R~~p~~rocedures will be printed and distributed annually as part of the Student Handbook which will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain

on a student. For purposes of the policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

The Charter School administration shall ensure that students and their parents/guardians[1] are notified in writing upon enrollment of all discipline and involuntary removal policies and procedures. The notice shall state that ~~the~~ this P~~p~~olicy and its P~~p~~rocedures are available on request ~~at~~from the School Coordinator~~'s office~~. Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") will be subject to the same grounds for suspension and expulsion and will be accorded the same due process procedures applicable to general education students except when federal and state law requires additional or different procedures. The Charter School will follow all applicable federal and state laws including but not limited to the applicable provisions of the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian , and shall inform the student, and the student's parent/guardian, of the basis for which the student is being involuntarily removed and the student's parent/guardian's~~,~~ right to request a hearing to challenge the involuntary removal. If a student's parent/~~-~~guardian requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent/ guardian requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily

[1] The Charter School shall ensure that a homeless child or youth's educational rights holder; a foster child or youth's educational rights holder, attorney, and county social worker; and an Indian child's tribal social worker and, if applicable, county social worker have the same rights as a parent or guardian to receive a suspension notice, expulsion notice, manifestation determination notice, involuntary transfer notice, involuntary removal notice, and other documents and related information. For purposes of this Policy and its Procedures, the term "parent/guardian" shall include these parties.

The conference may be omitted if the School Coordinator or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against ~~him or her~~the student and shall be given the opportunity to present ~~his or her~~their version and evidence in ~~his or her~~their defense, in accordance with Education Code Section
47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. ~~No penalties may~~Penalties shall not be imposed on a student for failure of the student's parent or guardian to attend a conference with Charter School officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent or guardian at the conference.

2. Notice to Parents/Guardians

Formatted: No underline, Font color: Accent 1

Formatted: No underline

At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone, by email, or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student as well as~~. In addition, the notice may also state~~ the date and time when the student may return to school following the suspension. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Expulsion

Formatted: No underline, Font color: Accent 1

Formatted: No underline

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the School Coordinator or designee, the student and the student's parent/guardian will be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student ~~or~~ and the student's parent/guardian, unless the student and the student's parent/guardian fail to attend the conference.

Formatted: Font: 12 pt

This determination will be made by the School Coordinator or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

4. Homework Assignments During Suspension

In accordance with Education Code Section 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

In accordance with Education Code Section 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

D. Authority to Expel

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled either by the neutral and impartial ~~Audeo~~ ASSC Board of Directors following a hearing before it, or by the neutral and impartial ~~Audeo~~ ASSC Board of Directors upon the recommendation of a neutral and impartial Administrative Panel to be assigned by the Board of Directors as needed. The Administrative Panel should consist of at least three members who are certificated and neither a teacher of the student nor a member of the ~~Audeo~~ ASSC Board of Directors. Each entity shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense, and the Board of Directors shall make the final determination.

E. Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within

thirty (30) school days after the School Coordinator or designee determines that the student has committed an expellable offense and recommends the student for expulsion. In the event an Administrative Panel hears the case, it will make a recommendation to the ~~Audeo~~ ASSC Board of Directors for a final decision whether to expel. The hearing shall be held in ~~closed session~~confidential setting (complying with all student confidentiality rules under the Family Educational Rights and Privacy Act (FERPA) unless the student makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian via email or other means at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing;
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based;
3. A copy of the Charter School 's disciplinary rules which relate to the alleged violation; 4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at Charter School to any other school district or school to which the student seeks enrollment;
5. An explanation of ~~T~~the opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor; 6. The right to inspect and obtain copies of all documents to be used at the hearing;
7. An explanation of ~~T~~the opportunity to confront and question all witnesses who testify at the hearing;
8. An explanation of ~~T~~the opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

F. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

The Charter School may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five ~~calendar~~ days' notice of their scheduled testimony, (b) have up to two (2) adult support persons of their choosing present in the hearing at the time the ~~complaint~~ complaining witness testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.

2. The Charter School must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.

3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which ~~he or she~~the complaining witness may leave the hearing room.

4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.

5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.

Formatted: Font: 12 pt

6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany the complaining witness to the witness stand.

7. If one or both of the support persons is also a witness, the Charter School must present evidence that the witness' presence is both desired by the witness and will be helpful to the Charter School . The ~~person~~ entity presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the
complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from

exercising ~~his or her~~their discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.

8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.

9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the student being expelled, the complaining witness shall have the right to have their testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.

10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstance can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

G. Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

H. Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing.

While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Board or Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have ~~his or her~~their testimony heard in a session closed to the public.

I. Expulsion Decision

The ~~decision~~ determination of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board who will make a final determination regarding the expulsion. The Board of Directors shall make the final ~~decision~~ determination regarding the expulsion ~~by the Board shall be mad~~e within ten (10) school days following the conclusion of the hearing or as soon as practical. The decision of the Board is final. If the Administrative Panel decides not to recommend expulsion, or the Board of Directors ultimately decides not to expel, the student shall immediately be returned to their previous educational program.

The Board of Directors may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Board. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Board of Directors may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Board revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Board of Directors shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Board of Directors shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein.

J. Written Notice to Expel

The School Coordinator or designee following a decision of the Board to expel shall send written notice of the decision to expel, including the Board's adopted findings of fact, to

the student ~~or~~ and parent/guardian. This notice shall also include the following: a) Notice of the specific offense committed by the student; and b) Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the Charter School. ~~.~~

The School Coordinator or designee shall send a copy of the written notice of the decision to expel to the ~~authorizer~~student's district of residence. This notice shall include the following: a) The student's name; and b) The specific expellable offense committed by the student.

K. Disciplinary Records

Charter School shall maintain records of all student suspensions and expulsions at the Charter School .
Such records shall be made available to the authorizer upon request.

L. No Right to Appeal

The student shall have no right of appeal from expulsion from Charter School as the ~~Audeo~~ ASSC Board of Directors' decision to expel shall be final.

M. Expelled Students/Alternative Education

Students who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence. Charter School shall work cooperatively with parents/guardians as requested by parents/guardians or by the school district of residence to assist with locating alternative placements during expulsion.

N. Rehabilitation Plans

Students who are expelled from the Charter School shall be given a rehabilitation plan upon expulsion as developed by the Board of Directors at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the student may reapply to Charter School for readmission.

The decision to readmit a student after the end of the student's expulsion term or to admit a previously expelled student from another school district or charter school who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board following a meeting with the School Coordinator or designee and the student and parent/guardian or representative to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school environment. The School Coordinator or designee shall make a recommendation to the Board following the meeting regarding ~~his or her~~their determination. The Board shall then make a final decision regarding readmission or admission of the student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The student's readmission is also contingent upon the Charter School 's capacity at the time the student seeks readmission or admission to the Charter School.

P. Notice to Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

Q. ~~Involuntary Removal for Truancy~~ Removal Due to Noncompliance with Independent Study Requirements

In accordance with Education Code Section 51747 and the Charter School's Board policy on independent study, after two (2) missed assignments, an evaluation is held to determine whether it is in the best interest of the student to remain in independent study. If it is determined that it is not in the student's best interest to remain in independent study, the Charter School may involuntarily remove the student after the Charter School follows the requirements of the Missed Assignment Policy and only after providing notice and an opportunity for a parent, guardian, educational rights holder to request a hearing prior to any involuntary removal as forth herein. Students who are involuntarily removed for ~~truancy~~ noncompliance shall be given a rehabilitation plan and shall be subject to the readmission procedures set forth herein.]

1. Notification of SELPA

The Charter School shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student that Charter School or the SELPA would be deemed to have knowledge that the student had a disability.

2. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim ~~alterative~~ alternative educational setting.

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, Charter School , the parent/guardian, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents/guardian to determine:

a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If the Charter School, the parent/guardian, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If the Charter School, the parent/guardian, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

c. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;

d. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
e. Return the child to the placement from which the child was removed, unless the parent/guardian and Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

Formatted: Font: 12 pt

If the Charter School , the parent/guardian, and relevant members of the IEP/504 team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

Formatted: No underline, Font color: Accent 1
Formatted: No underline
Formatted: Font: 12 pt

The parent/guardian of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may
request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 USC Section 1415(k), until the expiration of the forty-five (45) daytime period provided for in an interim alternative educational setting, unless the Parent/guardian and Charter School agree otherwise.
In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, the parent/guardian or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

5. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The School Coordinator or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

a. Carries or possesses a weapon, as defined in 18 USC 930, to or at school, on school premises, or to or at a school function;
b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
c. Has inflicted serious bodily injury, as defined by 20 USC 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

Formatted: Font: 12 pt

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated the Charter School 's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the Charter School had knowledge that the student was disabled before the behavior occurred.

Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
b. The parent/guardian has requested an evaluation of the child.
c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If the Charter School knew or should have known the student had a disability under any of the three
(3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If the Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. The Charter School shall conduct an expedited evaluation if requested by the parents; however, the student shall remain in the education placement determined by Charter School pending the results of the evaluation.

The Charter School shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

EMERGENCY RESPONSE~~: ALLERGIC~~: ALLERGIC REACTION

Formatted: Font: 16 pt, Not Bold, Font color: Accent 1

Formatted: Font: 16 pt

There are many types of medical conditions that may trigger an allergic reaction, among them anaphylactic shock, diabetes and sickle cell anemia. Possible symptoms of an allergic reaction include skin irritation or itching, rash, hives, nasal itching or sneezing, localized swelling, swollen tongue, restlessness, sweating, fright, shock, shortness of breath, vomiting, cough and hoarseness. School nurses have a specialized health care plan for certain conditions and should be contacted for any sign of allergic reaction.

STAFF ACTIONS:

- If imminent risk, call 911.
- Send for immediate help (Firs Aid, CPR, medical) and medication kit (for known allergies).
- Notify the School Coordinator.
- Assist in getting "Epi" (Epinephrine) pen for individuals who carry them (usually in backpack), and prescription medications (kept by school nurse).

- x If an insect sting, remove stinger immediately.
- x Assess situation and help student/staff member to be comfortable.
- x Move student or adult only for safety reasons.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- x If imminent risk, call 911 (always call 911 if using "Epi" pen).
- x Notify nurse/parent or guardian.
- x Administer medication, by order of a doctor, if appropriate; apply ice pack to affected area, keep victim warm or take other actions as indicated.
- x Observe for respiratory difficulty.
- x Attach a label to the person's clothing indicating: time & location of insect sting or food ingested, name of medicine, dosage and time administered.

OTHER PREVENTATIVE/SUPPORTIVE ACTIONS:

- x Keep an "Epi" pen in the ~~school office~~resource center and notify staff as to location.
- x Emergency health card should be completed by parents for each child and should be easily accessible by school personnel.

EMERGENCY RESPONSE: BIOLOGICAL AGENT RELEASE

Formatted: Font: 16 pt, Not Bold, Font color: Accent 1

Formatted: Font: 16 pt

This is an incident involving the discharge of a biological substance in a solid, liquid or gaseous state. Such incidents may include the release of radioactive materials. A biological agent can be introduced through:

- postal mail, via a contaminated letter or package
- a building's ventilation system
- a small explosive device to help it become airborne
- a contaminated item such as a backpack, book bag, or other parcel left unattended
- the food supply
- aerosol release (for example, with a crop duster or spray equipment)

Defense against biological release (e.g. anthrax, smallpox, plague, ricin etc.) is difficult because usually appear after some time has lapsed. Indicators that may suggest the release of a biological or chemical substance include multiple victims suffering from: watery eyes, choking or breathing difficulty, twitching or the loss of coordination. Another indicator is the presence of distressed animals or dead birds. Determine which scenario applies and implement the appropriate response procedures.

Outside the Site

STAFF ACTIONS:

- x Notify School Coordinator.
- x Move students away from immediate vicinity of danger (if outside, implement **Take Cover**).
- x Segregate individuals who have been topically contaminated by a liquid from unaffected individuals. Send affected individuals to a designated area medical attention.
- x Follow standard student assembly, accounting and reporting procedures.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- x Initiate **SHELTER IN PLACE**.
- x Shut off HVAC units.
- x Move to central location where windows and doors can be sealed with duct tape.
- x Call 911. Provide location and nature of the emergency and school actions taken.
- x Notify Director of Operations and Technology of the situation.
- x Turn on a battery-powered commercial radio and listen for instructions.
- x Remain inside the site until the Department of Health or Fire Department determines it is safe to leave.
- x Arrange for psychological counseling for students and staff.

Inside the Site

STAFF ACTIONS:

- x Notify School Coordinator or Safety Ambassador.
- x Segregate individuals who have been topically contaminated by a liquid from unaffected individuals.
- x Implement **EVACUATION** or **EMERGENCY MEETING AREA EVACUATION**, as appropriate. Send affected individuals to a designated area for medical attention.
- x Follow standard student assembly, accounting and reporting procedures.
- x Prepare a list of those who are in the affected area to provide to emergency response personnel.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- x Initiate **EVACUATION** of the site or **EMERGENCY MEETING AREA EVACUATION** to move students away from immediate vicinity of danger.
- x Move up-wind from the potential danger.
- x Call 911. Provide exact location and nature of emergency.

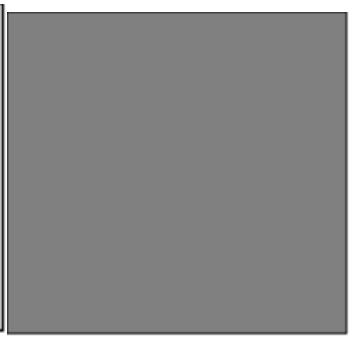
- x Designate security team to isolate and restrict access to potentially contaminated areas.
- x Wait for instructions from emergency responders-- Health or Fire Department.
- x Notify Director of Operations and Technology of the situation.
- x Arrange for immediate psychological counseling for students and staff.
- x Wait to return to the site until it has been declared safe by local HazMat or appropriate agency.

THOSE WHO HAVE DIRECT CONTACT WITH BIOLOGICAL AGENT:

- x Wash affected areas with soap and water.
- x Immediately remove and contain contaminated clothing
- x Do not use bleach on potentially exposed skins.
- x Remain in safe, but separate area, isolated from those who are unaffected, until emergency response personnel arrive.

EMERGENCY RESPONSE: BOMB THREAT

Formatted: Font: 16 pt, Not Bold, Font color: Accent 1



Formatted: Font: 16 pt

In the event that the school receives a bomb threat by telephone, follow the Bomb Threat Checklist on the next page to document information about the threat. Keep the caller on the telephone as long as possible and listen carefully to all information the caller provides. Make a note of any voice characteristics, accents, or background noises and complete the Bomb Threat Report as soon as possible.

Telephone Bomb Threats

- Remain calm/courteous.
- Read phone's visual display.
- Listen, don't interrupt.
- Keep caller talking. Pretend hearing difficulty.
- Notice details: background noises, voice description.
- Ask: When? Where? What? How?
- Don't touch any suspicious objects.

Call 911

PERSON RECEIVING THREAT BY TELEPHONE:

- x Listen. Do not interrupt caller.
- x Keep the caller on the line with statements such as "*I am sorry, I did not understand you. What did you say?*"
- x Alert someone else by prearranged signal to notify the telephone company to trace the call while the caller is on the line.
- x Notify Safety Ambassador immediately after completing the call.
- x Complete the Bomb Threat Checklist.

PERSON RECEIVING THREAT BY MAIL:

- x Note the manner in which the threat was delivered, where it was found and who found it.
- x Limit handling of item by immediately placing it in an envelope so that fingerprints may be detected. Written threats should be turned over to law enforcement.
- x Caution students against picking up or touching any strange objects or packages.
- x Notify School Coordinator or Safety Ambassador.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- x Call 911.
- x If the caller is still on the phone, contact the phone company to trace the call. Tell the telephone operator the name of school, name of caller, phone number on which the bomb threat came in. This must be done quickly since the call cannot be traced once the caller has hung up.
- x Instruct staff and students to turn off any pagers, cellular phones or two-way radios. Do not use those devices during this threat since explosive devices can be triggered by radio frequencies.

- x Determine whether to evacuate the threatened site and adjoining buildings. If the suspected bomb is in a corridor, modify evacuation routes to bypass the corridor.
- x Use the intercom, personal notification by designated persons, or the PA system to evacuate the threatened rooms.
- x If it is necessary to evacuate the entire school, use the fire alarm.
- x Notify the Director of Operations and Technology of the situation.
- x Direct a search team to look for suspicious packages, boxes or foreign objects.
- x Do not return to the site until it has been inspected and determined safe by proper authorities.
- x Avoid publicizing the threat any more than necessary.

SEARCH TEAM ACTIONS:

- x Use a systematic, rapid and thorough approach to search the site and surrounding areas.
- x Check the site and work areas, public areas (foyers, ~~offices~~, bathrooms and stairwells), unlocked closets, exterior areas (shrubbery, trash cans, debris boxes) and power sources (computer rooms, gas valves, electric panels, telephone panels).
- x If suspicious item is found, make no attempt to investigate or examine object.

STAFF ACTIONS:

- x Evacuate students as quickly as possible, using primary or alternate routes.
- x Upon arrival at the designated safe emergency meeting area, take attendance. Notify the School Coordinator/Safety Ambassador of any missing students.
- x Do not return to the site until emergency response officials determine it is safe.

BOMB THREAT PROCEDURES

This quick reference checklist is designed to help employees and decision makers of commercial facilities, schools, etc. respond to a bomb threat in an orderly and controlled manner with the first responders and other stakeholders.

Most bomb threats are received by phone. Bomb threats are serious until proven otherwise. Act quickly, but remain calm and obtain information with the checklist on the reverse of this card.

If a bomb threat is received by phone:

1. Remain calm. Keep the caller on the line for as long as possible. DO NOT HANG UP, even if the caller does.
2. Listen carefully. Be polite and show interest.
3. Try to keep the caller talking to learn more information.
4. If possible, write a note to a colleague to call the authorities or, as soon as the caller hangs up, immediately notify them yourself.
5. If your phone has a display, copy the number and/or letters on the window display.
6. Complete the Bomb Threat Checklist immediately. Write down as much detail as you can remember. Try to get exact words.
7. Immediately upon termination of call, DO NOT HANG UP, but from a different phone, contact authorities immediately with information and await instructions.

If a bomb threat is received by handwritten note:

- Call _____
- Handle note as minimally as possible.

If a bomb threat is received by e-mail:

- Call _____
- Do not delete the message.

Signs of a suspicious package:

- No return address
- Excessive postage
- Stains
- Strange odor
- Strange sounds
- Unexpected delivery
- Poorly handwritten
- Misspelled words
- Incorrect titles
- Foreign postage
- Restrictive notes

** Refer to your local bomb threat emergency response plan for evacuation criteria*

DO NOT:

- Use two-way radios or cellular phone. Radio signals have the potential to detonate a bomb.
- Touch or move a suspicious package.

WHO TO CONTACT (Select One)

- 911
- Follow your local guidelines

EMERGENCY RESPONSE: FLOOD

Formatted: Font: 16 pt, Not Bold, Font color: Accent 1

Formatted: Font: 16 pt

Flooding could threaten the safety of students and staff whenever storm water or other sources of water threaten to inundate the site. Flooding may occur if a water pipe breaks or prolonged rainfall causes urban streams to rise. Flooding may also occur as a result of damage to water distribution systems such as failure of a dam or levee. If weather-related, an alert message will be broadcast over the weather radio station.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- x Issue **STAND BY** instruction. Determine if evacuation is required.
- x Notify local police department of intent to **EVACUATE**, the location of the emergency meeting area and the route to be taken to that location.
- x Delegate a search team to assure that all students have been evacuated.
- x Post a notice on the site door stating where the school has relocated and inform the ~~District Office~~Sorrento Mesa RC.
- x Monitor local AM radio weather station for flood information.
- x Notify the Director of Operations and Technology of school status and action taken.
- x Do not allow staff and students to return to the site until proper authorities have determined that it is safe to do so.

STAFF ACTIONS:

- x If warranted, **EVACUATE** students using the evacuation plan. Take the attendance roster, emergency backpack and student comfort kits. Check attendance before leaving the site.
- x Remain with students throughout the evacuation process.
- x Upon arrival at the emergency meeting area, take attendance. Report any missing students to School Coordinator/Safety Ambassador and emergency response personnel.
- x Do not return to the site until it has been inspected and determined safe by property authorities.

EMERGENCY RESPONSE: GAS ODOR / LEAK

Formatted: Font: 16 pt, Not Bold, Font color: Accent 1

Formatted: Font: 16 pt

All school personnel and custodians shall immediately report any gas odor or suspected gas leak to the Director of Operations and Technology. If an odor is detected outside the site, it may not be necessary to evacuate.

STAFF ACTIONS:

- x Notify School Coordinator.
- x Move students from immediate vicinity of danger.
- x Do not turn on any electrical devices such as lights, computers, fans, etc.
- x If odor is severe, leave the area immediately.
- x If the site is evacuated, take student attendance and report any missing students to School Coordinator/Safety Ambassador.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- x If gas leak is internal, evacuate the site immediately.
- x Call 911.
- x Notify utility company.
- x Determine whether to move to alternate location.
- x If extended stay outdoors in inclement weather, contact the Director of Operations and Technology.
- x Do not return to the site until it has been inspected and determined safe by proper authorities.

EMERGENCY RESPONSE: HAZARDOUS MATERIALS

Formatted: Font: 16 pt, Not Bold, Font color: Accent 1

The nature of the material and the proximity of the incident to the site will determine which emergency ACTION should be implemented. Police, Fire or Public Health Department may order **EVACUATION** of the school. See also **BIOLOGICAL AGENT RELEASE** and **CHEMICAL ACCIDENT**.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- x Call 911, if necessary.
- x If there is a threat of airborne toxicity, shut-off ventilation system in affected area.
- x Initiate **EVACUATION.** Any toxic cloud that can affect students in their sites would very likely affect them outside the sites as well. If evacuating by foot, move crosswind to avoid fumes, never upwind or downwind.
- x Isolate anyone suspected of being contaminated with a substance that could be transferred to others until public safety personnel carry out decontamination procedures.
- x If time is available, initiate **Emergency Meeting Area Evacuation**. Move students and staff away from the path of the hazardous materials.
- x Notify Director of Operations and Technology.
- x Wait for instructions from emergency responders-- Health or Fire Department.
- x Do not allow the return of students to the sites or buildings until public safety officials declare the area safe.
- x Upon return to school, ensure that all sites are adequately aired.

TEACHER ACTIONS:

- x Follow standard student assembly, accounting and reporting procedures.
- x Report names of missing students to ~~office~~SM RC.
- x Do not take unsafe actions such as returning to the site before it has been declared safe.

EMERGENCY RESPONSE: HOSTAGE SITUATION

Formatted: Font: 16 pt, Not Bold, Font color: Accent 1

Formatted: Font: 16 pt

Hostage situations may unfold rapidly in a variety of ways. Events may range from a single perpetrator with a single hostage to several perpetrators with many hostages. Specific actions by school staff will be limited pending arrival of law enforcement officers. It is their responsibility to bring the situation to a successful conclusion. When as much of the school has been evacuated as can be accomplished, school staff should focus on providing support as needed to the police department, communicating with parents, and providing counseling for students.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS

- x Call 911. Provide all known essential details of the situation:
  - Number of hostage takers and description
  - Type of weapons being used
  - Number and names of hostages
  - Any demands or instructions the hostage taker has given
  - Description of the area
- x Identify an assembly area for responding officers away from the hostage situation. Have school liaison wait at assembly area for police to arrive.
- x Protect site occupants before help arrives by initiating a **LOCKDOWN** or **EVACUATION** (or combination of both).
- x Secure exterior doors from outside access.
- x When police arrive, assist them in a quiet, orderly evacuation away from the hostage situation.
- x Gather information on students and/or staff involved and provide the information to the police. If the parent of a student is involved, gather information about the child.
- x Identify media staging area, if appropriate. Implement a hotline for parents.
- x Account for students as they are evacuated.
- x Provide recovery counseling for students and staff.

STAFF ACTIONS:

- x If possible, assist in evacuating students to a safe area away from the danger. Protect students by implementing a **LOCKDOWN**.
- x Alert the School Coordinator/Safety Ambassador.
- x Account for all students.

EMERGENCY RESPONSE: INTRUDER

Formatted: Font: 16 pt, Not Bold, Font color: Accent 1

Formatted: Font: 16 pt

All public schools are required to post signs at points of entry to their sites. The following statement should be used on signage:

All visitors entering school grounds on school days between 7:30 a.m. and 4:30 p.m. must register at the front desk. Failure to do so may constitute a misdemeanor.

-- *California Penal Code Title 15, Chapter 1.1 § 627.2*

To prevent intruders on sites, keep doors secure, use sign-in sheets for visitors and cameras and staff to monitor entryways.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- x Initiate **LOCKDOWN**.
- x Request intruder to leave the site. Remain calm. Be courteous and confident. Keep distance from the intruder. Speak in soft, non-threatening manner. Avoid hostile-type actions, except in cases when necessary to safeguard person or property. Listen to the intruder. Give him or her an opportunity to vent. Attempt to be helpful. When talking to the intruder, use phrases such as:
  - *"What can we do to make this better?'*
  - *"I understand the problem, and I am concerned."*
  - *"We need to work together on this problem."*
- x As soon as the conversation or actions of the individual become threatening or violent, call 911 immediately. Provide description and location of intruder.
- x Keep subject in view until police or law enforcement arrives.
- x Take measures to keep subject away from students and the site.
- x Designate an administrator or staff member to coordinate with public safety at their command post; provide a site map/exit plan and keys to public safety personnel.
- x When scheduling a meeting with an individual known to be aggressive, arrange for another staff member or student resource officer to be present.
- x Be available to deal with the media and bystanders and keep the site clear of visitors.

STAFF ACTIONS:

- x Notify the School Coordinator/Safety Ambassador. Provide description and location of the intruder. Visually inspect the intruder for indications of a weapon.
- x Keep intruder in view until police or law enforcement arrives. Stay calm. Do not indicate any threat to the intruder.

x Isolate intruder from students. Lock the site ~~and office~~ doors. Close blinds and stay clear of windows and panes of glass. Remain inside rooms until the **ALL CLEAR** instruction is announced.

EMERGENCY RESPONSE: UTILITY FAILURE

Formatted: Font: 16 pt, Not Bold, Font color: Accent 1

Formatted: Font: 16 pt

Failure of any of the utilities (electricity, gas, water) during school hours constitutes a condition that must be dealt with on a situational basis. Advance notice may be received from a utility company regarding loss of service. In many cases, such loss of service will be of short duration and require no special action other than notifying staff of the temporary interruption of service.

SCHOOL COORDINATOR/SAFETY AMBASSADOR:

- x Notify utility company. Provide the following information:
- x Determine length of time service will be interrupted.
- x Determine desired action, which may include relocation of students and staff, notification of parents, and alternate food service.
- x If disruption in service will severely hamper school operation, notify students and staff by appropriate means.
- x Use messengers with oral or written word as an alternate means of faculty notification.
- x Notify ~~District Office~~SM RC of loss of service.
- x Implement plan to provide services without utilities or with alternate utilities.

EMERGENCY RESPONSE: THREATS / ASSAULTS

Formatted: Font: 16 pt, Not Bold, Font color: Accent 1

Formatted: Font: 16 pt

Threats occur when a belligerent or armed person on the sites bullies, intimidates or coerces others, targeting an individual, particular group or the entire school community. Threats are presented as overt hostility. They may be received by written note, email communication, phone call or orally. The procedure below applies to an oral threat.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- Assess the type of threat to determine the level of risk to the safety of students and staff. In categorizing the risk, attempt to determine:

1) Is the individual moving towards violent action?
2) Is there evidence to suggest movement from thought to action?
    - High violence potential qualifies for arrest or hospitalization.
    - Safety is endangered when there is: (a) sufficient evidence of repetitive/ intentional infliction of emotional distress upon others; or (b) sufficient evidence of the unintentional infliction of emotional distress upon others.

x Notify police (dial 911), if the safety of students or staff is endangered. Provide exact location and nature of incident and school response actions.

x Isolate the threatening person from other students and staff, if it is safe to do so. Initiate appropriate response actions, which may be **LOCKDOWN** or **EVACUATION**. Cancel all outside activities.

x Respond to students who are prone to overt displays of anger in a calm, non-confrontational manner. If an immediate threat is not clearly evident, attempt to diffuse the situation.

x If an individual is armed with any type of weapon, USE EXTREME CAUTION. Do not attempt to remove the weapon from the possession of the individual. Allow police to do so.

x Facilitate a meeting with student(s) and family to review expectations.

x Facilitate a staff meeting to review plans for keeping school safe. Enlist the support of community service providers.

STAFF ACTIONS:

x If any students are outside, move them inside the site or away from the location of the threat/assault. If unable to do so, have students lie down and cover their heads. Keep students calm.

x Inside the site, institute **LOCKDOWN**. Close all curtains and blinds.

x Disconnect the school television system in sites so the individual cannot view news coverage and see locations of police/students/etc.

x Remain with students until **ALL CLEAR** is given.

EMERGENCY RESPONSE: IRRATIONAL BEHAVIOR

A risk to the life and safety of students and staff may exist there is a serious display of disordered thought or behavior. Possible symptoms include: hallucinations, extreme paranoia, impaired judgment that may lead to unsafe decision-making and dangerous behavior (to self or others), incoherent or disjointed speech and self-injurious behavior such as: hitting head, cutting self. Attempts should be made to use de-escalation strategies, calming techniques (e.g., deep breathing), and to implement behavior plans, crisis plans or strategies in IEP, if in place.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- x Keep the individual under continuous adult supervision.
- x Keep the individual in the site until parent/guardian has been notified.
- x Arrange appropriate support services for necessary care of individual.
- x If the individual actively displays dangerous behavior or there is reason to believe the student cannot be safely transported, call agencies as appropriate to coordinate emergency mental health services (e.g., mental health facilities, juvenile court, law enforcement).
- x School professional (psychologist, counselor, social worker, nurse) should recommend next steps to the School Coordinator. The next steps may include:
  - Provide parents/guardian with the names and phone numbers of mental health resources
  - Recommend that the parents make an immediate contact with a therapist.
  - Request that parents/guardian to sign release forms to allow two-way communication between the school and the treating agency.
- x Make a follow-up check with the treating agency, family and student as appropriate, to ensure that appropriate care has been arranged.
- x Provide follow-up collaborative support for the student and parents (as indicated) within the school
- x Develop a safety plan prior to the student's return to school.
- x Document actions taken on behalf of the student (referrals, phone contacts, follow-up activities, etc.)

STAFF ACTIONS:

- x Take immediate action to isolate the individual and provide safety to the student body. Do not leave the irrational individual alone.
- x Notify School Coordinator/Safety Ambassador.
- x Notify school nurse, school psychologist, counselor or social worker.
- x Protect individual from injury.

EMERGENCY RESPONSE: EXPLOSION

Formatted: Font: 16 pt, Not Bold, Font color: Accent 1

Formatted: Font: 16 pt

Emergency response will depend on the type of explosion (smoke bomb, chemical lab incident, etc.) and proximity to the school. All students should be kept away from the explosion and under supervision.

SCHOOL COORDINATOR/SAFETY AMBASSADOR:

- Determine whether emergency meeting area evacuation should be implemented. If so, sound fire alarm. This will automatically implement action to **EVACUATE** the site. **EVACUATION** may be warranted in some sites but others may be used for **SHELTER IN PLACE**.
- Notify Fire Department (call 911). Provide school name, address, exact location within the building, your name and phone number and nature of the emergency.
- Secure area to prevent unauthorized access until the Fire Department arrives.
- Advise the Director of Operations and Technology of school status. Notify emergency response personnel of any missing students.
- Notify utility company of breaks or suspected breaks in utility lines or pipes. Provide school name, address, location within building, your name and phone.
- Direct a systematic, rapid and thorough approach to search the building and surrounding areas. Check sites and work areas, public areas (foyers, ~~offices~~, bathrooms and stairwells), unlocked closets, exterior areas (shrubbery, trash cans, debris boxes) and power sources (computer rooms, gas valves, electric panels, telephone panels).
- Determine if Student Release should be implemented. If so, notify staff, students and parents.
- If damage requires the school to be closed, notify parents and staff of school status and alternate location for site instruction. Do not return to the site until it has been inspected and determined safe by proper authorities.

STAFF ACTIONS:

- x Initiate **DROP, COVER AND HOLD ON**.
- x If explosion occurred inside the site, **EVACUATE** to outdoor assembly area. Keep students and staff at a safe distance from the site and away from fire-fighting equipment.

- x Check to be sure all students have left the site. Remain with students throughout evacuation process.
- x Upon arrival at assembly area, check attendance. Report status to Safety Ambassador immediately.
- x Render first aid as necessary.
- x Do not return to the site until the emergency response personnel determine it is safe to do so.
- x If explosion occurred in the surrounding area, initiate **SHELTER IN PLACE**. Keep students at a safe distance from site of the explosion.

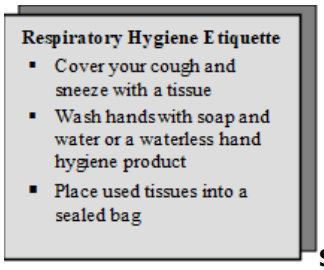
EMERGENCY RESPONSE~~: PANDEMIC~~: PANDEMIC INFLUENZA

Influenza is a highly contagious viral disease. Pandemic influenza differs from both seasonal influenza (flu) and avian influenza in the following aspects:



- It is a rare global outbreak which can affect populations around the world.
- It is caused by a new influenza virus to which people do not have immunity.
- Depending upon the specific virus, it can cause more severe illness than regular flu and can affect young healthy people more so than older, sick people.

The Department of Health and Human Services will take the lead in mobilizing a local response to pandemic influenza. Public health alerts will be reported to schools and the community. Individual schools may be closed temporarily to contain spread of the virus.

SCHOOL COORDINATOR/SAFETY AMBASSADOR~~PRINCIPAL/SITE ADMINISTRATOR~~

ACTIONS:

- x Activate heightened surveillance of illness within school location. Gather data on symptoms of students and staff who are sick at home.
- x Insure that students and staff members who are ill stay home.
- x Send sick students and staff home from school immediately.
- x Provide fact sheets and guidelines for school families to make them aware of symptoms and remind them of respiratory hygiene etiquette
- x Monitor bulletins and alerts from the Department of Health and Human Services.
- x Keep staff informed of developing issues.
- x Assist the Department of Health and Human Services in monitoring outbreaks.
- x Respond to media inquiries regarding school attendance status.
- x Implement online education, if necessary, so that students can stay home.
- x Maintain surveillance after the initial epidemic in the event a second wave passes through the community.

STAFF and STUDENT ACTIONS:

- Stay home when ill with cough or other flu-like symptoms (chills, fever, muscle aches, sore throat).
- Practice "respiratory hygiene etiquette".
- Disinfect surfaces contaminated with infected respiratory secretions with a diluted bleach solution (1 part bleach to 100 parts water).
- Implement online homework assignments so that students can stay home.

EMERGENCY RESPONSE~~: Active~~: Active Shooter/Armed Assailant

ACTIVE SHOOTER / ARMED ASSAILANT SITUATIONS

"*Active shooter situations*" are defined as those where an individual or individuals is "actively engaged in killing or attempting to kill people in a confined and populated area." *Active shooters / armed assailants frequently use firearms, but attacks of this type can also be made with other types of weapons (knifes, swords, etc.). These situations* are unpredictable and evolve quickly. Because of this, individuals must be prepared to deal with an *active shooter / armed assailant situation* before law enforcement personnel arrive on the scene.

No single response fits all *active shooter / armed assailant situations*; therefore, it is essential all members of the school staff know their options for response and are prepared to act decisively to protect their students and themselves.

ACTIONS – ALL SCHOOL STAFF

1. All employees are authorized to **take immediate action** to protect themselves and students if they see or hear anything that causes them to believe an active shooter / armed assailant situation is occurring or is to about to occur.

    a. **Act immediately** if you or your students:
    - hear a sound that might be gunfire.
    - see something that looks like a weapon being carried or used on or near the campus.
    - sense any other indication of active shooter / armed assailant threat.

    b. **Quickly evaluate** which option (Run, Hide or Fight) will best protect you and your students.
    c. **Be decisive.** Communicate your plan to your students and act quickly.
    d. **Call 911 and the ~~School Office~~SM RC** as soon as it is safe to do so.

2. **Options~~: *Run*~~: Run, *Hide or Fight***

    a. **Run:** If you can get yourself and your students safely away from danger, do so immediately.
    - Do not evacuate unless you…
        - know with certainty, the exact location of assailant (do not trust unofficial, second hand accounts),

- **and** can visualize a route that will get your students and yourself safely off campus.
- Don't carry anything with you.
  - Police may mistake an item in your hands as a weapon.
  - Leave everything behind.
- If you encounter people along the way…
  - Adults: Warn them and take them with if you can but don't stop if they refuse to come.
  - Students: Warn any students you encounter and take them with if you. You may use reasonable force to take a student with you *if you can do so without endangering yourself or the other students in your care*.
- Place terrain and buildings between you and the assailant to cover your escape.
- Keep going until you are certain you are out of danger.
- Call 911 as soon as it is safe to do so.
- Keep your students with you. Call (insert phone #) to report your location and obtain instructions.

b. Hide: If you do not know the exact location of the assailant, get your students and yourself into the most secure location available and LOCKDOWN.

- Lock the doors
- Close and lock windows and close blinds or cover windows;
- Turn off lights;
- Barricade the doors with heavy furniture; be sure your barricade covers any glass in or near the door;
- Silence all electronic devices;
- Remain silent;
- Position occupants spread out and out of line of site from room entrance.
- Prepare to take action if the assailant attempts to get in the room;
- Use text or email to communicate your location, the number of students or staff with you, if you have any wounded and the extent of the injuries;
- Call 911 as soon as it is safe to do so.
- Remain in place until evacuated by identifiable law enforcement officers.

c. **FIGHT~~: Never~~: Never seek out confrontation with an active shooter / armed assailant.** If you are confronted by an active shooter / armed assailant and you have no safer option, take immediate action to disrupt or incapacitate the assailant. **If you choose the FIGHT option, commit to your actions.**

Formatted: Font: 12 pt

- If you are in LOCKDOWN (Hide), prepare yourself and your students for the possibility that the assailant may attempt to get in the room you are in.
    - Construct a strong barricade.
    - If you have another way out (a window or back door) use it while the assailant is attempting to get in.
    - If no other exit is available be prepared to disrupt the assailant by throwing objects at the assailant and running for the exit as soon as the assailant enters the room.
        a. Use items in the environment as improvised weapons (fire extinguishers, staplers, books, cups, etc.)
- Staff members may consider using aggressive and violent force to surprise and overwhelm the assailant.

3. **Call 911 and initiate a school-wide LOCKDOWN** announcement as soon as you can do so safely. Work with the people you are with to do both calls simultaneously if possible.

    a. Provide as much information as possible (slow down – be calm):
        - State the emergency: "I hear gunfire." "I saw..."
            - Give information on people who are wounded.
        - Location of the assailant (if known):
        - Description of the assailant (if known):
        - Your precise location: "room __"
        - The number of children with you:
    b. Keep the line open, even if you can't talk, unless instructed by the dispatcher to end the call.

4. Special Topics

    a. Injuries: Your response to injured persons will need to vary given the specific circumstances that are present and the response option (Run, Hide or Fight) you are engaged in.

        - *Run* – If you encounter injured persons while you are trying to get out of danger...
            - And you have children with you, you must place their safety ahead of the injured person. Take note of where the injured person is and report the location as soon as you get to safety.

Formatted: Font: 12 pt

- *Hide* – If someone is injured where you are hiding, secure the room before tending to the wounded.
    - As soon as it is safe to do so, apply first aid using any supplies that are available. If necessary, use articles of clothing as improvised dressing for wounds and apply direct pressure to control bleeding.

- *Fight* – This is always the option of last resort because the probability of injury is highest when you are in close proximity to the assailant. Commit to your plan. Do not stop to tend to the wounded until it is safe to do so.
    - If you're intention is to disrupt the assailant to allow as many people to escape as possible, stick to that plan.
    - If your plan is to incapacitate the assailant, keep fighting until the assailant is incapacitated and the weapon and assailant are under control.

b. Law Enforcement: If you encounter law enforcement officers…
    - Immediately raise your hands in the air and display your open palms.
    - Don't run up to officers or attempt to hug or talk to them.
    - Don't talk unless they ask you a question.
    - Do exactly what they tell you to do.

c. Weapons~~: If~~: If the assailant loses control of a weapon, exercise extreme care when securing it:
    - Do not pick up the weapon. Law enforcement may shoot you if they see you holding a weapon.
    - Secure the weapon by placing an empty trash can over it and sliding it to a location where it can be kept covered and under control until a law enforcement officer can take possession of it.

d. Ongoing Communication~~: (~~: (School and district staff should develop means to safely provide updates to staff to keep them informed during the incident.)

e. School Activities~~: (~~: (School locations must also plan for and train all district / RC staff involved with student activities and extracurricular programs.)

SCHOOL COORDINATORS/SAFETY AMBASSADOR ACTIONS:

- Follow the ~~All-Staff~~All-Staff guidance described above.
- Call 911 and initiate a **LOCKDOWN** announcement as soon as you can do so safely. Work with nearby staff to do them simultaneously if at all possible.
    - Include as much actionable information on the announcement as possible.

Formatted: Font: 12 pt

Formatted: Font: 12 pt

        - *Example "LOCKDOWN, LOCKDOWN, LOCKDOWN. Man with a gun on campus. LOCKDOWN now."*
    - If you have surveillance capabilities, and can safely provide real time announcements, broadcast continuous and accurate information on the location of the assailant. This will disrupt and distract the assailant. It will also provide people in the site with information they can use to better evaluate their options.
        - *Example: "The gunman is now in the D wing headed south. He is armed with a shotgun and is wearing a hooded jacket and blue jeans."*
- Notify the ~~corporate office~~SM RC after you call 911.
- If possible, assist emergency personnel.
    - Assist police in entering the school;
    - Provide officers with keys, maps and any other information requested.

DISTRICT STAFF ACTIONS

- **Emergency Operations Center (EOC)**
    - Activate the district's Emergency Operations Center
    - Dispatch a back-up ICS team to take over responsibility for ICS functions from RC staff who will be impacted by this emergency.

- **Emergency Area Reunification**
    - The Operations Section should prepare an emergency evacuation area for reunification.
        - This should be at a location large enough to accommodate the evacuation, with parking available for parents coming to get their kids. Movie theater complexes work well for this type of emergency.
        - Once the assailant is neutralized emergency responders will begin to treat and evacuate the wounded.
        - School staff and students will remain in lockdown until evacuated on a room by room basis.
        - Vans should be placed on standby for evacuation.
        - Teams and materials should be mobilized to conduct an orderly reunification in which all students and staff are accounted for.

- **Crisis Intervention**
    - A Mental Health strike team should also be assembled to assist with stabilizing acutely impacted students, staff and parents during reunification.
    - This team will also provide ongoing support throughout the recovery phase of the emergency response.

- Psychoeducational materials should also be developed / selected by the Planning Section for distribution to parents and other caregivers to assist them in supporting crisis recovery.
- Mental Health staff should also be involved in plans related to reopening the school following an active shooter / armed assailant event.

EMERGENCY RESPONSE: FIRE (Outside Fire/Wildfire)

Formatted: Font: Not Bold, Font color: Accent 1

A fire in an adjoining area, such as a wildland fire, can threaten the school building and endanger the students and staff. Response actions are determined by location and size of the fire, its proximity to the school and the likelihood that it may endanger the school community.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X Determine if **EVACUATION** of school location is necessary.
- X Contact local fire department (call 911) to determine the correct action for your school location.
- X If necessary, begin evacuation of school location to previously identified safe location using school evacuation plan. If needed, contact van dispatch for **EMERGENCY EVACUATION**.
- X Direct inspection of premises to assure that all students and personnel have left the building.
- X Notify the school district where the school has relocated and post a notice on the ~~office~~ RC door stating the temporary new location.
- X Monitor radio station for information.
- X Do not return to the building until it has been inspected and determined safe by proper authorities.

STAFF ACTIONS:

- X If students are to be evacuated, take attendance to be sure all students are present before leaving the building location.
- X Stay calm. Maintain control of the students a safe distance from the fire and firefighting equipment.
- X Take attendance at the assembly area. Report any missing students to the School Coordinator/Safety Ambassador and emergency response personnel.
- X Remain with students until the building has been inspected and it has been determined safe to return to.

ADDITIONAL STEPS FOR THE SCHOOL:

FIRE (WILDFIRE)

Formatted: Font: Not Bold, Font color: Accent 1

Formatted: Font: Not Bold

Should a wildfire endanger the students or staff, it is important to work with the local fire department, act quickly and decisively to prevent injuries and damage to property.

In evolving situations, local authorities may not issue an evacuation warning or order early in the event, only to do so later when the event poses a greater threat. To best ensure the safety of our staff and students, school administrators should work in conjunction with local fire and law enforcement to evaluate these events relative to our school's unique characteristics, such as facility age and construction, transportation dependencies, ingress and egress options and capacity, level of defensible space around our structures, and surrounding topography. It may be best for some sites~~/offices~~ to issue an early dismissal and voluntarily evacuate due to unique characteristics and circumstances.

If a wildfire is near our site, fire personnel may suggest a voluntary evacuation or call for a mandated early dismissal, external evacuation, shelter-in-place or a site closure. The Charter Schools have procedures in place for each of these possibilities.

BEFORE

Formatted: Font: Not Bold, No underline, Font color: Accent 1

Formatted: Font: Not Bold, No underline

Goals:

1. Coordinate with local fire department to develop procedures that facilitate an effective and efficient wildfire response
2. Develop the capacity of staff to lead students through appropriate response options
3. Prevent the risk of injury to individuals and damage of property from wildfire

Objective(s):

Goal 1 Objectives

a) Coordinate with local fire department to ensure an effective response to a Wildfire
b) Develop procedures for voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and school closure
c) Develop a clear chain of command with staff

Goal 2 Objectives

a) Train staff on the different wildfire response actions: voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and site closure

Goal 3 Objectives

a) Store combustible materials in fireproof containers

b) Follow Fire Code and district rules regarding fire prevention
c) Provide fire prevention training to staff
d) Hold Fire Drills
e) Maintain an adequate supply of fire extinguishers
f) Ensure proper maintenance of fire prevention equipment

Courses of Action:

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

Goal 1 Actions

a) Meet, plan and train with local fire department to ensure an effective response to a Wildfire. Plan for potential voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and site closure
b) Develop location specific procedures to engage in a voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and school closure
c) Use the San Diego County "School Protection and Evacuation Plan (SPEP), available on the San Diego County Office of Education website, to develop location specific plans

Goal 2 Actions

a) Provide training to staff on wildfire response actions including: voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and school closure

Goal 3 Actions

a) Provide fire prevention materials to staff and provide a brief fire prevention training at the beginning of the year as part of training on the Comprehensive School Safety Plan
b) Ensure combustible materials are stored in fireproof containers
c) Hold fire extinguisher training for staff
d) Ensure adequate supply of fire extinguishers are appropriately maintained
e) Hold required number of fire drills and vary the situation to improve staff and student response

STAFF ACTIONS

Goal 2 Actions

a) Take fire extinguisher training or read about/watch video on how to use a fire extinguisher
b) Read any fire prevention and wildfire response materials provided by administration

Goal 3 Actions

a) Participate and lead students in fire drills
b) Refrain from bringing unapproved combustible materials (cleaning and other chemicals) onto school
c) Become familiar with and only use Fire Marshall approved fire retardant classroom decorations

DURING

Goals:
1. While coordinating with local fire department/jurisdiction's incident command, protect life and implement appropriate wildfire response actions

Objective(s):

Goal 1 Objectives

a) Conduct appropriate wildfire response actions in a timely manner
b) Conduct accountability procedures in a timely manner
c) Activate school location Incident Command Team, as necessary

Courses of Action:

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

Goal 1 Actions

a) Work with the ~~district office~~SM RC, local fire department and other responders to determine best course of action
b) Use the "Wildfire Evacuation Decision Tree" following this section.
c) Communicate plan of action to staff and students:
   - voluntary evacuation
   - early dismissal
   - mandatory evacuation

Formatted: Font: Not Bold, No underline, Font color: Accent 1

Formatted: Font: Not Bold, No underline

- shelter-in-place
- site closure

d) Consider the following while implementing response action

- Supplies (have staff bring emergency supplies, especially first aid kits and communication devices)
- Food and water
- Transportation
- Security and Safety
- Communications

e) Contact families to notify of planned course of action

f) Activate school Incident Command Team, as necessary

- Reunification Team

g) Ensure all staff and students are accounted for

h) Ensure that access roads are kept open for emergency vehicles

i) Based on the situation, delegate staff to turn off and unplug any electrical devices left behind and/or have facilities turn off electricity

j) Do not allow staff and students to return to the building until the Fire Department declares that it is safe to do so

Goal 2 Actions

a) Remind staff to close doors when exiting sites~~/offices~~

b) Notify appropriate utility company of suspected breaks in utility lines or pipes.

c) Notify fire department of any hazards or vulnerabilities that could hinder their response or

cause further damage (chemicals, wires, equipment, etc.)

- Provide SDS sheets of any chemicals on location/in the area of the fire to the fire department upon arrival

d) Notify ~~District Office~~the SM RC of situation

STAFF ACTIONS:

Goal 1 Actions

a) Follow the directions of the Incident Command to carry out necessary response action: voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and site~~/office~~ closure

b) If evacuating or sheltering-in-place, take emergency backpack and student kits

c) Maintain control of the students a safe distance from the fire and firefighting equipment

d) Take attendance. Report missing students to the School Coordinator/designee and emergency response personnel

e) Maintain supervision of students until the Fire Department determines it is safe to return to the school building or they are reunified with family

f) Serve in any designated position on the Incident Command Team

Shut site ~~or office~~ door after all individuals have exited

Provide information to School Coordinator/Safety Ambassador regarding any hazards or vulnerabilities noticed while evacuating (chemicals, exposed wires, equipment that might be hazardous, etc.)

AFTER

Goals:

1. Effectively communicate to all stakeholders
2. Determine response strengths, areas from improvement and steps to improvement

Objective(s): Goal 1 Objectives

a) Provide information to staff, parents, and students

b) Provide information to ~~district office~~SM RC

Formatted: Font: Not Bold, No underline, Font color: Accent 1

Formatted: Font: Not Bold, No underline

Goal 2 Objectives

a) Conduct After-Action Report process

Courses of Action:

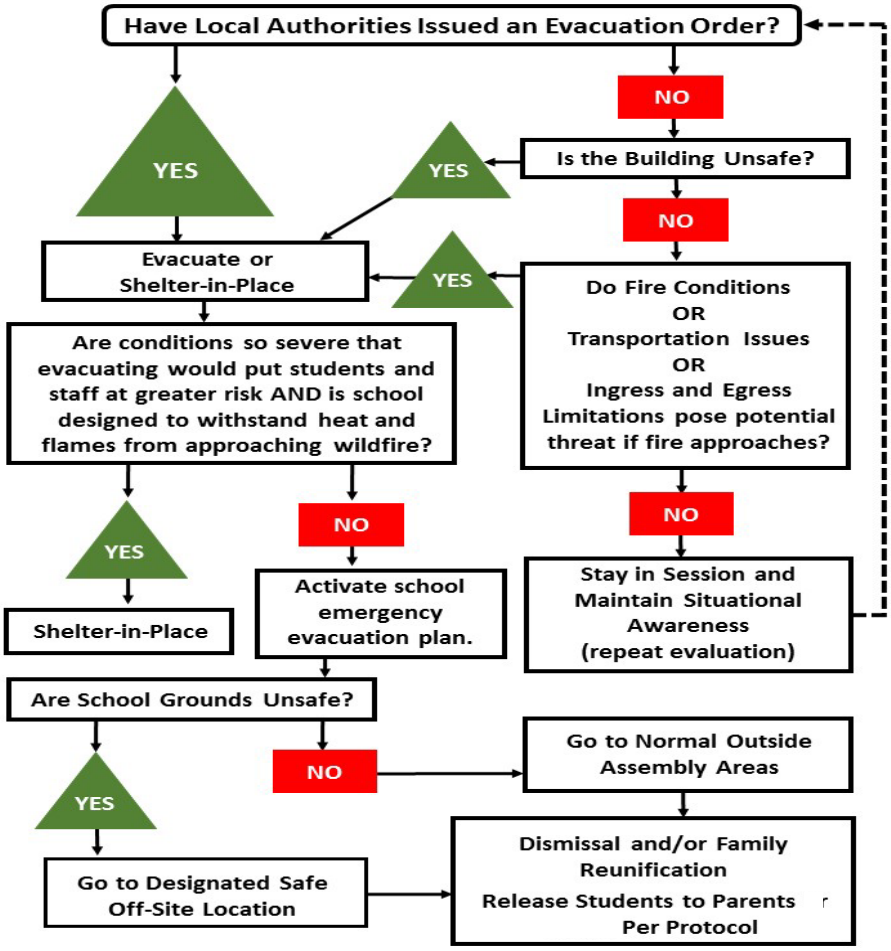
SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS

Goal 1 Actions

a) Provide critical information to the ~~district office~~SM RC in order to develop effective key messages
b) Work with appropriate district department to write messages to inform parents, staff and the community about what happened
c) Work with appropriate district department to draft talking points for phone calls and media requests

Goal 2 Actions

a) Conduct an after-action report process and implement necessary actions for improving future responses
b) Gather stakeholders to debrief and engaged in process to identify strengths and weaknesses (areas for improvement) of response
c) Identify steps to improve future responses
d) Implement steps to improvement



STAFF ACTIONS

Goal 2 Actions

a) Participate in the after-action report process
a) Participate in any determined corrective actions discovered in the after-actions process

WILDFIRE DECISION TREE

EMERGENCY RESPONSE~~: OPIOID~~: OPIOID ANTAGONIST-Naloxone Hydrochloride

Formatted: Font: Not Bold, Font color: Accent 1

Formatted: Centered

Pursuant to California Education Code 49414.3, any school districts, county offices of education, and charter schools may provide emergency naloxone hydrochloride or another opioid antagonist to school nurses or trained personnel who have volunteered pursuant to subdivision (d), and school nurses or trained personnel may use naloxone hydrochloride or another opioid antagonist to provide emergency medical aid to persons suffering, or reasonably believed to be suffering, from an opioid overdose.

Audeo Valley Charter School has established a Staff Naloxone Hydrochloride Emergency Training Plan and Program pursuant to CDE 49414.3 which includes safe and effective management of opioid-related overdoses. This plan is also incorporated into the school emergency preparedness and response plans.

PROCEDURES FOR PREVENTING OPIOID AND FENTANYL USE AND OVERDOSE

Formatted: Font: 14 pt, No underline, Font color: Accent 1

Audeo Valley Charter School's primary goal in the fight against opioids and fentanyl use is prevention.
Audeo Valley Charter School will use the following prevention strategies:

- Distribute materials to and/or discuss with students content conducive to preventing drug use/abuse such as, but not limited to:
    - How opioids and fentanyl affect the body's systems.
    - Refusal strategies
    - The signs and symptoms of use/abuse
    - The science of addiction
- Distribute safety advice to families regarding opioid overdose prevention.
- Creating a supportive, safe and orderly environment conducive to learning by regularly assessing school climate and using data to develop goals and objectives to address gaps.
- Providing training to staff on building protective factors in students, as well as recognizing the signs and symptoms of use/abuse.

SIX ESSENTIAL STEPS FOR INDIVIDUALS RESPONDING TO POSSIBLE OVERDOSE

Formatted: Font color: Accent 1

The following was developed from The Department of Health and Human Services, Substance Abuse and Mental Health Services Administration document SAMHSA Opioid Overdose Prevention Toolkit.

Overdose is common among persons who use illicit opioids such as heroin and among those who misuse medications prescribed for pain such as oxycodone, hydrocodone, methadone, buprenorphine, and morphine. The incidence of opioid overdose is rising nationwide. In 2016, more than 42,000 of the drug overdose deaths in the United States involved some type of opioid, including heroin.

To address the problem, emergency medical personnel, health care professionals, school personnel, people who use drugs, and other community members who may witness and respond to an overdose are being trained in the use of the opioid antagonist medication naloxone, which can reverse the potentially fatal respiratory depression caused by opioid overdose. (Note that naloxone has no effect on non-opioid overdoses, such as those involving cocaine, benzodiazepines, or alcohol.

The steps outlined in this section are recommended to reduce the number of deaths resulting from opioid overdoses.

STEP 1: EVALUATE FOR SIGNS OF OPIOID OVERDOSE

Formatted: Font: 14 pt, Not Bold, No underline, Font color: Accent 1

Formatted: Font: 14 pt, Not Bold, No underline

Formatted: Font color: Accent 1

Signs of OVERDOSE, which often results in death if not treated, include:

- Unconsciousness or inability to awaken.
- Slow or shallow breathing or breathing difficulty such as choking sounds or a gurgling/snoring noise from a person who cannot be awakened.
- Fingernails or lips turning blue/purple.

If an opioid overdose is suspected, stimulate the person:

- Call the person's name, tap the person's shoulders, clap your hands loudly in order to assess for level of consciousness.
- If this doesn't work, per Department of Health and Human Services (DHHS) recommendation, vigorously grind knuckles into the sternum (the breastbone in middle of chest).
- If the person responds, assess whether he or she can maintain responsiveness and breathing.
- Continue to monitor the person, including breathing and alertness, and try to keep the person awake and alert.
- If the person does not respond, call 911.
- Grab the Opioid Overdose Emergency Kit and Automatic External Defibrillator (AED).
- Provide rescue breathing if the person is not breathing on their own and administer one dose of naloxone.
- For students, instruct staff member to contact the parent/guardian or emergency contact on file.

STEP 2: CALL 911 FOR HELP

AN OPIOID OVERDOSE NEEDS IMMEDIATE MEDICAL ATTENTION

An essential step is to get someone with medical expertise to see the person as soon as possible. If no emergency medical services (EMS) or other trained personnel is on the scene, activate the 911 emergency system immediately. All you have to say is "Someone is unresponsive and not breathing." Be sure to give a specific address and/or description of your location. After calling 911, follow the dispatcher's instructions. If appropriate, the 911 operator will instruct you to begin CPR (technique based on rescuer's level of training).

STEP 3: ADMINISTER NALOXONE

If the person overdosing does not respond within 2 to 3 minutes after administering a dose of naloxone, administer a second dose of naloxone.

Naloxone should be administered to anyone who presents with signs of opioid overdose or when opioid overdose is suspected. Naloxone is approved by the Food and Drug

Administration (FDA) and has been used for decades by EMS personnel to reverse opioid overdose and resuscitate individuals who have overdosed on opioids. Research has shown that women, older people, and those without obvious signs of opioid use disorder are undertreated with naloxone and, as a result, have a higher death rate. Therefore, it is also important to consider naloxone administration in women and the elderly found unresponsive with opioid overdose.

Naloxone can be given by intranasal spray and by intramuscular (into the muscle), subcutaneous (under the skin), or intravenous injection.
Audeo Valley Charter School **uses intranasal spray.**

Formatted: Font color: Accent 1

All naloxone products are effective in reversing opioid overdose, including fentanyl-involved opioid overdoses, although overdoses involving potent (e.g., fentanyl) or large quantities of opioids may require more doses of naloxone.

DURATION OF EFFECT. The duration of effect of naloxone depends on dose, route of administration, and overdose symptoms and is shorter than the effects of some opioids. The goal of naloxone therapy should be to restore adequate spontaneous breathing, but not necessarily complete arousal.

Formatted: Font: Not Bold, Font color: Accent 1

More than one dose of naloxone may be needed to revive someone who is overdosing. People who have taken longer acting or more potent opioids may require additional intravenous bolus doses or an infusion of naloxone.

Comfort the person being treated, as withdrawal triggered by naloxone can feel unpleasant. Some people may become agitated or confused, which may improve by providing reassurance and explaining what is happening.

SAFETY OF NALOXONE. The safety profile of naloxone is remarkably high, especially when used in low doses and titrated to effect. When given to individuals who are not opioid intoxicated or opioid dependent, naloxone produces no clinical effects, even at high doses. Moreover, although rapid opioid withdrawal in opioid-tolerant individuals may be unpleasant, it is not life threatening.

Formatted: Font: Not Bold, Font color: Accent 1

Naloxone can be used in life-threatening opioid overdose circumstances in pregnant women.

The FDA has approved an injectable naloxone, an intranasal naloxone, and a naloxone auto-injector as emergency treatments for opioid overdose. People receiving naloxone kits that include a syringe and naloxone ampules or vials should receive brief training on how to assemble and administer the naloxone to the victim. The nasal spray is a prefilled, needle-free

device that requires no assembly and that can deliver a single dose into one nostril. The auto-injector is injected into the outer thigh to deliver naloxone to the muscle (intramuscular) or under the skin (subcutaneous). Once turned on, the currently available device provides verbal instruction to the user describing how to deliver the medication, similar to automated defibrillators. Both the nasal spray and naloxone auto-injector are packaged in a carton containing two doses to allow for repeat dosing if needed.

FENTANYL-INVOLVED OVERDOSES. Suspected opioid overdoses, including suspected fentanyl-involved overdoses, should be treated according to standard protocols. However, because of the higher potency of fentanyl and fentanyl analogs compared to that of heroin, multiple doses of naloxone may be required to reverse the opioid-induced respiratory depression from a fentanyl-involved overdose.
Many anecdotes report more rapid respiratory depression with fentanyl than with heroin, although other reports do not reflect such rapid depression.

Because of these effects, quicker oxygenation efforts and naloxone delivery may be warranted with fentanyl-involved overdoses compared with heroin-only overdoses. However, naloxone is an appropriate response for all opioid overdoses, including fentanyl-involved overdoses.

STEP 4: SUPPORT THE PERSON'S BREATHING

Ventilatory support is an important intervention and may be lifesaving on its own. Rescue breathing can be very effective in supporting respiration, and chest compressions can provide ventilatory support.

Rescue breathing for adults involves the following steps:

- Be sure the person's airway is clear (check that nothing inside the person's mouth or throat is blocking the airway).
- Place one hand on the person's chin, tilt the head back, and pinch the nose closed.
- Place your mouth over the person's mouth to make a seal and give two slow breaths.
- Watch for the person's chest (but not the stomach) to rise.
- Follow up with one breath every 5 seconds.

Chest compressions for adults involve the following steps:

Formatted: Font: Not Bold, Font color: Accent 1

Formatted: Font: 14 pt, Not Bold, No underline, Font color: Accent 1

Formatted: Font: 14 pt, Not Bold, No underline

- Place the person on ~~his or her~~his or her back.
- Press hard and fast on the center of the chest.
- Keep your arms extended.

STEP 5: MONITOR THE PERSON'S RESPONSE

All people should be monitored for recurrence of signs and symptoms of opioid toxicity for at least 4 hours from the last dose of naloxone or discontinuation of the naloxone infusion. People who have overdosed on long-acting opioids should have more prolonged monitoring.

Most people respond by returning to spontaneous breathing. The response generally occurs within 2 to 3 minutes of naloxone administration. (Continue resuscitation while waiting for the naloxone to take effect.)
Because naloxone has a relatively short duration of effect, overdose symptoms may return. Therefore, it is essential to get the person to an emergency department or other source of medical care as quickly as possible, even if the person revives after the initial dose of naloxone and seems to feel better.

SIGNS OF OPIOID WITHDRAWAL. The signs and symptoms of opioid withdrawal in an individual who is physically dependent on opioids may include body aches, diarrhea, tachycardia, fever, runny nose, sneezing, piloerection (gooseflesh), sweating, yawning, nausea or vomiting, nervousness, restlessness or irritability, shivering or trembling, abdominal cramps, weakness, tearing, insomnia, opioid craving, dilated pupils, and increased blood pressure. These symptoms are uncomfortable, but not life threatening. After an overdose, a person dependent on opioids should be medically monitored for safety and offered assistance to get into treatment for opioid use disorder.

If a person does not respond to naloxone, an alternative explanation for the clinical symptoms should be considered. The most likely explanation is that the person is not overdosing on an opioid but rather some other substance or may be experiencing a non-overdose medical emergency.

In all cases, support of ventilation, oxygenation, and blood pressure should be sufficient to prevent the complications of opioid overdose and should be given priority if the response to naloxone is not prompt.

DO'S AND DON'TS WHEN RESPONDING TO OPIOID OVERDOSE

- DO attend to the person's breathing and cardiovascular support needs by administering oxygen or performing rescue breathing and/or chest compressions.
- DO administer naloxone and utilize a second dose, if no response to the first dose.
- DO put the person in the "recovery position" on the side, if you must leave the person unattended for any reason.
- DO stay with the person and keep the person warm.
- DON'T slap or forcefully try to stimulate the person; it will only cause further injury. If you cannot wake the person by shouting, rubbing your knuckles on the sternum (center of the chest or rib cage), or light pinching, the person may be unconscious.
- DON'T put the person into a cold bath or shower. This increases the risk of falling, drowning, or going into shock.
- DON'T inject the person with any substance (e.g., saltwater, milk, stimulants). The only safe and appropriate treatment is naloxone.
- DON'T try to make the person vomit drugs that may have been swallowed. Choking or inhaling vomit into the lungs can cause a fatal injury.
- NOTE: All naloxone products have an expiration date, so it is important to check the expiration date and obtain replacement naloxone as needed.

STEP 6: ADDITIONAL SUPPORT

- Have the individual transported to the nearest medical facility, even if symptoms seem to get better.
- Debrief with students and staff present and assess further needs for support.
- Complete an Accident Report Form.

  Follow up with assigned school nurse for additional support.

Position Activation Information

Equipment

Every position on the Incident Command Team will require the following equipment:

1. Identification vest
2. Two-way site radio
3. Paper and pens/pencils
4. Job description clipboard

Position-Specific Equipment

Certain positions require special equipment or forms. Such specific needs are identified on the individual position checklists.

Position Activation

1. Once notified of your assignment, put on your vest.
2. Check in with the Incident Commander at the Incident Command Post for a situation briefing.
3. Check in with your Chief for details and updates associated with your position.
4. Obtain necessary equipment and supplies.
5. Open and maintain a Position Log. Maintain all required records and documentation to support the history of the emergency or disaster.

   Document:

   a. Messages received
   b. Actions taken
   c. Decision justifications and documentation
   d. Requests filled
   e. Document missing staff

Position Deactivation

1. At the direction of the Incident Commander, deactivate your position and close out all logs. Provide logs, timekeeping records, and other relevant documents to the Documentation Unit.
2. Return equipment and reusable supplies to Logistics.

Primary~~: School~~: School Coordinator

Alternate~~: Operations~~: Operations and Human Resources Administrator

Reports to: **Superintendent (or designee)**

Staffing Characteristics: Principal or Administrator

Responsibility: The Incident Commander is solely responsible for emergency and disaster operations and shall remain at the Command Post to observe and direct all operations. Ensures the safety of students, staff and others in the site.

Lead by example: your behavior sets tone for staff and students.

Special Equipment:

- ☐ Crisis Response Boxes
- ☐ Emergency Disaster Kit
- ☐ Site map
- ☐ Master keys
- ☐ Position-Specific forms
- ☐ AM/FM radio (battery)
- ☐ Command Post Tray (pens, etc.)
- ☐ Emergency Plan
- ☐ Tables & chairs (if Command Post is outdoors)
- ☐ Job Description Clipboards
- ☐ Bull horn
- ☐ Staff rosters (2 sets)
- ☐ Emergency radio
- ☐ Copies of Forms

Start-Up:

- ☐ Assess type and scope of emergency.
- ☐ Determine threat to human life and structures.
- ☐ **Implement Emergency Plan and School Emergency Procedures.**

- ☐ Develop and communicate an Incident Action Plan with objectives and a time frame to meet those objectives.
- ☐ Activate functions (assign positions) as needed.
- ☐ Fill in Incident Command Team Assignment Form as positions are staffed.
- ☐ Appoint a backup or alternate Incident Commander in preparation for long-term operations.

During Event:

- ☐ Continue to monitor and assess total site situation:
- ☐ View site map periodically for Search & Rescue progress and damage assessment information.
- ☐ Check with chiefs for periodic updates.
- ☐ Reassign personnel as needed.
- ☐ Report through Communications to ~~corporate office~~SM RC on status of staff, site as needed. (Site Status Report)
- ☐ Develop and communicate revised incident action plans as needed.
- ☐ Authorize release of information.
- ☐ Utilize your back up; plan and take regular breaks, 5-10 minutes each hour, relocate away from the CP.
- ☐ Plan regular breaks for all staff and volunteers. **Take care of your caregivers!**
- ☐ Release staff as appropriate per school guidelines. By law, during a disaster, the staff will become "Disaster Service Workers."
- ☐ Remain on and in charge of your site until redirected or released by the ~~Office of the~~ Superintendent.

After:

- ☐ Authorize deactivation of sections or units when they are no longer required.
- ☐ At the direction of the ~~Office of the~~ Superintendent, deactivate the entire emergency response. If the Fire Department or other outside agency calls an "All Clear," contact the ~~corporate office~~SM RC before taking any further action.
- ☐ Ensure that any open actions not yet completed will be taken care of after deactivation.
- ☐ Ensure the return of all equipment and reusable supplies to Logistics.
- ☐ Close out all logs. Ensure that all logs, timekeeping records, reports, and other relevant documents are completed and provided to the Documentation Unit.

- ☐ Proclaim termination of the emergency and proceed with recovery operations if necessary.

Reports To: **Incident Commander**

Staffing Characteristics: **It is common for the Incident Commander or the School's Communications ~~Office~~ Team to carry out these duties. A separate position checklist is here in the event the Incident Commander needs to assign the duties to another individual.**

Responsibility: Staff, students, parents and the public have the right and need to know important information related to emergencies/disaster at the site ***as soon as it is available.***

The Public Information Officer acts as the official spokesperson for the site in an emergency situation. If the School's Communications Officer is available, he/she will be the official spokesperson. A site-based Public Information Officer should only be used if the media is in the site and the School's Communications Officer is not available or forthcoming.

Special Equipment:

- ☐ Battery operated AM/FM radio
- ☐ Marking pens
- ☐ Scotch tape/masking tape
- ☐ Forms:
  - Public Information Release Worksheet
  - School Accountability Report Card
- ☐ Scissors
- ☐ Site map(s) and area map(s):
  - 8-1/2 x 11 handouts
  - Laminated display
- ☐ Tape recorder and tapes

Start-Up Activities:

- ☐ Determine a possible "news center" location as a media reception area (located away from the Command Post and students). Get approval from the Incident Commander.
- ☐ Identify yourself as the "Public Information Officer" (vest, visor, sign, etc.)
- ☐ Consult with School's Communications Officer to coordinate information release.
- ☐ Assess situation and obtain statement from the Incident Commander. Tape-record, if possible.
- ☐ Advise arriving media that the site is preparing a press release and approximate time of its issue.
- ☐ Open and maintain a position log of your actions and all communications. If possible, tape media briefings. Keep all documentation to support the history of the event.

During Event:

- ☐ Keep up-to-date on the situation.
- ☐ Statements must be approved by the Incident Commander and should reflect:
  - Reassurance — EGBOK — "Everything's Going to Be OK."
  - Incident or disaster cause and time of origin.
  - Size and scope of the incident.
  - Current situation — condition of site, evacuation progress, care being given, injuries, student release location, etc. Do not release any names.
  - Resources in use.
  - Best routes to site if known and appropriate.
  - Any information school wishes to be released to the public.

Site/Facility Planning Teams
Safety Ambassadors
SY ~~2024~~2025-~~2025~~2026

The designated Ambassadors are responsible for planning and implementation at the site. Site Representatives will meet with their colleagues to discuss all aspects of a safe and supportive learning environment, safety and trainings which will include:

Safe and Supportive Learning Environment:

- ✓ Number of students in site – adhere to student scheduled hours
- ✓ Schedule CTR/RCA works hours – ensure there are two staff members when opening and closing the site
- ✓ Share information at site meetings - Discuss safety at monthly site meetings
- ✓ Meet with new site staff within 30 days
- ✓ Reach out to the Juvenile Community Officer, Community Resources and Community Sub Police Stations
- ✓ Keep technology locked and secured

Instructional Support:

- ✓ Consistent site rules among all staff – hats, phones, language use
- ✓ Ensure middle school students work together
- ✓ Instructional tables labeled by subject area
- ✓ Know your student needs – triggers
- ✓ Measuring threat levels
- ✓ CTR supporting the learning environment

Compliance:

- ✓ Safety Drills are mandated to be performed three (3) times per year
- ✓ Ensure safety supplies are located in designated area and replenished each time a drill is performed
- ✓ Confirm that the Emergency Radio works properly (Channel 1)
- ✓ Update Site Emergency Exit Plan annually
- ✓ Review and sign off on monthly Fire Extinguisher, Epi-Pen and Eye wash Inspections

Child Abuse Reporting Procedures

Formatted: Font: Not Bold, No underline, Font color: Accent 1

Formatted: Centered

All Audeo Valley Charter School certificated teachers, classified employees, and administrators are required to report suspected child abuse. An in-service, which provides awareness and training, will be given annually to Audeo Valley employees.

As stated in the California Penal Code, Section 11164-11174.3, "Mandated reporters shall make an initial report to the agency immediately or as soon as is practicably possible by telephone and the mandated reporter shall prepare and send, fax, or electronically submit a written follow-up report thereof within 36 hours of receiving the information concerning the incident."

A report may be done for any reason. The criterion is that a **reasonable** suspicion of an abuse/neglect situation either has occurred and/or exists. Each staff member is a mandated reporter. A report may not receive immediate action if it is a non-emergency situation. However, it will add to the documentation should other events occur.

Discuss **ALL** situations at the time of occurrence with the School Coordinator or designee.

If it is unsafe for the student to leave/go home, please call the local police department for further assistance and instructions.

If the school site, staff, and/or student(s) are threatened or in danger, call 911 immediately.

Instructions for filing a Suspected Child Abuse Report

Formatted: Font: 16 pt, Not Bold, No underline, Font color: Accent 1

Formatted: Centered

1. Call the **Child Abuse Hotline first (1-800-442-4918)** to make **a verbal report** to the agency immediately or as soon as is practicably possible by telephone. Please be sure to get the name of the hotline worker.

2. The correct form for either the written or fax report is **DOJ SS8572**. This form may be downloaded from the California Attorney General's Web site at www.ag.ca.gov/childabuse/pdf/ss_8572.pdf or obtain a copy from the School Nurse or School Coordinator.

3. Please complete every space on the SS8572 form. If you do not know certain requested information, write unknown.

4. Please type or print legibly in black ink to avoid a time consuming callback.

5. "Narrative" - Please give detailed information. If you have additional information beyond what you have given by phone, please indicate this on the written report. If necessary, please continue your narrative on an additional sheet of paper, identifying the minor and indicating it on the referral.
6. Submit completed form as directed by Child Abuse Hotline personnel.

I. REPORTING RESPONSIBILITIES

Formatted: Font: Not Bold, No underline, Font color: Accent 1

• No child care custodian or health practitioner reporting a suspected instance of child abuse in good faith shall be civilly or criminally liable for any report required or authorized by this article (California Penal Code Article 2.5). Any other person reporting an instance of child abuse shall not incur civil or criminal liability as a result of any report authorized by this section unless it can be proved that a false report was made and the person knew or should have known that the report was false.

• Any child care custodian, health practitioner, or employee of the child protective agency (CPS) who has knowledge of or has observed a child in ~~his or her~~their professional capacity or within the scope of his other employment whom he or she reasonably suspects has been the victim of child abuse shall report such suspected instance of child abuse to a child protective agency immediately or as soon as practically possible by telephone and shall prepare and send a written report or fax report there of within 36 hours of receiving the information concerning the incident.

• Any child care custodian, health practitioner, or employee of a child protective agency who has knowledge of or who reasonably suspects that mental suffering has been inflicted on a child or its emotional well-being is endangered in any other way, may report such suspected instances of child abuse to a child protective agency. Infliction of willful and unjustifiable mental suffering must be reported.

II. DEFINITIONS

Notification to Staff of Dangerous Students

Formatted: Font: Not Bold, No underline, Font color: Accent 1

Formatted: Centered

a. The School Coordinator will inform the appropriate school personnel of information received from the court and the Probation Department. Audeo Valley School Coordinator shall disseminate the information to those teachers directly supervising or reporting on the behavior or progress of the student for the purpose of working with the student in an appropriate fashion, to avoid being needlessly vulnerable or to protect other persons from needless vulnerability.

b. Any information received by a teacher and administrator shall be confidential for the limited purpose of rehabilitating the student and protecting students and staff, and shall not be disseminated further by the teacher, counselor, or administrator except insofar as communication with the student, his/her parents/guardians, law enforcement personnel, and the student's probation officer is necessary to effectuate the student's rehabilitation or to protect students and staff. Unlawful dissemination of such information is a misdemeanor.

c. Any information received from the court shall be kept in a separate confidential file at the school of attendance, and shall be transferred to the student's subsequent schools of attendance and maintained until the student graduates from high school, is released from juvenile court jurisdiction, or reaches the age of 18, whichever occurs first.

d. After the student graduates from high school, is released from juvenile court jurisdiction, or reaches the age of 18, the confidential record shall be destroyed.

Anti-Discrimination and Harassment Policy

Formatted: Font: Not Bold, No underline, Font color: Accent 1

Formatted: Centered

Audeo Valley Charter School is committed to equal opportunity for all individuals in education. School programs and activities shall be free from discrimination based on sex, race, color, religion, sexual orientation, national origin, physical or mental disability or any other unlawful consideration. Audeo Valley Charter School shall promote programs which ensure that discriminatory practices are eliminated in all school activities and will take steps to assure that the lack of English will not be a barrier to admission and participation in any activity.

Any student who engages in discrimination of another student or anyone from Audeo Valley may be subject to disciplinary action up to and including expulsion. Any employee who permits or engages in discrimination may be subject to disciplinary action up to and including dismissal.

Any student or parent who feels that discrimination has occurred should immediately contact a teacher or the School Coordinator for resolution. If not resolved, contact: The Chairperson of the Board of Directors.

Schoolwide Dress Code

Formatted: Font: Not Bold, No underline, Font color: Accent 1

Formatted: Centered

In order to establish and maintain a safe and productive environment, students are expected to wear appropriate clothing and footwear to school. Students who are not wearing appropriate clothing, parents/guardians will be notified and students will be asked to change or sent home. Unacceptable dress includes, in part, the following:

- Pants sagging below the waist
- Beachwear or sleepwear, including bedroom slippers
- Shorts/skirts that are above mid-thigh
- Tube tops, backless shirts, see-through garments, shirts that show the midriff, muscle tank tops, and clothing that would be considered revealing and/or a distraction to the learning environment
- Visible undergarments (including boxer shorts, bras, etc.)
- Clothing that promotes alcohol, drugs, tobacco, or other controlled substances
- Clothing that uses vulgar/profane language and/or images
- Head coverings such as, hats, bandanas, beanies, or do-rags

Going To and From School Safely

Formatted: Font: Not Bold, No underline, Font color: Accent 1

Formatted: Centered

Everyday, millions of children take to the streets and roadways to get to and from school. They walk, ride their bicycles, take buses, and arrive in vehicles with one purpose — getting to and from school safely. It is important for Audeo Valley students to understand safety guidelines and tips to follow to ensure their safety to and from the site. The following safety tips are reviewed annually with students and parents to help prepare all students for a safer journey.

1. Every student will have set schedule for arrival and departure from the site. When a student fails to arrive for their appointment, and has not notified the school or the absence, ~~his or her~~their teacher will call home to ensure the student is safe.

2. Every students, parent, and guest is required to sign-in and out each time they arrive and depart the site. Students, parents, and guests will have designated staff members to sign-in and out with.

3. All students will be given an official school issued photo identification card annually. Students will be required to keep the identification card on their person each time they travel to and from the site.

4. Students will be encouraged to always TAKE A FRIEND when walking or riding ~~his or her~~their bike to and from the site. Students should walk and ride in well-lit areas, and never take shortcuts. When walking and biking students should stay aware of their surroundings and observe all traffic rules in place to more safely share the roads and sidewalks with others.

5. Parents will be encourage to walk the route to and from school with their children pointing out landmarks and safe places to go if they're being followed or need help. Making a map with their students and showing acceptable routes to the site, using main roads, and avoiding shortcuts and isolated areas is encouraged. A map will be a good guide for students who may need help finding their way.

6. If a student takes public transportation (i.e. city bus) to and from the site, parents will be encouraged to visit the bus stop with their student and learn the bus number. This will avoid confusion for the student about knowing which bus to ride.

7. In the event anyone bothers a student while going to or from the site, students will be taught to get away from that person, and **TELL** a school staff member, parent, or another trusted adult. If an adult approaches a student for help or directions, students will be trained that grownups needing help should not ask children for help; they should ask other adults.

8. Students will be directed that if anyone they don't know or a person who confuses, scares, or makes them feel uncomfortable offers a ride, say NO. Students should never hitchhike. Also, students should never accept a ride from anyone unless a parent has told them it is OK to do so in each instance.

9. Students will be directed that if anyone follows them on foot to get away from him or her as quickly as possible. If anyone follows them in a vehicle they should turn around, go in the other direction, and try to quickly get to a spot where a trusted adult may help them. Students will be advised to **TELL** a school staff member, parent, or another trusted adult what happened.

10. Students will be taught that if anyone tries to take them somewhere they should quickly get away and yell, "This person is trying to take me away" or "This person is not my father/mother/guardian." If anyone tries to grab them, they will be taught to make a scene and every effort to get away by kicking, screaming, and resisting.

11. Students will be taught to never leave the site with anyone they don't know. They should always **CHECK FIRST** with a school staff member, parent, or another trusted adult. If anyone tells them there is an emergency and they want the student to go with them, the students should always **CHECK FIRST** before doing anything. Students will be taught to make sure they understand to **TELL** a trusted adult if they notice anyone they don't know hanging around the site.

12. Parents are encouraged to practice these safety tips with their student to make certain they really know and understand them. Make the walk to and from school a "teachable moment" and chance to put their skills to the test.

Safe Ingress and Egress Procedures

Formatted: Font: Not Bold, No underline, Font color: Accent 1

Formatted: Centered

All staff and students shall review site evacuation procedures including primary/alternate routes and assembly areas, assigned responsibilities, and actions to take as posted on site. If there is a need for evacuation from the site, the following procedures are as follows:

- Students and staff calmly evacuate the building to designated assembly area (alternate route if primary area is closed) as displayed on posted site evacuation plan
- Designated staff take along emergency release binder, sign-in sheets, emergency materials specified in disaster preparedness plan
- Using sign-sheets, staff verifies presence of all students and staff
- Staff contacts appropriate emergency units
- Staff keeps students in assembly area until further instructions are received from the EOT. No one shall reenter the building for any reason until official ALL CLEAR signal is given
- Once the ALL CLEAR is given, School Coordinator or designee reenters building to ensure that it is safe and secure
- Staff and students reenter building and resume instructional/administrative activities

If the building is not safe to reenter, the reunification procedures are required:

- Staff will notify parent/guardians regarding emergency situation and procedures for verification and release of students
- When parent/guardian or designee arrives, staff will verify identity of parent/guardian or designee based on emergency release forms
- Parent/Guardian will sign form verifying that student is being released to them
- Staff will maintain documentation to ensure accountability of all students

Ensuring a Safe and Orderly Environment

Audeo Valley Charter School will remain a safe place for students and adults.

Audeo Valley staff believes that a positive climate is required if effective teaching and learning is to take place. We expect students, assisted by their parents, to meet the appointments agreed to on the Master Agreement. We expect students to complete high-quality work at the rate of one credit per month. We will make every effort to keep parents informed about the student's progress and behavior.

Discipline Procedures

Formatted: Font: Not Bold, No underline, Font color: Accent 1

Formatted: Centered

All parents and students are asked to carefully read and sign the positive school discipline plan upon enrolling:

SCHOOL RULES/DISCIPLINE

- Attend school according to the schedule on the master agreement, arrive on time and return directly home after each weekly appointment.
- Complete ALL assignments as scheduled.
- Respect the authority of ALL ADULTS at Audeo Valley Charter School.

SEVERE CLAUSE BYPASSES

A majority of students at Audeo Valley Charter School will maintain acceptable standards, but a small percentage will find it difficult to follow our procedures. The following offenses will require immediate action:

Fighting/open rebellion	Possession or use of drugs or alcohol
Defiance/unprovoked attack	Smoking
Stealing	Vandalism
Profanity, Vulgarity, or Obscene Acts	Severely inappropriate behavior

PARENT RESPONSIBILITIES

Attendance

Formatted: Font: Not Bold, Font color: Accent 1

- Ensure that students get to their scheduled weekly appointment on time. Contact teacher if this is not possible to arrange an alternate time.
- Follow up to make sure your student is doing high quality work according to scheduled dates.
- Arrange for your student to attend appropriate tutoring sessions, seminars and field trips.
- Meet with staff when requested.

PARENTS' ROLE IN DISCIPLINE AND BEHAVIOR

Parents are expected to cooperate with school staff in maintaining and encouraging proper standards of behavior for their children. The following points may prove helpful:

- Instill in your child a sense of responsibility for what he/she says and does.
- Help him/her to solve conflicts in a peaceful manner.
- Review your own attitude about discipline and behavior.
- Make sure you communicate with the school to learn necessary facts and expected behavior.
- As a role model for your child, show respect for learning and the necessity for completing an education.

Instructional Continuity Plan

ALTUS SCHOOLS SOUTHERN CALIFORNIA

AUDEO VALLEY CHARTER SCHOOL

AUDEO VALLEY CHARTER SCHOOL
Instructional Continuity Plan

Formatted: Font color: Accent 1

General Information

At Audeo Valley Charter School (AVCS), we prioritize uninterrupted learning. This Instructional Continuity Plan (ICP) embodies our proactive commitment to ensuring education continues seamlessly, regardless of circumstances. By establishing robust systems for remote instruction and communication *now*, we are prepared to transition swiftly and effectively to virtual learning environments should any emergency or unforeseen event occur. Our integrated online learning platforms, video conferencing capabilities, and digital communication tools form the bedrock of this preparedness. Furthermore, this ICP details clear decision-making pathways, empowering a designated leadership team to act decisively, activate appropriate remote learning phases, and keep our staff, students, and families informed, ensuring learning remains constant.

Engagement Protocol

In the event of an emergency, AVCS is committed to ensuring that students' educational experiences continue with minimal disruption. The school will engage students and families within 5 calendar days using a variety of communication methods to ensure everyone stays informed and connected. Examples of the two-way communication tools include phone calls, SMS text messaging, email, video conferencing, social media, and app notification through ParentSquare. The ParentSquare communication platform integrates with our Student Information System, providing all enrolled students and families with a centralized and accessible communication channel to receive updates and information from school administrators, teachers, and support staff. Given the instructional model of the school, it is common practice for teachers to be in touch with students and/or families daily. This routine communication ensures that in the event of an emergency, there will be no disruption in the connection between teachers, students, and their families. Teachers will continue to provide academic support, share resources, and address any concerns through the established communication channels.

Following an emergency, AVCS will utilize our Multi-Tiered System of Supports (MTSS) to ensure all students receive the appropriate level of support based on their individual needs. Healthy Youth Therapists on staff are available to assist in supporting students' social-emotional and mental health needs through individual or group therapy sessions.
AVCS strives to maintain a strong and supportive learning environment, even in the face of emergencies. By leveraging multiple communication methods and providing comprehensive

support through MTSS, we aim to ensure the continuity of education and the well-being of our students and their families.

Instructional Access Plan

AVCS is an independent study program that offers both in-person and hybrid learning options for students. Resource Centers are strategically located within the neighborhoods and communities where students reside. Thanks to our multiple physical locations, state-of-the-art video conferencing technology, and independent study format, AVCS can quickly adapt if a Resource Center becomes inaccessible due to an emergency or natural disaster. Students can continue in-person learning at an alternative neighborhood Resource Center or temporarily switch to virtual learning.

Every student at AVCS has a Pathways Personalized Education Plan (PPEP). This plan is used by staff to analyze each student's current academic levels, grades/credits, educational goals, learning styles/preferences, interests, and post-high school pathways. The PPEP is developed and continually revised in collaboration with the student, parent, teacher, counselor, and school instructional leader.

As part of the PPEP and Instructional Plan, the school staff administer a fall benchmark assessment, NWEA Measures of Academic Progress (MAP), to all students to measure academic levels and proficiency in Reading, Language, and Mathematics. Teachers and instructional leaders use these assessment results to make data-informed decisions, such as increasing individual tutoring support in specific academic domains or utilizing specialized instructional strategies, curriculum, and programs to improve student skills.

Monitoring student academic progress and growth is a key element of the PPEP. When students do not demonstrate improved academic growth over time, instructional staff initiate and increase academic intervention efforts and support. AVCS utilizes a Student Intervention Program aligned with the Multi-Tiered System of Support (MTSS). This intervention model provides instructional staff with a system to quickly identify and match the needs of all students. Each intervention completed by a teacher, counselor, or school support staff is documented in the school information system. The school's Data and Assessment department provides staff with a Monthly Storybook summarizing specific interventions completed. School leaders use this intervention data to monitor effectiveness and ongoing student needs. This plan ensures academic progress is not disrupted if a student must switch locations or modalities due to an emergency or natural disaster.
As an independent study school, students will naturally continue their learning through their existing textbook-based curriculum, aligned with state standards and developed by subject matter experts, in the event of an emergency or natural disaster. This curriculum will remain

accessible within 10 instructional days of an emergency scenario. The Curriculum Department has already implemented digital lesson guides and online textbooks to support independent learning. For families needing hard copies, textbooks, lesson guides, and supplemental materials can be distributed via non-contact methods.

Edgenuity is the platform used to deliver online curriculum. Through Edgenuity, students have access to multiple scaffolds essential for English Learners and Students with Disabilities, including digital notetaking, transcripts in multiple languages, graphic organizers, glossaries, academic language tools, digital sticky notes, extended time, video closed captioning, text translation, and read-aloud features.

Students who lack access to a computer or home internet can be issued data-enabled laptops through the Altus Connect Program, ensuring they can access the Edgenuity platform, virtual meetings & tutoring sessions, and other online resources from home.

School staff are dedicated to maintaining high levels of student engagement and supporting academic achievement. Setting high expectations helps students achieve their daily, weekly, and monthly goals. Key instructional strategies include virtual and/or in-person one-on-one meetings and small group tutoring sessions, where teachers guide instruction and assess mastery of content standards, providing additional instruction as needed. Teachers also offer instructional support during scheduled student hours, both virtually and in-person. Additionally, teachers monitor academic progress and engagement through online forms, surveys, screencast videos, virtual events, and other communication tools, ensuring students remain on track with their educational goals.

Communication Strategy

In a school emergency or natural disaster, clear and timely communication is critical. Our multi-faceted approach prioritizes the safety and well-being of students and families by ensuring a consistent flow of vital information through multiple accessible channels, strengthening the school-to-home partnership.

Initially, ParentSquare can serve as our central hub for rapid dissemination of alerts and critical updates regarding the situation, safety protocols, evacuation procedures (if necessary), and school status. Simultaneously, the school website and the Altus Schools Health and Wellness Hub will be updated with the same crucial information, offering additional reliable sources.

Following immediate alerts, instructional staff will use secure text messaging, emails, and phone calls for more direct updates on student well-being and specific instructions. Virtual

conferences via Microsoft Teams and Zoom may also be used for broader informational meetings or individual check-ins, as circumstances permit.

Recognizing potential challenges with digital communication, school staff will be prepared to conduct home visits to provide direct updates, ensure student safety, and deliver essential resources or instructions.

To ensure equitable access, our dedicated bilingual staff will communicate critical emergency information in both English and Spanish.

Access to Devices, Materials, and Connectivity

To ensure students have access to online schoolwork, AVCS conducts multiple needs assessments and satisfaction surveys with students and parents to identify families requiring home technology. Teachers maintain regular communication with students and parents through secure text messages, phone calls, virtual conferences, and emails to identify ongoing needs or unique circumstances. As a result, the school has successfully deployed Chromebooks and data plans to all students in need. When new students enroll, school clerks and counselors conduct a technology needs assessment with each family and promptly provide devices to ensure all barriers to learning are eliminated.

Occasionally, school-issued devices require repair or service. In such cases, devices are collected and submitted to the school's Operations Department for maintenance. Students are issued replacement devices to ensure continuous access. Inventory is reviewed regularly by the Operations Department to ensure necessary stock levels are maintained to accommodate student need.

The school has also enhanced its websites and technology tools. To minimize confusion and redundancy for students and parents, the school has created an online landing page, www.altusgo.com, which provides students and families with access to curriculum and instructional supports. From this landing page, students can access essential school technology programs such as Edgenuity, Naviance, Renaissance (Illuminate), Achieve 3000, and BrainPOP. For students who prefer or require hard copy materials, staff will work with the family to distribute as needed.

Special Populations and Support Services

Even in a shift to remote learning, our school remains dedicated to providing equitable and personalized education for all students through our key process: Pathways Personalized Educational Plan (PPEP). This collaborative plan, developed with teachers, students, parents,

counselors, and instructional leaders, inherently addresses diverse needs, including those of English Learners, Students with Disabilities, and Foster/Homeless Youth. Our dedicated Homeless and Foster Youth Liaison will continue to provide comprehensive case management services remotely, ensuring uninterrupted support through virtual check-ins and resource coordination. Existing PPEPs, outlining individual goals and learning preferences, will guide personalized remote learning experiences, and our Multi-Tiered Systems of Supports (MTSS) framework will deliver tailored online interventions.

For English Learners, we ensure continued language development through both integrated and designated ELD support via online educational platforms and digital resources like Summit K12, BrainPOP EL, and Ellevation. Integrated ELD is embedded within virtual content lessons, while designated ELD focuses on explicit language and literacy skill-building through virtual small groups and individualized online activities, all aligned with the school's English Learner Plan. Students with Disabilities will continue to receive Free Appropriate Public Education (FAPE) through the virtual implementation of their IEPs. Specialized Academic Instruction (SAI) will be provided via distance learning by Education Specialists through secure video conferencing and online learning platforms. Curriculum will be adapted for digital accessibility, and instruction will be differentiated using online platform features and Universal Design for Learning (UDL) principles. Special education case managers will actively monitor student progress remotely through regular virtual check-ins and ongoing collaboration with general education teachers.

Furthermore, we are committed to supporting the holistic well-being of our students in a remote setting. To address mental health and social-emotional needs, we will provide virtual counseling sessions with our school counselors and offer readily accessible resource directories for additional support services. Recognizing the importance of basic needs, we will also ensure families have access to critical nutrition services and other wraparound supports by providing comprehensive information on accessing local food banks and other essential resources.

Instructional Continuity and Independent Study Readiness

As a WASC-accredited, non-classroom-based independent study program, our school has established and implemented written policies to govern our independent study program. All students and parents/care givers sign a board-approved, year-long independent study Master Agreement contract, which includes required elements such as Contact Information, Methods of Study, Evaluation Procedures, Attendance and Participation Requirements, Outreach Methods, Maximum Time for Assignments, and Number of Missed Assignments.

AVCS is dedicated to delivering high-quality, rigorous, and standards-aligned curriculum and instruction entirely through accessible online platforms. Our model inherently ensures that *all* students can be effectively supported remotely. Leveraging a robust digital curriculum,

versatile communication tools, and interactive videoconferencing systems, we guarantee seamless continuity of learning, regardless of external circumstances such as emergencies or natural disasters. This instructional approach will ensure that students can receive virtual daily one-on-one meetings, weekly small group tutoring sessions, readily available virtual student hours, and additional personalized check-in meetings. This will ensure every learner receives the individual support they need to thrive in the event of a natural disaster or emergency.

Assessment and Student Progress Monitoring

In the event of an emergency or natural disaster, the school will maintain continuous learning through the following established procedures: Teachers will consistently monitor student learning daily using varied formative assessments and robust tracking methods implemented remotely. Data on participation in online activities, coursework completion, assessments, and communication will be analyzed to inform responsive instruction. Teachers will utilize a Course of Study Record (CSR) and Participation/Credit Tracker to closely follow daily progress virtually, while students will maintain a Student Learning Log, reviewed and archived by teachers in the SPSIS. Attendance will be certified remotely via School Pathways Student Information System (SPSIS) at the end of each Independent Study Learning Period.

In the virtual environment, remote instruction will be shaped by continuous formative and summative assessments, incorporating a variety of online activities to gauge student learning and personalize instruction. Assignments will receive virtual feedback, and scores below 70% will automatically activate tailored virtual remediation plans, ensuring targeted support. Furthermore, teachers and instructional staff will leverage the school's MTSS framework to address the holistic academic, behavioral, and social-emotional needs of each student; these strategies may include additional virtual tutoring, participation in specialized programs like IXL Math, or meetings with guidance counselors or healthy youth therapists.

Leveraging secure video conferencing, educators can deliver dynamic live instruction, foster real-time communication, and implement immediate learning evaluations through engaging virtual activities such as quick writes and collaborative group projects. These interactive sessions bridge the physical distance, enabling active participation and timely feedback.

The SPSIS Gradebook will serve as the central platform for recording all virtual assignments, and teachers will provide summary comments on student progress at the end of each Learning Period. This information will be accessible to students and parents via the School Pathways Portal, with ongoing virtual training and support provided to ensure seamless access and engagement.

Professional Development for Staff

Altus University ("AU") serves as the professional learning platform for the school, offering both in-person and virtual sessions to accommodate the diverse needs of our staff. Altus University includes a fully online component, called AU in the Cloud, which is available to all segments of the workforce and aligned with the California Quality Professional Learning Standards (QPLS).

AU sessions incorporate school-wide initiatives to improve student learning in math and English language development. Each session includes an evaluation for participants to provide feedback on participation, satisfaction, usefulness, learning, and areas for follow-up. This feedback is used by the school's curriculum departments as part of their ongoing Professional Learning Communities (PLCs) and to plan additional AU sessions.

Both in-person and virtual AU sessions provide instructional staff with the time and space to explore curriculum content necessary for quality instruction. Instructors build participants' capacity to use frameworks, standards alignment documents, and instructional pacing guides to support teaching content standards. Assessment and instructional strategies are incorporated into the sessions so that teachers can use formative assessment strategies to inform instruction for a diverse student population.

Teachers have undergone Leading Edge Certification (LEC), a national certification for educational technology, to become effective online and blended learning teachers. For new teachers, the school continues the certification process through the LEC FLEX program. School instructional leaders provide feedback on new skills acquired through AU sessions during virtual tutoring session observations. Instructors model how to differentiate curriculum and scaffold instruction to support all students. These sessions uphold the school's values by increasing participants' capacity to enhance students' participation, engagement, connection, sense of belonging, and emotional well-being.

Instructional strategies are presented through an equity lens, ensuring access and equity for all students. Data informing AU sessions is disaggregated by gender, race, special needs, foster youth, and socio-economic indicators, allowing for the identification of student instructional needs focused on specific groups. All participants can access AU sessions through registration on the Altus University Portal. Sessions are generally held on the same day of the week and time, allowing teachers to plan instruction around the professional learning sessions they wish to attend. Recorded sessions are available on demand for staff members who are unable to attend live sessions.

Instructors for AU sessions include Administrators, Teachers on Special Assignment, Special Education, General Education teachers. They maintain a positive learning environment for all participants, who can use the chat feature within Microsoft Teams to ask questions without

interrupting the flow of instruction and can unmute their microphones to participate verbally. Instructors engage participants through Web 2.0 tools learned from the Leading Edge Certification (LEC). AU instructors understand that student Social Emotional Learning is paramount, focusing on connecting with students first, followed by content.

By combining virtual and in-person professional learning, Altus University ensures that all staff have the resources and support they need to succeed in any learning environment.

Criteria for Returning to In-Person Learning

Following a school emergency or natural disaster, the decision to resume in-person learning will be made in close coordination with state and county emergency management and education agencies, prioritizing the safety and well-being of students and staff. Return to school sites will occur only when deemed safe by these authorities and when the following critical conditions are met:

- Lifted Evacuation Orders: All evacuation orders affecting the school site and the surrounding areas necessary for safe travel of students and staff must be officially lifted.

- Safe Air Quality and Clean Water: Air quality must be at levels deemed safe by relevant environmental agencies, and access to potable, clean water must be fully restored at the school site.

- Restored Utilities: Essential utilities, including power, gas, and functioning sanitation systems, must be reliably restored to ensure a safe and healthy learning environment.

- Debris Removal: School grounds and access routes must be cleared of any hazardous debris that could pose a risk to students and staff.

- Staffing and Food Service Readiness: Sufficient staffing levels across all essential functions, including instructional, administrative, and support roles, must be ensured. Additionally, food service operations must be ready to provide necessary meals for students.

Upon confirmation that these conditions are met and clearance is received, the school will implement clearly defined return-to-school plans and protocols aligned with the most current guidance from the California Department of Education (CDE) and county education offices. These protocols will be proactively communicated to all students and staff.

Collaboration and Site-Based Planning

The collaborative spirit at our school ensures that our Instructional Continuity Plan (ICP) and School Comprehensive Safety Plan are living documents, shaped by the diverse perspectives of our entire educational community.

Administrators actively champion the development and review processes for both plans. They initiate discussions, provide resources, and ensure that feedback is thoughtfully integrated. Staff members, including teachers, counselors, and support personnel, contribute their invaluable frontline experiences through surveys, focused meetings, and professional development sessions, directly influencing the practical elements of the plans.

Parents and family members play a vital role as essential partners. Their insights into students' needs and home environments are gathered through surveys, school events, parent-teacher conferences, and dedicated meetings, ensuring a holistic approach to both instructional continuity and safety.

Our students' voices are also crucial in this collaborative endeavor. Meaningful feedback is solicited through age-appropriate surveys, student forums, and representative participation in school events, providing a unique and important perspective on safety and learning continuity.

The School Site Council serves as a cornerstone of the annual review process for both the ICP and the School Comprehensive Safety Plan. This body, comprised of administrators, teachers, staff, parents, and students, reviews the plans, analyzes feedback gathered throughout the year, and provides critical input for revisions and improvements, ensuring that our safety and instructional strategies remain responsive and effective. This ongoing cycle of collaborative development and review ensures that our plans reflect the collective wisdom and shared commitment of our entire school community.

Plan Review and Updates

Our Instructional Continuity Plan (ICP) is a living document designed to adapt to the evolving needs of our school community. To maintain its effectiveness, we conduct an annual review and update process.

The Altus Schools Executive Safety Team is central to this process. Each year, they examine the ICP, ensuring its alignment with current best practices and any changes in our school environment or local context. This comprehensive review includes:

- Data Analysis: The Executive Safety Team (EST) analyzes year-long data, including feedback from surveys, meetings, and training involving administrators, staff, parents, and students. The EST contributes critical insights related to safety protocols and potential risks, allowing us to pinpoint the plan's strengths and areas needing improvement.

- Stakeholder Input: We actively seek and value input from all stakeholders through surveys, focus groups, and school events. The EST thoroughly addresses all safety-related concerns raised during this engagement process and integrates guidance from the School Site Council's review of the Comprehensive School Safety Plan and Instructional Continuity Plan.

- Plan Evaluation: The EST assesses the ICP's effectiveness in addressing potential disruptions to instruction, such as natural disasters, emergencies, and other unforeseen events. The EST lends its expertise to evaluate the clarity of safety procedures, the adequacy of resources, and the practicality of implementation.

Based on this thorough analysis, the Executive Safety Team recommends necessary revisions to the ICP.

The updated ICP then undergoes the following steps:

- Documentation and Communication: All revisions are clearly recorded within the ICP and shared with key educational partners.

- Implementation: The updated ICP is put into practice school-wide, with any required training or professional development provided to staff. The Executive Safety Team actively supports the implementation of all safety-related components.

This annual cycle of review and updates, driven by the active involvement of the Executive Safety Team, guarantees that our ICP remains a relevant and effective instrument for ensuring instructional continuity, demonstrating our unwavering commitment to the safety and academic success of every student.

SECTION ONE
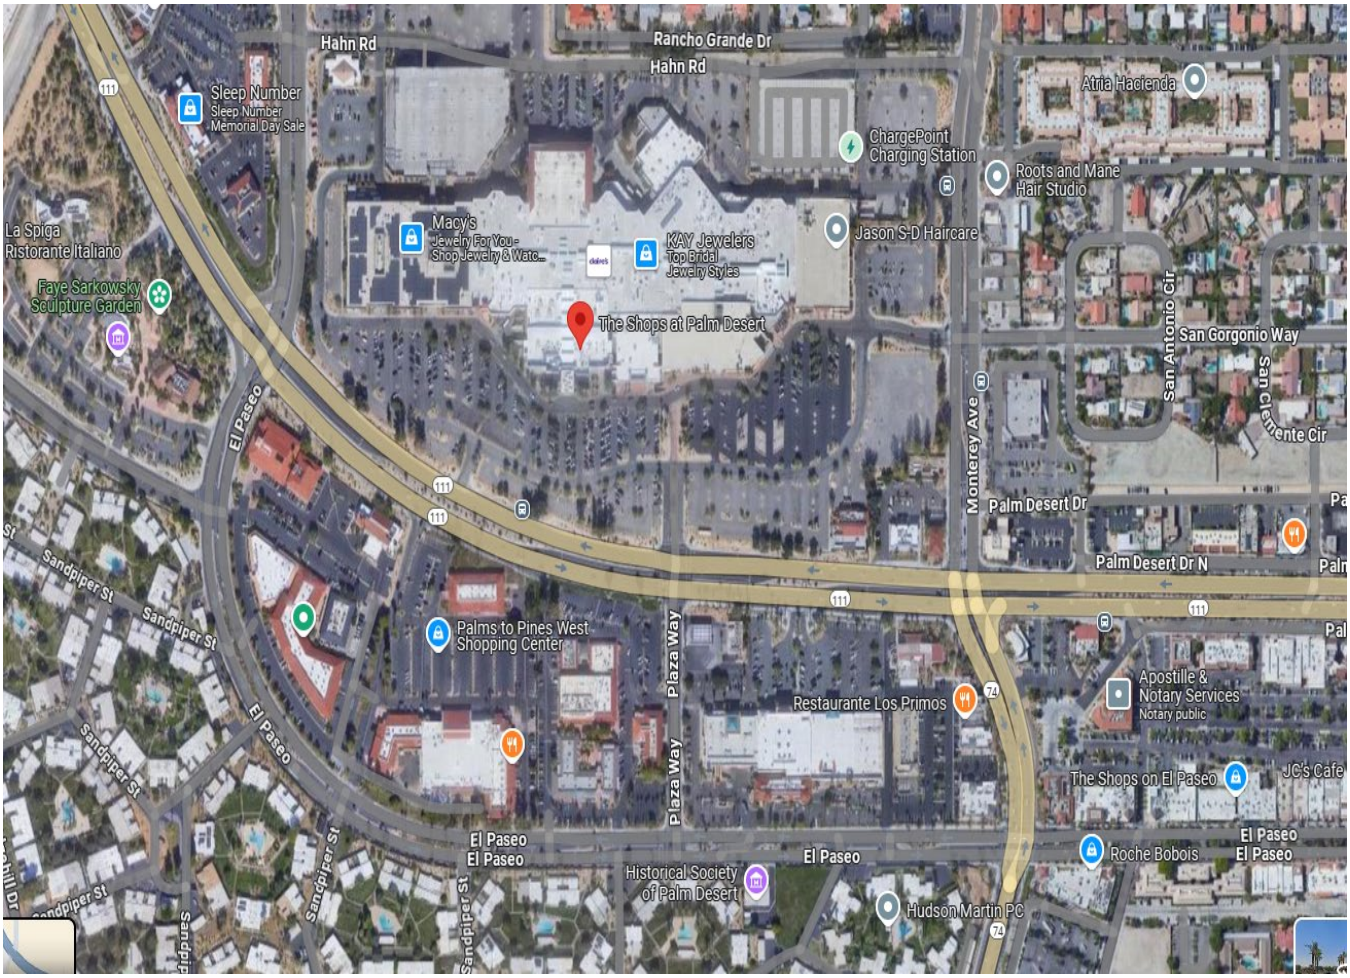
Executive Summary

The purpose of this plan is to outline the basic organization and procedures utilizing the Standardized Emergency Management System (SEMS) and the National Incident Management System (NIMS) for responding to an emergency affecting any location.

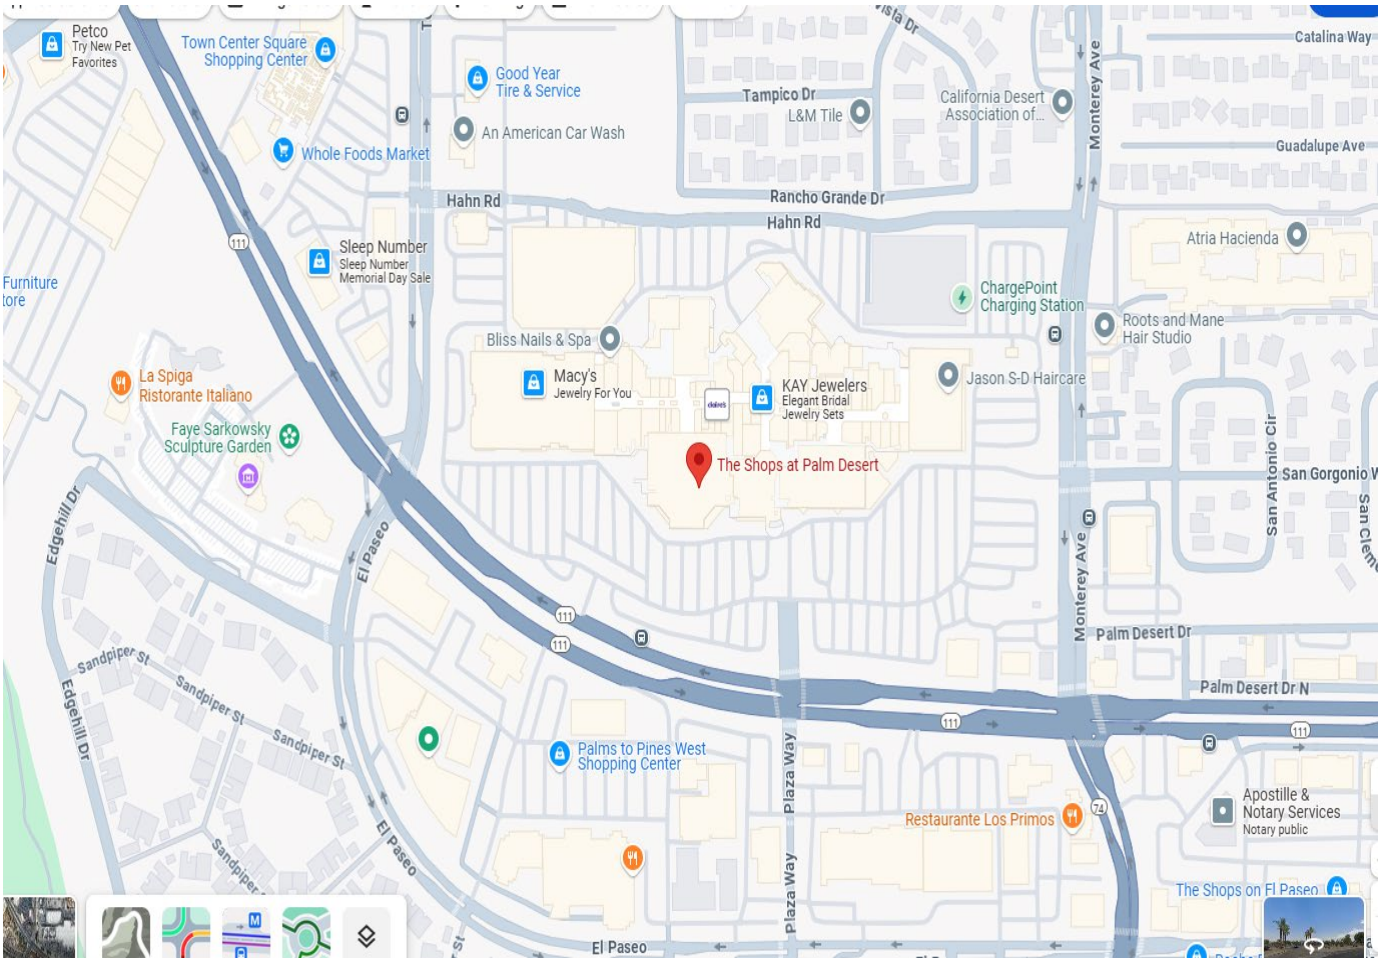
An "Incident Commander" (and alternate) is assigned to be the point of contact for this plan. During emergencies, the Incident Commander is the point of coordination for all operations. An Incident Command Team is in place to address key issues during emergency operations. The team works as directed by the Incident Commander. Each team member assignment can be found in Section Four of this plan, which identifies roles, responsibilities and duties.

The Incident Commander and the Incident Command Team are assigned to maintain and implement their Emergency Plan. The Safety Coordinator will assist with emergency preparedness, disaster planning, and will be responsible for updating the underlying Emergency Plan Template. As a component of the Comprehensive Safe Schools Plan document, the Safety Coordinator will review this emergency plan on an annual basis to determine if the Emergency Plan Template is compliant with Federal, State, and local laws.



The Incident Commander will coordinate training for all new staff (paid and volunteer) assigned to this resource center. The Incident Commander, coordinating with the Safety Coordinator, will conduct scheduled exercises to provide staff with an opportunity to practice the emergency procedures outlined in this plan.

This format allows staff to understand basic roles and responsibilities regardless of where in the school they may be working.



It is imperative all staff review this plan at least twice a year to ensure a basic understanding of their role and responsibility in an emergency. It is unlikely that anyone will have the time when an emergency occurs to review this entire plan, thus understanding and practice is necessary to be prepared. The proactive actions of individuals during an emergency may very well save another's life.

Hazard Assessment Summary

Information will be included here on any incidents that may occur during the previous school years.

Assessment of School Crime

In assessing the crime rate for the last two school years at Altus Schools Coachella Valley, the crime data indicates that there have been no incidents in the last two years. Our Altus Schools Coachella Valley staff will continue to monitor student behavior to ensure a safe and supportive environment. Both students and parents continue to rate the school high for providing a safe environment in their annual surveys.

ENROLLMENT 23-24yr	**118**	**24-25yr**	**138**		

The data represented is the total number of reported incidents within each crime category and as rates per 100 students enrolled. It is important to note that comparisons (% Change) are calculated from incident rates and not total numbers, because the rates reflect changes in student enrollment from year to year. Crimes involving Arson, Graffiti, and Vandalism must exceed $100 per incident, theft $50, and Burglary has no dollar limit. Any rate change to or from zero is represented as a 100% change. Caution should be used when drawing conclusions from individual rate changes. Improved reporting practices may have resulted in increases in crime rates which may not represent actual increases in crime.

RESPONSE GUIDELINES FOR DANGEROUS, VIOLENT OR UNLAWFUL ACTIVITIES

Altus Schools Coachella Valley adheres to the following Law Enforcement Notification Matrix in assessing and responding to dangerous and unlawful activity.

CALL 911	**CALL for Law Enforcement (911 if immediate danger - Dispatch if non-emergency)**	**Notification to Law Enforcement (911 if immediate danger - Dispatch if non-emergency)**
• Bomb threat/Suspicious package • Firearm on complex • Explosive on complex • Fire • Immediate risk of harm to student(s) and/or staff' • Intruder on complex • Medical emergency • Possible abduction	• Assault with a dangerous weapon and/or resulting in great physical injury (EC 48902) ○ Loss of consciousness; concussion; bone fracture; protracted loss or impairment of function of any bodily member or organ; a wound requiring extensive suturing; disfigurement • Report of sexual assault or battery (Grades 4-12) (EC 48902) ○ Touching an intimate part of another person, against the person's will, for the specific purpose of sexual gratification, sexual arousal, or sexual abuse • Homicidal threat (Grades 6-12) (EC 49390) ○ Any action that creates a **reasonable suspicion** that the student is preparing to commit a homicidal act related to school or a school activity	• Physical attack, assault or threat toward employee (EC 44014) • Possession of controlled substance (EC 48902) • Possession of other dangerous weapon (EC48902) ○ dirk, dagger, ice pick, knife having a blade longer than 2 1/2 inches, folding knife with a blade that locks into place, razor with an unguarded blade, taser, or stun gun, any instrument that expels a metallic projectile, such as a BB or a pellet.

Emergency Notification Information

Often, the first action to occur as an emergency incident is unfolding is the need to alert or warn others. The School Coordinator will serve as the primary notification point for emergencies at this resource center. The primary or alternate Incident Commander will notify the Safety Ambassadors. Once notified, they will begin contacting public safety officers to assist the Incident Commander, pursuant to their policies and procedures.

The very next action to occur is the need to alert or warn resource center staff. Methods for notifying staff include: Telephone – Landline and/or cellular, resource center radio, Runners – staff and/or students, Siren System – Siren and/or bell depending upon resource center, Handheld Air Horns or Bull Horns.

The method utilized will depend upon the circumstances of the emergency and the resources available at this resource center. Additional information is found in the School Emergency Procedure.

The Safety Coordinator will conduct an initial assessment based on available information and will advise the Incident Commander and the Superintendent of the recommended actions to be taken. However, if the emergency requires immediate action, the Safety Coordinator will initiate the appropriate warnings and notifications to public safety responders without delay.

As services are being dispatched to assist, the Incident Commander will begin to gather and direct resource center resources as necessary to address the emergency or disaster at hand. The following external and internal contacts may be of assistance:

Emergency Resource Information

Emergency Disaster Kit

This resource center maintains **one** kit. The kit(s) are located: **Janitorial Closet**

The Emergency Disaster Kit stores necessary resources for a resource center incident command. This kit should not be confused with the Crisis Response Box, which is carried out of the resource center to a Public Safety Incident Command Post. Resource Center personnel should use the items contained within the kit to manage their incident command. The following equipment and supplies are stored inside the Emergency Disaster Kit:

- Handheld Air Horns – recommend a minimum of five (Incident Commander & Chiefs)
- Bull Horn – recommend a minimum of one
- Batteries – recommend a minimum of two sets for bull horn, flashlights, emergency radios and walkie-talkies)
- Flashlights – recommend one per Incident Command Team member (17) (Search & Rescue Team and First Aid and Medical Team requirements listed separately)
- Walkie-Talkies – recommend a minimum of five (Incident Commander & Chiefs)
- Duct Tape – recommend a minimum of two rolls used for marking blank vests.
- Rosters - recommend a minimum of one set per room sorted by alphabet
- Steno Pads (5x7) – recommend one per Incident Command Team member (17)
- Pencils & Pens - recommend one each per Incident Command Team member (34)
- Copies of Forms
- Chalk - recommend twenty-five sticks, red in color
- 3x5 Cards – recommend one hundred
- Department or Resource Center Placards
- First Aid & Medical Team Supplies
- Search and Rescue Team Supplies
- Vests for Key Personnel – recommend a total of 17 for Incident Command Team members (Search & Rescue Team and First Aid & Medical Team requirements listed separately in Section Four)

All Emergency Disaster Kits and their contents are the responsibility of the Incident Commander. The Incident Commander will conduct annual inspections in October of each year. The responsibility to inspect and replace non-operating equipment and supplies belongs to the resource center. The responsibility to delegate the transport the Emergency Disaster Kit to an activated Command Post belongs to the following individuals:

Primary: **Incident Commander**
Alternate: **Operations Chief**

Crisis Response Boxes

This resource center maintains **1** Crisis Response Box.

The Crisis Response Boxes are located: Janitorial Closet and each Support Team Member

The Crisis Response Boxes are file folder- type boxes. The boxes are clearly labeled and contain vital information needed by the Incident Command Team and Public Safety Incident Commander (in the event a public safety incident command post is established. The following information is stored inside each box:

- Current copy of the Emergency Plan which should include resource center evacuation procedures, including staging locations. Also included should be an aerial photo including all **new** structures, electric, gas, water cable, telephone, intrusion and fire alarm shutoffs, resource center numbers, gate openings for vehicles/pedestrians and all fire hydrants that have been added to accommodate these new structures.
- Current map of resource center layout. Map must show **all** buildings, resource center numbers, and evacuation routes.
- Most current blueprint (architectural drawings).
- Current roster of students and staff assigned to the resource center, as well as issues pertaining to special needs students. These rosters will be in alphabetical order for staff and students. Student roster must be in alphabetical order, divided by grade level and have emergency contact/release information.
- A list of the resource center's staff skills including language translation, specialized training, and emergency equipment carried in vehicles.
- If available, current student photos on CD-ROM or most recent year book.
- Telephone numbers listed in numerical order for each resource center/building.

Maintenance of the Crisis Response Boxes and their contents is the responsibility of the Incident Commander. The Incident Commander will work with Safety Coordinator on conducting an inspection during October of each year. The responsibility to inspect and replace information belongs to the resource center.

The responsibility to carry the box to an activated Public Safety Incident Command Post belongs to the following individuals:

Primary: **Incident Commander**
Alternate: **Operations Chief**

Emergency Quick Reference Guide

This document, often referred to as the "Emergency Quick Reference Guide" is a red, white, and blue quick flip-type reference chart that provides basic guidelines for emergencies. The information in this guide is drawn directly from the School's Emergency Procedures. Each resource center has been equipped with a copy of the guide. The guide provides basic direction for teachers and staff in the event of an emergency. All staff should familiarize themselves with the content annually. Replacement copies are available through the Operations Department.

Emergency Operations Overview

The protection of lives shall be the primary priority of all emergency operations and procedures. The protection of property shall be secondary to life safety. The emergency procedures within this Plan are designed to facilitate life safety through the use of simple, basic procedures based on the Standardized Emergency Management System (SEMS) and the National Incident Management System (NIMS) that utilize the Incident Command System (ICS) as the basic response management structure.

Disaster Service Workers

California Government Code, Chapter 8, Section 3100 states: "…all public employees are hereby declared to be disaster service workers subject to disaster service activities as may be assigned to them by their superiors or by law." In accordance with these provisions, all staff members are considered "disaster service workers" during emergencies and must remain in the resource center to carry out assigned responsibilities. Resource Center staff should be familiar with emergency procedures and any assigned responsibilities. During an emergency, staff will serve on response teams and implement response procedures. If a teacher has been assigned to an Incident Command Team position in the following list, the teacher will first ensure the safety of the students and accompany the students to the Assembly Area (also known as the "Evacuation Area"), where the students will be reassigned to another teacher. The teachers will then carry out their assigned Incident Command Team responsibilities.

Plan Maintenance

The Incident Commander is responsible for the maintenance of this plan. The Emergency Plan is Criterion 2 of California's mandated Comprehensive Safe Schools Plan. The School Safety Coordinator is responsible for annual plan review. Appropriate changes or modifications shall be

forwarded by the Incident Commander to the Safety Coordinator for approval prior to any distribution. The Emergency Plan will be maintained on a secured intranet with “read only” access to the Incident Command Team and revision access to the Incident Commander and the Safety Coordinator.

Training & Exercises

Training is a key component to ensure successful emergency operations. The adage “people will do what they have been trained to do” is consistently proven in actual emergencies. Exercises allow “people” to practice what they have been trained to do and improve their skills for an actual emergency.

The Incident Commander will coordinate annual trainings for all staff on the basic emergency procedures of this plan. All new staff assigned to the resource center will receive basic training within 30 days of assignment. Basic training can simply involve knowledge of basic SEMS and ICS protocols, key evacuation locations, parent reunification locations, and the location of related resources. Members of the Incident Command Team will receive additional training specific to their duties every year by the Incident Commander and School Safety Coordinator.

The Incident Commander will coordinate annual exercises for all staff as outlined in the School Emergency Procedures.

Incident Command Team Overview

According to ICS, the size of the organization (i.e., number of positions) will vary depending on the operational needs of the incident. In some cases, one individual may be able to fill more than one "position". (Example: in a small incident the School Coordinator oftentimes serves as the Incident Commander and the Public Information Officer.)

Only under very unusual conditions will all of the positions identified below be activated and fully staffed. To that extent, the Incident Commanders have been encouraged to "cluster" certain same-section positions, if the workload allows. The Incident Commander could assume the Safety Officer, Public Information Officer, and Liaison Officer duties. The Planning & Intelligence Chief could assume the Documentation and Situation Analysis duties.

Incident Command Team Assignments

Key staff will be pre-assigned to the Incident Command Team and have specific duties during emergencies. These duties include:

- **Incident Commander** – responsible for overseeing the resource center emergency operations. Typically, also assumes responsibilities of the Safety Officer, Liaison Officer, and Public Information Officer duties
    - **Safety Officer** - ensures that all activities are conducted in as safe a manner as possible
    - **Public Information Officer** – acts as official spokesperson for the resource center in an emergency situation, until the School's Communications Officer is available
    - **Liaison Officer** – serves as the point-of-contact for agencies outside of the School's organization.
- **Operations Chief** – manages direct response to the resource center emergency
    - **Facility Check & Security** – controls utilities, restricts access to unsafe areas, provides traffic control, and communicates damage to Incident Commander
    - **Search & Rescue Leader and Team** – checks resource center for damage, rescues victims, and reports resource center conditions
    - **First Aid & Medical Leader and Team** – provides medical response including CISM (Critical Incident Stress Management)
    - **Student/Parent Reunification**
        - **Assembly Area** – ensures the care and safety of all students in resource center (except those in the Medical Treatment Area)

        - **Request Gate** – processes requests by parents or authorized adults for release of students
        - **Release Gate** – releases student to parent or authorized adult

- **Planning & Intelligence Chief** – in charge of collection, evaluation and documentation of information about the incident
    - **Documentation** – collects, evaluates, and documents event
    - **Situation Analysis** – assesses the overall incident
- **Logistics Chief** – provides facilities, services, personnel, equipment and materials to support response – includes food and transportation services
    - **Supplies, Facilities, & Staffing** – provides supplies, equipment and staffing to support response
- **Finance & Administration Chief** – tracks purchases, staff hours, costs, and student accountability

In the event of an emergency, a Command Post will be established by the Incident Commander. Incident Command Team members will be informed of the location upon activation.

The Emergency Roles and Responsibilities Section (Section Four) of this plan provides checklists for each of the above assignments. The Incident Command Team will report to the Incident Commander at the Command Post. Any staff may be assigned to assist each of the above positions depending upon the circumstances and demands of the incident and care of the students and staff.

The Emergency Operations Center (EOC) located at the Sorrento Mesa Resource Center may be activated to support resource center emergency operations. In the event that the EOC is activated, the Incident Commander will establish communications and coordinate closely with the EOC.

It's important that the Incident Command Team refer to both the Emergency Procedures and Emergency Quick Reference Guide for command directives and clarifications.

SECTION TWO
Emergency Procedures

Evacuation Procedure

Notification
The Incident Commander is responsible for notifying the Incident Command Team when an evacuation is necessary. The Safety Ambassador, in coordination with the Incident Commander, is responsible for activating the evacuation notification procedures for resource center-level personnel. Additional information pertaining to resource center evacuations can be found in Emergency Procedures.

The signal for evacuation is:
short interrupted blast.

If the primary emergency notification system fails to activate, the secondary notification method will be handheld air horns found in the Emergency Disaster Kit.

If evacuation is required, but an alternative method of notification is required (e.g. a received credible bomb threat), then notification can be made by telephone, radio or runners. This method reduces the level of anxiety and potential panic.

Exiting Buildings
The Incident Commander is responsible for ensuring that staff and students are aware of designated exit routes from the building. Appropriate maps and directions are posted near each door to ensure that occupants are aware of the possible exits. Each resource center and department has developed plans for ensuring that all staff/students receive evacuation notification and are moved to a pre-designated evacuation area. All staff will be trained to conduct rapid visual and verbal "sweeps" of their assigned areas to ensure that no one is left behind.

The responsibility to ensure maps and directions are posted, as well as appropriate training delivered, belongs to the following individuals:

Primary: **Incident Commander**
Alternate: **Operations Chief**

Communications

The Altus Schools Coachella Valley Communications Plan is designed to supplement urgent or emergency e-mail communications to faculty and staff.

Emergency RC Call to Central

RC contact Central or Able

Remember 6 Key points –

- **RC** — **Identify your resource center**
- **Number** — **Approximate number of participants**
- **Code** — **Red (Life-threatening) 911**
  Orange (Serious)
  Yellow (Potential – advisement)
- **Description** — **Briefly describe incident**
- **Location** — **In resource center, outside front/back door, alley**
- **Listen** — **Answer central's questions succinctly**

Sample Emergency Call

Resource Center	This is a code Orange. There are approximately six male students assembled on the South side of Monterey Street., across the resource center. They are shouting and threatening one of our students who is here in the resource center. Our student is belligerent and wants to go out and face them. I have five other students with the resource center associate and me. We have locked the doors and directed students to move to the back of the resource center away from the window.
Central	I am dispatching the police immediately. Have your RCA with the other students. Be sure none of them leave or open the door. Stay with your student and try to calm him. Do not go out to confront the group. Assistance should be there shortly. Keep us posted of any change.

Resource Center

- Remember, speak calmly and slowly.
- Tend to the business at hand and keep Central informed. STAY CALM.
- If the problem is resolved. Call Central back immediately. Remember someone is streaking across the city to get to you. Call in and say, **"Situation secured". This officially closes down the incident. Central logs the time.**

ParentSquare System

In the event of an emergency the Board President or designee may activate the school-wide ParentSquare. ParentSquare allows Altus Schools Coachella Valley administrators and staff to send out voice calls, email messages or SMS messages to students, parents and staff. ParentSquare allows Altus Schools Coachella Valley to establish a reliable channel for communicating and sharing information effectively and efficiently. In time-sensitive situations, parents and guardians will receive information and details directly from the school. Not just for emergencies, ParentSquare is beneficial in sending out routine school messages, such as attendance reports, and event and meeting reminders.

Our first responsibility is to the health and safety of our students.

- Do not aggressively confront any individual or group.
- We want no heroes – just mature, reasonable individuals who take control of a situation and manage it.
- Do not place yourself, or others, in an unnecessarily dangerous situation. Your backups are not far away.

1. Receive Communication

Be sure caller identifies RC. Confirm that you read the transmission and acknowledge the RC name. If necessary, calm the caller. Set the tone by using a confident and firm tone of voice.

If necessary, lead the caller through the 6 elements/key points of an Altus Schools Coachella Valley emergency call. **Resource Center, Number, Code, Description, Location, Listen.** It is preferable that you speak directly to the teacher whenever possible.

2. Ascertain the level of emergency and degree of danger

Prescribe action. If there is a close judgment call--- err on the side of caution.

Code Red: Optional Action

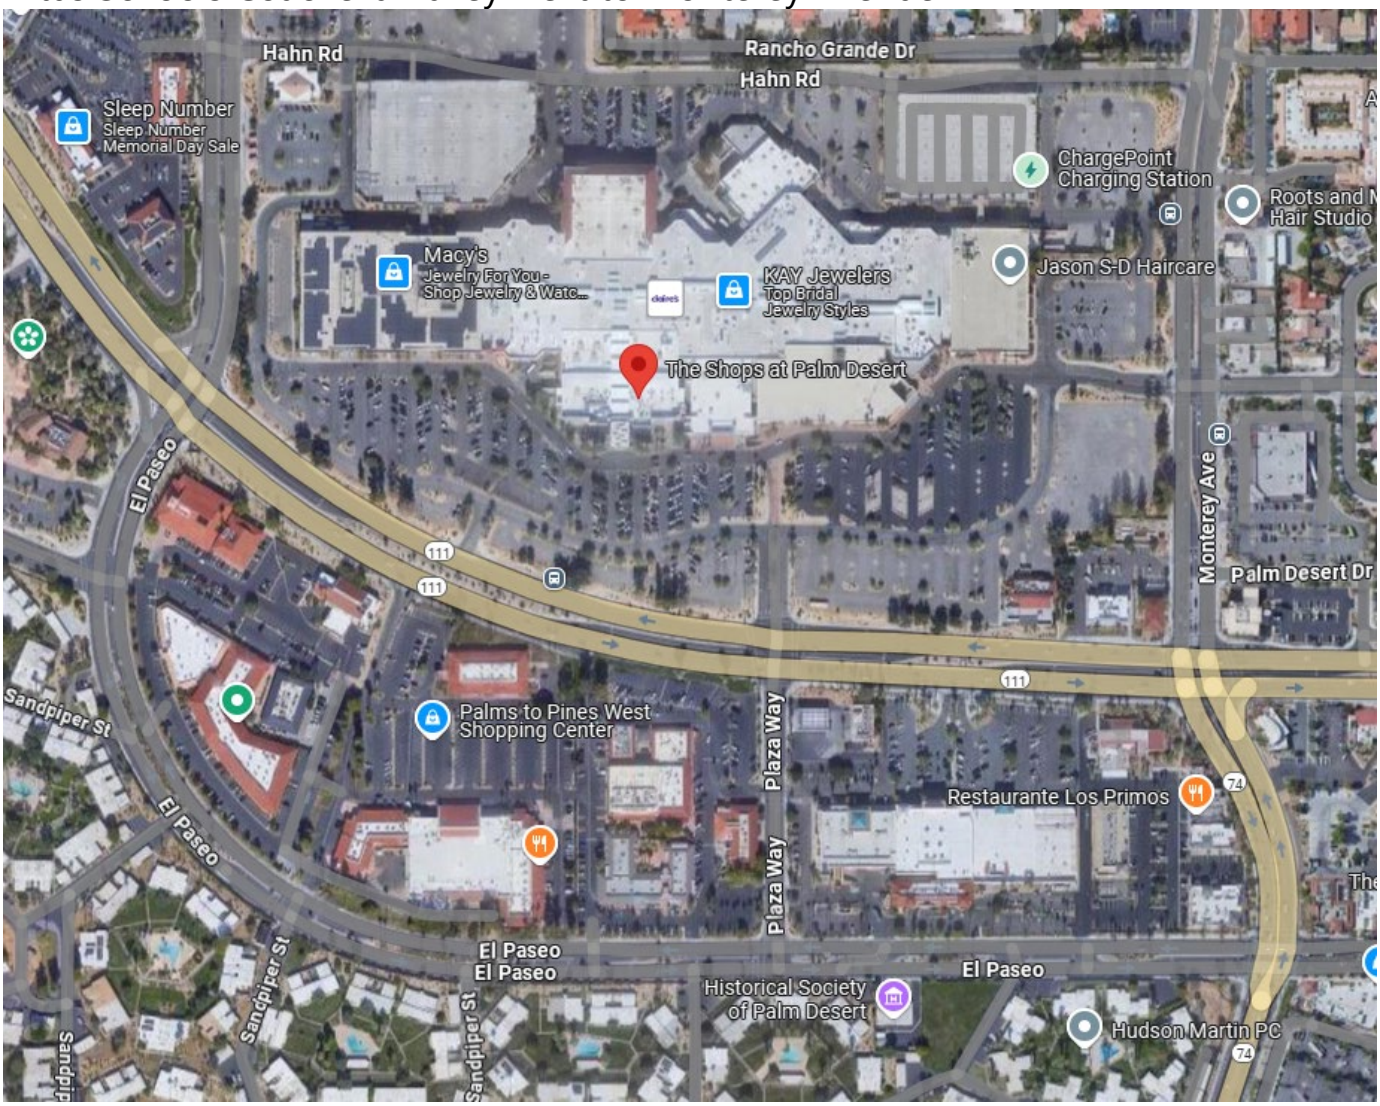
The teacher contacts 911 immediately.
Tell the teacher you will contact 911.
Tell RC staff to deal with emergency until help arrives. Give them some specific tasks.
Tell teacher you will call in report and will get right back to him/her. Talk staff through emergency if necessary. Ask if they have locked down the RC, drawn the blinds, etc.
After you place call for help, coordinate with other central managers to see who is closest to the RC and can arrive in the shortest amount of time.
Contact the Altus Schools Coachella Valley School Coordinator to alert them to the emergency.

3. Assist in the implementation of the action plan worked out with the RC.

Be conscious that the School must protect the anonymity and privacy of each student. No staff should discuss the incident with the press. Refer them to a manager.

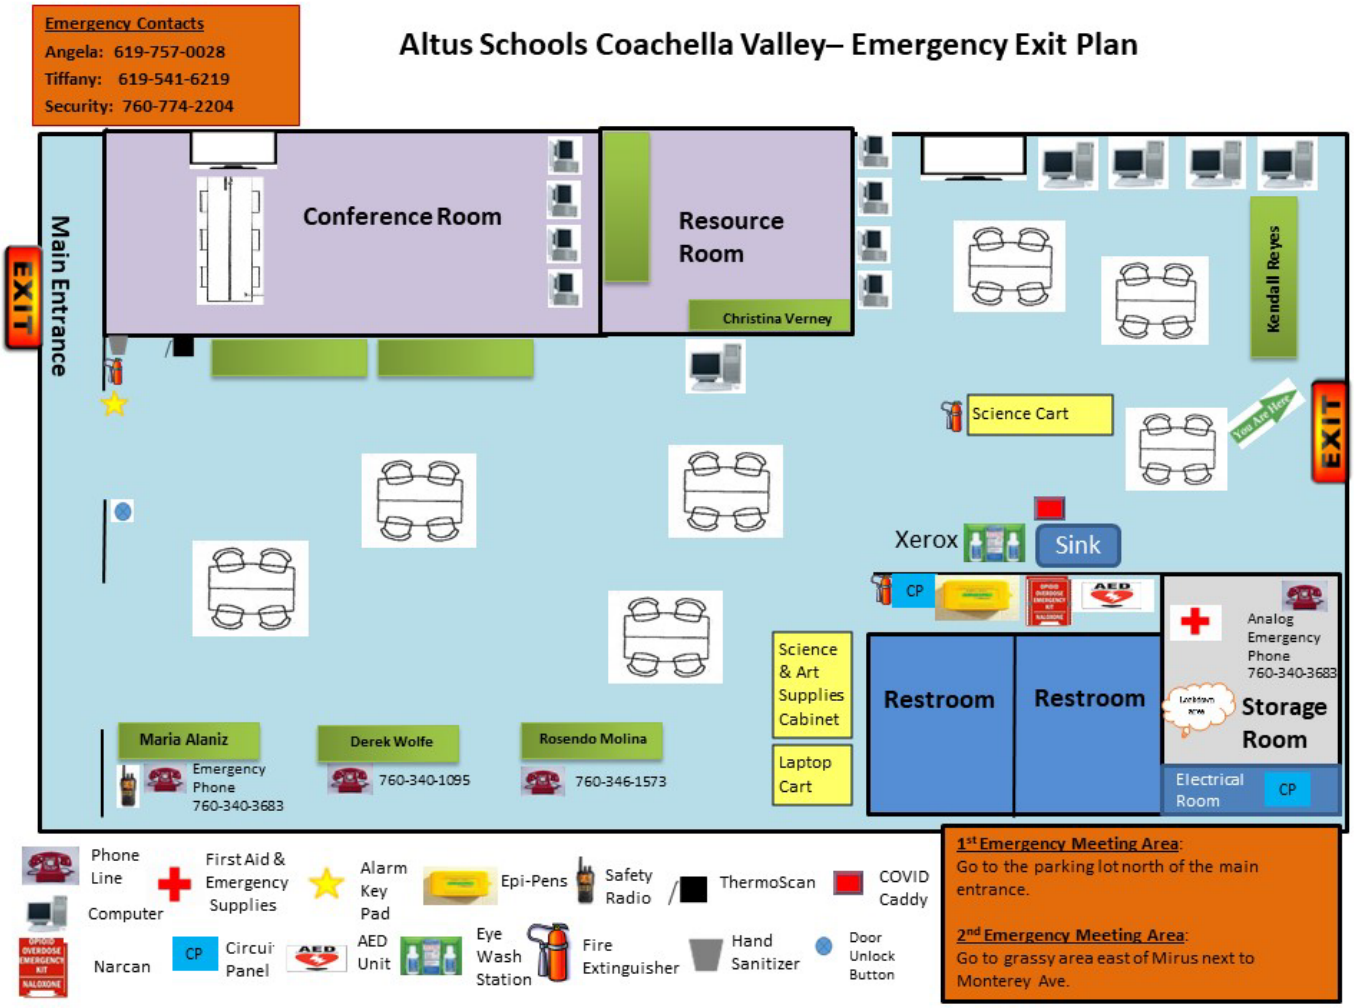
4. Log call.

Note approximate start and end time of incident. A brief narrative describing the incident is due to the Sorrento Mesa RC before the end of the day. This report could become part of a court case, so immediate transcription is advisable to assure more accurate recall. The report may become a part of the body of information needed for further investigation.



EVACUATION PLAN
FOR

ALTUS SCHOOLS COACHELLA VALLEY



Evacuation Locations

In the event that the situation requires a further distance be placed between individuals and the facility, the School Coordinator or designee will direct individuals to proceed to the designated meeting area.

AS Coachella Valley: 72840 Highway 111, Suites 167/E167/E169, Palm Desert, CA 92260
Cross Street: Plaza Way
Meeting Area: Parking Lot North of the Main Entrance to Grassy Area East of Altus Schools Coachella Valley Next to Monterey Avenue

Altus Schools Coachella Valley Plan

Persons with Disabilities

In emergencies, persons with disabilities may need special assistance in evacuating to the designated location. Each Incident Commander is responsible for pre-identification of persons with disabilities who may need assistance and assigning staff to assist them. Persons with disabilities or other staff who may need special assistance in an evacuation situation are responsible for ensuring that their Department Head is aware of their needs for assistance.

Because of the volume of foot traffic that can be expected through stairways and corridors in a building during an evacuation, there must be an area of rescue assistance established aside from the main flow of foot traffic. Such an area must be clearly marked so disabled individuals know where to go for refuge in a critical time. Proper signage for this area is "Area of Rescue Assistance." Evacuation maps will articulate this information.

The responsibility to determine disability needs, assign appropriate staff and ensure proper resources for evacuation and reunification belongs to the following individuals at this resource center:

Primary: **Incident Commander**
Alternate: **Operations Chief**

Return to Facility/Resource Center

The Incident Commander, in consultation with the Public Safety Incident Commander, if necessary, will determine when individuals can return to the facility. In the event that staff or students must be released early, the Incident Commander must request approval from the Superintendent. The Safety Coordinator should be advised of this information.

The notification for a safe return to facilities located at this RC is:
Communication via Emergency Radio and/or Cell Phone

Shelter-In-Place Procedure

Shelter-In-Place generally occurs when evacuating the resource center is more dangerous than taking shelter inside a building. This generally occurs during natural disasters, severe weather conditions, or health hazards. The following procedure applies to this resource center. Additional information pertaining to Shelter-in-Place is available in Emergency Procedures.

Notification

The Incident Commander is responsible to notify the Incident Command Team when a Shelter-In-Place is necessary. The Safety Coordinator, in coordination with the Incident Commander is responsible for activating the Shelter-In-Place notification procedures for resource center-level personnel.

The signal for Shelter-In-Place is: 3 short beeps, 3 long beeps followed by Verbal Instructions

If the primary emergency notification system fails to activate, the secondary notification method will be handheld air horns found in the Emergency Disaster Kit.

Activation & Deactivation

Quickly direct students and staff inside to the nearest room; do a verbal and visual sweep as you get everyone inside. Shut all doors and windows leading into the room, including interior doors. Doors may be opened for late arrivals if the exterior environment is safe. Take student attendance and report missing or extra students to the Sorrento Mesa RC by radio, telephone or e-mail. For environmental emergencies, immediately shut off the air conditioning/heating system, try to seal air vents and gaps under doors and around windows. Monitor your local radio, T.V. or e-mail for updates. Remain in Shelter-in-Place until the "All Clear" signal is sounded.

Return to Facility/Resource Center

The Incident Commander, in consultation with the Public Safety Incident Commander, if necessary, will determine when individuals can return to the facility. In the event that staff or students must be released early, the Incident Commander must request approval from the Superintendent. The Safety Coordinator should be advised of this information.

The notification for a safe return to facilities located at this resource center is: Communication via Emergency Radio and/or Cell phone

Emergency Lockdown Procedures

If an emergency situation near the resource center endangers student or staff safety,

Lockdown the Resource Center/Building.

FIRST: Follow the lockdown procedures below and notify an Executive Safety Committee Member immediately.

Executive Safety Committee	Contact Number
School Coordinator	858-214-2511
School Nurse	858-678-2020
Director, Operations & Technology	858-678-2042

During a lockdown, several security measures will take place:

1. A teacher or designee will declare **"this is a lockdown"** alerting staff and students in a calm manner.
2. All students and staff remain in their resource centers.
3. All resource center doors and windows are to be closed and locked.
4. All window blinds should be drawn or closed.
5. A staff member will activate "STAY" function on ADT/Everon Security Alarm Panel.
6. Safety Lead or designee in resource center will call/email Executive Safety Committee.
7. A staff member will take a head count of ALL persons in resource center/building
8. A staff member will use the attached Sign In sheet for ALL persons on location.
9. All lights should be turned off (as needed)
10. A member of the Executive Safety Committee will communicate and work directly with the Resource Center Safety Ambassador and/or designee. **ONE TO ONE COMMUNICATION. NOT EVERYONE NEEDS TO CALL.**
11. No one is permitted to leave and no one, including a parent, is allowed in the resource center.
12. Students and staff will remain quiet and calm.

13. All individuals should seek immediate cover under desks or tables and remain low to the ground and away from windows or doors as needed.
14. First aid will be rendered by staff as necessary.
15. Resource Center staff should not make statements to the media.

Only a member of the Executive Safety Committee may lift a lockdown.

Persons who may activate a resource center lockdown:

- Any member of the resource center staff or community safety support (Police, Fire, Mall Management etc.) may declare a lockdown.

Conditions in which to activate a school-wide or resource center- specific lockdown may include, but not limited to:

- Authorities inform the school or resource center of a dangerous situation in close proximity to the facility.
- The immediate pursuit of a dangerous suspect.
- The execution of a high-risk search or arrest warrant.
- A large-scale enforcement operation involving potentially dangerous suspects.
- Someone with a weapon is en route to a resource center.
- Gunshots are heard nearby.
- An act of terrorism.

BEST PRACTICE: enroll your work email on local media news alerts for your area

Should a lockdown occur, parents should be aware of the following:

- Remain calm as resource center and local authorities manage the situation.
- If a lockdown lasts for an extended period of time, or goes beyond dismissal time, students will not be allowed to leave until recommended by the appropriate authorities. Resource Center staff will attempt to notify parents by phone.
- Parents may be required to pick up children from the resource center or another designated staging area, once it is determined to be safe to do so.
- Parents will be required to present identification.
- The reunification location will be given to parents over the phone, if possible.
- Students and parents are reminded that during an emergency situation, cellular sites may be overwhelmed due to a high volume of calls. It is critical that text messaging

and cell phone use be kept to a minimum so that emergency services have priority to assist the students and staff on the resource center.

Following Lockdown:

- The Safety Ambassador for the resource center will fill out and submit to the School Coordinator within 24 hours:
  - Lockdown Incident Report Form
  - Emergency Sign-In Report
  - Emergency Student Sign Out Report
- The Safety Committee will convene within 72 hours to debrief
- The Safety Coordinator will keep a record of all occurrences.

Parent Notification & Reunification Procedure

Following a lockdown, shelter-in-place, or other emergency action, there may be a need to reunite students with parents. This is often a difficult and somewhat chaotic event, requiring planning and resources. The following resource center procedure was developed to limit chaos and ensure a safe reunification of students with their parents or legal guardians.

Notification

In the event the School Coordinator determines students are to be released from the resource center, a collaborative effort will begin to notify parents/guardians of the unification effort using information provided on student's emergency contact cards, as well as information available within the school student database.

Reunification

Reunification will generally occur from the location pre-identified as the evacuation point. Staff and law enforcement will be stationed at one central point, where all students will enter and exit the unification location. Incident Command Team members will use resource center attendance and emergency card information to check in and out students.

The responsibility of reunification, determining needs, assigning appropriate staff, and ensuring proper resources for reunification at this resource center belongs to the following individuals:

Primary: **Incident Commander**
Alternate: **Operations Chief**

Earthquake Procedures

Earthquakes often occur without notice and generally have after-shocks which are just as dangerous as the initial quake. Building evacuation will generally occur following a major earthquake due to potential dangers of fires or explosions. The following earthquake information pertains to this RC.

Notification

Give the command to "Drop, Cover, and Hold" at the first indication of shaking ground.

Attempt to gain safety under tables, desks, or other supporting objects. Consider holding onto the supporting object to keep it over your body. If in a hallway, move to an inside wall and stand in the doorway.

Remain away from windows to avoid falling glass, and away from large objects that may fall upon your person.

Extinguish any flames and turn off power to equipment and electrical appliances if possible. Turn off gas valves as well.

Hold undercover for at least two minutes to assess damage and injuries while waiting for the first aftershock to occur.

After the first aftershock, activate your evacuation procedures after confirming the path and destination are safe.

Do not return to the inside of any building until emergency personnel has checked the buildings for safety.

Structural Failure

Give the command to evacuate the affected building or area and secure the premise to prevent entrance by others.
Advise the School Coordinator of the situation. Contact the Director of Operations and Technology at (619) 778-3491.
Upon arrival of emergency personnel, coordinate to evaluate known information and decide upon a course of action to render the situation safe.

Fire Procedures

Fires often occur without notice and can spread quickly if not addressed. Building evacuation will generally occur following a fire notification due to potential dangers of burns and smoke inhalation. The following fire information pertains to this RC.

Notification

Notify your School Coordinator. If possible, quickly assess the location and size of the fire to determine an appropriate evacuation action.

Alert all staff and students of the fire location and condition – activate your fire alarm system to sound the alarm.

Begin evacuation procedures for everyone to an appropriate assembly area. Remember to move individuals away and upwind from the hazard.

Call the Fire Department ("9-1-1") or notify Director of Operations and Technology by calling 619-778-3491. The Director of Operations and Technology will handle notifying the proper emergency and communications personnel.

Render first aid as needed. Be sure to notify the Director of Operations and Technology of injuries.

Activate specific components of your emergency plan as appropriate.

Supervise the evacuation and ensure all rooms and unsafe areas are evacuated. Check to ensure accountability for all staff and students. Maintain control of evacuees at the assembly area until the situation is under control.

Have some staff standing by the entrance to direct responding fire personnel to the fire location.

Upon arrival of emergency personnel, coordinate to evaluate information and decide upon a course of action to either return to the RC or arrange for an early dismissal.

Notes:

EMERGENCY RESPONSES

EMERGENCY RESPONSE: ALLERGIC REACTION

There are many types of medical conditions that may trigger an allergic reaction, among them anaphylactic shock, diabetes and sickle cell anemia. Possible symptoms of an allergic reaction include skin irritation or itching, rash, hives, nasal itching or sneezing, localized swelling, swollen tongue, restlessness, sweating, fright, shock, shortness of breath, vomiting, cough and hoarseness. School nurses have a specialized health care plan for certain conditions and should be contacted for any sign of allergic reaction.

STAFF ACTIONS:

- X If imminent risk, call 911.
- X Send for immediate help (Firs Aid, CPR, medical) and medication kit (for known allergies).
- X Notify the School Coordinator.
- X Assist in getting "Epi" (Epinephrine) pen for individuals who carry them (usually in backpack), and prescription medications (kept by school nurse).
- X If an insect sting, remove stinger immediately.
- X Assess situation and help student/staff member to be comfortable.
- X Move student or adult only for safety reasons.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X If imminent risk, call 911 (always call 911 if using "Epi" pen).
- X Notify nurse/parent or guardian.
- X Administer medication, by order of a doctor, if appropriate; apply ice pack to affected area, keep victim warm or take other actions as indicated.
- X Observe for respiratory difficulty.
- X Attach a label to the person's clothing indicating: time & location of insect sting or food ingested, name of medicine, dosage and time administered.

OTHER PREVENTATIVE/SUPPORTIVE ACTIONS:

- X Keep an "Epi" pen in the resource center and notify staff as to location.
- X Emergency health card should be completed by parents for each child and should be easily accessible by school personnel.

EMERGENCY RESPONSE: BIOLOGICAL AGENT RELEASE

This is an incident involving the discharge of a biological substance in a solid, liquid or gaseous state. Such incidents may include the release of radioactive materials. A biological agent can be introduced through:

- postal mail, via a contaminated letter or package
- a building's ventilation system
- a small explosive device to help it become airborne
- a contaminated item such as a backpack, book bag, or other parcel left unattended
- the food supply
- aerosol release (for example, with a crop duster or spray equipment)

Defense against biological release (e.g. anthrax, smallpox, plague, ricin etc.) is difficult because usually appear after some time has lapsed. Indicators that may suggest the release of a biological or chemical substance include multiple victims suffering from: watery eyes, choking or breathing difficulty, twitching or the loss of coordination. Another indicator is the presence of distressed animals or dead birds. Determine which scenario applies and implement the appropriate response procedures.

Outside the Resource Center

STAFF ACTIONS:

X Notify the School Coordinator.
X Move students away from immediate vicinity of danger (if outside, implement **Take Cover**).
X Segregate individuals who have been topically contaminated by a liquid from unaffected individuals. Send affected individuals to a designated area medical attention.
X Follow standard student assembly, accounting and reporting procedures.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

X Initiate **SHELTER IN PLACE**.
X Shut off HVAC units.
X Move to central location where windows and doors can be sealed with duct tape.
X Call 911. Provide location and nature of the emergency and school actions taken.
X Notify Director of Operations and Technology of the situation.

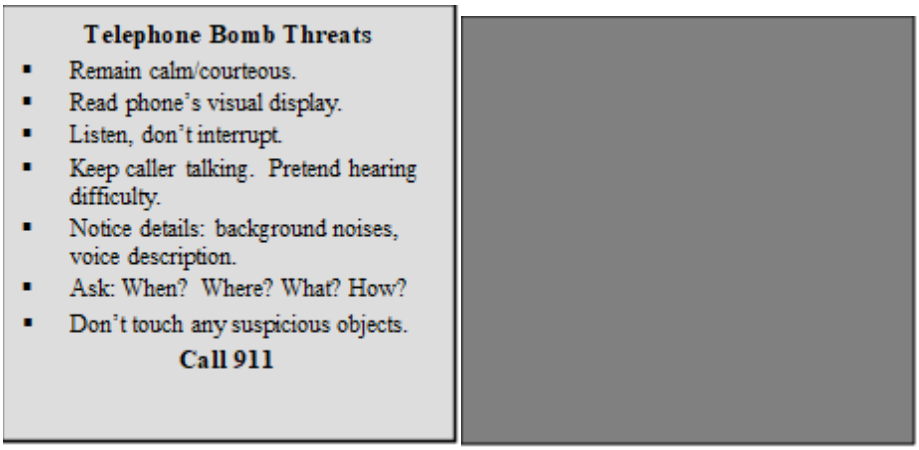
- X Turn on a battery-powered commercial radio and listen for instructions.
- X Remain inside the resource center until the Department of Health or Fire Department determines it is safe to leave.
- X Arrange for psychological counseling for students and staff.

Inside the Resource Center

STAFF ACTIONS:

- X Notify the School Coordinator or Safety Ambassador.
- X Segregate individuals who have been topically contaminated by a liquid from unaffected individuals.
- X Implement **EVACUATION** or **EMERGENCY MEETING AREA EVACUATION**, as appropriate. Send affected individuals to a designated area for medical attention.
- X Follow standard student assembly, accounting and reporting procedures.
- X Prepare a list of those who are in the affected area to provide to emergency response personnel.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:



- X Initiate **EVACUATION** of the resource center or **EMERGENCY MEETING AREA EVACUATION** to move students away from immediate vicinity of danger.
- X Move up-wind from the potential danger.
- X Call 911. Provide exact location and nature of emergency.
- X Designate security team to isolate and restrict access to potentially contaminated areas.
- X Wait for instructions from emergency responders-- Health or Fire Department.
- X Notify Director of Operations and Technology of the situation.
- X Arrange for immediate psychological counseling for students and staff.
- X Wait to return to the resource center until it has been declared safe by local HazMat or appropriate agency.

THOSE WHO HAVE DIRECT CONTACT WITH BIOLOGICAL AGENT:

- X Wash affected areas with soap and water.
- X Immediately remove and contain contaminated clothing
- X Do not use bleach on potentially exposed skins.
- X Remain in safe, but separate area, isolated from those who are unaffected, until emergency response personnel arrive.

EMERGENCY RESPONSE: BOMB THREAT

In the event that the school receives a bomb threat by telephone, follow the Bomb Threat Checklist on the next page to document information about the threat. Keep the caller on the telephone as long as possible and listen carefully to all information the caller provides. Make a note of any voice characteristics, accents, or background noises and complete the Bomb Threat Report as soon as possible.

PERSON RECEIVING THREAT BY TELEPHONE:

- X Listen. Do not interrupt caller.
- X Keep the caller on the line with statements such as "*I am sorry, I did not understand you. What did you say?*"
- X Alert someone else by prearranged signal to notify the telephone company to trace the call while the caller is on the line.
- X Notify Safety Ambassador immediately after completing the call.
- X Complete the Bomb Threat Checklist.

PERSON RECEIVING THREAT BY MAIL:

- X Note the manner in which the threat was delivered, where it was found and who found it.
- X Limit handling of item by immediately placing it in an envelope so that fingerprints may be detected. Written threats should be turned over to law enforcement.
- X Caution students against picking up or touching any strange objects or packages.
- X Notify the School Coordinator or Safety Ambassador.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X Call 911.
- X If the caller is still on the phone, contact the phone company to trace the call. Tell the telephone operator the name of school, name of caller, phone number on which the bomb threat came in. This must be done quickly since the call cannot be traced once the caller has hung up.
- X Instruct staff and students to turn off any pagers, cellular phones or two-way radios. Do not use those devices during this threat since explosive devices can be triggered by radio frequencies.
- X Determine whether to evacuate the threatened resource center and adjoining buildings. If the suspected bomb is in a corridor, modify evacuation routes to bypass the corridor.
- X Use the intercom, personal notification by designated persons, or the PA system to evacuate the threatened rooms.
- X If it is necessary to evacuate the entire school, use the fire alarm.
- X Notify the Director of Operations and Technology of the situation.
- X Direct a search team to look for suspicious packages, boxes or foreign objects.
- X Do not return to the resource center until it has been inspected and determined safe by proper authorities.
- X Avoid publicizing the threat any more than necessary.

SEARCH TEAM ACTIONS:

- X Use a systematic, rapid and thorough approach to search the resource center and surrounding areas.
- X Check the resource center and work areas, public areas (foyers, bathrooms and stairwells), unlocked closets, exterior areas (shrubbery, trash cans, debris boxes) and power sources (computer rooms, gas valves, electric panels, telephone panels).
- X If suspicious item is found, make no attempt to investigate or examine object.

STAFF ACTIONS:

- X Evacuate students as quickly as possible, using primary or alternate routes.
- X Upon arrival at the designated safe emergency meeting area, take attendance. Notify the School Coordinator/Safety Ambassador of any missing students.
- X Do not return to the resource center until emergency response officials determine it is safe.

BOMB THREAT PROCEDURES

This quick reference checklist is designed to help employees and decision makers of commercial facilities, schools, etc. respond to a bomb threat in an orderly and controlled manner with the first responders and other stakeholders.

Most bomb threats are received by phone. Bomb threats are serious until proven otherwise. Act quickly, but remain calm and obtain information with the checklist on the reverse of this card.

If a bomb threat is received by phone:

1. Remain calm. Keep the caller on the line for as long as possible. DO NOT HANG UP, even if the caller does.
2. Listen carefully. Be polite and show interest.
3. Try to keep the caller talking to learn more information.
4. If possible, write a note to a colleague to call the authorities or, as soon as the caller hangs up, immediately notify them yourself.
5. If your phone has a display, copy the number and/or letters on the window display.
6. Complete the Bomb Threat Checklist immediately. Write down as much detail as you can remember. Try to get exact words.
7. Immediately upon termination of call, DO NOT HANG UP, but from a different phone, contact authorities immediately with information and await instructions.

If a bomb threat is received by handwritten note:

- Call _____
- Handle note as minimally as possible.

If a bomb threat is received by e-mail:

- Call _____
- Do not delete the message.

Signs of a suspicious package:

- No return address
- Excessive postage
- Stains
- Strange odor
- Strange sounds
- Unexpected delivery
- Poorly handwritten
- Misspelled words
- Incorrect titles
- Foreign postage
- Restrictive notes

** Refer to your local bomb threat emergency response plan for evacuation criteria*

DO NOT:

- Use two-way radios or cellular phone. Radio signals have the potential to detonate a bomb.
- Touch or move a suspicious package.

WHO TO CONTACT (Select One)

- **911**
- **Follow your local guidelines**

EMERGENCY RESPONSE: FLOOD

Flooding could threaten the safety of students and staff whenever storm water or other sources of water threaten to inundate the resource center. Flooding may occur if a water pipe breaks or prolonged rainfall causes urban streams to rise. Flooding may also occur as a result of damage to water distribution systems such as failure of a dam or levee. If weather-related, an alert message will be broadcast over the weather radio station.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X Issue **STAND BY** instruction. Determine if evacuation is required.
- X Notify local police department of intent to **EVACUATE**, the location of the emergency meeting area and the route to be taken to that location.
- X Delegate a search team to assure that all students have been evacuated.
- X Post a notice on the resource center door stating where the school has relocated and inform the Sorrento Mesa RC.
- X Monitor local AM radio weather station for flood information.
- X Notify the Director of Operations and Technology of school status and action taken.
- X Do not allow staff and students to return to the resource center until proper authorities have determined that it is safe to do so.

STAFF ACTIONS:

- X If warranted, **EVACUATE** students using the evacuation plan. Take the attendance roster, emergency backpack and student comfort kits. Check attendance before leaving the resource center.
- X Remain with students throughout the evacuation process.
- X Upon arrival at the emergency meeting area, take attendance. Report any missing students to the School Coordinator/Safety Ambassador and emergency response personnel.
- X Do not return to the resource center until it has been inspected and determined safe by property authorities.

EMERGENCY RESPONSE: GAS ODOR / LEAK

All school personnel and custodians shall immediately report any gas odor or suspected gas leak to the Director of Operations and Technology. If an odor is detected outside the resource center, it may not be necessary to evacuate.

STAFF ACTIONS:

- X Notify the School Coordinator.
- X Move students from immediate vicinity of danger.
- X Do not turn on any electrical devices such as lights, computers, fans, etc.
- X If odor is severe, leave the area immediately.
- X If the resource center is evacuated, take student attendance and report any missing students to the School Coordinator/Safety Ambassador.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X If gas leak is internal, evacuate the resource center immediately.
- X Call 911.
- X Notify utility company.
- X Determine whether to move to alternate location.
- X If extended stay outdoors in inclement weather, contact the Director of Operations and Technology.
- X Do not return to the resource center until it has been inspected and determined safe by proper authorities.

EMERGENCY RESPONSE: HAZARDOUS MATERIALS

The nature of the material and the proximity of the incident to the resource center will determine which emergency ACTION should be implemented. Police, Fire or Public Health Department may order **EVACUATION** of the school. See also **BIOLOGICAL AGENT RELEASE** and **CHEMICAL ACCIDENT**.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X Call 911, if necessary.
- X If there is a threat of airborne toxicity, shut-off ventilation system in affected area.
- X Initiate **EVACUATION.** Any toxic cloud that can affect students in their resource center would very likely affect them outside the resource center as well. If evacuating by foot, move crosswind to avoid fumes, never upwind or downwind.
- X Isolate anyone suspected of being contaminated with a substance that could be transferred to others until public safety personnel carry out decontamination procedures.
- X If time is available, initiate **Emergency Meeting Area Evacuation**. Move students and staff away from the path of the hazardous materials.
- X Notify Director of Operations and Technology.
- X Wait for instructions from emergency responders-- Health or Fire Department.
- X Do not allow the return of students to the resource center or building until public safety officials declare the area safe.
- X Upon return to school, ensure that the resource center is adequately aired.

TEACHER ACTIONS:

- X Follow standard student assembly, accounting and reporting procedures.
- X Report names of missing students to the Sorrento Mesa RC.
- X Do not take unsafe actions such as returning to the resource center before it has been declared safe.

EMERGENCY RESPONSE: HOSTAGE SITUATION

Hostage situations may unfold rapidly in a variety of ways. Events may range from a single perpetrator with a single hostage to several perpetrators with many hostages. Specific actions by school staff will be limited pending arrival of law enforcement officers. It is their responsibility to bring the situation to a successful conclusion. When as much of the school has been evacuated as can be accomplished, school staff should focus on providing support as needed to the police department, communicating with parents, and providing counseling for students.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS

- X Call 911. Provide all known essential details of the situation:
  - Number of hostage takers and description
  - Type of weapons being used
  - Number and names of hostages
  - Any demands or instructions the hostage taker has given
  - Description of the area
- X Identify an assembly area for responding officers away from the hostage situation. Have school liaison wait at assembly area for police to arrive.
- X Protect resource center occupants before help arrives by initiating a **LOCKDOWN** or **EVACUATION** (or combination of both).
- X Secure exterior doors from outside access.
- X When police arrive, assist them in a quiet, orderly evacuation away from the hostage situation.
- X Gather information on students and/or staff involved and provide the information to the police. If the parent of a student is involved, gather information about the child.
- X Identify media staging area, if appropriate. Implement a hotline for parents.
- X Account for students as they are evacuated.
- X Provide recovery counseling for students and staff.

STAFF ACTIONS:

- X If possible, assist in evacuating students to a safe area away from the danger. Protect students by implementing a **LOCKDOWN**.
- X Alert the School Coordinator/Safety Ambassador.
- X Account for all students.

EMERGENCY RESPONSE: INTRUDER

All public schools are required to post signs at points of entry to their schools. The following statement should be used on signage:

> **All visitors entering school grounds on school days between 7:30 a.m. and 4:30 p.m. must register at the front desk. Failure to do so may constitute a misdemeanor.**
>
> -- *California Penal Code Title 15, Chapter 1.1 § 627.2*

To prevent intruders at the resource center, keep doors secure, use sign-in sheets for visitors and cameras and staff to monitor entryways.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X Initiate **LOCKDOWN**.
- X Request intruder to leave the resource center. Remain calm. Be courteous and confident. Keep distance from the intruder. Speak in soft, non-threatening manner. Avoid hostile-type actions, except in cases when necessary to safeguard person or property. Listen to the intruder. Give him or her an opportunity to vent. Attempt to be helpful. When talking to the intruder, use phrases such as:
  - *"What can we do to make this better?'*
  - *"I understand the problem, and I am concerned."*
  - *"We need to work together on this problem."*
- X As soon as the conversation or actions of the individual become threatening or violent, call 911 immediately. Provide description and location of intruder.
- X Keep subject in view until police or law enforcement arrives.
- X Take measures to keep subject away from students and the resource center.
- X Designate an administrator or staff member to coordinate with public safety at their command post; provide a resource center map/exit plan and keys to public safety personnel.
- X When scheduling a meeting with an individual known to be aggressive, arrange for another staff member or student resource officer to be present.
- X Be available to deal with the media and bystanders and keep the resource center clear of visitors.

STAFF ACTIONS:

X Notify the School Coordinator/Safety Ambassador. Provide description and location of the intruder. Visually inspect the intruder for indications of a weapon.

X Keep intruder in view until police or law enforcement arrives. Stay calm. Do not indicate any threat to the intruder.

X Isolate intruder from students. Lock the resource center doors. Close blinds and stay clear of windows and panes of glass. Remain inside rooms until the **ALL CLEAR** instruction is announced.

EMERGENCY RESPONSE : UTILITY FAILURE

Failure of any of the utilities (electricity, gas, water) during school hours constitutes a condition that must be dealt with on a situational basis. Advance notice may be received from a utility company regarding loss of service. In many cases, such loss of service will be of short duration and require no special action other than notifying staff of the temporary interruption of service.

SCHOOL COORDINATOR/SAFETY AMBASSADOR:

- X Notify utility company. Provide the following information:
- X Determine length of time service will be interrupted.
- X Determine desired action, which may include relocation of students and staff, notification of parents, and alternate food service.
- X If disruption in service will severely hamper school operation, notify students and staff by appropriate means.
- X Use messengers with oral or written word as an alternate means of faculty notification.
- X Notify the Sorrento Mesa RC of loss of service.
- X Implement plan to provide services without utilities or with alternate utilities.

EMERGENCY RESPONSE: THREATS / ASSAULTS

Threats occur when a belligerent or armed person on the resource center bullies, intimidates, or coerces others, targeting an individual, particular group or the entire school community. Threats are presented as overt hostility. They may be received by written note, email communication, phone call or orally. The procedure below applies to an oral threat.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- Assess the type of threat to determine the level of risk to the safety of students and staff. In categorizing the risk, attempt to determine:

1) Is the individual moving towards violent action?
2) Is there evidence to suggest movement from thought to action?
    - High violence potential qualifies for arrest or hospitalization.
    - Safety is endangered when there is: (a) sufficient evidence of repetitive/ intentional infliction of emotional distress upon others; or (b) sufficient evidence of the unintentional infliction of emotional distress upon others.

X Notify police (dial 911) if the safety of students or staff is endangered. Provide exact location and nature of incident and school response actions.

X Isolate the threatening person from other students and staff if it is safe to do so. Initiate appropriate response actions, which may be **LOCKDOWN** or **EVACUATION**. Cancel all outside activities.

X Respond to students who are prone to overt displays of anger in a calm, non-confrontational manner. If an immediate threat is not clearly evident, attempt to diffuse the situation.

X If an individual is armed with any type of weapon, USE EXTREME CAUTION. Do not attempt to remove the weapon from the possession of the individual. Allow police to do so.

X Facilitate a meeting with student(s) and family to review expectations.

X Facilitate a staff meeting to review plans for keeping school safe. Enlist the support of community service providers.

STAFF ACTIONS:

X If any students are outside, move them inside the resource center or away from the location of the threat/assault. If unable to do so, have students lie down and cover their heads. Keep students calm.

X Inside the resource center, institute **LOCKDOWN**. Close all curtains and blinds.

X Disconnect the school television system in resource center so the individual cannot view news coverage and see locations of police/students/etc.

X Remain with students until **ALL CLEAR** is given.

EMERGENCY RESPONSE: IRRATIONAL BEHAVIOR

A risk to the life and safety of students and staff may exist there is a serious display of disordered thought or behavior. Possible symptoms include: hallucinations, extreme paranoia, impaired judgment that may lead to unsafe decision-making and dangerous behavior (to self or others), incoherent or disjointed speech and self-injurious behavior such as hitting head, cutting self. Attempts should be made to use de-escalation strategies, calming techniques (e.g., deep breathing), and to implement behavior plans, crisis plans or strategies in IEP, if in place.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X Keep the individual under continuous adult supervision.
- X Keep the individual in the resource center until parent/guardian has been notified.
- X Arrange appropriate support services for necessary care of individual.
- X If the individual actively displays dangerous behavior or there is reason to believe the student cannot be safely transported, call agencies as appropriate to coordinate emergency mental health services (e.g., mental health facilities, juvenile court, law enforcement).
- X School professional (psychologist, counselor, social worker, nurse) should recommend next steps to the School Coordinator. The next steps may include:
    - Provide parents/guardian with the names and phone numbers of mental health resources
    - Recommend that the parents make an immediate contact with a therapist.
    - Request that parents/guardian to sign release forms to allow two-way communication between the school and the treating agency.
- X Make a follow-up check with the treating agency, family and student as appropriate, to ensure that appropriate care has been arranged.
- X Provide follow-up collaborative support for the student and parents (as indicated) within the school
- X Develop a safety plan prior to the student's return to school.
- X Document actions taken on behalf of the student (referrals, phone contacts, follow-up activities, etc.)

STAFF ACTIONS:

- X Take immediate action to isolate the individual and provide safety to the student body. Do not leave the irrational individual alone.
- X Notify the School Coordinator/Safety Ambassador.
- X Notify school nurse, school psychologist, counselor, or social worker.
- X Protect individual from injury.

EMERGENCY RESPONSE: EXPLOSION

Emergency response will depend on the type of explosion (smoke bomb, chemical lab incident, etc.) and proximity to the school. All students should be kept away from the explosion and under supervision.

SCHOOL COORDINATOR/SAFETY AMBASSADOR:

- Determine whether emergency meeting area evacuation should be implemented. If so, sound fire alarm. This will automatically implement action to **EVACUATE** the resource center. **EVACUATION** may be warranted in the resource center or may be used for **SHELTER IN PLACE**.
- Notify Fire Department (call 911). Provide school name, address, exact location within the building, your name and phone number and nature of the emergency.
- Secure area to prevent unauthorized access until the Fire Department arrives.
- Advise the Director of Operations and Technology of school status. Notify emergency response personnel of any missing students.
- Notify utility company of breaks or suspected breaks in utility lines or pipes. Provide school name, address, location within building, your name and phone.
- Direct a systematic, rapid and thorough approach to search the building and surrounding areas. Check the resource center and work areas, public areas (foyers, bathrooms and stairwells), unlocked closets, exterior areas (shrubbery, trash cans, debris boxes) and power sources (computer rooms, gas valves, electric panels, telephone panels).
- Determine if Student Release should be implemented. If so, notify staff, students and parents.
- If damage requires the school to be closed, notify parents and staff of school status and alternate location for resource center instruction. Do not return to the resource center until it has been inspected and determined safe by proper authorities.

STAFF ACTIONS:

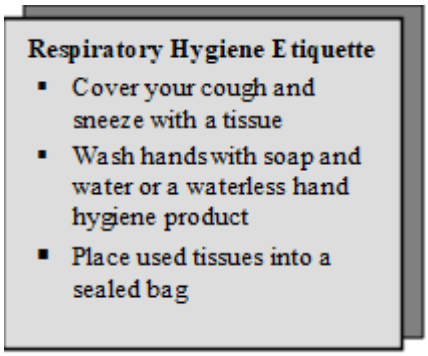
X Initiate **DROP, COVER AND HOLD ON**.

X If explosion occurred inside the resource center, **EVACUATE** to outdoor assembly area. Keep students and staff at a safe distance from the resource center and away from fire-fighting equipment.

X Check to be sure all students have left the resource center. Remain with students throughout evacuation process.

- X Upon arrival at assembly area, check attendance. Report status to Safety Ambassador immediately.
- X Render first aid as necessary.
- X Do not return to the resource center until the emergency response personnel determine it is safe to do so.
- X If explosion occurred in the surrounding area, initiate **SHELTER IN PLACE**. Keep students at a safe distance from site of the explosion.

EMERGENCY RESPONSE: PANDEMIC INFLUENZA



Influenza is a highly contagious viral disease. Pandemic influenza differs from both seasonal influenza (flu) and avian influenza in the following aspects:

- It is a rare global outbreak which can affect populations around the world.
- It is caused by a new influenza virus to which people do not have immunity.
- Depending upon the specific virus, it can cause more severe illness than regular flu and can affect young healthy people more so than older, sick people.

The Department of Health and Human Services will take the lead in mobilizing a local response to pandemic influenza. Public health alerts will be reported to schools and the community. Individual schools may be closed temporarily to contain spread of the virus.

SCHOOL COORDINATOR/RESOURCE CENTER ADMINISTRATOR ACTIONS:

- x Activate heightened surveillance of illness within school location. Gather data on symptoms of students and staff who are sick at home.
- x Ensure that students and staff members who are ill stay home.
- x Send sick students and staff home from school immediately.
- x Provide fact sheets and guidelines for school families to make them aware of symptoms and remind them of respiratory hygiene etiquette
- x Monitor bulletins and alerts from the Department of Health and Human Services.
- x Keep staff informed of developing issues.
- x Assist the Department of Health and Human Services in monitoring outbreaks.
- x Respond to media inquiries regarding school attendance status.
- x Implement online education, if necessary, so that students can stay home.
- x Maintain surveillance after the initial epidemic in the event a second wave passes through the community.

STAFF and STUDENT ACTIONS:

- x Stay home when ill with cough or other flu-like symptoms (chills, fever, muscle aches, sore throat).
- x Practice "respiratory hygiene etiquette".
- x Disinfect surfaces contaminated with infected respiratory secretions with a diluted bleach solution (1 part bleach to 100 parts water).
- x Implement online homework assignments so that students can stay home.

EMERGENCY RESPONSE: Active Shooter/Armed Assailant

ACTIVE SHOOTER / ARMED ASSAILANT SITUATIONS

"*Active shooter situations*" are defined as those where an individual or individuals is "actively engaged in killing or attempting to kill people in a confined and populated area." *Active shooters / armed assailants frequently use firearms, but attacks of this type can also be made with other types of weapons (knives, swords, etc.). These situations* are unpredictable and evolve quickly. Because of this, individuals must be prepared to deal with an *active shooter / armed assailant situation* before law enforcement personnel arrive on the scene.

No single response fits all *active shooter / armed assailant situations*; therefore, it is essential all members of the school staff know their options for response and are prepared to act decisively to protect their students and themselves.

ACTIONS – ALL SCHOOL STAFF

1. All employees are authorized to **take immediate action** to protect themselves and students if they see or hear anything that causes them to believe an active shooter / armed assailant situation is occurring or is to about to occur.

    a. **Act immediately** if you or your students:
    - hear a sound that might be gunfire.
    - see something that looks like a weapon being carried or used on or near the resource center.
    - sense any other indication of active shooter / armed assailant threat.

    b. **Quickly evaluate** which option (Run, Hide or Fight) will best protect you and your students.
    c. **Be decisive.** Communicate your plan to your students and act quickly.
    d. **Call 911 and the Sorrento Mesa RC** as soon as it is safe to do so.

2. **Options: Run*, Hide or Fight***

    a. **Run:** If you can get yourself and your students safely away from danger, do so immediately.
    - Do not evacuate unless you…

    - know with certainty, the exact location of assailant (do not trust unofficial, secondhand accounts),
    - **and** can visualize a route that will get your students and yourself safely off resource center.
- Do not carry anything with you.
    - Police may mistake an item in your hands as a weapon.
    - Leave everything behind.
- If you encounter people along the way…
    - Adults: Warn them and take them with if you can but do not stop if they refuse to come.
    - Students: Warn any students you encounter and take them with if you. You may use reasonable force to take a student with you *if you can do so without endangering yourself or the other students in your care*.
- Place terrain and buildings between you and the assailant to cover your escape.
- Keep going until you are certain you are out of danger.
- Call 911 as soon as it is safe to do so.
- Keep your students with you. Call (insert phone number) to report your location and obtain instructions.

b. Hide: If you do not know the exact location of the assailant, get your students and yourself into the most secure location available and LOCKDOWN.

- Lock the doors
- Close and lock windows and close blinds or cover windows;
- Turn off lights;
- Barricade the doors with heavy furniture; be sure your barricade covers any glass in or near the door;
- Silence all electronic devices;
- Remain silent;
- Position occupants spread out and out of line of sight from room entrance.
- Prepare to take action if the assailant attempts to get in the room;
- Use text or email to communicate your location, the number of students or staff with you, if you have any wounded and the extent of the injuries;
- Call 911 as soon as it is safe to do so.
- Remain in place until evacuated by identifiable law enforcement officers.

c. **FIGHT: Never seek out confrontation with an active shooter / armed assailant.** If you are confronted by an active shooter / armed assailant and you have no safer option, take immediate action to disrupt or incapacitate the assailant. **If you choose the FIGHT option, commit to your actions.**

- If you are in LOCKDOWN (Hide), prepare yourself and your students for the possibility that the assailant may attempt to get in the room you are in.
    - Construct a strong barricade.
    - If you have another way out (a window or back door) use it while the assailant is attempting to get in.
    - If no other exit is available be prepared to disrupt the assailant by throwing objects at the assailant and running for the exit as soon as the assailant enters the room.
        a. Use items in the environment as improvised weapons (fire extinguishers, staplers, books, cups, etc.)
- Staff members may consider using aggressive and violent force to surprise and overwhelm the assailant.

3. **Call 911 and initiate a school-wide LOCKDOWN** announcement as soon as you can do so safely. Work with the people you are with to do both calls simultaneously if possible.

a. Provide as much information as possible (slow down – be calm):
- State the emergency: "I hear gunfire." "I saw..."
    - Give information on people who are wounded.
- Location of the assailant (if known):
- Description of the assailant (if known):
- Your precise location: "room __"
- The number of children with you:

b. Keep the line open, even if you can't talk, unless instructed by the dispatcher to end the call.

4. Special Topics

a. Injuries: Your response to injured persons will need to vary given the specific circumstances that are present and the response option (Run, Hide or Fight) you are engaged in.

- *Run* – If you encounter injured persons while you are trying to get out of danger…

- If you have children with you, you must place their safety ahead of the injured person. Take note of where the injured person is and report the location as soon as you get to safety.

- *Hide* – If someone is injured where you are hiding, secure the room before tending to the wounded.
  - As soon as it is safe to do so, apply first aid using any supplies that are available. If necessary, use articles of clothing as improvised dressing for wounds and apply direct pressure to control bleeding.

- *Fight* – This is always the option of last resort because the probability of injury is highest when you are in close proximity to the assailant. Commit to your plan. Do not stop to tend to the wounded until it is safe to do so.
  - If your intention is to disrupt the assailant to allow as many people to escape as possible, stick to that plan.
  - If your plan is to incapacitate the assailant, keep fighting until the assailant is incapacitated and the weapon and assailant are under control.

b. Law Enforcement: If you encounter law enforcement officers.
   - Immediately raise your hands in the air and display your open palms.
   - Do not run up to officers or attempt to hug or talk to them.
   - Do not talk unless they ask you a question.
   - Do exactly what they tell you to do.

c. Weapons: If the assailant loses control of a weapon, exercise extreme care when securing it:
   - Do not pick up the weapon. Law enforcement may shoot you if they see you holding a weapon.
   - Secure the weapon by placing an empty trash can over it and sliding it to a location where it can be kept covered and under control until a law enforcement officer can take possession of it.

d. Ongoing Communication: (School and district staff should develop means to safely provide updates to staff to keep them informed during the incident.)

e. School Activities: (School locations must also plan for and train all district / RC staff involved with student activities and extracurricular programs.)

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- Follow the All-Staff Guidance described above.
- Call 911 and initiate a **LOCKDOWN** announcement as soon as you can do so safely. Work with nearby staff to do them simultaneously if at all possible.
    - Include as much actionable information on the announcement as possible.
        - *Example "LOCKDOWN, LOCKDOWN, LOCKDOWN. Man with a gun on resource center. LOCKDOWN now."*
    - If you have surveillance capabilities, and can safely provide real time announcements, broadcast continuous and accurate information on the location of the assailant. This will disrupt and distract the assailant. It will also provide people in the resource center with information they can use to better evaluate their options.
        - *Example: "The gunman is now in the D wing headed south. He is armed with a shotgun and is wearing a hooded jacket and blue jeans."*
- Notify the Sorrento Mesa RC after you call 911.
- If possible, assist emergency personnel.
    - Assist police in entering the school;
    - Provide officers with keys, maps and any other information requested.

DISTRICT STAFF ACTIONS

- **Emergency Operations Center (EOC)**
    - Activate the district's Emergency Operations Center
    - Dispatch a back-up ICS team to take over responsibility for ICS functions from RC staff who will be impacted by this emergency.

- **Emergency Area Reunification**
    - The Operations Section should prepare an emergency evacuation area for reunification.
        - This should be at a location large enough to accommodate the evacuation, with parking available for parents coming to get their kids. Movie theater complexes work well for this type of emergency.
        - Once the assailant is neutralized emergency responders will begin to treat and evacuate the wounded.
        - School staff and students will remain in lockdown until evacuated on a room-by-room basis.

        - Vans should be placed on standby for evacuation.
        - Teams and materials should be mobilized to conduct an orderly reunification in which all students and staff are accounted for.

- **Crisis Intervention**
    - A Mental Health strike team should also be assembled to assist with stabilizing acutely impacted students, staff and parents during reunification.
    - This team will also provide ongoing support throughout the recovery phase of the emergency response.
    - Psychoeducational materials should also be developed / selected by the Planning Section for distribution to parents and other caregivers to assist them in supporting crisis recovery.
    - Mental Health staff should also be involved in plans related to reopening the school following an active shooter / armed assailant event.

ADDITIONAL STEPS FOR THE SCHOOL:

- _____
- _____
- _____
- _____
- _____

EMERGENCY RESPONSE: FIRE (Outside Fire/Wildfire)

A fire in an adjoining area, such as a wildland fire, can threaten the school building and endanger the students and staff. Response actions are determined by location and size of the fire, its proximity to the school and the likelihood that it may endanger the school community.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X Determine if **EVACUATION** of school location is necessary.
- X Contact local fire department (call 911) to determine the correct action for your school location.
- X If necessary, begin evacuation of school location to previously identified safe location using school evacuation plan.
- X Direct inspection of premises to assure that all students and personnel have left the building.
- X Notify the school district where the school has relocated and post a notice on the RC door stating the temporary new location.
- X Monitor radio station for information.
- X Do not return to the building until it has been inspected and determined safe by proper authorities.

STAFF ACTIONS:

- X If students are to be evacuated, take attendance to be sure all students are present before leaving the building location.
- X Stay calm. Maintain control of the students a safe distance from the fire and firefighting equipment.
- X Take attendance at the assembly area. Report any missing students to the School Coordinator/Safety Ambassador and emergency response personnel.
- X Remain with students until the building has been inspected and it has been determined safe to return to.

ADDITIONAL STEPS FOR THE SCHOOL:

FIRE (WILDFIRE)

Should a wildfire endanger the students or staff, it is important to work with the local fire department, act quickly and decisively to prevent injuries and damage to property. In evolving situations, local authorities may not issue an evacuation warning or order early in the event, only to do so later when the event poses a greater threat. To best ensure the safety of our staff and students, school administrators should work in conjunction with local fire and law enforcement to evaluate these events relative to our school's unique characteristics, such as facility age and construction, transportation dependencies, ingress and egress options and capacity, level of defensible space around our structures, and surrounding topography. It may be best for some resource centers to issue an early dismissal and voluntarily evacuate due to unique characteristics and circumstances.

If a wildfire is near our locations, fire personnel may suggest a voluntary evacuation or call for a mandated early dismissal, external evacuation, shelter-in-place or a resource center closure. The Charter Schools have procedures in place for each of these possibilities.

BEFORE

Goals:

1. Coordinate with local fire department to develop procedures that facilitate an effective and efficient wildfire response
2. Develop the capacity of staff to lead students through appropriate response options
3. Prevent the risk of injury to individuals and damage of property from wildfire

Objective(s):

<u>Goal 1 Objectives</u>

a) Coordinate with local fire department to ensure an effective response to a Wildfire
b) Develop procedures for voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and school closure
c) Develop a clear chain of command with staff

<u>Goal 2 Objectives</u>

a) Train staff on the different wildfire response actions: voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and resource center closure

<u>Goal 3 Objectives</u>

a) Store combustible materials in fireproof containers
b) Follow Fire Code and district rules regarding fire prevention
c) Provide fire prevention training to staff
d) Hold Fire Drills
e) Maintain an adequate supply of fire extinguishers
f) Ensure proper maintenance of fire prevention equipment

Courses of Action:

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

Goal 1 Actions

a) Meet, plan and train with local fire department to ensure an effective response to a Wildfire. Plan for potential voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and resource center closure
b) Develop location specific procedures to engage in a voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and school closure
c) Use the San Diego County "School Protection and Evacuation Plan (SPEP), available on the San Diego County Office of Education website, to develop location specific plans

Goal 2 Actions

a) Provide training to staff on wildfire response actions including: voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and school closure

Goal 3 Actions

a) Provide fire prevention materials to staff and provide a brief fire prevention training at the beginning of the year as part of training on the Comprehensive School Safety Plan
b) Ensure combustible materials are stored in fireproof containers
c) Hold fire extinguisher training for staff
d) Ensure adequate supply of fire extinguishers are appropriately maintained
e) Hold required number of fire drills and vary the situation to improve staff and student response

STAFF ACTIONS

Goal 2 Actions

a) Take fire extinguisher training or read about/watch video on how to use a fire extinguisher
b) Read any fire prevention and wildfire response

materials provided by administration

Goal 3 Actions

a) Participate and lead students in fire drills
b) Refrain from bringing unapproved combustible materials (cleaning and other chemicals) onto school
c) Become familiar with and only use Fire Marshall approved fire retardant resource center decorations

DURING

Goals:

1. While coordinating with local fire department/jurisdiction's incident command, protect life and implement appropriate wildfire response actions

Objective(s):

Goal 1 Objectives

a) Conduct appropriate wildfire response actions in a timely manner
b) Conduct accountability procedures in a timely manner
c) Activate school location Incident Command Team, as necessary

Courses of Action:

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

Goal 1 Actions

a) Work with the Sorrento Mesa RC, local fire department and other responders to determine best course of action
b) Use the "Wildfire Evacuation Decision Tree" following this section.
c) Communicate plan of action to staff and students:
    - voluntary evacuation
    - early dismissal
    - mandatory evacuation
    - shelter-in-place
    - resource center closure

d) Consider the following while implementing response action

- Supplies (have staff bring emergency supplies, especially first aid kits and communication devices)
- Food and water
- Transportation

- Security and Safety
- Communications
  e) Contact families to notify of planned course of action
  f) Activate school Incident Command Team, as necessary
- Reunification Team
  g) Ensure all staff and students are accounted for
  h) Ensure that access roads are kept open for emergency vehicles
  i) Based on the situation, delegate staff to turn off and unplug any electrical devices left behind and/or have facilities turn off electricity
  j) Do not allow staff and students to return to the building until the Fire Department declares that it is safe to do so

Goal 2 Actions

a) Remind staff to close doors when exiting resource centers.
b) Notify appropriate utility company of suspected breaks in utility lines or pipes.
c) Notify fire department of any hazards or vulnerabilities that could hinder their response or cause further damage (chemicals, wires, equipment, etc.)

- Provide SDS sheets of any chemicals on location/in the area of the fire to the fire department upon arrival

d) Notify the Sorrento Mesa RC of situation

STAFF ACTIONS:

Goal 1 Actions

a) Follow the directions of the Incident Command to carry out necessary response action: voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and resource center closure
b) If evacuating or sheltering-in-place, take emergency backpack and student kits

c) Maintain control of the students a safe distance from the fire and firefighting equipment
d) Take attendance. Report missing students to the School Coordinator/designee and emergency response personnel
e) Maintain supervision of students until the Fire Department determines it is safe to return to the school building or they are reunified with family
f) Serve in any designated position on the Incident Command Team

Shut resource center door after all individuals have exited

Provide information to the School Coordinator/Safety Ambassador regarding any hazards or vulnerabilities noticed while evacuating (chemicals, exposed wires, equipment that might be hazardous, etc.)

AFTER

Goals:

1. Effectively communicate to all stakeholders
2. Determine response strengths, areas from improvement and steps to improvement

Objective(s):

Goal 1 Objectives

a) Provide information to staff, parents, and students
b) Provide information to the Sorrento Mesa RC

Goal 2 Objectives

a) Conduct After-Action Report process

Courses of Action:

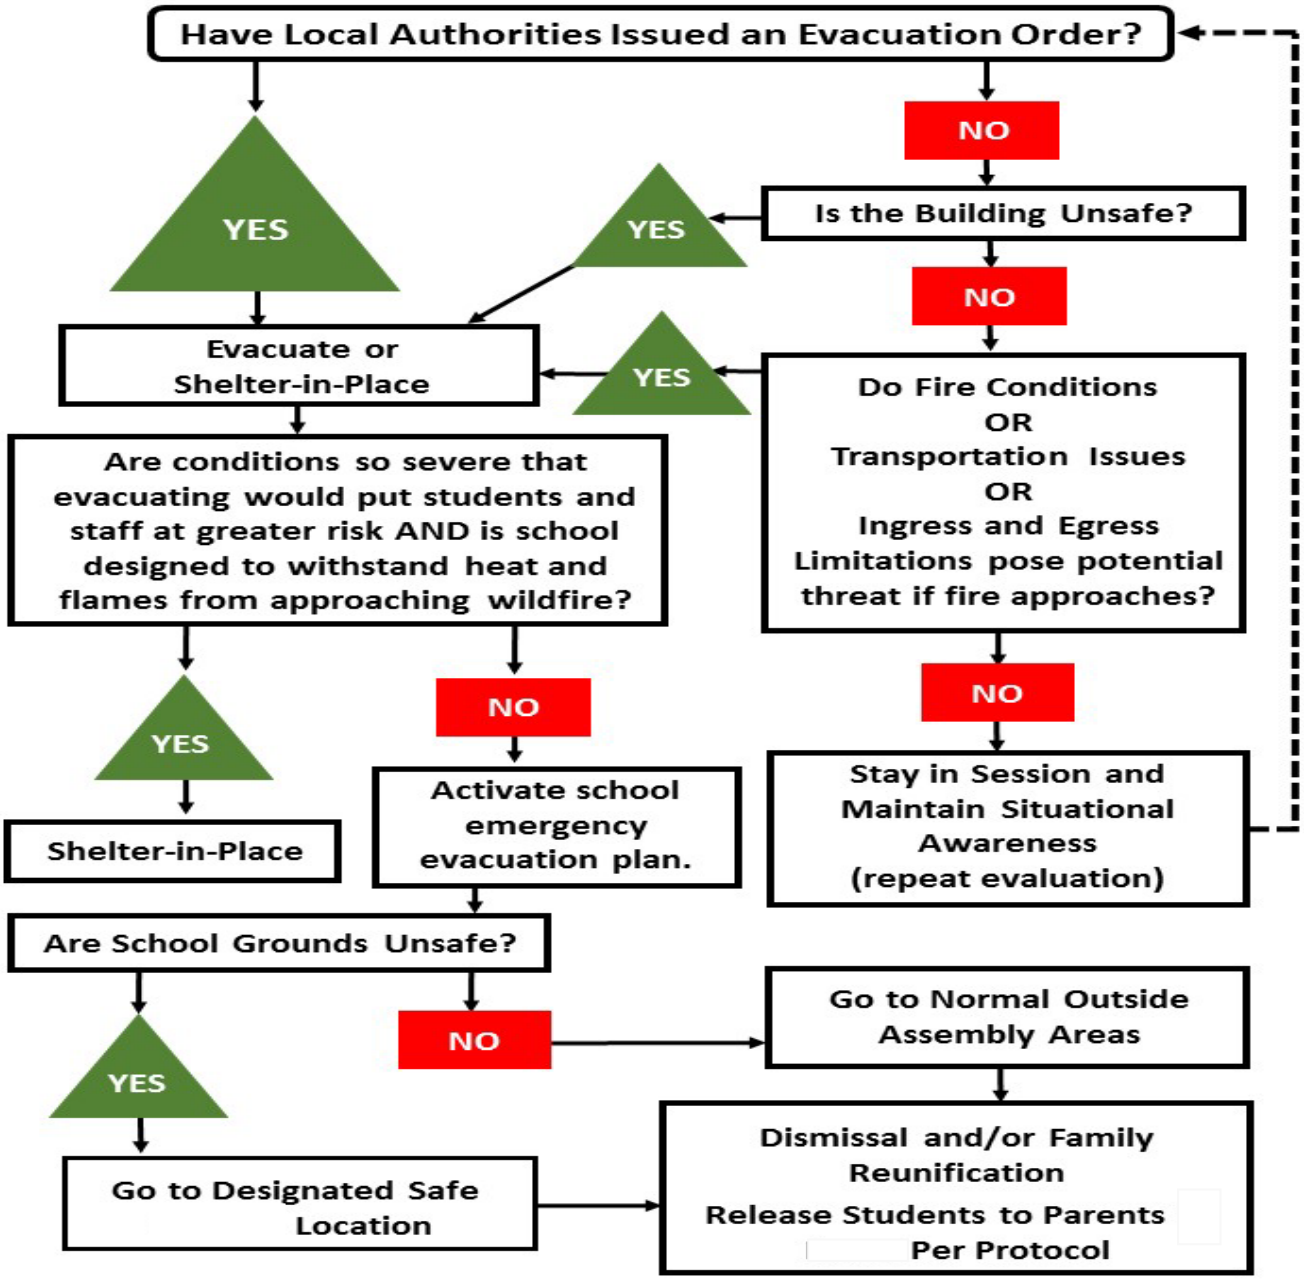
SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS

Goal 1 Actions

a) Provide critical information to the Sorrento Mesa RC in order to develop effective key messages
b) Work with appropriate district department to write messages to inform parents, staff and the community about what happened
c) Work with appropriate district department to draft talking points for phone calls and media requests

Goal 2 Actions

a) Conduct an after-action report process and implement necessary actions for improving future responses
b) Gather stakeholders to debrief and engaged in process to identify strengths and weaknesses (areas for improvement) of response



c) Identify steps to improve future responses
d) Implement steps to improvement

STAFF ACTIONS

Goal 2 Actions

a) Participate in the after-action report process
a) Participate in any determined corrective actions discovered in the after-actions process

WILDFIRE DECISION TREE

EMERGENCY RESPONSE: OPIOID ANTAGONIST-Naloxone Hydrochloride

Pursuant to California Education Code 49414.3, any school districts, county offices of education, and charter schools may provide emergency naloxone hydrochloride or another opioid antagonist to school nurses or trained personnel who have volunteered pursuant to subdivision (d), and school nurses or trained personnel may use naloxone hydrochloride or another opioid antagonist to provide emergency medical aid to persons suffering, or reasonably believed to be suffering, from an opioid overdose.

Altus Schools Coachella Valley has established a Staff Naloxone Hydrochloride Emergency Training Plan and Program pursuant to CDE 49414.3 which includes safe and effective management of opioid-related overdoses. This plan is also incorporated into the school emergency preparedness and response plans.

PROCEDURES FOR PREVENTING OPIOID AND FENTANYL USE AND OVERDOSE

Altus Schools Coachella Valley's primary goal in the fight against opioids and fentanyl use is prevention.
Altus Schools Coachella Valley will use the following prevention strategies:

- Distribute materials to and/or discuss with students' content conducive to preventing drug use/abuse such as, but not limited to:
    - How opioids and fentanyl affect the body's systems.
    - Refusal strategies
    - The signs and symptoms of use/abuse
    - The science of addiction
- Distribute safety advice to families regarding opioid overdose prevention.
- Creating a supportive, safe and orderly environment conducive to learning by regularly assessing school climate and using data to develop goals and objectives to address gaps.
- Providing training to staff on building protective factors in students, as well as recognizing the signs and symptoms of use/abuse.

SIX ESSENTIAL STEPS FOR INDIVIDUALS RESPONDING TO POSSIBLE OVERDOSE

The following was developed from The Department of Health and Human Services, Substance Abuse and Mental Health Services Administration document SAMHSA Opioid Overdose Prevention Toolkit.

Overdose is common among persons who use illicit opioids such as heroin and among those who misuse medications prescribed for pain such as oxycodone, hydrocodone, methadone, buprenorphine, and morphine. The incidence of opioid overdose is rising nationwide. In 2016, more than 42,000 of the drug overdose deaths in the United States involved some type of opioid, including heroin.

To address the problem, emergency medical personnel, health care professionals, school personnel, people who use drugs, and other community members who may witness and respond to an overdose are being trained in the use of the opioid antagonist medication naloxone, which can reverse the potentially fatal respiratory depression caused by opioid overdose. (Note that naloxone has no effect on non-opioid overdoses, such as those involving cocaine, benzodiazepines, or alcohol.

The steps outlined in this section are recommended to reduce the number of deaths resulting from opioid overdoses.

STEP 1: EVALUATE FOR SIGNS OF OPIOID OVERDOSE

Signs of **OVERDOSE**, which often results in death if not treated, include:

- Unconsciousness or inability to awaken.
- Slow or shallow breathing or breathing difficulty such as choking sounds or a gurgling/snoring noise from a person who cannot be awakened.
- Fingernails or lips turning blue/purple.

If an opioid overdose is suspected, stimulate the person:

- Call the person's name, tap the person's shoulders, clap your hands loudly in order to assess for level of consciousness.
- If this doesn't work, per Department of Health and Human Services (DHHS) recommendation, vigorously grind knuckles into the sternum (the breastbone in middle of chest).
- If the person responds, assess whether he or she can maintain responsiveness and breathing.
- Continue to monitor the person, including breathing and alertness, and try to keep the person awake and alert.
- If the person does not respond, call 911.
- Grab the Opioid Overdose Emergency Kit and Automatic External Defibrillator (AED).
- Provide rescue breathing if the person is not breathing on their own and administer one dose of naloxone.

  For students, instruct staff member to contact the parent/guardian or emergency contact on file.

STEP 2: CALL 911 FOR HELP

AN OPIOID OVERDOSE NEEDS IMMEDIATE MEDICAL ATTENTION.

An essential step is to get someone with medical expertise to see the person as soon as possible. If no emergency medical services (EMS) or other trained personnel is on the scene, activate the 911 emergency system immediately. All you have to say is "Someone is unresponsive and not breathing." Be sure to give a specific address and/or description of your location. After calling 911, follow the dispatcher's instructions. If appropriate, the 911 operator will instruct you to begin CPR (technique based on rescuer's level of training).

STEP 3: ADMINISTER NALOXONE

If the person overdosing does not respond within 2 to 3 minutes after administering a dose of naloxone, administer a second dose of naloxone.

Naloxone should be administered to anyone who presents with signs of opioid overdose or when opioid overdose is suspected. Naloxone is approved by the Food and

Drug Administration (FDA) and has been used for decades by EMS personnel to reverse opioid overdose and resuscitate individuals who have overdosed on opioids. Research has shown that women, older people, and those without obvious signs of opioid use disorder are undertreated with naloxone and, as a result, have a higher death rate. Therefore, it is also important to consider naloxone administration in women and the elderly found unresponsive with opioid overdose.

Naloxone can be given by intranasal spray and by intramuscular (into the muscle), subcutaneous (under the skin), or intravenous injection.
Altus Schools Coachella Valley **uses intranasal spray.**

All naloxone products are effective in reversing opioid overdose, including fentanyl-involved opioid overdoses, although overdoses involving potent (e.g., fentanyl) or large quantities of opioids may require more doses of naloxone.

DURATION OF EFFECT. The duration of effect of naloxone depends on dose, route of administration, and overdose symptoms and is shorter than the effects of some opioids. The goal of naloxone therapy should be to restore adequate spontaneous breathing, but not necessarily complete arousal.

More than one dose of naloxone may be needed to revive someone who is overdosing. People who have taken longer acting or more potent opioids may require additional intravenous bolus doses or an infusion of naloxone.

Comfort the person being treated, as withdrawal triggered by naloxone can feel unpleasant. Some people may become agitated or confused, which may improve by providing reassurance and explaining what is happening.

SAFETY OF NALOXONE. The safety profile of naloxone is remarkably high, especially when used in low doses and titrated to effect. When given to individuals who are not opioid intoxicated or opioid dependent, naloxone produces no clinical effects, even at high doses. Moreover, although rapid opioid withdrawal in opioid-tolerant individuals may be unpleasant, it is not life threatening.

Naloxone can be used in life-threatening opioid overdose circumstances in pregnant women.

The FDA has approved an injectable naloxone, an intranasal naloxone, and a naloxone auto-injector as emergency treatments for opioid overdose. People receiving naloxone kits that include a syringe and naloxone ampules or vials should receive brief training on

how to assemble and administer the naloxone to the victim. The nasal spray is a prefilled, needle-free device that requires no assembly and that can deliver a single dose into one nostril. The auto-injector is injected into the outer thigh to deliver naloxone to the muscle (intramuscular) or under the skin (subcutaneous). Once turned on, the currently available device provides verbal instruction to the user describing how to deliver the medication, similar to automated defibrillators. Both the nasal spray and naloxone auto-injector are packaged in a carton containing two doses to allow for repeat dosing if needed.

FENTANYL-INVOLVED OVERDOSES. Suspected opioid overdoses, including suspected fentanyl- involved overdoses, should be treated according to standard protocols. However, because of the higher potency of fentanyl and fentanyl analogs compared to that of heroin, multiple doses of naloxone may be required to reverse the opioid-induced respiratory depression from a fentanyl-involved overdose.
Many anecdotes report more rapid respiratory depression with fentanyl than with heroin, although other reports do not reflect such rapid depression.

Because of these effects, quicker oxygenation efforts and naloxone delivery may be warranted with fentanyl-involved overdoses compared with heroin-only overdoses. However, naloxone is an appropriate response for all opioid overdoses, including fentanyl-involved overdoses.

STEP 4: SUPPORT THE PERSON'S BREATHING

Ventilatory support is an important intervention and may be lifesaving on its own. Rescue breathing can be very effective in supporting respiration, and chest compressions can provide ventilatory support.

Rescue breathing for adults involves the following steps:

- Be sure the person's airway is clear (check that nothing inside the person's mouth or throat is blocking the airway).
- Place one hand on the person's chin, tilt the head back, and pinch the nose closed.
- Place your mouth over the person's mouth to make a seal and give two slow breaths.
- Watch for the person's chest (but not the stomach) to rise.
- Follow up with one breath every 5 seconds.

Chest compressions for adults involve the following steps:

- Place the person on his or her back.
- Press hard and fast on the center of the chest.
- Keep your arms extended.

STEP 5: MONITOR THE PERSON'S RESPONSE

All people should be monitored for recurrence of signs and symptoms of opioid toxicity for at least 4 hours from the last dose of naloxone or discontinuation of the naloxone infusion. People who have overdosed on long-acting opioids should have more prolonged monitoring.

Most people respond by returning to spontaneous breathing. The response generally occurs within 2 to 3 minutes of naloxone administration. (Continue resuscitation while waiting for the naloxone to take effect.)
Because naloxone has a relatively short duration of effect, overdose symptoms may return. Therefore, it is essential to get the person to an emergency department or other source of medical care as quickly as possible, even if the person revives after the initial dose of naloxone and seems to feel better.

SIGNS OF OPIOID WITHDRAWAL. The signs and symptoms of opioid withdrawal in an individual who is physically dependent on opioids may include body aches, diarrhea, tachycardia, fever, runny nose, sneezing, piloerection (gooseflesh), sweating, yawning, nausea or vomiting, nervousness, restlessness or irritability, shivering or trembling, abdominal cramps, weakness, tearing, insomnia, opioid craving, dilated pupils, and increased blood pressure. These symptoms are uncomfortable, but not life threatening.

After an overdose, a person dependent on opioids should be medically monitored for safety and offered assistance to get into treatment for opioid use disorder.

If a person does not respond to naloxone, an alternative explanation for the clinical symptoms should be considered. The most likely explanation is that the person is not overdosing on an opioid but rather some other substance or may be experiencing a non-overdose medical emergency.

In all cases, support of ventilation, oxygenation, and blood pressure should be sufficient to prevent the complications of opioid overdose and should be given priority if the response to naloxone is not prompt.

DO'S AND DON'TS WHEN RESPONDING TO OPIOID OVERDOSE

- DO attend to the person's breathing and cardiovascular support needs by administering oxygen or performing rescue breathing and/or chest compressions.
- DO administer naloxone and utilize a second dose, if no response to the first dose.
- DO put the person in the "recovery position" on the side, if you must leave the person unattended for any reason.
- DO stay with the person and keep the person warm.
- DON'T slap or forcefully try to stimulate the person; it will only cause further injury. If you cannot wake the person by shouting, rubbing your knuckles on the sternum (center of the chest or rib cage), or light pinching, the person may be unconscious.
- DON'T put the person into a cold bath or shower. This increases the risk of falling, drowning, or going into shock.
- DON'T inject the person with any substance (e.g., saltwater, milk, stimulants). The only safe and appropriate treatment is naloxone.
- DON'T try to make the person vomit drugs that may have been swallowed. Choking or inhaling vomit into the lungs can cause a fatal injury.
- NOTE: All naloxone products have an expiration date, so it is important to check the expiration date and obtain replacement naloxone as needed.

STEP 6: ADDITIONAL SUPPORT

- Have the individual transported to the nearest medical facility, even if symptoms seem to get better.
- Debrief with students and staff present and assess further needs for support.
- Complete an Accident Report Form.

Follow up with assigned school nurse for additional support.

Best Practice Considerations for Schools in Active Shooter and Other Armed Assailant Drills

The National Association of School Psychologists and the National Association of School Resource Officers have partnered to provide this guidance on armed assailant training, with input from Safe and Sound: A Sandy Hook Initiative and the ALiCE Training Institute. This document provides guidance on the important factors schools must take into account when considering and conducting armed assailant drills.

OVERVIEW

A. Response to armed assailants has focused on implementing a school lockdown. Recently, discussion has emphasized options-based approaches, which sometimes include the "Run, Hide, Fight" model.

B. Armed assailant drills have both benefits and concerns associated with their implementation.
   - Armed assailants in schools account for only 1% of homicides among school-age youth; schools must balance costs and benefits when allocating crisis preparedness resources.
   - Such drills have the potential to empower staff and save lives, but without proper caution, they can risk causing harm to participants.
   - Available research supports the effectiveness of lockdown drills carried out according to best practices, but research is still needed on the effectiveness of armed assailant drills.

DRILL APPROACHES AND PLANNING

A. Traditional lockdowns should remain the foundation of an options-based approach to active assailant training, which allows participants to make independent decisions in evolving situations.

B. Exercises should be considered in a hierarchy with simple discussion-based exercises before complex operations-based drills are practiced.

C. Schools should keep simulation techniques appropriate to the participants' developmental maturity.
   - Inform participants of the use and purpose of props and simulation aids prior to the drill.
   - Using Airsoft guns as simulation aids requires careful safety measures and opt-out opportunities.

D. Regular practice helps participants develop readiness and quickly access and apply knowledge.

DEVELOPMENTAL AND MENTAL HEALTH CONSIDERATIONS

A. Children model their reactions on adult behavior, so effective drills should result in staff who inspire calm and confidence in students.

B. It is critical that participation in drills be appropriate to individual development levels, and take into consideration prior traumatic experiences, special needs, and personalities.

C. School-employed mental health professionals should be involved in every stage of preparation.
   - Prior to the drill, staff should be trained to recognize common trauma reactions.
   - Adults should monitor participants during the drill and remove anyone exhibiting signs of trauma.
   - After completion, staff and students should have access to mental health support, if needed.

D. Participation should never be mandatory, and parental consent should be required for all students.

E. If staff chooses to opt-out of intense drills, they should receive comparable, less intense instruction.

STEPS FOR CONDUCTING SAFE, EFFECTIVE, AND APPROPRIATE DRILLS

1. Create a school safety team (including an administrator, a school mental health professional, a school nurse; security personnel, teachers, and parents) that also coordinates with local law enforcement and emergency responders.
2. Conduct a needs assessment of the school community.
3. Implement a cost–benefit analysis that considers all emergency preparedness needs and options.
4. Tailor drills to the context of the school environment.
5. Create a plan of progression that builds from simplest, lowest-cost training; identifies obstacles and goals; and establishes a timeline.
6. Prepare for drill logistics that ensure physical and psychological safety as well as skills and knowledge acquisition.
7. Develop a communications plan that gives all participants advance warning and the ability to opt out and/or provide feedback.
8. Establish a long-term follow-up plan to support sustainability that includes assessing ongoing and/or changing preparedness training needs.

INTRODUCTION

Active Shooter and Other Armed Assailant Drills

The National Association of School Psychologists (NASP) and the National Association of School Resource Officers (NASRO) represent key members of school safety and crisis teams. We are committed to supporting school communities' understanding and implementation of best practices related to school safety, school mental health, and crisis prevention and response. We have partnered to provide this guidance on armed assailant training, with input from Safe and Sound: A Sandy Hook Initiative, a nonprofit organization of parents, educators, and other members of the school community, and the ALiCE Training Institute, a for-profit company that provides active shooter training.

Critical elements to effective crisis preparedness and response of any kind are a common understanding of purpose and procedures among all participants, a respect for each other's roles and perspectives, and a shared commitment to ensure the safety and well-being of all members of the school community. Our common goals in this document are to provide best practice information to help schools determine to what extent they need armed assailant training and to conduct trainings that make best use of resources, maximize effectiveness, and minimize physical and psychological risks. Importantly, this document is not intended to provide specific guidance on *how* to conduct active assailant drills but rather to provide guidance on many of the issues that must be considered when planning for and implementing such training. The specifics of any training should be determined at the local level by appropriately trained school leadership, school safety and mental health personnel, and law enforcement.

Please note that the appendices in this document contain very important decision-making information. They are referenced within and at the end of the document.

PART I: OVERVIEW

Schools have a responsibility to protect the physical and psychological well-being of their students and staff. This includes creating positive school climates, preventing negative behaviors such as bullying and harassment, and being prepared to respond to potential threats such as weather emergencies, fires, and acts of violence. Effective crisis planning, prevention, response, and recovery capabilities are essential for schools to meet this responsibility (Cowan, Vaillancourt, Rossen, & Pollitt, 2013). Although situations involving an active, armed assailant on school property are extremely rare, schools are increasingly considering how to best prepare for and respond to this type of event.

According to the U.S. Department of Homeland Security (2008) and the Federal Bureau of Investigation (Blair & Schweit, 2014) an *armed assailant* is defined as an armed person who attempts to use deadly force on others, typically in a confined and populated area. The term *active shooter* refers to those assailants who use firearms, as opposed to knives or other weapons. Some U.S. states have mandated active shooter drills for schools but have offered little to no guidance on proper implementation.

Schools should plan for the rare possibility of an armed assailant as part of a comprehensive crisis/emergency preparedness effort; however, the nature and extent of those preparedness activities should be based upon a risk assessment of the crisis events a given school is most likely to confront.

How this training is conducted must carefully account for students' developmental levels, school culture and climate, and features specific to each school community (such as geography, weather, crime, and environment). While one of the primary goals of crisis preparedness is to develop a sense of empowerment and control, armed assailant drills not conducted appropriately may cause physical and psychological harm to students, staff, and the overall learning environment. It is critical that administrators, school-employed mental health professionals, school resource and police officers, and crisis team members work closely together to carefully develop a staff and student training protocol that follows the best practice considerations outlined below.

A. Background

The 1999 shootings at Columbine High School ushered in heightened attention to the need for schools—and law enforcement—to be better prepared to respond to armed assailant situations. Subsequently, schools focused primarily on lockdown practices, while law enforcement focused on improving tactics to find and stop the assailant as quickly as possible. In 2013, the U.S. Department of Education recommended expanding the lockdown-only approach for schools (i.e., confining students and staff to their rooms) to an options-based approach that allows school staff to make more independent decisions about how to protect their students depending on evolving circumstances (e.g., evacuate the building rather than stay locked in a RC). These approaches include adapting the "Run, Hide, Fight" model that was originally developed for adults in response to workplace violence. This expansion has spurred a range of approaches to armed assailant training and an increase in the number of schools conducting drills with varying degrees of intensity and involvement of school staff and students. In some instances, drills are conducted with insufficient consideration of the potential psychological impact or appropriateness of a particular drill based on the developmental level or psychological risk factors of participants.

B. Benefits and Concerns Associated with Armed Assailant Drills

Costs versus benefits. School-associated homicides are extremely rare, accounting for less than 1% of all homicides among school-age youth (Robers, Kemp, Rathbun, & Morgan, 2014). While an attack by an armed assailant on school grounds is possible—and devastating if it happens--it is not as probable as other types of crisis events. Schools must consider the cost of some types of drills (e.g., full scale simulations), and whether investment in them will reduce resources

available for other critical safety preparation activities such as first aid training, environmental design measures, and staff development focused on more comprehensive school safety preparedness.

Empowerment versus potential harm. The primary purposes of an armed assailant drill are to provide law enforcement and relevant school leadership and staff the opportunity to practice skills and protocols and to identify and correct areas of weakness in knowledge, communication, coordination, and decision-making. The goal is to empower participants and save lives and prepare professionals and staff for this role and responsibility. As the focus of such drills expands to include all staff and students, the potential for causing harm to participants expands as well. The level of drill intensity (e.g., use of loud gun fire and airsoft guns), extent of warning that a drill will occur, and whether participation is required or voluntary may affect reactions to the experience. Additionally, an individual's cognitive and developmental levels, personality, history of adverse or traumatic experiences, and psychological makeup are among the many factors that influence the potential for harm.

It is essential to include parents in discussions of their child's developmental level, education, and readiness for armed assailant drills. Highly sensorial armed assailant drills for students in preschool and elementary learning environments are not recommended. Any such drills should be conducted using age- appropriate simulation stimuli (e.g., the sound of gunshots near a preschool room would not be appropriate).

Available research. Practicing disaster response procedures has been found to increase the probability of adaptive behavior during a crisis (Jones & Randall, 1994; Miltenberger et al., 2005). Specifically, lockdown drills implemented according to best practices have been suggested to increase knowledge and skills of how to respond appropriately without elevating anxiety or perceived safety risk (Zhe & Nickerson, 2007). However, at present there is no empirical research regarding school-based armed assailant drills.

Potential lawsuits. The manner in which some armed assailant drills (e.g., unannounced) have been conducted in the workplace has led to lawsuits imposed on employers due to psychological and physical harm sustained by some participants (Frosch, 2014). Schools need to determine to what extent advanced armed assailant drills are necessary and

carefully construct these drills to avoid physical and/or psychological harm. Regardless of the projected benefits and perceived concerns, the fact remains that armed assailant drills are uncharted territory for schools. Schools that decide to conduct a drill should use a multidisciplinary safety team (including parents) that educates and trains all participants in relevant curricula and protocols. With careful planning, data collection, and continual review of these programs, schools can begin to develop an approach that minimizes negative effects and improves preparedness.

PART II: DRILL APPROACHES AND PLANNING

A. Traditional Lockdown Versus Options-Based Drills

Lockdowns have been the standard approach for the school response to threatening situations for nearly two decades. Lockdowns involve locking the door, moving students out of sight, and requiring students to remain quiet within the room. Lockdowns should continue to be included in any options- based approach to active assailant training.

Options-based drills provide students and staff with a range of alternative strategies to save lives, and the permission to use them, depending on the situation. For instance, the nature of the threat, time of day, and the location of students interact to affect the best options. The premise of options-based drills is to allow participants to make independent decisions including when and whether to evacuate, barricade RC doors, or as a last resort, counter the attack of the armed assailant. As with other safety drills (e.g., fire or tornado), it is important that options-based drills take into account the developmental levels of students as well as the physical layout of the resource center (e.g., ease of access to outside doors and proximity of places to hide other than a resource center).

B. Hierarchy of Education and Training Activities

Crisis preparedness exercises and drills should be conducted in a progression of steps that begin with basic activities and progress to more advanced drills and exercises as needed (with advanced simulations being a more advanced type of crisis preparedness activity). Schools should start with simple, low-cost, discussion-based exercises (e.g., introductions to crisis responders, orientation activities, use of instructional media, or tabletop drills) and, if the school safety team determines it appropriate, work their way toward more complex and expensive, operations-based exercises (e.g., walk-throughs, specific emergency drills, and crisis simulations; NASP, 2013; U.S. Department of

Education, 2006a). ***Appendix 1 summarizes this hierarchy of activities and provides an example of how armed assailant preparation could occur at each level.***

C. Simulations and Simulation Techniques

Many schools are also using or considering simulation exercises. Simulations require that participants are provided with real time information and stimuli (e.g., simulated gunshots, PA announcements, and electronic communications) to determine the movements of an armed assailant in order to make the best decisions. It is important that simulation drills are preceded by extensive prior education and preparation, and consideration for individual readiness. For some participants, this intense exposure and practice may empower them with experience, options, and a sense of control. For others, this type of drill may be emotionally traumatic (Frosch, 2014).

If a school deems it necessary to simulate an armed assailant, safety teams should carefully consider the number of different strategies for simulation during a drill, taking into account developmental age and readiness of staff before determining what techniques are most appropriate.

Drills utilizing props and simulation aids. Props and other aids may be used to simulate a weapon, gunfire, or other desired circumstances that are associated with an armed assailant event. In advance of any drill, participants must be aware of the prop's purpose and potential presence, particularly when the purpose of the prop is not obvious. For example, the use of an air horn, or other prop to simulate gunfire, may traumatize participants if they have not been instructed on the prop's purpose in advance of the drill.

Airsoft as a simulation aid**.** Airsoft guns (simulated weapons that shoot plastic BBs) may be used as a simulation aid during armed assailant drills. Caution must be exercised to ensure the safety of all participants prior to any drill involving airsoft guns. The authors of these guidelines have received anecdotal reports from school professionals of armed assailant drill participants being physically harmed from the use of simulation aids. In addition, for those with trauma histories, involvement in a highly sensorial armed assailant drill could trigger strong psychological reactions. Thus, to mitigate potential physical or psychological harm, opt-out opportunities should be offered to all participants after being fully informed about the drill.

D. Considerations

Schools must carefully consider the decision-making protocol for people to engage in a strategy other than lockdown. For instance, run/escape may lead to safety for some, but

it might inadvertently lead to danger for others as students unknowingly "escape" into the path of an unknown assailant, expose them to the sight of injured or dead classmates and teachers, or result in students trampling each other to get to the exit door. These concerns need to be addressed when planning and practicing active assailant drills. Students should be taught to first and foremost follow the direction of their teacher, and how to make decisions if that teacher is incapacitated. Helping students and staff understand the decision-making criteria is crucial. It is also important to consider the special needs of students with disabilities, both in terms of a drill and the expectations for their functioning in the event of real emergency (U.S. Department of Education, 2006b).

E. Regular Practice

As part of the initial planning process for crisis preparedness, schools should identify how to integrate and reinforce the concepts taught during the drills. Introductions, orientations, walk-throughs, and tabletop exercises should continue to be integrated into yearly crisis preparation activities so learned skills are refreshed and rehearsed. Frequent and varied practice, training, and discussion activities aid the development of readiness, providing staff and students the means to quickly access and apply their knowledge.

PART III: DEVELOPMENTAL AND MENTAL HEALTH CONSIDERATIONS

A. Impact of Adult Behavior on Children's Behavior

The behavior of an adult in an emergency directly affects the physical and psychological safety of students in crisis. Therefore, the effectiveness of armed assailant drills relies on educating and training adults carefully, responsibly, and continually. Students look to faculty and staff—the designated trusted adults—for direction and guidance. When adults are well-trained and stay calm, the students will follow and gain confidence and ability.

B. Developmental Levels of Safety Awareness

If schools opt to conduct an options-based or more advanced armed assailant training, it is critical that those planning and facilitating the training consider the cognitive and emotional development of all those involved. Safety and security professionals (e.g., SROs, police officers) often have a leadership role in conducting drills but must work collaboratively with school administration and school-employed mental health professionals in joint planning to ensure best practice guidelines are followed. Schools, educators, and parents are encouraged to adapt policies and training programs that consider their unique situations. Grade levels are not an absolute determinant.

Individual levels may vary greatly due to cultural, educational level, and personal profiles within a community. It is also imperative that schools consider the individual psychological backgrounds, previous trauma experiences (including community trauma history), special needs, and personalities of students and staff. Regardless of training level, some individual personality types are better able to respond assertively than others in moments of crisis. Each level has a corresponding age range and examples of appropriate types of activities and instructions to provide general guidance when preparing for an armed assailant training.

C. Mental Health Support and Considerations

School-employed mental health professionals should be a part of all stages of armed assailant drill preparation.

Before an armed assailant drill or simulation. Drills may lead to stressful or traumatic reactions. If the drill will be a sensorial experience with, for example, simulated gunfire or individuals being tackled by the assailant, then participation should never be mandated for staff or students. Staff should also be taught to recognize common trauma reactions to help identify when a student, fellow staff member, or him/herself needs to be removed from the drill. Additionally, drills should be conducted early enough in the day to allow for debriefing participants afterward and assessing any adverse reaction.

During an armed assailant drill or simulation. Educators must monitor the reactions of themselves, each other, and students during the drill and have a means to quickly notify drill coordinators if a person exhibits physical (e.g., asthma or panic attack) or emotional (e.g., hysterical) reactions. Such reactions would necessitate removal from the drill and immediate support. School-employed health and mental health professionals must be present during the drill and available for assistance.

After an armed assailant drill or simulation. Emotional or physical reactions can be delayed following a highly intense simulation drill. School staff and students should have access to school- employed mental health professionals after the event to provide additional assistance if needed.

D. Parent Consent

Participation in an armed assailant drill should never be required for students or staff. Parent consent can come in the form of:

- Parent permission – parents return a permission slip allowing their child to participate.
- Passive consent – parents return a form only if they do NOT want their child to participate; no form returned implies permission.
- Parent notification – parents are notified, but no consent form is used; thus,

schools assume participation is granted unless parents assertively state otherwise.

E. Balancing Staff Opt-Out with the Need for Universal Preparedness

It is important to have all staff operating with the same understanding in an emergency situation. In cases where staff opt-out of a more advanced armed assailant drill, schools should provide the essential information and training through additional, less sensorial training exercises, such as a tabletop activity, as outlined in the hierarchy of education and training activities.

PART IV: STEPS TO CONDUCTING SAFE, EFFECTIVE, AND APPROPRIATE DRILLS

1. Create a school safety team—ideally made up of an administrator; school mental health professional; school nurse; teachers; security personnel; parents; and students—that:
   - Identifies a lead person to coordinate school safety efforts, including drills;
   - Establishes and communicates the roles and responsibilities during drills and in real-life crisis situations;
   - Takes a lead in identifying the most appropriate preparedness activities for the resource center;
   - Provides ongoing professional development and training as needed; and
   - Ensures that the school's policies are in compliance with state laws and school board policies.

2. Conduct an assessment of the school community to:
   - Identify the types of crisis events most likely to occur,
   - Determine the current school culture and climate,
   - Map existing resources and capacities of school personnel or school safety teams, and
   - Identify any related policies that should be considered in the planning of drills.

3. Implement a cost–benefit analysis that:
   - Considers financial costs in relation to the likelihood of a particular crisis;
   - Identifies what resources, activities, or preparedness training must be replaced or postponed, to engage in active shooter or other armed assailant drills;
   - Balances the need to empower resource center staff while minimizing potential harm (e.g., triggering stressful or traumatic reactions to live simulation drills);
   - Considers the current knowledge and identified needs of the staff; and
   - Considers legal requirements (e.g., state law) related to conducting active assailant drills and to what degree drills are required to be full-scale simulations versus other lower cost exercises.

4. Tailor drills to the context of the resource center environment, taking into consideration:
   - The primary goal of the drill (e.g., training for law enforcement versus staff and/or students);
   - Age, cognitive, and developmental levels of awareness of students;
   - Students with physical, sensory, or other disabilities that may require unique instructions during a drill or real-life event;
   - The capacity, comfort level, and trust among staff;
   - Administrative support;
   - Optimal timing, including time of year, day of the week, and time of the day;
   - Relationships with external partners, law enforcement, and other first responders; and
   - The layout of the resource center.

5. Create a plan of progression that:
   - Considers whether any previous activities have been conducted in the resource center;
   - Starts with simple, low-cost, discussion-based exercises;
   - Considers all available types of drills;
   - Identifies specific objectives and goals for the drills; and
   - Identifies a timeline and metrics to help determine whether more complex exercises are needed.

6. Prepare for logistics of the drill to ensure that:
   - Previous traumatic experiences of those involved are considered;
   - Resource Center staff learn to recognize stressful reactions to drills;
   - Methods exist to opt out (for staff and students) or remove someone from a drill, including parental consent/permission if students are involved;
   - School-employed mental health professionals are available to provide support to those experiencing a negative reaction to the drill;
   - Adequate follow up is available for students or staff with questions; and
   - Appropriate methods to evaluate outcomes are implemented.

7. Develop a communications plan that:
   - Informs members of the school community of planned drills and what will be entailed;
   - Facilitates open communications with families, including translated materials and the opportunity for family members to talk with relevant staff about concerns;
   - Provides opt-out options for staff and students; and
   - Encourages feedback and evaluation by participants after the fact.

8. Establish a long-term follow-up plan to support sustainability that considers:
   - What additional training is required;
   - How the drill integrates with other school safety and crisis prevention efforts;
   - How current and previous training and knowledge can be maintained and built

upon; and when follow-up should be conducted and how often.

CONCLUSION

Training exercises and drills to prepare for active shooters or other armed assailants should be based on the specific needs and context of each school and community. It is critical that schools recognize that this type of drill is just one specific component of comprehensive crisis preparedness and response that includes prevention, protection, mitigation, response, and recovery. Schools should consider the most cost-effective method of preparing students and staff for an active shooter situation while balancing the physical and psychological risks associated with such drills.

SUSPENSION AND EXPULSION POLICY AND PROCEDURES

Suspension and Expulsion Policy and Procedures

Amended: *May 5, 2009,* February 16, 2022, *December 7, 2022, June 22, 2023, February 28,2024, June 26, 2024, February 27, 2025*

This Student Suspension and Expulsion Policy and Procedures has been established by the Board of Directors of Altus Schools Southern California in order to promote learning and protect the safety and well-being of all students at the following schools: Altus Schools Coachella Valley, Altus Schools East County, Altus Schools Mirus, Altus Schools North County, Altus Schools South Bay, Audeo Charter School II, and Audeo Valley Charter School (hereinafter collectively referred to as "Charter School").

In adopting this policy, the Charter School has reviewed Education Code Section 48900 *et seq*. which describe the offenses for which students at noncharter schools may be suspended or expelled and the procedures governing those suspensions and expulsions in order to establish its list of offenses and procedures for suspensions, expulsions and involuntary removal. The language that follows is largely consistent with the language of Education Code Section 48900 *et seq*. The Charter School is committed to annual review of policies and procedures surrounding suspensions, expulsions, and involuntary removals, and, as necessary, modification of the lists of offenses for which students are subject to suspension, expulsion, or involuntary removal.

Consistent with this Policy, it may be necessary to suspend or expel a student from regular classroom instruction. This shall serve as the Charter School's Policy and Procedures for student suspension, expulsion, and involuntary removal, and it may be amended from time to time without the need to seek a material revision of the charter so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary policies and procedures fairly and consistently among all students. This Policy and its Procedures will be printed and distributed annually as part of the Student Handbook which will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of the policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff, or other persons or to prevent damage to school property.

The Charter School administration shall ensure that students and their parents/guardians[1] are notified in writing upon enrollment of all discipline and involuntary removal policies and procedures. The notice shall state that this Policy and its Procedures are available on request from the School Coordinator. Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") will be subject to the same grounds for suspension and expulsion and will be accorded the same due process procedures applicable to general education students except when federal and state law requires additional or different procedures. The Charter School will follow all applicable federal and state laws including but not limited to the applicable provisions of the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian, and shall inform the student, and the student's parent/guardian, of the basis for which the student is being involuntarily removed and the student's parent/guardian's right to request a hearing to challenge the involuntary removal. If a student's parent/ guardian requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent/ guardian requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. Students may be involuntarily removed for reasons including, but not limited to, failure to comply with the terms of the student's independent study Master Agreement pursuant to Education Code Section 51747(c)(4).

[1] The Charter School shall ensure that a homeless child or youth's educational rights holder; a foster child or youth's educational rights holder, attorney, and county social worker; and an Indian child's tribal social worker and, if applicable, county social worker have the same rights as a parent or guardian to receive a suspension notice, expulsion notice, manifestation determination notice, involuntary transfer notice, involuntary removal notice, and other documents and related information. For purposes of this Policy and its Procedures, the term "parent/guardian" shall include these parties.

Procedures

A. Grounds for Suspension and Expulsion of Students

A student may be suspended or expelled for prohibited misconduct if the act is related to school activity or school attendance occurring at any time including but not limited to: a) while on school grounds; b) while going to or coming from school; c) during the lunch period, whether on or off the school resource center; d) during, going to, or coming from a school-sponsored activity.

B. Enumerated Offenses

1. Discretionary Suspension Offenses. Students may be suspended when the School Coordinator or designee determines the student:

a) Caused, attempted to cause, or threatened to cause physical injury to another person.

b) Willfully used force or violence upon the person of another, except self-defense.

c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053- 11058, alcoholic beverage, or intoxicant of any kind.

d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

e) Committed or attempted to commit robbery or extortion.

f) Caused or attempted to cause damage to school property or private property, which includes but it not limited to electronic files and databases.

g) Stole or attempted to steal school property or private property, which includes but is not limited to electronic files and databases.

h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes,

smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of his or her own prescription products by a student.

i) Committed an obscene act or engaged in habitual profanity or vulgarity.

j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

k) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases.

l) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

m) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

n) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

o) Engaged in or attempted to engage in hazing. For the purposes of this Policy, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this Policy, "hazing" does not include athletic events or school-sanctioned events.

p) Made terroristic threats against school officials and/or school property, which includes but is not limited to electronic files and databases. For purposes of this Policy, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the

person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for their own safety or for their immediate family's safety, or for the protection of school property, which includes but is not limited to electronic files and databases, or the personal property of the person threatened or their immediate family.

q) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this Policy, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This provision shall apply to students in any of grades 7 to 12, inclusive.

r) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in Education Code Section 233(e). This section shall apply to students in any of grades 7 to 12, inclusive

s) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This provision shall apply to students in any of grades 7 to 12, inclusive.

t) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

    i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of their age, or for a person of their age with exceptional needs)

or students in fear of harm to that student's or those students' person or property.

ii. Causing a reasonable student to experience a substantially detrimental effect on their physical or mental health.

iii. Causing a reasonable student to experience substantial interference with their academic performance.

iv. Causing a reasonable student to experience substantial interference with his or her ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

2) "Electronic Act" means the creation or transmission originated on or off the school site, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

i. A message, text, sound, video, or image.

ii. A post on a social network Internet Web site including, but not limited to:

(a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.

(b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.

(c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. "False profile" means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.

iii. An act of cyber sexual bullying.

(a) For purposes of this Policy, "cyber sexual bullying" means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph

or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

(b) For purposes of this Policy, "cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

u) A student who aids or abets, as defined in Penal Code Section 31, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (1)(a)-(b).

v) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the School Coordinator or designee's concurrence.

2. Non-Discretionary Suspension Offenses: Students must be suspended and recommended for expulsion when it is determined the student:

a) Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any device of this type, the student had obtained written permission to possess the item from a certificated school employee, with the School Coordinator or designee's concurrence.

b) Brandished a knife at another person.

c) Unlawfully sold a controlled substance listed in Health and Safety Code Section 11053, et seq.

d) Committed or attempted to commit a sexual assault as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 of former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4

3. Discretionary Expellable Offenses: Students may be recommended for expulsion when it is determined the student:

a) Caused, attempted to cause, or threatened to cause physical injury to another person.

b) Willfully used force or violence upon the person of another, except self-defense.

c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053- 11058, alcoholic beverage, or intoxicant of any kind.

d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

e) Committed or attempted to commit robbery or extortion.

f) Caused or attempted to cause damage to school property or private property, which includes but is not limited to, electronic files and databases

g) Stole or attempted to steal school property or private property, which includes but is not limited to, electronic files and databases

h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of their own prescription products by a student.

i) Committed an obscene act or engaged in habitual profanity or vulgarity.

j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

k) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases

l) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

m) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

n) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

o) Engaged in or attempted to engage in hazing. For the purposes of this Policy, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this Policy, "hazing" does not include athletic events or school-sanctioned events.

p) Made terroristic threats against school officials and/or school property, which includes but is not limited to, electronic files and databases For purposes of this Policy, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for their own safety or for their immediate family's safety, or for the protection of school property, which includes but is not limited to, electronic files and databases or the personal property of the person threatened or their immediate family.

q) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this Policy, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This provision shall apply to students in any of grades 7 to 12, inclusive.

r) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in Education Code Section 233 (e). This provision shall apply to students in any of grades 7 to 12, inclusive.

s) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This section shall apply to students in any of grades 7 to 12, inclusive.

t) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of his or her age, or for a person of his or her age with exceptional needs) or students in fear of harm to that student's or those students' person or property.

ii. Causing a reasonable student to experience a substantially detrimental effect on his or her physical or mental health.

iii. Causing a reasonable student to experience substantial interference with his or her academic performance.

iv. Causing a reasonable student to experience substantial interference with his or her ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

2) "Electronic Act" means the creation or transmission originated on or off the school site, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

i. A message, text, sound, video, or image.

ii. A post on a social network Internet Web site including, but not limited to:

(a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.

(b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or

has reasonably believed, that the student was or is the student who was impersonated.

(c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. "False profile" means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.

iii. An act of cyber sexual bullying.

(a) For purposes of this Policy, "cyber sexual bullying" means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

(b) For purposes of this Policy, "cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

u) A student who aids or abets, as defined in Penal Code Section 31, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (3)(a)-(b).

v) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the School Coordinator or designee's concurrence.

4. Non-Discretionary Expellable Offenses: Students must be recommended for expulsion when it is determined pursuant to the procedures below that the student:

a. Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the School Coordinator or designee's concurrence.

b. Brandished a knife at another person.

c. Unlawfully sold a controlled substance listed in Health and Safety Code Section 11053, et seq.

d. Committed or attempted to commit a sexual assault as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 of former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4.

If it is determined by the Administrative Panel and/or Board of Directors that a student has brought a firearm or destructive device, as defined in Section 921 of Title 18 of the United States Code, on to resource center or to have possessed a firearm or destructive device on campus, the student shall be expelled for one year, pursuant to the Federal Gun Free Schools Act of 1994. In such instances, the student shall be provided due process rights of notice and a hearing as required in this policy.

The Charter School will use the following definitions:

- The term "firearm" means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device. Such term does not include an antique firearm.

- The term "destructive device" means (A) any explosive, incendiary, or poison gas, including but not limited to: (i) bomb, (ii) grenade, (iii) rocket having a propellant charge of more than four ounces, (iv) missile having an explosive or incendiary charge of more than one-quarter ounce, (v) mine, or (vi) device similar to any of the devices described in the preceding clauses.

- The term "knife" means (A) any dirk, dagger, or other weapon with a fixed, sharpened blade fitted primarily for stabbing; (B) a weapon with a blade fitted primarily for stabbing; (C) a weapon with a blade longer than 3½ inches; (D) a folding knife with a blade that locks into place; or (E) a razor with an unguarded blade.

C. Suspension Procedure

Suspensions shall be initiated according to the following procedures:

1. Conference

Suspension shall be preceded, if possible, by a conference conducted by the School Coordinator or designee with the student and their parent/guardian and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the School Coordinator or designee.

The conference may be omitted if the School Coordinator or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against the student and shall be given the opportunity to present their version and evidence in their defense, in accordance with Education Code Section 47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. Penalties shall not be imposed on a student for failure of the student's parent or guardian to attend a conference with Charter School officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent or guardian at the conference.

2. Notice to Parents/Guardians

At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone, by email, or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student as well as the date and time when the student may return to school following the suspension. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Expulsion

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the

School Coordinator or designee, the student and the student's parent/guardian will be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student and the student's parent/guardian, unless the student and the student's parent/guardian fail to attend the conference.

This determination will be made by the School Coordinator or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

4. Homework Assignments During Suspension

In accordance with Education Code Section 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.
In accordance with Education Code Section 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

D. Authority to Expel

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled either by the neutral and impartial ASSC Board of Directors following a hearing before it, or by the neutral and impartial ASSC Board of Directors upon the recommendation of a neutral and impartial Administrative Panel to be assigned by the Board of Directors as needed. The Administrative Panel should consist of at least three members who are certificated and neither a teacher of the student nor a member of the ASSC Board of Directors. Each entity shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense, and the Board of Directors shall make the final determination.

E. Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the School Coordinator or designee determines that the student has committed an expellable offense and recommends the student for expulsion. In the event an Administrative Panel hears the case, it will make a recommendation to the ASSC Board of Directors for a final decision whether to expel. The hearing shall be held in a confidential setting (complying with all student confidentiality rules under the Family Educational Rights and Privacy Act (FERPA) unless the student makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian via email or other means at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing;
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based;
3. A copy of the Charter School 's disciplinary rules which relate to the alleged violation;
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at Charter School to any other school district or school to which the student seeks enrollment;
5. An explanation of the opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;
6. An explanation of the right to inspect and obtain copies of all documents to be used at the hearing;
7. An explanation of the opportunity to confront and question all witnesses who testify at the hearing;
8. An explanation of the opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

F. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

The Charter School may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Charter School or the hearing officer.

Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five days' notice of their scheduled testimony, (b) have up to two (2) adult support persons of their choosing present in the hearing at the time the complaining witness testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.

2. The Charter School must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.

3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which the complaining witness may leave the hearing room.

4. The entity conducting the expulsion hearing may also arrange seating within the hearing room to facilitate a less intimidating environment for the complaining witness.

5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.

6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany the complaining witness to the witness stand.

7. If one or both of the support persons is also a witness, the Charter School must present evidence that the witness' presence is both desired by the witness and will be helpful to the Charter School. The entity presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising their discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.

8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.

9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the student being expelled, the complaining witness shall have the right to have their testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.

10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstances can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

G. Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

H. Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Board or Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual

battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

I. Expulsion Decision

The determination of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board who will make a final determination regarding the expulsion. The Board of Directors shall make the final determination regarding the expulsion within ten (10) school days following the conclusion of the hearing or as soon as practicable. The decision of the Board is final. If the Administrative Panel decides not to recommend expulsion, or the Board of Directors ultimately decides not to expel, the student shall immediately be returned to their previous educational program.

The Board of Directors may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Board. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Board of Directors may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Board revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Board of Directors shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Board of Directors shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein.

J. Written Notice to Expel

The School Coordinator or designee following a decision of the Board to expel shall send written notice of the decision to expel, including the Board's adopted findings of fact, to the student and student's parent/guardian. This notice shall also include the following: a) Notice of the specific offense committed by the student; and b) Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the Charter School.

The School Coordinator or designee shall send a copy of the written notice of the decision to expel to the student's district of residence. This notice shall include the following: a) The student's name; and b) The specific expellable offense committed by the student.

K. Disciplinary Records

Charter School shall maintain records of all student suspensions and expulsions at the Charter School. Such records shall be made available to the authorizer upon request.

L. No Right to Appeal

The student shall have no right of appeal from expulsion from Charter School as the ASSC Board of Directors' decision to expel shall be final.

M. Expelled Students/Alternative Education

Students who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence. Charter School shall work cooperatively with parents/guardians as requested by parents/guardians or by the school district of residence to assist with locating alternative placements during expulsion.

N. Rehabilitation Plans

Students who are expelled from the Charter School shall be given a rehabilitation plan upon expulsion as developed by the Board of Directors at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the student may reapply to Charter School for readmission.

O. Readmission or Admission of Previously Expelled Students

The decision to readmit a student after the end of the student's expulsion term or to admit a previously expelled student from another school district or charter school who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board following a meeting with the School Coordinator or designee and the student and parent/guardian or representative to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school environment. The School Coordinator or designee shall make a recommendation to the Board of Directors following the meeting regarding their determination. The Board shall then make a final decision regarding readmission or admission of the student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The student's readmission is also contingent upon the Charter School 's capacity at the time the student seeks readmission or admission to the Charter School.

P. Notice to Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

Q. Removal Due to Noncompliance with Independent Study Requirements

In accordance with Education Code Section 51747 and the Charter School's Board policy on independent study, after two (2) missed assignments, an evaluation is held to determine whether it is in the best interest of the student to remain in independent study. If it is determined that it is not in the student's best interest to remain in independent study, the Charter School may involuntarily remove the student after the Charter School follows the requirements of the Missed Assignment Policy and only after providing notice and an opportunity for a parent, guardian, educational rights holder to request a hearing prior to any involuntary removal as forth herein. Students who are involuntarily removed for noncompliance shall be given a rehabilitation plan and shall be subject to the readmission procedures set forth herein.

R. Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities

1. Notification of SELPA

The Charter School shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student that the Charter School or the SELPA would be deemed to have knowledge that the student had a disability.

2. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, Charter School , the parent/guardian, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents/guardian to determine:

a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If the Charter School, the parent/guardian, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If the Charter School, the parent/guardian, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

c. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;

d. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and

e. Return the child to the placement from which the child was removed, unless the parent/guardian and Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If the Charter School , the parent/guardian, and relevant members of the IEP/504 team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent/guardian of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or Charter School, the student shall

remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 USC Section 1415(k), until the expiration of the forty-five (45) daytime period provided for in an interim alternative educational setting, unless the Parent/guardian and Charter School agree otherwise.
In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, the parent/guardian or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

5. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The School Coordinator or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

a. Carries or possesses a weapon, as defined in 18 USC 930, to or at school, on school premises, or to or at a school function;

b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or

c. Has inflicted serious bodily injury, as defined by 20 USC 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated the Charter School 's disciplinary procedures may assert the

procedural safeguards granted under this administrative regulation only if the Charter School had knowledge that the student was disabled before the behavior occurred.

Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.

b. The parent/guardian has requested an evaluation of the child.

c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If the Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If the Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. The Charter School shall conduct an expedited evaluation if requested by the parents; however, the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.

The Charter School shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

Child Abuse Reporting Procedures

All Altus Schools Coachella Valley certificated teachers, classified employees, and administrators are required to report suspected child abuse. An in-service, which provides awareness and training, will be given annually to Altus Schools Coachella Valley employees.

As stated in the California Penal Code, Section 11164-11174.3, "Mandated reporters shall make an initial report to the agency immediately or as soon as is practicably possible by telephone and the mandated reporter shall prepare and send, fax, or electronically submit a written follow-up report thereof within 36 hours of receiving the information concerning the incident."

A report may be done for any reason. The criterion is that a **reasonable** suspicion of an abuse/neglect situation either has occurred and/or exists. Each staff member is a mandated reporter. A report may not receive immediate action if it is a non-emergency situation. However, it will add to the documentation should other events occur.

Discuss **ALL** situations at the time of occurrence with the School Coordinator or designee.

If it is unsafe for the student to leave/go home, please call the local police department for further assistance and instructions.

If the staff and/or student(s) are threatened or in danger, call 911 immediately.

Instructions for filing a Suspected Child Abuse Report

1. Call the Child Abuse Hotline first (1-800-442-4918 or 1- 877-922-4453) to make a verbal report to the agency immediately or as soon as is practicably possible by telephone. Please be sure to get the name of the hotline worker. Within 36 hours after providing verbal report, follow up with a written report.

2. The correct form for either the written or fax report is DOJ SS8572. This form may be downloaded from the California Attorney General's Website at www.ag.ca.gov/childabuse/pdf/ss_8572.pdf or obtain a copy from the School Nurse or School Coordinator.

3. Please complete every space on the SS8572 form. If you do not know certain requested information, write unknown.

4. Please type or print legibly in black ink to avoid a time-consuming callback.

5. "Narrative" -Please give detailed information. If you have additional information beyond what you have given by phone, please indicate this on the written report. If necessary, please continue your narrative on an additional sheet of paper, identifying the minor and indicating it is page 2 of the referral.

DISTRIBUTION OF WRITTEN SS8572 FORM AFTER HOTLINE CALL HAS BEEN PLACED:

1. Original to Children's Services at 48-133 Jackson Street, Indio, CA 92201
2. Send a copy to the School Coordinator to place in a confidential locked file.

NOTE: Suspected Child Abuse Reports are never placed in the student's cumulative record or documented in the student's health record.

I. REPORTING RESPONSIBILITIES

• No child-care custodian or health practitioner reporting a suspected instance of child abuse in good faith shall be civilly or criminally liable for any report required or authorized by this article (California Penal Code Article 2.5). Any other person reporting an instance of child abuse shall not incur civil or criminal liability as a result of any report authorized by this section unless it can be proved that a false report was made, and the person knew or should have known that the report was false.

• Any child care custodian, health practitioner, or employee of the child protective agency (CPS) who has knowledge of or has observed a child in his or her professional capacity or within the scope of his other employment whom he or she reasonably suspects has been the victim of child abuse shall report such suspected instance of child abuse to a child protective agency immediately or as soon as practically possible by telephone and shall prepare and send a written report or fax report there of within 36 hours of receiving the information concerning the incident.

• Any child-care custodian, health practitioner, or employee of a child protective agency who has knowledge of or who reasonably suspects that mental suffering has been

inflicted on a child or its emotional well-being is endangered in any other way, may report such suspected
instances of child abuse to a child protective agency. Infliction of willful and unjustifiable mental suffering must be reported.

II. DEFINITIONS

Notification to Staff of Dangerous Students

a. The administration will inform the School Coordinator of information received from the court and the Probation Department. The Altus Schools Coachella Valley School Coordinator shall disseminate the information to those teachers directly supervising or reporting on the behavior or progress of the student for the purpose of working with the student in an appropriate fashion, to avoid being needlessly vulnerable or to protect other persons from needless vulnerability.

b. Any information received by a teacher and administrator shall be confidential for the limited purpose of rehabilitating the student and protecting students and staff, and shall not be disseminated further by the teacher, counselor, or administrator except insofar as communication with the student, his/her parents/guardians, law enforcement personnel, and the student's probation officer is necessary to effectuate the student's rehabilitation or to protect students and staff. Unlawful dissemination of such information is a misdemeanor.

c. Any information received from the court shall be kept in a separate confidential file at the school of attendance and shall be transferred to the student's subsequent schools of attendance and maintained until the student graduates from high school, is released from juvenile court jurisdiction, or reaches the age of 18, whichever occurs first.

d. After the student graduates from high school, is released from juvenile court jurisdiction, or reaches the age of 18, the confidential record shall be destroyed.

Anti-Discrimination and Harassment Policy

Altus Schools Coachella Valley is committed to equal opportunity for all individuals in education. School programs and activities shall be free from discrimination based on sex, race, color, religion, sexual orientation, national origin, physical or mental disability or any other unlawful consideration. Altus Schools Coachella Valley shall promote programs which ensure that discriminatory practices are eliminated in all school activities and will take steps to assure that the lack of English will not be a barrier to admission and participation in school programs.

Any student who engages in discrimination of another student or anyone from Altus Schools Coachella Valley may be subject to disciplinary action up to and including expulsion. Any employee who permits or engages in discrimination may be subject to disciplinary action up to and including dismissal.

Any student or parent who feels that discrimination has occurred should immediately contact a teacher or the School Coordinator at (760) 947-7089 for resolution. If not resolved, contact: The President of the Board, 10170 Huennekens Street, San Diego, CA 92121; (858) 678-2020.

School-Wide Dress Code

In order to establish and maintain a safe and productive environment, students are expected to wear appropriate clothing and footwear to the resource center. Students who are not wearing appropriate clothing, parents/guardians will be notified and students will be asked to change or sent home. Unacceptable dress includes, in part, the following:

- Pants sagging below the waist
- Beachwear or sleepwear, including bedroom slippers
- Shorts/skirts that are above mid-thigh
- Tube tops, backless shirts, see-through garments, shirts that show the midriff, muscle tank tops, and clothing that would be considered revealing and/or a distraction to the learning environment
- Visible undergarments (including boxer shorts, bras, etc.)
- Clothing that promotes alcohol, drugs, tobacco, or other controlled substances
- Clothing that uses vulgar/profane language and/or images
- Head coverings such as, hats, bandanas, beanies, or do-rags

Loitering Law Compliance

ALTUS SCHOOLS COACHELLA VALLEY

SY 2025-2026

Daytime Loitering of Students in Public Places on School Days

Students who are subject to compulsory education must comply with the daytime loitering laws of their community. General guidelines are below, however, may differ slightly among communities.

- On days and times when schools are open (generally between 8:30 a.m. and 2:30 p.m.) students are not permitted to be in a public place unless accompanied by a parent or responsible adult guardian.
- On scheduled school days, students may travel to and from school without parental or guardian accompaniment.
- Students who do not comply with the local ordinances may be issued a citation or be subject to more severe consequences if multiple violations occur.

Responsibility of parents, guardians, etc._It is unlawful for the parent, guardian or other adult person having the care and custody of a juvenile to knowingly permit or by insufficient control allow the juvenile to be in violation local loitering laws.

Law Enforcement Procedures *may include*:

- Upon violation of the loitering ordinance, a peace officer may issue a citation to the juvenile and may transport the juvenile home or to the school from which the juvenile is absent. If cited, the juvenile and a parent may appear in court as directed in the citation. The parents will be warned of their responsibility and liability as the juvenile's parents/guardians.
- If a parent/guardian has been previously warned, a peace officer may issue a citation for an infraction to the parent/guardian to appear in court.
- When a parent/guardian has previously been issued a citation for an infraction, upon any subsequent violation by a parent, a peace office may issue a citation for a misdemeanor to the parent to appear in court.

Exceptions *may include*:

- A minor who is accompanied by his or her parent, legal guardian, or other adult person having care or custody of the minor.

- Students who have permission to leave school campus for school related activity and have in their possession a valid school-issued written notice by a school official, but only for a reasonable period of time necessary for the activity.
- A minor who is going to or coming from his or her gainful place of employment or medical or dental appointment with verification of said employment or appointment.
- A minor who is upon an emergency errand directed by his/her parents, guardian or other adult person having the care and custody of the minor.
- A minor who is going directly to or from a school sponsored event or activity such as a sporting event, field trip, or other such school activity.

Definitions

- "Adult" means any person twenty-one (21) years of age and older.
- "Emergency" includes but is not limited to fire, natural disaster, automobile accident, or requirement for immediate medical care for another person.
- "Establishment" means any privately- owned place of business operated for a profit to which the public is invited, including but not limited to any place of amusement or entertainment.
- "Juvenile" means any person under eighteen (18) years of age.

Going To and From Resource Center Safely

Everyday millions of children take to the streets and roadways to get to and from school. They walk, ride their bicycles, take buses, and arrive in vehicles with one purpose — getting to and from school safely. It is important for Altus Schools Coachella Valley students to understand safety guidelines and tips to follow to ensure their safety to and from the resource center. The following safety tips are reviewed annually with Altus Schools Coachella Valley students and parents to help prepare all Altus Schools Coachella Valley students for a safer journey.

1. Every Altus Schools Coachella Valley student will have set schedule for arrival and departure from the resource center. When a student fails to arrive for their appointment and has not notified the resource center for the absence, his or her teacher will call home to ensure the student is safe.

2. Every student, parent or guest is required to sign-in and out each time they arrive and depart the resource center. Students, parents, and guests will have designated staff members to sign-in and out with.

3. All students will be given an official school issued photo identification card annually. Students will be required to keep the identification card on their person each time they travel to and from the resource center.

4. Students will be encouraged to always TAKE A FRIEND when walking or riding his or her bike to and from the resource center. Students should walk and ride in well-lit areas and never take shortcuts. When walking and biking students should stay aware of their surroundings and observe all traffic rules in place to more safely share the roads and sidewalks with others.

5. Parents will be encouraged to walk the route to and from resource center with their children pointing out landmarks and safe places to go if they're being followed or need help. Making a map with their students and showing acceptable routes to the resource center, using main roads, and avoiding shortcuts and isolated areas is encouraged. A map will be a good guide for students who may need help finding their way.

6. If a student takes public transportation (i.e. city bus) to and from the resource center, parents will be encouraged to visit the bus stop with their student and

learn the bus number. This will avoid confusion for the student about knowing which bus to ride.

7. In the event anyone bothers a student while going to or from the resource center, students will be taught to get away from that person, and **TELL** a **resource center** staff member, parent, or another trusted adult. If an adult approaches a student for help or directions, students will be trained that grownups needing help should not ask children for help; they should ask other adults.

8. Students will be directed that if anyone they don't know or a person who confuses, scares, or makes them feel uncomfortable offers a ride, say NO. Students should never hitchhike. Also, students should never accept a ride from anyone unless a parent has told them it is OK to do so in each instance.

9. Students will be directed that if anyone follows them on foot to get away from him or her as quickly as possible. If anyone follows them in a vehicle they should turn around, go in the other direction, and try to quickly get to a spot where a trusted adult may help them. Students will be advised to **TELL** a resource center staff member, parent, or another trusted adult what happened.

10. Students will be taught that if anyone tries to take them somewhere, they should quickly get away and yell, "This person is trying to take me away" or "This person is not my father/mother/guardian." If anyone tries to grab them, they will be taught to make a scene and every effort to get away by kicking, screaming, and resisting.

11. Students will be taught to never leave the resource center with anyone they don't know. They should always **CHECK FIRST** with a resource center staff member, parent, or another trusted adult. If anyone tells them there is an emergency and they want the student to go with them, the students should always **CHECK FIRST** before doing anything. Students will be taught to make sure they understand to **TELL** a trusted adult if they notice anyone they don't know hanging around the resource center.

12. Parents are encouraged to practice these safety tips with their student to make certain they really know and understand them. Make the walk to and from the resource center a "teachable moment" and chance to put their skills to the test.

Safe Ingress and Egress Procedures

All Altus Schools Coachella Valley staff and students shall review resource center evacuation procedures including primary/alternate routes and assembly areas, assigned responsibilities, and actions to take as posted on the resource center. If there is a need for evacuation from the resource center, the following procedures are as follows:

- Students and staff calmly evacuate the building to designated assembly area (alternate route if primary area is closed) as displayed on posted resource center evacuation plan
- Designated staff take along emergency release binder, student sign-in sheets, emergency materials specified in disaster preparedness plan
- Using student sign-sheets, staff verifies presence of all students and staff
- Staff contacts appropriate emergency units
- Staff keeps students in assembly area until further instructions are received from the EOT. No one shall reenter the building for any reason until official ALL CLEAR signal is given
- Once the ALL CLEAR is given, School Coordinator or designee reenters building to ensure that it is safe and secure
- Staff and students reenter building and resume instructional/administrative activities

If the building is not safe to reenter, the reunification procedures are required:

- Staff will notify parent/guardians regarding emergency situations and procedures for verification and release of students
- When parent/guardian or designee arrives, staff will verify identity of parent/guardian or designee based on emergency release forms
- Parent/Guardian will sign form verifying that student is being released to them
- Staff will maintain documentation to ensure accountability of all students

Ensuring a Safe and Orderly Environment

Altus Schools Coachella Valley is and will remain a safe place for students and adults.

Altus Schools Coachella Valley staff believes that a positive climate is required if effective teaching and learning is to take place. We expect students, assisted by their parents, to meet the appointments agreed to in the Master Agreement. We expect students to complete high- quality work at the rate of one credit per month. We will make every effort to keep parents informed about the student's progress and behavior.

Discipline Procedures

All parents and students are asked to carefully read and sign the positive school discipline plan upon enrolling:

SCHOOL RULES/DISCIPLINE

- Attend RC according to the schedule on the master agreement, arrive on time and return directly home after each appointment.
- Complete ALL assignments as scheduled.
- Participate in resource center activities.
- Respect the authority of ALL ADULTS at Altus Schools Coachella Valley.

SEVERE CLAUSE BYPASSES

A majority of students at Altus Schools Coachella Valley will maintain acceptable standards, but a small percentage will find it difficult to follow our procedures. The following offenses will require immediate action:

Fighting/open rebellion
Defiance/unprovoked attack
Stealing
Profanity, Vulgarity, or Obscene Acts
Possession or use of drugs or alcohol
Smoking
Vandalism
Severely inappropriate behavior

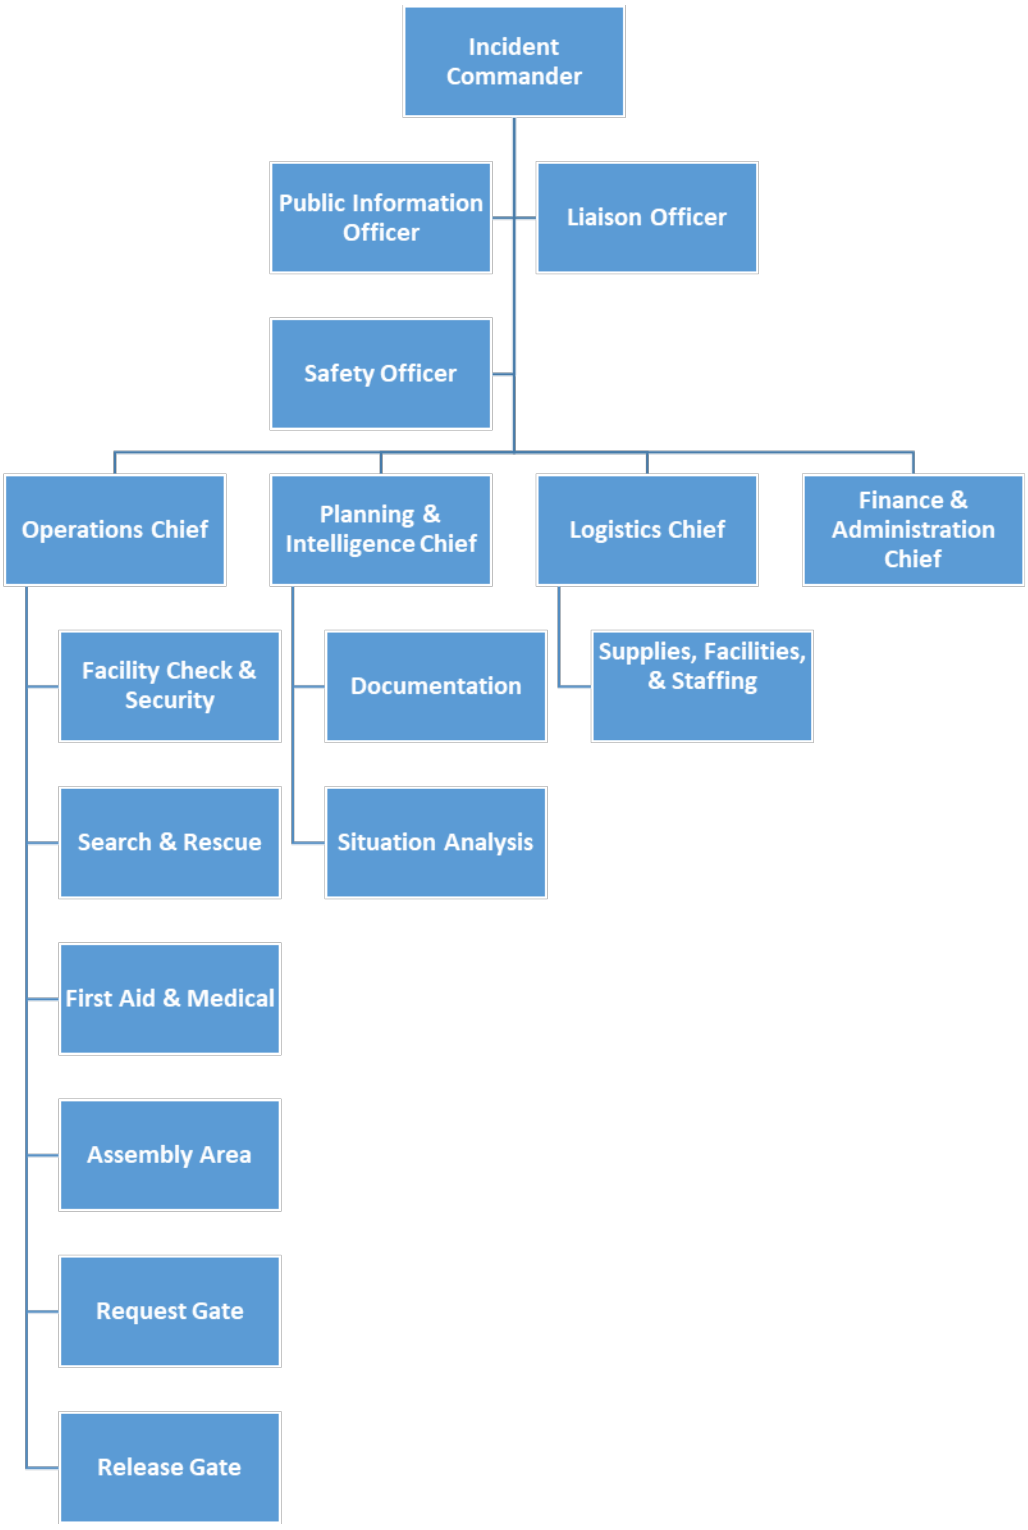
PARENT RESPONSIBILITIES

Attendance

- Ensure that students get to their scheduled appointment on time. Contact teacher if this is not possible to arrange an alternate time.
- Follow up to make sure your student is doing high quality work according to scheduled dates.
- Arrange for your student to attend appropriate workshops, seminars and field trips.
- Meet with staff when requested.

PARENTS' ROLE IN DISCIPLINE AND BEHAVIOR

Parents are expected to cooperate with resource center staff in maintaining and encouraging proper standards of behavior for their children. The following points may prove helpful:



- Instill in your child a sense of responsibility for what he/she says and does.
- Help him/her to solve conflicts in a peaceful manner.
- Review your own attitude about discipline and behavior.
- Make sure you communicate with the resource center to learn necessary facts and expected behavior.
- As a role model for your child, show respect for learning and the necessity for completing an education.

Section: Command
Position: Incident Commander

Primary: School Coordinator

Alternate: Director of Operations and Technology

Reports to: **Superintendent (or designee)**

Staffing
Characteristics: School Coordinator or Administrator

Responsibility: The Incident Commander is solely responsible for emergency and disaster operations and shall remain at the Command Post to observe and direct all operations. Ensures the safety of students, staff and others in the resource center.

Lead by example: your behavior sets tone for staff and students.

Special Equipment:

- Crisis Response Boxes
- Emergency Disaster Kit
- Resource Center map
- Master keys
- Position-Specific forms
- AM/FM radio (battery)
- Command Post Tray (pens, etc.)
- Emergency Plan
- Tables & chairs (if Command Post is outdoors)
- Job Description Clipboards
- Bull horn
- Staff rosters (2 sets)
- Emergency radio
- Copies of Forms

Start-Up:

- Assess type and scope of emergency.
- Determine threat to human life and structures.
- **Implement Emergency Plan and School Emergency Procedures.**
- Develop and communicate an Incident Action Plan with objectives and a time frame to meet those objectives.
- Activate functions (assign positions) as needed.
- Fill in Incident Command Team Assignment Form as positions are staffed.
- Appoint a backup or alternate Incident Commander in preparation for long-term operations.

During Event:

- Continue to monitor and assess total resource center situation:
- View resource center map periodically for Search & Rescue progress and damage assessment information.
- Check with chiefs for periodic updates.
- Reassign personnel as needed.
- Report through Communications to the Sorrento Mesa RC on status of staff, resource center as needed. (Resource Center Status Report)
- Develop and communicate revised incident action plans as needed.
- Authorize release of information.
- Utilize your back up; plan and take regular breaks, 5-10 minutes each hour, relocate away from the CP.
- Plan regular breaks for all staff and volunteers. **Take care of your caregivers!**
- Release staff as appropriate per school guidelines. By law, during a disaster, the staff will become "Disaster Service Workers."
- Remain on and in charge of your resource center until redirected or released by the Superintendent.

After:

- Authorize deactivation of sections or units when they are no longer required.
- At the direction of the Superintendent, deactivate the entire emergency response. If the Fire Department or

other outside agency calls an “All Clear,” contact the Sorrento Mesa RC before taking any further action.

- Ensure that any open actions not yet completed will be taken care of after deactivation.
- Ensure the return of all equipment and reusable supplies to Logistics.
- Close out all logs. Ensure that all logs, timekeeping records, reports, and other relevant documents are completed and provided to the Documentation Unit.
- Proclaim termination of the emergency and proceed with recovery operations if necessary.

Section: Command
Position: Safety Officer

Primary: School Nurse

Alternate: Curriculum and Professional Development Coordinator

Reports To: **Incident Commander**

Staffing Characteristics: **It is common for the Incident Commander to carry out these duties. A separate position checklist is here in the event the Incident Commander needs to assign the duties to another individual.**

Responsibility: The Safety Officer ensures that all activities are conducted in as safe a manner as possible under the circumstances which exist.

Special Equipment:

- Hard hat (if available)

During Event:

- Monitor drills, exercises, and emergency response activities for safety.
- Identify and mitigate safety hazards and situations.
- Stop or modify all unsafe operations.
- Ensure that responders use appropriate safety equipment.
- Think ahead and anticipate situations and problems before they occur.
- Anticipate situation changes, such as severe aftershocks, in all planning.
- Keep the Incident Commander advised of your status and activity and on any problem areas that now need or will require solutions.

Section: Command
Position: Public Information Officer

Primary: Data and Assessment Coordinator

Alternate: School Nurse

Reports To: **Incident Commander**

Staffing Characteristics: **It is common for the Incident Commander or the School's Communications Team to carry out these duties. A separate position checklist is here in the event the Incident Commander needs to assign the duties to another individual.**

Responsibility: Staff, students, parents and the public have the right and need to know important information related to emergencies/disaster at the resource center ***as soon as it is available.***

The Public Information Officer acts as the official spokesperson for the resource center in an emergency situation. If the School's Communications Officer is available, he/she will be the official spokesperson. A resource center-based Public Information Officer should only be used if the media is in the resource center and the School's Communications Officer is not available or forthcoming.

Special Equipment:

- Battery operated AM/FM radio
- Marking pens
- Scotch tape/masking tape
- Forms:
  - Public Information Release Worksheet
  - School Accountability Report Card
- Scissors
- Resource Center map(s) and area map(s):
  - 8-1/2 x 11 handouts
  - Laminated display

- Tape recorder and tapes

Start-Up Activities:

- Determine a possible "news center" location as a media reception area (located away from the Command Post and students). Get approval from the Incident Commander.
- Identify yourself as the "Public Information Officer" (vest, visor, sign, etc.)
- Consult with School's Communications Officer to coordinate information release.
- Assess situation and obtain statement from the Incident Commander. Tape-record, if possible.
- Advise arriving media that the resource center is preparing a press release and approximate time of its issue.
- Open and maintain a position log of your actions and all communications. If possible, tape media briefings. Keep all documentation to support the history of the event.

During Event:

- Keep up-to-date on the situation.
- Statements must be approved by the Incident Commander and should reflect:
  - Reassurance — EGBOK — "Everything's Going to Be OK."
  - Incident or disaster cause and time of origin.
  - Size and scope of the incident.
  - Current situation — condition of resource center, evacuation progress, care being given, injuries, student release location, etc. Do not release any names.
  - Resources in use.
  - Best routes to resource center if known and appropriate.
  - Any information school wishes to be released to the public.
  - **Read** statements if possible.
- When answering questions, be complete and truthful, always considering confidentiality & emotional impact.

Avoid speculation, bluffing, lying, talking "off the record," arguing, etc. Avoid use of the phrase "no comment."

- **Remind resource center staff volunteers to refer *all* questions from media or waiting parents to the PIO.**
- Update information periodically with Incident Commander.
- Ensure announcements and other information is translated into other languages as needed.
- Monitor news broadcasts about incident. Correct any misinformation heard.

Section: Command
Position: Liaison Officer

Primary: Curriculum and Professional Development Coordinator

Alternate: School Coordinator

Reports to: **Incident Commander**

Staffing Characteristics: **It is common for the Incident Commander to carry out these duties. A separate position checklist is here in the event the Incident Commander needs to assign the duties to another individual.**

Responsibility: The Liaison Officer serves as the point-of-contact for Agency Representatives from assisting organizations and agencies outside the school and assists in coordinating the efforts of these outside agencies by ensuring the proper flow of information.

During Event:

- Brief Agency Representatives on current situation, priorities and incident action plan.
- Ensure coordination of efforts by keeping Incident Commander informed of agencies' action plans.
- Provide periodic update briefings to Agency Representatives, as necessary.

Section: Operations
Position: Operations Chief

Primary: Director of Operations and Technology

Alternate: Budget and Financial Analyst

Reports to: **Incident Commander**

Staffing Characteristics: The Operations Chief should be a staff member familiar with the resource center and be trained in response skills.

Responsibility: The Operations Chief manages the direct response to the disaster, which can include resource center Facility Check & Security Unit, Search & Rescue Unit, and First Aid & Medical Unit.

Special Equipment:

- Search & Rescue equipment
- Maps: See Crisis Response Box

During Event:

- Assume the duties of all operations positions until staff is available and assigned.
- As staff is assigned, brief them on the situation and supervise their activities, utilizing the position checklists.
- If additional supplies or staff is needed for the Operations Section, notify Logistics. When additional staff arrives, brief them on the situation, and assign them as needed.
- Coordinate Search & Rescue operations. Appoint Search & Rescue Team Leader to direct their operations, if necessary.
- As information is received from operations staff, pass it on to Situation Analysis and/or the Incident Commander.
- Inform the Incident Commander regarding tasks and priorities.

- Make sure that Operations staff is following standard procedures, utilizing appropriate safety gear, and documenting their activities.
- Schedule breaks and reassign Operations staff within the section as needed.

Section: Operations
Position: Facility Check & Security

Primary: Teacher 1

Alternate: Resource Center Safety Lead

Reports to: **Operations Chief**

Staffing Characteristics: Building Safety Supervisor or others familiar with the resource center's facilities.

Responsibility: Controls utilities, restricts access to unsafe areas and communicates damage to the Incident Commander. Also assists with traffic control for public safety vehicles, parent pick-up and the media.

Special Equipment:

- Hard hat

During Event:

- As you do the following, observe the resource center and report any damage by radio to the Command Post*
- Lock or open gates and major external doors appropriate for the situation.
- Locate/control/extinguish small fires as necessary.
- Check gas meter and, ***if gas is leaking,*** shut down gas supply.

- Shut down electricity only if building has clear structural damage or advised to do so by Command Post.
- Post yellow caution tape around damaged or hazardous areas.
- Verify that resource center is “locked down” and report same to Incident Command Post.
- Advise Incident Command Post of all actions taken for information and proper logging.
- Be sure that the entire resource center has been checked for safety hazards and damage.
- No damage should be repaired prior to full documentation, such as photographs and video evidence, unless the repairs are essential to immediate life-safety.
- Direct traffic of vehicles of parents, public safety, and media on and outside the resource center as appropriate.

Section: Operations
Position: Search & Rescue Team Leader

Primary: Resource Center Safety Leads

Alternate: Safety Ambassador

Reports to: **Operations Chief**

Staffing Characteristics: Trained in Search & Rescue

Responsibility: Check the resource center for damage, rescues victims, establishes and directs Search & Rescue Teams as needed, reports resource center situation to the Operations Chief.

Special Equipment:

- Search & Rescue Team Member Backpack

Start-Up Activities:

- **You must be wearing sturdy shoes and long sleeves.**
- Put batteries in flashlight.
- First to arrive assumes role of Team Leader and obtains a briefing from the Operations Chief, noting known fires, injuries, or other situations requiring response.
- **Teams should be assigned based on available manpower, minimum 2 persons per team. The recommendation is for the following standards for establishing Search & Rescue Teams: Elementary School and Administrative Facilities with <500 = 2 Teams; Middle Schools and Administrative Facilities with 500-1000 = 4 Teams; and Senior High School and Administrative Facilities with >1000 = 6 Teams**

During Event:

- **Buddy system: Minimum of 2 persons per team.**

- Take no action that might endanger you. Do not work beyond your expertise. Use appropriate safety gear. Size up the situation first.
- **Follow all operational and safety procedures.**

- Report gas leaks, fires, or structural damage to Command Post immediately upon discovery. Shut off gas or extinguish fires, if possible.
- Before entering a building, inspect complete exterior of building. Report structural damage to team leader. Use yellow caution tape to barricade hazardous areas. **Do not enter severely damaged buildings.**
- If building is safe to enter, search assigned area (following map) using orderly pattern. Check all rooms. Use chalk or grease pencil to mark slash on door when entering room. Check under desks and tables. Search visually and vocally. Listen. When leaving each room, close slash to form "X" on door. Report by radio to Command Post that room has been cleared (ex: "Room A-123 is clear")*
- When injured victim is located, team transmits location, number, and condition of injured to Command Post. Do not use names of students or staff. Follow directions from Command Post.
- Record exact location of damage and triage tally (I=immediate, D=delayed, DEAD=dead) Report information.
- Keep radio communication brief and simple. No codes.

Section: Operations
Position: Search & Rescue Team

Primary: Safety Ambassadors

Alternate: School Coordinator

Reports to: **Search & Rescue Team Leader**

Staffing Characteristics: Trained in Search & Rescue

  - Tags
  - Vicks Vapor Rub
  - Pens/Pencils
  - Plastic tarps
  - Plastic trash bags
  - Stapler
  - Duct tape
  - 2" cloth tape

Start-Up Activities:

- Establish scope of disaster with the Incident Commander and determine probability of outside emergency medical support and transport needs.
- Request assistance from the School Crisis Response Team for psychological staff and student needs

- Make personnel assignments. If possible, assign a minimum of two people to Triage, two to Immediate, two to Delayed, and two to Psychological.
- Set up First Aid & Medical Treatment Area in a safe place, away from students and parents, with access to emergency vehicles. Obtain equipment/supplies from the container.
- Assess available inventory of supplies & equipment.
- Review safety procedures and assignments with personnel.
- Establish point of entry ("triage") into treatment area.
- Establish "immediate" and "delayed" treatment areas.
- Set up a separate Psychological First Aid area with staff trained in CISM from the School Crisis Response Team.
- Establish the need for a temporary morgue. If a morgue is needed, establish an appropriate location in consideration of the following:
- If directed, set up morgue area. Verify:
  - Tile, concrete, or other cool floor surface
  - Accessible to Coroner's vehicle
  - Remote from assembly area
  - Security: keep unauthorized persons out of morgue.
  - Maintain respectful attitude.

During Event:

- Oversee care, treatment, and assessment of patients
- Ensure caregiver and rescuer safety
  - Latex gloves for protection from body fluids; replace with new gloves for each new patient.

- Provide personnel response for injuries in remote locations or request Logistics for staffing assistance.
- If needed, request additional personnel from Logistics.
- Brief newly assigned personnel.
- Report deaths immediately to Operations Chief.
  - **After pronouncement or determination of death:**
  - ***Do not*** move the body until directed by Command Post.
  - ***Do not*** remove any personal effects from the body. Personal effects must remain with the body ***at all times.***

- As soon as possible, ***notify the Operations Chief***, who will notify the Command Post, who will attempt to notify law enforcement authorities of the location and, if known, the identity of the body. The law enforcement authorities will notify the Coroner.
- Keep accurate records and make available to law enforcement and/or the Coroner when requested.
- Write the following information on two tags:
  - Date and time found.
  - Exact location where found.
  - Name of decedent, if known.
  - If identified—how, when, by whom.
  - Name of person filling out tag.
  - Attach one tag to body.
  - If the Coroner's Office will not be able to pick up the body soon, place body in plastic bag(s) and tape securely to prevent unwrapping. Securely attach the second tag to the outside of the bag. Move body to morgue.
- Place any additional personal belongings found in a separate container and label as above. Do not attach to the body—store separately near the body.
- Keep Operations Chief informed of overall status.

- Set up morgue, if necessary, in cool, isolated, secure area; follow guidelines.
- Stay alert for communicable diseases and isolate appropriately.

After:

- Conduct a Critical Incident Stress Debriefing for staff.

Section: Operations
Position: First Aid & Medical Team

Primary: School Nurse

Alternate: Safety Ambassadors

Reports to: **First Aid & Medical Team Leader**

Staffing Characteristics: Trained in first aid and CISM

Responsibility: Works with a buddy to administer first-aid and arrange for transport of victims as necessary.

Special Equipment:

- First-aid supplies
- Marking pens
- Stretchers, blankets, vests (if available)
- Quick reference medical guides
- Tables, chairs, ground cover/tarps, medication from the Health Team
- Forms: Notice of First Aid Care Given Form, First Aid & Medical Treatment Victim Log

Start-Up Activities:

- Obtain & wear personal safety equipment including latex gloves.
- Use approved safety equipment and techniques.
- Check with First Aid & Medical Team Leader for assignment.

During Event:

- Administer appropriate first aid.
- **Keep accurate records of care given**.
- Continue to assess victims at regular intervals.
- Report deaths immediately to First Aid & Medical Team Leader.
- If & when transport is available, do final assessment and document on triage tag. Keep and file records for reference—**do not send with victim.**

- Student's Emergency Card must accompany student removed from resource center to receive advanced medical attention. Send emergency out-of-area phone number if available.

Triage Entry Area:

- Staffed with minimum of 2 trained team members, if possible.
- One member confirms triage tag category (red, yellow, green) and directs to proper treatment area. Should take 30 seconds to assess — no treatment takes place here. Assess, if not tagged.
- Second team member logs victims' names on form and sends forms to Incident Command Post as completed.

Treatment Areas ("Immediate" & "Delayed")

- Staff with minimum of 2 team members per area, if possible.
- One member completes secondary head-to-toe assessment.
- Second member records information on triage tag and resource center treatment records.
- Follow categories: Immediate, Delayed, Dead
- When using 2-way radio, do not use names of injured or dead.

After:

- Clean up First Aid & Medical Treatment Area. Dispose of hazardous waste safely.
- Assist in the Critical Incident Stress Debriefing for the staff

Section: Operations
Position: Assembly Area

Primary: School Coordinators

Alternate: Data and Assessment Coordinator

Reports to: **Operations Chief**

Staffing Characteristic: Trained in managing large groups of students

Responsibility: Ensure the care and safety of all students in resource center (except those who are in the First Aid & Medical Treatment Area).

Special Equipment:

- Ground cover and tarps
- First aid kit, water, food, sanitation supplies
- Student activities: books, games, coloring books, etc.
- Forms:
  - Student Accounting Form
  - Notice of First Aid Care Given Form

Start-Up Activities:

- Request additional personnel, if needed.
- If resource center is evacuating:
  - Verify that the assembly area and routes to it are safe.
  - Count or observe the resource center as they exit, to make sure that all evacuates.

During Event:

- Monitor the safety and well-being of the students and staff in the Assembly Area.
- Administer minor first aid as needed.
- Support the Release Gate Unit process by releasing students with appropriate paperwork.
- When necessary, provide water and food to students and staff.

- Make arrangements for portable toilets if necessary, ensuring that students and staff wash their hands thoroughly to prevent disease.
- Make arrangements to provide shelter for students and staff.
- Arrange activities and keep students reassured.
- Update records of the number of students and staff in the assembly area (or in the buildings).
- Direct all requests for information to the Public Information Officer.

Section: Operations
Position: Request Gate

Primary: Safety Ambassadors

Alternate: School Nurse

Reports to: **Operations Chief**

Staffing Characteristics: Resource Center staff or volunteers

Responsibility: Assure proper processing of reunification requests at the Request Gate. Also, process requests from volunteers.

Special Equipment:

- Stapler
- Box(es) of Emergency Cards
- Signs: Parent Request Gate
- Empty file boxes to use as out boxes
- Forms:
  - Student Release Form
  - Volunteer Assignment List

Start-Up Activities:

- Secure area against unauthorized access. Mark gate with sign.
- Set up Request Gate at the main student access gate. Use alphabetical grouping signs to organize parent requests.
- Have Student Release Forms available for parents or guardians outside of fence at Request Gate. Assign volunteers to assist.
- Ensure an adequate distance between the Request Gate and the Release Gate.

During Event:

- Follow procedures outlined below to ensure the safe reunification of students with their parents or guardians.

- **Refer all requests for information to the Public Information Officer. Do not spread rumors!**
- If volunteers arrive to help, send those with Disaster Volunteer badges with photo ID to the Supply, Facilities, and Staffing Unit. If they are not registered (do not have badges), register them at the Request Gate.

Reunification Procedures:

- Requesting parent or guardian fills out Student Release Form, gives it to staff member, and shows identification.
- Staff verifies identification, pulls Emergency Card from file, and verifies that the requester is listed on the card.
- Staff instructs the requester to proceed to the Release Gate.
- If there are two copies of the Emergency Cards (one at each gate), staff files the Emergency Card in the out box. If there is only one copy, runner takes the card with the Student Release Form, and staff files a blank card with the student's name on it in the out box.
- Runner takes form(s) to the designated resource center.

Note: If a parent or guardian refuses to wait in line, don't argue. Note time with appropriate comments on Emergency Card and place in out box.

<u>If student is in</u>:

- Runner shows Student Release Form to the teacher
- Teacher marks box, "***Sent with Runner***."
- If appropriate, teacher sends parent copy of Notice of First Aid Care Given Form with the runner.
- Runner walks student(s) to Release Gate.
- Runner hands paperwork to staff at Release Gate.

<u>If student is not in</u>:

- Teacher makes appropriate notation on Student Release Form:
- "***Absent***" if student was never in the resource center that day.
- "***First Aid***" if student is in First Aid & Medical Treatment Area.

- *"**Missing**"* if student was in the resource center but now cannot be located.
- Runner takes Student Release Form to the Command Post.
- Command Post verifies student location if known and directs runner accordingly.

- **If runner is retrieving multiple students and one or more are missing, walk available students to Release Gate before returning "Missing" forms to the Command Post for verification.**

Section: Operations
Position: Release Gate

Primary: Safety Ambassadors

Alternate: School Nurse

Reports to: **Operations Chief**

Staffing Characteristics: Resource Center staff or volunteers

Responsibility: Assure proper reunification of student with parent or guardian at the Release Gate.

Special Equipment:

- Stapler
- Signs: Parent Release Gate
- Empty file boxes to use for processed Student Release Forms

Start-Up Activities:

- Secure area against unauthorized access. Mark gate with sign.
- Set up Release Gate away from the Request Gate.
- Assign volunteers to assist, as needed.

During Event:

- Follow procedures outlined below to ensure the safe reunification of students with their parents or guardians.
- **Refer all requests for information to the Public Information Officer. Do not spread rumors!**

If student is in:

- Runner shows Student Release Form to the teacher
- Teacher marks box, "***Sent with Runner***."
- If appropriate, teacher sends parent copy of Notice of First Aid Care Given Form with the runner.
- Runner walks student(s) to Release Gate.
- Runner hands paperwork to staff at Release Gate.

- Release staff match student to requester, verify proof of identification, ask requester to fill out and sign the lower portion of Student Release Form, and release student.

Parents are given the Notice of First Aid Care Given Form, if applicable.

If student is not in:

- Teacher makes appropriate notation on Student Release Form:
- "***Absent***" if student was never in the resource center that day.
- "***First Aid***" if student is in First Aid & Medical Treatment Area.
- "***Missing***" if student was in the resource center but now cannot be located.
- Runner takes Student Release Form to Incident Command Post.
- Incident Command Post verifies student location if known and directs runner accordingly.
- If runner is retrieving multiple students and one or more are missing, walk available students to Release Gate before returning "Missing" forms to Incident Command Post for verification.
- Parent should be notified of missing student status and escorted to crisis counselor.
- If student is in first aid, parent should be escorted to First Aid & Medical Treatment Area.
- If student was marked absent, parent will be notified by staff member.

Section: Planning & Intelligence
Position: Planning & Intelligence Chief/Logistic Chief

Primary: Chief Financial Officer

Alternate: Data and Assessment Coordinator

Reports to: **Incident Commander**

Staffing Characteristics: School Coordinator or someone familiar with resource center and its occupants

Responsibility: Collection, evaluation, documentation, and use of information about the incident.

Equipment:

- File box(es)
- Dry-erase pens and eraser
- Large map of resource center, laminated or covered with Plexiglas
- Forms:
  - Position Log

During:

- **Assume the duties of all Planning Section positions until staff is available and assigned.**
- As (or if) staff is assigned, brief them on the situation and supervise their activities, utilizing the position checklists.
- Assist the Incident Commander in writing Incident Action Plan.

Section: Planning & Intelligence
Position: Documentation

Primary: School Clerk 1

Alternate: Teacher 1

Reports to: **Planning Chief**

Staffing Characteristics: **It is common for the Planning & Intelligence Chief to carry out these duties. A separate position checklist is here in the event the Planning & Intelligence Chief needs to assign the duties to another individual.**

Responsibility: Collection, evaluation, documentation and status of all documents associated with the emergency response, including financial expenditures, timekeeping, and other necessary documentation.

Special Equipment:

- File box(es)
- Forms:
  - Position Log

During:
Records:

- Maintain time log of the Incident, noting all actions and reports.
- Record content of all radio communication with School Emergency Operations Center (EOC).
- Record verbal communication for basic content.
- Log in all written reports.
  - ***Important***: A permanent log may be typed or rewritten at a later time for clarity and better understanding. Keep all original notes and records—**they are legal documents.**
- File all reports for reference.

Student and Staff Accounting:

- Receive, record, and analyze Student Accounting Forms.
- Check off staff roster. Compute number of students, staff, and others in the resource center for Situation Analysis. Update periodically.
- Report missing persons and resource center damage to Incident Command Post.
- Report first aid needs to First Aid & Medical Team Leader.
- File forms for reference.
- Track regular and overtime of all staff.

After:

- Collect and file all paperwork and documentation from deactivating sections.
- Securely package and store these documents for future use.

Section: Planning & Intelligence
Position: Situation Analysis

Primary: School Coordinator

Alternate: Director of Operations and Technology

Reports to: **Planning Chief**

Staffing Characteristics: **It is common for the Planning & Intelligence Chief to carry out these duties. A separate position checklist is here in the event the Planning & Intelligence Chief needs to assign the duties to another individual.**

Responsibility: Analyzes the range of events impacting the resource center to provide the Incident Commander and the rest of the Incident Command Team with cumulative information about the incident.

Special Equipment:

- Dry-erase pens and eraser
- Large map of resource center, laminated or covered with plexiglas
- File box(es)
- Map of local area

During:
Situation Status Map:

- Collect, organize and analyze situation information.
- Mark resource center map appropriately as related reports are received. This includes but is not limited to Search & Rescue reports and damage updates, giving a concise picture status of resource center.
- Preserve map as legal document until photographed.

- Use area-wide map to record information on major incidents, road closures, utility outages, etc. (This information may be useful to staff for planning routes home, etc.)

Situation Analysis:

- Provide current situation assessments based on analysis of information received.
- Develop situation reports for the Incident Command Post to support the action planning process.
- Think ahead and anticipate situations and problems before they occur.
- **Report only to Incident Command Post personnel. Refer all other requests to Public Information Officer**.

Section: Logistics
Position: Logistics Chief

Primary: Chief Financial Officer

Alternate: Data and Assessment Coordinator

Reports to: **Incident Commander**

Staffing Characteristics: Administrative skills

Responsibility: The Logistics Section is responsible for providing facilities, services, personnel, equipment, and materials in support of the incident.

Special Equipment:

- Cargo container or other storage facility with all emergency supplies stored in the resource center.
- Forms:
  - Resource Center Status Report
  - Volunteer Assignment List

Start-Up Activities:

- **Assume the duties of all Logistics positions until staff is available and assigned.**
- Ensure that the Incident Command Post and other facilities are setup as needed.

During Event:

- Coordinate supplies, equipment, and personnel needs with the Incident Commander.
- Maintain security of cargo container, supplies and equipment.

After:

- Secure all equipment and supplies.

Section: Logistics
Position: Supplies, Facilities, & Staffing

Primary: Director of Operations and Technology

Alternate: School Coordinator

Reports to: **Logistics Chief**

Staffing Characteristics: **It is common for the Logistics Chief to carry out these duties. A separate position checklist is here in the event the Logistics Chief needs to assign the duties to another individual.**

Responsibility: Provides facilities, equipment, supplies, materials, and staffing in support of the incident.

Special Equipment:

- Cargo container or other storage facility and all emergency supplies stored in the resource center

Start-Up Activities:

- Open supplies container or other storage facility if necessary.
- Begin distribution of supplies and equipment as needed.
- Set up the Incident Command Post (including Crisis Response Boxes and Emergency Disaster Kit)
- Review staff roster and begin call-back, as required.

During Event:

- Maintain security of cargo container, supplies and equipment.
- Distribute supplies and equipment as needed.

- Assist team members in locating appropriate supplies and equipment.
- Set up Staging Area, Sanitation Area, Feeding Area, First Aid & Medical Treatment Area, and other facilities as needed.

- Coordinate with the Incident Commander on establishing the need for future work shifts and related staffing needs.

After:

- Secure all equipment and supplies.

Section: Finance & Administration
Position: Finance & Administration Chief

Primary: Budget and Financial Analyst

Alternate: Chief Financial Officer

Reports to: **Incident Commander**

Staffing Characteristics: Familiar with common financial record keeping standards – School Receptionist.

Responsibility: Purchasing of all necessary materials, tracking financial records, maintain timekeeping records, student accountability during emergencies, and recovering school records following an emergency.

Special Equipment:

- None

During:

- As (or if) staff is assigned, brief them on the situation and supervise their activities, utilizing the position checklists.
- Work closely with Planning & Intelligence Section and Logistics Section on purchasing any necessary supplies, equipment, and materials.
- Track financial records. Maintains accurate and complete records of purchases. Most purchases will be made at the School level; however, in emergency situations, it may be necessary for the resource center to acquire certain items quickly.
- Manage and analyze timekeeping records for emergency responders
- Determine process for tracking regular and overtime of staff.

- Ensure that accurate records are kept of all staff members, indicating hours worked.
- If School personnel not normally assigned to the resource center are working, be sure that records of their hours are kept.
- Determine process for tracking purchases.
- Track student accountability records during emergencies. Missing and extra students should be reported to allow for accurate accounting of students.
- Support Logistics in making any purchases which have been approved by the Incident Commander.

After:

- Responsible for managing the recovery of school records and applying for reimbursement following an emergency. Work with Documentation Unit to gather all pertinent documents and records.

Safety Ambassadors

2025-2026

The designated Ambassadors are responsible for planning and implementation at the Resource Center (RC). Resource Center Representatives will meet with their colleagues to discuss all aspects of a safe and supportive learning environment, safety and trainings which will include:

Safe and Supportive Learning Environment:

- ✓Number of students in RC – adhere to student scheduled hours
- ✓Schedule RCA/CTR works hours – ensure there are two staff members when opening and closing the RC
- ✓Share information at RC meetings - Discuss safety at monthly resource center meetings
- ✓Meet with new resource center staff within 30 days
- ✓Reach out to the Juvenile Community Officer, Community Resources and Community Sub Police Stations
- ✓Keep technology locked and secured

Instructional Support:

- ✓Consistent RC rules among all staff – hats, phones, language use
- ✓Ensure middle school students work together
- ✓Instructional tables labeled by subject area
- ✓Know your student needs – triggers
- ✓Measuring threat levels
- ✓CTR supporting the learning environment

Compliance:

- ✓Safety Drills are mandated to be performed three (3) times per year
- ✓Ensure safety supplies are located in designated area and replenished each time a drill is performed
- ✓Confirm that the Emergency Radio works properly (Altus Schools Coachella Valley/San Diego Team Talk, Channel 1)
- ✓Update Resource Center Emergency Exit Plan annually
- ✓Review and sign off on monthly Fire Extinguisher, Epi-Pen and Eye wash Inspections

Instructional Continuity Plan

ALTUS SCHOOLS SOUTHERN CALIFORNIA

ALTUS SCHOOLS COACHELLA VALLEY

Altus Schools Coachella Valley
Instructional Continuity Plan

General Information

At Altus Schools Coachella Valley (ASCV), we prioritize uninterrupted learning. This Instructional Continuity Plan (ICP) embodies our proactive commitment to ensuring education continues seamlessly, regardless of circumstances. By establishing robust systems for remote instruction and communication *now*, we are prepared to transition swiftly and effectively to virtual learning environments should any emergency or unforeseen event occur. Our integrated online learning platforms, video conferencing capabilities, and digital communication tools form the bedrock of this preparedness. Furthermore, this ICP details clear decision-making pathways, empowering a designated leadership team to act decisively, activate appropriate remote learning phases, and keep our staff, students, and families informed, ensuring learning remains constant.

Engagement Protocol

In the event of an emergency, ASCV is committed to ensuring that students' educational experiences continue with minimal disruption. The school will engage students and families within 5 calendar days using a variety of communication methods to ensure everyone stays informed and connected. Examples of the two-way communication tools include phone calls, SMS text messaging, email, video conferencing, social media, and app notification through ParentSquare. The ParentSquare communication platform integrates with our Student Information System, providing all enrolled students and families with a centralized and accessible communication channel to receive updates and information from school administrators, teachers, and support staff. Given the instructional model of the school, it is common practice for teachers to be in touch with students and/or families daily. This routine communication ensures that in the event of an emergency, there will be no disruption in the connection between teachers, students, and their families. Teachers will continue to provide academic support, share resources, and address any concerns through the established communication channels.

Following an emergency, ASCV will utilize our Multi-Tiered System of Supports (MTSS) to ensure all students receive the appropriate level of support based on their individual needs. Healthy Youth Therapists on staff are available to assist in supporting students' social-emotional and mental health needs through individual or group therapy sessions.

ASCV strives to maintain a strong and supportive learning environment, even in the face of emergencies. By leveraging multiple communication methods and providing comprehensive support through MTSS, we aim to ensure the continuity of education and the well-being of our students and their families.

Instructional Access Plan

ASCV is an independent study program that offers both in-person and hybrid learning options for students. Resource Centers are strategically located within the neighborhoods and communities where students reside. Thanks to our multiple physical locations, state-of-the-art video conferencing technology, and independent study format, ASCV can quickly adapt if a Resource Center becomes inaccessible due to an emergency or natural disaster. Students can continue in-person learning at an alternative neighborhood Resource Center or temporarily switch to virtual learning.

Every student at ASCV has a Pathways Personalized Education Plan (PPEP). This plan is used by staff to analyze each student's current academic levels, grades/credits, educational goals, learning styles/preferences, interests, and post-high school pathways. The PPEP is developed and continually revised in collaboration with the student, parent, teacher, counselor, and school instructional leader.

As part of the PPEP and Instructional Plan, the school staff administer a fall benchmark assessment, NWEA Measures of Academic Progress (MAP), to all students to measure academic levels and proficiency in Reading, Language, and Mathematics. Teachers and instructional leaders use these assessment results to make data-informed decisions, such as increasing individual tutoring support in specific academic domains or utilizing specialized instructional strategies, curriculum, and programs to improve student skills.

Monitoring student academic progress and growth is a key element of the PPEP. When students do not demonstrate improved academic growth over time, instructional staff initiate and increase academic intervention efforts and support. ASCV utilizes a Student Intervention Program aligned with the Multi-Tiered System of Support (MTSS). This intervention model provides instructional staff with a system to quickly identify and match the needs of all students. Each intervention completed by a teacher, counselor, or school support staff is documented in the school information system. The school's Data and Assessment department provides staff with a Monthly Storybook summarizing specific interventions completed. School leaders use this intervention data to monitor effectiveness and ongoing student needs. This plan ensures academic progress is not disrupted if a student must switch locations or modalities due to an emergency or natural disaster.

As an independent study school, students will naturally continue their learning through their existing textbook-based curriculum, aligned with state standards and developed by subject matter experts, in the event of an emergency or natural disaster. This curriculum will remain accessible within 10 instructional days of an emergency scenario. The Curriculum Department has already implemented digital lesson guides and online textbooks to support independent learning. For families needing hard copies, textbooks, lesson guides, and supplemental materials can be distributed via non-contact methods.

Edgenuity is the platform used to deliver online curriculum. Through Edgenuity, students have access to multiple scaffolds essential for English Learners and Students with Disabilities, including digital notetaking, transcripts in multiple languages, graphic organizers, glossaries, academic language tools, digital sticky notes, extended time, video closed captioning, text translation, and read-aloud features.

Students who lack access to a computer or home internet can be issued data-enabled laptops through the Altus Connect Program, ensuring they can access the Edgenuity platform, virtual meetings & tutoring sessions, and other online resources from home.

School staff are dedicated to maintaining high levels of student engagement and supporting academic achievement. Setting high expectations helps students achieve their daily, weekly, and monthly goals. Key instructional strategies include virtual and/or in-person one-on-one meetings and small group tutoring sessions, where teachers guide instruction and assess mastery of content standards, providing additional instruction as needed. Teachers also offer instructional support during scheduled school hours, both virtually and in-person. Additionally, teachers monitor academic progress and engagement through online forms, surveys, screencast videos, virtual events, and other communication tools, ensuring students remain on track with their educational goals.

Communication Strategy

In a school emergency or natural disaster, clear and timely communication is critical. Our multi-faceted approach prioritizes the safety and well-being of students and families by ensuring a consistent flow of vital information through multiple accessible channels, strengthening the school-to-home partnership.

Initially, ParentSquare can serve as our central hub for rapid dissemination of alerts and critical updates regarding the situation, safety protocols, evacuation procedures (if necessary), and school status. Simultaneously, the school website and the Altus Schools Health and Wellness Hub will be updated with the same crucial information, offering additional reliable sources.

Following immediate alerts, instructional staff will use secure text messaging, emails, and phone calls for more direct updates on student well-being and specific instructions. Virtual conferences via Microsoft Teams and Zoom may also be used for broader informational meetings or individual check-ins, as circumstances permit.

Recognizing potential challenges with digital communication, school staff will be prepared to conduct home visits to provide direct updates, ensure student safety, and deliver essential resources or instructions.

To ensure equitable access, our dedicated bilingual staff will communicate critical emergency information in both English and Spanish.

Access to Devices, Materials, and Connectivity

To ensure students have access to online schoolwork, ASCV conducts multiple needs assessments and satisfaction surveys with students and parents to identify families requiring home technology. Teachers maintain regular communication with students and parents through secure text messages, phone calls, virtual conferences, and emails to identify ongoing needs or unique circumstances. As a result, the school has successfully deployed Chromebooks and data plans to all students in need. When new students enroll, school clerks and counselors conduct a technology needs assessment with each family and promptly provide devices to ensure all barriers to learning are eliminated.

Occasionally, school-issued devices require repair or service. In such cases, devices are collected and submitted to the school's Operations Department for maintenance. Students are issued replacement devices to ensure continuous access. Inventory is reviewed regularly by the Operations Department to ensure necessary stock levels are maintained to accommodate student need.

The school has also enhanced its websites and technology tools. To minimize confusion and redundancy for students and parents, the school has created an online landing page, www.altusgo.com, which provides students and families with access to curriculum and instructional supports. From this landing page, students can access essential school technology programs such as Edgenuity, Naviance, Renaissance (Illuminate), Achieve 3000, and BrainPOP.

For students who prefer or require hard copy materials, staff will work with the family to distribute as needed.

Special Populations and Support Services

Even in a shift to remote learning, our school remains dedicated to providing equitable and personalized education for all students through our key process: Pathways Personalized Educational Plan (PPEP). This collaborative plan, developed with teachers, students, parents, counselors, and instructional leaders, inherently addresses diverse needs, including those of English Learners, Students with Disabilities, and Foster/Homeless Youth. Our dedicated Homeless and Foster Youth Liaison will continue to provide comprehensive case management services remotely, ensuring uninterrupted support through virtual check-ins and resource coordination. Existing PPEPs, outlining individual goals and learning preferences, will guide personalized remote learning experiences, and our Multi-Tiered Systems of Supports (MTSS) framework will deliver tailored online interventions.

For English Learners, we ensure continued language development through both integrated and designated ELD support via online educational platforms and digital resources like Summit K12, BrainPOP EL, and Ellevation. Integrated ELD is embedded within virtual content lessons, while designated ELD focuses on explicit language and literacy skill-building through virtual small groups and individualized online activities, all aligned with the school's English Learner Plan. Students with Disabilities will continue to receive Free Appropriate Public Education (FAPE) through the virtual implementation of their IEPs. Specialized Academic Instruction (SAI) will be provided via distance learning by Education Specialists through secure video conferencing and online learning platforms. Curriculum will be adapted for digital accessibility, and instruction will be differentiated using online platform features and Universal Design for Learning (UDL) principles. Special education case managers will actively monitor student progress remotely through regular virtual check-ins and ongoing collaboration with general education teachers.

Furthermore, we are committed to supporting the holistic well-being of our students in a remote setting. To address mental health and social-emotional needs, we will provide virtual counseling sessions with our school counselors and offer readily accessible resource directories for additional support services. Recognizing the importance of basic needs, we will also ensure families have access to critical nutrition services and other wraparound supports by providing comprehensive information on accessing local food banks and other essential resources.

Instructional Continuity and Independent Study Readiness

As a WASC-accredited, non-classroom-based independent study program, our school has established and implemented written policies to govern our independent study

program. All students and parents/care givers sign a board-approved, year-long independent study Master Agreement contract, which includes required elements such as Contact Information, Methods of Study, Evaluation Procedures, Attendance and Participation Requirements, Outreach Methods, Maximum Time for Assignments, and Number of Missed Assignments.

ASCV is dedicated to delivering high-quality, rigorous, and standards-aligned curriculum and instruction entirely through accessible online platforms. Our model inherently ensures that *all* students can be effectively supported remotely. Leveraging a robust digital curriculum, versatile communication tools, and interactive videoconferencing systems, we guarantee seamless continuity of learning, regardless of external circumstances such as emergencies or natural disasters. This instructional approach will ensure that students can receive virtual daily one-on-one meetings, weekly small group tutoring sessions, readily available virtual school hours, and additional personalized check-in meetings. This will ensure every learner receives the individual support they need to thrive in the event of a natural disaster or emergency.

Assessment and Student Progress Monitoring

In the event of an emergency or natural disaster, the school will maintain continuous learning through the following established procedures: Teachers will consistently monitor student learning daily using varied formative assessments and robust tracking methods implemented remotely. Data on participation in online activities, coursework completion, assessments, and communication will be analyzed to inform responsive instruction. Teachers will utilize a Course of Study Record (CSR) and Participation/Credit Tracker to closely follow daily progress virtually, while students will maintain a Student Learning Log, reviewed and archived by teachers in the SPSIS. Attendance will be certified remotely via School Pathways Student Information System (SPSIS) at the end of each Independent Study Learning Period.

In the virtual environment, remote instruction will be shaped by continuous formative and summative assessments, incorporating a variety of online activities to gauge student learning and personalize instruction. Assignments will receive virtual feedback, and scores below 70% will automatically activate tailored virtual remediation plans, ensuring targeted support. Furthermore, teachers and instructional staff will leverage the school's MTSS framework to address the holistic academic, behavioral, and social-emotional needs of each student; these strategies may include additional virtual tutoring, participation in specialized programs like IXL Math, or meetings with guidance counselors or healthy youth therapists.

Leveraging secure video conferencing, educators can deliver dynamic live instruction, foster real-time communication, and implement immediate learning evaluations through engaging virtual activities such as quick writes and collaborative group projects. These interactive sessions bridge the physical distance, enabling active participation and timely feedback.

The SPSIS Gradebook will serve as the central platform for recording all virtual assignments, and teachers will provide summary comments on student progress at the end of each Learning Period. This information will be accessible to students and parents via the School Pathways Portal, with ongoing virtual training and support provided to ensure seamless access and engagement.

Professional Development for Staff

Altus University (“AU”) serves as the professional learning platform for the school, offering both in-person and virtual sessions to accommodate the diverse needs of our staff. Altus University includes a fully online component, called AU in the Cloud, which is available to all segments of the workforce and aligned with the California Quality Professional Learning Standards (QPLS).

AU sessions incorporate school-wide initiatives to improve student learning in math and English language development. Each session includes an evaluation for participants to provide feedback on participation, satisfaction, usefulness, learning, and areas for follow-up. This feedback is used by the school’s curriculum departments as part of their ongoing Professional Learning Communities (PLCs) and to plan additional AU sessions.

Both in-person and virtual AU sessions provide instructional staff with the time and space to explore curriculum content necessary for quality instruction. Instructors build participants' capacity to use frameworks, standards alignment documents, and instructional pacing guides to support teaching content standards. Assessment and instructional strategies are incorporated into the sessions so that teachers can use formative assessment strategies to inform instruction for a diverse student population.

Teachers have undergone Leading Edge Certification (LEC), a national certification for educational technology, to become effective online and blended learning teachers. For new teachers, the school continues the certification process through the LEC FLEX program. School instructional leaders provide feedback on new skills acquired through AU sessions during virtual tutoring session observations. Instructors model how to differentiate curriculum and scaffold instruction to support all students. These sessions uphold the school’s values by increasing participants' capacity to enhance students’ participation, engagement, connection, sense of belonging, and emotional well-being.

Instructional strategies are presented through an equity lens, ensuring access and equity for all students. Data informing AU sessions is disaggregated by gender, race, special needs, foster youth, and socio-economic indicators, allowing for the identification of student instructional needs focused on specific groups. All participants can access AU sessions through registration on the Altus University Portal. Sessions are generally held on the same day of the week and time, allowing teachers to plan instruction around the professional learning sessions they wish to attend. Recorded sessions are available on demand for staff members who are unable to attend live sessions.

Instructors for AU sessions include Administrators, Teachers on Special Assignment, Special Education, General Education teachers. They maintain a positive learning environment for all participants, who can use the chat feature within Microsoft Teams to ask questions without interrupting the flow of instruction and can unmute their microphones to participate verbally. Instructors engage participants through Web 2.0 tools learned from the Leading Edge Certification (LEC). AU instructors understand that student Social Emotional Learning is paramount, focusing on connecting with students first, followed by content.

By combining virtual and in-person professional learning, Altus University ensures that all staff have the resources and support they need to succeed in any learning environment.

Criteria for Returning to In-Person Learning

Following a school emergency or natural disaster, the decision to resume in-person learning will be made in close coordination with state and county emergency management and education agencies, prioritizing the safety and well-being of students and staff. Return to school sites will occur only when deemed safe by these authorities and when the following critical conditions are met:

- Lifted Evacuation Orders: All evacuation orders affecting the school site and the surrounding areas necessary for safe travel of students and staff must be officially lifted.

- Safe Air Quality and Clean Water: Air quality must be at levels deemed safe by relevant environmental agencies, and access to potable, clean water must be fully restored at the school site.

- Restored Utilities: Essential utilities, including power, gas, and functioning sanitation systems, must be reliably restored to ensure a safe and healthy learning environment.

- Debris Removal: School grounds and access routes must be cleared of any hazardous debris that could pose a risk to students and staff.

- Staffing and Food Service Readiness: Sufficient staffing levels across all essential functions, including instructional, administrative, and support roles, must be ensured. Additionally, food service operations must be ready to provide necessary meals for students.

Upon confirmation that these conditions are met and clearance is received, the school will implement clearly defined return-to-school plans and protocols aligned with the most current guidance from the California Department of Education (CDE) and county education offices. These protocols will be proactively communicated to all students and staff.

Collaboration and Site-Based Planning

The collaborative spirit at our school ensures that our Instructional Continuity Plan (ICP) and School Comprehensive Safety Plan are living documents, shaped by the diverse perspectives of our entire educational community.

Administrators actively champion the development and review processes for both plans. They initiate discussions, provide resources, and ensure that feedback is thoughtfully integrated. Staff members, including teachers, counselors, and support personnel, contribute their invaluable frontline experiences through surveys, focused meetings, and professional development sessions, directly influencing the practical elements of the plans.

Parents and family members play a vital role as essential partners. Their insights into students' needs and home environments are gathered through surveys, school events, parent-teacher conferences, and dedicated meetings, ensuring a holistic approach to both instructional continuity and safety.

Our students' voices are also crucial in this collaborative endeavor. Meaningful feedback is solicited through age-appropriate surveys, student forums, and representative participation in school events, providing a unique and important perspective on safety and learning continuity.

The School Site Council serves as a cornerstone of the annual review process for both the ICP and the School Comprehensive Safety Plan. This body, comprised of administrators, teachers, staff, parents, and students, reviews the plans, analyzes feedback gathered throughout the year, and provides critical input for revisions and improvements, ensuring that our safety and instructional strategies remain responsive and effective. This ongoing cycle of collaborative development and review ensures that our plans reflect the collective wisdom and shared commitment of our entire school community.

Plan Review and Updates

Our Instructional Continuity Plan (ICP) is a living document designed to adapt to the evolving needs of our school community. To maintain its effectiveness, we conduct an annual review and update process.

The Altus Schools Executive Safety Team is central to this process. Each year, they examine the ICP, ensuring its alignment with current best practices and any changes in our school environment or local context. This comprehensive review includes:

- Data Analysis: The Executive Safety Team (EST) analyzes year-long data, including feedback from surveys, meetings, and training involving administrators, staff, parents, and students. The EST contributes critical insights related to safety protocols and potential risks, allowing us to pinpoint the plan's strengths and areas needing improvement.

- Stakeholder Input: We actively seek and value input from all stakeholders through surveys, focus groups, and school events. The EST thoroughly addresses all safety-related concerns raised during this engagement process and integrates guidance from the School Site Council's review of the Comprehensive School Safety Plan and Instructional Continuity Plan.

- Plan Evaluation: The EST assesses the ICP's effectiveness in addressing potential disruptions to instruction, such as natural disasters, emergencies, and other unforeseen events. The EST lends its expertise to evaluate the clarity of safety procedures, the adequacy of resources, and the practicality of implementation.

Based on this thorough analysis, the Executive Safety Team recommends necessary revisions to the ICP.

The updated ICP then undergoes the following steps:

- Documentation and Communication: All revisions are clearly recorded within the ICP and shared with key educational partners.

- Implementation: The updated ICP is put into practice school-wide, with any required training or professional development provided to staff. The Executive Safety Team actively supports the implementation of all safety-related components.

This annual cycle of review and updates, driven by the active involvement of the Executive Safety Team, guarantees that our ICP remains a relevant and effective instrument for ensuring instructional continuity, demonstrating our unwavering commitment to the safety and academic success of every student.

Executive Summary

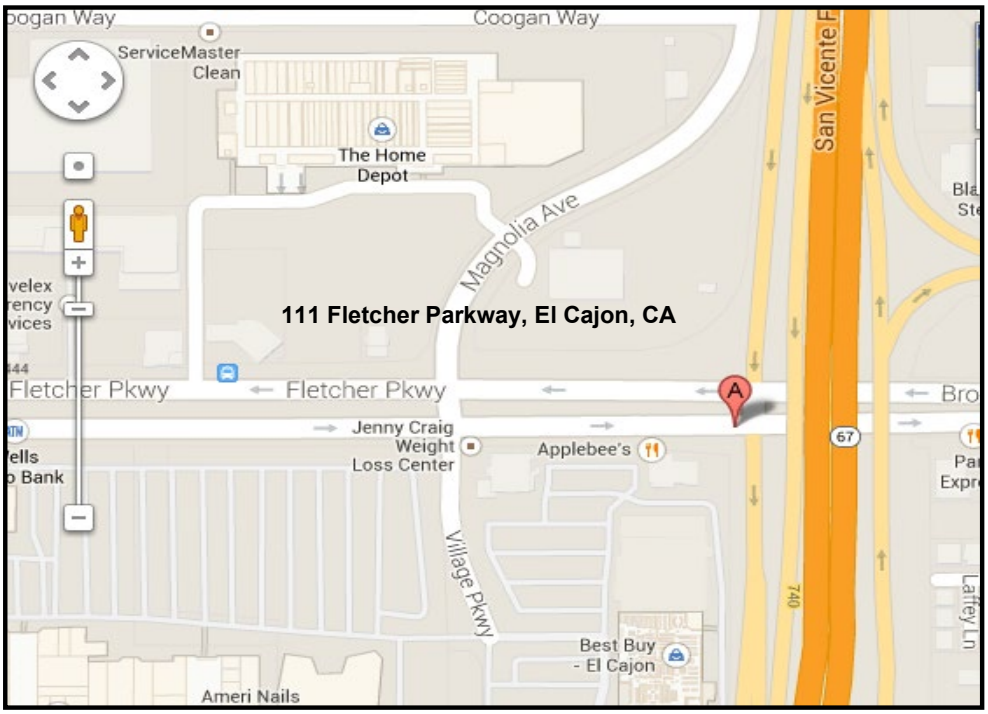
The purpose of this plan is to outline the basic organization and procedures utilizing the Standardized Emergency Management System (SEMS) and the National Incident Management System (NIMS) for responding to an emergency affecting any facility operated by Altus Schools East County.

An "Incident Commander" (and alternate) is assigned to be the point of contact for this plan. During emergencies, the Incident Commander is the point of coordination for all operations. An Incident Command Team is in place to address key issues during emergency operations. The team works as directed by the Incident Commander. Each team member assignment can be found in Section Four of this plan, which identifies roles, responsibilities and duties.

The Incident Commander and their Incident Command Team are assigned to maintain and implement their Emergency Plan. The Safety Coordinator will assist with emergency preparedness, disaster planning, and will be responsible for updating the underlying Emergency Plan Template. As a component of the Comprehensive Safe Schools Plan document, the Safety Coordinator will review this emergency plan on an annual basis to determine the Emergency Plan Template is compliant with Federal, State, and local laws.

The Incident Commander will coordinate training for all new staff (paid and volunteer) assigned to this RC. The Incident Commander, coordinating with Safety Coordinator, will conduct scheduled exercises to provide staff with an opportunity to practice the emergency procedures outlined in this plan.

This format allows staff to understand basic roles and responsibilities regardless of where in the school they may be working.



It is imperative all staff review this plan at least twice a year to ensure a basic understanding of their role and responsibility in an emergency. It is unlikely that anyone will have the time when an emergency occurs to review this entire plan, thus understanding and practice is necessary to be prepared. The proactive actions of individuals during an emergency may very well save another's life.

Assessment of School Crime

Formatted: Font: Not Bold, No underline, Font color: Accent 1

In assessing the crime rate for the last two school years at Altus Schools East County the crime data indicates that there have been no incidents of the last two years. ASEC staff will continue to monitor student behavior to ensure a safe and supportive environment. Both students and parents continue to rate the school high for providing a safe environment in their annual surveys.

The data represented is the total number of reported incidents within each crime category and as rates per 100 students enrolled. It is important to note that comparisons (% Change) are calculated from incident rates and not total numbers, because the rates reflect changes in student enrollment from year to year. Crimes involving Arson, Graffiti, and Vandalism must exceed $100 per incident, theft $50, and Burglary has no dollar limit. Any rate change to or from zero is represented as a 100% change. Caution should be used when drawing conclusions from individual rate changes. Improved reporting practices may have resulted in increases in crime rates which may not represent actual increases in crime.

LOCATION HAZARD ASSESSMENT SUMMARY

Disaster Response Plan

Emergency Operations Team

The Emergency Operations Team is comprised of several leaders from Altus Schools East County. This team is responsible for planning, training and implementation in the event of a disaster. The team is composed of the following individuals:

Superintendent	*Responsible for external communications. She will call on community resources to assist the school RCs and coordinate mutual aid requests.*
Chief Business Officer	*Assists the Superintendent with external communications and community resource coordination to support school community needs. She is also responsible for acquisition of fiscal and business services. She will initiate acquisitions of services and materials associated with emergency operations.*
Director of Operations & Technology	*Responsible for internal communications with our RCs, staff, and the team in collaboration with the ~~School Coordinator~~School Administrator.*
~~School Coordinator~~School Administrator	*Responsible for parent and community communications. Provides trauma-counseling support to students/parents/staff, as well as, central contact for student data. Responsible for coordinating support to students brought to central location.*

Operational Overview

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

Formatted: Font: 14 pt, Not Bold

Due to the unique design and small setting, the staff will be trained to implement components of the disaster procedures. These components will include:

- Evacuation of Students/Emergency Assembly
- Communication
- Reunion Procedures
- Public Information
- Sweep and Rescue
- Security
- First Aid and CPR

Emergency Operation Center

The Emergency Operations Team (EOT) will be responsible to coordinate and manage all operations in the event of a crisis. Altus Schools East County defines crisis as any incident that disrupts the educational program and/or affects the emotional stability of students or staff.

All public employees are declared by law to be disaster services workers (Government Code §3100). They are subject to such disaster services as may be assigned to them by their supervisors or by law upon the declaration of an appropriate state of emergency. The extent to which school employees function as disaster service workers depends in large measure upon the decisions of the various resource centers and their supervisory personnel.

In the event of a crisis, Altus Schools East County will respond as follows:

Level 1 Natural Disaster Community Wide/Neighborhood Crisis

(Example~~: earthquake~~: earthquake, flood, fire, plane crash, riot, police action, high levels of fatalities and injuries, nuclear or biological disaster.)

Response~~: EOT~~: EOT in coordination with Civil Defense and/or resources.

Level 2 Singular or Multiple Locations Immediate, life threatening or critical urgency

(Example~~: weapons~~: weapons, group confrontation, bomb threat, hostage, fire, explosion.)

Response~~: EOT~~: EOT in coordination with local law enforcement and/or government agencies

Level 3 RC Specific

(Example~~: discipline~~: discipline, health-physical/mental/CPS, utility failure, fight, angry parent.)

Response~~: School~~: ~~Coordinator~~School Administrator according to responsibility.

Responsibilities for Situation Levels 1 and 2

Formatted: Font: 14 pt, Not Bold, No underline, Font color: Accent 1

1. Assess situation (to evacuate or secure RC)

2. Call 911

3. Contact EOT: Communicate essential information
   Example: Describe the situation – clearly and calmly.
   Who is involved?
   Who's present/at the RC –staff/students/community?
   Have the police been called? Have they arrived?
   Who else has been notified?
   What have you done so far?
   Is anyone hurt? Describe injury.

4. Gather essential information – keep emergency supplies in one area

   - Student emergency binder
   - Student roster
   - Emergency procedure binder
   - Today's sign in sheet
   - Backpack, First Aid Kit, Blood borne Pathogen Kit
   - Keys

5. Reassess situation and roll call
   Triage – prioritize needs; define who is injured. Look for potential dangers (i.e., gas leaks, building structure damage.)

6. Give students appraisal of situation
   Tell them what to do and what is expected.

7. Re-contact EOT

8. Release students as appropriate to authorized individuals.

9. Contain remaining students in designated safe area.

10. Wait until crisis has passed

11. Notify Sorrento Mesa RC
12. Remaining students will be brought to safe area designated by EOT

13. Staff will then be released by EOT

Altus Schools East County Communications Plan is designed to supplement urgent or emergency e-mail communications to faculty and staff.

Emergency RC Call to Central

RC contact Central or Able

Remember 6 Key points –

- **RC** — **Identify your location**
- **Number** — **Approximate number of participants**
- **Code** — **Red (Life-threatening) 911**
  Orange (Serious)
  Yellow (Potential – advisement)
- **Description** — **Briefly describe incident**
- **Location** — **In class, outside front/back door, alley**
- **Listen** — **Answer central's questions succinctly**

Procedure

Formatted: Font: 14 pt, Not Bold, No underline, Font color: Accent 1

Formatted: Font: 14 pt, Not Bold, No underline, Font color: Accent 1

- Superintendent will declare need for emergency action.
- Superintendent, ~~School Coordinator~~School Administrator and any designated support staff prepare ParentSquare telephone message and E-mail message.
- Superintendent notifies Altus Schools East County Board of Directors.
- Designated managers activate telephone tree, using prepared message; each designated manager will be responsible for their group and informing the backup caller.
- When schools are not in session, it may be necessary to call employees at home.
- Callers must report to the Superintendent by e-mail (mbixby@altusschools.net) the names of the employee's they were unable to reach.
- Share all information on the operation of the telephone tree with support staff at your RC.
- Make copies of the tree information and give to appropriate staff.
- It is possible that a test of the telephone tree will occur on a weekend, since the tree is designed to be used to relay information to managers and employee's regardless of the day of the week or the time of day or evening. It is important that employees who are to make calls and their backups have copies of the tree information and the telephone numbers both at school and home.

Sample Emergency Call

Resource Center	This is a code Orange. There are approximately 6 male students assembled on the south side of Fletcher Parkway, across the resource center. They are shouting and threatening one of our students who is here in the resource center. Our student is belligerent and wants to go out and face them. I have five other students with the resource center associate and me. We have locked the doors and directed students to move to the back of the resource center away from the window.
Central	I am dispatching the police immediately. Have your RCA with the other students. Be sure none of them leave or open the door. Stay with your students and try to calm him. Do not go out to confront the group. Assistance should be there shortly. Keep us posted of any change.

Resource Center

- Remember, speak calmly and slowly.
- Tend to the business at hand and keep Central informed. STAY CALM.
- If the problem is resolved. Call Central back immediately. Remember someone is streaking across the city to get to you. Call in and say, **"Situation secured". This officially closes down the incident. Central logs the time.**

ParentSquare System

In the event of an emergency the Superintendent or designee may activate the school-wide ParentSquare system. ParentSquare allows Altus Schools East County administrators and staff to send out voice calls, email messages or SMS messages to students, parents and staff. ParentSuare allows Altus Schools East County to establish a reliable channel for communicating and sharing information effectively and efficiently. In time-sensitive situations, parents and guardians will receive information and details directly from the school. Not just for emergencies, ParentSquare is beneficial in sending out routine school messages, such as attendance reports, and event and meeting reminders.

Our first responsibility is to the health and safety of our students.

- Do not aggressively confront any individual or group.
- **We want no heroes – just mature, reasonable individuals who take control of a situation and manage it.**
- **Do not place yourself, or others, in an unnecessarily dangerous situation. Your backups are not far away.**

1. Receive Communication.

Be sure caller identifies RC. Confirm that you read the transmission and acknowledge the RC name. If necessary, calm the caller. Set the tone by using a confident and firm tone of voice.

If necessary, lead the caller through the 6 elements/key points of a Altus Schools East County emergency call. **Resource Center, Number, Code, Description, Location, Listen.** It is preferable that you speak directly to the teacher whenever possible.

2. Ascertain the level of emergency and degree of danger.

Prescribe action. If there is a close judgment call--- err on the side of caution.

Code Red~~: Optional~~: Optional Action

The teacher contacts 911 immediately.

Tell the teacher you will contact 911.
Tell RC staff to deal with emergency until help arrives. Give them some specific tasks.
Tell teacher you will call in report and will get right back to him/her. Talk staff through emergency if necessary. Ask if they have locked down the RC, drawn the blinds, etc.
After you place call for help, coordinate with other central managers to see who is closest to RC and can arrive in the shortest amount of time.
Contact the Sorrento Mesa RC to alert them to the emergency.

3. Assist in the implementation of the action plan worked out with the RC.

Be conscious that the School must protect the anonymity and privacy of each student. No staff should discuss the incident with press. Refer them to a manager.

4. Log call.

Note approximate start and end time of incident. A brief narrative describing the incident is due to Central before the end of the day. This report could become part of a court case, so immediate transcription is advisable to assure more accurate recall. The report may become a part of the body of information needed for further investigation.

Emergency Responses

EMERGENCY RESPONSE~~: ALLERGIC~~: ALLERGIC REACTION

There are many types of medical conditions that may trigger an allergic reaction, among them anaphylactic shock, diabetes and sickle cell anemia. Possible symptoms of an allergic reaction include skin irritation or itching, rash, hives, nasal itching or sneezing, localized swelling, swollen tongue, restlessness, sweating, fright, shock, shortness of breath, vomiting, cough and hoarseness. School nurses have a specialized health care plan for certain conditions and should be contacted for any sign of allergic reaction.

STAFF ACTIONS:

- X If imminent risk, call 911.
- X Send for immediate help (Firs Aid, CPR, medical) and medication kit (for known allergies).
- X Notify the ~~School Coordinator~~School Administrator.
- X Assist in getting "Epi" (Epinephrine) pen for individuals who carry them (usually in backpack), and prescription medications (kept by school nurse).
- X If an insect sting, remove stinger immediately.
- X Assess situation and help student/staff member to be comfortable.
- X Move student or adult only for safety reasons.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

- X If imminent risk, call 911 (always call 911 if using "Epi" pen).
- X Notify nurse/parent or guardian.
- X Administer medication, by order of a doctor, if appropriate; apply ice pack to affected area, keep victim warm or take other actions as indicated.
- X Observe for respiratory difficulty.
- X Attach a label to the person's clothing indicating: time & location of insect sting or food ingested, name of medicine, dosage and time administered.

OTHER PREVENTATIVE/SUPPORTIVE ACTIONS:

- X Keep an "Epi" pen in the resource center and notify staff as to location.
- X Emergency health card should be completed by parents for each child and should be easily accessible by school personnel.

EMERGENCY RESPONSE: BIOLOGICAL AGENT RELEASE

This is an incident involving the discharge of a biological substance in a solid, liquid or gaseous state. Such incidents may include the release of radioactive materials. A biological agent can be introduced through:

- postal mail, via a contaminated letter or package
- a building's ventilation system
- a small explosive device to help it become airborne
- a contaminated item such as a backpack, book bag, or other parcel left unattended
- the food supply
- aerosol release (for example, with a crop duster or spray equipment)

Defense against biological release (e.g. anthrax, smallpox, plague, ricin etc.) is difficult because usually appear after some time has lapsed. Indicators that may suggest the release of a biological or chemical substance include multiple victims suffering from: watery eyes, choking or breathing difficulty, twitching or the loss of coordination. Another indicator is the presence of distressed animals or dead birds. Determine which scenario applies and implement the appropriate response procedures.

Outside the Resource Center

STAFF ACTIONS:

- X Notify the ~~School Coordinator~~School Administrator.
- X Move students away from immediate vicinity of danger (if outside, implement **Take Cover**).
- X Segregate individuals who have been topically contaminated by a liquid from unaffected individuals. Send affected individuals to a designated area medical attention.
- X Follow standard student assembly, accounting and reporting procedures.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

- X Initiate **SHELTER IN PLACE**.
- X Shut off HVAC units.
- X Move to central location where windows and doors can be sealed with duct tape.
- X Call 911. Provide location and nature of the emergency and school actions taken.
- X Notify Director of Operations and Technology of the situation.
- X Turn on a battery-powered commercial radio and listen for instructions.

- X Remain inside the resource center until the Department of Health or Fire Department determines it is safe to leave.
- X Arrange for psychological counseling for students and staff.

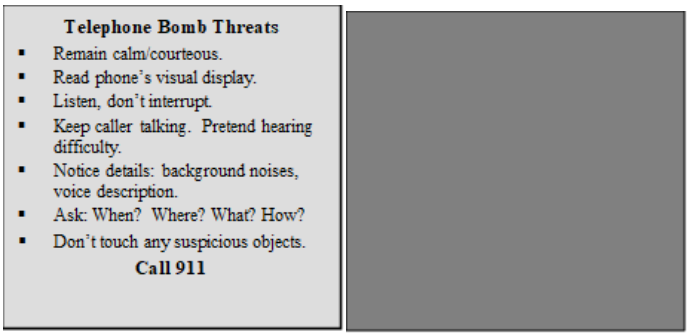
Inside the Resource Center

STAFF ACTIONS:

- X Notify the ~~School Coordinator~~School Administrator or Safety Ambassador.
- X Segregate individuals who have been topically contaminated by a liquid from unaffected individuals.
- X Implement **EVACUATION** or **EMERGENCY MEETING AREA EVACUATION**, as appropriate. Send affected individuals to a designated area for medical attention.
- X Follow standard student assembly, accounting and reporting procedures.
- X Prepare a list of those who are in the affected area to provide to emergency response personnel.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

- X Initiate **EVACUATION** of the resource center or **EMERGENCY MEETING AREA EVACUATION** to move students away from immediate vicinity of danger.
- X Move up-wind from the potential danger.
- X Call 911. Provide exact location and nature of emergency.
- X Designate security team to isolate and restrict access to potentially contaminated areas.
- X Wait for instructions from emergency responders-- Health or Fire Department.
- X Notify Director of Operations and Technology of the situation.
- X Arrange for immediate psychological counseling for students and staff.
- X Wait to return to the resource center until it has been declared safe by local HazMat or appropriate agency.



THOSE WHO HAVE DIRECT CONTACT WITH BIOLOGICAL AGENT:

- X Wash affected areas with soap and water.
- X Immediately remove and contain contaminated clothing
- X Do not use bleach on potentially exposed skins.
- X Remain in safe, but separate area, isolated from those who are unaffected, until emergency response personnel arrive.

EMERGENCY RESPONSE:–BOMB THREAT

Formatted: Font: Not Bold, Font color: Accent 1

In the event that the school receives a bomb threat by telephone, follow the Bomb Threat Checklist on the next page to document information about the threat. Keep the caller on the telephone as long as possible and listen carefully to all information the caller provides. Make a note of any voice characteristics, accents, or background noises and complete the Bomb Threat Report as soon as possible.

PERSON RECEIVING THREAT BY TELEPHONE:

- X Listen. Do not interrupt caller.
- X Keep the caller on the line with statements such as "*I am sorry, I did not understand you. What did you say?*"
- X Alert someone else by prearranged signal to notify the telephone company to trace the call while the caller is on the line.
- X Notify Safety Ambassador immediately after completing the call.
- X Complete the Bomb Threat Checklist.

PERSON RECEIVING THREAT BY MAIL:

- X Note the manner in which the threat was delivered, where it was found and who found it.
- X Limit handling of item by immediately placing it in an envelope so that fingerprints may be detected. Written threats should be turned over to law enforcement.
- X Caution students against picking up or touching any strange objects or packages.
- X Notify the ~~School Coordinator~~School Administrator or Safety Ambassador.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

- X Call 911.
- X If the caller is still on the phone, contact the phone company to trace the call. Tell the telephone operator the name of school, name of caller, phone number on which the bomb threat came in. This must be done quickly since the call cannot be traced once the caller has hung up.
- X Instruct staff and students to turn off any pagers, cellular phones or two-way radios. Do not use those devices during this threat since explosive devices can be triggered by radio frequencies.
- X Determine whether to evacuate the threatened resource center and adjoining buildings. If the suspected bomb is in a corridor, modify evacuation routes to bypass the corridor.
- X Use the intercom, personal notification by designated persons, or the PA system to evacuate the threatened rooms.
- X If it is necessary to evacuate the entire school, use the fire alarm.
- X Notify the Director of Operations and Technology of the situation.
- X Direct a search team to look for suspicious packages, boxes or foreign objects.
- X Do not return to the resource center until it has been inspected and determined safe by proper authorities.
- X Avoid publicizing the threat any more than necessary.

SEARCH TEAM ACTIONS:

- X Use a systematic, rapid and thorough approach to search the resource center and surrounding areas.
- X Check the resource center and work areas, public areas (foyers, bathrooms and stairwells), unlocked closets, exterior areas (shrubbery, trash cans, debris boxes) and power sources (computer rooms, gas valves, electric panels, telephone panels).
- X If suspicious item is found, make no attempt to investigate or examine object.

STAFF ACTIONS:

- X Evacuate students as quickly as possible, using primary or alternate routes.
- X Upon arrival at the designated safe emergency meeting area, take attendance. Notify the ~~School Coordinator~~School Administrator/Safety Ambassador of any missing students.
- X Do not return to the resource center until emergency response officials determine it is safe.

BOMB THREAT PROCEDURES

This quick reference checklist is designed to help employees and decision makers of commercial facilities, schools, etc. respond to a bomb threat in an orderly and controlled manner with the first responders and other stakeholders.

Most bomb threats are received by phone. Bomb threats are serious until proven otherwise. Act quickly, but remain calm and obtain information with the checklist on the reverse of this card.

If a bomb threat is received by phone:

1. Remain calm. Keep the caller on the line for as long as possible. DO NOT HANG UP, even if the caller does.
2. Listen carefully. Be polite and show interest.
3. Try to keep the caller talking to learn more information.
4. If possible, write a note to a colleague to call the authorities or, as soon as the caller hangs up, immediately notify them yourself.
5. If your phone has a display, copy the number and/or letters on the window display.
6. Complete the Bomb Threat Checklist immediately. Write down as much detail as you can remember. Try to get exact words.
7. Immediately upon termination of call, DO NOT HANG UP, but from a different phone, contact authorities immediately with information and await instructions.

If a bomb threat is received by handwritten note:

- Call _____
- Handle note as minimally as possible

If a bomb threat is received by e-mail:

- Call _____
- Do not delete the message.

Signs of a suspicious package:

- No return address
- Excessive postage
- Stains
- Strange odor
- Strange sounds
- Unexpected delivery
- Poorly handwritten
- Misspelled words
- Incorrect titles
- Foreign postage
- Restrictive notes

** Refer to your local bomb threat emergency response plan for evacuation criteria*

DO NOT:

- Use two-way radios or cellular phone. Radio signals have the potential to detonate a bomb.
- Touch or move a suspicious package.

WHO TO CONTACT (Select One)

- **911**
- **Follow your local guidelines**

EMERGENCY RESPONSE~~: FLOOD~~: FLOOD

Formatted: Font: Not Bold, Font color: Accent 1

Flooding could threaten the safety of students and staff whenever storm water or other sources of water threaten to inundate the resource center. Flooding may occur if a water pipe breaks or prolonged rainfall causes urban streams to rise. Flooding may also occur as a result of damage to water distribution systems such as failure of a dam or levee. If weather-related, an alert message will be broadcast over the weather radio station.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

- X Issue **STAND BY** instruction. Determine if evacuation is required.
- X Notify local police department of intent to **EVACUATE**, the location of the emergency meeting area and the route to be taken to that location.
- X Delegate a search team to assure that all students have been evacuated.
- X Post a notice on the resource center door stating where the school has relocated and inform the Sorrento Mesa RC.
- X Monitor local AM radio weather station for flood information.
- X Notify the Director of Operations and Technology of school status and action taken.
- X Do not allow staff and students to return to the resource center until proper authorities have determined that it is safe to do so.

STAFF ACTIONS:

- X If warranted, **EVACUATE** students using the evacuation plan. Take the attendance roster, emergency backpack and student comfort kits. Check attendance before leaving the resource center.
- X Remain with students throughout the evacuation process.
- X Upon arrival at the emergency meeting area, take attendance. Report any missing students to the ~~School Coordinator~~School Administrator/Safety Ambassador and emergency response personnel.
- X Do not return to the resource center until it has been inspected and determined safe by property authorities.

EMERGENCY RESPONSE~~: GAS~~: GAS ODOR / LEAK

Formatted: Font: Not Bold, Font color: Accent 1

Formatted: Font: Not Bold, Font color: Accent 1

All school personnel and custodians shall immediately report any gas odor or suspected gas leak to the Director of Operations and Technology. If an odor is detected outside the resource center, it may not be necessary to evacuate.

STAFF ACTIONS:

- X Notify the ~~School Coordinator~~School Administrator.
- X Move students from immediate vicinity of danger.
- X Do not turn on any electrical devices such as lights, computers, fans, etc.
- X If odor is severe, leave the area immediately.
- X If the resource center is evacuated, take student attendance and report any missing students to the ~~School Coordinator~~School Administrator/Safety Ambassador.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

- X If gas leak is internal, evacuate the resource center immediately.
- X Call 911.
- X Notify utility company.
- X Determine whether to move to alternate location.
- X If extended stay outdoors in inclement weather, contact the Director of Operations and Technology.
- X Do not return to the resource center until it has been inspected and determined safe by proper authorities.

EMERGENCY RESPONSE~~: HAZARDOUS~~: HAZARDOUS MATERIALS

Formatted: Font: Not Bold, Font color: Accent 1

The nature of the material and the proximity of the incident to the resource center will determine which emergency ACTION should be implemented. Police, Fire or Public Health Department may order **EVACUATION** of the school. See also **BIOLOGICAL AGENT RELEASE** and **CHEMICAL ACCIDENT**.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

- X Call 911, if necessary.
- X If there is a threat of airborne toxicity, shut-off ventilation system in affected area.
- X Initiate **EVACUATION.** Any toxic cloud that can affect students in their resource centers would very likely affect them outside the resource centers as well. If evacuating by foot, move crosswind to avoid fumes, never upwind or downwind.
- X Isolate anyone suspected of being contaminated with a substance that could be transferred to others until public safety personnel carry out decontamination procedures.
- X If time is available, initiate **Emergency Meeting Area Evacuation**. Move students and staff away from the path of the hazardous materials.
- X Notify Director of Operations and Technology.
- X Wait for instructions from emergency responders-- Health or Fire Department.
- X Do not allow the return of students to the resource centers or buildings until public safety officials declare the area safe.
- X Upon return to school, ensure that all resource centers are adequately aired.

TEACHER ACTIONS:

- X Follow standard student assembly, accounting and reporting procedures.
- X Report names of missing students to Sorrento Mesa RC.
- X Do not take unsafe actions such as returning to the resource center before it has been declared safe.

EMERGENCY RESPONSE~~: HOSTAGE~~: HOSTAGE SITUATION

Formatted: Font: Not Bold, Font color: Accent 1

Formatted: Font: Not Bold

Hostage situations may unfold rapidly in a variety of ways. Events may range from a single perpetrator with a single hostage to several perpetrators with many hostages. Specific actions by school staff will be limited pending arrival of law enforcement officers. It is their responsibility to bring the situation to a successful conclusion. When as much of the school has been evacuated as can be accomplished, school staff should focus on providing support as needed to the police department, communicating with parents, and providing counseling for students.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS

- X Call 911. Provide all known essential details of the situation:
  - Number of hostage takers and description
  - Type of weapons being used
  - Number and names of hostages
  - Any demands or instructions the hostage taker has given
  - Description of the area
- X Identify an assembly area for responding officers away from the hostage situation. Have school liaison wait at assembly area for police to arrive.
- X Protect resource center occupants before help arrives by initiating a **LOCKDOWN** or **EVACUATION** (or combination of both).
- X Secure exterior doors from outside access.
- X When police arrive, assist them in a quiet, orderly evacuation away from the hostage situation.
- X Gather information on students and/or staff involved and provide the information to the police. If the parent of a student is involved, gather information about the child.
- X Identify media staging area, if appropriate. Implement a hotline for parents.
- X Account for students as they are evacuated.
- X Provide recovery counseling for students and staff.

STAFF ACTIONS:

- X If possible, assist in evacuating students to a safe area away from the danger. Protect students by implementing a **LOCKDOWN**.
- X Alert the ~~School Coordinator~~School Administrator/Safety Ambassador.
- X Account for all students.

EMERGENCY RESPONSE~~: INTRUDER~~: INTRUDER

Formatted: Font: Not Bold, Font color: Accent 1

All public schools are required to post signs at points of entry to their resource centers. The following statement should be used on signage:

All visitors entering school grounds on school days between 7:30 a.m. and 4:30 p.m. must register at the front desk. Failure to do so may constitute a misdemeanor.

-- *California Penal Code Title 15, Chapter 1.1 § 627.2*

To prevent intruders on resource centers, keep doors secure, use sign-in sheets for visitors and cameras and staff to monitor entryways.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

- X Initiate **LOCKDOWN**.
- X Request intruder to leave the resource center. Remain calm. Be courteous and confident. Keep distance from the intruder. Speak in soft, non-threatening manner. Avoid hostile-type actions, except in cases when necessary to safeguard person or property. Listen to the intruder. Give him or her an opportunity to vent. Attempt to be helpful. When talking to the intruder, use phrases such as:
  - *"What can we do to make this better?'*
  - *"I understand the problem, and I am concerned."*
  - *"We need to work together on this problem."*
- X As soon as the conversation or actions of the individual become threatening or violent, call 911 immediately. Provide description and location of intruder.
- X Keep subject in view until police or law enforcement arrives.
- X Take measures to keep subject away from students and the resource center.
- X Designate an administrator or staff member to coordinate with public safety at their command post; provide a resource center map/exit plan and keys to public safety personnel.
- X When scheduling a meeting with an individual known to be aggressive, arrange for another staff member or student resource officer to be present.
- X Be available to deal with the media and bystanders and keep the resource center clear of visitors.

STAFF ACTIONS:

- X Notify the ~~School Coordinator~~School Administrator/Safety Ambassador. Provide description and location of the intruder. Visually inspect the intruder for indications of a weapon.

X Keep intruder in view until police or law enforcement arrives. Stay calm. Do not indicate any threat to the intruder.

X Isolate intruder from students. Lock the resource center ~~and office~~ doors. Close blinds and stay clear of windows and panes of glass. Remain inside rooms until the **ALL CLEAR** instruction is announced.

EMERGENCY RESPONSE~~: UTILITY~~: UTILITY FAILURE

Formatted: Font: Not Bold, Font color: Accent 1

Failure of any of the utilities (electricity, gas, water) during school hours constitutes a condition that must be dealt with on a situational basis. Advance notice may be received from a utility company regarding loss of service. In many cases, such loss of service will be of short duration and require no special action other than notifying staff of the temporary interruption of service.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR:

- X Notify utility company. Provide the following information:
- X Determine length of time service will be interrupted.
- X Determine desired action, which may include relocation of students and staff, notification of parents, and alternate food service.
- X If disruption in service will severely hamper school operation, notify students and staff by appropriate means.
- X Use messengers with oral or written word as an alternate means of faculty notification.
- X Notify ~~District Office~~Sorrento Mesa RC of loss of service.
- X Implement plan to provide services without utilities or with alternate utilities.

EMERGENCY RESPONSE~~: THREATS~~: THREATS / ASSAULTS

Formatted: Font: Not Bold, Font color: Accent 1

Threats occur when a belligerent or armed person on the resource centers bullies, intimidates or coerces others, targeting an individual, particular group or the entire school community. Threats are presented as overt hostility. They may be received by written note, email communication, phone call or orally. The procedure below applies to an oral threat.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

- Assess the type of threat to determine the level of risk to the safety of students and staff. In categorizing the risk, attempt to determine:

1) Is the individual moving towards violent action?
2) Is there evidence to suggest movement from thought to action?
    - High violence potential qualifies for arrest or hospitalization.
    - Safety is endangered when there is: (a) sufficient evidence of repetitive/ intentional infliction of emotional distress upon others; or (b) sufficient evidence of the unintentional infliction of emotional distress upon others.

X Notify police (dial 911), if the safety of students or staff is endangered. Provide exact location and nature of incident and school response actions.

X Isolate the threatening person from other students and staff, if it is safe to do so. Initiate appropriate response actions, which may be **LOCKDOWN** or **EVACUATION**. Cancel all outside activities.

X Respond to students who are prone to overt displays of anger in a calm, non-confrontational manner. If an immediate threat is not clearly evident, attempt to diffuse the situation.

X If an individual is armed with any type of weapon, USE EXTREME CAUTION. Do not attempt to remove the weapon from the possession of the individual. Allow police to do so.

X Facilitate a meeting with student(s) and family to review expectations.

X Facilitate a staff meeting to review plans for keeping school safe. Enlist the support of community service providers.

STAFF ACTIONS:

X If any students are outside, move them inside the resource center or away from the location of the threat/assault. If unable to do so, have students lie down and cover their heads. Keep students calm.

X Inside the resource center, institute **LOCKDOWN**. Close all curtains and blinds.

X Disconnect the school television system in resource centers so the individual cannot view news coverage and see locations of police/students/etc.

X Remain with students until **ALL CLEAR** is given.

EMERGENCY RESPONSE~~: IRRATIONAL~~: IRRATIONAL BEHAVIOR

Formatted: Font: Not Bold, Font color: Accent 1

A risk to the life and safety of students and staff may exist there is a serious display of disordered thought or behavior. Possible symptoms include: hallucinations, extreme paranoia, impaired judgment that may lead to unsafe decision-making and dangerous behavior (to self or others), incoherent or disjointed speech and self-injurious behavior such as: hitting head, cutting self. Attempts should be made to use de-escalation strategies, calming techniques (e.g., deep breathing), and to implement behavior plans, crisis plans or strategies in IEP, if in place.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

- X Keep the individual under continuous adult supervision.
- X Keep the individual in the resource center until parent/guardian has been notified.
- X Arrange appropriate support services for necessary care of individual.
- X If the individual actively displays dangerous behavior or there is reason to believe the student cannot be safely transported, call agencies as appropriate to coordinate emergency mental health services (e.g., mental health facilities, juvenile court, law enforcement).
- X School professional (psychologist, counselor, social worker, nurse) should recommend next steps to the ~~School Coordinator~~School Administrator. The next steps may include:
  - Provide parents/guardian with the names and phone numbers of mental health resources
  - Recommend that the parents make an immediate contact with a therapist.
  - Request that parents/guardian to sign release forms to allow two-way communication between the school and the treating agency.
- X Make a follow-up check with the treating agency, family and student as appropriate, to ensure that appropriate care has been arranged.
- X Provide follow-up collaborative support for the student and parents (as indicated) within the school
- X Develop a safety plan prior to the student's return to school.
- X Document actions taken on behalf of the student (referrals, phone contacts, follow-up activities, etc.)

STAFF ACTIONS:

X Take immediate action to isolate the individual and provide safety to the student body. Do not leave the irrational individual alone.

X Notify the ~~School Coordinator~~School Administrator/Safety Ambassador.

X Notify school nurse, school psychologist, counselor or social worker.

X Protect individual from injury.

EMERGENCY RESPONSE: EXPLOSION

Formatted: Font: Not Bold, Font color: Accent 1

Emergency response will depend on the type of explosion (smoke bomb, chemical lab incident, etc.) and proximity to the school. All students should be kept away from the explosion and under supervision.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

- Determine whether emergency meeting area evacuation should be implemented. If so, sound fire alarm. This will automatically implement action to **EVACUATE** the resource center. **EVACUATION** may be warranted in some resource centers but others may be used for **SHELTER IN PLACE**.
- Notify Fire Department (call 911). Provide school name, address, exact location within the building, your name and phone number and nature of the emergency.
- Secure area to prevent unauthorized access until the Fire Department arrives.
- Advise the Director of Operations and Technology of school status. Notify emergency response personnel of any missing students.
- Notify utility company of breaks or suspected breaks in utility lines or pipes. Provide school name, address, location within building, your name and phone.
- Direct a systematic, rapid and thorough approach to search the building and surrounding areas. Check resource centers and work areas, public areas (foyers, ~~offices,~~ bathrooms and stairwells), unlocked closets, exterior areas (shrubbery, trash cans, debris boxes) and power sources (computer rooms, gas valves, electric panels, telephone panels).
- Determine if Student Release should be implemented. If so, notify staff, students and parents.
- If damage requires the school to be closed, notify parents and staff of school status and alternate location for resource center instruction. Do not return to the resource center until it has been inspected and determined safe by proper authorities.

STAFF ACTIONS:

X Initiate **DROP, COVER AND HOLD ON**.

X If explosion occurred inside the resource center, **EVACUATE** to outdoor assembly area. Keep students and staff at a safe distance from the resource center and away from fire-fighting equipment.

X Check to be sure all students have left the resource center. Remain with students throughout evacuation process.

X Upon arrival at assembly area, check attendance. Report status to Safety Ambassador immediately.
X Render first aid as necessary.
X Do not return to the resource center until the emergency response personnel determine it is safe to do so.
X If explosion occurred in the surrounding area, initiate **SHELTER IN PLACE**. Keep students at a safe distance from site of the explosion.

EMERGENCY RESPONSE~~: PANDEMIC~~: PANDEMIC INFLUENZA

Formatted: Font: Not Bold, Font color: Accent 1

Influenza is a highly contagious viral disease. Pandemic influenza differs from both seasonal influenza (flu) and avian influenza in the following aspects:

- It is a rare global outbreak which can affect populations around the world.
- It is caused by a new influenza virus to which people do not have immunity.
- Depending upon the specific virus, it can cause more severe illness than regular flu and can affect young healthy people more so than older, sick people.

The Department of Health and Human Services will take the lead in mobilizing a local response to pandemic influenza. Public health alerts will be reported to schools and the community. Individual schools may be closed temporarily to contain spread of the virus.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

- x Activate heightened surveillance of illness within school location. Gather data on symptoms of students and staff who are sick at home.
- x Insure that students and staff members who are ill stay home.
- x Send sick students and staff home from school immediately.
- x Provide fact sheets and guidelines for school families to make them aware of symptoms and remind them of respiratory hygiene etiquette
- x Monitor bulletins and alerts from the Department of Health and Human Services.
- x Keep staff informed of developing issues.
- x Assist the Department of Health and Human Services in monitoring outbreaks.
- x Respond to media inquiries regarding school attendance status.
- x Implement online education, if necessary, so that students can stay home.
- x Maintain surveillance after the initial epidemic in the event a second wave passes through the community.

Respiratory Hygiene Etiquette

- Cover your cough and sneeze with a tissue
- Wash hands with soap and water or a waterless hand hygiene product
- Place used tissues into a sealed bag

STAFF and STUDENT ACTIONS:

- x Stay home when ill with cough or other flu-like symptoms (chills, fever, muscle aches, sore throat).
- x Practice "respiratory hygiene etiquette".
- x Disinfect surfaces contaminated with infected respiratory secretions with a diluted bleach solution (1 part bleach to 100 parts water).
- x Implement online homework assignments so that students can stay home.

EMERGENCY RESPONSE~~: ACTIVE~~: ACTIVE SHOOTER/ARMED ASSAILANT

ACTIVE SHOOTER / ARMED ASSAILANT SITUATIONS

"*Active shooter situations*" are defined as those where an individual or individuals is "actively engaged in killing or attempting to kill people in a confined and populated area." *Active shooters / armed assailants frequently use firearms, but attacks of this type can also be made with other types of weapons (knifes, swords, etc.). These situations* are unpredictable and evolve quickly. Because of this, individuals must be prepared to deal with an *active shooter / armed assailant situation* before law enforcement personnel arrive on the scene.

No single response fits all *active shooter / armed assailant situations*; therefore, it is essential all members of the school staff know their options for response and are prepared to act decisively to protect their students and themselves.

ACTIONS – ALL SCHOOL STAFF

1. All employees are authorized to **take immediate action** to protect themselves and students if they see or hear anything that causes them to believe an active shooter / armed assailant situation is occurring or is to about to occur.

    a. **Act immediately** if you or your students:
        - hear a sound that might be gunfire.
        - see something that looks like a weapon being carried or used on or near the campus.
        - sense any other indication of active shooter / armed assailant threat.

    b. **Quickly evaluate** which option (Run, Hide or Fight) will best protect you and your students.

    c. **Be decisive.** Communicate your plan to your students and act quickly.

    d. **Call 911 and the ~~School Office~~Sorrento Mesa RC** as soon as it is safe to do so.

2. **Options~~: *Run*~~: Run, *Hide or Fight***

    a. **Run:** If you can get yourself and your students safely away from danger, do so immediately.
        - Do not evacuate unless you…
            - know with certainty, the exact location of assailant (do not trust unofficial, second hand accounts),
            - **and** can visualize a route that will get your students and yourself safely off campus.

- Don't carry anything with you.
  - Police may mistake an item in your hands as a weapon.
  - Leave everything behind.
- If you encounter people along the way…
  - Adults: Warn them and take them with if you can but don't stop if they refuse to come.
  - Students: Warn any students you encounter and take them with if you. You may use reasonable force to take a student with you *if you can do so without endangering yourself or the other students in your care*.
- Place terrain and buildings between you and the assailant to cover your escape.
- Keep going until you are certain you are out of danger.
- Call 911 as soon as it is safe to do so.
- Keep your students with you. Call (insert phone number) to report your location and obtain instructions.

Formatted: Font: 12 pt, No underline

Formatted: Font: 12 pt

b. Hide: If you do not know the exact location of the assailant, get your students and yourself into the most secure location available and LOCKDOWN.

- Lock the doors
- Close and lock windows and close blinds or cover windows;
- Turn off lights;
- Barricade the doors with heavy furniture; be sure your barricade covers any glass in or near the door;
- Silence all electronic devices;
- Remain silent;
- Position occupants spread out and out of line of site from room entrance.
- Prepare to take action if the assailant attempts to get in the room;
- Use text or email to communicate your location, the number of students or staff with you, if you have any wounded and the extent of the injuries;
- Call 911 as soon as it is safe to do so.
- Remain in place until evacuated by identifiable law enforcement officers.

c. **FIGHT~~: Never~~: Never seek out confrontation with an active shooter / armed assailant.** If you are confronted by an active shooter / armed assailant and you have no safer option, take immediate action to disrupt or incapacitate the assailant. **If you choose the FIGHT option, commit to your actions.**

Formatted: Font: 12 pt

- If you are in LOCKDOWN (Hide), prepare yourself and your students for the possibility that the assailant may attempt to get in the room you are in.
  - Construct a strong barricade.

- If you have another way out (a window or back door) use it while the assailant is attempting to get in.
- If no other exit is available be prepared to disrupt the assailant by throwing objects at the assailant <u>and</u> running for the exit as soon as the assailant enters the room.
    a. Use items in the environment as improvised weapons (fire extinguishers, staplers, books, cups, etc.)

- Staff members may consider using aggressive and violent force to surprise and overwhelm the assailant.

3. **Call 911 and initiate a school-wide LOCKDOWN** announcement as soon as you can do so safely. Work with the people you are with to do both calls simultaneously if possible.

    a. Provide as much information as possible (slow down – be calm):
        - State the emergency: "I hear gunfire." "I saw…"
            - Give information on people who are wounded.
        - Location of the assailant (if known):
        - Description of the assailant (if known):
        - Your precise location: "room __"
        - The number of children with you:
    b. Keep the line open, even if you can't talk, unless instructed by the dispatcher to end the call.

4. Special Topics

    a. <u>Injuries</u>: Your response to injured persons will need to vary given the specific circumstances that are present and the response option (Run, Hide or Fight) you are engaged in.

        - *Run* – If you encounter injured persons while you are trying to get out of danger…
            - And you have children with you, you must place their safety ahead of the injured person. Take note of where the injured person is and report the location as soon as you get to safety.

        - *Hide* – If someone is injured where you are hiding, secure the room before tending to the wounded.
            - As soon as it is safe to do so, apply first aid using any supplies that are available. If necessary, use articles of clothing as improvised dressing for wounds and apply direct pressure to control bleeding.

- *Fight* – This is always the option of last resort because the probability of injury is highest when you are in close proximity to the assailant. Commit to your plan. Do not stop to tend to the wounded until it is safe to do so.
    - If you're intention is to disrupt the assailant to allow as many people to escape as possible, stick to that plan.
    - If your plan is to incapacitate the assailant, keep fighting until the assailant is incapacitated and the weapon and assailant are under control.

b. Law Enforcement: If you encounter law enforcement officers…
- Immediately raise your hands in the air and display your open palms.
- Don't run up to officers or attempt to hug or talk to them.
- Don't talk unless they ask you a question.
- Do exactly what they tell you to do.

c. Weapons: If the assailant loses control of a weapon, exercise extreme care when securing it:
- Do not pick up the weapon. Law enforcement may shoot you if they see you holding a weapon.
- Secure the weapon by placing an empty trash can over it and sliding it to a location where it can be kept covered and under control until a law enforcement officer can take possession of it.

d. Ongoing Communication: (School and district staff should develop means to safely provide updates to staff to keep them informed during the incident.)

e. School Activities: (School locations must also plan for and train all district / RC staff involved with student activities and extracurricular programs.)

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATORS/SAFETY AMBASSADOR ACTIONS:

- Follow the ~~All-Staff~~All-Staff guidance described above.
- Call 911 and initiate a **LOCKDOWN** announcement as soon as you can do so safely. Work with nearby staff to do them simultaneously if at all possible.
    - Include as much actionable information on the announcement as possible.
        - *Example "LOCKDOWN, LOCKDOWN, LOCKDOWN. Man with a gun on campus. LOCKDOWN now."*
    - If you have surveillance capabilities, and can safely provide real time announcements, broadcast continuous and accurate information on the location of the assailant. This will disrupt and distract the assailant. It will also provide people in the resource center with information they can use to better evaluate their options.

Formatted: Font: 12 pt

Formatted: Font: 12 pt

- *Example: "The gunman is now in the D wing headed south. He is armed with a shotgun and is wearing a hooded jacket and blue jeans."*

- Notify the ~~corporate office~~Sorrento Mesa RC after you call 911.
- If possible, assist emergency personnel.
  - Assist police in entering the school;
  - Provide officers with keys, maps and any other information requested.

DISTRICT STAFF ACTIONS

- **Emergency Operations Center (EOC)**
  - Activate the district's Emergency Operations Center
  - Dispatch a back-up ICS team to take over responsibility for ICS functions from RC staff who will be impacted by this emergency.

- **Emergency Area Reunification**
  - The Operations Section should prepare an emergency evacuation area for reunification.
    - This should be at a location large enough to accommodate the evacuation, with parking available for parents coming to get their kids. Movie theater complexes work well for this type of emergency.
    - Once the assailant is neutralized emergency responders will begin to treat and evacuate the wounded.
    - School staff and students will remain in lockdown until evacuated on a room-by-room basis.
    - Vans should be placed on standby for evacuation.
    - Teams and materials should be mobilized to conduct an orderly reunification in which all students and staff are accounted for.

- **Crisis Intervention**
  - A Mental Health strike team should also be assembled to assist with stabilizing acutely impacted students, staff and parents during reunification.
  - This team will also provide ongoing support throughout the recovery phase of the emergency response.
  - Psychoeducational materials should also be developed / selected by the Planning Section for distribution to parents and other caregivers to assist them in supporting crisis recovery.
  - Mental Health staff should also be involved in plans related to reopening the school following an active shooter / armed assailant event.

EMERGENCY RESPONSE: -FIRE (Outside Fire/Wildfire)

Formatted: Font: Not Bold, Font color: Accent 1

A fire in an adjoining area, such as a wildland fire, can threaten the school building and endanger the students and staff. Response actions are determined by location and size of the fire, its proximity to the school and the likelihood that it may endanger the school community.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

- X Determine if **EVACUATION** of school location is necessary.
- X Contact local fire department (call 911) to determine the correct action for your school location.
- X If necessary, begin evacuation of school location to previously identified safe location using school evacuation plan. If needed, contact van dispatch for **EMERGENCY EVACUATION**.
- X Direct inspection of premises to assure that all students and personnel have left the building.
- X Notify the school district where the school has relocated and post a notice on the ~~office~~resource center door stating the temporary new location.
- X Monitor radio station for information.
- X Do not return to the building until it has been inspected and determined safe by proper authorities.

STAFF ACTIONS:

- X If students are to be evacuated, take attendance to be sure all students are present before leaving the building location.
- X Stay calm. Maintain control of the students a safe distance from the fire and firefighting equipment.
- X Take attendance at the assembly area. Report any missing students to the ~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR and emergency response personnel.
- X Remain with students until the building has been inspected and it has been determined safe to return to.

ADDITIONAL STEPS FOR THE SCHOOL:

FIRE (WILDFIRE)

Formatted: Font: Not Bold, Font color: Accent 1

Should a wildfire endanger the students or staff, it is important to work with the local fire department, act quickly and decisively to prevent injuries and damage to property.
In evolving situations, local authorities may not issue an evacuation warning or order early in the event, only to do so later when the event poses a greater threat. To best ensure the safety of your staff and students, school administrators should work in conjunction with local fire and law enforcement to evaluate these events relative to your school's unique characteristics, such as facility age and construction, transportation dependencies, ingress and egress options and capacity, level of defensible space around your structures, and surrounding topography. It may be best for some schools to issue an early dismissal and voluntarily evacuate due to unique characteristics and circumstances.

If a wildfire is near campus, fire personnel may suggest a voluntary evacuation or call for a mandated early dismissal, external evacuation, shelter-in-place or a campus closure. Schools should have procedures in place for each of these possibilities.

BEFORE

Goals:

1. Coordinate with local fire department to develop procedures that facilitate an effective and efficient wildfire response
2. Develop the capacity of staff to lead students through appropriate response options
3. Prevent the risk of injury to individuals and damage of property from wildfire

Objective(s):

Goal 1 Objectives

a) Coordinate with local fire department to ensure an effective response to a Wildfire
b) Develop procedures for voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and campus closure
c) Develop a clear chain of command with staff

Goal 2 Objectives

a) Train staff on the different wildfire response actions: voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and campus closure

Goal 3 Objectives

a) Store combustible materials in fireproof containers
b) Follow Fire Code and district rules regarding fire prevention

c) Provide fire prevention training to staff
d) Hold Fire Drills
a) Maintain an adequate supply of fire extinguishers
b) Ensure proper maintenance of fire prevention equipment

Courses of Action: ~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

Goal 1 Actions

a) Meet, plan and train with local fire department to ensure an effective response to a Wildfire. Plan for potential voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and campus closure
b) Develop location specific procedures to engage in a voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and campus closure
c) Use the San Diego County "School Protection and Evacuation Plan (SPEP), available on the San Diego County Office of Education website, to develop location specific plans

Goal 2 Actions

a) Provide training to staff on wildfire response actions including: voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and campus closure

Goal 3 Actions

a) Provide fire prevention materials to staff and provide a brief fire prevention training at the beginning of the year as part of training on the Comprehensive School Safety Plan
b) Ensure combustible materials are stored in fireproof containers
c) Provide fire prevention materials to before/after school program staff
d) Hold fire extinguisher training for staff
e) Ensure adequate supply of fire extinguishers are appropriately maintained on campus
f) Hold required number of fire drills and vary the situation to improve staff and student response

STAFF ACTIONS

Goal 2 Actions

a) Take fire extinguisher training or read about/watch video on how to use a fire extinguisher
b) Read any fire prevention and wildfire response materials provided by administration

Goal 3 Actions

a) Participate and lead students in fire drills
b) Refrain from bringing unapproved combustible materials (cleaning and other chemicals) onto campus
c) Become familiar with and only use Fire Marshall approved fire retardant classroom decorations

DURING

Goals:

1. While coordinating with local fire department/jurisdiction's incident command, protect life and implement appropriate wildfire response actions

Objective(s):

Goal 1 Objectives

a) Conduct appropriate wildfire response actions in a timely manner
b) Conduct accountability procedures in a timely manner
c) Activate school location Incident Command Team, as necessary

Courses of Action:

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

Goal 1 Actions

a) Work with the ~~district office~~Sorrento Mesa RC, local fire department and other responders to determine best course of action
b) Use the "Wildfire Evacuation Decision Tree" following this section.
c) Use the "Get Smart about Wildfire Smoke – Clear Guidelines for Schools and Wildfire Smoke" in Hazard Annexes
d) Communicate plan of action to staff and students:
   - voluntary evacuation
   - early dismissal
   - mandatory evacuation
   - shelter-in-place
   - campus closure

e) Consider the following while implementing response action

- Supplies (have staff bring emergency supplies, especially first aid kits and communication devices)
- Food and water
- Transportation
- Security and Safety
- Communications

f) Contact families to notify of planned course of action

g) Activate school Incident Command Team, as necessary

- Reunification Team

h) Ensure all staff and students are accounted for

i) Ensure that access roads are kept open for emergency vehicles

j) Based on the situation, delegate staff to turn off and unplug any electrical devices left behind and/or have facilities turn off electricity

k) Do not allow staff and students to return to the building until the Fire Department declares that it is safe to do so

Goal 2 Actions

a) Remind staff to close doors when exiting classrooms~~/offices~~

b) Notify appropriate utility company of suspected breaks in utility lines or pipes.

c) Notify fire department of any hazards or vulnerabilities that could hinder their response or cause further damage (chemicals, wires, equipment, etc.)

- Provide SDS sheets of any chemicals on campus/in the area of the fire to the fire department upon arrival

d) Notify~~ District Office~~ the Sorrento Mesa RC of situation

STAFF ACTIONS:

Goal 1 Actions

a) Follow the directions of the Incident Command to carry out necessary response action: voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and campus closure
b) If evacuating or sheltering-in-place, take emergency backpack and student kits
c) Maintain control of the students a safe distance from the fire and firefighting equipment
d) Take attendance. Report missing students to the ~~School Coordinator~~School Administrator/designee and emergency response personnel
e) Maintain supervision of students until the Fire Department determines it is safe to return to the school building or they are reunified with family
f) Serve in any designated position on the Incident Command Team

a) Shut ~~classroom or office~~ RC door after all individuals have exited
b) Provide information to the ~~School Coordinator~~School Administrator/Safety Ambassador regarding any hazards or vulnerabilities noticed while evacuating (chemicals, exposed wires, equipment that might be hazardous, etc.)

AFTER

Goals:

1. Effectively communicate to all stakeholders
2. Determine campuses' bomb threat response strengths, areas from improvement and steps to improvement

Objective(s):

Goal 1 Objectives

a) Provide information to staff, parents, and students
b) Provide information to ~~district office~~the Sorrento Mesa RC
c) Provide information to media

Goal 2 Objectives

a) Conduct After-Action Report process

Courses of Action:

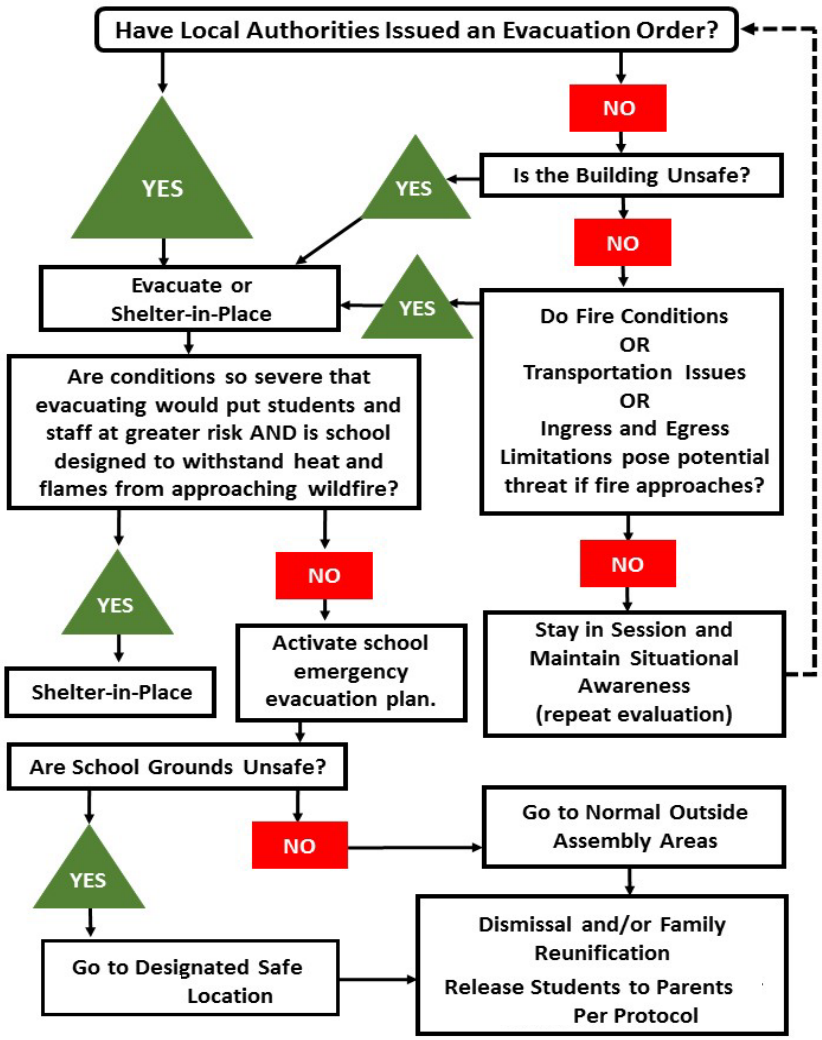
~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS

Goal 1 Actions

a) Provide critical information to the ~~district office~~Sorrento Mesa RC in order to develop effective key messages
b) Work with appropriate district department to write messages to inform parents, staff and the community about what happened
c) Work with appropriate district department to draft talking points for phone calls and media requests

Goal 2 Actions

a) Conduct an after-action report process and implement necessary actions for improving future responses
b) Gather stakeholders to debrief and engaged in process to identify strengths and weaknesses (areas for improvement) of response
c) Identify steps to improve future responses
d) Implement steps to improvement



STAFF ACTIONS

Goal 2 Actions

a) Participate in the after-action report process
a) Participate in any determined corrective actions discovered in the after-actions process

EMERGENCY RESPONSE~~: OPIOID~~: OPIOID ANTAGONIST-Naloxone Hydrochloride

Formatted: Font: Not Bold, Font color: Accent 1

Pursuant to California Education Code 49414.3, any school districts, county offices of education, and charter schools may provide emergency naloxone hydrochloride or another opioid antagonist to school nurses or trained personnel who have volunteered pursuant to subdivision (d), and school nurses or trained personnel may use naloxone hydrochloride or another opioid antagonist to provide emergency medical aid to persons suffering, or reasonably believed to be suffering, from an opioid overdose.

Altus Schools East County has established a Staff Naloxone Hydrochloride Emergency Training Plan and Program pursuant to CDE 49414.3 which includes safe and effective management of opioid-related overdoses. This plan is also incorporated into the school emergency preparedness and response plans.

PROCEDURES FOR PREVENTING OPIOID AND FENTANYL USE AND OVERDOSE

Formatted: Font: 14 pt, No underline, Font color: Accent 1

Formatted: Font: 14 pt, No underline

Altus Schools East County's primary goal in the fight against opioids and fentanyl use is prevention.
Altus Schools East County will use the following prevention strategies:

- Distribute materials to and/or discuss with students content conducive to preventing drug use/abuse such as, but not limited to:
  - How opioids and fentanyl affect the body's systems.
  - Refusal strategies
  - The signs and symptoms of use/abuse
  - The science of addiction
- Distribute safety advice to families regarding opioid overdose prevention.
- Creating a supportive, safe and orderly environment conducive to learning by regularly assessing school climate and using data to develop goals and objectives to address gaps.
- Providing training to staff on building protective factors in students, as well as recognizing the signs and symptoms of use/abuse.

SIX ESSENTIAL STEPS FOR INDIVIDUALS RESPONDING TO POSSIBLE OVERDOSE

Formatted: Font color: Accent 1

The following was developed and taken from The Department of Health and Human Services, Substance Abuse and Mental Health Services Administration document SAMHSA Opioid Overdose Prevention Toolkit.

Overdose is common among persons who use illicit opioids such as heroin and among those who misuse medications prescribed for pain such as oxycodone, hydrocodone, methadone, buprenorphine, and morphine. The incidence of opioid overdose is rising nationwide. In 2016, more than 42,000 of the drug overdose deaths in the United States involved some type of opioid, including heroin.

To address the problem, emergency medical personnel, health care professionals, school personnel, people who use drugs, and other community members who may witness and respond to an overdose are being trained in the use of the opioid antagonist medication naloxone, which can reverse the potentially fatal respiratory depression caused by opioid overdose. (Note that naloxone has no effect on non-opioid overdoses, such as those involving cocaine, benzodiazepines, or alcohol).

The steps outlined in this section are recommended to reduce the number of deaths resulting from opioid overdoses.

STEP 1: EVALUATE FOR SIGNS OF OPIOID OVERDOSE

Formatted: Font: 14 pt, Not Bold, No underline, Font color: Accent 1

Formatted: Font: 14 pt, Not Bold, No underline

Signs of OVERDOSE, which often results in death if not treated, include:

- Unconsciousness or inability to awaken.
- Slow or shallow breathing or breathing difficulty such as choking sounds or a gurgling/snoring noise from a person who cannot be awakened.
- Fingernails or lips turning blue/purple.

If an opioid overdose is suspected, stimulate the person:

- Call the person's name, tap the person's shoulders, clap your hands loudly in order to assess for level of consciousness.
- If this doesn't work, per Department of Health and Human Services (DHHS) recommendation, vigorously grind knuckles into the sternum (the breastbone in middle of chest).
- If the person responds, assess whether he or she can maintain responsiveness and breathing.
- Continue to monitor the person, including breathing and alertness, and try to keep the person awake and alert.
- If the person does not respond, call 911.
- Grab the Opioid Overdose Emergency Kit and Automatic External Defibrillator (AED).
- Provide rescue breathing if the person is not breathing on their own and administer one dose of naloxone.
- For students, instruct staff member to contact the parent/guardian or emergency contact on file.

STEP 2: CALL 911 FOR HELP

Formatted: Font: 14 pt, Not Bold, No underline, Font color: Accent 1

Formatted: Font: 14 pt, Not Bold, No underline

AN OPIOID OVERDOSE NEEDS IMMEDIATE MEDICAL ATTENTION.

Formatted: Font: Not Bold, Font color: Accent 1

An essential step is to get someone with medical expertise to see the person as soon as possible. If no emergency medical services (EMS) or other trained personnel is on the scene, activate the 911 emergency system immediately. All you have to say is "Someone is unresponsive and not breathing." Be sure to give a specific address and/or description of your location. After calling 911, follow the dispatcher's instructions. If appropriate, the 911 operator will instruct you to begin CPR (technique based on rescuer's level of training).

STEP 3: ADMINISTER NALOXONE

Formatted: Font: 14 pt, Not Bold, No underline, Font color: Accent 1

Formatted: Font: 14 pt, Not Bold, No underline

If the person overdosing does not respond within 2 to 3 minutes after administering a dose of naloxone, administer a second dose of naloxone.

Naloxone should be administered to anyone who presents with signs of opioid overdose or when opioid overdose is suspected. Naloxone is approved by the Food and Drug Administration (FDA) and has been used for decades by EMS personnel to reverse opioid overdose and resuscitate individuals who have overdosed on opioids. Research has shown that women, older people, and those without obvious signs of opioid use disorder are undertreated with naloxone

and, as a result, have a higher death rate. Therefore, it is also important to consider naloxone administration in women and the elderly found unresponsive with opioid overdose.

Naloxone can be given by intranasal spray and by intramuscular (into the muscle), subcutaneous (under the skin), or intravenous injection.
Altus Schools East County **uses intranasal spray.**

Formatted: Font color: Accent 1

All naloxone products are effective in reversing opioid overdose, including fentanyl-involved opioid overdoses, although overdoses involving potent (e.g., fentanyl) or large quantities of opioids may require more doses of naloxone.

DURATION OF EFFECT. The duration of effect of naloxone depends on dose, route of administration, and overdose symptoms and is shorter than the effects of some opioids. The goal of naloxone therapy should be to restore adequate spontaneous breathing, but not necessarily complete arousal.

Formatted: Font: Not Bold, Font color: Accent 1

More than one dose of naloxone may be needed to revive someone who is overdosing. People who have taken longer acting or more potent opioids may require additional intravenous bolus doses or an infusion of naloxone.

Comfort the person being treated, as withdrawal triggered by naloxone can feel unpleasant. Some people may become agitated or confused, which may improve by providing reassurance and explaining what is happening.

SAFETY OF NALOXONE. The safety profile of naloxone is remarkably high, especially when used in low doses and titrated to effect. When given to individuals who are not opioid intoxicated or opioid dependent, naloxone produces no clinical effects, even at high doses. Moreover, although rapid opioid withdrawal in opioid-tolerant individuals may be unpleasant, it is not life threatening.

Formatted: Font: Not Bold, Font color: Accent 1

Naloxone can be used in life-threatening opioid overdose circumstances in pregnant women.

The FDA has approved an injectable naloxone, an intranasal naloxone, and a naloxone auto-injector as emergency treatments for opioid overdose. People receiving naloxone kits that include a syringe and naloxone ampules or vials should receive brief training on how to assemble and administer the naloxone to the victim. The nasal spray is a prefilled, needle-free device that requires no assembly and that can deliver a single dose into one nostril. The auto-injector is injected into the outer thigh to deliver naloxone to the muscle (intramuscular) or under the skin (subcutaneous). Once turned on, the currently available device provides verbal instruction to the user describing how to deliver the medication, similar to automated defibrillators. Both the nasal

spray and naloxone auto-injector are packaged in a carton containing two doses to allow for repeat dosing if needed.

FENTANYL-INVOLVED OVERDOSES. Suspected opioid overdoses, including suspected fentanyl-involved overdoses, should be treated according to standard protocols. However, because of the higher potency of fentanyl and fentanyl analogs compared to that of heroin, multiple doses of naloxone may be required to reverse the opioid-induced respiratory depression from a fentanyl-involved overdose.
Many anecdotes report more rapid respiratory depression with fentanyl than with heroin, although other reports do not reflect such rapid depression.

Because of these effects, quicker oxygenation efforts and naloxone delivery may be warranted with fentanyl-involved overdoses compared with heroin-only overdoses. However, naloxone is an appropriate response for all opioid overdoses, including fentanyl-involved overdoses.

STEP 4: SUPPORT THE PERSON'S BREATHING

Formatted: Font: 14 pt, Not Bold, No underline, Font color: Accent 1

Formatted: Font: 14 pt, Not Bold, No underline

Ventilatory support is an important intervention and may be lifesaving on its own. Rescue breathing can be very effective in supporting respiration, and chest compressions can provide ventilatory support.

Rescue breathing for adults involves the following steps:

- Be sure the person's airway is clear (check that nothing inside the person's mouth or throat is blocking the airway).
- Place one hand on the person's chin, tilt the head back, and pinch the nose closed.
- Place your mouth over the person's mouth to make a seal and give two slow breaths.
- Watch for the person's chest (but not the stomach) to rise.
- Follow up with one breath every 5 seconds.

Chest compressions for adults involve the following steps:

- Place the person on his or her back.
- Press hard and fast on the center of the chest.
- Keep your arms extended.

STEP 5: MONITOR THE PERSON'S RESPONSE

Formatted: Font: 14 pt, Not Bold, No underline, Font color: Accent 1

Formatted: Font: 14 pt, Not Bold, No underline

All people should be monitored for recurrence of signs and symptoms of opioid toxicity for at least 4 hours from the last dose of naloxone or discontinuation of the naloxone infusion. People who have overdosed on long-acting opioids should have more prolonged monitoring.

Most people respond by returning to spontaneous breathing. The response generally occurs within 2 to 3 minutes of naloxone administration. (Continue resuscitation while waiting for the naloxone to take effect.)
Because naloxone has a relatively short duration of effect, overdose symptoms may return. Therefore, it is essential to get the person to an emergency department or other source of medical care as quickly as possible, even if the person revives after the initial dose of naloxone and seems to feel better.

SIGNS OF OPIOID WITHDRAWAL. The signs and symptoms of opioid withdrawal in an individual who is physically dependent on opioids may include body aches, diarrhea, tachycardia, fever, runny nose, sneezing, piloerection (gooseflesh), sweating, yawning, nausea or vomiting, nervousness, restlessness or irritability, shivering or trembling, abdominal cramps, weakness, tearing, insomnia, opioid craving, dilated pupils, and increased blood pressure. These symptoms are uncomfortable, but not life threatening. After an overdose, a person dependent on opioids should be medically monitored for safety and offered assistance to get into treatment for opioid use disorder.

Formatted: Font: Not Bold, Font color: Accent 1

If a person does not respond to naloxone, an alternative explanation for the clinical symptoms should be considered. The most likely explanation is that the person is not overdosing on an opioid but rather some other substance or may be experiencing a non-overdose medical emergency.

In all cases, support of ventilation, oxygenation, and blood pressure should be sufficient to prevent the complications of opioid overdose and should be given priority if the response to naloxone is not prompt.

DO'S AND DON'TS WHEN RESPONDING TO OPIOID OVERDOSE

- DO attend to the person's breathing and cardiovascular support needs by administering oxygen or performing rescue breathing and/or chest compressions.
- DO administer naloxone and utilize a second dose, if no response to the first dose.
- DO put the person in the "recovery position" on the side, if you must leave the person unattended for any reason.
- DO stay with the person and keep the person warm.
- DON'T slap or forcefully try to stimulate the person; it will only cause further injury. If you cannot wake the person by shouting, rubbing your knuckles on the sternum (center of the chest or rib cage), or light pinching, the person may be unconscious.
- DON'T put the person into a cold bath or shower. This increases the risk of falling, drowning, or going into shock.
- DON'T inject the person with any substance (e.g., saltwater, milk, stimulants). The only safe and appropriate treatment is naloxone.
- DON'T try to make the person vomit drugs that may have been swallowed. Choking or inhaling vomit into the lungs can cause a fatal injury.
- NOTE: All naloxone products have an expiration date, so it is important to check the expiration date and obtain replacement naloxone as needed.

STEP 6: ~~Additional Support~~ADDITIONAL SUPPORT

- Have the individual transported to the nearest medical facility, even if symptoms seem to get better.
- Debrief with students and staff present and assess further needs for support.
- Complete an Accident Report Form.

Follow up with assigned school nurse for additional support.

SUSPENSION AND EXPULSION POLICY AND PROCEDURES

3110

Suspension ~~/~~and Expulsion Policy and Procedures

***Amended*: May 5, 2009, February 16, 2022, December 7, 2022, June 22, 2023, February 28, 2024, June 26, 2024, February 27, 2025**

This Student Suspension and Expulsion Policy and Procedures has been established by the Board of Directors of Altus Schools Southern California in order to promote learning and protect the safety and well-being of all students at the following schools: Altus Schools Coachella Valley, Altus Schools East County, Altus Schools Mirus, Altus Schools North County, Altus Schools South Bay, Audeo Charter School II, and Audeo Valley Charter School ~~Audeo II, Audeo III, Audeo Valley Charter School, Altus Schools East County , Mirus Secondary School and Altus Schools South Bay,~~ (hereinafter collectively referred to as "Charter School").

In adopting this policy, the Charter School has reviewed Education Code Section 48900 *et seq.* which describes the offenses for which students at non-charter schools may be suspended or expelled and the procedures governing those suspensions and expulsions in order to establish its list of offenses and procedures for suspensions, expulsions and involuntary removal. The language that follows is largely consistent with the language of Education Code Section 48900 *et seq.* The Charter School is committed to annual review of policies and procedures surrounding suspensions, expulsions, and involuntary removals, and, as necessary, modification of the lists of offenses for which students are subject to suspension, expulsion, or involuntary removal.

Consistent with this Policy, it may be necessary to suspend or expel a student from regular classroom instruction. This shall serve as the Charter School's P~~p~~olicy and P~~p~~rocedures for student suspension, expulsion, and involuntary removal, and it may be amended from time to time without the need to seek a material revision of the charter so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary policies and procedures fairly and consistently among all students. This P~~p~~olicy and its P~~p~~rocedures will be printed and distributed annually as part of the Student Handbook which will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of the P~~p~~olicy, corporal punishment does not include an employee's use

of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

The Charter School administration shall ensure that students and their parents/guardians[1] are notified in writing upon enrollment of all discipline and involuntary removal policies and procedures. The notice shall state that the policy and procedures are available on request ~~at~~from the ~~School Coordinator~~School Administrator~~'s office~~. Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

Formatted: Font: 12 pt

Formatted: Font: 12 pt

A student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") will be subject to the same grounds for suspension and expulsion and will be accorded the same due process procedures applicable to general education students except when federal and state law requires additional or different procedures. The Charter School will follow all applicable federal and state laws including but not limited to the applicable provisions of the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian , and shall inform the student~~,~~ and the student's parent/guardian, of the basis for which the student is being involuntarily removed and the student's parent/guardian's~~,~~ right to request a hearing to challenge the involuntary removal. If a student's parent/~~-~~guardian requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent/ guardian requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct

[1] The Charter School shall ensure that a homeless child or youth's educational rights holder; a foster child or youth's educational rights holder, attorney, and county social worker; and an Indian child's tribal social worker and, if applicable, county social worker have the same rights as a parent or guardian to receive a suspension notice, expulsion notice, manifestation determination notice, involuntary transfer notice, involuntary removal notice, and other documents and related information. For purposes of this Policy and its Procedures, the term "parent/guardian" shall include these parties.

which may be grounds for suspension or expulsion as enumerated below. Students may be involuntarily removed for reasons including, but not limited to, failure to comply with the terms of the student's independent study Master Agreement pursuant to Education Code Section 51747(c)(4).

Procedures

A. Grounds for Suspension and Expulsion of Students

A student may be suspended or expelled for prohibited misconduct if the act is related to school activity or school attendance occurring at any time including but not limited to: a) while on school grounds; b) while going to or coming from school; c) during the lunch period, whether on or off the school campus; d) during, going to, or coming from a school sponsored activity.

B. Enumerated Offenses

1. Discretionary Suspension Offenses. Students may be suspended when the School Administrator or designee determines the student ~~for any of the following acts when it is determined the student:~~

a) Caused, attempted to cause, or threatened to cause physical injury to another person.

b) Willfully used force or violence upon the person of another, except self-defense.

c) Unlawfully possessed, used, or otherwise furnished, or was under the influence of any controlled substance, as defined in Health and Safety Code Sections 11053- 11058, alcoholic beverage, or intoxicant of any kind.

d) Unlawfully offered, arranged, or negotiated to sell any controlled substance as defined in Health and Safety Code Sections 11053-11058, alcoholic beverage or intoxicant of any kind, and then sold, delivered or otherwise furnished to any person another liquid substance or material and represented same as controlled substance, alcoholic beverage or intoxicant.

e) Committed or attempted to commit robbery or extortion.

f) Caused or attempted to cause damage to school property or private property, which includes but it not limited to electronic files and databases.

g) Stole or attempted to steal school property or private property, which includes but it not limited to electronic files and databases.

h) Possessed or used tobacco or products containing tobacco or nicotine products, including but not limited to cigars, cigarettes, miniature cigars, clove cigarettes, smokeless tobacco, snuff, chew packets and betel. This section does not prohibit the use of ~~his or her~~a student's own prescription products by a student.

i) Committed an obscene act or engaged in habitual profanity or vulgarity.

j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

~~k) Disrupted school activities or otherwise willfully defied the valid authority of supervisors, teachers, administrators, other school officials, or other school personnel engaged in the performance of their duties. This section shall only apply to students in any of grades 9-12, inclusive.~~

~~l)~~k) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases.

~~m)~~l) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

~~n)~~m) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

Formatted: Font: 12 pt

~~o)~~n) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

~~p)~~o) Engaged in or attempted to engage in hazing. For the purposes of this Policy~~subdivision~~, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or

prospective student. For purposes of this Policysection, "hazing" does not include athletic events or school-sanctioned events.

~~q)~~p) Made terroristic threats against school officials and/or school property, which includes but it not limited to electronic files and databases. For purposes of this Policysection, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for ~~his or her~~their own safety or for ~~his or her~~their immediate family's safety, or for the protection of school property, which includes but it not limited to electronic files and databases, or the personal property of the person threatened or ~~his or her~~their immediate family.

~~r)~~q) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this Policysection, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This ~~section~~ Provision shall apply to students in any of grades ~~4~~ 7 to 12, inclusive.

Formatted: Font: 12 pt

~~s)~~r) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in ~~subdivision (e) of Section 233 of the~~ Education Code Section233€. This section shall apply to students in any of grades ~~4~~ 7to 12, inclusive.

~~t)~~s) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This provision~~section~~ shall apply to students in any of grades ~~4~~ 7 to 12, inclusive.

~~u)~~t) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and

including one or more acts committed by a student or group of students which would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of ~~his or her~~their age, or for a person of ~~his or her~~their age with exceptional needs) or students in fear of harm to that student's or those students' person or property.
ii. Causing a reasonable student to experience a substantially detrimental effect on ~~his or her~~their physical or mental health.
iii. Causing a reasonable student to experience substantial interference with ~~his or her~~their academic performance.
iv. Causing a reasonable student to experience substantial interference with ~~his or her~~their ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

Formatted: Font: 12 pt

2) "Electronic Act" means the creation or transmission originated on or off the School location, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

i. A message, text, sound, video, or image. ii. A post on a social network Internet Web site including, but not limited to:

(a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.

(b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.

c. Unlawfully sold a controlled substance listed in Health and Safety Code Section 11053, et seq.
d. Committed or attempted to commit a sexual assault ~~or committed a sexual battery~~ as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 of former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4.

If it is determined by the Administrative Panel and/or Board of Directors that a student has brought a firearm or destructive device, as defined in Section 921 of Title 18 of the United States Code, on to campus or to have possessed a firearm or ~~dangerous~~ destructive device on campus, the student shall be expelled for one year, pursuant to the Federal Gun Free Schools Act of 1994. In such instances, the student shall be provided due process rights of notice and a hearing as required in this policy.

The Charter School will use the following definitions:

- The term "firearm" means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device. Such term does not include an antique firearm.

- The term "destructive device" means (A) any explosive, incendiary, or poison gas, including but not limited to: (i) bomb, (ii) grenade, (iii) rocket having a propellant charge of more than four ounces, (iv) missile having an explosive or incendiary charge of more than one-quarter ounce, (v) mine, or (vi) device similar to any of the devices described in the preceding clauses.

- The term "knife" means (A) any dirk, dagger, or other weapon with a fixed, sharpened blade fitted primarily for stabbing; (B) a weapon with a blade fitted primarily for stabbing; (C) a weapon with a blade longer than 3½ inches; (D) a folding knife with a blade that locks into place; or (E) a razor with an unguarded blade.

C. Suspension Procedure

Suspensions shall be initiated according to the following procedures:

1. Conference

Suspension shall be preceded, if possible, by a conference conducted by the School Coordinator or designee with the student and ~~his or her~~student's parent/guardian and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the ~~School Coordinator~~School Administrator or designee.

The conference may be omitted if the ~~School Coordinator~~School Administrator or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense, in accordance with Education Code Section 47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. ~~No penalties may~~

Penalties shall not be imposed on a student for failure of the student's parent or guardian to attend a conference with Charter School officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent or guardian at the conference.

2. Notice to Parents/Guardians

At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone, by email, or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student as well as. ~~In addition, the notice may also state~~ the date and time when the student may return to school following the suspension. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Expulsion

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the ~~School Coordinator~~School Administrator, or designee, the student and the student's parent/guardian ~~will~~ shall be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student ~~or~~ and the student's parent/guardian, unless the student and the student's parent/guardian fail to attend the conference.

This determination will be made by the ~~School Coordinator~~School Administrator or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

4. Homework Assignments During Suspension

In accordance with Education Code Section 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned. In accordance with Education Code Section 47606.2(b), if a

D. Authority to Expel

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled either by the neutral and impartial ASSC~~Audeo~~ Board of Directors following a hearing before it, or by the neutral and impartial ~~Audeo Board~~ASSC Board of Directors upon the recommendation of a neutral and impartial Administrative Panel to be assigned by the Board of Directors as needed. The Administrative Panel should consist of at least three members who are certificated and neither a teacher of the student nor a member of the ~~Audeo~~ ASSC Board of Directors. Each entity shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense, and the Board of Directors shall make the final determination.

E. Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the ~~School Coordinator~~School Administrator or designee determines that the student has committed an expellable offense, and recommends the student for expulsion. In the event an Administrative Panel hears the case, it will make a recommendation to the ~~Audeo~~ ASSC Board of Directors for a final decision whether to expel. The hearing shall be held in ~~closed session~~a confidential setting (complying with all student confidentiality rules under the Family Educational Rights and Privacy Act (FERPA) unless the student makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian via email or other means at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

8. 8. An explanation of t~~T~~he opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

F. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

The Charter School may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five calendar days' notice of their scheduled testimony, (b) have up to two (2) adult support persons of their choosing present in the hearing at the time the complaining~~complaint~~ witness testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.

2. The Charter School must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.

3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which ~~he or she~~the complaining witness may leave the hearing room.

4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.

5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.

6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany the complaining witness to the witness stand.

7. If one or both of the support persons is also a witness, the Charter School must present evidence that the witness' presence is both desired by the witness and will be helpful to the Charter School~~.~~. The entity~~person~~ presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the
complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising ~~his or her~~their discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.

8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.

9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the student being expelled, the complaining witness shall have the right to have their testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the

complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.

10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstance can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

G. Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

H. Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Board or Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have ~~his or her~~their testimony heard in a session closed to the public.

The ~~decision~~ determination of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board which~~who~~ will make a final determination regarding the expulsion. The final decision by the Board of Directors shall make the final determination regarding expulsion ~~be made~~ within ten (10) school days following the conclusion of the hearing or as soon as practical.. The decision of the Board is final. If the Administrative Panel decides not to recommend expulsion, or the Board of Directors ultimately decides not to expel, the student shall immediately be returned to their previous educational program.

The Board of Directors may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Board. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Board of Directors may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Board revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Board of Directors shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Board of Directors shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein.

J. Written Notice to Expel

The ~~School Coordinator~~School Administrator or designee following a decision of the Board to expel shall send written notice of the decision to expel, including the Board's adopted findings of fact, to the student and ~~or~~ student's parent/guardian. This notice shall also include the following: a) Notice of the specific offense committed by the student; and b) Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the Charter School .

The ~~School Coordinator~~School Administrator or designee shall send a copy of the written notice of the decision to expel to the student's district of residence. ~~authorizer.~~ This notice shall include the following: a) The student's name; and b) The specific expellable offense committed by the student.

The Charter School shall maintain records of all student suspensions and expulsions at the Charter School .
Such records shall be made available to the charter authority~~authorizer~~ upon request.

L. No Right to Appeal

The student shall have no right of appeal from expulsion from the Charter School as the ~~Audeo~~ ASSC Board of Directors' decision to expel shall be final.

M. Expelled Students/Alternative Education

Students who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence. The Charter School shall work cooperatively with parents/guardians as requested by parents/guardians or by the school district of residence to assist with locating alternative placements during expulsion.

N. Rehabilitation Plans

Students who are expelled from the Charter School shall be given a rehabilitation plan upon expulsion as developed by the Board of Directors at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the student may reapply to the Charter School for readmission.

O. Readmission or Admission of Previously Expelled Students

The decision to readmit a student after the end of the student's expulsion term or to admit a previously expelled student from another school district or charter school who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board following a meeting with the ~~School Coordinator~~School Administrator or designee and the student and parent/guardian or representative to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school environment. The School Administrator or designee shall make a recommendation to the Board of Directors following the meeting regarding ~~his or her~~their determination. The Board shall then make a final decision regarding readmission or admission of the student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The student's readmission is also contingent upon the Charter School 's capacity at the time the student seeks readmission or admission to the Charter School.

P. Notice to Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

Q. ~~Involuntary Removal for Truancy~~ Removal Due to Noncompliance with Independent Study Requirements

In accordance with Education Code Section 51747 and the Charter School's Board policy on independent study, after two (2) missed assignments, an evaluation is held to determine whether it is in the best interest of the student to remain in independent study. If it is determined that it is not in the student's best interest to remain in independent study, the Charter School may involuntarily remove the student after the Charter School follows the requirements of the Missed Assignment Policy and only after providing notice and an opportunity for a parent, guardian, educational rights holder to request a hearing prior to any involuntary removal as forth herein. Students who are involuntarily removed for ~~truancy~~ noncompliance shall be given a rehabilitation plan and shall be subject to the readmission procedures set forth herein.~~]~~

R. Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities

1. Notification of SELPA

The Charter School ~~-~~shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student that the Charter School or the SELPA would be deemed to have knowledge that the student had a disability.

2. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications,

that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the Charter School , the parent/guardian, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents/guardian to determine:

a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If the Charter School, the parent/guardian, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If the Charter School, the parent/guardian, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

c. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
d. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
e. Return the child to the placement from which the child was removed, unless the parent/guardian and the Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If the Charter School , the parent/guardian, and relevant members of the IEP/504 Tteam determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent/guardian of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or the Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 USC Section 1415(k), until the expiration of the forty-five (45) daytime period provided for in an interim alternative educational setting, unless the p~~P~~arent/guardian and the Charter School agree otherwise.
In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, the parent/guardian or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

5. Special Circumstances

The Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The ~~School Coordinator~~School Administrator or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

a. Carries or possesses a weapon, as defined in 18 USC 930, to or at school, on school premises, or to or at a school function;

b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
c. Has inflicted serious bodily injury, as defined by 20 USC 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated the Charter School 's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the Charter School had knowledge that the student was disabled before the behavior occurred.

The Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
b. The parent/guardian has requested an evaluation of the child.
c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If the Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.
If the Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. The Charter School shall conduct an expedited evaluation if requested by the parents; however, the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.

The Charter School shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

a. The administration will inform the ~~School Coordinator~~School Administrator of information received from the court and the Probation Department. The Altus Schools East County ~~School Coordinator~~School Administrator shall disseminate the information to those teachers directly supervising or reporting on the behavior or progress of the student for the purpose of working with the student in an appropriate fashion, to avoid being needlessly vulnerable or to protect other persons from needless vulnerability.

b. Any information received by a teacher and administrator shall be confidential for the limited purpose of rehabilitating the student and protecting students and staff, and shall not be disseminated further by the teacher, counselor, or administrator except insofar as communication with the student, his/her parents/guardians, law enforcement personnel, and the student's probation officer is necessary to effectuate the student's rehabilitation or to protect students and staff. Unlawful dissemination of such information is a misdemeanor.

c. Any information received from the court shall be kept in a separate confidential file at the school of attendance and shall be transferred to the student's subsequent schools of

attendance and maintained until the student graduates from high school, is released from juvenile court jurisdiction, or reaches the age of 18, whichever occurs first.

d. After the student graduates from high school, is released from juvenile court jurisdiction, or reaches the age of 18, the confidential record shall be destroyed.

Anti-Discrimination and Harassment Policy

LOITERING LAW COMPLIANCE
ALTUS SCHOOLS EAST COUNTY

SY 20245-20256

Daytime Loitering of Students in Public Places on School Days

Students who are subject to compulsory education must comply with the daytime loitering laws of their community. General guidelines are below, however, may differ slightly among communities.

- On days and times when schools are open (generally between 8:30 a.m. and 2:30 p.m.) students are not permitted to be in a public place unless accompanied by a parent or responsible adult guardian.
- On scheduled school days, students may travel to and from school without parental or guardian accompaniment.
- Students who do not comply with the local ordinances may be issued a citation or be subject to more severe consequences if multiple violations occur.

Responsibility of parents, guardians, etc. It is unlawful for the parent, guardian or other adult person having the care and custody of a juvenile to knowingly permit or by insufficient control allow the juvenile to be in violation local loitering laws.

Law Enforcement Procedures may include:

- Upon violation of the loitering ordinance, a peace officer may issue a citation to the juvenile and may transport the juvenile home or to the school from which the juvenile is absent. If cited, the juvenile and a parent may appear in court as directed in the citation. The parents will be warned of their responsibility and liability as the juvenile's parents/guardians.
- If a parent/guardian has been previously warned, a peace officer may issue a citation for an infraction to the parent/guardian to appear in court.
- When a parent/guardian has previously been issued a citation for an infraction, upon any subsequent violation by a parent, a peace officer may issue a citation for a misdemeanor to the parent to appear in court.

Going to and From School Safely

Formatted: Font: Not Bold, No underline, Font color: Accent 1

Formatted: Font: Not Bold, No underline

Everyday, millions of children take to the streets and roadways to get to and from school. They walk, ride their bicycles, take buses, and arrive in vehicles with one purpose — getting to and from school safely. It is important for Altus Schools East County students to understand safety guidelines and tips to follow to ensure their safety to and from the resource center. The following safety tips are reviewed annually with Altus Schools East County students and parents to help prepare all Altus Schools East County students for a safer journey.

1. Every Altus Schools East County student will have a set schedule for arrival and departure from the resource center. When a student fails to arrive for his appointment, and has not notified the school or the absence, his or her teacher will call home to ensure the student is safe.

2. Every student, parent, and guest are required to sign-in and out each time he/she arrives and departs the resource center. Students, parents, and guests will have designated staff members to sign-in and out with.

3. All students will be given an official school issued photo identification card annually. Students will be required to keep the identification card on their person each time they travel to and from the resource center.

4. Students will be encouraged to always TAKE A FRIEND when walking or riding his or her bike to and from the resource center. Students should walk and ride in well-lit areas, and never take shortcuts. When walking and biking students should stay aware of their

surroundings and observe all traffic rules in place to more safely share the roads and sidewalks with others.

5. Parents will be encouraged to walk the route to and from school with their children pointing out landmarks and safe places to go if they're being followed or need help. Making a map with their students and showing acceptable routes to the resource center, using main roads, and avoiding shortcuts and isolated areas is encouraged. A map will be a good guide for students who may need help finding their way.

6. If a student takes public transportation (i.e. city bus) to and from the resource center, parents will be encouraged to visit the bus stop with their student and learn the bus number. This will avoid confusion for the student about knowing which bus to ride.

7. In the event anyone bothers a student while going to or from the resource center, students will be taught to get away from that person, and **TELL** a school staff member, parent, or another trusted adult. If an adult approaches a student for help or directions, students will be trained that grownups needing help should not ask children for help; they should ask other adults.

8. Students will be directed that if anyone they don't know or a person who confuses, scares, or makes them feel uncomfortable offers a ride, say NO. Students should never hitchhike. Also, students should never accept a ride from anyone unless a parent has told them it is OK to do so in each instance.

9. Students will be directed that if anyone follows them on foot to get away from him or her as quickly as possible. If anyone follows them in a vehicle they should turn around, go in the other direction, and try to quickly get to a spot where a trusted adult may help them. Students will be advised to **TELL** a school staff member, parent, or another trusted adult what happened.

10. Students will be taught that if anyone tries to take them somewhere, they should quickly get away and yell, "This person is trying to take me away" or "This person is not my father/mother/guardian." If anyone tries to grab them, they will be taught to make a scene and every effort to get away by kicking, screaming, and resisting.

11. Students will be taught to never leave the resource center with anyone they don't know. They should always **CHECK FIRST** with a school staff member, parent, or another trusted adult. If anyone tells them there is an emergency and they want the student to go with them, the students should always **CHECK FIRST** before doing anything. Students will be taught to make sure they understand to **TELL** a trusted adult if they notice anyone they don't know hanging around the resource center.

12. Parents are encouraged to practice these safety tips with their student to make certain they really know and understand them. Make the walk to and from school a “teachable moment” and chance to put their skills to the test.

Safe Ingress and Egress Procedures

Formatted: Font: Not Bold, No underline

All Altus Schools East County staff and students shall review RC evacuation procedures including primary/alternate routes and assembly areas, assigned responsibilities, and actions to take as posted at the RC. If there is a need for evacuation from the RC, the following procedures are as follows:

- Students and staff calmly evacuate the building to designated assembly area (alternate route if primary area is closed) as displayed on posted RC evacuation plan
- Designated staff take along emergency release binder, class sign-in sheets, emergency materials specified in disaster preparedness plan
- Using class sign-sheets, staff verifies presence of all students and staff
- Staff contacts appropriate emergency units
- Staff keeps students in assembly area until further instructions are received from the EOT. No one shall reenter the building for any reason until official ALL CLEAR signal is given
- Once the ALL CLEAR is given, the School ~~Coordinator~~Administrator or designee reenters building to ensure that it is safe and secure
- Staff and students reenter building and resume instructional/administrative activities

If the building is not safe to reenter, the reunification procedures are required:

- Staff will notify parent/guardians regarding emergency situation and procedures for verification and release of students
- When parent/guardian or designee arrives, staff will verify identity of parent/guardian or designee based on emergency release forms
- Parent/Guardian will sign form verifying that student is being released to them
- Staff will maintain documentation to ensure accountability of all students

Altus Schools East County is and will remain a safe place for students and adults.

Altus Schools East County staff believes that a positive climate is required if effective teaching and learning is to take place. We expect students, assisted by their parents, to meet the appointments agreed to on the Master Agreement. We expect students to complete high-quality work at the rate of one credit per month. We will make every effort to keep parents informed about the student's progress and behavior.

Discipline Procedures

Formatted: Font: Not Bold, No underline, Font color: Accent 1

All parents and students are asked to carefully read and sign the positive school discipline plan upon enrolling:

Formatted: Font: Not Bold, Font color: Accent 1

SCHOOL RULES/DISCIPLINE

- Attend school according to the schedule on the master agreement, arrive on time and return directly home after each weekly appointment.
- Complete ALL assignments as scheduled.
- Respect the authority of ALL ADULTS at Altus Schools East County.

- Ensure that students get to their scheduled weekly appointment on time. Contact teacher if this is not possible to arrange an alternate time.
- Follow up to make sure your student is doing high quality work according to scheduled dates.
- Arrange for your student to attend appropriate tutoring sessions, seminars and field trips.
- Meet with staff when requested.

Formatted: Font: Not Bold, Font color: Accent 1

PARENTS' ROLE IN DISCIPLINE AND BEHAVIOR

Parents are expected to cooperate with school staff in maintaining and encouraging proper standards of behavior for their children. The following points may prove helpful:

- Instill in your child a sense of responsibility for what he/she says and does.
- Help him/her to solve conflicts in a peaceful manner.
- Review your own attitude about discipline and behavior.
- Make sure you communicate with the school to learn necessary facts and expected behavior.
- As a role model for your child, show respect for learning and the necessity for completing an education.

Child Abuse Reporting Procedures

All Altus Schools East County certificated teachers, classified employees, and administrators are required to report suspected child abuse. An in-service, which provides awareness and training, will be given annually to Altus Schools East County employees.

As stated in the California Penal Code, Section 11164-11174.3, "Mandated reporters shall make an initial report to the agency immediately or as soon as is practicably possible by telephone and the mandated reporter shall prepare and send, fax, or electronically submit a written follow-up report thereof within 36 hours of receiving the information concerning the incident."

A report may be done for any reason. The criterion is that a **reasonable** suspicion of an abuse/neglect situation either has occurred and/or exists. Each staff member is a mandated reporter. A report may not receive immediate action if it is a non-emergency situation. However, it will add to the documentation should other events occur.

Discuss **ALL** situations at the time of occurrence with the School ~~Coordinator~~Administrator or designee.

If it is unsafe for the student to leave/go home, please call the local police department for further assistance and instructions.

If the staff and/or student(s) are threatened or in danger, call 911 immediately.

Emergency Notification Information

Formatted: Font: Not Bold, No underline, Font color: Accent 1

Formatted: Font: Not Bold, No underline

Often, the first action to occur as an emergency incident is unfolding is the need to alert or warn others. The primary or alternate Incident Commander should notify the Police. Once notified, the Police will begin dispatching public safety services to assist the Incident Commander, pursuant to their procedures.

The very next action to occur is the need to alert or warn school staff. Methods for notifying staff include: Telephone – Landline and/or cellular, Radio, Runners – staff and/or students, or Handheld Air Horns or Bull Horns.

The method utilized will depend upon the circumstances of the emergency and the resources available at this RC.

The police will conduct an initial assessment based on available information. The police will advise the Incident Commander of the recommended actions to be taken.

As services are being dispatched to assist, the Incident Commander will begin to gather and direct resources as necessary to address the emergency or disaster at hand. The following external and internal contacts may be of assistance:

Emergency Resource Information

Emergency Disaster Kit

This resource center maintains one kit. The kit(s) are located: Janitorial Closet

The Emergency Disaster Kit stores necessary resources for an RC incident command. This kit should not be confused with the Crisis Response Box, which is carried out of the RC to a Public Safety Incident Command Post. School personnel should use the items contained within the kit to manage their incident command. The following equipment and supplies are stored inside the Emergency Disaster Kit:

- ☑ Handheld Air Horns – recommend a minimum of five (Incident Commander & Chiefs)
- ☑ Bull Horn – recommend a minimum of one
- ☑ Batteries – recommend a minimum of two sets for bull horn, flashlights, emergency radios and walkie- talkies)
- ☑ Flashlights – recommend one per Incident Command Team member (17) (Search & Rescue Team and First Aid and Medical Team requirements listed separately.
- ☑ Walkie-Talkies – recommend a minimum of five (Incident Commander & Chiefs)
- ☑ Duct Tape – recommend a minimum of two rolls used for marking blank vests.
- ☑ Rosters - recommend a minimum of one set per room sorted by alphabet
- ☑ Steno Pads (5x7) – recommend one per Incident Command Team member (17)
- ☑ Pencils & Pens - recommend one each per Incident Command Team member (34)
- ☑ Copies of Forms
- ☑ Chalk - recommend twenty-five sticks, red in color
- ☑ 3x5 Cards – recommend one hundred
- ☑ Department or Placards
- ☑ First Aid & Medical Team Supplies
- ☑ Search and Rescue Team Supplies
- ☑ Vests for Key Personnel – recommend a total of 17 for Incident Command Team members

All Emergency Disaster Kits and their contents are the responsibility of the Incident Commander. The Incident Commander will conduct annual inspections in October of each year. The responsibility to inspect and replace non-operating equipment and supplies belongs to the RC. The responsibility to delegate the transport the Emergency Disaster Kit to an activated RC Command Post belongs to the following individuals:

Primary: **Incident Commander**
Alternate: **Operations Chief**

Crisis Response Boxes

Formatted: Font: Not Bold, No underline, Font color: Accent 1

This resource center maintains 1 Crisis Response Box.

Formatted: Font color: Accent 1

The Crisis Response Boxes are located: Janitorial Closet and each Safety Team Member

Formatted: Font color: Accent 1

The Crisis Response Boxes are file folder-type boxes. The boxes are clearly labeled and contain vital information needed by the Incident Command Team and Public Safety Incident Commander (in the event a public safety incident command post is established). The following information is stored inside each box:

- ☑ Current copy of the Emergency Plan which should include RC evacuation procedures, including staging locations. Also included should be an aerial photo including all **new** structures, electric, gas, water cable, telephone, intrusion and fire alarm shutoffs, resource center numbers, gate openings for vehicles/pedestrians and all fire hydrants that have been added to accommodate these new structures.
- ☑ Current map of resource center layout. Map must show **all** buildings, RC numbers, and evacuation routes.
- ☑ Most current blueprint (architectural drawings).
- ☑ Current roster of students and staff assigned to the RC, as well as issues pertaining to special needs students. These rosters will be in alphabetical order for staff and students. Student roster must be in alphabetical order, divided by grade level and have emergency contact/release information.
- ☑ A list of the RC's staff skills including language translation, specialized training, and emergency equipment carried in vehicles.
- ☑ If available, current student photos on CD-ROM or most recent year book.
- ☑ Telephone numbers listed in numerical order for each RC/building.

Maintenance of the Crisis Response Boxes and their contents is the responsibility of the Incident Commander. The responsibility to inspect and replace information belongs to the RC.

The responsibility to carry the box to an activated Public Safety Incident Command Post belongs to the following individuals:

Primary: **Incident Commander**
Alternate: **Operations Chief**

Emergency Quick Reference Guide

This document, often referred to as the "Emergency Quick Reference Guide" is a red, white and blue quick flip-type reference chart that provides basic guidelines for emergencies. Each resource center ~~and office~~ has been equipped with a copy of the guide. The guide provides basic direction for teachers and staff in the event of an emergency. All staff should familiarize themselves with the content annually.

Emergency Operations Overview

The protection of lives shall be the primary priority of all emergency operations and procedures. The protection of property shall be secondary to life safety. The emergency procedures within this Plan are designed to facilitate life safety through the use of simple, basic procedures based on the Standardized Emergency Management System (SEMS) and the National Incident Management System (NIMS) that utilize the Incident Command System (ICS) as the basic response management structure.

Disaster Service Workers

California Government Code, Chapter 8, Section 3100 states: "…all public employees are hereby declared to be disaster service workers subject to disaster service activities as may be assigned to them by their superiors or by law." In accordance with these provisions, all staff members are considered "disaster service workers" during emergencies and must remain at the school to carry out assigned responsibilities. School staff should be familiar with emergency procedures and any assigned responsibilities. During an emergency, staff will serve on response teams and implement response procedures. If a teacher has been assigned to a Incident Command Team position in the following list, the teacher will first ensure the safety of the students and accompany the students to the Assembly Area (also known as the "Evacuation Area"), where the students will be reassigned to another teacher. The teacher will then carry out their assigned Incident Command Team responsibilities.

Plan Maintenance

The Incident Commander is responsible for the maintenance of this plan. The Emergency Plan is Criterion 2 of California's mandated Comprehensive Safe Schools Plan. The School Safety team is responsible for annual plan review. The Emergency Plan will be maintained on a secured intranet with "read only" access to the Incident Command Team and revision access to the School Safety Team.

Training & Exercises

Formatted: Font: 14 pt, No underline, Font color: Accent 1

Formatted: Centered

Training is a key component to ensure successful emergency operations. The adage "people will do what they have been trained to do" is consistently proven in actual emergencies. Exercises allow "people" to practice what they have been trained to do and improve their skills for an actual emergency.

The Incident Commander will coordinate annual training for all staff on the basic emergency procedures of this plan. All new staff assigned to the RC will receive basic training within 30 days of assignment. Basic training can simply involve knowledge of basic SEMS and ICS protocols, key evacuation locations, parent reunification locations, and the location of related resources. Members of the Incident Command Team will receive additional training specific to their duties every year by the School Safety Team.

The Incident Commander will coordinate annual exercises for all staff as outlined in the Emergency Procedures section.

Incident Command Team Overview

Formatted: Font: Not Bold, No underline, Font color: Accent 1

According to ICS, the size of the organization (i.e. number of positions) will vary depending on the operational needs of the incident. In some cases, one individual may be able to fill more than one "position". (Example: in a small incident the School School ~~Coordinator~~Administrator oftentimes serves as the Incident Commander and the Public Information Officer.)

Only under very unusual conditions will all of the positions identified below be activated and fully staffed. To that extent, the Incident Commanders have been encouraged to "cluster" certain same-section positions, if the workload allows. The Incident Commander could assume the Safety Officer, Public Information Officer, and Liaison Officer duties. The Planning & Intelligence Chief could assume the Documentation and Situation Analysis duties.

Incident Command Team Assignments

Formatted: Font: 16 pt, No underline, Font color: Accent 1

Formatted: Font: 16 pt, No underline

Formatted: Centered

Key staff will be pre-assigned to the Incident Command Team and have specific duties during emergencies. These duties include:

- Incident Commander – responsible for overseeing emergency operations. Typically, also assumes responsibilities of the Safety Officer, Liaison Officer, and Public Information Officer duties

  Formatted: Font: Not Bold, Font color: Accent 1

  - **Safety Officer** - ensures that all activities are conducted in as safe a manner as possible
  - **Public Information Officer** – acts as official spokesperson for the RC in an emergency situation, until the Communications Officer is available
  - **Liaison Officer** – serves as the point-of-contact for agencies outside of the school.
- Operations Chief – manages direct response to the RC emergency

  Formatted: Font: Not Bold, Font color: Accent 1

  - **Resource Center Check & Security** – controls utilities, restricts access to unsafe areas, provides traffic control, and communicates damage to Incident Commander
  - **Search & Rescue Leader and Team** – checks RC for damage, rescues victims, and reports RC conditions
  - **First Aid & Medical Leader and Team** – provides medical response including CISM (Critical Incident Stress Management)
  - **Student/Parent Reunification**
    - **Assembly Area** – ensures the care and safety of all students at the RC (except those in the Medical Treatment Area)

        - **Request Gate** – processes requests by parents or authorized adults for release of students
        - **Release Gate** – releases student to parent or authorized adult
- Planning & Intelligence Chief – in charge of collection, evaluation and documentation of information about the incident
    - **Documentation** – collects, evaluates, and documents event
    - **Situation Analysis** – assesses the overall incident
- Logistics Chief – provides facilities, services, personnel, equipment and materials to support response – includes food and transportation services
    - **Supplies, Facilities, & Staffing** – provides supplies, equipment and staffing to support response
- Finance & Administration Chief – tracks purchases, staff hours, costs, and student accountability

In the event of an emergency, a Command Post will be established by the Incident Commander. Incident Command Team members will be informed of the location upon activation.

The Emergency Roles and Responsibilities Section (Section Four) of this plan provides checklists for each of the above assignments. The Incident Command Team will report to the Incident Commander at the Command Post. Any staff may be assigned to assist each of the above positions depending upon the circumstances and demands of the incident and care of the students and staff.

It's important that the Incident Command Team refer to both the School Emergency Procedures and Emergency Quick Reference Guide for command directives and clarifications.

SECTION THREE

EMERGENCY PROCEDURES

Resource Center Evacuation Procedure

Notification

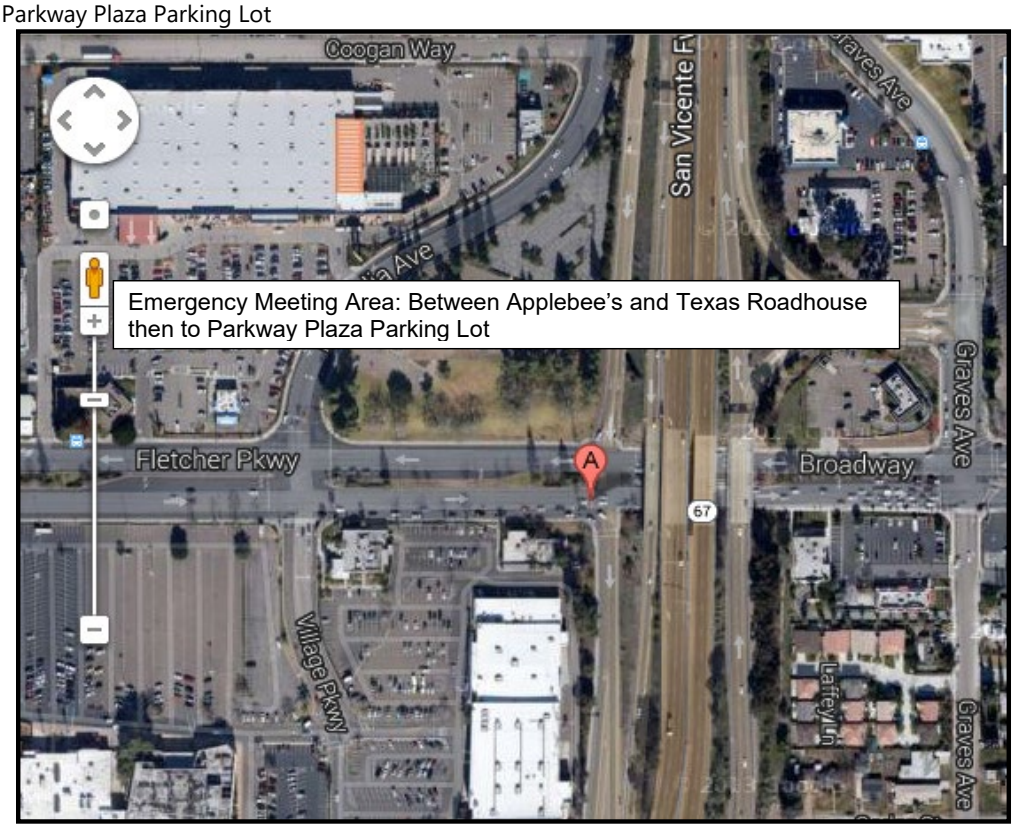
The Incident Commander is responsible to notify the Incident Command Team when an evacuation is necessary.

If evacuation is required, but an alternative method of notification is required (e.g. a received credible bomb threat), then notification can be made by announcement, telephone or runners. This method reduces the level of anxiety and potential panic.

Exiting Buildings

The Incident Commander is responsible for ensuring that staff and students are aware of designated exit routes from the building. Appropriate maps and directions are posted near each door to ensure that occupants are aware of the possible exits. Each resource center has developed plans for ensuring that all staff/students receive evacuation notification and are moved to a pre-designated evacuation location. All staff will be trained to conduct rapid visual and verbal "sweeps" of their assigned areas to ensure that no one is left behind.

The responsibility to ensure maps and directions are posted, as well as appropriate training delivered, belongs to the following individuals:



Primary: **Incident Commander**
Alternate: **Operations Chief**

Persons with Disabilities

Formatted: Font: Not Bold, No underline, Font color: Accent 1

In emergencies, persons with disabilities may need special assistance in evacuating to the designated location. The Incident Commander is responsible for pre-identification of persons with disabilities who may need assistance and assigning staff to assist them. Persons with disabilities or other staff who may need special assistance in an evacuation situation are responsible for ensuring that their Department Head is aware of their needs for assistance.

Because of the volume of foot traffic that can be expected through stairways and corridors in a building during an evacuation, there must be an area of rescue assistance established aside from the main flow of foot traffic. Such an area must be clearly marked so disabled individuals know where to go for refuge in a critical time.

The responsibility to determine disability needs, assign appropriate staff and ensure proper resources for evacuation and reunification belongs to the following individuals at this RC:

Primary: **Incident Commander**
Alternate: **Operations Chief**

Return to Resource Center

The Incident Commander, in consultation with the Public Safety Incident Commander, if necessary, will determine when individuals can return to the resource center.

~~Lockdown Procedure~~

Emergency Lockdown Procedures

If an emergency situation near ~~a~~an Altus Schools East County RC endangers student or staff safety,

***Lockdown the Resource Center*.**

FIRST: Follow the below lockdown procedures and notify a Safety Committee Member immediately.

During a lockdown, several security measures will take place:

1. A teacher or designee will declare **"this is a lockdown"** alerting staff and students in a calm manner.
2. All students and staff remain in their RCs ~~or offices~~.
3. All RC doors and windows are to be closed and locked.
4. All window blinds should be drawn or closed.
5. A staff member will activate "STAY" function on ADT/~~Protection One~~Everon Security Alarm Panel.
6. Safety Ambassador or designee will call/email Executive Safety Committee.
7. A staff member will take a head count of ALL persons in RC/building
8. A staff member will use the attached Sign In sheet for ALL persons on location.
9. All lights should be turned off (as needed)
10. A member of the Altus Schools East County Safety Committee will communicate and work directly with the Resource Center Safety Ambassador and/or designee.

ONE TO ONE COMMUNICATION. NOT EVERYONE NEEDS TO CALL**.**

11. *No one is permitted to leave and no one, including a parent, is allowed in the RC.*
12. Students and staff will remain quiet and calm.
13. All individuals should seek immediate cover under desks or tables and remain low to the ground and away from windows or doors as needed.
14. First aid will be rendered by staff as necessary.
15. Resource Center staff should defer media statements to the Communications Department.

Only a member of the Altus Schools East County Safety Committee may lift a lock down.

Formatted: Font: 16 pt, Not Bold, Font color: Accent 1

Formatted: Font: 14 pt, Not Bold, No underline, Font color: Accent 1

Persons who may activate ~~a RC~~an RC lockdown:

- Any member of a school staff or community safety support (Police, Fire, Mall Management, etc.) may declare a lockdown.

Conditions in which to activate a school-wide or RC specific lockdown may include, but not limited to:

- Authorities inform the school or RC of a dangerous situation in close proximity to the facility.
- The immediate pursuit of a dangerous suspect.
- The execution of a high-risk search or arrest warrant.
- A large-scale enforcement operation involving potentially dangerous suspects.
- Someone with a weapon is en route to ~~a RC~~an RC.
- Gunshots are heard nearby.
- An act of terrorism.

BEST PRACTICE: enroll your work email on local media news alerts for your area.

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

Formatted: Font: 14 pt, Not Bold

Should a lockdown occur, parents should be aware of the following:

- Remain calm as school and local authorities manage the situation.
- If a lockdown lasts for an extended period of time, or goes beyond dismissal time, students will not be allowed to leave until recommended by the appropriate authorities. School staff will attempt to notify parents by phone.
- Parents may be required to pick up children from the RC or another designated staging area, once it is determined to be safe to do so.
- Parents will be required to present identification.
- The reunification location will be given to parents over the phone, if possible.
- Students and parents are reminded that during an emergency situation, cellular locations may be overwhelmed due to a high volume of calls. It is critical that text messaging and cell phone use be kept to a minimum so that emergency services have priority to assist the students and staff at the RC.

Following Lockdown:

- The Safety Ambassador for the RC will fill out and submit to Angela Neri within 24 hours:
    - Lockdown Incident Report Form
    - Emergency Sign-In Report

    - Emergency Student Sign Out Report
- The Safety Committee will convene within 72 hours to debrief
- The Safety Ambassador ~~Coordinator~~Administrator will keep a record of all occurrences.

Parent Notification & Reunification Procedure

Formatted: Font: Not Bold, No underline, Font color: Accent 1

Following a lockdown or other emergency action, there may be a need to reunite students with parents. This is often a difficult and somewhat chaotic event, requiring planning and resources. The following procedure was developed to limit chaos and ensure a safe reunification of students with their parents or legal guardians.

Notification

Formatted: Font: 14 pt, Font color: Accent 1

In the event the School ~~Coordinator~~Administrator determines students are to be released from school, or that notification of parents/guardians is warranted, he/she will first notify the Director of Operations & Technology. A collaborative effort will begin to notify parents/guardians of the unification effort using information provided on student's emergency contact cards, as well as information available within the school's student database.

Reunification

Formatted: Font: 14 pt, Font color: Accent 1

Reunification will generally occur from the location pre-identified as the meeting evacuation point. Staff and law enforcement will be stationed at one central point, where all students will enter and exit the unification location. Incident Command Team members will use school attendance and emergency card information to check in and out students.

The responsibility of reunification, determining needs, assigning appropriate staff, and ensuring proper resources for reunification belongs to the following individuals at this RC:

Primary: **Incident Commander**
Alternate: **Operations Chief**

Earthquake Procedure

Earthquakes often occur without notice and generally have after-shocks which are just as dangerous as the initial quake. Building evacuation will generally occur following a major earthquake due to potential dangers of fires or explosions. The following earthquake information pertains to this RC.

Notification

Give the command to "Drop, Cover, and Hold" at the first indication of shaking ground.

Attempt to gain safety under tables, desks, or other supporting objects. Consider holding onto the supporting object to keep it over your body. If in a hallway, move to an inside wall and stand in the doorway.

Remain away from windows to avoid falling glass, and away from large objects that may fall upon your person.

Extinguish any flames and turn off power to equipment and electrical appliances if possible. Turn off gas valves as well.

Hold undercover for at least two minutes to assess damage and injuries while waiting for the first aftershock to occur.

After the first aftershock, activate your evacuation procedures after confirming the path and destination are safe.

Do not return to the inside of any building until emergency personnel has checked the buildings for safety.

Structural Failure

Give the command to evacuate the affected building or area and secure the premise to prevent entrance by others.

Advise the School ~~Coordinator~~Administrator of the situation. Contact the Director of Operations & Technology at (619) 778-3491.

Upon arrival of emergency personnel, coordinate to evaluate known information and decide upon a course of action to render the situation safe.

Fire Procedure

Fires often occur without notice and can spread quickly if not addressed. Building evacuation will generally occur following a fire notification due to potential dangers of burns and smoke inhalation. The following fire information pertains to this RC.

Notification

Notify your School ~~Coordinator~~Administrator. If possible, quickly assess the location and size of the fire to determine an appropriate evacuation action.

Alert all staff and students of the fire location and condition – activate your fire alarm system to sound the alarm.

Begin evacuation procedures for everyone to an appropriate assembly area. Remember to move individuals away and upwind from the hazard.

Call the Fire Department ("9-1-1") or notify the Director of Operations & Technology by calling 619-778-3491. The Director of Operations & Technology will handle notifying the proper emergency and communications personnel.

Render first aid as needed. Be sure to notify the Director of Operations & Technology of injuries.

Activate specific components of your emergency plan as appropriate.

Supervise the evacuation and ensure all rooms and unsafe areas are evacuated. Check to ensure accountability for all staff and students. Maintain control of evacuees at the assembly area until the situation is under control.

Have some staff standing by the entrance to direct responding fire personnel to the fire location.

Upon arrival of emergency personnel, coordinate to evaluate information and decide upon a course of action to either return to the RC or arrange for an early dismissal.

The following checklist will help you identify the items that you will review each time you perform a drill. If your kit needs replenishment, please identify the item(s) below.

First Aid Kit

- ❑ Twenty Gauze pads, non-sterile (3 x 3 or 4 x 4)
- ❑ Four Roller Gauze, 4" wide, to secure gauze pads over wounds
- ❑ Two Adhesive tape, 1" wide, to secure gauze pads or bandages over wound
- ❑ Fifty Band-Aids, Regular size, 1" x 3", to cover minor wounds
- ❑ Twenty Band-Aids, small, to cover minor wounds (finger)
- ❑ Ten Band-Aids, large, to cover large wounds
- ❑ Five Pairs Latex-free gloves, Medium
- ❑ Two Cold compress
- ❑ Twenty Cotton Tip Applicators
- ❑ Two Triangular Bandage
- ❑ Four Thermometers-disposable
- ❑ One CPR Mask
- ❑ Written instructions for first aid kit use

Blood Bourne Pathogen Kit (BBP kit)

- ❑ Wastebasket for supplies storage
- ❑ Marked spray bottle to create disinfectant solution
- ❑ Dishwashing Soap
- ❑ Sponge
- ❑ Gloves
- ❑ Zip lock baggies
- ❑ Roll of paper towels
- ❑ Brush and dust pan
- ❑ Wastebasket size plastic liners
- ❑ Kitty litter
- ❑ Disposable plastic aprons
- ❑ Written instructions for the use of the BBP kit and materials
- ❑ 1 pair Goggles
- ❑ 2 pairs Shoe Covers

Backpack Survival Kit

- ❑ Emergency Preparedness Binder (contains Safety Plan and other documents)
- ❑ Transistor AM/FM radio
- ❑ Wired Phone
- ❑ Safety glow sticks - 2
- ❑ Candles - 2
- ❑ Emergency Blanket
- ❑ Waterproof Matches
- ❑ Whistle (located on the end of the "Life Gear" glow stick)
- ❑ Flashlights
- ❑ Duct Tape
- ❑ Pad of Paper Marker

Field Trip First Aid Kit

- ❑ Ten Sterile gauze pads, 2"x2"
- ❑ Two Gauze roller, 4"
- ❑ Four Gauze roller, 2"
- ❑ Fifteen Band-Aids, Regular size, 1"x3"
- ❑ Five Band-Aids, large
- ❑ Two Triangular bandage
- ❑ One Adhesive tape, 1"
- ❑ One Hand sanitizer, 2oz bottle
- ❑ One First Aid Antiseptic, 2oz bottle
- ❑ One CPR Mask
- ❑ Written instructions for first aid kit use

Science Cart First Aid Kit

- ❑ One Absorbent Compress
- ❑ Ten Antibiotic Cream
- ❑ Ten Antiseptic Towelettes
- ❑ Ten Burn Cream
- ❑ Five Fabric fingertip bandages
- ❑ Four Fabric Knuckle Bandages
- ❑ One First Aid Tape
- ❑ One Forceps 4"
- ❑ Four Gauze pads 3x3
- ❑ One Gauze roll, 2" x 6 yd
- ❑ One Instant Ice Pack 5x7"
- ❑ 2 large Nitrile Gloves
- ❑ Sixteen Plastic Bandages 1x3"
- ❑ One Scissors 4"
- ❑ One Sting Wipes 1 x2"
- ❑ One Triangular Bandage 40x40x56"
- ❑ First Aid Facts Guide

COVID Caddy

- ❑ One Disinfectant wipes
- ❑ Two Disinfectant spray
- ❑ Paper towels
- ❑ One box of Masks
- ❑ One box of Gloves
- ❑ One Thermometer with Batteries
- ❑ Hand sanitizer

Best Practice Considerations for Schools in Active Shooter and Other Armed Assailant Drills

The National Association of School Psychologists and the National Association of School Resource Officers have partnered to provide this guidance on armed assailant training, with input from Safe and Sound: A Sandy Hook Initiative and the ALiCE Training Institute. This document provides guidance on the important factors schools must take into account when considering and conducting armed assailant drills.

OVERVIEW

A. Response to armed assailants has focused on implementing a school lockdown. Recently, discussion has emphasized options-based approaches, which sometimes include the "Run, Hide, Fight" model.

B. Armed assailant drills have both benefits and concerns associated with their implementation.
   - Armed assailants in schools account for only 1% of homicides among school-age youth; schools must balance costs and benefits when allocating crisis preparedness resources.
   - Such drills have the potential to empower staff and save lives, but without proper caution, they can risk causing harm to participants.
   - Available research supports the effectiveness of lockdown drills carried out according to best practices, but research is still needed on the effectiveness of armed assailant drills.

DRILL APPROACHES AND PLANNING

A. Traditional lockdowns should remain the foundation of an options-based approach to active assailant training, which allows participants to make independent decisions in evolving situations.

~~A.~~ B. Exercises should be considered in a hierarchy with simple discussion-based exercises before complex operations-based drills are practiced.

~~B.~~ C. Schools should keep simulation techniques appropriate to the participants' developmental maturity.
   - Inform participants of the use and purpose of props and simulation aids prior to the drill.
   - Using Airsoft guns as simulation aids requires careful safety measures and opt-out opportunities.

D. Regular practice helps participants develop readiness and quickly access and apply knowledge.

DEVELOPMENTAL AND MENTAL HEALTH CONSIDERATIONS

A. Children model their reactions on adult behavior, so effective drills should result in staff who inspire calm and confidence in students.

~~A.~~

B. It is critical that participation in drills be appropriate to individual development levels, and take into consideration prior traumatic experiences, special needs, and personalities.

~~B.~~

C. School-employed mental health professionals should be involved in every stage of preparation.

- Prior to the drill, staff should be trained to recognize common trauma reactions.
- Adults should monitor participants during the drill and remove anyone exhibiting signs of trauma.
- After completion, staff and students should have access to mental health support, if needed.

•

D. Participation should never be mandatory, and parental consent should be required for all students.

~~D.~~

E. If staff chooses to opt-out of intense drills, they should receive comparable, less intense instruction.

STEPS FOR CONDUCTING SAFE, EFFECTIVE, AND APPROPRIATE DRILLS

1. Create a school safety team (including an administrator, a school mental health professional, a school nurse; security personnel, teachers, and parents) that also coordinates with local law enforcement and emergency responders.

~~1.~~

2. Conduct a needs assessment of the school community.

~~2.~~

3. Implement a cost–benefit analysis that considers all emergency preparedness needs and options.

~~3.~~

4. Tailor drills to the context of the school environment.

~~4.~~

5. Create a plan of progression that builds from simplest, lowest-cost training; identifies obstacles and goals; and establishes a timeline.

~~5.~~

6. Prepare for drill logistics that ensure physical and psychological safety as well as skills and knowledge acquisition.

7. Develop a communications plan that gives all participants advance warning and the ability to opt out and/or provide feedback.

~~6.~~

~~7.~~8. Establish a long-term follow-up plan to support sustainability that includes assessing ongoing and/or changing preparedness training needs.

Active Shooter and Other Armed Assailant Drills

INTRODUCTION

The National Association of School Psychologists (NASP) and the National Association of School Resource Officers (NASRO) represent key members of school safety and crisis teams. We are committed to supporting school communities' understanding and implementation of best practices related to school safety, school mental health, and crisis prevention and response. We have partnered to provide this guidance on armed assailant training, with input from Safe and Sound: A Sandy Hook Initiative, a nonprofit organization of parents, educators, and other members of the school community, and the ALiCE Training Institute, a for-profit company that provides active shooter training.

Critical elements to effective crisis preparedness and response of any kind are a common understanding of purpose and procedures among all participants, a respect for each other's roles and perspectives, and a shared commitment to ensure the safety and well-being of all members of the school community. Our common goals in this document are to provide best practice information to help schools determine to what extent they need armed assailant training and to conduct trainings that make best use of resources, maximize effectiveness, and minimize physical and psychological risks. Importantly, this document is not intended to provide specific guidance on *how* to conduct active assailant drills but rather to provide guidance on many of the issues that must be considered when planning for and implementing such training. The specifics of any training should be determined at the local level by appropriately trained school leadership, school safety and mental health personnel, and law enforcement.

Please note that the appendices in this document contain very important decision-making information. They are referenced within and at the end of the document.

PART I: OVERVIEW

Schools have a responsibility to protect the physical and psychological well-being of their students and staff. This includes creating positive school climates, preventing negative behaviors such as bullying and harassment, and being prepared to respond to potential threats such as weather emergencies, fires, and acts of violence. Effective crisis planning, prevention, response, and recovery capabilities are essential for schools to meet this responsibility (Cowan, Vaillancourt, Rossen, & Pollitt, 2013). Although situations involving an active, armed assailant on school property are

Formatted: Font: 12 pt

extremely rare, schools are increasingly considering how to best prepare for and respond to this type of event.

According to the U.S. Department of Homeland Security (2008) and the Federal Bureau of Investigation (Blair & Schweit, 2014) an *armed assailant* is defined as an armed person who attempts to use deadly force on others, typically in a confined and populated area. The term *active shooter* refers to those assailants who use firearms, as opposed to knives or other weapons. Some U.S. states have mandated active shooter drills for schools but have offered little to no guidance on proper implementation.

Schools should plan for the rare possibility of an armed assailant as part of a comprehensive crisis/emergency preparedness effort; however, the nature and extent of those preparedness activities should be based upon a risk assessment of the crisis events a given school is most likely to confront.

How this training is conducted must carefully account for students' developmental levels, school culture and climate, and features specific to each school community (such as geography, weather, crime, and environment). While one of the primary goals of crisis preparedness is to develop a sense of empowerment and control, armed assailant drills not conducted appropriately may cause physical and psychological harm to students, staff, and the overall learning environment. It is critical that administrators, school-employed mental health professionals, school resource and police officers, and crisis team members work closely together to carefully develop a staff and student training protocol that follows the best practice considerations outlined below.

A. Background

The 1999 shootings at Columbine High School ushered in heightened attention to the need for schools—and law enforcement—to be better prepared to respond to armed assailant situations. Subsequently, schools focused primarily on lockdown practices, while law enforcement focused on improving tactics to find and stop the assailant as quickly as possible. In 2013, the U.S. Department of Education recommended expanding the lockdown-only approach for schools (i.e., confining students and staff to their rooms) to an options-based approach that allows school staff to make more independent decisions about how to protect their students depending on evolving circumstances (e.g., evacuate the building rather than stay locked in a RC). These approaches include adapting the "Run, Hide, Fight" model that was originally developed for adults in response to workplace violence. This expansion has spurred a range of approaches to armed assailant training and an increase in the number of schools conducting drills with varying degrees of intensity and involvement of school staff and students. In some instances, drills are conducted with

Formatted: Font: 12 pt

insufficient consideration of the potential psychological impact or appropriateness of a particular drill based on the developmental level or psychological risk factors of participants.

B. Benefits and Concerns Associated with Armed Assailant Drills

Costs versus benefits. School-associated homicides are extremely rare, accounting for less than 1% of all homicides among school-age youth (Robers, Kemp, Rathbun, & Morgan, 2014). While an attack by an armed assailant on school grounds is possible—and devastating if it happens—it is not as probable as other types of crisis events. Schools must consider the cost of some types of drills (e.g., full scale simulations), and whether investment in them will reduce resources available for other critical safety preparation activities such as first aid training, environmental design measures, and staff development focused on more comprehensive school safety preparedness.

Empowerment versus potential harm. The primary purposes of an armed assailant drill are to provide law enforcement and relevant school leadership and staff the opportunity to practice skills and protocols and to identify and correct areas of weakness in knowledge, communication, coordination, and decision-making. The goal is to empower participants and save lives and prepare professionals and staff for this role and responsibility. As the focus of such drills expands to include all staff and students, the potential for causing harm to participants expands as well. The level of drill intensity (e.g., use of loud gun fire and airsoft guns), extent of warning that a drill will occur, and whether participation is required or voluntary may affect reactions to the experience. Additionally, an individual's cognitive and developmental levels, personality, history of adverse or traumatic experiences, and psychological makeup are among the many factors that influence the potential for harm.

It is essential to include parents in discussions of their child's developmental level, education, and readiness for armed assailant drills. Highly sensorial armed assailant drills for students in preschool and elementary learning environments are not recommended. Any such drills should be conducted using age-appropriate simulation stimuli (e.g., the sound of gunshots near a preschool room would not be appropriate).

Available research. Practicing disaster response procedures has been found to increase the probability of adaptive behavior during a crisis (Jones & Randall, 1994; Miltenberger et al., 2005). Specifically, lockdown drills implemented according to best practices have been suggested to increase knowledge and skills of how to respond appropriately without elevating anxiety or perceived safety risk (Zhe & Nickerson, 2007). However, at present there is no empirical research regarding school-based

armed assailant drills.

Potential lawsuits. The manner in which some armed assailant drills (e.g., unannounced) have been conducted in the workplace has led to lawsuits imposed on employers due to psychological and physical harm sustained by some participants (Frosch, 2014). Schools need to determine to what extent advanced armed assailant drills are necessary and carefully construct these drills to avoid physical and/or psychological harm. Regardless of the projected benefits and perceived concerns, the fact remains that armed assailant drills are uncharted territory for schools. Schools that decide to conduct a drill should use a multidisciplinary safety team (including parents) that educates and trains all participants in relevant curricula and protocols. With careful planning, data collection, and continual review of these programs, schools can begin to develop an approach that minimizes negative effects and improves preparedness.

A. Traditional Lockdown Versus Options-Based Drills

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

Lockdowns have been the standard approach for the school response to threatening situations for nearly two decades. Lockdowns involve locking the door, moving students out of sight, and requiring students to remain quiet within the room. Lockdowns should continue to be included in any options- based approach to active assailant training.

Options-based drills provide students and staff with a range of alternative strategies to save lives, and the permission to use them, depending on the situation. For instance, the nature of the threat, time of day, and the location of students interact to affect the best options. The premise of options-based drills is to allow participants to make independent decisions including when and whether to evacuate, barricade RC doors, or as a last resort, counter the attack of the armed assailant. As with other safety drills (e.g., fire or tornado), it is important that options-based drills take into account the developmental levels of students as well as the physical layout of the school campus (e.g., ease of access to outside doors and proximity of places to hide other than a resource center).

B. Hierarchy of Education and Training Activities

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1
Formatted: Font: 14 pt
Formatted: Font: 12 pt

Crisis preparedness exercises and drills should be conducted in a progression of steps that begin with basic activities and progress to more advanced drills and exercises as needed (with advanced simulations being a more advanced type of crisis preparedness activity). Schools should start with simple, low-cost, discussion-based exercises (e.g., introductions to crisis responders, orientation activities, use of instructional media, or tabletop drills) and, if the school safety team determines it

appropriate, work their way toward more complex and expensive, operations-based exercises (e.g., walk-throughs, specific emergency drills, and crisis simulations; NASP, 2013; U.S. Department of Education, 2006a). ***Appendix 1 summarizes this hierarchy of activities and provides an example of how armed assailant preparation could occur at each level.***

C. Simulations and Simulation Techniques

Formatted: Font: Not Bold, Font color: Accent 1

Many schools are also using or considering simulation exercises. Simulations require that participants are provided with real time information and stimuli (e.g., simulated gunshots, PA announcements, and electronic communications) to determine the movements of an armed assailant in order to make the best decisions. It is important that simulation drills are preceded by extensive prior education and preparation, and consideration for individual readiness. For some participants, this intense exposure and practice may empower them with experience, options, and a sense of control. For others, this type of drill may be emotionally traumatic (Frosch, 2014).

Formatted: Font: 12 pt

If a school deems it necessary to simulate an armed assailant, safety teams should carefully consider the number of different strategies for simulation during a drill, taking into account developmental age and readiness of staff before determining what techniques are most appropriate.

Formatted: Font: 12 pt

Drills utilizing props and simulation aids. Props and other aids may be used to simulate a weapon, gunfire, or other desired circumstances that are associated with an armed assailant event. In advance of any drill, participants must be aware of the prop's purpose and potential presence, particularly when the purpose of the prop is not obvious. For example, the use of an air horn, or other prop to simulate gunfire, may traumatize participants if they have not been instructed on the prop's purpose in advance of the drill.

Formatted: Font: 12 pt, Not Bold, Font color: Accent 1

Formatted: Font: 12 pt

Airsoft as a simulation aid. Airsoft guns (simulated weapons that shoot plastic BBs) may be used as a simulation aid during armed assailant drills. Caution must be exercised to ensure the safety of all participants prior to any drill involving airsoft guns. The authors of these guidelines have received anecdotal reports from school professionals of armed assailant drill participants being physically harmed from the use of simulation aids. In addition, for those with trauma histories, involvement in a highly sensorial armed assailant drill could trigger strong psychological reactions. Thus, to mitigate potential physical or psychological harm, opt-out opportunities should be offered to all participants after being fully informed about the drill.

B. Considerations

Schools must carefully consider the decision-making protocol for people to engage in a strategy other than lockdown. For instance, run/escape may lead to safety for some, but it might inadvertently lead to danger for others as students unknowingly "escape" into the path of an unknown assailant, expose them to the sight of injured or dead classmates and teachers, or result in students trampling each other to get to the exit door. These concerns need to be addressed when planning and practicing active assailant drills. Students should be taught to first and foremost follow the direction of their teacher, and how to make decisions if that teacher is incapacitated. Helping students and staff understand the decision-making criteria is crucial. It is also important to consider the special needs of students with disabilities, both in terms of a drill and the expectations for their functioning in the event of real emergency (U.S. Department of Education, 2006b).

C. Regular Practice

As part of the initial planning process for crisis preparedness, schools should identify how to integrate and reinforce the concepts taught during the drills. Introductions, orientations, walk-throughs, and tabletop exercises should continue to be integrated into yearly crisis preparation activities so learned skills are refreshed and rehearsed. Frequent and varied practice, training, and discussion activities aid the development of readiness, providing staff and students the means to quickly access and apply their knowledge.

PART III: DEVELOPMENTAL AND MENTAL HEALTH CONSIDERATIONS

A. Impact of Adult Behavior on Children's Behavior

The behavior of an adult in an emergency directly affects the physical and psychological safety of students in crisis. Therefore, the effectiveness of armed assailant drills relies on educating and training adults carefully, responsibly, and continually. Students look to faculty and staff—the designated trusted adults—for direction and guidance. When adults are well-trained and stay calm, the students will follow and gain confidence and ability.

B. Developmental Levels of Safety Awareness

If schools opt to conduct an options-based or more advanced armed assailant training, it is critical that those planning and facilitating the training consider the cognitive and emotional development of all those involved. Safety and security professionals (e.g., SROs, police officers) often have a leadership role in conducting

drills but must work collaboratively with school administration and school-employed mental health professionals in joint planning to ensure best practice guidelines are followed. Schools, educators, and parents are encouraged to adapt policies and training programs that consider their unique situations. Grade levels are not an absolute determinant. Individual levels may vary greatly due to cultural, educational level, and personal profiles within a community. It is also imperative that schools consider the individual psychological backgrounds, previous trauma experiences (including community trauma history), special needs, and personalities of students and staff. Regardless of training level, some individual personality types are better able to respond assertively than others in moments of crisis. Each level has a corresponding age range and examples of appropriate types of activities and instructions to provide general guidance when preparing for an armed assailant training.

C. Mental Health Support and Considerations

School-employed mental health professionals should be a part of all stages of armed assailant drill preparation.

Before an armed assailant drill or simulation. Drills may lead to stressful or traumatic reactions. If the drill will be a sensorial experience with, for example, simulated gunfire or individuals being tackled by the assailant, then participation should never be mandated for staff or students. Staff should also be taught to recognize common trauma reactions to help identify when a student, fellow staff member, or him/herself needs to be removed from the drill. Additionally, drills should be conducted early enough in the day to allow for debriefing participants afterward and assessing any adverse reaction.

During an armed assailant drill or simulation. Educators must monitor the reactions of themselves, each other, and students during the drill and have a means to quickly notify drill coordinators if a person exhibits physical (e.g., asthma or panic attack) or emotional (e.g., hysterical) reactions. Such reactions would necessitate removal from the drill and immediate support. School-employed health and mental health professionals must be present during the drill and available for assistance.

After an armed assailant drill or simulation. Emotional or physical reactions can be delayed following a highly intense simulation drill. School staff and students should have access to school- employed mental health professionals after the event to provide additional assistance if needed.

D. Parent Consent

Participation in an armed assailant drill should never be required for students or staff. Parent consent can come in the form of:

- Parent permission – parents return a permission slip allowing their child to participate.
- Passive consent – parents return a form only if they do NOT want their child to participate; no form returned implies permission.
- Parent notification – parents are notified, but no consent form is used; thus, schools assume participation is granted unless parents assertively state otherwise.

E. Balancing Staff Opt-Out with the Need for Universal Preparedness

It is important to have all staff operating with the same understanding in an emergency situation. In cases where staff opt-out of a more advanced armed assailant drill, schools should provide the essential information and training through additional, less sensorial training exercises, such as a tabletop activity, as outlined in the hierarchy of education and training activities.

PART IV: STEPS TO CONDUCTING SAFE, EFFECTIVE, AND APPROPRIATE DRILLS

1. Create a school safety team—ideally made up of an administrator; school mental health professional; school nurse; teachers; security personnel; parents; and students—that:
   - Identifies a lead person to coordinate school safety efforts, including drills.
   - Establishes and communicates the roles and responsibilities during drills and in real-life crisis situations.
   - Takes a lead in identifying the most appropriate preparedness activities for the school.
   - Provides ongoing professional development and training as needed; and
   - Ensures that the school's policies are in compliance with state laws and school board policies.

2. Conduct an assessment of the school community to:
   - Identify the types of crisis events most likely to occur,
   - Determine the current school culture and climate,
   - Map existing resources and capacities of school personnel or school safety teams, and
   - Identify any related policies that should be considered in the planning of drills.

3. Implement a cost–benefit analysis that:
   - Considers financial costs in relation to the likelihood of a particular crisis.
   - Identifies what resources, activities, or preparedness training must be replaced or postponed to engage in active shooter or other armed assailant drills;
   - Balances the need to empower school staff while minimizing potential

harm (e.g., triggering stressful or traumatic reactions to live simulation drills);
- Considers the current knowledge and identified needs of the staff; and
- Considers legal requirements (e.g., state law) related to conducting active assailant drills and to what degree drills are required to be full-scale simulations versus other lower cost exercises.

4. Tailor drills to the context of the school environment, taking into consideration:
   - The primary goal of the drill (e.g., training for law enforcement versus staff and/or students);
   - Age, cognitive, and developmental levels of awareness of students;
   - Students with physical, sensory, or other disabilities that may require unique instructions during a drill or real-life event;
   - The capacity, comfort level, and trust among staff;
   - Administrative support;
   - Optimal timing, including time of year, day of the week, and time of the day;
   - Relationships with external partners, law enforcement, and other first responders; and
   - The layout of the school building and campus.

5. Create a plan of progression that:
   - Considers whether any previous activities have been conducted in the school;
   - Starts with simple, low-cost, discussion-based exercises;
   - Considers all available types of drills;
   - Identifies specific objectives and goals for the drills; and
   - Identifies a timeline and metrics to help determine whether more complex exercises are needed.

6. Prepare for logistics of the drill to ensure that:
   - Previous traumatic experiences of those involved are considered;
   - School staff learn to recognize stressful reactions to drills;
   - Methods exist to opt out (for staff and students) or remove someone from a drill, including parental consent/permission if students are involved;
   - School-employed mental health professionals are available to provide support to those experiencing a negative reaction to the drill;
   - Adequate follow up is available for students or staff with questions; and
   - Appropriate methods to evaluate outcomes are implemented.

7. Develop a communications plan that:
   - Informs members of the school community of planned drills and what will be entailed;
   - Facilitates open communications with families, including translated materials and the opportunity for family members to talk with relevant staff about concerns;
   - Provides opt-out options for staff and students; and
   - Encourages feedback and evaluation by participants after the fact.

Formatted: Font: 12 pt

8. Establish a long-term follow up plan to support sustainability that considers:
   - What additional training is required;
   - How the drill integrates with other school safety and crisis prevention efforts;
   - How current and previous training and knowledge can be maintained and built upon; and
   - When follow-up should be conducted and how often.

CONCLUSION

Formatted: Font: 16 pt, Not Bold, Font color: Accent 1

Formatted: Centered

Training exercises and drills to prepare for active shooters or other armed assailants should be based on the specific needs and context of each school and community. It is critical that schools recognize that this type of drill is just one specific component of comprehensive crisis preparedness and response that includes prevention, protection, mitigation, response, and recovery. Schools should consider the most cost-effective method of preparing students and staff for an active shooter situation while balancing the physical and psychological risks associated with such drills.

Formatted: Font: Not Bold

Every position on the Incident Command Team will require the following equipment:

1. Identification vest
2. Two-way campus radio
3. Paper and pens/pencils
4. Job description clipboard

Position-Specific Equipment

Formatted: Font: Not Bold, Font color: Accent 1

Certain positions require special equipment or forms. Such specific needs are identified on the individual position checklists.

Position Activation

Formatted: Font: Not Bold, Font color: Accent 1

1. Once notified of your assignment, put on your vest.
2. Check in with the Incident Commander at the Incident Command Post for a situation briefing.
3. Check in with your Chief for details and updates associated with your position.
4. Obtain necessary equipment and supplies.
5. Open and maintain a Position Log. Maintain all required records and documentation to support the history of the emergency or disaster. Document:
    a. Messages received
    b. Actions taken
    c. Decision justifications and documentation
    d. Requests filled
    e. Document missing staff

Position Deactivation

Formatted: Font: Not Bold, Font color: Accent 1

1. At the direction of the Incident Commander, deactivate your position and close out all logs. Provide logs, timekeeping records, and other relevant documents to the Documentation Unit.
2. Return equipment and reusable supplies to Logistics.

Section: ~~Command~~: Command

Position: Incident Commander

Responsibility: The Incident Commander is solely responsible for emergency and disaster operations and shall remain at the Command Post to observe and direct all operations. Ensures the safety of students, staff and others.

Lead by example: your behavior sets tone for staff and students.

Special Equipment:

- ☐ Crisis Response Boxes
- ☐ Emergency Disaster Kit
- ☐ Master keys
- ☐ Position-Specific forms
- ☐ AM/FM radio (battery)
- ☐ Command Post Tray (pens, etc.)
- ☐ Emergency Plan
- ☐ Tables & chairs (if Command Post is outdoors)
- ☐ Job Description Clipboards
- ☐ Bull horn
- ☐ Staff rosters (2 sets)
- ☐ Copies of Forms

Start-Up:

- ☐ Assess type and scope of emergency.
- ☐ Determine threat to human life and structures.
- ☐ Implement Emergency Plan and Emergency Procedures.
- ☐ Develop and communicate an Incident Action Plan with objectives and a time frame to meet those objectives.
- ☐ Activate functions (assign positions) as needed.
- ☐ Fill in Incident Command Team Assignment Form as positions are staffed.
- ☐ Appoint a backup or alternate Incident Commander in preparation for long-term operations.

During Event:

- ☐ Continue to monitor and assess total school situation:
- ☐ View location map periodically for Search & Rescue progress and damage assessment information.
- ☐ Check with chiefs for periodic updates.

Formatted: Font: Not Bold, Font color: Accent 1

Formatted: Font: 12 pt

- ☐ Reassign personnel as needed.
- ☐ Develop and communicate revised incident action plans as needed.
- ☐ Authorize release of information.
- ☐ Utilize your back up; plan and take regular breaks, 5-10 minutes each hour, relocate away from the CP.
- ☐ Plan regular breaks for all staff and volunteers. **Take care of your caregivers!**
- ☐ Release staff as appropriate. By law, during a disaster, the staff will become "Disaster Service Workers."
- ☐ Remain on and in charge of your RC until the incident has been resolved.

After:

- ☐ Authorize deactivation of sections or units when they are no longer required.
- ☐ Deactivate the entire emergency response.
- ☐ Ensure that any open actions not yet completed will be taken care of after deactivation.
- ☐ Ensure the return of all equipment and reusable supplies to Logistics.
- ☐ Close out all logs. Ensure that all logs, timekeeping records, reports, and other relevant documents are completed and provided to the Documentation Unit.
- ☐ Proclaim termination of the emergency and proceed with recovery operations if necessary.

Section~~: Command~~: Command

Position~~: Safety~~: Safety Officer

Reports To: **Incident Commander**

Staffing Characteristics: **It is common for the Incident Commander to carry out these duties. A separate position checklist is here in the event the Incident Commander needs to assign the duties to another individual.**

Responsibility: The Safety Officer ensures that all activities are conducted in as safe a manner as possible under the circumstances which exist.

Special Equipment:

- ☐ Hard hat (if available)

During Event:

- ☐ Monitor drills, exercises, and emergency response activities for safety.
- ☐ Identify and mitigate safety hazards and situations.
- ☐ Stop or modify all unsafe operations.
- ☐ Ensure that responders use appropriate safety equipment.
- ☐ Think ahead and anticipate situations and problems before they occur.
- ☐ Anticipate situation changes, such as severe aftershocks, in all planning.
- ☐ Keep the Incident Commander advised of your status and activity and on any problem areas that now need or will require solutions.

Reports To: **Incident Commander**

Formatted: Font: 12 pt

Staffing Characteristics: **It is common for the Incident Commander to carry out these duties. A separate position checklist is here in the event the Incident Commander needs to assign the duties to another individual.**

Responsibility: Staff, students, parents and the public have the right and need to know important information related to emergencies/disaster at the school ***as soon as it is available.***

The Public Information Officer acts as the official spokesperson for the school in an emergency situation.

Special Equipment:

- ☐ Battery operated AM/FM radio
- ☐ Marking pens
- ☐ Scotch tape/masking tape
- ☐ Forms:
  - Public Information Release Worksheet
  - School Accountability Report Card
- ☐ Scissors
- ☐ School map(s) and area map(s):
  - 8-1/2 x 11 handouts
  - Laminated display
- ☐ Tape recorder and tapes

Start-Up Activities:

- ☐ Determine a possible "news center" location as a media reception area (located away from the Command Post and students). Get approval from the Incident Commander.
- ☐ Identify yourself as the "Public Information Officer" (vest, visor, sign, etc.)
- ☐ Assess situation and obtain statement from the Incident Commander. Tape-record, if possible.
- ☐ Advise arriving media that the school is preparing a press release and approximate time of its issue.
- ☐ Open and maintain a position log of your actions and all communications. If possible, tape media briefings. Keep all documentation to support the history of the event.

During Event:

- ☐ Keep up-to-date on the situation.
- ☐ Statements must be approved by the Incident Commander and should reflect:
  - Reassurance — EGBOK — "Everything's Going to Be OK."
  - Incident or disaster cause and time of origin.
  - Size and scope of the incident.
  - Current situation — condition of school, evacuation progress, care being given, injuries, student release location, etc. Do not release any names.
  - Resources in use.
  - Best routes to school if known and appropriate.
  - Any information school wishes to be released to the public.
  - **Read** statements if possible.
- ☐ When answering questions, be complete and truthful, always considering confidentiality & emotional impact. Avoid speculation, bluffing, lying, talking "off the record," arguing, etc. Avoid use of the phrase "no comment."
- ☐ **Remind school/staff volunteers to refer *all* questions from media or waiting parents to the PIO.**
- ☐ Update information periodically with Incident Commander.
- ☐ Ensure announcements and other information is translated into other languages as needed.
- ☐ Monitor news broadcasts about incident. Correct any misinformation heard.

Position~~: Liaison~~: Liaison Officer

Reports to: **Incident Commander**

Staffing Characteristics: **It is common for the Incident Commander to carry out these duties. A separate position checklist is here in the event the Incident Commander needs to assign the duties to another individual.**

Responsibility: The Liaison Officer serves as the point-of-contact for Agency Representatives from assisting organizations and agencies outside the school and assists in coordinating the efforts of these outside agencies by ensuring the proper flow of information.

During Event:

- ☐ Brief Agency Representatives on current situation, priorities and incident action plan.
- ☐ Ensure coordination of efforts by keeping Incident Commander informed of agencies' action plans.
- ☐ Provide periodic update briefings to Agency Representatives, as necessary.

Position~~: Operations~~: Operations Chief

Reports to: **Incident Commander**

Staffing Characteristics: The Operations Chief should be a staff member familiar with the school and be trained in response skills.

Responsibility: The Operations Chief manages the direct response to the disaster, which can include Facility Check & Security Unit, Search & Rescue Unit, and First Aid & Medical Unit.

Special Equipment:

- ☐ Search & Rescue equipment
- ☐ Maps: See Crisis Response Box

During Event:

- ☐ Assume the duties of all operations positions until staff is available and assigned.
- ☐ As staff is assigned, brief them on the situation and supervise their activities, utilizing the position checklists.
- ☐ If additional supplies or staff is needed for the Operations Section, notify Logistics. When additional staff arrives, brief them on the situation, and assign them as needed.
- ☐ Coordinate Search & Rescue operations. Appoint Search & Rescue Team Leader to direct their operations, if necessary.
- ☐ As information is received from operations staff, pass it on to Situation Analysis and/or the Incident Commander.
- ☐ Inform the Incident Commander regarding tasks and priorities.
- ☐ Make sure that Operations staff is following standard procedures, utilizing appropriate safety gear, and documenting their activities.
- ☐ Schedule breaks and reassign Operations staff within the section as needed.

Position: Facility Check & Security

Reports to: **Operations Chief**

Staffing Characteristics: Building Safety Supervisor or others familiar with the school's facilities.

Responsibility: Controls utilities, restricts access to unsafe areas and communicates damage to the Incident Commander. Also assists with traffic control for public safety vehicles, parent pick-up and the media.

Special Equipment:

- ☐ Hard hat
- ☐ Work gloves
- ☐ Whistle
- ☐ Master keys
- ☐ Bucket or duffel bag with goggles
- ☐ Flashlight
- ☐ Dust masks
- ☐ Yellow caution tape
- ☐ Shutoff tools — for gas & water (crescent wrench)

Start Up Activities:

- ☐ Check condition and take along appropriate tools.

During Event:

- ☐ As you do the following, observe the campus and report any damage to the Command Post.*
- ☐ Lock or open gates and major external doors appropriate for the situation.
- ☐ Locate/control/extinguish small fires as necessary.
- ☐ Check gas meter and, ***if gas is leaking,*** shut down gas supply.
- ☐ Shut down electricity only if building has clear structural damage or advised to do so by Command Post.
- ☐ Post yellow caution tape around damaged or hazardous areas.
- ☐ Verify that campus is "locked down" and report same to Incident Command Post.

- ☐ Search & Rescue Team Member Backpack

Start-Up Activities:

- ☐ **You must be wearing sturdy shoes and long sleeves.**
- ☐ Put batteries in flashlight.
- ☐ First to arrive assumes role of Team Leader and obtains a briefing from the Operations Chief, noting known fires, injuries, or other situations requiring response.
- ☐ **Teams should be assigned based on available manpower.**

During Event:

- ☐ **Buddy system~~: Minimum~~: Minimum of 2 persons per team.**
  - Take no action that might endanger you. Do not work beyond your expertise. Use appropriate safety gear. Size up the situation first.
  - **Follow all operational and safety procedures.**
- ☐ Report gas leaks, fires, or structural damage to Command Post immediately upon discovery. Shut off gas or extinguish fires, if possible.
- ☐ Before entering a building, inspect complete exterior of building. Report structural damage to team leader. Use yellow caution tape to barricade hazardous areas. **Do not enter severely damaged buildings.**
- ☐ If building is safe to enter, search assigned area (following map) using orderly pattern. Check all rooms. Use chalk or grease pencil to mark slash on door when entering room. Check under desks and tables. Search visually and vocally. Listen.

Reports to: **Operations Chief**

Formatted: Font: 12 pt

Staffing Characteristics: Trained as a leader in providing emergency medical and psychological aid (i.e. School Nurse).

Responsibility: Leader to team providing emergency medical response, first aid, and psychological, or CISM counseling.

Special Equipment:

- ☐ Marking pens
- ☐ First Aid Supplies: Stretchers, Blankets, Vests (if available), Quick reference medical guides
- ☐ Tables & chairs
- ☐ Ground cover/tarps
- ☐ Forms: Notice of First Aid Care Given Form
- ☐ Medical Treatment Victim Log

    - 2" cloth tape

Start-Up Activities:

- ☐ Establish scope of disaster with the Incident Commander and determine probability of outside emergency medical support and transport needs.
- ☐ Request assistance from the Crisis Response Team for psychological staff and student needs

- ☐ Make personnel assignments. If possible, assign a minimum of two people to Triage, two to Immediate, two to Delayed, and two to Psychological.
- ☐ Set up First Aid & Medical Treatment Area in a safe place, away from students and parents, with access to emergency vehicles. Obtain equipment/supplies from the container.
- ☐ Assess available inventory of supplies & equipment.
- ☐ Review safety procedures and assignments with personnel.
- ☐ Establish point of entry ("triage") into treatment area.
- ☐ Establish "immediate" and "delayed" treatment areas.
- ☐ Set up a separate Psychological First Aid area with staff trained in CISM from the Crisis Response Team.
- ☐ Establish the need for a temporary morgue. If a morgue is needed, establish an appropriate location in consideration of the following:
- ☐ If directed, set up morgue area. Verify:
  - Tile, concrete, or other cool floor surface
  - Accessible to Coroner's vehicle
  - Remote from assembly area
  - Security: keep unauthorized persons out of morgue.
  - Maintain respectful attitude.

During Event:

- ☐ Oversee care, treatment, and assessment of patients
- ☐ Ensure caregiver and rescuer safety
  - Latex gloves for protection from body fluids; replace with new gloves for each new patient.
- ☐ Make sure that accurate records are kept.
- ☐ Provide personnel response for injuries in remote locations or request Logistics for staffing assistance.
- ☐ If needed, request additional personnel from Logistics.
- ☐ Brief newly assigned personnel.
- ☐ Report deaths immediately to Operations Chief.
  - **After pronouncement or determination of death:**
  - ***Do not*** move the body until directed by Command Post.
  - ***Do not*** remove any personal effects from the body. Personal effects must remain with the body ***at all times.***
  - As soon as possible, ***notify Operations Chief***, who will notify the Command Post, who will attempt to notify law enforcement authorities of the location and, if known, the

identity of the body. The law enforcement authorities will notify the Coroner.

- Keep accurate records and make available to law enforcement and/or the Coroner when requested.
- Write the following information on two tags:
  - Date and time found.
  - Exact location where found.
  - Name of decedent, if known.
  - If identified—how, when, by whom.
  - Name of person filling out tag.
  - Attach one tag to body.
  - If the Coroner's Office will not be able to pick up the body soon, place body in plastic bag(s) and tape securely to prevent unwrapping. Securely attach the second tag to the outside of the bag. Move body to morgue.

☐ Place any additional personal belongings found in a separate container and label as above. Do not attach to the body—store separately near the body.

☐ Keep Operations Chief informed of overall status.

☐ Set up morgue, if necessary, in cool, isolated, secure area; follow guidelines.

☐ Stay alert for communicable diseases and isolate appropriately.

After:

☐ Conduct a Critical Incident Stress Debriefing for staff.

~~2024~~SY 2025-202~~5~~6

The designated Ambassadors are responsible for planning and implementation at the Resource Center (RC). Resource Center Representatives will meet with their colleagues to discuss all aspects of a safe and supportive learning environment, safety and trainings which will include:

Safe and Supportive Learning Environment:

- ✓ Number of students in RC – adhere to student scheduled hours
- ✓ Schedule CTR/RCA works hours – ensure there are two staff members when opening and closing the RC
- ✓ Share information at RC meetings; Discuss safety at monthly resource center meetings
- ✓ Meet with new resource center staff within 30 days
- ✓ Reach out to the Juvenile Community Officer, Community Resources and Community Police Sub-Stations
- ✓ Keep technology locked and secured
- ~~✓~~

Instructional Support:

- ✓ Consistent RC rules among all staff – hats, phones, language use
- ✓ Ensure middle school students work together
- ✓ Instructional tables labeled by subject area
- ✓ Know your student needs – triggers
- ✓ Measuring threat levels
- ✓ CTR/RCA supporting the learning environment

Compliance:

- ✓ Safety Drills are mandated to be performed three days (3) times per year
- ✓ Ensure safety supplies are located in designated area and replenished each time a drill is performed
- ✓ Confirm that the Emergency Radio works properly (Channel 1)
- ✓ Update Resource Center Emergency Exit Plan annually
- ✓ Review and sign off on monthly Fire Extinguisher, Epi-Pen and Eye wash Inspections

Instructional Continuity Plan

ALTUS SCHOOLS SOUTHERN CALIFORNIA

ALTUS SCHOOLS EAST COUNTY

ALTUS SCHOOLS EAST COUNTY
Instructional Continuity Plan

General Information

At Altus Schools East County (ASEC), we prioritize uninterrupted learning. This Instructional Continuity Plan (ICP) embodies our proactive commitment to ensuring education continues seamlessly, regardless of circumstances. By establishing robust systems for remote instruction and communication *now*, we are prepared to transition swiftly and effectively to virtual learning environments should any emergency or unforeseen event occur. Our integrated online learning platforms, video conferencing capabilities, and digital communication tools form the bedrock of this preparedness. Furthermore, this ICP details clear decision-making pathways, empowering a designated leadership team to act decisively, activate appropriate remote learning phases, and keep our staff, students, and families informed, ensuring learning remains constant.

Engagement Protocol

In the event of an emergency, ASEC is committed to ensuring that students' educational experiences continue with minimal disruption. The school will engage students and families within 5 calendar days using a variety of communication methods to ensure everyone stays informed and connected. Examples of the two-way communication tools include phone calls, SMS text messaging, email, video conferencing, social media, and app notification through ParentSquare. The ParentSquare communication platform integrates with our Student Information System, providing all enrolled students and families with a centralized and accessible communication channel to receive updates and information from school administrators, teachers, and support staff. Given the instructional model of the school, it is common practice for teachers to be in touch with students and/or families daily. This routine communication ensures that in the event of an emergency, there will be no disruption in the connection between teachers, students, and their families. Teachers will continue to provide academic support, share resources, and address any concerns through the established communication channels.

Following an emergency, ASEC will utilize our Multi-Tiered System of Supports (MTSS) to ensure all students receive the appropriate level of support based on their individual needs. Healthy Youth Therapists on staff are available to assist in supporting students' social-emotional and mental health needs through individual or group therapy sessions.

ASEC strives to maintain a strong and supportive learning environment, even in the face of emergencies. By leveraging multiple communication methods and providing comprehensive support through MTSS, we aim to ensure the continuity of education and the well-being of our students and their families.

Instructional Access Plan

Formatted: Font color: Accent 1

ASEC is an independent study program that offers both in-person and hybrid learning options for students. Resource Centers are strategically located within the neighborhoods and communities where students reside. Thanks to our multiple physical locations, state-of-the-art video conferencing technology, and independent study format, ASEC can quickly adapt if a Resource Center becomes inaccessible due to an emergency or natural disaster. Students can continue in-person learning at an alternative neighborhood Resource Center or temporarily switch to virtual learning.

Every student at ASEC has a Pathways Personalized Education Plan (PPEP). This plan is used by staff to analyze each student's current academic levels, grades/credits, educational goals, learning styles/preferences, interests, and post-high school pathways. The PPEP is developed and continually revised in collaboration with the student, parent, teacher, counselor, and school instructional leader.

As part of the PPEP and Instructional Plan, the school staff administer a fall benchmark assessment, NWEA Measures of Academic Progress (MAP), to all students to measure academic levels and proficiency in Reading, Language, and Mathematics. Teachers and instructional leaders use these assessment results to make data-informed decisions, such as increasing individual tutoring support in specific academic domains or utilizing specialized instructional strategies, curriculum, and programs to improve student skills.

Monitoring student academic progress and growth is a key element of the PPEP. When students do not demonstrate improved academic growth over time, instructional staff initiate and increase academic intervention efforts and support. ASEC utilizes a Student Intervention Program aligned with the Multi-Tiered System of Support (MTSS). This intervention model provides instructional staff with a system to quickly identify and match the needs of all students. Each intervention completed by a teacher, counselor, or school support staff is documented in the school information system. The school's Data and Assessment department provides staff with a Monthly Storybook summarizing specific interventions completed. School leaders use this intervention data to monitor effectiveness and ongoing student needs. This plan ensures academic progress is not disrupted if a student must switch locations or modalities due to an emergency or natural disaster.

As an independent study school, students will naturally continue their learning through their existing textbook-based curriculum, aligned with state standards and developed by subject matter experts, in the event of an emergency or natural disaster. This curriculum will remain accessible within 10 instructional days of an emergency scenario. The Curriculum Department has already implemented digital lesson guides and online textbooks to support independent learning. For families needing hard copies, textbooks, lesson guides, and supplemental materials can be distributed via non-contact methods.

Edgenuity is the platform used to deliver online curriculum. Through Edgenuity, students have access to multiple scaffolds essential for English Learners and Students with Disabilities, including digital notetaking, transcripts in multiple languages, graphic organizers, glossaries, academic language tools, digital sticky notes, extended time, video closed captioning, text translation, and read-aloud features.

Students who lack access to a computer or home internet can be issued data-enabled laptops through the Altus Connect Program, ensuring they can access the Edgenuity platform, virtual meetings & tutoring sessions, and other online resources from home.

School staff are dedicated to maintaining high levels of student engagement and supporting academic achievement. Setting high expectations helps students achieve their daily, weekly, and monthly goals. Key instructional strategies include virtual and/or in-person one-on-one meetings and small group tutoring sessions, where teachers guide instruction and assess mastery of content standards, providing additional instruction as needed. Teachers also offer instructional support during scheduled student hours, both virtually and in-person. Additionally, teachers monitor academic progress and engagement through online forms, surveys, screencast videos, virtual events, and other communication tools, ensuring students remain on track with their educational goals.

Communication Strategy

Formatted: Font color: Accent 1

In a school emergency or natural disaster, clear and timely communication is critical. Our multi-faceted approach prioritizes the safety and well-being of students and families by ensuring a consistent flow of vital information through multiple accessible channels, strengthening the school-to-home partnership.

Initially, ParentSquare can serve as our central hub for rapid dissemination of alerts and critical updates regarding the situation, safety protocols, evacuation procedures (if necessary), and school status. Simultaneously, the school website and the Altus Schools

Health and Wellness Hub will be updated with the same crucial information, offering additional reliable sources.

Following immediate alerts, instructional staff will use secure text messaging, emails, and phone calls for more direct updates on student well-being and specific instructions. Virtual conferences via Microsoft Teams and Zoom may also be used for broader informational meetings or individual check-ins, as circumstances permit.

Recognizing potential challenges with digital communication, school staff will be prepared to conduct home visits to provide direct updates, ensure student safety, and deliver essential resources or instructions.

To ensure equitable access, our dedicated bilingual staff will communicate critical emergency information in both English and Spanish.

Access to Devices, Materials, and Connectivity

Formatted: Font color: Accent 1

To ensure students have access to online schoolwork, ASEC conducts multiple needs assessments and satisfaction surveys with students and parents to identify families requiring home technology. Teachers maintain regular communication with students and parents through secure text messages, phone calls, virtual conferences, and emails to identify ongoing needs or unique circumstances. As a result, the school has successfully deployed Chromebooks and data plans to all students in need. When new students enroll, school clerks and counselors conduct a technology needs assessment with each family and promptly provide devices to ensure all barriers to learning are eliminated.

Occasionally, school-issued devices require repair or service. In such cases, devices are collected and submitted to the school's Operations Department for maintenance. Students are issued replacement devices to ensure continuous access. Inventory is reviewed regularly by the Operations Department to ensure necessary stock levels are maintained to accommodate student need.

The school has also enhanced its websites and technology tools. To minimize confusion and redundancy for students and parents, the school has created an online landing page, www.altusgo.com, which provides students and families with access to curriculum and instructional supports. From this landing page, students can access essential school technology programs such as Edgenuity, Naviance, Renaissance (Illuminate), Achieve 3000, and BrainPOP.

For students who prefer or require hard copy materials, staff will work with the family to distribute as needed.

Special Populations and Support Services

Formatted: Font color: Accent 1

Even in a shift to remote learning, our school remains dedicated to providing equitable and personalized education for all students through our key process: Pathways Personalized Educational Plan (PPEP). This collaborative plan, developed with teachers, students, parents, counselors, and instructional leaders, inherently addresses diverse needs, including those of English Learners, Students with Disabilities, and Foster/Homeless Youth. Our dedicated Homeless and Foster Youth Liaison will continue to provide comprehensive case management services remotely, ensuring uninterrupted support through virtual check-ins and resource coordination. Existing PPEPs, outlining individual goals and learning preferences, will guide personalized remote learning experiences, and our Multi-Tiered Systems of Supports (MTSS) framework will deliver tailored online interventions.

For English Learners, we ensure continued language development through both integrated and designated ELD support via online educational platforms and digital resources like Summit K12, BrainPOP EL, and Ellevation. Integrated ELD is embedded within virtual content lessons, while designated ELD focuses on explicit language and literacy skill-building through virtual small groups and individualized online activities, all aligned with the school's English Learner Plan. Students with Disabilities will continue to receive Free Appropriate Public Education (FAPE) through the virtual implementation of their IEPs. Specialized Academic Instruction (SAI) will be provided via distance learning by Education Specialists through secure video conferencing and online learning platforms. Curriculum will be adapted for digital accessibility, and instruction will be differentiated using online platform features and Universal Design for Learning (UDL) principles. Special education case managers will actively monitor student progress remotely through regular virtual check-ins and ongoing collaboration with general education teachers.

Furthermore, we are committed to supporting the holistic well-being of our students in a remote setting. To address mental health and social-emotional needs, we will provide virtual counseling sessions with our school counselors and offer readily accessible resource directories for additional support services. Recognizing the importance of basic needs, we will also ensure families have access to critical nutrition services and other wraparound supports by providing comprehensive information on accessing local food banks and other essential resources.

Instructional Continuity and Independent Study Readiness

Formatted: Font color: Accent 1

As a WASC-accredited, non-classroom-based independent study program, our school has established and implemented written policies to govern our independent study program. All students and parents/care givers sign a board-approved, year-long independent study Master Agreement contract, which includes required elements such as Contact Information, Methods of Study, Evaluation Procedures, Attendance and Participation Requirements, Outreach Methods, Maximum Time for Assignments, and Number of Missed Assignments.

ASEC is dedicated to delivering high-quality, rigorous, and standards-aligned curriculum and instruction entirely through accessible online platforms. Our model inherently ensures that *all* students can be effectively supported remotely. Leveraging a robust digital curriculum, versatile communication tools, and interactive videoconferencing systems, we guarantee seamless continuity of learning, regardless of external circumstances such as emergencies or natural disasters. This instructional approach will ensure that students can receive virtual daily one-on-one meetings, weekly small group tutoring sessions, readily available virtual student hours, and additional personalized check-in meetings. This will ensure every learner receives the individual support they need to thrive in the event of a natural disaster or emergency.

Assessment and Student Progress Monitoring

Formatted: Font color: Accent 1

In the event of an emergency or natural disaster, the school will maintain continuous learning through the following established procedures: Teachers will consistently monitor student learning daily using varied formative assessments and robust tracking methods implemented remotely. Data on participation in online activities, coursework completion, assessments, and communication will be analyzed to inform responsive instruction. Teachers will utilize a Course of Study Record (CSR) and Participation/Credit Tracker to closely follow daily progress virtually, while students will maintain a Student Learning Log, reviewed and archived by teachers in the SPSIS. Attendance will be certified remotely via School Pathways Student Information System (SPSIS) at the end of each Independent Study Learning Period.

In the virtual environment, remote instruction will be shaped by continuous formative and summative assessments, incorporating a variety of online activities to gauge student learning and personalize instruction. Assignments will receive virtual feedback, and scores below 70% will automatically activate tailored virtual remediation plans, ensuring targeted support. Furthermore, teachers and instructional staff will leverage the school's MTSS framework to address the holistic academic, behavioral, and social-

emotional needs of each student; these strategies may include additional virtual tutoring, participation in specialized programs like IXL Math, or meetings with guidance counselors or healthy youth therapists.

Leveraging secure video conferencing, educators can deliver dynamic live instruction, foster real-time communication, and implement immediate learning evaluations through engaging virtual activities such as quick writes and collaborative group projects. These interactive sessions bridge the physical distance, enabling active participation and timely feedback.

The SPSIS Gradebook will serve as the central platform for recording all virtual assignments, and teachers will provide summary comments on student progress at the end of each Learning Period. This information will be accessible to students and parents via the School Pathways Portal, with ongoing virtual training and support provided to ensure seamless access and engagement.

Professional Development for Staff

Formatted: Font color: Accent 1

Altus University ("AU") serves as the professional learning platform for the school, offering both in-person and virtual sessions to accommodate the diverse needs of our staff. Altus University includes a fully online component, called AU in the Cloud, which is available to all segments of the workforce and aligned with the California Quality Professional Learning Standards (QPLS).

AU sessions incorporate school-wide initiatives to improve student learning in math and English language development. Each session includes an evaluation for participants to provide feedback on participation, satisfaction, usefulness, learning, and areas for follow-up. This feedback is used by the school's curriculum departments as part of their ongoing Professional Learning Communities (PLCs) and to plan additional AU sessions.

Both in-person and virtual AU sessions provide instructional staff with the time and space to explore curriculum content necessary for quality instruction. Instructors build participants' capacity to use frameworks, standards alignment documents, and instructional pacing guides to support teaching content standards. Assessment and instructional strategies are incorporated into the sessions so that teachers can use formative assessment strategies to inform instruction for a diverse student population.

Teachers have undergone Leading Edge Certification (LEC), a national certification for educational technology, to become effective online and blended learning teachers. For new teachers, the school continues the certification process through the LEC FLEX

program. School instructional leaders provide feedback on new skills acquired through AU sessions during virtual tutoring session observations. Instructors model how to differentiate curriculum and scaffold instruction to support all students. These sessions uphold the school's values by increasing participants' capacity to enhance students' participation, engagement, connection, sense of belonging, and emotional well-being.

Instructional strategies are presented through an equity lens, ensuring access and equity for all students. Data informing AU sessions is disaggregated by gender, race, special needs, foster youth, and socio-economic indicators, allowing for the identification of student instructional needs focused on specific groups. All participants can access AU sessions through registration on the Altus University Portal. Sessions are generally held on the same day of the week and time, allowing teachers to plan instruction around the professional learning sessions they wish to attend. Recorded sessions are available on demand for staff members who are unable to attend live sessions.

Instructors for AU sessions include Administrators, Teachers on Special Assignment, Special Education, General Education teachers. They maintain a positive learning environment for all participants, who can use the chat feature within Microsoft Teams to ask questions without interrupting the flow of instruction and can unmute their microphones to participate verbally. Instructors engage participants through Web 2.0 tools learned from the Leading Edge Certification (LEC). AU instructors understand that student Social Emotional Learning is paramount, focusing on connecting with students first, followed by content.

By combining virtual and in-person professional learning, Altus University ensures that all staff have the resources and support they need to succeed in any learning environment.

Criteria for Returning to In-Person Learning

Formatted: Font color: Accent 1

Following a school emergency or natural disaster, the decision to resume in-person learning will be made in close coordination with state and county emergency management and education agencies, prioritizing the safety and well-being of students and staff. Return to school sites will occur only when deemed safe by these authorities and when the following critical conditions are met:

- Lifted Evacuation Orders: All evacuation orders affecting the school site and the surrounding areas necessary for safe travel of students and staff must be officially lifted.

Formatted: Bulleted + Level: 1 + Aligned at: 0.25" + Indent at: 0.5"

- Safe Air Quality and Clean Water: Air quality must be at levels deemed safe by relevant environmental agencies, and access to potable, clean water must be fully restored at the school site.
- Restored Utilities: Essential utilities, including power, gas, and functioning sanitation systems, must be reliably restored to ensure a safe and healthy learning environment.
- Debris Removal: School grounds and access routes must be cleared of any hazardous debris that could pose a risk to students and staff.
- Staffing and Food Service Readiness: Sufficient staffing levels across all essential functions, including instructional, administrative, and support roles, must be ensured. Additionally, food service operations must be ready to provide necessary meals for students.

Formatted: Bulleted + Level: 1 + Aligned at: 0.25" + Indent at: 0.5"

Formatted: Bulleted + Level: 1 + Aligned at: 0.25" + Indent at: 0.5"

Upon confirmation that these conditions are met and clearance is received, the school will implement clearly defined return-to-school plans and protocols aligned with the most current guidance from the California Department of Education (CDE) and county education offices. These protocols will be proactively communicated to all students and staff.

Collaboration and Site-Based Planning

Formatted: Font color: Accent 1

The collaborative spirit at our school ensures that our Instructional Continuity Plan (ICP) and School Comprehensive Safety Plan are living documents, shaped by the diverse perspectives of our entire educational community.

Administrators actively champion the development and review processes for both plans. They initiate discussions, provide resources, and ensure that feedback is thoughtfully integrated. Staff members, including teachers, counselors, and support personnel, contribute their invaluable frontline experiences through surveys, focused meetings, and professional development sessions, directly influencing the practical elements of the plans.

Parents and family members play a vital role as essential partners. Their insights into students' needs and home environments are gathered through surveys, school events, parent-teacher conferences, and dedicated meetings, ensuring a holistic approach to both instructional continuity and safety.

Our students' voices are also crucial in this collaborative endeavor. Meaningful feedback is solicited through age-appropriate surveys, student forums, and representative participation in school events, providing a unique and important perspective on safety and learning continuity.

The School Site Council serves as a cornerstone of the annual review process for both the ICP and the School Comprehensive Safety Plan. This body, comprised of administrators, teachers, staff, parents, and students, reviews the plans, analyzes feedback gathered throughout the year, and provides critical input for revisions and improvements, ensuring that our safety and instructional strategies remain responsive and effective. This ongoing cycle of collaborative development and review ensures that our plans reflect the collective wisdom and shared commitment of our entire school community.

Plan Review and Updates

Formatted: Font color: Accent 1

Our Instructional Continuity Plan (ICP) is a living document designed to adapt to the evolving needs of our school community. To maintain its effectiveness, we conduct an annual review and update process.

The Altus Schools Executive Safety Team is central to this process. Each year, they examine the ICP, ensuring its alignment with current best practices and any changes in our school environment or local context. This comprehensive review includes:

- Data Analysis: The Executive Safety Team (EST) analyzes year-long data, including feedback from surveys, meetings, and training involving administrators, staff, parents, and students. The EST contributes critical insights related to safety protocols and potential risks, allowing us to pinpoint the plan's strengths and areas needing improvement.

Formatted: Bulleted + Level: 1 + Aligned at: 0.25" + Indent at: 0.5"

- Stakeholder Input: We actively seek and value input from all stakeholders through surveys, focus groups, and school events. The EST thoroughly addresses all safety-related concerns raised during this engagement process and integrates guidance from the School Site Council's review of the Comprehensive School Safety Plan and Instructional Continuity Plan.

Formatted: Bulleted + Level: 1 + Aligned at: 0.25" + Indent at: 0.5"

- Plan Evaluation: The EST assesses the ICP's effectiveness in addressing potential disruptions to instruction, such as natural disasters, emergencies, and other

Formatted: Bulleted + Level: 1 + Aligned at: 0.25" + Indent at: 0.5"

unforeseen events. The EST lends its expertise to evaluate the clarity of safety procedures, the adequacy of resources, and the practicality of implementation.

Based on this thorough analysis, the Executive Safety Team recommends necessary revisions to the ICP.

The updated ICP then undergoes the following steps:

- Documentation and Communication: All revisions are clearly recorded within the ICP and shared with key educational partners.

- Implementation: The updated ICP is put into practice school-wide, with any required training or professional development provided to staff. The Executive Safety Team actively supports the implementation of all safety-related components.

This annual cycle of review and updates, driven by the active involvement of the Executive Safety Team, guarantees that our ICP remains a relevant and effective instrument for ensuring instructional continuity, demonstrating our unwavering commitment to the safety and academic success of every student.

SECTION ONE

Executive Summary

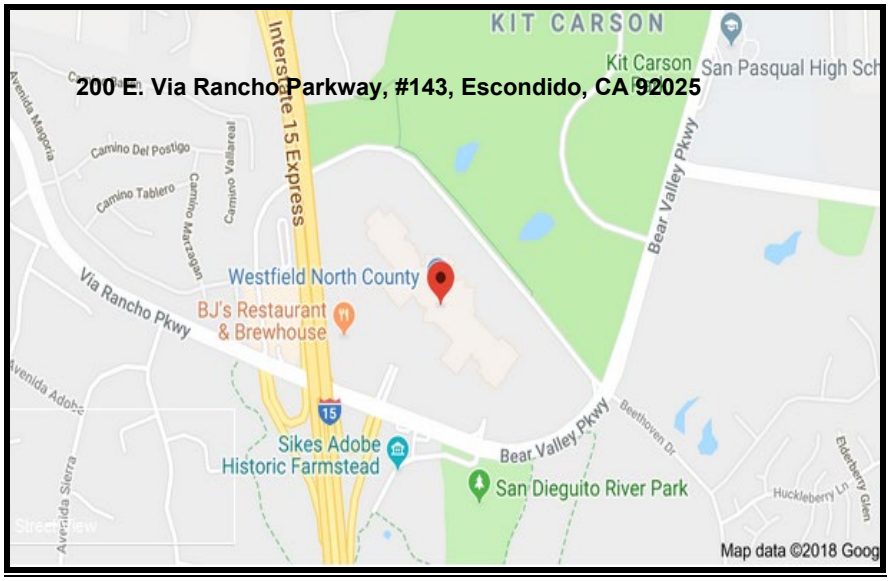
The purpose of this plan is to outline the basic organization and procedures utilizing the Standardized Emergency Management System (SEMS) and the National Incident Management System (NIMS) for responding to an emergency affecting any facility operated by ~~Audeo Charter School III~~Altus Schools North County.

An "Incident Commander" (with alternate) is assigned to be the point of contact for this plan. During emergencies, the Incident Commander is the point of coordination for all operations. An Incident Command Team is in place to address key issues during emergency operations. The team works as directed by the Incident Commander. Each team member assignment can be found in Section Four of this plan, which identifies roles, responsibilities and duties.

The Incident Commander and their Incident Command Team are assigned to maintain and implement their Emergency Plan. The Safety Coordinator will assist with emergency preparedness, disaster planning, and will be responsible for updating the underlying Emergency Plan Template. As a component of the Comprehensive Safe Schools Plan document, the Safety Coordinator will review this emergency plan on an annual basis to determine the Emergency Plan Template is compliant with Federal, State, and local laws.

The Incident Commander will coordinate training for all new staff (paid and volunteer) assigned to this RC. The Incident Commander, coordinating with the Safety Coordinator, will conduct scheduled exercises to provide staff with an opportunity to practice the emergency procedures outlined in this plan.

This format allows staff to understand basic roles and responsibilities regardless of where in the school they may be working.



It is imperative all staff review this plan at least twice a year to ensure a basic understanding of their role and responsibility in an emergency. It is unlikely that anyone will have the time when an emergency occurs to review this entire plan, thus understanding and practice is necessary to be prepared. The proactive actions of individuals during an emergency may very well save another's life.

The data represented is the total number of reported incidents within each crime category and as rates per 100 students enrolled. It is important to note that comparisons (% Change) are calculated from incident rates and not total numbers, because the rates reflect changes in student enrollment from year to year. Crimes involving Arson, Graffiti,

and Vandalism must exceed $100 per incident, theft $50, and Burglary has no dollar limit. Any rate change to or from zero is represented as a 100% change. Caution should be used when drawing conclusions from individual rate changes. Improved reporting practices may have resulted in increases in crime rates which may not represent actual increases in crime.

The Emergency Operations Team is comprised of several leaders from ~~Audeo Charter School III~~Altus Schools North County. This team is responsible for planning, training and implementation in the event of a disaster. The team is composed of the following individuals:

Superintendent	*Responsible for external communications. She will call on community resources to assist the school RCs and coordinate mutual aid requests.*
Chief Business Officer	*Assists the Superintendent with external communications and community resource coordination to support school community needs. She is also responsible for acquisition of fiscal and business services. She will initiate acquisitions of services and materials associated with emergency operations.*
Director of Operations and Technology	*Responsible for internal communications with our RCs, staff, and the team in collaboration with the ~~School Coordinator~~School Administrator.*

~~School Coordinator~~School Administrator	*Responsible for parent and community communications. Provides trauma-counseling support to students/parents/staff, as well as, central contact for student data. Responsible for coordinating support to students brought to central location.*

Operational Overview

Due to the unique design and small setting, the staff will be trained to implement components of the disaster procedures. These components will include:

- Evacuation of Students/Emergency Assembly
- Communication
- Reunion Procedures
- Public Information
- Sweep and Rescue
- Security
- First Aid and CPR

Emergency Operation Center

The Emergency Operations Team (EOT) will be responsible to coordinate and manage all operations in the event of a crisis. ~~Audeo Charter School III~~Altus Schools North County defines crisis as any incident that disrupts the educational program and/or affects the emotional stability of students or staff.

All public employees are declared by law to be disaster services workers (Government Code §3100). They are subject to such disaster services as may be assigned to them by their supervisors or by law upon the declaration of an appropriate state of emergency. The extent to which school employees function as disaster service workers depends in large measure upon the decisions of the various resource centers and their supervisory personnel.

In the event of a crisis, ~~Audeo Charter School III~~Altus Schools North County will respond as follows:

Responsibilities for Situation Levels 1 and 2

1. Assess situation (to evacuate or secure RC)

2. Call 911

3. Contact EOT: Communicate essential information

   Example: Describe the situation – clearly and calmly.
   Who is involved?
   Who's present/at the RC –staff/students/community?
   Have the police been called? Have they arrived?
   Who else has been notified?
   What have you done so far?
   Is anyone hurt? Describe injury.

4. Gather essential information – keep emergency supplies in one area

    - Student emergency binder
    - Student roster
    - Emergency procedure binder
    - Today's sign in sheet
    - Backpack, First Aid Kit, Blood borne Pathogen Kit
    - Keys

5. Reassess situation and roll call
   Triage – prioritize needs; define who is injured. Look for potential dangers (i.e., gas leaks, building structure damage.)

6. Give students appraisal of situation
   Tell them what to do and what is expected.

7. Re-contact EOT

8. Release students as appropriate to authorized individuals.

9. Contain remaining students in designated safe area.

10. Wait until crisis has passed

11. Notify ~~corporate office~~the Sorrento Mesa RC

12. Remaining students will be brought to safe area designated by EOT

13. Staff will then be released by EOT

RC contact Central or Able

Remember 6 Key points –

♦ **RC**	**Identify your location**
♦ **Number**	**Approximate number of participants**
♦ **Code**	**Red (Life-threatening) 911**
	Orange (Serious)
	Yellow (Potential – advisement)
♦ **Description**	**Briefly describe incident**

Procedure

- Superintendent will declare need for emergency action.
- Superintendent, manager and any designated support staff prepare ParentSquare telephone message and E-mail message.
- Superintendent notifies ~~Audeo Charter School III~~Altus Schools North County Board of Directors.
- Designated managers activate telephone tree, using prepared message; each designated manager will be responsible for their group and informing the backup caller.
- When schools are not in session, it may be necessary to call employees at home.
- Callers must report to the Superintendent~~'s office~~ by e-mail (mbixby@altusschools.net) the names of the employee's they were unable to reach.
- Share all information on the operation of the telephone tree with support staff at your RC.
- Make copies of the tree information and give to appropriate staff.
- It is possible that a test of the telephone tree will occur on a weekend, since the tree is designed to be used to relay information to managers and employee's regardless of the day of the week or the time of day or evening. It is important that employees who are to make calls and their backups have copies of the tree information and the telephone numbers both at school and home.

Sample Emergency Call

Resource Center	This is a code Orange. There are approximately 6 male students assembled on the South side of Via Rancho Parkway, across the resource center. They are shouting and threatening one of our students who ~~are~~is here in the resource center. Our student is belligerent and wants to go out and face them. I have five other students with the resource center associate and me. We have locked the doors and directed students to move to the back of the resource center away from the window.
Central	I am dispatching the police immediately. Have your CTR with the other students. Be sure none of them leave or open the door. Stay with your student~~s~~ and try to calm him. Do not go out to confront the group. Assistance should be there shortly. Keep us posted of any change.

- Tend to the business at hand and keep Central informed. STAY CALM.
- If the problem is resolved. Call Central back immediately. Remember someone is streaking across the city to get to you. Call in and say, **"Situation secured". This officially closes down the incident. Central logs the time.**

ParentSquare System

In the event of an emergency, the Superintendent or designee may activate the school-wide ParentSquare system. ParentSquare allows ~~Audeo Charter School III~~Altus Schools North County administrators and staff to send out voice calls, email messages or SMS messages to students, parents and staff. ParentSquare allows ~~Audeo Charter School III~~Altus Schools North County to establish a reliable channel for communicating and sharing information effectively and efficiently. In time-sensitive situations, parents and guardians will receive information and details directly from the school. Not just for emergencies, ParentSquare is beneficial in sending out routine school messages, such as attendance reports, and event and meeting reminders.

Our first responsibility is to the health and safety of our students.

- Do not aggressively confront any individual or group.
- **We want no heroes – just mature, reasonable individuals who take control of a situation and manage it.**
- **Do not place yourself, or others, in an unnecessarily dangerous situation. Your backups are not far away.**

1. Receive Communication.

Be sure caller identifies RC. Confirm that you read the transmission and acknowledge the RC name. If necessary, calm the caller. Set the tone by using a confident and firm tone of voice.

If necessary, lead the caller through the 6 elements/key points of an ~~Audeo Charter School III~~Altus Schools North County emergency call. **Resource Center, Number, Code, Description, Location, Listen.** It is preferable that you speak directly whenever possible.

2. Ascertain the level of emergency and degree of danger.

Prescribe action. If there is a close judgment call--- err on the side of caution.

The teacher contacts 911 immediately.

Tell the teacher you will contact 911.
Tell RC staff to deal with emergency until help arrives. Give them some specific tasks.
Tell teacher you will call in report and will get right back to him/her. Talk staff through emergency if necessary. Ask if they have locked down the RC, drawn the blinds, etc.
After you place call for help, coordinate with other central managers to see who is closest to RC and can arrive in the shortest amount of time.
Contact the ~~Audeo Charter School III~~Altus Schools North County ~~Administrative Office~~Sorrento Mesa RC to alert them to the emergency.

3. Assist in the implementation of the action plan worked out with the RC.

Be conscious that the School must protect the anonymity and privacy of each student. No staff should discuss the incident with press. Refer them to a manager.

4. Log call.

Note approximate start and end time of incident. A brief narrative describing the incident is due to the Central ~~Office~~ before the end of the day. This report could become part of a court case, so immediate transcription is advisable to assure more accurate recall. The report may become a part of the body of information needed for further investigation.

~~Emergency Responses~~EMERGENCY RESPONSES

EMERGENCY RESPONSE~~:~~ ~~ALLERGIC~~: ALLERGIC REACTION

There are many types of medical conditions that may trigger an allergic reaction, among them anaphylactic shock, diabetes and sickle cell anemia. Possible symptoms of an allergic reaction include skin irritation or itching, rash, hives, nasal itching or sneezing, localized swelling, swollen tongue, restlessness, sweating, fright, shock, shortness of breath, vomiting, cough and hoarseness. School nurses have a specialized health care plan for certain conditions and should be contacted for any sign of allergic reaction.

STAFF ACTIONS:

- X If imminent risk, call 911.
- X Send for immediate help (Firs Aid, CPR, medical) and medication kit (for known allergies).

X Assist in getting "Epi" (Epinephrine) pen for individuals who carry them (usually in backpack), and prescription medications (kept by school nurse).
X If an insect sting, remove stinger immediately.
X Assess situation and help student/staff member to be comfortable.
X Move student or adult only for safety reasons.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

X If imminent risk, call 911 (always call 911 if using "Epi" pen).
X Notify nurse/parent or guardian.
X Administer medication, by order of a doctor, if appropriate; apply ice pack to affected area, keep victim warm or take other actions as indicated.
X Observe for respiratory difficulty.
X Attach a label to the person's clothing indicating: time & location of insect sting or food ingested, name of medicine, dosage and time administered.

OTHER PREVENTATIVE/SUPPORTIVE ACTIONS:

X Keep an "Epi" pen in the school ~~office~~ and notify staff as to location.
X Emergency health card should be completed by parents for each child and should be easily accessible by school personnel.

EMERGENCY RESPONSE: BIOLOGICAL AGENT RELEASE

Formatted: Font: 14 pt, Not Bold, Font color: Custom Color(RGB(47,84,150))

Formatted: Font: 14 pt, Not Bold, Font color: Custom Color(RGB(47,84,150))

Formatted: Font: 14 pt, Font color: Custom Color(RGB(47,84,150))

This is an incident involving the discharge of a biological substance in a solid, liquid or gaseous state. Such incidents may include the release of radioactive materials. A biological agent can be introduced through:

- postal mail, via a contaminated letter or package
- a building's ventilation system
- a small explosive device to help it become airborne
- a contaminated item such as a backpack, book bag, or other parcel left unattended
- the food supply
- aerosol release (for example, with a crop duster or spray equipment)

Defense against biological release (e.g. anthrax, smallpox, plague, ricin etc.) is difficult because usually appear after some time has lapsed. Indicators that may suggest the release of a biological or chemical substance include multiple victims suffering from: watery eyes, choking or breathing difficulty, twitching or the loss of coordination. Another indicator is the presence

of distressed animals or dead birds. Determine which scenario applies and implement the appropriate response procedures.

Outside the Resource Center

STAFF ACTIONS:

- X Notify ~~School Coordinator~~School Administrator.
- X Move students away from immediate vicinity of danger (if outside, implement **Take Cover**).
- X Segregate individuals who have been topically contaminated by a liquid from unaffected individuals. Send affected individuals to a designated area medical attention.
- X Follow standard student assembly, accounting and reporting procedures.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

- X Initiate **SHELTER IN PLACE**.
- X Shut off HVAC units.
- X Move to central location where windows and doors can be sealed with duct tape.
- X Call 911. Provide location and nature of the emergency and school actions taken.
- X Notify Director of Operations and Technology of the situation.
- X Turn on a battery-powered commercial radio and listen for instructions.
- X Remain inside the resource center until the Department of Health or Fire Department determines it is safe to leave.
- X Arrange for psychological counseling for students and staff.

Inside the Resource Center

STAFF ACTIONS:

- X Notify ~~School Coordinator~~School Administrator or Safety Ambassador.
- X Segregate individuals who have been topically contaminated by a liquid from unaffected individuals.
- X Implement **EVACUATION** or **EMERGENCY MEETING AREA EVACUATION**, as appropriate. Send affected individuals to a designated area for medical attention.
- X Follow standard student assembly, accounting and reporting procedures.
- X Prepare a list of those who are in the affected area to provide to emergency response personnel.

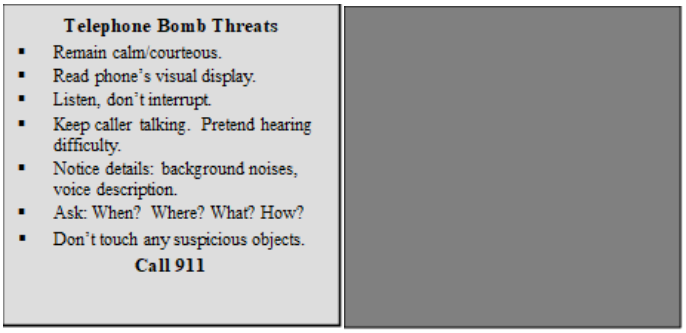
~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

- X Initiate **EVACUATION** of the resource center or **EMERGENCY MEETING AREA EVACUATION** to move students away from immediate vicinity of danger.

- X Move up-wind from the potential danger.
- X Call 911. Provide exact location and nature of emergency.
- X Designate security team to isolate and restrict access to potentially contaminated areas.
- X Wait for instructions from emergency responders-- Health or Fire Department.
- X Notify Director of Operations and Technology of the situation.
- X Arrange for immediate psychological counseling for students and staff.
- X Wait to return to the resource center until it has been declared safe by local HazMat or appropriate agency.

THOSE WHO HAVE DIRECT CONTACT WITH BIOLOGICAL AGENT:

- X Wash affected areas with soap and water.
- X Immediately remove and contain contaminated clothing
- X Do not use bleach on potentially exposed skins.
- X Remain in safe, but separate area, isolated from those who are unaffected, until emergency response personnel arrive.



EMERGENCY RESPONSE: ——BOMB THREAT

In the event that the school receives a bomb threat by telephone, follow the Bomb Threat Checklist on the next page to document information about the threat. Keep the caller on the telephone as long as possible and listen carefully to all information the caller provides. Make a note of any voice characteristics, accents, or background noises and complete the Bomb Threat Report as soon as possible.

Formatted: Font: 14 pt, Not Bold, Font color: Custom Color(RGB(47,84,150))

Formatted: Font: 14 pt, Not Bold, Font color: Custom Color(RGB(47,84,150))

Formatted: Font: 14 pt, Font color: Custom Color(RGB(47,84,150))

PERSON RECEIVING THREAT BY TELEPHONE:

- X Listen. Do not interrupt caller.
- X Keep the caller on the line with statements such as "*I am sorry, I did not understand you. What did you say?*"
- X Alert someone else by prearranged signal to notify the telephone company to trace the call while the caller is on the line.
- X Notify Safety Ambassador immediately after completing the call.
- X Complete the Bomb Threat Checklist.

PERSON RECEIVING THREAT BY MAIL:

- X Note the manner in which the threat was delivered, where it was found and who found it.
- X Limit handling of item by immediately placing it in an envelope so that fingerprints may be detected. Written threats should be turned over to law enforcement.
- X Caution students against picking up or touching any strange objects or packages.
- X Notify ~~School Coordinator~~School Administrator or Safety Ambassador.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

- X Call 911.
- X If the caller is still on the phone, contact the phone company to trace the call. Tell the telephone operator the name of school, name of caller, phone number on which the bomb threat came in. This must be done quickly since the call cannot be traced once the caller has hung up.
- X Instruct staff and students to turn off any pagers, cellular phones or two-way radios. Do not use those devices during this threat since explosive devices can be triggered by radio frequencies.

- X Determine whether to evacuate the threatened resource center and adjoining buildings. If the suspected bomb is in a corridor, modify evacuation routes to bypass the corridor.
- X Use the intercom, personal notification by designated persons, or the PA system to evacuate the threatened rooms.
- X If it is necessary to evacuate the entire school, use the fire alarm.
- X Notify the Director of Operations and Technology of the situation.
- X Direct a search team to look for suspicious packages, boxes or foreign objects.
- X Do not return to the resource center until it has been inspected and determined safe by proper authorities.
- X Avoid publicizing the threat any more than necessary.

SEARCH TEAM ACTIONS:

- X Use a systematic, rapid and thorough approach to search the resource center and surrounding areas.
- X Check the resource center and work areas, public areas (foyers, ~~offices~~, bathrooms and stairwells), unlocked closets, exterior areas (shrubbery, trash cans, debris boxes) and power sources (computer rooms, gas valves, electric panels, telephone panels).
- X If suspicious item is found, make no attempt to investigate or examine object.

STAFF ACTIONS:

- X Evacuate students as quickly as possible, using primary or alternate routes.
- X Upon arrival at the designated safe emergency meeting area, take attendance. Notify the ~~School Coordinator~~School Administrator/Safety Ambassador of any missing students.
- X Do not return to the resource center until emergency response officials determine it is safe.

BOMB THREAT PROCEDURES

This quick reference checklist is designed to help employees and decision makers of commercial facilities, schools, etc. respond to a bomb threat in an orderly and controlled manner with the first responders and other stakeholders.

Most bomb threats are received by phone. Bomb threats are serious until proven otherwise. Act quickly, but remain calm and obtain information with the checklist on the reverse of this card.

If a bomb threat is received by phone:

1. Remain calm. Keep the caller on the line for as long as possible. DO NOT HANG UP, even if the caller does.
2. Listen carefully. Be polite and show interest.
3. Try to keep the caller talking to learn more information.
4. If possible, write a note to a colleague to call the authorities or, as soon as the caller hangs up, immediately notify them yourself.
5. If your phone has a display, copy the number and/or letters on the window display.
6. Complete the Bomb Threat Checklist immediately. Write down as much detail as you can remember. Try to get exact words.
7. Immediately upon termination of call, DO NOT HANG UP, but from a different phone, contact authorities immediately with information and await instructions.

If a bomb threat is received by handwritten note:

- Call _____
- Handle note as minimally as possible.

If a bomb threat is received by e-mail:

- Call _____
- Do not delete the message.

Signs of a suspicious package:

- No return address
- Excessive postage
- Stains
- Strange odor
- Strange sounds
- Unexpected delivery
- Poorly handwritten
- Misspelled words
- Incorrect titles
- Foreign postage
- Restrictive notes

** Refer to your local bomb threat emergency response plan for evacuation criteria*

DO NOT:

- Use two-way radios or cellular phone. Radio signals have the potential to detonate a bomb.
- Touch or move a suspicious package.

WHO TO CONTACT (Select One)

- **911**
- **Follow your local guidelines**

For more information about this form contact the Office for Bombing Prevention at: OBP@cisa.dhs.gov

Formatted: Font: 14 pt, Not Bold, Font color: Custom Color(RGB(47,84,150))

Formatted: Font: 14 pt, Font color: Custom Color(RGB(47,84,150))

Flooding could threaten the safety of students and staff whenever storm water or other sources of water threaten to inundate the resource center. Flooding may occur if a water pipe breaks or prolonged rainfall causes urban streams to rise. Flooding may also occur as a result of damage to water distribution systems such as failure of a dam or levee. If weather-related, an alert message will be broadcast over the weather radio station.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

- X Issue **STAND BY** instruction. Determine if evacuation is required.
- X Notify local police department of intent to **EVACUATE**, the location of the emergency meeting area and the route to be taken to that location.
- X Delegate a search team to assure that all students have been evacuated.
- X Post a notice on the resource center door stating where the school has relocated and inform the ~~District Office~~Sorrento Mesa RC.
- X Monitor local AM radio weather station for flood information.
- X Notify the Director of Operations and Technology of school status and action taken.
- X Do not allow staff and students to return to the resource center until proper authorities have determined that it is safe to do so.

STAFF ACTIONS:

- X If warranted, **EVACUATE** students using the evacuation plan. Take the attendance roster, emergency backpack and student comfort kits. Check attendance before leaving the resource center.
- X Remain with students throughout the evacuation process.
- X Upon arrival at the emergency meeting area, take attendance. Report any missing students to ~~School Coordinator~~School Administrator/Safety Ambassador and emergency response personnel.
- X Do not return to the resource center until it has been inspected and determined safe by property authorities.

EMERGENCY RESPONSE: GAS ODOR / LEAK

Formatted: Font: 14 pt, Not Bold, Font color: Custom Color(RGB(47,84,150))

Formatted: Font: 14 pt, Not Bold, Font color: Custom Color(RGB(47,84,150))

Formatted: Font: 14 pt, Font color: Custom Color(RGB(47,84,150))

All school personnel and custodians shall immediately report any gas odor or suspected gas leak to the Director of Operations and Technology. If an odor is detected outside the resource center, it may not be necessary to evacuate.

STAFF ACTIONS:

- X Notify ~~School Coordinator~~School Administrator.
- X Move students from immediate vicinity of danger.
- X Do not turn on any electrical devices such as lights, computers, fans, etc.
- X If odor is severe, leave the area immediately.
- X If the resource center is evacuated, take student attendance and report any missing students to ~~School Coordinator~~School Administrator/Safety Ambassador.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

- X If gas leak is internal, evacuate the resource center immediately.
- X Call 911.
- X Notify utility company.
- X Determine whether to move to alternate location.
- X If extended stay outdoors in inclement weather, contact the Director of Operations and Technology.
- X Do not return to the resource center until it has been inspected and determined safe by proper authorities.

EMERGENCY RESPONSE: HAZARDOUS MATERIALS

Formatted: Font: 14 pt, Not Bold, Font color: Custom Color(RGB(47,84,150))

Formatted: Font: 14 pt, Not Bold, Font color: Custom Color(RGB(47,84,150))

Formatted: Font: 14 pt, Font color: Custom Color(RGB(47,84,150))

The nature of the material and the proximity of the incident to the resource center will determine which emergency ACTION should be implemented. Police, Fire or Public Health Department may order **EVACUATION** of the school. See also **BIOLOGICAL AGENT RELEASE** and **CHEMICAL ACCIDENT**.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

- X Call 911, if necessary.
- X If there is a threat of airborne toxicity, shut-off ventilation system in affected area.
- X Initiate **EVACUATION.** Any toxic cloud that can affect students in their resource centers would very likely affect them outside the resource centers as well. If evacuating by foot, move crosswind to avoid fumes, never upwind or downwind.
- X Isolate anyone suspected of being contaminated with a substance that could be transferred to others until public safety personnel carry out decontamination procedures.
- X If time is available, initiate **Emergency Meeting Area Evacuation**. Move students and staff away from the path of the hazardous materials.
- X Notify Director of Operations and Technology.
- X Wait for instructions from emergency responders-- Health or Fire Department.
- X Do not allow the return of students to the resource centers or buildings until public safety officials declare the area safe.
- X Upon return to school, ensure that all resource centers are adequately aired.

TEACHER ACTIONS:

- X Follow standard student assembly, accounting and reporting procedures.
- X Report names of missing students to ~~office~~the Sorrento Mesa RC.
- X Do not take unsafe actions such as returning to the resource center before it has been declared safe.

EMERGENCY RESPONSE: HOSTAGE SITUATION

Formatted: Font: 14 pt, Not Bold, Font color: Custom Color(RGB(47,84,150))

Formatted: Font: 14 pt, Not Bold, Font color: Custom Color(RGB(47,84,150))

Formatted: Font: 14 pt, Font color: Custom Color(RGB(47,84,150))

Hostage situations may unfold rapidly in a variety of ways. Events may range from a single perpetrator with a single hostage to several perpetrators with many hostages. Specific actions by school staff will be limited pending arrival of law enforcement officers. It is their responsibility to bring the situation to a successful conclusion. When as much of the school has been evacuated as can be accomplished, school staff should focus on providing support as needed to the police department, communicating with parents, and providing counseling for students.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS

- X Call 911. Provide all known essential details of the situation:
  - Number of hostage takers and description
  - Type of weapons being used
  - Number and names of hostages
  - Any demands or instructions the hostage taker has given
  - Description of the area
- X Identify an assembly area for responding officers away from the hostage situation. Have school liaison wait at assembly area for police to arrive.
- X Protect resource center occupants before help arrives by initiating a **LOCKDOWN** or **EVACUATION** (or combination of both).
- X Secure exterior doors from outside access.
- X When police arrive, assist them in a quiet, orderly evacuation away from the hostage situation.
- X Gather information on students and/or staff involved and provide the information to the police. If the parent of a student is involved, gather information about the child.
- X Identify media staging area, if appropriate. Implement a hotline for parents.
- X Account for students as they are evacuated.
- X Provide recovery counseling for students and staff.

STAFF ACTIONS:

- X If possible, assist in evacuating students to a safe area away from the danger. Protect students by implementing a **LOCKDOWN**.
- X Alert the ~~School Coordinator~~School Administrator/Safety Ambassador.
- X Account for all students.

EMERGENCY RESPONSE: ——INTRUDER

Formatted: Font: 14 pt, Not Bold, Font color: Custom Color(RGB(47,84,150))

Formatted: Font: 14 pt, Not Bold, Font color: Custom Color(RGB(47,84,150))

All public schools are required to post signs at points of entry to their resource centers. The following statement should be used on signage:

All visitors entering school grounds on school days between 7:30 a.m. and 4:30 p.m. must register at the front desk. Failure to do so may constitute a misdemeanor.

-- *California Penal Code Title 15, Chapter 1.1 § 627.2*

To prevent intruders on resource centers, keep doors secure, use sign-in sheets for visitors and cameras and staff to monitor entryways.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

- X Initiate **LOCKDOWN**.
- X Request intruder to leave the resource center. Remain calm. Be courteous and confident. Keep distance from the intruder. Speak in soft, non-threatening manner. Avoid hostile-type actions, except in cases when necessary to safeguard person or property. Listen to the intruder. Give him or her an opportunity to vent. Attempt to be helpful. When talking to the intruder, use phrases such as:
  - *"What can we do to make this better?'*
  - *"I understand the problem, and I am concerned."*
  - *"We need to work together on this problem."*
- X As soon as the conversation or actions of the individual become threatening or violent, call 911 immediately. Provide description and location of intruder.
- X Keep subject in view until police or law enforcement arrives.
- X Take measures to keep subject away from students and the resource center.
- X Designate an administrator or staff member to coordinate with public safety at their command post; provide a resource center map/exit plan and keys to public safety personnel.
- X When scheduling a meeting with an individual known to be aggressive, arrange for another staff member or student resource officer to be present.
- X Be available to deal with the media and bystanders and keep the resource center clear of visitors.

STAFF ACTIONS:

- X Notify the ~~School Coordinator~~School Administrator/Safety Ambassador. Provide description and location of the intruder. Visually inspect the intruder for indications of a weapon.
- X Keep intruder in view until police or law enforcement arrives. Stay calm. Do not indicate any threat to the intruder.
- X Isolate intruder from students. Lock the resource center ~~and office~~ doors. Close blinds and stay clear of windows and panes of glass. Remain inside rooms until the **ALL CLEAR** instruction is announced.

Failure of any of the utilities (electricity, gas, water) during school hours constitutes a condition that must be dealt with on a situational basis. Advance notice may be received from a utility company regarding loss of service. In many cases, such loss of service will be of short duration and require no special action other than notifying staff of the temporary interruption of service.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR:

- X Notify utility company. Provide the following information:
- X Determine length of time service will be interrupted.
- X Determine desired action, which may include relocation of students and staff, notification of parents, and alternate food service.
- X If disruption in service will severely hamper school operation, notify students and staff by appropriate means.
- X Use messengers with oral or written word as an alternate means of faculty notification.
- X Notify ~~District Office~~the Sorrento Mesa RC of loss of service.
- X Implement plan to provide services without utilities or with alternate utilities.

Threats occur when a belligerent or armed person on the resource centers bullies, intimidates or coerces others, targeting an individual, particular group or the entire school community. Threats are presented as overt hostility. They may be received by written note, email communication, phone call or orally. The procedure below applies to an oral threat.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

- Assess the type of threat to determine the level of risk to the safety of students and staff. In categorizing the risk, attempt to determine:

1) Is the individual moving towards violent action?
2) Is there evidence to suggest movement from thought to action?
    - High violence potential qualifies for arrest or hospitalization.
    - Safety is endangered when there is: (a) sufficient evidence of repetitive/ intentional infliction of emotional distress upon others; or (b) sufficient evidence of the unintentional infliction of emotional distress upon others.

X Notify police (dial 911), if the safety of students or staff is endangered. Provide exact location and nature of incident and school response actions.

X Isolate the threatening person from other students and staff, if it is safe to do so. Initiate appropriate response actions, which may be **LOCKDOWN** or **EVACUATION**. Cancel all outside activities.

X Respond to students who are prone to overt displays of anger in a calm, non-confrontational manner. If an immediate threat is not clearly evident, attempt to diffuse the situation.

X If an individual is armed with any type of weapon, USE EXTREME CAUTION. Do not attempt to remove the weapon from the possession of the individual. Allow police to do so.

X Facilitate a meeting with student(s) and family to review expectations.

X Facilitate a staff meeting to review plans for keeping school safe. Enlist the support of community service providers.

STAFF ACTIONS:

X If any students are outside, move them inside the resource center or away from the location of the threat/assault. If unable to do so, have students lie down and cover their heads. Keep students calm.

X Inside the resource center, institute **LOCKDOWN**. Close all curtains and blinds.

X Disconnect the school television system in resource centers so the individual cannot view news coverage and see locations of police/students/etc.

X Remain with students until **ALL CLEAR** is given.

EMERGENCY RESPONSE: ——IRRATIONAL BEHAVIOR

Formatted: Font: 14 pt, Not Bold, Font color: Custom Color(RGB(47,84,150))

Formatted: Font: 14 pt, Font color: Custom Color(RGB(47,84,150))

A risk to the life and safety of students and staff may exist there is a serious display of disordered thought or behavior. Possible symptoms include: hallucinations, extreme paranoia, impaired judgment that may lead to unsafe decision-making and dangerous behavior (to self or others), incoherent or disjointed speech and self-injurious behavior such as: hitting head, cutting self. Attempts should be made to use de-escalation strategies, calming techniques (e.g., deep breathing), and to implement behavior plans, crisis plans or strategies in IEP, if in place.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

- X Keep the individual under continuous adult supervision.
- X Keep the individual in the resource center until parent/guardian has been notified.
- X Arrange appropriate support services for necessary care of individual.
- X If the individual actively displays dangerous behavior or there is reason to believe the student cannot be safely transported, call agencies as appropriate to coordinate emergency mental health services (e.g., mental health facilities, juvenile court, law enforcement).
- X School professional (psychologist, counselor, social worker, nurse) should recommend next steps to the ~~School Coordinator~~School Administrator. The next steps may include:
  - Provide parents/guardian with the names and phone numbers of mental health resources
  - Recommend that the parents make an immediate contact with a therapist.
  - Request that parents/guardian to sign release forms to allow two-way communication between the school and the treating agency.
- X Make a follow-up check with the treating agency, family and student as appropriate, to ensure that appropriate care has been arranged.
- X Provide follow-up collaborative support for the student and parents (as indicated) within the school
- X Develop a safety plan prior to the student's return to school.
- X Document actions taken on behalf of the student (referrals, phone contacts, follow-up activities, etc.)

STAFF ACTIONS:

- X Take immediate action to isolate the individual and provide safety to the student body. Do not leave the irrational individual alone.
- X Notify ~~School Coordinator~~School Administrator/Safety Ambassador.
- X Notify school nurse, school psychologist, counselor or social worker.

X Protect individual from injury.

EMERGENCY RESPONSE: ——EXPLOSION

Emergency response will depend on the type of explosion (smoke bomb, chemical lab incident, etc.) and proximity to the school. All students should be kept away from the explosion and under supervision.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR:

- Determine whether emergency meeting area evacuation should be implemented. If so, sound fire alarm. This will automatically implement action to **EVACUATE** the resource center. **EVACUATION** may be warranted in some resource centers but others may be used for **SHELTER IN PLACE**.
- Notify Fire Department (call 911). Provide school name, address, exact location within the building, your name and phone number and nature of the emergency.
- Secure area to prevent unauthorized access until the Fire Department arrives.
- Advise the Director of Operations and Technology of school status. Notify emergency response personnel of any missing students.
- Notify utility company of breaks or suspected breaks in utility lines or pipes. Provide school name, address, location within building, your name and phone.
- Direct a systematic, rapid and thorough approach to search the building and surrounding areas. Check resource centers and work areas, public areas (foyers, ~~offices~~, bathrooms and stairwells), unlocked closets, exterior areas (shrubbery, trash cans, debris boxes) and power sources (computer rooms, gas valves, electric panels, telephone panels).
- Determine if Student Release should be implemented. If so, notify staff, students and parents.
- If damage requires the school to be closed, notify parents and staff of school status and alternate location for resource center instruction. Do not return to the resource center until it has been inspected and determined safe by proper authorities.

STAFF ACTIONS:

X Initiate **DROP, COVER AND HOLD ON**.

X If explosion occurred inside the resource center, **EVACUATE** to outdoor assembly area. Keep students and staff at a safe distance from the resource center and away from fire-fighting equipment.

X Check to be sure all students have left the resource center. Remain with students throughout evacuation process.

X Upon arrival at assembly area, check attendance. Report status to Safety Ambassador immediately.
X Render first aid as necessary.
X Do not return to the resource center until the emergency response personnel determine it is safe to do so.
X If explosion occurred in the surrounding area, initiate **SHELTER IN PLACE**. Keep students at a safe distance from site of the explosion.

EMERGENCY RESPONSE: ~~PANDEMIC~~: PANDEMIC INFLUENZA

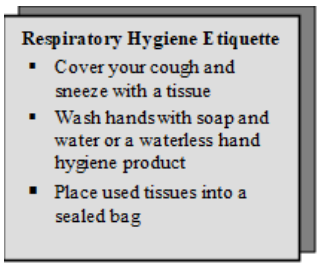
Influenza is a highly contagious viral disease. Pandemic influenza differs from both seasonal influenza (flu) and avian influenza in the following aspects:



- It is a rare global outbreak which can affect populations around the world.
- It is caused by a new influenza virus to which people do not have immunity.
- Depending upon the specific virus, it can cause more severe illness than regular flu and can affect young healthy people more so than older, sick people.

The Department of Health and Human Services will take the lead in mobilizing a local response to pandemic influenza. Public health alerts will be reported to schools and the community. Individual schools may be closed temporarily to contain spread of the virus.

SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR~~PRINCIPAL/SITE ADMINISTRATOR~~

ACTIONS:

- x Activate heightened surveillance of illness within school location. Gather data on symptoms of students and staff who are sick at home.
- x Insure that students and staff members who are ill stay home.
- x Send sick students and staff home from school immediately.
- x Provide fact sheets and guidelines for school families to make them aware of symptoms and remind them of respiratory hygiene etiquette
- x Monitor bulletins and alerts from the Department of Health and Human Services.
- x Keep staff informed of developing issues.
- x Assist the Department of Health and Human Services in monitoring outbreaks.
- x Respond to media inquiries regarding school attendance status.
- x Implement online education, if necessary, so that students can stay home.
- x Maintain surveillance after the initial epidemic in the event a second wave passes through the community.

STAFF and STUDENT ACTIONS:

- x Stay home when ill with cough or other flu-like symptoms (chills, fever, muscle aches, sore throat).
- x Practice "respiratory hygiene etiquette".
- x Disinfect surfaces contaminated with infected respiratory secretions with a diluted bleach solution (1 part bleach to 100 parts water).
- x Implement online homework assignments so that students can stay home.

EMERGENCY RESPONSE: ACTIVE SHOOTER/ARMED ASSAILANT

ACTIVE SHOOTER / ARMED ASSAILANT SITUATIONS

"*Active shooter situations*" are defined as those where an individual or individuals is "actively engaged in killing or attempting to kill people in a confined and populated area." *Active shooters / armed assailants frequently use firearms, but attacks of this type can also be made with other types of weapons (knifes, swords, etc.). These situations* are unpredictable and evolve quickly. Because of this, individuals must be prepared to deal with an *active shooter / armed assailant situation* before law enforcement personnel arrive on the scene.

No single response fits all *active shooter / armed assailant situations*; therefore, it is essential all members of the school staff know their options for response and are prepared to act decisively to protect their students and themselves.

ACTIONS – ALL SCHOOL STAFF

1. All employees are authorized to **take immediate action** to protect themselves and students if they see or hear anything that causes them to believe an active shooter / armed assailant situation is occurring or is to about to occur.

    a. **Act immediately** if you or your students:
    - hear a sound that might be gunfire.
    - see something that looks like a weapon being carried or used on or near the campus.
    - sense any other indication of active shooter / armed assailant threat.

Formatted: Font: 12 pt

b. **Quickly evaluate** which option (Run, Hide or Fight) will best protect you and your students.
c. **Be decisive.** Communicate your plan to your students and act quickly.
d. **Call 911 and the ~~School Office~~Sorrento Mesa RC** as soon as it is safe to do so.

Formatted: Font: 12 pt

2. **Options~~: *Run*~~: Run*, Hide or Fight***

a. **Run:** If you can get yourself and your students safely away from danger, do so immediately.
   - Do not evacuate unless you…
     - know with certainty, the exact location of assailant (do not trust unofficial, secondhand accounts),
     - **and** can visualize a route that will get your students and yourself safely off campus.
   - Don't carry anything with you.
     - Police may mistake an item in your hands as a weapon.
     - Leave everything behind.
   - If you encounter people along the way…
     - Adults: Warn them and take them with if you can but don't stop if they refuse to come.
     - Students: Warn any students you encounter and take them with if you. You may use reasonable force to take a student with you *if you can do so without endangering yourself or the other students in your care*.
   - Place terrain and buildings between you and the assailant to cover your escape.
   - Keep going until you are certain you are out of danger.
   - Call 911 as soon as it is safe to do so.
   - Keep your students with you. Call (insert phone #) to report your location and obtain instructions.

Formatted: Font: 12 pt

b. Hide: If you do not know the exact location of the assailant, get your students and yourself into the most secure location available and LOCKDOWN.
   - Lock the doors
   - Close and lock windows and close blinds or cover windows;
   - Turn off lights;
   - Barricade the doors with heavy furniture; be sure your barricade covers any glass in or near the door;
   - Silence all electronic devices;
   - Remain silent;
   - Position occupants spread out and out of line of site from room entrance.

- Prepare to take action if the assailant attempts to get in the room;
- Use text or email to communicate your location, the number of students or staff with you, if you have any wounded and the extent of the injuries;
- Call 911 as soon as it is safe to do so.
- Remain in place until evacuated by identifiable law enforcement officers.

c. **FIGHT~~: Never~~: Never seek out confrontation with an active shooter / armed assailant.** If you are confronted by an active shooter / armed assailant and you have no safer option, take immediate action to disrupt or incapacitate the assailant. **If you choose the FIGHT option, commit to your actions.**

- If you are in LOCKDOWN (Hide), prepare yourself and your students for the possibility that the assailant may attempt to get in the room you are in.
  - Construct a strong barricade.
  - If you have another way out (a window or back door) use it while the assailant is attempting to get in.
  - If no other exit is available be prepared to disrupt the assailant by throwing objects at the assailant and running for the exit as soon as the assailant enters the room.
    a. Use items in the environment as improvised weapons (fire extinguishers, staplers, books, cups, etc.)
- Staff members may consider using aggressive and violent force to surprise and overwhelm the assailant.

3. **Call 911 and initiate a school-wide LOCKDOWN** announcement as soon as you can do so safely. Work with the people you are with to do both calls simultaneously if possible.

a. Provide as much information as possible (slow down – be calm):
   - State the emergency: "I hear gunfire." "I saw..."
     - Give information on people who are wounded.
   - Location of the assailant (if known):
   - Description of the assailant (if known):
   - Your precise location: "room __"
   - The number of children with you:

b. Keep the line open, even if you can't talk, unless instructed by the dispatcher to end the call.

4. Special Topics

a. Injuries: Your response to injured persons will need to vary given the specific circumstances that are present and the response option (Run, Hide or Fight) you are engaged in.

- *Run* – If you encounter injured persons while you are trying to get out of danger…
  - And you have children with you, you must place their safety ahead of the injured person. Take note of where the injured person is and report the location as soon as you get to safety.

- *Hide* – If someone is injured where you are hiding, secure the room before tending to the wounded.
  - As soon as it is safe to do so, apply first aid using any supplies that are available. If necessary, use articles of clothing as improvised dressing for wounds and apply direct pressure to control bleeding.

- *Fight* – This is always the option of last resort because the probability of injury is highest when you are in close proximity to the assailant. Commit to your plan. Do not stop to tend to the wounded until it is safe to do so.
  - If you're intention is to disrupt the assailant to allow as many people to escape as possible, stick to that plan.
  - If your plan is to incapacitate the assailant, keep fighting until the assailant is incapacitated and the weapon and assailant are under control.

b. Law Enforcement: If you encounter law enforcement officers…
- Immediately raise your hands in the air and display your open palms.
- Don't run up to officers or attempt to hug or talk to them.
- Don't talk unless they ask you a question.
- Do exactly what they tell you to do.

c. Weapons: If the assailant loses control of a weapon, exercise extreme care when securing it:
- Do not pick up the weapon. Law enforcement may shoot you if they see you holding a weapon.
- Secure the weapon by placing an empty trash can over it and sliding it to a location where it can be kept covered and under control until a law enforcement officer can take possession of it.

d. Ongoing Communication: (School and district staff should develop means to safely provide updates to staff to keep them informed during the incident.)

Formatted: Font: 12 pt

Formatted: Font: 12 pt

Formatted: Font: 12 pt

e. School Activities: (School locations must also plan for and train all district / RC staff involved with student activities and extracurricular programs.)

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATORS/SAFETY AMBASSADOR ACTIONS:

- Follow the All-Staff guidance described above.
- Call 911 and initiate a **LOCKDOWN** announcement as soon as you can do so safely. Work with nearby staff to do them simultaneously if at all possible.
  - Include as much actionable information on the announcement as possible.
    - *Example "LOCKDOWN, LOCKDOWN, LOCKDOWN. Man with a gun on campus. LOCKDOWN now."*
  - If you have surveillance capabilities, and can safely provide real time announcements, broadcast continuous and accurate information on the location of the assailant. This will disrupt and distract the assailant. It will also provide people in the resource center with information they can use to better evaluate their options.
    - *Example: "The gunman is now in the D wing headed south. He is armed with a shotgun and is wearing a hooded jacket and blue jeans."*
- Notify the ~~corporate office~~Sorrento Mesa RC after you call 911.
- If possible, assist emergency personnel.
  - Assist police in entering the school;
  - Provide officers with keys, maps and any other information requested.

DISTRICT STAFF ACTIONS

- **Emergency Operations Center (EOC)**
  - Activate the district's Emergency Operations Center
  - Dispatch a back-up ICS team to take over responsibility for ICS functions from RC staff who will be impacted by this emergency.

- **Emergency Area Reunification**
  - The Operations Section should prepare an emergency evacuation area for reunification.
    - This should be at a location large enough to accommodate the evacuation, with parking available for parents coming to get their kids. Movie theater complexes work well for this type of emergency.
    - Once the assailant is neutralized emergency responders will begin to treat and evacuate the wounded.
    - School staff and students will remain in lockdown until evacuated on a room-by-room basis.

Formatted: Font: 12 pt

Formatted: Font: 12 pt

    - Vans should be placed on standby for evacuation.
    - Teams and materials should be mobilized to conduct an orderly reunification in which all students and staff are accounted for.

- **Crisis Intervention**
    - A Mental Health strike team should also be assembled to assist with stabilizing acutely impacted students, staff and parents during reunification.
    - This team will also provide ongoing support throughout the recovery phase of the emergency response.
    - Psychoeducational materials should also be developed / selected by the Planning Section for distribution to parents and other caregivers to assist them in supporting crisis recovery.
    - Mental Health staff should also be involved in plans related to reopening the school following an active shooter / armed assailant event.

A fire in an adjoining area, such as a wildland fire, can threaten the school building and endanger the students and staff. Response actions are determined by location and size of the fire, its proximity to the school and the likelihood that it may endanger the school community.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

- X Determine if **EVACUATION** of school location is necessary.
- X Contact local fire department (call 911) to determine the correct action for your school location.
- X If necessary, begin evacuation of school location to previously identified safe location using school evacuation plan. If needed, contact van dispatch for **EMERGENCY EVACUATION**.
- X Direct inspection of premises to assure that all students and personnel have left the building.
- X Notify the school district where the school has relocated and post a notice on the ~~office~~RC ~~-~~door stating the temporary new location.
- X Monitor radio station for information.
- X Do not return to the building until it has been inspected and determined safe by proper authorities.

STAFF ACTIONS:

X If students are to be evacuated, take attendance to be sure all students are present before leaving the building location.
X Stay calm. Maintain control of the students a safe distance from the fire and firefighting equipment.
X Take attendance at the assembly area. Report any missing students to the ~~School Coordinator~~School Administrator/Safety Ambassador and emergency response personnel.
X Remain with students until the building has been inspected and it has been determined safe to return to.

ADDITIONAL STEPS FOR THE SCHOOL:

FIRE (WILDFIRE)

Formatted: Font: Not Bold, Font color: Custom Color(RGB(47,84,150))

Should a wildfire endanger the students or staff, it is important to work with the local fire department, act quickly and decisively to prevent injuries and damage to property.
In evolving situations, local authorities may not issue an evacuation warning or order early in the event, only to do so later when the event poses a greater threat. To best ensure the safety of our staff and students, school administrators should work in conjunction with local fire and law enforcement to evaluate these events relative to our school's unique characteristics, such as facility age and construction, transportation dependencies, ingress and egress options and capacity, level of defensible space around our structures, and surrounding topography. It may be best for some resource centers~~/offices~~ to issue an early dismissal and voluntarily evacuate due to unique characteristics and circumstances.
If a wildfire is near our locations, fire personnel may suggest a voluntary evacuation or call for a mandated early dismissal, external evacuation, shelter-in-place or a resource center closure. The Charter Schools have procedures in place for each of these possibilities.

BEFORE

Formatted: Font: Not Bold, Font color: Custom Color(RGB(47,84,150))

Goals:
1. Coordinate with local fire department to develop procedures that facilitate an effective and efficient wildfire response
2. Develop the capacity of staff to lead students through appropriate response options
3. Prevent the risk of injury to individuals and damage of property from wildfire

Objective(s):

Goal 1 Objectives

a) Coordinate with local fire department to ensure an effective response to a Wildfire
b) Develop procedures for voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and school closure
c) Develop a clear chain of command with staff

Goal 2 Objectives

a) Train staff on the different wildfire response actions: voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and resource center closure

Goal 3 Objectives

a) Store combustible materials in fireproof containers
b) Follow Fire Code and district rules regarding fire prevention
c) Provide fire prevention training to staff
d) Hold Fire Drills
e) Maintain an adequate supply of fire extinguishers
f) Ensure proper maintenance of fire prevention equipment

Courses of Action:

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

Goal 1 Actions

a) Meet, plan and train with local fire department to ensure an effective response to a Wildfire. Plan for potential voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and resource center closure
b) Develop location specific procedures to engage in a voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and school closure
c) Use the San Diego County "School Protection and Evacuation Plan (SPEP), available on the San Diego County Office of Education website, to develop location specific plans

Goal 2 Actions

a) Provide training to staff on wildfire response actions including: voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and school closure

Goal 3 Actions

a) Provide fire prevention materials to staff and provide a brief fire prevention training at the beginning of the year as part of training on the

Comprehensive School Safety Plan

b) Ensure combustible materials are stored in fireproof containers
c) Hold fire extinguisher training for staff
d) Ensure adequate supply of fire extinguishers are appropriately maintained
e) Hold required number of fire drills and vary the situation to improve staff and student response

STAFF ACTIONS

Goal 2 Actions

a) Take fire extinguisher training or read about/watch video on how to use a fire extinguisher
b) Read any fire prevention and wildfire response materials provided by administration

Goal 3 Actions

a) Participate and lead students in fire drills
b) Refrain from bringing unapproved combustible materials (cleaning and other chemicals) onto school
c) Become familiar with and only use Fire Marshall approved fire retardant classroom decorations

DURING

Formatted: Font: Not Bold, Font color: Custom Color(RGB(47,84,150))

Goals: 1. While coordinating with local fire department/jurisdiction's incident command, protect life and implement appropriate wildfire response actions

Objective(s): Goal 1 Objectives

a) Conduct appropriate wildfire response actions in a timely manner
b) Conduct accountability procedures in a timely manner
c) Activate school location Incident Command Team, as necessary

Courses of Action: ~~**SCHOOL COORDINATOR**~~**SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:**

Goal 1 Actions

a) Work with the ~~district office~~Sorrento Mesa RC, local fire department and other responders to determine best course of action
b) Use the "Wildfire Evacuation Decision Tree" following this section.
c) Communicate plan of action to staff and students:

- voluntary evacuation
- early dismissal
- mandatory evacuation
- shelter-in-place
- resource center closure

d) Consider the following while implementing response action

- Supplies (have staff bring emergency supplies, especially first aid kits and communication devices)
- Food and water
- Transportation
- Security and Safety
- Communications

e) Contact families to notify of planned course of action

f) Activate school Incident Command Team, as necessary

- Reunification Team

g) Ensure all staff and students are accounted for

h) Ensure that access roads are kept open for emergency vehicles

i) Based on the situation, delegate staff to turn off and unplug any electrical devices left behind and/or have facilities turn off electricity

j) Do not allow staff and students to return to the building until the Fire Department declares that it is safe to do so

<u>Goal 2 Actions</u>

a) Remind staff to close doors when exiting resource centers~~/offices~~

b) Notify appropriate utility company of suspected breaks in utility lines or pipes.

c) Notify fire department of any hazards or vulnerabilities that could hinder their response or cause further damage (chemicals, wires, equipment, etc.)

- Provide SDS sheets of any chemicals on location/in the area of the fire to the fire department upon arrival

d) Notify ~~District Office~~ the Sorrento Mesa RCof situation

STAFF ACTIONS:

Goal 1 Actions

a) Follow the directions of the Incident Command to carry out necessary response action: voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and resource center~~/office~~ closure
b) If evacuating or sheltering-in-place, take emergency backpack and student kits
c) Maintain control of the students a safe distance from the fire and firefighting equipment
d) Take attendance. Report missing students to the ~~School Coordinator~~School Administrator/designee and emergency response personnel
e) Maintain supervision of students until the Fire Department determines it is safe to return to the school building or they are reunified with family
f) Serve in any designated position on the Incident Command Team

Shut resource center ~~or office~~ door after all individuals have exited

Provide information to ~~School Coordinator~~School Administrator/Safety Ambassador regarding any hazards or vulnerabilities noticed while evacuating (chemicals, exposed wires, equipment that might be hazardous, etc.)

AFTER

Goals:
1. Effectively communicate to all stakeholders
2. Determine response strengths, areas from improvement and steps to improvement

Objective(s): Goal 1 Objectives

a) Provide information to staff, parents, and students
b) Provide information to ~~district office~~the Sorreno Mesa RC

Goal 2 Objectives

a) Conduct After-Action Report process

Formatted: Font: Not Bold, Font color: Custom Color(RGB(47,84,150))

Courses of Action:

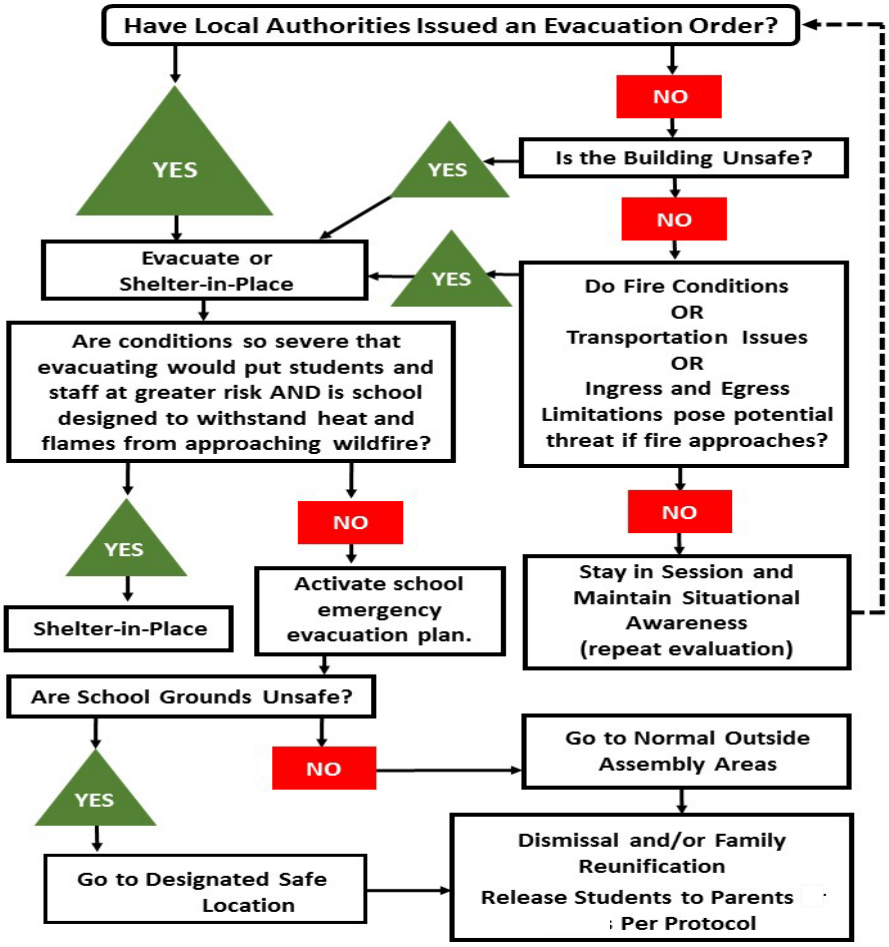
~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS

Goal 1 Actions

a) Provide critical information to the ~~district office~~Sorrento Mesa RC in order to develop effective key messages
b) Work with appropriate district department to write messages to inform parents, staff and the community about what happened
c) Work with appropriate district department to draft talking points for phone calls and media requests

Goal 2 Actions

a) Conduct an after-action report process and implement necessary actions for improving future responses
b) Gather stakeholders to debrief and engaged in process to identify strengths and weaknesses (areas for improvement) of response
c) Identify steps to improve future responses
d) Implement steps to improvement



STAFF ACTIONS

Goal 2 Actions

a) Participate in the after-action report process
a) Participate in any determined corrective actions discovered in the after-actions process

WILDFIRE DECISION TREE

Formatted: Font color: Custom Color(RGB(47,84,150))

EMERGENCY RESPONSE~~: OPIOID~~: OPIOID ANTAGONIST-Naloxone Hydrochloride

Pursuant to California Education Code 49414.3, any school districts, county offices of education, and charter schools may provide emergency naloxone hydrochloride or another opioid antagonist to school nurses or trained personnel who have volunteered pursuant to subdivision (d), and school nurses or trained personnel may use naloxone hydrochloride or another opioid antagonist to provide emergency medical aid to persons suffering, or reasonably believed to be suffering, from an opioid overdose.

~~Audeo Charter School III~~Altus Schools North County has established a Staff Naloxone Hydrochloride Emergency Training Plan and Program pursuant to CDE 49414.3 which includes safe and effective management of opioid-related overdoses. This plan is also incorporated into the school emergency preparedness and response plans.

PROCEDURES FOR PREVENTING OPIOID AND FENTANYL USE AND OVERDOSE

~~Audeo Charter School III~~Altus Schools North County's primary goal in the fight against opioids and fentanyl use is prevention.

~~Audeo Charter School III~~Altus Schools North County will use the following prevention strategies:

- Distribute materials to and/or discuss with students content conducive to preventing drug use/abuse such as, but not limited to:
  - How opioids and fentanyl affect the body's systems.
  - Refusal strategies
  - The signs and symptoms of use/abuse
  - The science of addiction
- Distribute safety advice to families regarding opioid overdose prevention.
- Creating a supportive, safe and orderly environment conducive to learning by regularly assessing school climate and using data to develop goals and objectives to address gaps.
- Providing training to staff on building protective factors in students, as well as recognizing the signs and symptoms of use/abuse.

SIX ESSENTIAL STEPS FOR INDIVIDUALS RESPONDING TO POSSIBLE OVERDOSE

Formatted: Font color: Custom Color(RGB(47,84,150))

Formatted: Centered

The following was developed from The Department of Health and Human Services, Substance Abuse and Mental Health Services Administration document SAMHSA Opioid Overdose Prevention Toolkit.

Overdose is common among persons who use illicit opioids such as heroin and among those who misuse medications prescribed for pain such as oxycodone, hydrocodone, methadone, buprenorphine, and morphine. The incidence of opioid overdose is rising nationwide. In 2016, more than 42,000 of the drug overdose deaths in the United States involved some type of opioid, including heroin.

To address the problem, emergency medical personnel, health care professionals, school personnel, people who use drugs, and other community members who may witness and respond to an overdose are being trained in the use of the opioid antagonist medication naloxone, which can reverse the potentially fatal respiratory depression caused by opioid overdose. (Note that naloxone has no effect on non-opioid overdoses, such as those involving cocaine, benzodiazepines, or alcohol.

The steps outlined in this section are recommended to reduce the number of deaths resulting from opioid overdoses.

STEP 1: EVALUATE FOR SIGNS OF OPIOID OVERDOSE

Formatted: Font: Not Bold, No underline, Font color: Custom Color(RGB(47,84,150))

Signs of OVERDOSE, which often results in death if not treated, include:

Formatted: Font: Not Bold, Font color: Custom Color(RGB(47,84,150))

Formatted: Font color: Custom Color(RGB(47,84,150))

- Unconsciousness or inability to awaken.
- Slow or shallow breathing or breathing difficulty such as choking sounds or a gurgling/snoring noise from a person who cannot be awakened.
- Fingernails or lips turning blue/purple.

If an opioid overdose is suspected, stimulate the person:

- Call the person's name, tap the person's shoulders, clap your hands loudly in order to assess for level of consciousness.
- If this doesn't work, per Department of Health and Human Services (DHHS) recommendation, vigorously grind knuckles into the sternum (the breastbone in middle of chest).
- If the person responds, assess whether he or she can maintain responsiveness and breathing.
- Continue to monitor the person, including breathing and alertness, and try to keep the person awake and alert.
- If the person does not respond, call 911.
- Grab the Opioid Overdose Emergency Kit and Automatic External Defibrillator (AED).
- Provide rescue breathing if the person is not breathing on their own and administer one dose of naloxone.
- For students, instruct staff member to contact the parent/guardian or emergency contact on file.

STEP 2: CALL 911 FOR HELP

Formatted: Font: Not Bold, No underline, Font color: Custom Color(RGB(47,84,150))

AN OPIOID OVERDOSE NEEDS IMMEDIATE MEDICAL ATTENTION.

Formatted: Font: 14 pt, Not Bold, Font color: Custom Color(RGB(47,84,150))

Formatted: Centered

An essential step is to get someone with medical expertise to see the person as soon as possible. If no emergency medical services (EMS) or other trained personnel is on the scene, activate the 911 emergency system immediately. All you have to say is "Someone is unresponsive and not breathing." Be sure to give a specific address and/or description of your location. After calling 911, follow the dispatcher's instructions. If appropriate, the 911 operator will instruct you to begin CPR (technique based on rescuer's level of training).

STEP 3: ADMINISTER NALOXONE

Formatted: Font: Not Bold, No underline, Font color: Custom Color(RGB(47,84,150))

If the person overdosing does not respond within 2 to 3 minutes after administering a dose of naloxone, administer a second dose of naloxone.

Naloxone should be administered to anyone who presents with signs of opioid overdose or when opioid overdose is suspected. Naloxone is approved by the Food and Drug Administration (FDA) and has been used for decades by EMS personnel to reverse opioid overdose and

resuscitate individuals who have overdosed on opioids. Research has shown that women, older people, and those without obvious signs of opioid use disorder are undertreated with naloxone and, as a result, have a higher death rate. Therefore, it is also important to consider naloxone administration in women and the elderly found unresponsive with opioid overdose.

Naloxone can be given by intranasal spray and by intramuscular (into the muscle), subcutaneous (under the skin), or intravenous injection.

~~Audeo Charter School III~~Altus Schools North County **uses intranasal spray.**

Formatted: Font color: Custom Color(RGB(47,84,150))

All naloxone products are effective in reversing opioid overdose, including fentanyl-involved opioid overdoses, although overdoses involving potent (e.g., fentanyl) or large quantities of opioids may require more doses of naloxone.

DURATION OF EFFECT. The duration of effect of naloxone depends on dose, route of administration, and overdose symptoms and is shorter than the effects of some opioids. The goal of naloxone therapy should be to restore adequate spontaneous breathing, but not necessarily complete arousal.

Formatted: Font: Not Bold, Font color: Custom Color(RGB(47,84,150))

More than one dose of naloxone may be needed to revive someone who is overdosing. People who have taken longer acting or more potent opioids may require additional intravenous bolus doses or an infusion of naloxone.

Comfort the person being treated, as withdrawal triggered by naloxone can feel unpleasant. Some people may become agitated or confused, which may improve by providing reassurance and explaining what is happening.

SAFETY OF NALOXONE. The safety profile of naloxone is remarkably high, especially when used in low doses and titrated to effect. When given to individuals who are not opioid intoxicated or opioid dependent, naloxone produces no clinical effects, even at high doses. Moreover, although rapid opioid withdrawal in opioid-tolerant individuals may be unpleasant, it is not life threatening.

Formatted: Font: Not Bold, Font color: Custom Color(RGB(47,84,150))

Naloxone can be used in life-threatening opioid overdose circumstances in pregnant women.

The FDA has approved an injectable naloxone, an intranasal naloxone, and a naloxone auto-injector as emergency treatments for opioid overdose. People receiving naloxone kits that include a syringe and naloxone ampules or vials should receive brief training on how to assemble and administer the naloxone to the victim. The nasal spray is a prefilled, needle-free device that requires no assembly and that can deliver a single dose into one nostril. The auto-injector is injected into the outer thigh to deliver naloxone to the muscle (intramuscular) or under the skin (subcutaneous). Once turned on, the currently available device provides verbal instruction to the

user describing how to deliver the medication, similar to automated defibrillators. Both the nasal spray and naloxone auto-injector are packaged in a carton containing two doses to allow for repeat dosing if needed.

FENTANYL-INVOLVED OVERDOSES. Suspected opioid overdoses, including suspected fentanyl-involved overdoses, should be treated according to standard protocols. However, because of the higher potency of fentanyl and fentanyl analogs compared to that of heroin, multiple doses of naloxone may be required to reverse the opioid-induced respiratory depression from a fentanyl-involved overdose.
Many anecdotes report more rapid respiratory depression with fentanyl than with heroin, although other reports do not reflect such rapid depression.

Because of these effects, quicker oxygenation efforts and naloxone delivery may be warranted with fentanyl-involved overdoses compared with heroin-only overdoses. However, naloxone is an appropriate response for all opioid overdoses, including fentanyl-involved overdoses.

Formatted: Font: Not Bold, Font color: Custom Color(RGB(47,84,150))

STEP 4: SUPPORT THE PERSON'S BREATHING

Ventilatory support is an important intervention and may be lifesaving on its own. Rescue breathing can be very effective in supporting respiration, and chest compressions can provide ventilatory support.

Formatted: Font: Not Bold, No underline, Font color: Custom Color(RGB(47,84,150))

Rescue breathing for adults involves the following steps:

- Be sure the person's airway is clear (check that nothing inside the person's mouth or throat is blocking the airway).
- Place one hand on the person's chin, tilt the head back, and pinch the nose closed.
- Place your mouth over the person's mouth to make a seal and give two slow breaths.
- Watch for the person's chest (but not the stomach) to rise.
- Follow up with one breath every 5 seconds.

Chest compressions for adults involve the following steps:

- Place the person on his or her back.
- Press hard and fast on the center of the chest.
- Keep your arms extended.

STEP 5: MONITOR THE PERSON'S RESPONSE

Formatted: Font: Not Bold, No underline, Font color: Custom Color(RGB(47,84,150))

All people should be monitored for recurrence of signs and symptoms of opioid toxicity for at least 4 hours from the last dose of naloxone or discontinuation of the naloxone infusion. People who have overdosed on long-acting opioids should have more prolonged monitoring.

Most people respond by returning to spontaneous breathing. The response generally occurs within 2 to 3 minutes of naloxone administration. (Continue resuscitation while waiting for the naloxone to take effect.)
Because naloxone has a relatively short duration of effect, overdose symptoms may return. Therefore, it is essential to get the person to an emergency department or other source of medical care as quickly as possible, even if the person revives after the initial dose of naloxone and seems to feel better.

SIGNS OF OPIOID WITHDRAWAL. The signs and symptoms of opioid withdrawal in an individual who is physically dependent on opioids may include body aches, diarrhea, tachycardia, fever, runny nose, sneezing, piloerection (gooseflesh), sweating, yawning, nausea or vomiting, nervousness, restlessness or irritability, shivering or trembling, abdominal cramps, weakness, tearing, insomnia, opioid craving, dilated pupils, and increased blood pressure. These symptoms are uncomfortable, but not life threatening. After an overdose, a person dependent on opioids should be medically monitored for safety and offered assistance to get into treatment for opioid use disorder.

Formatted: Font: Not Bold, Font color: Custom Color(RGB(47,84,150))

If a person does not respond to naloxone, an alternative explanation for the clinical symptoms should be considered. The most likely explanation is that the person is not overdosing on an opioid but rather some other substance or may be experiencing a non-overdose medical emergency.

In all cases, support of ventilation, oxygenation, and blood pressure should be sufficient to prevent the complications of opioid overdose and should be given priority if the response to naloxone is not prompt.

DO'S AND DON'TS WHEN RESPONDING TO OPIOID OVERDOSE

Formatted: Font: 14 pt, Not Bold, No underline, Font color: Custom Color(RGB(47,84,150))

- DO attend to the person's breathing and cardiovascular support needs by administering oxygen or performing rescue breathing and/or chest compressions.
- DO administer naloxone and utilize a second dose, if no response to the first dose.
- DO put the person in the "recovery position" on the side, if you must leave the person unattended for any reason.
- DO stay with the person and keep the person warm.
- DON'T slap or forcefully try to stimulate the person; it will only cause further injury. If you cannot wake the person by shouting, rubbing your knuckles on the sternum (center of the chest or rib cage), or light pinching, the person may be unconscious.
- DON'T put the person into a cold bath or shower. This increases the risk of falling, drowning, or going into shock.
- DON'T inject the person with any substance (e.g., saltwater, milk, stimulants). The only safe and appropriate treatment is naloxone.
- DON'T try to make the person vomit drugs that may have been swallowed. Choking or inhaling vomit into the lungs can cause a fatal injury.
- NOTE: All naloxone products have an expiration date, so it is important to check the expiration date and obtain replacement naloxone as needed.

STEP 6: ADDITIONAL SUPPORT

Formatted: Font: Not Bold, No underline, Font color: Custom Color(RGB(47,84,150))

- Have the individual transported to the nearest medical facility, even if symptoms seem to get better.
- Debrief with students and staff present and assess further needs for support.
- Complete an Accident Report Form.

Follow up with assigned school nurse for additional support.

Suspension and Expulsion Policy and Procedures

Amended: May 5, 2009, February 16, 2022, December 7, 2022, June 22, 2023, February 28, 2024, June 26, 2024, February 27, 2025

This Student Suspension and Expulsion Policy and Procedures has been established by the Board of Directors of Altus Schools Southern California in order to promote learning and protect the safety and well-being of all students at the following schools: Altus Schools Coachella Valley, Altus Schools East County, Altus School Mirus, Altus Schools North County, Altus Schools South Bay, Audeo Charter School II, and Audeo Valley Charter School~~Audeo II, Audeo III, Audeo Valley Charter School, Altus Schools East County , Mirus Secondary School and Altus Schools South Bay~~, (hereinafter collectively referred to as "Charter School").

In adopting this policy, the Charter School has reviewed Education Code Section 48900 *et seq.* which describes the offenses for which students at non charter schools may be suspended or expelled and the procedures governing those suspensions and expulsions in order to establish its list of offenses and procedures for suspensions, expulsions and involuntary removal. The language that follows is largely consistent with the language of Education Code Section 48900 *et seq.* The Charter School is committed to annual review of policies and procedures surrounding suspensions, expulsions, and involuntary removals, and, as necessary, modification of the lists of offenses for which students are subject to suspension, expulsion, or involuntary removal.

Consistent with this Policy, it may be necessary to suspend or expel a student from regular classroom instruction. This shall serve as the Charter School's P~~p~~olicy and P~~p~~rocedures for student suspension, expulsion, and involuntary removal, and it may be amended from time to time without the need to seek a material revision of the charter so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary policies and procedures fairly and consistently among all students. This P~~p~~olicy and its ~~procedures~~ Procedures will be printed and distributed annually as part of the Student Handbook which will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a

student. For purposes of the policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

The Charter School administration shall ensure that students and their parents/guardians[1] are notified in writing upon enrollment of all discipline and involuntary removal policies and procedures. The notice shall state that ~~the~~ this ~~p~~Policy and its ~~procedures~~ Procedures are available on request ~~at~~from the ~~School Coordinator~~School Administrator~~'s office~~. Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") will be subject to the same grounds for suspension and expulsion and will be accorded the same due process procedures applicable to general education students except when federal and state law requires additional or different procedures. The Charter School will follow all applicable federal and state laws including but not limited to the applicable provisions of the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian , and shall inform the student, and the student's parent/guardian, of the basis for which the student is being involuntarily removed and the student's parent/guardian's~~,~~ right to request a hearing to challenge the involuntary removal. If a student's parent/~~-~~guardian requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent/ guardian requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes

[1] The Charter School shall ensure that a homeless child or youth's educational rights holder; a foster child or youth's educational rights holder, attorney, and county social worker; and an Indian child's tribal social worker and, if applicable, county social worker have the same rights as a parent or guardian to receive a suspension notice, expulsion notice, manifestation determination notice, involuntary transfer notice, involuntary removal notice, and other documents and related information. For purposes of this Policy and its Procedures, the term "parent/guardian" shall include these parties.

j) Unlawfully possessed or unlawfully offered, arranged, or negotiated to sell any drug paraphernalia, as defined in Health and Safety Code Section 11014.5.

~~k) Disrupted school activities or otherwise willfully defied the valid authority of supervisors, teachers, administrators, other school officials, or other school personnel engaged in the performance of their duties. This section shall only apply to students in any of grades 9-12, inclusive.~~

~~l)~~k) Knowingly received stolen school property or private property, which includes but is not limited to, electronic files and databases.

~~m)~~l) Possessed an imitation firearm, i.e.: a replica of a firearm that is so substantially similar in physical properties to an existing firearm as to lead a reasonable person to conclude that the replica is a firearm.

~~n)~~m) Harassed, threatened, or intimidated a student who is a complaining witness or witness in a school disciplinary proceeding for the purpose of preventing that student from being a witness and/or retaliating against that student for being a witness.

~~o)~~n) Unlawfully offered, arranged to sell, negotiated to sell, or sold the prescription drug Soma.

~~p)~~o) Engaged in or attempted to engage in hazing. For the purposes of this ~~subdivision~~Policy, "hazing" means a method of initiation or preinitiation into a student organization or body, whether or not the organization or body is officially recognized by an educational institution, which is likely to cause serious bodily injury or personal degradation or disgrace resulting in physical or mental harm to a former, current, or prospective student. For purposes of this ~~section~~Policy, "hazing" does not include athletic events or school-sanctioned events.

~~q)~~p) Made terroristic threats against school officials and/or school property, which includes but ~~it~~ is not limited to electronic files and databases. For purposes of this ~~section~~Policy, "terroristic threat" shall include any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars ($1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for ~~his or her~~their own safety or for ~~his or her~~their immediate family's safety, or for the protection of school property, which includes but ~~it~~ is not limited to electronic files and databases, or the personal property of the person threatened or ~~his or her~~their immediate family.

~~r)~~q) Committed sexual harassment, as defined in Education Code Section 212.5. For the purposes of this ~~section~~Policy, the conduct described in Section 212.5 must be considered by a reasonable person of the same gender as the victim to be sufficiently severe or pervasive to have a negative impact upon the individual's academic performance or to create an intimidating, hostile, or offensive educational environment. This ~~section~~ Provision shall apply to students in any of grades ~~4~~ 7 to 12, inclusive.

~~s)~~r) Caused, attempted to cause, threatened to cause or participated in an act of hate violence, as defined in ~~subdivision~~ Education Code~~(e) of~~ Section 233(e) ~~of the Education Code~~. This section shall apply to students in any of grades ~~4~~ 7 to 12, inclusive.

~~t)~~s) Intentionally harassed, threatened or intimidated school personnel or volunteers and/or a student or group of students to the extent of having the actual and reasonably expected effect of materially disrupting class work, creating substantial disorder and invading the rights of either school personnel or volunteers and/or student(s) by creating an intimidating or hostile educational environment. This ~~section~~ provision shall apply to students in any of grades ~~4~~ 7 to 12, inclusive.

~~u)~~t) Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act.

1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a student or group of students which

would be deemed hate violence or harassment, threats, or intimidation, which are directed toward one or more students that has or can be reasonably predicted to have the effect of one or more of the following:

i. Placing a reasonable student (defined as a student, including, but is not limited to, a student with exceptional needs, who exercises average care, skill, and judgment in conduct for a person of ~~his or her~~their age, or for a person of ~~his or her~~their age with exceptional needs) or students in fear of harm to that student's or those students' person or property.

ii. Causing a reasonable student to experience a substantially detrimental effect on ~~his or her~~their physical or mental health.

iii. Causing a reasonable student to experience substantial interference with ~~his or her~~their academic performance.

~~i.~~ iv. Causing a reasonable student to experience substantial interference with ~~his or her~~their ability to participate in or benefit from the services, activities, or privileges provided by the Charter School.

2) "Electronic Act" means the creation or transmission originated on or off the ~~School~~school ~~site~~site, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

j. A message, text, sound, video, or image.

~~i.~~ ii. A post on a social network Internet Web site including, but not limited to:

(a) Posting to or creating a burn page. A "burn page" means an Internet Web site created for the purpose of having one or more of the effects as listed in subparagraph (1) above.

(b) Creating a credible impersonation of another actual student for the purpose of having one or more of the effects listed in subparagraph (1) above. "Credible impersonation" means to knowingly and without consent impersonate a student for the purpose of bullying the student and such that another student would reasonably believe, or has reasonably believed, that the student was or is the student who was impersonated.

(c) Creating a false profile for the purpose of having one or more of the effects listed in subparagraph (1) above. "False profile" means a profile of a fictitious student or a profile using the likeness or attributes of an actual student other than the student who created the false profile.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

u) A student who aids or abets, as defined in Penal Code Section 31 ~~of the Penal Code~~, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a student who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (3)(a)-(b).

v) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the ~~School Coordinator~~School Administrator or designee's concurrence.

4. Non-Discretionary Expellable Offenses: Students must be recommended for expulsion ~~for expulsion for any of the following acts~~ when it is determined pursuant to the procedures below that the student:

a. Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the ~~School Coordinator~~School Administrator or designee's concurrence.
b. Brandished a knife at another person.
c. Unlawfully sold a controlled substance listed in Health and Safety Code Section 11053, et seq.
d. Committed or attempted to commit a sexual assault ~~or committed a sexual battery~~ as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 ~~of~~ or former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4.

If it is determined by the Administrative Panel and/or Board of Directors that a student has brought a firearm or destructive device, as defined in Section 921 of Title 18 of the United

States Code, on to campus or to have possessed a firearm or ~~dangerous~~ destructive device on campus, the student shall be expelled for one year, pursuant to the Federal Gun Free Schools Act of 1994. In such instances, the student shall be provided due process rights of notice and a hearing as required in this policy.

The Charter School will use the following definitions:

- The term "firearm" means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device. Such term does not include an antique firearm.

- The term "destructive device" means (A) any explosive, incendiary, or poison gas, including but not limited to: (i) bomb, (ii) grenade, (iii) rocket having a propellant charge of more than four ounces, (iv) missile having an explosive or incendiary charge of more than one-quarter ounce, (v) mine, or (vi) device similar to any of the devices described in the preceding clauses.

- The term "knife" means (A) any dirk, dagger, or other weapon with a fixed, sharpened blade fitted primarily for stabbing; (B) a weapon with a blade fitted primarily for stabbing; (C) a weapon with a blade longer than 3½ inches; (D) a folding knife with a blade that locks into place; or (E) a razor with an unguarded blade.

C. Suspension Procedure

Suspensions shall be initiated according to the following procedures:

1. Conference

Suspension shall be preceded, if possible, by a conference conducted by the School Coordinator or designee with the student and ~~his or her~~their parent/guardian and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the ~~School Coordinator~~School Administrator or designee.

The conference may be omitted if the ~~School Coordinator~~School Administrator or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

Formatted: Font: 12 pt

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against ~~him or her~~the student and shall be given the opportunity to present ~~his or her~~their version and evidence in ~~his or her~~their defense, in accordance with Education Code Section
47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. ~~No penalties may~~Penalties shall not be imposed on a student for failure of the student's parent or guardian to attend a conference with Charter School officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent or guardian at the conference.

2. Notice to Parents/Guardians

Formatted: No underline, Font color: Custom Color(RGB(47,84,150))

Formatted: Font: 12 pt

At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone, by email, or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student as well as~~. In addition, the notice may also state~~ the date and time when the student may return to school following the suspension. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Expulsion

Formatted: No underline, Font color: Custom Color(RGB(47,84,150))

Formatted: Font: 12 pt

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the ~~School Coordinator~~School Administrator or designee, the student and the student's parent/guardian will be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student ~~or~~ and the student's parent/guardian, unless the student and the student's parent/guardian fail to attend the conference.

This determination will be made by the ~~School Coordinator~~School Administrator or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

4. Homework Assignments During Suspension

In accordance with Education Code Section 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

In accordance with Education Code Section 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

D. Authority to Expel

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled either by the neutral and impartial ~~Audeo~~ ASSC Board of Directors following a hearing before it, or by the neutral and impartial ~~Audeo~~ ASSC Board of Directors upon the recommendation of a neutral and impartial Administrative Panel to be assigned by the Board of Directors as needed. The Administrative Panel should consist of at least three members who are certificated and neither a teacher of the student nor a member of the ~~Audeo~~ ASSC Board of Directors. Each entity shall be presided over by a designated neutral hearing chairperson. The

Administrative Panel may recommend expulsion of any student found to have committed an expellable offense, and the Board of Directors shall make the final determination.

E. Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the ~~School Coordinator~~School Administrator or designee determines that the student has committed an expellable offense and recommends the student for expulsion. In the event an Administrative Panel hears the case, it will make a recommendation to the ~~Audeo~~ ASSC Board of Directors for a final decision whether to expel. The hearing shall be held in ~~closed session~~confidential setting (complying with all student confidentiality rules under the Family Educational Rights and Privacy Act (FERPA) unless the

student makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian via email or other means at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing;
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based;
3. A copy of the Charter School 's disciplinary rules which relate to the alleged violation; 4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at Charter School to any other school district or school to which the student seeks enrollment;
5. An explanation of ~~T~~the opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;
6. An explanation of ~~T~~the right to inspect and obtain copies of all documents to be used at the hearing;
7. An explanation of ~~T~~the opportunity to confront and question all witnesses who testify at the hearing;
8. An explanation of ~~T~~the opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

F. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

Formatted: Font: 14 pt, No underline, Font color: Custom Color(RGB(47,84,150))

The Charter School may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

Formatted: Font: 12 pt

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five ~~calendar~~ days' notice of their scheduled testimony, (b) have up to two (2) adult support

persons of their choosing present in the hearing at the time the ~~complaint~~ complaining witness testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.

2. The Charter School must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.

3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which ~~he or she~~the complaining witness may leave the hearing room.

Formatted: Font: 12 pt

4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.

5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.

6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany the complaining witness to the witness stand.

7. If one or both of the support persons is also a witness, The Charter School must present evidence that the witness' presence is both desired by the witness and will be helpful to the Charter School . The ~~person~~ entity presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the
complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising ~~his or her~~their discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.

8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.

9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the student being expelled, the complaining witness shall have the right to have their testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.

10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstance can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

G. Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

H. Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Board or Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual

battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

I. Expulsion Decision

The ~~decision~~ determination of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board who will make a final determination regarding the expulsion. The Board of Directors shall make the final ~~decision~~ determination ~~by the Board shall be~~ regarding the expulsion ~~made~~ within ten (10) school days following the conclusion of the hearing or as soon as practical. The decision of the Board is final. If the Administrative Panel decides not to recommend expulsion, or the Board of Directors ultimately decides not to expel, the student shall immediately be returned to their previous educational program.

The Board of Directors may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Board. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Board of Directors may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Board revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Board of Directors shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Board of Directors shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein.

J. Written Notice to Expel

The School School Administrator or designee following a decision of the Board to expel shall send written notice of the decision to expel, including the Board's adopted findings of fact, to the student ~~or~~ and parent/guardian. This notice shall also include the following: a) Notice of the specific offense committed by the student; and b) Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the Charter School~~-~~.

The ~~School Coordinator~~School Administrator or designee shall send a copy of the written notice of the decision to expel to the ~~authorizer~~student's district of residence. This notice

shall include the following: a) The student's name; and b) The specific expellable offense committed by the student.

K. Disciplinary Records

Charter School shall maintain records of all student suspensions and expulsions at the Charter School .
Such records shall be made available to the authorizer upon request.

L. No Right to Appeal

The student shall have no right of appeal from expulsion from Charter School as the ~~Audeo~~ ASSC Board of Directors' decision to expel shall be final.

M. Expelled Students/Alternative Education

Students who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence. Charter School shall work cooperatively with parents/guardians as requested by parents/guardians or by the school district of residence to assist with locating alternative placements during expulsion.

N. Rehabilitation Plans

Students who are expelled from the Charter School shall be given a rehabilitation plan upon expulsion as developed by the Board of Directors at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the student may reapply to Charter School for readmission.

O. Readmission or Admission of Previously Expelled Students

The decision to readmit a student after the end of the student's expulsion term or to admit a previously expelled student from another school district or charter school who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board following a meeting with the ~~School Coordinator~~School Administrator or designee and the student and parent/guardian or representative to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school environment. The School ~~Coordinator~~ Administrator or designee shall make a recommendation to the

Board of Directors following the meeting regarding ~~his or her~~their determination. The Board shall then make a final decision regarding readmission or admission of the student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The student's readmission is also contingent upon the Charter School 's capacity at the time the student seeks readmission or admission to the Charter School.

P. Notice to Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

Q. ~~Involuntary Removal for Truancy~~ Removal Due to Noncompliance with Independent Study Requirements

In accordance with Education Code Section 51747 and the Charter School's Board policy on independent study, after two (2) missed assignments, an evaluation is held to determine whether it is in the best interest of the student to remain in independent study. If it is determined that it is not in the student's best interest to remain in independent study, the Charter School may involuntarily remove the student after the Charter School follows the requirements of the Missed Assignment Policy and only after providing notice and an opportunity for a parent, guardian, educational rights holder to request a hearing prior to any involuntary removal as forth herein. Students who are involuntarily removed for ~~truancy~~ noncompliance with independent study requirements shall be given a rehabilitation plan and shall be subject to the readmission procedures set forth herein.

R. Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities

1. Notification of SELPA

The Charter School shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student that Charter School or the SELPA would be deemed to have knowledge that the student had a disability.

2. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a

functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim ~~alterative~~ alternative educational setting.

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, Charter School , the parent/guardian, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents/guardian to determine:

a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If the Charter School, the parent/guardian, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If the Charter School, the parent/guardian, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

c. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
d. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
e. Return the child to the placement from which the child was removed, unless the parent/guardian and Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If the Charter School~~,~~, the parent/guardian, and relevant members of the IEP/504 team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent/guardian of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 USC Section 1415(k), until the expiration of the forty-five (45) daytime period provided for in an interim alternative educational setting, unless the Parent/guardian and Charter School agree otherwise.
In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, the parent/guardian or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

5.Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The ~~School Coordinator~~School Administrator or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

a. Carries or possesses a weapon, as defined in 18 USC 930, to or at school, on school premises, or to or at a school function;
b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
c. Has inflicted serious bodily injury, as defined by 20 USC 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated the Charter School 's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the Charter School had knowledge that the student was disabled before the behavior occurred.

Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
b. The parent/guardian has requested an evaluation of the child.
c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If the Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If the Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. The Charter School shall conduct an expedited evaluation if requested by the parents; however, the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.

The Charter School shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

- Pants sagging below the waist
- Beachwear or sleepwear, including bedroom slippers
- Shorts/skirts that are above mid-thigh
- Tube tops, backless shirts, see-through garments, shirts that show the midriff, muscle tank tops, and clothing that would be considered revealing and/or a distraction to the learning environment
- Visible undergarments (including boxer shorts, bras, etc.)
- Clothing that promotes alcohol, drugs, tobacco, or other controlled substances
- Clothing that uses vulgar/profane language and/or images
- Head coverings such as, hats, bandanas, beanies, or do-rags

Loitering Law Compliance

Altus Schools North County

SY ~~2024-2025~~2025-2026

Daytime Loitering of Students in Public Places on School Days

Students who are subject to compulsory education must comply with the daytime loitering laws of their community. General guidelines are below, however, may differ slightly among communities.

- On days and times when schools are open (generally between 8:30 a.m. and 2:30 p.m.) students are not permitted to be in a public place unless accompanied by a parent or responsible adult guardian.
- On scheduled school days, students may travel to and from school without parental or guardian accompaniment.
- Students who do not comply with the local ordinances may be issued a citation or be subject to more severe consequences if multiple violations occur.

Responsibility of parents, guardians, etc. It is unlawful for the parent, guardian or other adult person having the care and custody of a juvenile to knowingly permit or by insufficient control allow the juvenile to be in violation local loitering laws.

Law Enforcement Procedures *may include*:

- Upon violation of the loitering ordinance, a peace officer may issue a citation to the juvenile and may transport the juvenile home or to the school from which the juvenile is absent. If cited, the juvenile and a parent may appear in court as directed in the citation. The parents will be warned of their responsibility and liability as the juvenile's parents/guardians.
- If a parent/guardian has been previously warned, a peace officer may issue a citation for an infraction to the parent/guardian to appear in court.
- When a parent/guardian has previously been issued a citation for an infraction, upon any subsequent violation by a parent, a peace office may issue a citation for a misdemeanor to the parent to appear in court.

Going to and From School Safely

Formatted: Font: Not Bold, No underline, Font color: Custom Color(RGB(47,84,150))

Everyday, millions of children take to the streets and roadways to get to and from school. They walk, ride their bicycles, take buses, and arrive in vehicles with one purpose — getting to and from school safely. It is important for ~~Audeo Charter School III~~Altus Schools North County students to understand safety guidelines and tips to follow to ensure their safety to and from the resource center. The following safety tips are reviewed annually with ~~Audeo Charter School III~~Altus Schools North County students and parents to help prepare all ~~Audeo Charter School III~~Altus Schools North County students for a safer journey.

1. Every ~~Audeo Charter School III~~Altus Schools North County student will have a set schedule for arrival and departure from the resource center. When a student fails to arrive for his appointment, and has not notified the school or the absence, his or her teacher will call home to ensure the student is safe.

2. Every student, parent, and guest are required to sign-in and out each time he/she arrives and departs the resource center. Students, parents, and guests will have designated staff members to sign-in and out with.

3. All students will be given an official school issued photo identification card annually. Students will be required to keep the identification card on their person each time they travel to and from the resource center.

4. Students will be encouraged to always TAKE A FRIEND when walking or riding his or her bike to and from the resource center. Students should walk and ride in well-lit areas and never take shortcuts. When walking and biking students should stay aware of their surroundings and observe all traffic rules in place to more safely share the roads and sidewalks with others.

5. Parents will be encouraged to walk the route to and from school with their children pointing out landmarks and safe places to go if they're being followed or need help. Making a map with their students and showing acceptable routes to the resource center, using main roads, and avoiding shortcuts and isolated areas is encouraged. A map will be a good guide for students who may need help finding their way.

6. If a student takes public transportation (i.e. city bus) to and from the resource center, parents will be encouraged to visit the bus stop with their student and learn the bus number. This will avoid confusion for the student about knowing which bus to ride.

7. In the event anyone bothers a student while going to or from the resource center, students will be taught to get away from that person, and **TELL** a school staff member, parent, or another trusted adult. If an adult approaches a student for help or directions, students will be trained that grownups needing help should not ask children for help; they should ask other adults.

8. Students will be directed that if anyone they don't know or a person who confuses, scares, or makes them feel uncomfortable offers a ride, say NO. Students should never hitchhike. Also, students should never accept a ride from anyone unless a parent has told them it is OK to do so in each instance.

9. Students will be directed that if anyone follows them on foot to get away from him or her as quickly as possible. If anyone follows them in a vehicle they should turn around, go in the other direction, and try to quickly get to a spot where a trusted adult may help them. Students will be advised to **TELL** a school staff member, parent, or another trusted adult what happened.

10. Students will be taught that if anyone tries to take them somewhere, they should quickly get away and yell, "This person is trying to take me away" or "This person is not my father/mother/guardian." If anyone tries to grab them, they will be taught to make a scene and every effort to get away by kicking, screaming, and resisting.

11. Students will be taught to never leave the resource center with anyone they don't know. They should always **CHECK FIRST** with a school staff member, parent, or another trusted adult. If anyone tells them there is an emergency and they want the student to go with them, the students should always **CHECK FIRST** before doing anything. Students will be taught to make sure they understand to **TELL** a trusted adult if they notice anyone they don't know hanging around the resource center.

12. Parents are encouraged to practice these safety tips with their student to make certain they really know and understand them. Make the walk to and from school a "teachable moment" and chance to put their skills to the test.

Safe Ingress and Egress Procedures

Formatted: Font: Not Bold, No underline, Font color: Custom Color(RGB(47,84,150))

All ~~Audeo Charter School III~~Altus Schools North County staff and students shall review RC evacuation procedures including primary/alternate routes and assembly areas, assigned responsibilities, and actions to take as posted at the RC. If there is a need for evacuation from the RC, the following procedures are as follows:

- Students and staff calmly evacuate the building to designated assembly area (alternate route if primary area is closed) as displayed on posted RC evacuation plan
- Designated staff take along emergency release binder, class sign-in sheets, emergency materials specified in disaster preparedness plan
- Using class sign-sheets, staff verifies presence of all students and staff
- Staff contacts appropriate emergency units
- Staff keeps students in assembly area until further instructions are received from the EOT. No one shall reenter the building for any reason until official ALL CLEAR signal is given
- Once the ALL CLEAR is given, the ~~School Coordinator~~School Administrator or designee reenters building to ensure that it is safe and secure
- Staff and students reenter building and resume instructional/administrative activities

If the building is not safe to reenter, the reunification procedures are required:

- Staff will notify parent/guardians regarding emergency situation and procedures for verification and release of students
- When parent/guardian or designee arrives, staff will verify identity of parent/guardian or designee based on emergency release forms
- Parent/Guardian will sign form verifying that student is being released to them
- Staff will maintain documentation to ensure accountability of all students

~~Audeo Charter School III~~Altus Schools North County staff believes that a positive climate is required if effective teaching and learning is to take place. We expect students, assisted by their parents, to meet the appointments agreed to on the Master Agreement. We expect students to complete high-quality work at the rate of one credit per month. We will make every effort to keep parents informed about the student's progress and behavior.

Discipline Procedures

All parents and students are asked to carefully read and sign the positive school discipline plan upon enrolling:

SCHOOL RULES/DISCIPLINE

- Attend school according to the schedule on the master agreement, arrive on time and return directly home after each weekly appointment.
- Complete ALL assignments as scheduled.
- Respect the authority of ALL ADULTS at ~~Audeo Charter School III~~Altus Schools North County.

SEVERE CLAUSE BYPASSES

A majority of students at ~~Audeo Charter School III~~Altus Schools North County will maintain acceptable standards, but a small percentage will find it difficult to follow our procedures. The following offenses will require immediate action:

Fighting/open rebellion	Possession or use of drugs or alcohol
Defiance/unprovoked attack	Smoking
Stealing	Vandalism
Profanity, Vulgarity, or Obscene Acts	Severely inappropriate behavior

PARENT RESPONSIBILITIES

Attendance

- Ensure that students get to their scheduled weekly appointment on time. Contact teacher if this is not possible to arrange an alternate time.
- Follow up to make sure your student is doing high quality work according to scheduled dates.
- Arrange for your student to attend appropriate tutoring sessions, seminars and field trips.
- Meet with staff when requested.

PARENTS' ROLE IN DISCIPLINE AND BEHAVIOR

Parents are expected to cooperate with school staff in maintaining and encouraging proper standards of behavior for their children. The following points may prove helpful:

- Instill in your child a sense of responsibility for what he/she says and does.
- Help him/her to solve conflicts in a peaceful manner.
- Review your own attitude about discipline and behavior.
- Make sure you communicate with the school to learn necessary facts and expected behavior.
- As a role model for your child, show respect for learning and the necessity for completing an education.

Child Abuse Reporting Procedures

All ~~Audeo Charter School III~~Altus Schools North County certificated teachers, classified employees, and administrators are required to report suspected child abuse. An in-service, which provides awareness and training, will be given annually to ~~Audeo Charter School III~~Altus Schools North County employees.

As stated in the California Penal Code, Section 11164-11174.3, "Mandated reporters shall make an initial report to the agency immediately or as soon as is practicably possible by telephone and the mandated reporter shall prepare and send, fax, or electronically submit a written follow-up report thereof within 36 hours of receiving the information concerning the incident."

A report may be done for any reason. The criterion is that a **reasonable** suspicion of an abuse/neglect situation either has occurred and/or exists. Each staff member is a mandated reporter. A report may not receive immediate action if it is a non-emergency situation. However, it will add to the documentation should other events occur.

Discuss **ALL** situations at the time of occurrence with the ~~School Coordinator~~School Administrator or designee.

If it is unsafe for the student to leave/go home, please call the local police department for further assistance and instructions.

If the staff and/or student(s) are threatened or in danger, call 911 immediately.

Instructions to Submitting a Suspected Child Abuse Report via Mandated Reporter Application, Child & Family Well-Being (CFWB), San Diego

Emergency Notification Information

Formatted: Font: Not Bold, No underline, Font color: Custom Color(RGB(47,84,150))

Often, the first action to occur as an emergency incident is unfolding is the need to alert or warn others. The primary or alternate Incident Commander should notify the Police. Once notified, the Police will begin dispatching public safety services to assist the Incident Commander, pursuant to their procedures.

The very next action to occur is the need to alert or warn school staff. Methods for notifying staff include: Telephone – Landline and/or cellular, Radio, Runners – staff and/or students, or Handheld Air Horns or Bull Horns.

The method utilized will depend upon the circumstances of the emergency and the resources available at this RC.

The police will conduct an initial assessment based on available information. The police will advise the Incident Commander of the recommended actions to be taken.

As services are being dispatched to assist, the Incident Commander will begin to gather and direct resources as necessary to address the emergency or disaster at hand. The following external and internal contacts may be of assistance:

- ☑ Pencils & Pens - recommend one each per Incident Command Team member (34)
- ☑ Copies of Forms
- ☑ Chalk - recommend twenty-five sticks, red in color
- ☑ 3x5 Cards – recommend one hundred
- ☑ Department or Placards
- ☑ First Aid & Medical Team Supplies
- ☑ Search and Rescue Team Supplies
- ☑ Vests for Key Personnel – recommend a total of 17 for Incident Command Team members

All Emergency Disaster Kits and their contents are the responsibility of the Incident Commander. The Incident Commander will conduct annual inspections in October of each year. The responsibility to inspect and replace non-operating equipment and supplies belongs to the RC. The responsibility to delegate the transport the Emergency Disaster Kit to an activated RC Command Post belongs to the following individuals:

Primary: **Incident Commander**
Alternate: **Operations Chief**

Crisis Response Boxes

Formatted: Font: Not Bold, No underline, Font color: Custom Color(RGB(47,84,150))

This resource center maintains 1 Crisis Response Box.

Formatted: Font color: Custom Color(RGB(47,84,150)), Check spelling and grammar

The Crisis Response Boxes are located: Janitorial Closet and each Safety Team Member

Formatted: Font color: Custom Color(RGB(47,84,150))

The Crisis Response Boxes are file folder-type boxes. The boxes are clearly labeled and contain vital information needed by the Incident Command Team and Public Safety Incident Commander (in the event a public safety incident command post is established). The following information is stored inside each box:

- ☑ Current copy of the Emergency Plan which should include RC evacuation procedures, including staging locations. Also included should be an aerial photo including all **new** structures, electric, gas, water cable, telephone, intrusion and fire alarm shutoffs, resource center numbers, gate openings for vehicles/pedestrians and all fire hydrants that have been added to accommodate these new structures.
- ☑ Current map of resource center layout. Map must show **all** buildings, RC numbers, and evacuation routes.
- ☑ Most current blueprint (architectural drawings).
- ☑ Current roster of students and staff assigned to the RC, as well as issues pertaining to special needs students. These rosters will be in alphabetical order for staff and students. Student roster must be in alphabetical order, divided by grade level and have emergency contact/release information.
- ☑ A list of the RC's staff skills including language translation, specialized training, and emergency equipment carried in vehicles.
- ☑ If available, current student photos on CD-ROM or most recent year book.
- ☑ Telephone numbers listed in numerical order for each RC/building.

Maintenance of the Crisis Response Boxes and their contents is the responsibility of the Incident Commander. The responsibility to inspect and replace information belongs to the RC.

The responsibility to carry the box to an activated Public Safety Incident Command Post belongs to the following individuals:

Primary: **Incident Commander**
Alternate: **Operations Chief**

Emergency Quick Reference Guide

Formatted: Font: Not Bold, No underline, Font color: Custom Color(RGB(47,84,150))

This document, often referred to as the "Emergency Quick Reference Guide" is a red, white and blue quick flip-type reference chart that provides basic guidelines for emergencies. Each resource center ~~and office~~ has been equipped with a copy of the guide. The guide provides basic direction for teachers and staff in the event of an emergency. All staff should familiarize themselves with the content annually.

Emergency Operations Overview

Formatted: Font: Not Bold, No underline, Font color: Custom Color(RGB(47,84,150))

The protection of lives shall be the primary priority of all emergency operations and procedures. The protection of property shall be secondary to life safety. The emergency procedures within this Plan are designed to facilitate life safety through the use of simple, basic procedures based on the Standardized Emergency Management System (SEMS) and the National Incident Management System (NIMS) that utilize the Incident Command System (ICS) as the basic response management structure.

Disaster Service Workers

Formatted: Font: 14 pt, No underline, Font color: Custom Color(RGB(47,84,150))

California Government Code, Chapter 8, Section 3100 states: "…all public employees are hereby declared to be disaster service workers subject to disaster service activities as may be assigned to them by their superiors or by law." In accordance with these provisions, all staff members are considered "disaster service workers" during emergencies and must remain at the school to carry out assigned responsibilities. School staff should be familiar with emergency procedures and any assigned responsibilities. During an emergency, staff will serve on response teams and implement response procedures. If a teacher has been assigned to a Incident Command Team position in the following list, the teacher will first ensure the safety of the students and accompany the students to the Assembly Area (also known as the "Evacuation Area"), where the students will be reassigned to another teacher. The teacher will then carry out their assigned Incident Command Team responsibilities.

Plan Maintenance

Formatted: Font: 14 pt, No underline, Font color: Custom Color(RGB(47,84,150))

The Incident Commander is responsible for the maintenance of this plan. The Emergency Plan is Criterion 2 of California's mandated Comprehensive Safe Schools Plan. The School Safety team is responsible for annual plan review. The Emergency Plan will be maintained on a secured intranet with "read only" access to the Incident Command Team and revision access to the School Safety Team.

Training & Exercises

Formatted: Font: 14 pt, No underline, Font color: Custom Color(RGB(47,84,150))

Training is a key component to ensure successful emergency operations. The adage "people will do what they have been trained to do" is consistently proven in actual emergencies. Exercises allow "people" to practice what they have been trained to do and improve their skills for an actual emergency.

The Incident Commander will coordinate annual training for all staff on the basic emergency procedures of this plan. All new staff assigned to the RC will receive basic training within 30 days of assignment. Basic training can simply involve knowledge of basic SEMS and ICS protocols, key evacuation locations, parent reunification locations, and the location of related resources. Members of the Incident Command Team will receive additional training specific to their duties every year by the School Safety Team.

The Incident Commander will coordinate annual exercises for all staff as outlined in the Emergency Procedures section.

Incident Command Team Overview

Formatted: Font: Not Bold, No underline, Font color: Custom Color(RGB(47,84,150))

Formatted: Font: Not Bold, Font color: Custom Color(RGB(47,84,150))

According to ICS, the size of the organization (i.e. number of positions) will vary depending on the operational needs of the incident. In some cases, one individual may be able to fill more than one "position". (Example: in a small incident the School Principal oftentimes serves as the Incident Commander and the Public Information Officer.)

Only under very unusual conditions will all of the positions identified below be activated and fully staffed. To that extent, the Incident Commanders have been encouraged to "cluster" certain same-section positions, if the workload allows. The Incident Commander could assume the Safety Officer, Public Information Officer, and Liaison Officer duties. The Planning & Intelligence Chief could assume the Documentation and Situation Analysis duties.

Incident Command Team Assignments

Formatted: Font: 14 pt, No underline, Font color: Custom Color(RGB(47,84,150))

Formatted: Font: Arial

Key staff will be pre-assigned to the Incident Command Team and have specific duties during emergencies. These duties include:

- Incident Commander – responsible for overseeing emergency operations. Typically, also assumes responsibilities of the Safety Officer, Liaison Officer, and Public Information Officer duties

Formatted: Font: 14 pt, Not Bold, Font color: Custom Color(RGB(47,84,150))

-
    - **Safety Officer** - ensures that all activities are conducted in as safe a manner as possible
    - **Public Information Officer** – acts as official spokesperson for the RC in an emergency situation, until the Communications Officer is available
    - **Liaison Officer** – serves as the point-of-contact for agencies outside of the school.

- Operations Chief – manages direct response to the RC emergency

-
    - **Resource Center Check & Security** – controls utilities, restricts access to unsafe areas, provides traffic control, and communicates damage to Incident Commander
    - **Search & Rescue Leader and Team** – checks RC for damage, rescues victims, and reports RC conditions

  - **First Aid & Medical Leader and Team** – provides medical response including CISM (Critical Incident Stress Management)
  - **Student/Parent Reunification**
    - **Assembly Area** – ensures the care and safety of all students at the RC (except those in the Medical Treatment Area)
    - **Request Gate** – processes requests by parents or authorized adults for release of students
    - **Release Gate** – releases student to parent or authorized adult

- Planning & Intelligence Chief – in charge of collection, evaluation and documentation of information about the incident

  - **Documentation** – collects, evaluates, and documents event
  - **Situation Analysis** – assesses the overall incident

- Logistics Chief – provides facilities, services, personnel, equipment and materials to support response – includes food and transportation services

  - **Supplies, Facilities, & Staffing** – provides supplies, equipment and staffing to support response

- Finance & Administration Chief – tracks purchases, staff hours, costs, and student accountability

In the event of an emergency, a Command Post will be established by the Incident Commander. Incident Command Team members will be informed of the location upon activation.

The Emergency Roles and Responsibilities Section (Section Four) of this plan provides checklists for each of the above assignments. The Incident Command Team will report to the Incident Commander at the Command Post. Any staff may be assigned to assist each of the above positions depending upon the circumstances and demands of the incident and care of the students and staff.

It's important that the Incident Command Team refer to both the School Emergency Procedures and Emergency Quick Reference Guide for command directives and clarifications.

SECTION THREE

EMERGENCY PROCEDURES

RESOURCE CENTER EVACUATION PROCEDURE

Notification

The Incident Commander is responsible to notify the Incident Command Team when an evacuation is necessary.

If evacuation is required, but an alternative method of notification is required (e.g. a received credible bomb threat), then notification can be made by announcement, telephone or runners. This method reduces the level of anxiety and potential panic.

Exiting Buildings

The Incident Commander is responsible for ensuring that staff and students are aware of designated exit routes from the building. Appropriate maps and directions are posted near each door to ensure that occupants are aware of the possible exits. Each resource center has developed plans for ensuring that all staff/students receive evacuation notification and are moved to a pre-designated evacuation location. All staff will be trained to conduct rapid visual and verbal "sweeps" of their assigned areas to ensure that no one is left behind.

The responsibility to ensure maps and directions are posted, as well as appropriate training delivered, belongs to the following individuals:

Primary: **Incident Commander**
Alternate: **Operations Chief**

Evacuation Locations

In the event that the situation requires a further distance be placed between individuals and the facility, the Incident Commander will direct individuals to proceed to the designated meeting area.

Persons with Disabilities

Formatted: Font: Not Bold, Font color: Custom Color(RGB(47,84,150))

In emergencies, persons with disabilities may need special assistance in evacuating to the designated location. The Incident Commander is responsible for pre-identification of persons with disabilities who may need assistance and assigning staff to assist them. Persons with disabilities or other staff who may need special assistance in an evacuation situation are responsible for ensuring that their Department Head is aware of their needs for assistance.

Because of the volume of foot traffic that can be expected through stairways and corridors in a building during an evacuation, there must be an area of rescue assistance established aside from the main flow of foot traffic. Such an area must be clearly marked so disabled individuals know where to go for refuge in a critical time.

The responsibility to determine disability needs, assign appropriate staff and ensure proper resources for evacuation and reunification belongs to the following individuals at this RC:

Primary: **Incident Commander**
Alternate: **Operations Chief**

Return to Resource Center

The Incident Commander, in consultation with the Public Safety Incident Commander if necessary, will determine when individuals can return to the resource center.

Emergency Lockdown Procedures

If an emergency situation near an ~~Audeo Charter School III~~Altus Schools North County RC endangers student or staff safety,

Lockdown the Resource Center.

FIRST: Follow the lockdown procedures below and notify a Safety Committee Member immediately.

During a lockdown, several security measures will take place:

1. A teacher or designee will declare **"this is a lockdown"** alerting staff and students in a calm manner.
2. All students and staff remain in their RC ~~or offices~~.
3. All RC doors and windows are to be closed and locked.
4. All window blinds should be drawn or closed.
5. A staff member will activate "STAY" function on ADT/~~Protection One~~Everon Security Alarm Panel.
6. Safety Ambassador or designee will call/email Executive Safety Committee.
7. A staff member will take a head count of ALL persons in RC/building
8. A staff member will use the attached Sign In sheet for ALL persons on location.
9. All lights should be turned off (as needed)
10. A member of the ~~Audeo Charter School III~~Altus Schools North County Safety Committee will communicate and work directly with the Resource Center Safety Ambassador and/or designee.

ONE TO ONE COMMUNICATION. NOT EVERYONE NEEDS TO CALL.

11. *No one is permitted to leave and no one, including a parent, is allowed in the RC.*
12. Students and staff will remain quiet and calm.
13. All individuals should seek immediate cover under desks or tables and remain low to the ground and away from windows or doors as needed.
14. First aid will be rendered by staff as necessary.
15. Resource Center staff should defer media statements to the Communications Department.

Only a member of the ~~Audeo Charter School III~~Altus Schools North County Safety Committee may lift a lock down.

Persons who may activate an RC lockdown:

- Any member of a school staff or community safety support (Police, Fire, Mall Management, etc.) may declare a lockdown.

Conditions in which to activate a school-wide or RC specific lockdown may include, but not limited to:

- Authorities inform the school or RC of a dangerous situation in close proximity to the facility.
- The immediate pursuit of a dangerous suspect.
- The execution of a high-risk search or arrest warrant.
- A large-scale enforcement operation involving potentially dangerous suspects.
- Someone with a weapon is en route to a RC.
- Gunshots are heard nearby.
- An act of terrorism.

BEST PRACTICE: enroll your work email on local media news alerts for your area.

Should a lockdown occur, parents should be aware of the following:

- Remain calm as school and local authorities manage the situation.
- If a lockdown lasts for an extended period of time, or goes beyond dismissal time, students will not be allowed to leave until recommended by the appropriate authorities. School staff will attempt to notify parents by phone.
- Parents may be required to pick up children from the RC or another designated staging area, once it is determined to be safe to do so.
- Parents will be required to present identification.
- The reunification location will be given to parents over the phone, if possible.
- Students and parents are reminded that during an emergency situation, cellular locations may be overwhelmed due to a high volume of calls. It is critical that text messaging and cell phone use be kept to a minimum so that emergency services have priority to assist the students and staff at the RC.

Following Lockdown:

- The Safety Ambassador for the RC will fill out and submit to Angela Neri within 24 hours:
    - Lockdown Incident Report Form
    - Emergency Sign-In Report
    - Emergency Student Sign Out Report

Formatted: Font: 14 pt, Not Bold, Font color: Custom Color(RGB(47,84,150))

Parent Notification & Reunification Procedure

Formatted: Font: Not Bold, No underline, Font color: Custom Color(RGB(47,84,150))

Following a lockdown or other emergency action, there may be a need to reunite students with parents. This is often a difficult and somewhat chaotic event, requiring planning and resources. The following procedure was developed to limit chaos and ensure a safe reunification of students with their parents or legal guardians.

Notification

In the event the ~~School Coordinator~~School Administrator determines students are to be released from school, or that notification of parents/guardians is warranted, he/she will first notify the Director of Operations and Technology. A collaborative effort will begin to notify parents/guardians of the unification effort using information provided on student's emergency contact cards, as well as information available within the school's student database.

Reunification

Reunification will generally occur from the location pre-identified as the meeting evacuation point. Staff and law enforcement will be stationed at one central point, where all students will enter and exit the unification location. Incident Command Team members will use school attendance and emergency card information to check in and out students.

The responsibility of reunification, determining needs, assigning appropriate staff, and ensuring proper resources for reunification belongs to the following individuals at this RC:

Primary: **Incident Commander**
Alternate: **Operations Chief**

Earthquake Procedure

Formatted: Font: Not Bold, No underline, Font color: Custom Color(RGB(47,84,150))

Earthquakes often occur without notice and generally have after-shocks which are just as dangerous as the initial quake. Building evacuation will generally occur following a major earthquake due to potential dangers of fires or explosions. The following earthquake information pertains to this RC.

Notification

Formatted: Font: 14 pt, Font color: Custom Color(RGB(47,84,150))

Give the command to "Drop, Cover, and Hold" at the first indication of shaking ground.

Attempt to gain safety under tables, desks, or other supporting objects. Consider holding onto the supporting object to keep it over your body. If in a hallway, move to an inside wall and stand in the doorway.

Remain away from windows to avoid falling glass, and away from large objects that may fall upon your person.

Extinguish any flames and turn off power to equipment and electrical appliances if possible. Turn off gas valves as well.

Hold undercover for at least two minutes to assess damage and injuries while waiting for the first aftershock to occur.

After the first aftershock, activate your evacuation procedures after confirming the path and destination are safe.

Do not return to the inside of any building until emergency personnel has checked the buildings for safety.

Structural Failure

Formatted: Font: 14 pt, Font color: Custom Color(RGB(47,84,150))

Give the command to evacuate the affected building or area and secure the premise to prevent entrance by others.

Advise ~~School Coordinator~~School Administrator of the situation. Contact the Director of Operations and Technology at (619) 778-3491.

Upon arrival of emergency personnel, coordinate to evaluate known information and decide upon a course of action to render the situation safe.

Fire Procedure

Formatted: Font: Not Bold, No underline, Font color: Custom Color(RGB(47,84,150))

Fires often occur without notice and can spread quickly if not addressed. Building evacuation will generally occur following a fire notification due to potential dangers of burns and smoke inhalation. The following fire information pertains to this RC.

Notification

Formatted: Font: 14 pt, Font color: Custom Color(RGB(47,84,150))

Notify your ~~School Coordinator~~School Administrator. If possible, quickly assess the location and size of the fire to determine an appropriate evacuation action.

Alert all staff and students of the fire location and condition – activate your fire alarm system to sound the alarm.

Begin evacuation procedures for everyone to an appropriate assembly area. Remember to move individuals away and upwind from the hazard.

Call the Fire Department ("9-1-1") or notify Director of Operations and Technology by calling 619-778-3491. The Director of Operations and Technology will handle notifying the proper emergency and communications personnel.

Render first aid as needed. Be sure to notify the Director of Operations and Technology of injuries.

Activate specific components of your emergency plan as appropriate.

Supervise the evacuation and ensure all rooms and unsafe areas are evacuated. Check to ensure accountability for all staff and students. Maintain control of evacuees at the assembly area until the situation is under control.

Have some staff standing by the entrance to direct responding fire personnel to the fire location.

Upon arrival of emergency personnel, coordinate to evaluate information and decide upon a course of action to either return to the RC or arrange for an early dismissal.

Safety Supplies

The following checklist will help you identify the items that you will review each time you perform a drill. If your kit needs replenishment, please identify the item(s) below.

First Aid Kit

- ❑ Twenty Gauze pads, non-sterile (3 x 3 or 4 x 4)
- ❑ Four Roller Gauze, 4" wide, to secure gauze pads over wounds
- ❑ Two Adhesive tape, 1" wide, to secure gauze pads or bandages over wound
- ❑ Fifty Band-Aids, Regular size, 1" x 3", to cover minor wounds
- ❑ Twenty Band-Aids, small, to cover minor wounds (finger)
- ❑ Ten Band-Aids, large, to cover large wounds
- ❑ Five Pairs Latex-free gloves, Medium
- ❑ Two Cold compress
- ❑ Twenty Cotton Tip Applicators
- ❑ Two Triangular Bandage
- ❑ Four Thermometers-disposable
- ❑ One CPR Mask
- ❑ Written instructions for first aid kit use

Field Trip First Aid Kit

- ❑ Ten Sterile gauze pads, 2"x2"
- ❑ Two Gauze roller, 4"
- ❑ Four Gauze roller, 2"
- ❑ Fifteen Band-Aids, Regular size, 1"x3"
- ❑ Five Band-Aids, large
- ❑ Two Triangular bandage
- ❑ One Adhesive tape, 1"
- ❑ One Hand sanitizer, 2oz bottle
- ❑ One First Aid Antiseptic, 2oz bottle
- ❑ One CPR Mask
- ❑ Written instructions for first aid kit use

Blood Bourne Pathogen Kit (BBP Kit)

- ❑ Wastebasket for supplies storage
- ❑ Marked spray bottle to create disinfectant solution
- ❑ Dishwashing Soap
- ❑ Sponge
- ❑ Gloves
- ❑ Zip lock baggies
- ❑ Roll of paper towels
- ❑ Brush and dust pan
- ❑ Wastebasket size plastic liners
- ❑ Kitty litter
- ❑ Disposable plastic aprons
- ❑ Written instructions for the use of the BBP kit and materials
- ❑ 1 pair Goggles
- ❑ 2 pairs Shoe Covers

Science Cart First Aid Kit

- ❑ One Absorbent Compress
- ❑ Ten Antibiotic Cream
- ❑ Ten Antiseptic Towelettes
- ❑ Ten Burn Cream
- ❑ Five Fabric fingertip bandages
- ❑ Four Fabric Knuckle Bandages
- ❑ One First Aid Tape
- ❑ One Forceps 4"
- ❑ Four Gauze pads 3x3
- ❑ One Gauze roll, 2" x 6 yd
- ❑ One Instant Ice Pack 5x7"
- ❑ 2 large Nitrile Gloves
- ❑ Sixteen Plastic Bandages 1x3"
- ❑ One Scissors 4"
- ❑ One Sting Wipes 1 x2"
- ❑ One Triangular Bandage 40x40x56"
- ❑ First Aid Facts Guide

Backpack Survival Kit

- ❑ Emergency Preparedness Binder (contains
- ❑ Safety Plan and other documents) Transistor AM/FM radio
- ❑ Wired Phone
- ❑ Safety glow sticks - 2
- ❑ Candles - 2
- ❑ Emergency Blanket
- ❑ Waterproof Matches
- ❑ Whistle (located on the end of the "Life Gear" glow stick)
- ❑ Flashlights
- ❑ Duct Tape
- ❑ Pad of Paper Marker

COVID Caddy

- ❑ One Disinfectant wipes
- ❑ Two Disinfectant spray
- ❑ Paper towels
- ❑ One box of Masks

Best Practice Considerations for Schools in Active Shooter and Other Armed Assailant Drills

The National Association of School Psychologists and the National Association of School Resource Officers have partnered to provide this guidance on armed assailant training, with input from Safe and Sound: A Sandy Hook Initiative and the ALiCE Training Institute. This document provides guidance on the important factors schools must take into account when considering and conducting armed assailant drills.

OVERVIEW

A. Response to armed assailants has focused on implementing a school lockdown. Recently, discussion has emphasized options-based approaches, which sometimes include the "Run, Hide, Fight" model.

B. Armed assailant drills have both benefits and concerns associated with their implementation.
   - Armed assailants in schools account for only 1% of homicides among school-age youth; schools must balance costs and benefits when allocating crisis preparedness resources.
   - Such drills have the potential to empower staff and save lives, but without proper caution, they can risk causing harm to participants.
   - Available research supports the effectiveness of lockdown drills carried out according to best practices, but research is still needed on the effectiveness of armed assailant drills.

DRILL APPROACHES AND PLANNING

A. Traditional lockdowns should remain the foundation of an options-based approach to active assailant training, which allows participants to make independent decisions in evolving situations.

B. Exercises should be considered in a hierarchy with simple discussion-based exercises before complex operations-based drills are practiced.

C. Schools should keep simulation techniques appropriate to the participants' developmental maturity.
   - Inform participants of the use and purpose of props and simulation aids prior to the drill.
   - Using Airsoft guns as simulation aids requires careful safety measures and opt-out opportunities.

D. Regular practice helps participants develop readiness and quickly access and apply knowledge.

DEVELOPMENTAL AND MENTAL HEALTH CONSIDERATIONS

A. Children model their reactions on adult behavior, so effective drills should result in staff who inspire calm and confidence in students.

B. It is critical that participation in drills be appropriate to individual development levels, and take into consideration prior traumatic experiences, special needs, and personalities.

C. School-employed mental health professionals should be involved in every stage of preparation.
   - Prior to the drill, staff should be trained to recognize common trauma reactions.
   - Adults should monitor participants during the drill and remove anyone exhibiting signs of trauma.
   - After completion, staff and students should have access to mental health support, if needed.

D. Participation should never be mandatory, and parental consent should be required for all students.

E. If staff chooses to opt-out of intense drills, they should receive comparable, less intense instruction.

STEPS FOR CONDUCTING SAFE, EFFECTIVE, AND APPROPRIATE DRILLS

1. Create a school safety team (including an administrator, a school mental health professional, a school nurse; security personnel, teachers, and parents) that also coordinates with local law enforcement and emergency responders.
2. Conduct a needs assessment of the school community.
3. Implement a cost–benefit analysis that considers all emergency preparedness needs and options.
4. Tailor drills to the context of the school environment.
5. Create a plan of progression that builds from simplest, lowest-cost training; identifies obstacles and goals; and establishes a timeline.
6. Prepare for drill logistics that ensure physical and psychological safety as well as skills and knowledge acquisition.
7. Develop a communications plan that gives all participants advance warning and the ability to opt out and/or provide feedback.
8. Establish a long-term follow-up plan to support sustainability that includes assessing ongoing and/or changing preparedness training needs.

INTRODUCTION

ACTIVE SHOOTER AND OTHER ARMED ASSAILANT DRILLS

The National Association of School Psychologists (NASP) and the National Association of School Resource Officers (NASRO) represent key members of school safety and crisis teams. We are committed to supporting school communities' understanding and implementation of best practices related to school safety, school mental health, and crisis prevention and response. We have partnered to provide this guidance on armed assailant training, with input from Safe and Sound: A Sandy Hook Initiative, a nonprofit organization of parents, educators, and other members of the school community, and the ALiCE Training Institute, a for-profit company that provides active shooter training.

Critical elements to effective crisis preparedness and response of any kind are a common understanding of purpose and procedures among all participants, a respect for each other's roles and perspectives, and a shared commitment to ensure the safety and well-being of all members of the school community. Our common goals in this document are to provide best practice information to help schools determine to what extent they need armed assailant training and to conduct trainings that make best use of resources, maximize effectiveness, and minimize physical and psychological risks. Importantly, this document is not intended to provide specific guidance on *how* to conduct active assailant drills but rather to provide guidance on many of the issues that must be considered when planning for and implementing such training. The specifics of any training should be determined at the local level by appropriately trained school leadership, school safety and mental health personnel, and law enforcement.

Please note that the appendices in this document contain very important decision-making information. They are referenced within and at the end of the document.

PART I: OVERVIEW

Schools have a responsibility to protect the physical and psychological well-being of their students and staff. This includes creating positive school climates, preventing negative behaviors such as bullying and harassment, and being prepared to respond to potential threats such as weather emergencies, fires, and acts of violence. Effective crisis planning, prevention, response, and recovery capabilities are essential for schools to meet this responsibility (Cowan, Vaillancourt, Rossen, & Pollitt, 2013). Although situations involving an active, armed assailant on school property are extremely rare, schools are increasingly considering how to best prepare for and respond to this type of event.

According to the U.S. Department of Homeland Security (2008) and the Federal Bureau of

Investigation (Blair & Schweit, 2014) an *armed assailant* is defined as an armed person who attempts to use deadly force on others, typically in a confined and populated area. The term *active shooter* refers to those assailants who use firearms, as opposed to knives or other weapons. Some U.S. states have mandated active shooter drills for schools but have offered little to no guidance on proper implementation.

Schools should plan for the rare possibility of an armed assailant as part of a comprehensive crisis/emergency preparedness effort; however, the nature and extent of those preparedness activities should be based upon a risk assessment of the crisis events a given school is most likely to confront.

How this training is conducted must carefully account for students' developmental levels, school culture and climate, and features specific to each school community (such as geography, weather, crime, and environment). While one of the primary goals of crisis preparedness is to develop a sense of empowerment and control, armed assailant drills not conducted appropriately may cause physical and psychological harm to students, staff, and the overall learning environment. It is critical that administrators, school-employed mental health professionals, school resource and police officers, and crisis team members work closely together to carefully develop a staff and student training protocol that follows the best practice considerations outlined below.

A. Background

The 1999 shootings at Columbine High School ushered in heightened attention to the need for schools—and law enforcement—to be better prepared to respond to armed assailant situations. Subsequently, schools focused primarily on lockdown practices, while law enforcement focused on improving tactics to find and stop the assailant as quickly as possible. In 2013, the U.S. Department of Education recommended expanding the lockdown-only approach for schools (i.e., confining students and staff to their rooms) to an options-based approach that allows school staff to make more independent decisions about how to protect their students depending on evolving circumstances (e.g., evacuate the building rather than stay locked in a RC). These approaches include adapting the "Run, Hide, Fight" model that was originally developed for adults in response to workplace violence. This expansion has spurred a range of approaches to armed assailant training and an increase in the number of schools conducting drills with varying degrees of intensity and involvement of school staff and students. In some instances, drills are conducted with insufficient consideration of the potential psychological impact or appropriateness of a particular drill based on the developmental level or psychological risk factors of participants.

B. Benefits and Concerns Associated with Armed Assailant Drills

Costs versus benefits. School-associated homicides are extremely rare, accounting for less than

1% of all homicides among school-age youth (Robers, Kemp, Rathbun, & Morgan, 2014). While an attack by an armed assailant on school grounds is possible—and devastating if it happens, it is not as probable as other types of crisis events. Schools must consider the cost of some types of drills (e.g., full scale simulations), and whether investment in them will reduce resources available for other critical safety preparation activities such as first aid training, environmental design measures, and staff development focused on more comprehensive school safety preparedness.

Empowerment versus potential harm. The primary purposes of an armed assailant drill are to provide law enforcement and relevant school leadership and staff the opportunity to practice skills and protocols and to identify and correct areas of weakness in knowledge, communication, coordination, and decision-making. The goal is to empower participants and save lives and prepare professionals and staff for this role and responsibility. As the focus of such drills expands to include all staff and students, the potential for causing harm to participants expands as well. The level of drill intensity (e.g., use of loud gun fire and airsoft guns), extent of warning that a drill will occur, and whether participation is required or voluntary may affect reactions to the experience. Additionally, an individual's cognitive and developmental levels, personality, history of adverse or traumatic experiences, and psychological makeup are among the many factors that influence the potential for harm.

It is essential to include parents in discussions of their child's developmental level, education, and readiness for armed assailant drills. Highly sensorial armed assailant drills for students in preschool and elementary learning environments are not recommended. Any such drills should be conducted using age-appropriate simulation stimuli (e.g., the sound of gunshots near a preschool room would not be appropriate).

Available research. Practicing disaster response procedures has been found to increase the probability of adaptive behavior during a crisis (Jones & Randall, 1994; Miltenberger et al., 2005). Specifically, lockdown drills implemented according to best practices have been suggested to increase knowledge and skills of how to respond appropriately without elevating anxiety or perceived safety risk (Zhe & Nickerson, 2007). However, at present there is no empirical research regarding school-based armed assailant drills.

Potential lawsuits. The manner in which some armed assailant drills (e.g., unannounced) have been conducted in the workplace has led to lawsuits imposed on employers due to psychological and physical harm sustained by some participants (Frosch, 2014). Schools need to determine to what extent advanced armed assailant drills are necessary and carefully construct these drills to avoid physical and/or psychological harm. Regardless of the projected benefits and perceived concerns, the fact remains that armed assailant drills are uncharted territory for schools. Schools that decide to conduct a drill should use a multidisciplinary safety team (including parents) that educates and trains all participants in relevant curricula and

protocols. With careful planning, data collection, and continual review of these programs, schools can begin to develop an approach that minimizes negative effects and improves preparedness.

PART II: DRILL APPROACHES AND PLANNING

A. Traditional Lockdown Versus Options-Based Drills

Lockdowns have been the standard approach for the school response to threatening situations for nearly two decades. Lockdowns involve locking the door, moving students out of sight, and requiring students to remain quiet within the room. Lockdowns should continue to be included in any options- based approach to active assailant training.

Options-based drills provide students and staff with a range of alternative strategies to save lives, and the permission to use them, depending on the situation. For instance, the nature of the threat, time of day, and the location of students interact to affect the best options. The premise of options-based drills is to allow participants to make independent decisions including when and whether to evacuate, barricade RC doors, or as a last resort, counter the attack of the armed assailant. As with other safety drills (e.g., fire or tornado), it is important that options-based drills take into account the developmental levels of students as well as the physical layout of the school campus (e.g., ease of access to outside doors and proximity of places to hide other than a resource center).

B. Hierarchy of Education and Training Activities

Crisis preparedness exercises and drills should be conducted in a progression of steps that begin with basic activities and progress to more advanced drills and exercises as needed (with advanced simulations being a more advanced type of crisis preparedness activity). Schools should start with simple, low-cost, discussion-based exercises (e.g., introductions to crisis responders, orientation activities, use of instructional media, or tabletop drills) and, if the school safety team determines it appropriate, work their way toward more complex and expensive, operations-based exercises (e.g., walk-throughs, specific emergency drills, and crisis simulations; NASP, 2013; U.S. Department of Education, 2006a). ***Appendix 1 summarizes this hierarchy of activities and provides an example of how armed assailant preparation could occur at each level.***

C. Simulations and Simulation Techniques

Many schools are also using or considering simulation exercises. Simulations require that participants are provided with real time information and stimuli (e.g., simulated gunshots, PA

announcements, and electronic communications) to determine the movements of an armed assailant in order to make the best decisions. It is important that simulation drills are preceded by extensive prior education and preparation, and consideration for individual readiness. For some participants, this intense exposure and practice may empower them with experience, options, and a sense of control. For others, this type of drill may be emotionally traumatic (Frosch, 2014).

If a school deems it necessary to simulate an armed assailant, safety teams should carefully consider the number of different strategies for simulation during a drill, taking into account developmental age and readiness of staff before determining what techniques are most appropriate.

*Drills utilizing props and simulation aids***.** Props and other aids may be used to simulate a weapon, gunfire, or other desired circumstances that are associated with an armed assailant event. In advance of any drill, participants must be aware of the prop's purpose and potential presence, particularly when the purpose of the prop is not obvious. For example, the use of an air horn, or other prop to simulate gunfire, may traumatize participants if they have not been instructed on the prop's purpose in advance of the drill.

Airsoft as a simulation aid. Airsoft guns (simulated weapons that shoot plastic BBs) may be used as a simulation aid during armed assailant drills. Caution must be exercised to ensure the safety of all participants prior to any drill involving airsoft guns. The authors of these guidelines have received anecdotal reports from school professionals of armed assailant drill participants being physically harmed from the use of simulation aids. In addition, for those with trauma histories, involvement in a highly sensorial armed assailant drill could trigger strong psychological reactions. Thus, to mitigate potential physical or psychological harm, opt-out opportunities should be offered to all participants after being fully informed about the drill.

B. Considerations

Schools must carefully consider the decision-making protocol for people to engage in a strategy other than lockdown. For instance, run/escape may lead to safety for some, but it might inadvertently lead to danger for others as students unknowingly "escape" into the path of an unknown assailant, expose them to the sight of injured or dead classmates and teachers, or result in students trampling each other to get to the exit door. These concerns need to be addressed when planning and practicing active assailant drills. Students should be taught to first and foremost follow the direction of their teacher, and how to make decisions if that teacher is incapacitated. Helping students and staff understand the decision-making criteria is crucial. It is also important to consider the special needs of students with disabilities, both in terms of a drill and the expectations for their functioning in the event of real emergency (U.S. Department of Education, 2006b).

C. Regular Practice

As part of the initial planning process for crisis preparedness, schools should identify how to integrate and reinforce the concepts taught during the drills. Introductions, orientations, walk-throughs, and tabletop exercises should continue to be integrated into yearly crisis preparation activities so learned skills are refreshed and rehearsed. Frequent and varied practice, training, and discussion activities aid the development of readiness, providing staff and students the means to quickly access and apply their knowledge.

PART III: DEVELOPMENTAL AND MENTAL HEALTH CONSIDERATIONS

A. Impact of Adult Behavior on Children's Behavior

The behavior of an adult in an emergency directly affects the physical and psychological safety of students in crisis. Therefore, the effectiveness of armed assailant drills relies on educating and training adults carefully, responsibly, and continually. Students look to faculty and staff—the designated trusted adults—for direction and guidance. When adults are well-trained and stay calm, the students will follow and gain confidence and ability.

B. Developmental Levels of Safety Awareness

If schools opt to conduct an options-based or more advanced armed assailant training, it is critical that those planning and facilitating the training consider the cognitive and emotional development of all those involved. Safety and security professionals (e.g., SROs, police officers) often have a leadership role in conducting drills but must work collaboratively with school administration and school-employed mental health professionals in joint planning to ensure best practice guidelines are followed. Schools, educators, and parents are encouraged to adapt policies and training programs that consider their unique situations. Grade levels are not an absolute determinant. Individual levels may vary greatly due to cultural, educational level, and personal profiles within a community. It is also imperative that schools consider the individual psychological backgrounds, previous trauma experiences (including community trauma history), special needs, and personalities of students and staff. Regardless of training level, some individual personality types are better able to respond assertively than others in moments of crisis. Each level has a corresponding age range and examples of appropriate types of activities and instructions to provide general guidance when preparing for an armed assailant training.

C. Mental Health Support and Considerations

School-employed mental health professionals should be a part of all stages of armed assailant drill preparation.

Before an armed assailant drill or simulation. Drills may lead to stressful or traumatic reactions. If the drill will be a sensorial experience with, for example, simulated gunfire or individuals being tackled by the assailant, then participation should never be mandated for staff or students. Staff should also be taught to recognize common trauma reactions to help identify when a student, fellow staff member, or him/herself needs to be removed from the drill. Additionally, drills should be conducted early enough in the day to allow for debriefing participants afterward and assessing any adverse reaction.

During an armed assailant drill or simulation. Educators must monitor the reactions of themselves, each other, and students during the drill and have a means to quickly notify drill coordinators if a person exhibits physical (e.g., asthma or panic attack) or emotional (e.g., hysterical) reactions. Such reactions would necessitate removal from the drill and immediate support. School-employed health and mental health professionals must be present during the drill and available for assistance.

After an armed assailant drill or simulation. Emotional or physical reactions can be delayed following a highly intense simulation drill. School staff and students should have access to school- employed mental health professionals after the event to provide additional assistance if needed.

D. Parent Consent

Participation in an armed assailant drill should never be required for students or staff. Parent consent can come in the form of:

- Parent permission – parents return a permission slip allowing their child to participate.
- Passive consent – parents return a form only if they do NOT want their child to participate; no form returned implies permission.
- Parent notification – parents are notified, but no consent form is used; thus, schools assume participation is granted unless parents assertively state otherwise.

E. Balancing Staff Opt-Out with the Need for Universal Preparedness

It is important to have all staff operating with the same understanding in an emergency situation. In cases where staff opt-out of a more advanced armed assailant drill, schools should provide the essential information and training through additional, less sensorial training exercises, such as a tabletop activity, as outlined in the hierarchy of education and training activities.

PART IV: STEPS TO CONDUCTING SAFE, EFFECTIVE, AND APPROPRIATE DRILLS

1. Create a school safety team—ideally made up of an administrator; school mental health professional; school nurse; teachers; security personnel; parents; and students—that:
   - Identifies a lead person to coordinate school safety efforts, including drills;
   - Establishes and communicates the roles and responsibilities during drills and in real-life crisis situations;
   - Takes a lead in identifying the most appropriate preparedness activities for the school;
   - Provides ongoing professional development and training as needed; and
   - Ensures that the school's policies are in compliance with state laws and school board policies.

2. Conduct an assessment of the school community to:
   - Identify the types of crisis events most likely to occur,
   - Determine the current school culture and climate,
   - Map existing resources and capacities of school personnel or school safety teams, and
   - Identify any related policies that should be considered in the planning of drills.

3. Implement a cost–benefit analysis that:
   - Considers financial costs in relation to the likelihood of a particular crisis;
   - Identifies what resources, activities, or preparedness training must be replaced or postponed to engage in active shooter or other armed assailant drills;
   - Balances the need to empower school staff while minimizing potential harm (e.g., triggering stressful or traumatic reactions to live simulation drills);
   - Considers the current knowledge and identified needs of the staff; and
   - Considers legal requirements (e.g., state law) related to conducting active assailant drills and to what degree drills are required to be full-scale simulations versus other lower cost exercises.

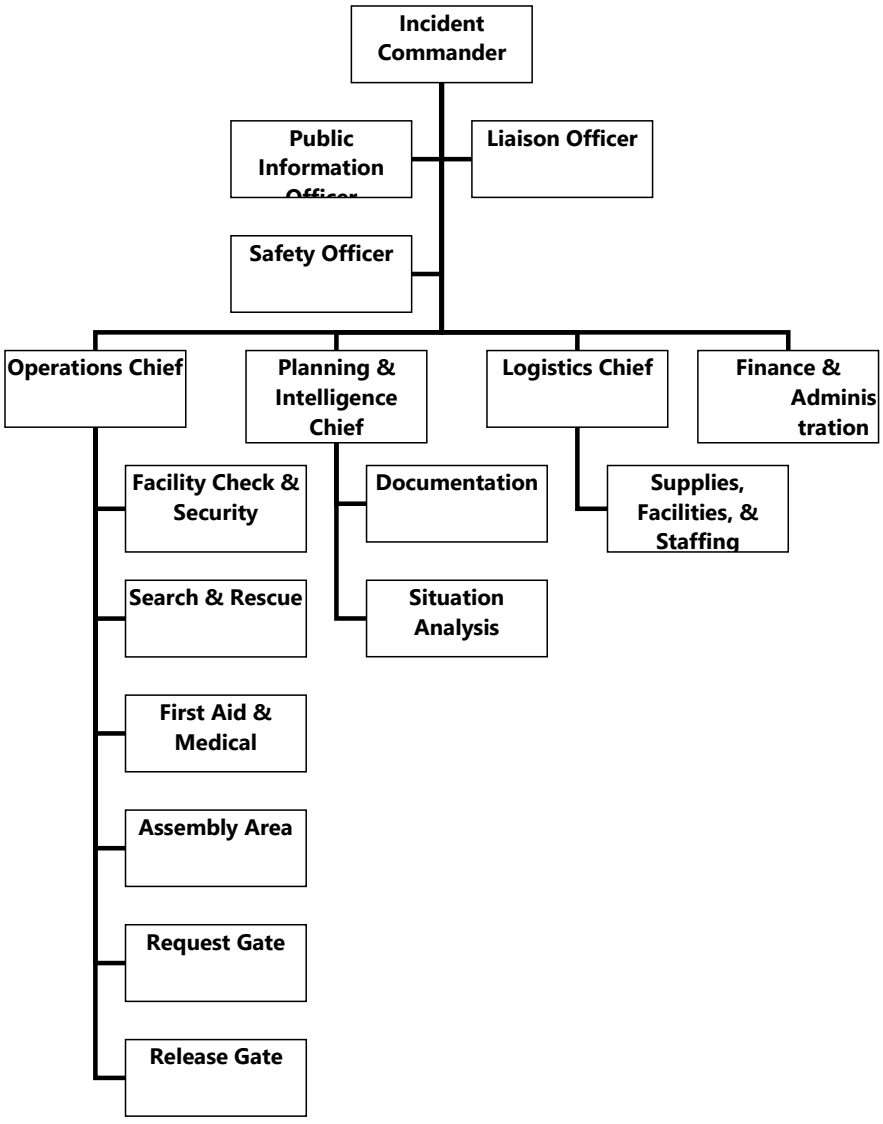
4. Tailor drills to the context of the school environment, taking into consideration:
   - The primary goal of the drill (e.g., training for law enforcement versus staff and/or students);
   - Age, cognitive, and developmental levels of awareness of students;
   - Students with physical, sensory, or other disabilities that may require unique instructions during a drill or real-life event;
   - The capacity, comfort level, and trust among staff;
   - Administrative support;
   - Optimal timing, including time of year, day of the week, and time of the day;
   - Relationships with external partners, law enforcement, and other first responders; and
   - The layout of the school building and campus.

5. Create a plan of progression that:
   - Considers whether any previous activities have been conducted in the school;
   - Starts with simple, low-cost, discussion-based exercises;
   - Considers all available types of drills;
   - Identifies specific objectives and goals for the drills; and
   - Identifies a timeline and metrics to help determine whether more complex exercises are needed.

6. Prepare for logistics of the drill to ensure that:
   - Previous traumatic experiences of those involved are considered;
   - School staff learn to recognize stressful reactions to drills;
   - Methods exist to opt out (for staff and students) or remove someone from a drill, including parental consent/permission if students are involved;
   - School-employed mental health professionals are available to provide support to those experiencing a negative reaction to the drill;
   - Adequate follow up is available for students or staff with questions; and
   - Appropriate methods to evaluate outcomes are implemented.

7. Develop a communications plan that:
   - Informs members of the school community of planned drills and what will be entailed;
   - Facilitates open communications with families, including translated materials and the opportunity for family members to talk with relevant staff about concerns;
   - Provides opt-out options for staff and students; and
   - Encourages feedback and evaluation by participants after the fact.

8. Establish a long-term follow up plan to support sustainability that considers:
   - What additional training is required;
   - How the drill integrates with other school safety and crisis prevention efforts;
   - How current and previous training and knowledge can be maintained and built upon; and
   - When follow-up should be conducted and how often.



CONCLUSION

Training exercises and drills to prepare for active shooters or other armed assailants should be based on the specific needs and context of each school and community. It is critical that schools recognize that this type of drill is just one specific component of comprehensive crisis preparedness and response that includes prevention, protection, mitigation, response, and recovery. Schools should consider the most cost-effective method of preparing students and staff for an active shooter situation while balancing the physical and psychological risks associated with such drills.

Safety Ambassador*

~~2024-2025~~SY 2025-2026

The designated Ambassador is responsible for planning and implementation at the Resource Center (RC). Resource Center Representatives will meet with their colleagues to discuss all aspects of a safe and supportive learning environment, safety and trainings which will include:

Safe and Supportive Learning Environment:

- ✓ Number of students in RC – adhere to student scheduled hours
- ✓ Schedule CTR works hours – ensure there are two staff members when opening and closing the RC
  Share information at RC meetings - Discuss safety at monthly resource center meetings
- ✓ Meet with new resource center staff within 30 days
- ✓ Reach out to the Juvenile Community Officer, Community Resources and Community Sub Police Stations
- ✓ Keep technology locked and secured

Instructional Support:

- ✓ Consistent RC rules among all staff – hats, phones, language use
- ✓ Ensure middle school students work together
- ✓ Instructional tables labeled by subject area
- ✓ Know your student needs – triggers
- ✓ Measuring threat levels
- ✓ CTR supporting the learning environment

Compliance:

- ✓ Safety Drills are mandated to be performed three (3) times per year
- ✓ Ensure safety supplies are located in designated area and replenished each time a drill is performed
- ✓ Confirm that the Emergency Radio works properly (Channel 1)
- ✓ Update Resource Center Emergency Exit Plan annually
- ✓ Review and sign off on monthly Fire Extinguisher, Epi-Pen and Eye wash Inspections

ALTUS SCHOOLS NORTH COUNTY
Instructional Continuity Plan

General Information

At Altus Schools North County (ASNC), we prioritize uninterrupted learning. This Instructional Continuity Plan (ICP) embodies our proactive commitment to ensuring education continues seamlessly, regardless of circumstances. By establishing robust systems for remote instruction and communication *now*, we are prepared to transition swiftly and effectively to virtual learning environments should any emergency or unforeseen event occur. Our integrated online learning platforms, video conferencing capabilities, and digital communication tools form the bedrock of this preparedness. Furthermore, this ICP details clear decision-making pathways, empowering a designated leadership team to act decisively, activate appropriate remote learning phases, and keep our staff, students, and families informed, ensuring learning remains constant.

Engagement Protocol

In the event of an emergency, ASNC is committed to ensuring that students' educational experiences continue with minimal disruption. The school will engage students and families within 5 calendar days using a variety of communication methods to ensure everyone stays informed and connected. Examples of the two-way communication tools include phone calls, SMS text messaging, email, video conferencing, social media, and app notification through ParentSquare. The ParentSquare communication platform integrates with our Student Information System, providing all enrolled students and families with a centralized and accessible communication channel to receive updates and information from school administrators, teachers, and support staff. Given the instructional model of the school, it is common practice for teachers to be in touch with students and/or families daily. This routine communication ensures that in the event of an emergency, there will be no disruption in the connection between teachers, students, and their families. Teachers will continue to provide academic support, share resources, and address any concerns through the established communication channels.

Following an emergency, ASNC will utilize our Multi-Tiered System of Supports (MTSS) to ensure all students receive the appropriate level of support based on their individual needs. Healthy Youth Therapists on staff are available to assist in supporting students' social-emotional and mental health needs through individual or group therapy sessions.

ASNC strives to maintain a strong and supportive learning environment, even in the face of emergencies. By leveraging multiple communication methods and providing comprehensive support through MTSS, we aim to ensure the continuity of education and the well-being of our students and their families.

Instructional Access Plan

ASNC is an independent study program that offers both in-person and hybrid learning options for students. Resource Centers are strategically located within the neighborhoods and communities where students reside. Thanks to our multiple physical locations, state-of-the-art video conferencing technology, and independent study format, ASNC can quickly adapt if a Resource Center becomes inaccessible due to an emergency or natural disaster. Students can continue in-person learning at an alternative neighborhood Resource Center or temporarily switch to virtual learning.

Every student at ASNC has a Pathways Personalized Education Plan (PPEP). This plan is used by staff to analyze each student's current academic levels, grades/credits, educational goals, learning styles/preferences, interests, and post-high school pathways. The PPEP is developed and continually revised in collaboration with the student, parent, teacher, counselor, and school instructional leader.

As part of the PPEP and Instructional Plan, the school staff administer a fall benchmark assessment, NWEA Measures of Academic Progress (MAP), to all students to measure academic levels and proficiency in Reading, Language, and Mathematics. Teachers and instructional leaders use these assessment results to make data-informed decisions, such as increasing individual tutoring support in specific academic domains or utilizing specialized instructional strategies, curriculum, and programs to improve student skills.

Monitoring student academic progress and growth is a key element of the PPEP. When students do not demonstrate improved academic growth over time, instructional staff initiate and increase academic intervention efforts and support. ASNC utilizes a Student Intervention Program aligned with the Multi-Tiered System of Support (MTSS). This intervention model provides instructional staff with a system to quickly identify and match the needs of all students. Each intervention completed by a teacher, counselor, or school support staff is documented in the school information system. The school's Data and Assessment department provides staff with a Monthly Storybook summarizing specific interventions completed. School leaders use this intervention data to monitor effectiveness and ongoing student needs. This plan ensures academic progress is not

disrupted if a student must switch locations or modalities due to an emergency or natural disaster.

As an independent study school, students will naturally continue their learning through their existing textbook-based curriculum, aligned with state standards and developed by subject matter experts, in the event of an emergency or natural disaster. This curriculum will remain accessible within 10 instructional days of an emergency scenario. The Curriculum Department has already implemented digital lesson guides and online textbooks to support independent learning. For families needing hard copies, textbooks, lesson guides, and supplemental materials can be distributed via non-contact methods.

Edgenuity is the platform used to deliver online curriculum. Through Edgenuity, students have access to multiple scaffolds essential for English Learners and Students with Disabilities, including digital notetaking, transcripts in multiple languages, graphic organizers, glossaries, academic language tools, digital sticky notes, extended time, video closed captioning, text translation, and read-aloud features.

Students who lack access to a computer or home internet can be issued data-enabled laptops through the Altus Connect Program, ensuring they can access the Edgenuity platform, virtual meetings & tutoring sessions, and other online resources from home.

School staff are dedicated to maintaining high levels of student engagement and supporting academic achievement. Setting high expectations helps students achieve their daily, weekly, and monthly goals. Key instructional strategies include virtual and/or in-person one-on-one meetings and small group tutoring sessions, where teachers guide instruction and assess mastery of content standards, providing additional instruction as needed. Teachers also offer instructional support during scheduled work hours, both virtually and in-person. Additionally, teachers monitor academic progress and engagement through online forms, surveys, screencast videos, virtual events, and other communication tools, ensuring students remain on track with their educational goals.

Communication Strategy

In a school emergency or natural disaster, clear and timely communication is critical. Our multi-faceted approach prioritizes the safety and well-being of students and families by ensuring a consistent flow of vital information through multiple accessible channels, strengthening the school-to-home partnership.

Formatted: Font: 14 pt, No underline, Font color: Custom Color(RGB(47,84,150))

Initially, ParentSquare can serve as our central hub for rapid dissemination of alerts and critical updates regarding the situation, safety protocols, evacuation procedures (if necessary), and school status. Simultaneously, the school website and the Altus Schools Health and Wellness Hub will be updated with the same crucial information, offering additional reliable sources.

Following immediate alerts, instructional staff will use secure text messaging, emails, and phone calls for more direct updates on student well-being and specific instructions. Virtual conferences via Microsoft Teams and Zoom may also be used for broader informational meetings or individual check-ins, as circumstances permit.

Recognizing potential challenges with digital communication, school staff will be prepared to conduct home visits to provide direct updates, ensure student safety, and deliver essential resources or instructions.

To ensure equitable access, our dedicated bilingual staff will communicate critical emergency information in both English and Spanish.

Access to Devices, Materials, and Connectivity

Formatted: Font: 14 pt, No underline, Font color: Custom Color(RGB(47,84,150))

Formatted: Font: Arial, Bold

Formatted: Normal

To ensure students have access to online schoolwork, ASNC conducts multiple needs assessments and satisfaction surveys with students and parents to identify families requiring home technology. Teachers maintain regular communication with students and parents through secure text messages, phone calls, virtual conferences, and emails to identify ongoing needs or unique circumstances. As a result, the school has successfully deployed Chromebooks and data plans to all students in need. When new students enroll, school clerks and counselors conduct a technology needs assessment with each family and promptly provide devices to ensure all barriers to learning are eliminated.

Occasionally, school-issued devices require repair or service. In such cases, devices are collected and submitted to the school's Operations Department for maintenance. Students are issued replacement devices to ensure continuous access. Inventory is reviewed regularly by the Operations Department to ensure necessary stock levels are maintained to accommodate student need.

The school has also enhanced its websites and technology tools. To minimize confusion and redundancy for students and parents, the school has created an online landing page, www.altusgo.com, which provides students and families with access to curriculum

and instructional supports. From this landing page, students can access essential school technology programs such as Edgenuity, Naviance, Renaissance (Illuminate), Achieve 3000, and BrainPOP.

For students who prefer or require hard copy materials, staff will work with the family to distribute as needed.

Special Populations and Support Services

Even in a shift to remote learning, our school remains dedicated to providing equitable and personalized education for all students through our key process: Pathways Personalized Educational Plan (PPEP). This collaborative plan, developed with teachers, students, parents, counselors, and instructional leaders, inherently addresses diverse needs, including those of English Learners, Students with Disabilities, and Foster/Homeless Youth. Our dedicated Homeless and Foster Youth Liaison will continue to provide comprehensive case management services remotely, ensuring uninterrupted support through virtual check-ins and resource coordination. Existing PPEPs, outlining individual goals and learning preferences, will guide personalized remote learning experiences, and our Multi-Tiered Systems of Supports (MTSS) framework will deliver tailored online interventions.

For English Learners, we ensure continued language development through both integrated and designated ELD support via online educational platforms and digital resources like Summit K12, BrainPOP EL, and Ellevation. Integrated ELD is embedded within virtual content lessons, while designated ELD focuses on explicit language and literacy skill-building through virtual small groups and individualized online activities, all aligned with the school's English Learner Plan. Students with Disabilities will continue to receive Free Appropriate Public Education (FAPE) through the virtual implementation of their IEPs. Specialized Academic Instruction (SAI) will be provided via distance learning by Education Specialists through secure video conferencing and online learning platforms. Curriculum will be adapted for digital accessibility, and instruction will be differentiated using online platform features and Universal Design for Learning (UDL) principles. Special education case managers will actively monitor student progress remotely through regular virtual check-ins and ongoing collaboration with general education teachers.

Furthermore, we are committed to supporting the holistic well-being of our students in a remote setting. To address mental health and social-emotional needs, we will provide virtual counseling sessions with our school counselors and offer readily accessible

resource directories for additional support services. Recognizing the importance of basic needs, we will also ensure families have access to critical nutrition services and other wraparound supports by providing comprehensive information on accessing local food banks and other essential resources.

Instructional Continuity and Independent Study Readiness

As a WASC-accredited, non-classroom-based independent study program, our school has established and implemented written policies to govern our independent study program. All students and parents/care givers sign a board-approved, year-long independent study Master Agreement contract, which includes required elements such as Contact Information, Methods of Study, Evaluation Procedures, Attendance and Participation Requirements, Outreach Methods, Maximum Time for Assignments, and Number of Missed Assignments.

ASNC is dedicated to delivering high-quality, rigorous, and standards-aligned curriculum and instruction entirely through accessible online platforms. Our model inherently ensures that *all* students can be effectively supported remotely. Leveraging a robust digital curriculum, versatile communication tools, and interactive videoconferencing systems, we guarantee seamless continuity of learning, regardless of external circumstances such as emergencies or natural disasters. This instructional approach will ensure that students can receive virtual daily one-on-one meetings, weekly small group tutoring sessions, readily available virtual work hours, and additional personalized check-in meetings. This will ensure every learner receives the individual support they need to thrive in the event of a natural disaster or emergency.

Assessment and Student Progress Monitoring

In the event of an emergency or natural disaster, the school will maintain continuous learning through the following established procedures: Teachers will consistently monitor student learning daily using varied formative assessments and robust tracking methods implemented remotely. Data on participation in online activities, coursework completion, assessments, and communication will be analyzed to inform responsive instruction. Teachers will utilize a Course of Study Record (CSR) and Participation/Credit Tracker to closely follow daily progress virtually, while students will maintain a Student Learning Log, reviewed and archived by teachers in the SPSIS. Attendance will be certified remotely via School Pathways Student Information System (SPSIS) at the end of each Independent Study Learning Period.

In the virtual environment, remote instruction will be shaped by continuous formative and summative assessments, incorporating a variety of online activities to gauge student learning and personalize instruction. Assignments will receive virtual feedback, and scores below 70% will automatically activate tailored virtual remediation plans, ensuring targeted support. Furthermore, teachers and instructional staff will leverage the school's MTSS framework to address the holistic academic, behavioral, and social-emotional needs of each student; these strategies may include additional virtual tutoring, participation in specialized programs like IXL Math, or meetings with guidance counselors or healthy youth therapists.

Leveraging secure video conferencing, educators can deliver dynamic live instruction, foster real-time communication, and implement immediate learning evaluations through engaging virtual activities such as quick writes and collaborative group projects. These interactive sessions bridge the physical distance, enabling active participation and timely feedback.

The SPSIS Gradebook will serve as the central platform for recording all virtual assignments, and teachers will provide summary comments on student progress at the end of each Learning Period. This information will be accessible to students and parents via the School Pathways Portal, with ongoing virtual training and support provided to ensure seamless access and engagement.

Professional Development for Staff

Formatted: Font: Arial, Bold

Formatted: Normal

Altus University (“AU”) serves as the professional learning platform for the school, offering both in-person and virtual sessions to accommodate the diverse needs of our staff. Altus University includes a fully online component, called AU in the Cloud, which is available to all segments of the workforce and aligned with the California Quality Professional Learning Standards (QPLS).

AU sessions incorporate school-wide initiatives to improve student learning in math and English language development. Each session includes an evaluation for participants to provide feedback on participation, satisfaction, usefulness, learning, and areas for follow-up. This feedback is used by the school’s curriculum departments as part of their ongoing Professional Learning Communities (PLCs) and to plan additional AU sessions.

Both in-person and virtual AU sessions provide instructional staff with the time and space to explore curriculum content necessary for quality instruction. Instructors build participants' capacity to use frameworks, standards alignment documents, and

instructional pacing guides to support teaching content standards. Assessment and instructional strategies are incorporated into the sessions so that teachers can use formative assessment strategies to inform instruction for a diverse student population.

Teachers have undergone Leading Edge Certification (LEC), a national certification for educational technology, to become effective online and blended learning teachers. For new teachers, the school continues the certification process through the LEC FLEX program. School instructional leaders provide feedback on new skills acquired through AU sessions during virtual tutoring session observations. Instructors model how to differentiate curriculum and scaffold instruction to support all students. These sessions uphold the school's values by increasing participants' capacity to enhance students' participation, engagement, connection, sense of belonging, and emotional well-being.

Instructional strategies are presented through an equity lens, ensuring access and equity for all students. Data informing AU sessions is disaggregated by gender, race, special needs, foster youth, and socio-economic indicators, allowing for the identification of student instructional needs focused on specific groups. All participants can access AU sessions through registration on the Altus University Portal. Sessions are generally held on the same day of the week and time, allowing teachers to plan instruction around the professional learning sessions they wish to attend. Recorded sessions are available on demand for staff members who are unable to attend live sessions.

Instructors for AU sessions include Administrators, Teachers on Special Assignment, Special Education, General Education teachers. They maintain a positive learning environment for all participants, who can use the chat feature within Microsoft Teams to ask questions without interrupting the flow of instruction and can unmute their microphones to participate verbally. Instructors engage participants through Web 2.0 tools learned from the Leading Edge Certification (LEC). AU instructors understand that student Social Emotional Learning is paramount, focusing on connecting with students first, followed by content.

By combining virtual and in-person professional learning, Altus University ensures that all staff have the resources and support they need to succeed in any learning environment.

Criteria for Returning to In-Person Learning

Following a school emergency or natural disaster, the decision to resume in-person learning will be made in close coordination with state and county emergency

management and education agencies, prioritizing the safety and well-being of students and staff. Return to school sites will occur only when deemed safe by these authorities and when the following critical conditions are met:

- Lifted Evacuation Orders**:** All evacuation orders affecting the school site and the surrounding areas necessary for safe travel of students and staff must be officially lifted.
- Safe Air Quality and Clean Water**:** Air quality must be at levels deemed safe by relevant environmental agencies, and access to potable, clean water must be fully restored at the school site.
- Restored Utilities**:** Essential utilities, including power, gas, and functioning sanitation systems, must be reliably restored to ensure a safe and healthy learning environment.
- Debris Removal: School grounds and access routes must be cleared of any hazardous debris that could pose a risk to students and staff.
- Staffing and Food Service Readiness**:** Sufficient staffing levels across all essential functions, including instructional, administrative, and support roles, must be ensured. Additionally, food service operations must be ready to provide necessary meals for students.

Upon confirmation that these conditions are met and clearance is received, the school will implement clearly defined return-to-school plans and protocols aligned with the most current guidance from the California Department of Education (CDE) and county education offices. These protocols will be proactively communicated to all students and staff.

Collaboration and Site-Based Planning

The collaborative spirit at our school ensures that our Instructional Continuity Plan (ICP) and School Comprehensive Safety Plan are living documents, shaped by the diverse perspectives of our entire educational community.

Administrators actively champion the development and review processes for both plans. They initiate discussions, provide resources, and ensure that feedback is thoughtfully integrated. Staff members, including teachers, counselors, and support personnel,

contribute their invaluable frontline experiences through surveys, focused meetings, and professional development sessions, directly influencing the practical elements of the plans.

Parents and family members play a vital role as essential partners. Their insights into students' needs and home environments are gathered through surveys, school events, parent-teacher conferences, and dedicated meetings, ensuring a holistic approach to both instructional continuity and safety.

Our students' voices are also crucial in this collaborative endeavor. Meaningful feedback is solicited through age-appropriate surveys, student forums, and representative participation in school events, providing a unique and important perspective on safety and learning continuity.

The School Site Council serves as a cornerstone of the annual review process for both the ICP and the School Comprehensive Safety Plan. This body, comprised of administrators, teachers, staff, parents, and students, reviews the plans, analyzes feedback gathered throughout the year, and provides critical input for revisions and improvements, ensuring that our safety and instructional strategies remain responsive and effective. This ongoing cycle of collaborative development and review ensures that our plans reflect the collective wisdom and shared commitment of our entire school community.

Plan Review and Updates

Our Instructional Continuity Plan (ICP) is a living document designed to adapt to the evolving needs of our school community. To maintain its effectiveness, we conduct an annual review and update process.

The Altus Schools Executive Safety Team is central to this process. Each year, they examine the ICP, ensuring its alignment with current best practices and any changes in our school environment or local context. This comprehensive review includes:

- Data Analysis: The Executive Safety Team (EST) analyzes year-long data, including feedback from surveys, meetings, and training involving administrators, staff, parents, and students. The EST contributes critical insights related to safety protocols and potential risks, allowing us to pinpoint the plan's strengths and areas needing improvement.

Formatted: Outline numbered + Level: 1 + Numbering Style: Bullet + Aligned at: 0.25" + Tab after: 0.5" + Indent at: 0.5"

- Stakeholder Input: We actively seek and value input from all stakeholders through surveys, focus groups, and school events. The EST thoroughly addresses all safety-related concerns raised during this engagement process and integrates guidance from the School Site Council's review of the Comprehensive School Safety Plan and Instructional Continuity Plan.
- Plan Evaluation**:** The EST assesses the ICP's effectiveness in addressing potential disruptions to instruction, such as natural disasters, emergencies, and other unforeseen events. The EST lends its expertise to evaluate the clarity of safety procedures, the adequacy of resources, and the practicality of implementation.

Based on this thorough analysis, the Executive Safety Team recommends necessary revisions to the ICP.

The updated ICP then undergoes the following steps:

- Documentation and Communication: All revisions are clearly recorded within the ICP and shared with key educational partners.
- Implementation: The updated ICP is put into practice school-wide, with any required training or professional development provided to staff. The Executive Safety Team actively supports the implementation of all safety-related components.

This annual cycle of review and updates, driven by the active involvement of the Executive Safety Team, guarantees that our ICP remains a relevant and effective instrument for ensuring instructional continuity, demonstrating our unwavering commitment to the safety and academic success of every student.

Executive Summary

Formatted: Font: 14 pt, Font color: Accent 1

Formatted: Font: 14 pt

Formatted: Font: 16 pt, Not Bold, No underline, Font color: Accent 1

The purpose of this plan is to outline the basic organization and procedures utilizing the Standardized Emergency Management System (SEMS) and the National Incident Management System (NIMS) for responding to an emergency affecting any facility operated by Altus Schools South Bay.

An "Incident Commander" (and alternate) is assigned to be the point of contact for this plan. During emergencies, the Incident Commander is the point of coordination for all operations. An Incident Command Team is in place to address key issues during emergency operations. The team works as directed by the Incident Commander. Each team member assignment can be found in Section Four of this plan, which identifies roles, responsibilities and duties.

The Incident Commander and their Incident Command Team are assigned to maintain and implement their Emergency Plan. The Safety Coordinator will assist with emergency preparedness, disaster planning, and will be responsible for updating the underlying Emergency Plan Template. As a component of the Comprehensive Safe Schools Plan document, the Safety Coordinator will review this emergency plan on an annual basis to determine the Emergency Plan Template is compliant with Federal, State, and local laws.

The Incident Commander will coordinate training for all new staff (paid and volunteer) assigned to this RC. The Incident Commander, coordinating with the Safety Coordinator, will conduct scheduled exercises to provide staff with an opportunity to practice the emergency procedures outlined in this plan.

This format allows staff to understand basic roles and responsibilities regardless of where in the school they may be working.

It is imperative all staff review this plan at least twice a year to ensure a basic understanding of their role and responsibility in an emergency. It is unlikely that anyone will have the time when an emergency occurs to review this entire plan, thus understanding and practice is necessary to be prepared. The proactive actions of individuals during an emergency may very well save another's life.

In assessing the crime rate for the last two school years at Altus Schools South Bay the crime data indicates that there have been no incidents of the last two years. ASSB staff will continue to monitor student behavior to ensure a safe and supportive environment. Both students and parents continue to rate the school high for providing a safe environment in their annual surveys.

The data represented is the total number of reported incidents within each crime category and as rates per 100 students enrolled. It is important to note that comparisons (% Change) are calculated from incident rates and not total numbers, because the rates reflect changes in student enrollment from year to year. Crimes involving Arson, Graffiti, and Vandalism must exceed $100 per incident, theft $50, and Burglary has no dollar limit. Any rate change to or from

zero is represented as a 100% change. Caution should be used when drawing conclusions from individual rate changes. Improved reporting practices may have resulted in increases in crime rates which may not represent actual increases in crime.

Disaster Response Plan

Emergency Operations Team

The Emergency Operations Team is comprised of several leaders from Altus Schools South Bay. This team is responsible for planning, training and implementation in the event of a disaster. The team is composed of the following individuals:

Superintendent	*Responsible for external communications. She will call on community resources to assist the school RCs and coordinate mutual aid requests.*
Chief Business Officer	*Assists the Superintendent with external communications and community resource coordination to support school community needs. She is also responsible for acquisition of fiscal and business services. She will initiate acquisitions of services and materials associated with emergency operations.*
Director of Operations & Technology	*Responsible for internal communications with our RCs, staff, and the team in collaboration with the ~~School Coordinator~~School Administrator.*
~~School Coordinator~~School Administrator	*Responsible for parent and community communications. Provides trauma-counseling support to students/parents/staff, as well as, central contact for student data. Responsible for coordinating support to students brought to central location.*

Operational Overview

Due to the unique design and small setting, the staff will be trained to implement components of the disaster procedures. These components will include:

- Evacuation of Students/Emergency Assembly
- Communication
- Reunion Procedures
- Public Information
- Sweep and Rescue

Emergency Operation Center

The Emergency Operations Team (EOT) will be responsible to coordinate and manage all operations in the event of a crisis. Altus Schools South Bay defines crisis as any incident that disrupts the educational program and/or affects the emotional stability of students or staff.

All public employees are declared by law to be disaster services workers (Government Code §3100). They are subject to such disaster services as may be assigned to them by their supervisors or by law upon the declaration of an appropriate state of emergency. The extent to which school employees function as disaster service workers depends in large measure upon the decisions of the various resource centers and their supervisory personnel.

In the event of a crisis, Altus Schools South Bay will respond as follows:

Level 1 Natural Disaster Community Wide/Neighborhood Crisis

(Example~~: earthquake~~: earthquake, flood, fire, plane crash, riot, police action, high levels of fatalities and injuries, nuclear or biological disaster.)

Response~~: EOT~~: EOT in coordination with Civil Defense and/or resources.

Level 2 Singular or Multiple Locations Immediate, life threatening or critical urgency

(Example~~: weapons~~: weapons, group confrontation, bomb threat, hostage, fire, explosion.)

Response~~: EOT~~: EOT in coordination with local law enforcement and/or government agencies

Level 3 RC Specific

(Example~~: discipline~~: discipline, health-physical/mental/CPS, utility failure, fight, angry parent.)

Responsibilities for Situation Levels 1 and 2

Formatted: Font: 14 pt, Not Bold, No underline, Font color: Accent 1

1. Assess situation (to evacuate or secure RC)

2. Call 911

3. Contact EOT: Communicate essential information
   Example: Describe the situation – clearly and calmly.
   Who is involved?
   Who's present/at the RC –staff/students/community?
   Have the police been called? Have they arrived?

   Who else has been notified?
   What have you done so far?
   Is anyone hurt? Describe injury.

4. Gather essential information – keep emergency supplies in one area

   - Student emergency binder
   - Student roster
   - Emergency procedure binder
   - Today's sign in sheet
   - Backpack, First Aid Kit, Blood borne Pathogen Kit
   - Keys

5. Reassess situation and roll call
   Triage – prioritize needs; define who is injured. Look for potential dangers (i.e., gas leaks, building structure damage.)

6. Give students appraisal of situation
   Tell them what to do and what is expected.

7. Re-contact EOT
8. Release students as appropriate to authorized individuals.
9. Contain remaining students in designated safe area.
10. Wait until crisis has passed
11. Notify ~~corporate office~~the Sorrento Mesa RC
12. Remaining students will be brought to safe area designated by EOT
13. Staff will then be released by EOT

Resource Center Preparedness Activities

Formatted: Font: 14 pt, Not Bold, No underline, Font color: Accent 1

Altus Schools South Bay Communications Plan is designed to supplement urgent or emergency e-mail communications to faculty and staff.

Emergency RC Call to Central	
RC contact Central or Able	
Remember 6 Key points –	
♦ **RC**	**Identify your location**
♦ **Number**	**Approximate number of participants**
♦ **Code**	**Red (Life-threatening) 911**
	Orange (Serious)
	Yellow (Potential – advisement)
♦ **Description**	**Briefly describe incident**
♦ **Location**	**In class, outside front/back door, alley**
♦ **Listen**	**Answer central's questions succinctly**

Procedure

Formatted: Font: 14 pt, Not Bold, No underline, Font color: Accent 1

Formatted: Font: 14 pt, Not Bold, No underline

- Superintendent will declare need for emergency action.
- Superintendent, manager and any designated support staff prepare Blackboard Connect/Alert Now telephone message and E-mail message.
- Superintendent notifies Altus Schools South Bay Board of Directors.
- Designated managers activate telephone tree, using prepared message; each designated manager will be responsible for their group and informing the backup caller.
- When schools are not in session, it may be necessary to call employees at home.
- Callers must report to the Superintendent ~~office~~ by e-mail (mbixby@altusschools.net) the names of the employee's they were unable to reach.
- Share all information on the operation of the telephone tree with support staff at your RC.
- Make copies of the tree information and give to appropriate staff.

- It is possible that a test of the telephone tree will occur on a weekend, since the tree is designed to be used to relay information to managers and employee's regardless of the day of the week or the time of day or evening. It is important that employees who are to make calls and their backups have copies of the tree information and the telephone numbers both at school and home.

Sample Emergency Call

Resource Center	This is a code Orange. There are approximately 6 male students assembled on the South side of Westminster Blvd., across the resource center. They are shouting and threatening one of our students who ~~are~~is here in the resource center. Our student is belligerent and wants to go out and face them. I have five other students with the resource center associate and me. We have locked the doors and directed students to move to the back of the resource center away from the window.
Central	I am dispatching the police immediately. Have your CTR with the other students. Be sure none of them leave or open the door. Stay with your student~~s~~ and try to calm him. Do not go out to confront the group. Assistance should be there shortly. Keep us posted of any change.

Resource Center

- Remember, speak calmly and slowly.
- Tend to the business at hand and keep Central informed. STAY CALM.
- If the problem is resolved. Call Central back immediately. Remember someone is streaking across the city to get to you. Call in and say, **"Situation secured". This officially closes down the incident. Central logs the time.**

ParentSquare System

In the event of an emergency the Superintendent or designee may activate the school-wide ParentSquare system. ParentSquare allows Altus Schools South Bay administrators and staff to send out voice calls, email messages or SMS messages to students, parents and staff. ParentSquare allows Altus Schools South Bay to establish a reliable channel for communicating and sharing information effectively and efficiently. In time-sensitive situations, parents and guardians will receive information and details directly from the school. Not just for emergencies, ParentSquare is beneficial in sending out routine school messages, such as attendance reports, and event and meeting reminders.

Our first responsibility is to the health and safety of our students.

- Do not aggressively confront any individual or group.
- **We want no heroes – just mature, reasonable individuals who take control of a situation and manage it.**
- **Do not place yourself, or others, in an unnecessarily dangerous situation. Your backups are not far away.**

1. Receive Communication.

Be sure caller identifies RC. Confirm that you read the transmission and acknowledge the RC name. If necessary, calm the caller. Set the tone by using a confident and firm tone of voice.

If necessary, lead the caller through the 6 elements/key points of a Altus Schools South Bay emergency call. **Resource Center, Number, Code, Description, Location, Listen.** It is preferable that you speak directly to the teacher whenever possible.

2. Ascertain the level of emergency and degree of danger.

Prescribe action. If there is a close judgment call--- err on the side of caution.

Code Red~~: Optional~~: Optional Action

The teacher contacts 911 immediately.

Tell the teacher you will contact 911.
Tell RC staff to deal with emergency until help arrives. Give them some specific tasks.
Tell teacher you will call in report and will get right back to him/her. Talk staff through emergency if necessary. Ask if they have locked down the RC, drawn the blinds, etc.
After you place call for help, coordinate with other central managers to see who is closest to RC and can arrive in the shortest amount of time.
Contact the ~~Altus Schools South Bay Administrative Office~~Sorrento Mesa RC to alert them to the emergency.

3. Assist in the implementation of the action plan worked out with the RC.

Be conscious that the School must protect the anonymity and privacy of each student. No staff should discuss the incident with press. Refer them to a manager.

4. Log call

Note approximate start and end time of incident. A brief narrative describing the incident is due to ~~the~~ Central ~~Office~~ before the end of the day. This report could become part of a court case, so immediate transcription is advisable to assure more accurate recall. The report may become a part of the body of information needed for further investigation.

EMERGENCY RESPONSES

Formatted: Font: Not Bold, No underline, Font color: Accent 1

EMERGENCY RESPONSE~~: ALLERGIC~~: ALLERGIC REACTION

Formatted: Font: Not Bold, Font color: Accent 1

There are many types of medical conditions that may trigger an allergic reaction, among them anaphylactic shock, diabetes and sickle cell anemia. Possible symptoms of an allergic reaction include skin irritation or itching, rash, hives, nasal itching or sneezing, localized swelling, swollen tongue, restlessness, sweating, fright, shock, shortness of breath, vomiting, cough and hoarseness. School nurses have a specialized health care plan for certain conditions and should be contacted for any sign of allergic reaction.

STAFF ACTIONS:

- X If imminent risk, call 911.
- X Send for immediate help (Firs Aid, CPR, medical) and medication kit (for known allergies).
- X Notify the ~~School Coordinator~~School Administrator.
- X Assist in getting "Epi" (Epinephrine) pen for individuals who carry them (usually in backpack), and prescription medications (kept by school nurse).
- X If an insect sting, remove stinger immediately.
- X Assess situation and help student/staff member to be comfortable.
- X Move student or adult only for safety reasons.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

- X If imminent risk, call 911 (always call 911 if using "Epi" pen).
- X Notify nurse/parent or guardian.
- X Administer medication, by order of a doctor, if appropriate; apply ice pack to affected area, keep victim warm or take other actions as indicated.
- X Observe for respiratory difficulty.
- X Attach a label to the person's clothing indicating: time & location of insect sting or food ingested, name of medicine, dosage and time administered.

OTHER PREVENTATIVE/SUPPORTIVE ACTIONS:

X Keep an "Epi" pen in the ~~school~~ RC~~office~~ and notify staff as to location.

X Emergency health card should be completed by parents for each child and should be easily accessible by school personnel.

EMERGENCY RESPONSE: BIOLOGICAL AGENT RELEASE

Formatted: Font: Not Bold, Font color: Accent 1

This is an incident involving the discharge of a biological substance in a solid, liquid or gaseous state. Such incidents may include the release of radioactive materials. A biological agent can be introduced through:

- postal mail, via a contaminated letter or package
- a building's ventilation system
- a small explosive device to help it become airborne
- a contaminated item such as a backpack, book bag, or other parcel left unattended
- the food supply
- aerosol release (for example, with a crop duster or spray equipment)

Defense against biological release (e.g. anthrax, smallpox, plague, ricin etc.) is difficult because usually appear after some time has lapsed. Indicators that may suggest the release of a biological or chemical substance include multiple victims suffering from: watery eyes, choking or breathing difficulty, twitching or the loss of coordination. Another indicator is the presence of distressed animals or dead birds. Determine which scenario applies and implement the appropriate response procedures.

X Notify the ~~School Coordinator~~School Administrator.

X Move students away from immediate vicinity of danger (if outside, implement **Take Cover**).

X Segregate individuals who have been topically contaminated by a liquid from unaffected individuals. Send affected individuals to a designated area medical attention.

X Follow standard student assembly, accounting and reporting procedures.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

X Initiate **SHELTER IN PLACE**.

X Shut off HVAC units.

X Move to central location where windows and doors can be sealed with duct tape.

- X Call 911. Provide location and nature of the emergency and school actions taken.
- X Notify Director of Operations and Technology of the situation.
- X Turn on a battery-powered commercial radio and listen for instructions.
- X Remain inside the resource center until the Department of Health or Fire Department determines it is safe to leave.
- X Arrange for psychological counseling for students and staff.

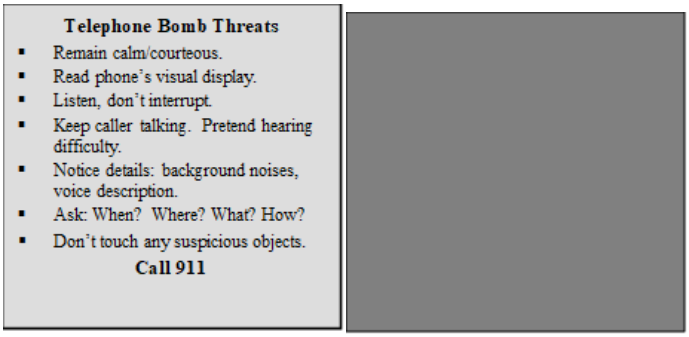
Inside the Resource Center

STAFF ACTIONS:

- X Notify the ~~School Coordinator~~School Administrator or Safety Ambassador.
- X Segregate individuals who have been topically contaminated by a liquid from unaffected individuals.
- X Implement **EVACUATION** or **EMERGENCY MEETING AREA EVACUATION**, as appropriate. Send affected individuals to a designated area for medical attention.
- X Follow standard student assembly, accounting and reporting procedures.
- X Prepare a list of those who are in the affected area to provide to emergency response personnel.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

- X Initiate **EVACUATION** of the resource center or **EMERGENCY MEETING AREA EVACUATION** to move students away from immediate vicinity of danger.
- X Move up-wind from the potential danger.
- X Call 911. Provide exact location and nature of emergency.
- X Designate security team to isolate and restrict access to potentially contaminated areas.
- X Wait for instructions from emergency responders-- Health or Fire Department.
- X Notify Director of Operations and Technology of the situation.
- X Arrange for immediate psychological counseling for students and staff.
- X Wait to return to the resource center until it has been declared safe by local HazMat or appropriate agency.



THOSE WHO HAVE DIRECT CONTACT WITH BIOLOGICAL AGENT:

- X Wash affected areas with soap and water.
- X Immediately remove and contain contaminated clothing
- X Do not use bleach on potentially exposed skins.
- X Remain in safe, but separate area, isolated from those who are unaffected, until emergency response personnel arrive.

EMERGENCY RESPONSE: BOMB THREAT

Formatted: Font: Not Bold, Font color: Accent 1

In the event that the school receives a bomb threat by telephone, follow the Bomb Threat Checklist on the next page to document information about the threat. Keep the caller on the telephone as long as possible and listen carefully to all information the caller provides. Make a note of any voice characteristics, accents, or background noises and complete the Bomb Threat Report as soon as possible.

PERSON RECEIVING THREAT BY TELEPHONE:

- X Listen. Do not interrupt caller.
- X Keep the caller on the line with statements such as "*I am sorry, I did not understand you. What did you say?*"
- X Alert someone else by prearranged signal to notify the telephone company to trace the call while the caller is on the line.
- X Notify Safety Ambassador immediately after completing the call.
- X Complete the Bomb Threat Checklist.

PERSON RECEIVING THREAT BY MAIL:

- X Note the manner in which the threat was delivered, where it was found and who found it.

- X Limit handling of item by immediately placing it in an envelope so that fingerprints may be detected. Written threats should be turned over to law enforcement.
- X Caution students against picking up or touching any strange objects or packages.
- X Notify the ~~School Coordinator~~School Administrator or Safety Ambassador.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

- X Call 911.
- X If the caller is still on the phone, contact the phone company to trace the call. Tell the telephone operator the name of school, name of caller, phone number on which the bomb threat came in. This must be done quickly since the call cannot be traced once the caller has hung up.
- X Instruct staff and students to turn off any pagers, cellular phones or two-way radios. Do not use those devices during this threat since explosive devices can be triggered by radio frequencies.
- X Determine whether to evacuate the threatened resource center and adjoining buildings. If the suspected bomb is in a corridor, modify evacuation routes to bypass the corridor.
- X Use the intercom, personal notification by designated persons, or the PA system to evacuate the threatened rooms.
- X If it is necessary to evacuate the entire school, use the fire alarm.
- X Notify the Director of Operations and Technology of the situation.
- X Direct a search team to look for suspicious packages, boxes or foreign objects.
- X Do not return to the resource center until it has been inspected and determined safe by proper authorities.
- X Avoid publicizing the threat any more than necessary.

SEARCH TEAM ACTIONS:

- X Use a systematic, rapid and thorough approach to search the resource center and surrounding areas.
- X Check the resource center and work areas, public areas (foyers, ~~offices~~, bathrooms and stairwells), unlocked closets, exterior areas (shrubbery, trash cans, debris boxes) and power sources (computer rooms, gas valves, electric panels, telephone panels).
- X If suspicious item is found, make no attempt to investigate or examine object.

STAFF ACTIONS:

- X Evacuate students as quickly as possible, using primary or alternate routes.

X Upon arrival at the designated safe emergency meeting area, take attendance. Notify the ~~School Coordinator~~School Administrator/Safety Ambassador of any missing students.

X Do not return to the resource center until emergency response officials determine it is safe.

BOMB THREAT PROCEDURES

This quick reference checklist is designed to help employees and decision makers of commercial facilities, schools, etc. respond to a bomb threat in an orderly and controlled manner with the first responders and other stakeholders.

Most bomb threats are received by phone. Bomb threats are serious until proven otherwise. Act quickly, but remain calm and obtain information with the checklist on the reverse of this card.

If a bomb threat is received by phone:

1. Remain calm. Keep the caller on the line for as long as possible. DO NOT HANG UP, even if the caller does.
2. Listen carefully. Be polite and show interest.
3. Try to keep the caller talking to learn more information.
4. If possible, write a note to a colleague to call the authorities or, as soon as the caller hangs up, immediately notify them yourself.
5. If your phone has a display, copy the number and/or letters on the window display.
6. Complete the Bomb Threat Checklist immediately. Write down as much detail as you can remember. Try to get exact words.
7. Immediately upon termination of call, DO NOT HANG UP, but from a different phone, contact authorities immediately with information and await instructions.

If a bomb threat is received by handwritten note:

- Call _____
- Handle note as minimally as possible.

If a bomb threat is received by e-mail:

- Call _____
- Do not delete the message.

Signs of a suspicious package:

- No return address
- Excessive postage
- Stains
- Strange odor
- Strange sounds
- Unexpected delivery
- Poorly handwritten
- Misspelled words
- Incorrect titles
- Foreign postage
- Restrictive notes

** Refer to your local bomb threat emergency response plan for evacuation criteria*

DO NOT:

- Use two-way radios or cellular phone. Radio signals have the potential to detonate a bomb.
- Touch or move a suspicious package.

WHO TO CONTACT (Select One)

- **911**
- **Follow your local guidelines**

EMERGENCY RESPONSE: FLOOD

Formatted: Font: Not Bold, Font color: Accent 1

Flooding could threaten the safety of students and staff whenever storm water or other sources of water threaten to inundate the resource center. Flooding may occur if a water pipe breaks or prolonged rainfall causes urban streams to rise. Flooding may also occur as a result of damage to water distribution systems such as failure of a dam or levee. If weather-related, an alert message will be broadcast over the weather radio station.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

- X Issue **STAND BY** instruction. Determine if evacuation is required.
- X Notify local police department of intent to **EVACUATE**, the location of the emergency meeting area and the route to be taken to that location.
- X Delegate a search team to assure that all students have been evacuated.
- X Post a notice on the resource center door stating where the school has relocated and inform the ~~District Office~~Sorrento Mesa RC.
- X Monitor local AM radio weather station for flood information.
- X Notify the Director of Operations and Technology of school status and action taken.
- X Do not allow staff and students to return to the resource center until proper authorities have determined that it is safe to do so.

STAFF ACTIONS:

- X If warranted, **EVACUATE** students using the evacuation plan. Take the attendance roster, emergency backpack and student comfort kits. Check attendance before leaving the resource center.
- X Remain with students throughout the evacuation process.
- X Upon arrival at the emergency meeting area, take attendance. Report any missing students to the ~~School Coordinator~~School Administrator/Safety Ambassador and emergency response personnel.
- X Do not return to the resource center until it has been inspected and determined safe by property authorities.

EMERGENCY RESPONSE: GAS ODOR / LEAK

Formatted: Font: Not Bold, Font color: Accent 1

All school personnel and custodians shall immediately report any gas odor or suspected gas leak to the Director of Operations and Technology. If an odor is detected outside the resource center, it may not be necessary to evacuate.

STAFF ACTIONS:

- X Notify the ~~School Coordinator~~School Administrator.
- X Move students from immediate vicinity of danger.
- X Do not turn on any electrical devices such as lights, computers, fans, etc.
- X If odor is severe, leave the area immediately.
- X If the resource center is evacuated, take student attendance and report any missing students to the ~~School Coordinator~~School Administrator/Safety Ambassador.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

- X If gas leak is internal, evacuate the resource center immediately.
- X Call 911.
- X Notify utility company.
- X Determine whether to move to alternate location.
- X If extended stay outdoors in inclement weather, contact the Director of Operations and Technology.
- X Do not return to the resource center until it has been inspected and determined safe by proper authorities.

EMERGENCY RESPONSE: HAZARDOUS MATERIALS

Formatted: Font: Not Bold, Font color: Accent 1

The nature of the material and the proximity of the incident to the resource center will determine which emergency ACTION should be implemented. Police, Fire or Public Health Department may order **EVACUATION** of the school. See also **BIOLOGICAL AGENT RELEASE** and **CHEMICAL ACCIDENT**.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

- X Call 911, if necessary.
- X If there is a threat of airborne toxicity, shut-off ventilation system in affected area.
- X Initiate **EVACUATION.** Any toxic cloud that can affect students in their resource centers would very likely affect them outside the resource centers as well. If evacuating by foot, move crosswind to avoid fumes, never upwind or downwind.
- X Isolate anyone suspected of being contaminated with a substance that could be transferred to others until public safety personnel carry out decontamination procedures.
- X If time is available, initiate **Emergency Meeting Area Evacuation**. Move students and staff away from the path of the hazardous materials.
- X Notify Director of Operations and Technology.
- X Wait for instructions from emergency responders-- Health or Fire Department.
- X Do not allow the return of students to the resource centers or buildings until public safety officials declare the area safe.
- X Upon return to school, ensure that all resource centers are adequately aired.

TEACHER ACTIONS:

- X Follow standard student assembly, accounting and reporting procedures.
- X Report names of missing students to ~~office~~the Sorrento Mesa RC.
- X Do not take unsafe actions such as returning to the resource center before it has been declared safe.

EMERGENCY RESPONSE: HOSTAGE SITUATION

Formatted: Font: Not Bold, Font color: Accent 1

Hostage situations may unfold rapidly in a variety of ways. Events may range from a single perpetrator with a single hostage to several perpetrators with many hostages. Specific actions by school staff will be limited pending arrival of law enforcement officers. It is their responsibility to bring the situation to a successful conclusion. When as much of the school has been evacuated as can be accomplished, school staff should focus on providing support as needed to the police department, communicating with parents, and providing counseling for students.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS

- X Call 911. Provide all known essential details of the situation:
  - Number of hostage takers and description
  - Type of weapons being used
  - Number and names of hostages
  - Any demands or instructions the hostage taker has given
  - Description of the area
- X Identify an assembly area for responding officers away from the hostage situation. Have school liaison wait at assembly area for police to arrive.
- X Protect resource center occupants before help arrives by initiating a **LOCKDOWN** or **EVACUATION** (or combination of both).
- X Secure exterior doors from outside access.
- X When police arrive, assist them in a quiet, orderly evacuation away from the hostage situation.
- X Gather information on students and/or staff involved and provide the information to the police. If the parent of a student is involved, gather information about the child.
- X Identify media staging area, if appropriate. Implement a hotline for parents.
- X Account for students as they are evacuated.
- X Provide recovery counseling for students and staff.

STAFF ACTIONS:

- X If possible, assist in evacuating students to a safe area away from the danger. Protect students by implementing a **LOCKDOWN**.
- X Alert the ~~School Coordinator~~School Administrator/Safety Ambassador.
- X Account for all students.

EMERGENCY RESPONSE: INTRUDER

Formatted: Font: Not Bold, Font color: Accent 1

All public schools are required to post signs at points of entry to their resource centers. The following statement should be used on signage:

All visitors entering school grounds on school days between 7:30 a.m. and 4:30 p.m. must register at the front desk. Failure to do so may constitute a misdemeanor.

-- *California Penal Code Title 15, Chapter 1.1 § 627.2*

To prevent intruders on resource centers, keep doors secure, use sign-in sheets for visitors and cameras and staff to monitor entryways.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

- X Initiate **LOCKDOWN**.
- X Request intruder to leave the resource center. Remain calm. Be courteous and confident. Keep distance from the intruder. Speak in soft, non-threatening manner. Avoid hostile-type actions, except in cases when necessary to safeguard person or property. Listen to the intruder. Give him or her an opportunity to vent. Attempt to be helpful. When talking to the intruder, use phrases such as:
  "What can we do to make this better?'
  "I understand the problem, and I am concerned."
  "We need to work together on this problem."
- X As soon as the conversation or actions of the individual become threatening or violent, call 911 immediately. Provide description and location of intruder.
- X Keep subject in view until police or law enforcement arrives.
- X Take measures to keep subject away from students and the resource center.
- X Designate an administrator or staff member to coordinate with public safety at their command post; provide a resource center map/exit plan and keys to public safety personnel.
- X When scheduling a meeting with an individual known to be aggressive, arrange for another staff member or student resource officer to be present.
- X Be available to deal with the media and bystanders and keep the resource center clear of visitors.

STAFF ACTIONS:

- X Notify the ~~School Coordinator~~School Administrator/Safety Ambassador. Provide description and location of the intruder. Visually inspect the intruder for indications of a weapon.
- X Keep intruder in view until police or law enforcement arrives. Stay calm. Do not indicate any threat to the intruder.

X Isolate intruder from students. Lock the resource center ~~and office~~ doors. Close blinds and stay clear of windows and panes of glass. Remain inside rooms until the **ALL CLEAR** instruction is announced.

EMERGENCY RESPONSE: UTILITY FAILURE

Formatted: Font: Not Bold, Font color: Accent 1

Failure of any of the utilities (electricity, gas, water) during school hours constitutes a condition that must be dealt with on a situational basis. Advance notice may be received from a utility company regarding loss of service. In many cases, such loss of service will be of short duration and require no special action other than notifying staff of the temporary interruption of service.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR:

- X Notify utility company. Provide the following information:
- X Determine length of time service will be interrupted.
- X Determine desired action, which may include relocation of students and staff, notification of parents, and alternate food service.
- X If disruption in service will severely hamper school operation, notify students and staff by appropriate means.
- X Use messengers with oral or written word as an alternate means of faculty notification.
- X Notify the Sorrento Mesa RC~~District Office~~ of loss of service.
- X Implement plan to provide services without utilities or with alternate utilities.

EMERGENCY RESPONSE: THREATS / ASSAULTS

Formatted: Font: Not Bold, Font color: Accent 1

Threats occur when a belligerent or armed person on the resource centers bullies, intimidates or coerces others, targeting an individual, particular group or the entire school community. Threats are presented as overt hostility. They may be received by written note, email communication, phone call or orally. The procedure below applies to an oral threat.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

- Assess the type of threat to determine the level of risk to the safety of students and staff. In categorizing the risk, attempt to determine:

1) Is the individual moving towards violent action?
2) Is there evidence to suggest movement from thought to action?
    - High violence potential qualifies for arrest or hospitalization.
    - Safety is endangered when there is: (a) sufficient evidence of repetitive/ intentional infliction of emotional distress upon others; or (b) sufficient evidence of the unintentional infliction of emotional distress upon others.

X Notify police (dial 911), if the safety of students or staff is endangered. Provide exact location and nature of incident and school response actions.

X Isolate the threatening person from other students and staff, if it is safe to do so. Initiate appropriate response actions, which may be **LOCKDOWN** or **EVACUATION**. Cancel all outside activities.

X Respond to students who are prone to overt displays of anger in a calm, non-confrontational manner. If an immediate threat is not clearly evident, attempt to diffuse the situation.

X If an individual is armed with any type of weapon, USE EXTREME CAUTION. Do not attempt to remove the weapon from the possession of the individual. Allow police to do so.

X Facilitate a meeting with student(s) and family to review expectations.

X Facilitate a staff meeting to review plans for keeping school safe. Enlist the support of community service providers.

STAFF ACTIONS:

X If any students are outside, move them inside the resource center or away from the location of the threat/assault. If unable to do so, have students lie down and cover their heads. Keep students calm.

X Inside the resource center, institute **LOCKDOWN**. Close all curtains and blinds.

X Disconnect the school television system in resource centers so the individual cannot view news coverage and see locations of police/students/etc.

X Remain with students until **ALL CLEAR** is given.

EMERGENCY RESPONSE: IRRATIONAL BEHAVIOR

Formatted: Font: Not Bold, Font color: Accent 1

A risk to the life and safety of students and staff may exist there is a serious display of disordered thought or behavior. Possible symptoms include: hallucinations, extreme paranoia, impaired judgment that may lead to unsafe decision-making and dangerous behavior (to self or others), incoherent or disjointed speech and self-injurious behavior such as: hitting head, cutting self. Attempts should be made to use de-escalation strategies, calming techniques (e.g., deep breathing), and to implement behavior plans, crisis plans or strategies in IEP, if in place.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

- X Keep the individual under continuous adult supervision.
- X Keep the individual in the resource center until parent/guardian has been notified.
- X Arrange appropriate support services for necessary care of individual.
- X If the individual actively displays dangerous behavior or there is reason to believe the student cannot be safely transported, call agencies as appropriate to coordinate emergency mental health services (e.g., mental health facilities, juvenile court, law enforcement).
- X School professional (psychologist, counselor, social worker, nurse) should recommend next steps to the ~~School Coordinator~~School Administrator. The next steps may include:
  - Provide parents/guardian with the names and phone numbers of mental health resources
  - Recommend that the parents make an immediate contact with a therapist.
  - Request that parents/guardian to sign release forms to allow two-way communication between the school and the treating agency.
- X Make a follow-up check with the treating agency, family and student as appropriate, to ensure that appropriate care has been arranged.
- X Provide follow-up collaborative support for the student and parents (as indicated) within the school
- X Develop a safety plan prior to the student's return to school.
- X Document actions taken on behalf of the student (referrals, phone contacts, follow-up activities, etc.)

STAFF ACTIONS:

- X Take immediate action to isolate the individual and provide safety to the student body. Do not leave the irrational individual alone.
- X Notify the ~~School Coordinator~~School Administrator/Safety Ambassador.
- X Notify school nurse, school psychologist, counselor or social worker.

X Protect individual from injury.

EMERGENCY RESPONSE: EXPLOSION

Formatted: Font: Not Bold, Font color: Accent 1

Emergency response will depend on the type of explosion (smoke bomb, chemical lab incident, etc.) and proximity to the school. All students should be kept away from the explosion and under supervision.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR:

- Determine whether emergency meeting area evacuation should be implemented. If so, sound fire alarm. This will automatically implement action to **EVACUATE** the resource center. **EVACUATION** may be warranted in some resource centers but others may be used for **SHELTER IN PLACE**.
- Notify Fire Department (call 911). Provide school name, address, exact location within the building, your name and phone number and nature of the emergency.
- Secure area to prevent unauthorized access until the Fire Department arrives.
- Advise the Director of Operations and Technology of school status.

X Notify emergency response personnel of any missing students.

- Notify utility company of breaks or suspected breaks in utility lines or pipes. Provide school name, address, location within building, your name and phone.
- Direct a systematic, rapid and thorough approach to search the building and surrounding areas. Check resource centers and work areas, public areas (foyers, ~~offices~~, bathrooms and stairwells), unlocked closets, exterior areas (shrubbery, trash cans, debris boxes) and power sources (computer rooms, gas valves, electric panels, telephone panels).
- Determine if Student Release should be implemented. If so, notify staff, students and parents.
- If damage requires the school to be closed, notify parents and staff of school status and alternate location for resource center instruction. Do not return to the resource center until it has been inspected and determined safe by proper authorities.

STAFF ACTIONS:

X Initiate **DROP, COVER AND HOLD ON**.

- X If explosion occurred inside the resource center, **EVACUATE** to outdoor assembly area. Keep students and staff at a safe distance from the resource center and away from fire-fighting equipment.
- X Check to be sure all students have left the resource center. Remain with students throughout evacuation process.
- X Upon arrival at assembly area, check attendance. Report status to Safety Ambassador immediately.
- X Render first aid as necessary.
- X Do not return to the resource center until the emergency response personnel determine it is safe to do so.
- X If explosion occurred in the surrounding area, initiate **SHELTER IN PLACE**. Keep students at a safe distance from site of the explosion.

EMERGENCY RESPONSE~~: PANDEMIC~~: PANDEMIC INFLUENZA

Formatted: Font: Not Bold, Font color: Accent 1

Formatted: Font: Not Bold, Font color: Accent 1

Influenza is a highly contagious viral disease. Pandemic influenza differs from both seasonal influenza (flu) and avian influenza in the following aspects:

- It is a rare global outbreak which can affect populations around the world.
- It is caused by a new influenza virus to which people do not have immunity.
- Depending upon the specific virus, it can cause more severe illness than regular flu and can affect young healthy people more so than older, sick people.

The Department of Health and Human Services will take the lead in mobilizing a local response to pandemic influenza. Public health alerts will be reported to schools and the community. Individual schools may be closed temporarily to contain spread of the virus.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

- x Activate heightened surveillance of illness within school location. Gather data on symptoms of students and staff who are sick ~~at home~~at home.
- x Insure that students and staff members who are ill stay home.
- x Send sick students and staff home from school immediately.
- x Provide fact sheets and guidelines for school families to make them aware of symptoms and remind them of respiratory hygiene etiquette
- x Monitor bulletins and alerts from the Department of Health and Human Services.
- x Keep staff informed of developing issues.
- x Assist the Department of Health and Human Services in monitoring outbreaks.
- x Respond to media inquiries regarding school attendance status.
- x Implement online education, if necessary, so that students can stay home.
- x Maintain surveillance after the initial epidemic in the event a second wave passes through the community.

Respiratory Hygiene Etiquette

- Cover your cough and sneeze with a tissue
- Wash hands with soap and water or a waterless hand hygiene product
- Place used tissues into a sealed bag

STAFF and STUDENT ACTIONS:

- x Stay home when ill with cough or other flu-like symptoms (chills, fever, muscle aches, sore throat).
- x Practice "respiratory hygiene etiquette".

- x Disinfect surfaces contaminated with infected respiratory secretions with a diluted bleach solution (1 part bleach to 100 parts water).
- x Implement online homework assignments so that students can stay home.

EMERGENCY RESPONSE~~: Active~~: Active Shooter/Armed Assailant

ACTIVE SHOOTER / ARMED ASSAILANT SITUATIONS

"*Active shooter situations*" are defined as those where an individual or individuals is "actively engaged in killing or attempting to kill people in a confined and populated area." *Active shooters / armed assailants frequently use firearms, but attacks of this type can also be made with other types of weapons (knifes, swords, etc.). These situations* are unpredictable and evolve quickly. Because of this, individuals must be prepared to deal with an *active shooter / armed assailant situation* before law enforcement personnel arrive on the scene.

No single response fits all *active shooter / armed assailant situations*; therefore, it is essential all members of the school staff know their options for response and are prepared to act decisively to protect their students and themselves.

ACTIONS – ALL SCHOOL STAFF

1. All employees are authorized to **take immediate action** to protect themselves and students if they see or hear anything that causes them to believe an active shooter / armed assailant situation is occurring or is ~~to~~too about to occur.

    a. **Act immediately** if you or your students:
    - hear a sound that might be gunfire.
    - see something that looks like a weapon being carried or used on or near the campus.
    - sense any other indication of active shooter / armed assailant threat.

    b. **Quickly evaluate** which option (Run, Hide or Fight) will best protect you and your students.
    c. **Be decisive.** Communicate your plan to your students and act quickly.
    d. **Call 911 and the ~~School~~ Sorrento Mesa RC~~Office~~** as soon as it is safe to do so.

2. **Options~~: *Run*~~: Run, *Hide or Fight***

    a. **Run:** If you can get yourself and your students safely away from danger, do so immediately.
    - Do not evacuate unless you…

- know with certainty, the exact location of assailant (do not trust unofficial, second hand accounts),
- **and** can visualize a route that will get your students and yourself safely off campus.

- Don't carry anything with you.
  - Police may mistake an item in your hands as a weapon.
  - Leave everything behind.
- If you encounter people along the way…
  - Adults: Warn them and take them with if you can but don't stop if they refuse to come.
  - Students: Warn any students you encounter and take them with if you. You may use reasonable force to take a student with you *if you can do so without endangering yourself or the other students in your care*.
- Place terrain and buildings between you and the assailant to cover your escape.
- Keep going until you are certain you are out of danger.
- Call 911 as soon as it is safe to do so.
- Keep your students with you. Call (insert phone #) to report your location and obtain instructions.

b. Hide: If you do not know the exact location of the assailant, get your students and yourself into the most secure location available and LOCKDOWN.

- Lock the doors
- Close and lock windows and close blinds or cover windows;
- Turn off lights;
- Barricade the doors with heavy furniture; be sure your barricade covers any glass in or near the door;
- Silence all electronic devices;
- Remain silent;
- Position occupants spread out and out of line of site from room entrance.
- Prepare to take action if the assailant attempts to get in the room;
- Use text or email to communicate your location, the number of students or staff with you, if you have any wounded and the extent of the injuries;
- Call 911 as soon as it is safe to do so.
- Remain in place until evacuated by identifiable law enforcement officers.

c. **FIGHT~~: Never~~: Never seek out confrontation with an active shooter / armed assailant.** If you are confronted by an active shooter / armed assailant and you have no safer option, take immediate action to disrupt or incapacitate the assailant. **If you choose the FIGHT option, commit to your actions.**

- If you are in LOCKDOWN (Hide), prepare yourself and your students for the possibility that the assailant may attempt to get in the room you are in.
    - Construct a strong barricade.
    - If you have another way out (a window or back door) use it while the assailant is attempting to get in.
    - If no other exit is available be prepared to disrupt the assailant by throwing objects at the assailant and running for the exit as soon as the assailant enters the room.
        a. Use items in the environment as improvised weapons (fire extinguishers, staplers, books, cups, etc.)
- Staff members may consider using aggressive and violent force to surprise and overwhelm the assailant.

3. **Call 911 and initiate a school-wide LOCKDOWN** announcement as soon as you can do so safely. Work with the people you are with to do both calls simultaneously if possible.

    a. Provide as much information as possible (slow down – be calm):
        - State the emergency: "I hear gunfire." "I saw…"
            - Give information on people who are wounded.
        - Location of the assailant (if known):
        - Description of the assailant (if known):
        - Your precise location: "room __"
        - The number of children with you:
    b. Keep the line open, even if you can't talk, unless instructed by the dispatcher to end the call.

4. Special Topics

    a. Injuries: Your response to injured persons will need to vary given the specific circumstances that are present and the response option (Run, Hide or Fight) you are engaged in.

        - *Run* – If you encounter injured persons while you are trying to get out of danger…
            - And you have children with you, you must place their safety ahead of the injured person. Take note of where the injured person is and report the location as soon as you get to safety.

        - *Hide* – If someone is injured where you are hiding, secure the room before tending to the wounded.

- As soon as it is safe to do so, apply first aid using any supplies that are available. If necessary, use articles of clothing as improvised dressing for wounds and apply direct pressure to control bleeding.

- *Fight* – This is always the option of last resort because the probability of injury is highest when you are in close proximity to the assailant. Commit to your plan. Do not stop to tend to the wounded until it is safe to do so.
  - If you're intention is to disrupt the assailant to allow as many people to escape as possible, stick to that plan.
  - If your plan is to incapacitate the assailant, keep fighting until the assailant is incapacitated and the weapon and assailant are under control.

b. Law Enforcement: If you encounter law enforcement officers…
   - Immediately raise your hands in the air and display your open palms.
   - Don't run up to officers or attempt to hug or talk to them.
   - Don't talk unless they ask you a question.
   - Do exactly what they tell you to do.

c. Weapons~~: If~~: If the assailant loses control of a weapon, exercise extreme care when securing it:
   - Do not pick up the weapon. Law enforcement may shoot you if they see you holding a weapon.
   - Secure the weapon by placing an empty trash can over it and sliding it to a location where it can be kept covered and under control until a law enforcement officer can take possession of it.

d. Ongoing Communication~~: (~~: (School and district staff should develop means to safely provide updates to staff to keep them informed during the incident.)

e. School Activities~~: (~~: (School locations must also plan for and train all district / RC staff involved with student activities and extracurricular programs.)

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATORS/SAFETY AMBASSADOR ACTIONS:

- Follow the ~~All-Staff~~All-Staff guidance described above.
- Call 911 and initiate a **LOCKDOWN** announcement as soon as you can do so safely. Work with nearby staff to do them simultaneously if at all possible.
  - Include as much actionable information on the announcement as possible.
    - *Example "LOCKDOWN, LOCKDOWN, LOCKDOWN. Man with a gun on campus. LOCKDOWN now."*

Formatted: Font: 12 pt

Formatted: Font: 12 pt

Formatted: Font: 12 pt

Formatted: Font: 12 pt

Formatted: Font: 12 pt

    - If you have surveillance capabilities, and can safely provide real time announcements, broadcast continuous and accurate information on the location of the assailant. This will disrupt and distract the assailant. It will also provide people in the resource center with information they can use to better evaluate their options.
        - *Example: "The gunman is now in the D wing headed south. He is armed with a shotgun and is wearing a hooded jacket and blue jeans."*
- Notify the ~~corporate office~~Sorrento Mesa RC after you call 911.
- If possible, assist emergency personnel.
    - Assist police in entering the school;
    - Provide officers with keys, maps and any other information requested.

DISTRICT STAFF ACTIONS

- **Emergency Operations Center (EOC)**
    - Activate the district's Emergency Operations Center
    - Dispatch a back-up ICS team to take over responsibility for ICS functions from RC staff who will be impacted by this emergency.

- **Emergency Area Reunification**
    - The Operations Section should prepare an emergency evacuation area for reunification.
        - This should be at a location large enough to accommodate the evacuation, with parking available for parents coming to get their kids. Movie theater complexes work well for this type of emergency.
        - Once the assailant is neutralized emergency responders will begin to treat and evacuate the wounded.
        - School staff and students will remain in lockdown until evacuated on a room by room basis.
        - Vans should be placed on standby for evacuation.
        - Teams and materials should be mobilized to conduct an orderly reunification in which all students and staff are accounted for.

- **Crisis Intervention**
    - A Mental Health strike team should also be assembled to assist with stabilizing acutely impacted students, staff and parents during reunification.
    - This team will also provide ongoing support throughout the recovery phase of the emergency response.

    - Psychoeducational materials should also be developed / selected by the Planning Section for distribution to parents and other caregivers to assist them in supporting crisis recovery.

- Mental Health staff should also be involved in plans related to reopening the school following an active shooter / armed assailant event.

EMERGENCY RESPONSE: FIRE (Outside Fire/Wildfire)

Formatted: Font: Not Bold, Font color: Accent 1

A fire in an adjoining area, such as a wildland fire, can threaten the school building and endanger the students and staff. Response actions are determined by location and size of the fire, its proximity to the school and the likelihood that it may endanger the school community.

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

- X Determine if **EVACUATION** of school location is necessary.
- X Contact local fire department (call 911) to determine the correct action for your school location.
- X If necessary, begin evacuation of school location to previously identified safe location using school evacuation plan. If needed, contact van dispatch for **EMERGENCY EVACUATION**.
- X Direct inspection of premises to assure that all students and personnel have left the building.
- X Notify the school district where the school has relocated and post a notice on the ~~office~~RC door stating the temporary new location.
- X Monitor radio station for information.
- X Do not return to the building until it has been inspected and determined safe by proper authorities.

STAFF ACTIONS:

- X If students are to be evacuated, take attendance to be sure all students are present before leaving the building location.
- X Stay calm. Maintain control of the students a safe distance from the fire and firefighting equipment.
- X Take attendance at the assembly area. Report any missing students to the ~~School Coordinator~~School Administrator/safety ambassador and emergency response personnel.
- X Remain with students until the building has been inspected and it has been determined safe to return to.

ADDITIONAL STEPS FOR THE SCHOOL:

FIRE (WILDFIRE)

Formatted: Font: Not Bold, Font color: Accent 1

Formatted: Font: Not Bold

Should a wildfire endanger the students or staff, it is important to work with the local fire department, act quickly and decisively to prevent injuries and damage to property.

In evolving situations, local authorities may not issue an evacuation warning or order early in the event, only to do so later when the event poses a greater threat. To best ensure the safety of our staff and students, school administrators should work in conjunction with local fire and law enforcement to evaluate these events relative to our school's unique characteristics, such as facility age and construction, transportation dependencies, ingress and egress options and capacity, level of defensible space around our structures, and surrounding topography. It may be best for some resource centers~~/offices~~ to issue an early dismissal and voluntarily evacuate due to unique characteristics and circumstances.

If a wildfire is near our locations, fire personnel may suggest a voluntary evacuation or call for a mandated early dismissal, external evacuation, shelter-in-place or a resource center closure. The Charter ~~Schools have~~Schools have procedures in place for each of these possibilities.

BEFORE

Formatted: Font: Not Bold, No underline, Font color: Accent 1

Goals:

1. Coordinate with local fire department to develop procedures that facilitate an effective and efficient wildfire response
2. Develop the capacity of staff to lead students through appropriate response options
3. Prevent the risk of injury to individuals and damage of property from wildfire

Objective(s):

Goal 1 Objectives

a) Coordinate with local fire department to ensure an effective response to a Wildfire
b) Develop procedures for voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and school closure
c) Develop a clear chain of command with staff

Goal 2 Objectives

a) Train staff on the different wildfire response actions: voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and resource center closure

Goal 3 Objectives

a) Store combustible materials in fireproof containers
b) Follow Fire Code and district rules regarding fire prevention
c) Provide fire prevention training to staff
d) Hold Fire Drills
e) Maintain an adequate supply of fire extinguishers
f) Ensure proper maintenance of fire prevention equipment

Courses of Action:

~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:

Goal 1 Actions

a) Meet, plan and train with local fire department to ensure an effective response to a Wildfire. Plan for potential voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and resource center closure
b) Develop location specific procedures to engage in a voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and school closure
c) Use the San Diego County "School Protection and Evacuation Plan (SPEP), available on the San Diego County Office of Education website, to develop location specific plans

Goal 2 Actions

a) Provide training to staff on wildfire response actions including: voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and school closure

Goal 3 Actions

a) Provide fire prevention materials to staff and provide a brief fire prevention training at the beginning of the year as part of training on the Comprehensive School Safety Plan
b) Ensure combustible materials are stored in fireproof containers
c) Hold fire extinguisher training for staff
d) Ensure adequate supply of fire extinguishers are appropriately maintained
e) Hold required number of fire drills and vary the situation to improve staff and student response

STAFF ACTIONS

Goal 2 Actions

a) Take fire extinguisher training or read about/watch video on how to use a fire extinguisher
b) Read any fire prevention and wildfire response materials provided by administration

Goal 3 Actions

a) Participate and lead students in fire drills
b) Refrain from bringing unapproved combustible materials (cleaning and other chemicals) onto school
c) Become familiar with and only use Fire Marshall approved fire retardant classroom decorations

DURING

Formatted: Font: Not Bold, No underline, Font color: Accent 1

Goals:
1. While coordinating with local fire department/jurisdiction's incident command, protect life and implement appropriate wildfire response actions

Objective(s): Goal 1 Objectives

a) Conduct appropriate wildfire response actions in a timely manner
b) Conduct accountability procedures in a timely manner
c) Activate school location Incident Command Team, as necessary

Courses of Action: ~~**SCHOOL COORDINATOR**~~**SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS:**

Goal 1 Actions

a) Work with the ~~district office~~Sorrento Mesa RC, local fire department and other responders to determine best course of action
b) Use the "Wildfire Evacuation Decision Tree" following this section.
c) Communicate plan of action to staff and students:
   - voluntary evacuation
   - early dismissal
   - mandatory evacuation
   - shelter-in-place
   - resource center closure

d) Consider the following while implementing response action

- Supplies (have staff bring emergency supplies, especially first aid kits and communication devices)
- Food and water
- Transportation
- Security and Safety
- Communications

e) Contact families to notify of planned course of action

f) Activate school Incident Command Team, as necessary

- Reunification Team

g) Ensure all staff and students are accounted for

h) Ensure that access roads are kept open for emergency vehicles

i) Based on the situation, delegate staff to turn off and unplug any electrical devices left behind and/or have facilities turn off electricity

j) Do not allow staff and students to return to the building until the Fire Department declares that it is safe to do so

Goal 2 Actions

a) Remind staff to close doors when exiting resource centers~~/offices~~

b) Notify appropriate utility company of suspected breaks in utility lines or pipes.

c) Notify fire department of any hazards or vulnerabilities that could hinder their response or cause further damage (chemicals, wires, equipment, etc.)

- Provide SDS sheets of any chemicals on location/in the area of the fire to the fire department upon arrival

d) Notify ~~District Office~~the Sorrento Mesa RC of situation

STAFF ACTIONS:

Goal 1 Actions

a) Follow the directions of the Incident Command to carry out necessary response action: voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and resource center~~/office~~ closure
b) If evacuating or sheltering-in-place, take emergency backpack and student kits
c) Maintain control of the students a safe distance from the fire and firefighting equipment
d) Take attendance. Report missing students to the ~~School Coordinator~~School Administrator/designee and emergency response personnel
e) Maintain supervision of students until the Fire Department determines it is safe to return to the school building or they are reunified with family
f) Serve in any designated position on the Incident Command Team

Shut resource center ~~or office~~ door after all individuals have exited

Provide information to the ~~School Coordinator~~School Administrator/Safety Ambassador regarding any hazards or vulnerabilities noticed while evacuating (chemicals, exposed wires, equipment that might be hazardous, etc.)

AFTER

Goals:
1. Effectively communicate to all stakeholders
2. Determine response strengths, areas from improvement and steps to improvement

Objective(s): Goal 1 Objectives

a) Provide information to staff, parents, and students
b) Provide information to ~~district office~~the Sorrento Mesa RC

Goal 2 Objectives

a) Conduct After-Action Report process

Formatted: Font: Not Bold, No underline, Font color: Accent 1

Courses of Action:

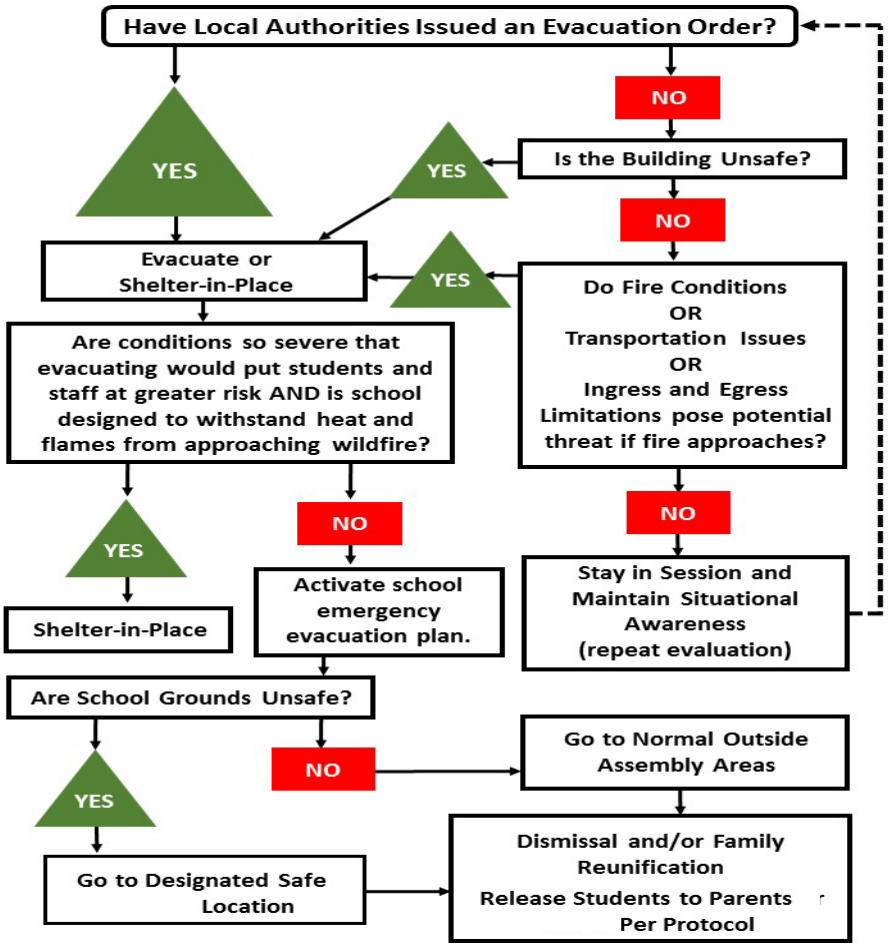
~~SCHOOL COORDINATOR~~SCHOOL ADMINISTRATOR/SAFETY AMBASSADOR ACTIONS

Goal 1 Actions

a) Provide critical information to the ~~district office~~Sorrento Mesa RC in order to develop effective key messages
b) Work with appropriate district department to write messages to inform parents, staff and the community about what happened
c) Work with appropriate district department to draft talking points for phone calls and media requests

Goal 2 Actions

a) Conduct an after-action report process and implement necessary actions for improving future responses
b) Gather stakeholders to debrief and engaged in process to identify strengths and weaknesses (areas for improvement) of response
c) Identify steps to improve future responses
d) Implement steps to improvement



STAFF ACTIONS

Goal 2 Actions

a) Participate in the after-action report process
a) Participate in any determined corrective actions discovered in the after-actions process

EMERGENCY RESPONSE~~: OPIOID~~: OPIOID ANTAGONIST-Naloxone Hydrochloride

Formatted: Font: Not Bold, Font color: Accent 1

Formatted: Font: Not Bold, Font color: Accent 1

Pursuant to California Education Code 49414.3, any school districts, county offices of education, and charter schools may provide emergency naloxone hydrochloride or another opioid antagonist to school nurses or trained personnel who have volunteered pursuant to subdivision (d), and school nurses or trained personnel may use naloxone hydrochloride or another opioid antagonist to provide emergency medical aid to persons suffering, or reasonably believed to be suffering, from an opioid overdose.

Altus Schools South Bay has established a Staff Naloxone Hydrochloride Emergency Training Plan and Program pursuant to CDE 49414.3 which includes safe and effective management of opioid-related overdoses. This plan is also incorporated into the school emergency preparedness and response plans.

PROCEDURES FOR PREVENTING OPIOID AND FENTANYL USE AND OVERDOSE

Formatted: Font: 14 pt, No underline, Font color: Accent 1

Formatted: Font: 14 pt, No underline

Altus Schools South Bay's primary goal in the fight against opioids and fentanyl use is prevention.

Altus Schools South Bay will use the following prevention strategies:

- Distribute materials to and/or discuss with students content conducive to preventing drug use/abuse such as, but not limited to:
  - How opioids and fentanyl affect the body's systems.
  - Refusal strategies
  - The signs and symptoms of use/abuse
  - The science of addiction
- Distribute safety advice to families regarding opioid overdose prevention.
- Creating a supportive, safe and orderly environment conducive to learning by regularly assessing school climate and using data to develop goals and objectives to address gaps.
- Providing training to staff on building protective factors in students, as well as recognizing the signs and symptoms of use/abuse.

SIX ESSENTIAL STEPS FOR INDIVIDUALS RESPONDING TO POSSIBLE OVERDOSE

Formatted: Font color: Accent 1

The following was developed from The Department of Health and Human Services, Substance Abuse and Mental Health Services Administration document SAMHSA Opioid Overdose Prevention Toolkit.

Overdose is common among persons who use illicit opioids such as heroin and among those who misuse medications prescribed for pain such as oxycodone, hydrocodone, methadone, buprenorphine, and morphine. The incidence of opioid overdose is rising nationwide. In 2016, more than 42,000 of the drug overdose deaths in the United States involved some type of opioid, including heroin.

To address the problem, emergency medical personnel, health care professionals, school personnel, people who use drugs, and other community members who may witness and respond to an overdose are being trained in the use of the opioid antagonist medication naloxone, which can reverse the potentially fatal respiratory depression caused by opioid overdose. (Note that naloxone has no effect on non-opioid overdoses, such as those involving cocaine, benzodiazepines, or alcohol).

The steps outlined in this section are recommended to reduce the number of deaths resulting from opioid overdoses.

STEP 1: EVALUATE FOR SIGNS OF OPIOID OVERDOSE

Formatted: Font: 14 pt, Not Bold, No underline, Font color: Accent 1

Signs of OVERDOSE, which often results in death if not treated, include:

- Unconsciousness or inability to awaken.
- Slow or shallow breathing or breathing difficulty such as choking sounds or a gurgling/snoring noise from a person who cannot be awakened.
- Fingernails or lips turning blue/purple.

If an opioid overdose is suspected, stimulate the person:

- Call the person's name, tap the person's shoulders, clap your hands loudly in order to assess for level of consciousness.
- If this doesn't work, per Department of Health and Human Services (DHHS) recommendation, vigorously grind knuckles into the sternum (the breastbone in middle of chest).
- If the person responds, assess whether he or she can maintain responsiveness and breathing.
- Continue to monitor the person, including breathing and alertness, and try to keep the person awake and alert.
- If the person does not respond, call 911.
- Grab the Opioid Overdose Emergency Kit and Automatic External Defibrillator (AED).
- Provide rescue breathing if the person is not breathing on their own and administer one dose of naloxone.
- For students, instruct staff member to contact the parent/guardian or emergency contact on file.
-

STEP 2: CALL 911 FOR HELP

Formatted: Font: 14 pt, Not Bold, No underline, Font color: Accent 1

AN OPIOID OVERDOSE NEEDS IMMEDIATE MEDICAL ATTENTION.

Formatted: Font: Not Bold, Font color: Accent 1

An essential step is to get someone with medical expertise to see the person as soon as possible. If no emergency medical services (EMS) or other trained personnel is on the scene, activate the 911 emergency system immediately. All you have to say is "Someone is unresponsive and not breathing." Be sure to give a specific address and/or description of your location. After calling 911, follow the dispatcher's instructions. If appropriate, the 911 operator will instruct you to begin CPR (technique based on rescuer's level of training).

STEP 3: ADMINISTER NALOXONE

Formatted: Font: 14 pt, Not Bold, No underline, Font color: Accent 1

Formatted: Font: 14 pt, Not Bold, No underline

If the person overdosing does not respond within 2 to 3 minutes after administering a dose of naloxone, administer a second dose of naloxone.

Naloxone should be administered to anyone who presents with signs of opioid overdose or when opioid overdose is suspected. Naloxone is approved by the Food and Drug Administration (FDA) and has been used for decades by EMS personnel to reverse opioid overdose and resuscitate individuals who have overdosed on opioids. Research has shown that women, older people, and those without obvious signs of opioid use disorder are undertreated with naloxone and, as a result, have a higher death rate. Therefore, it is also important to consider naloxone administration in women and the elderly found unresponsive with opioid overdose.

Naloxone can be given by intranasal spray and by intramuscular (into the muscle), subcutaneous (under the skin), or intravenous injection.
Altus Schools South Bay **uses intranasal spray.**

Formatted: Font color: Accent 1

All naloxone products are effective in reversing opioid overdose, including fentanyl-involved opioid overdoses, although overdoses involving potent (e.g., fentanyl) or large quantities of opioids may require more doses of naloxone.

DURATION OF EFFECT. The duration of effect of naloxone depends on dose, route of administration, and overdose symptoms and is shorter than the effects of some opioids. The goal of naloxone therapy should be to restore adequate spontaneous breathing, but not necessarily complete arousal.

Formatted: Font: Not Bold, Font color: Accent 1

More than one dose of naloxone may be needed to revive someone who is overdosing. People who have taken longer acting or more potent opioids may require additional intravenous bolus doses or an infusion of naloxone.

Comfort the person being treated, as withdrawal triggered by naloxone can feel unpleasant. Some people may become agitated or confused, which may improve by providing reassurance and explaining what is happening.

SAFETY OF NALOXONE. The safety profile of naloxone is remarkably high, especially when used in low doses and titrated to effect. When given to individuals who are not opioid intoxicated or opioid dependent, naloxone produces no clinical effects, even at high doses. Moreover, although rapid opioid withdrawal in opioid-tolerant individuals may be unpleasant, it is not life threatening.

Formatted: Font: Not Bold, Font color: Accent 1

Naloxone can be used in life-threatening opioid overdose circumstances in pregnant women.

The FDA has approved an injectable naloxone, an intranasal naloxone, and a naloxone auto-injector as emergency treatments for opioid overdose. People receiving naloxone kits that include a syringe and naloxone ampules or vials should receive brief training on how to assemble and administer the naloxone to the victim. The nasal spray is a prefilled, needle-free device that requires no assembly and that can deliver a single dose into one nostril. The auto-injector is injected into the outer thigh to deliver naloxone to the muscle (intramuscular) or under the skin (subcutaneous). Once turned on, the currently available device provides verbal instruction to the user describing how to deliver the medication, similar to automated defibrillators. Both the nasal spray and naloxone auto-injector are packaged in a carton containing two doses to allow for repeat dosing if needed.

FENTANYL-INVOLVED OVERDOSES. Suspected opioid overdoses, including suspected fentanyl-involved overdoses, should be treated according to standard protocols. However, because of the higher potency of fentanyl and fentanyl analogs compared to that of heroin, multiple doses of naloxone may be required to reverse the opioid-induced respiratory depression from a fentanyl-involved overdose.
Many anecdotes report more rapid respiratory depression with fentanyl than with heroin, although other reports do not reflect such rapid depression.

Because of these effects, quicker oxygenation efforts and naloxone delivery may be warranted with fentanyl-involved overdoses compared with heroin-only overdoses. However, naloxone is an appropriate response for all opioid overdoses, including fentanyl-involved overdoses.

Formatted: Font: Not Bold, Font color: Accent 1

STEP 4: SUPPORT THE PERSON'S BREATHING

Formatted: Font: 14 pt, Not Bold, No underline, Font color: Accent 1

Ventilatory support is an important intervention and may be lifesaving on its own. Rescue breathing can be very effective in supporting respiration, and chest compressions can provide ventilatory support.

Rescue breathing for adults involves the following steps:

- Be sure the person's airway is clear (check that nothing inside the person's mouth or throat is blocking the airway).
- Place one hand on the person's chin, tilt the head back, and pinch the nose closed.
- Place your mouth over the person's mouth to make a seal and give two slow breaths.
- Watch for the person's chest (but not the stomach) to rise.
- Follow up with one breath every 5 seconds.

Chest compressions for adults involve the following steps:

- Place the person on his or her back.
- Press hard and fast on the center of the chest.
- Keep your arms extended.

STEP 5: MONITOR THE PERSON'S RESPONSE

Formatted: Font: 14 pt, Not Bold, No underline, Font color: Accent 1

Formatted: Font: 14 pt, Not Bold, No underline

All people should be monitored for recurrence of signs and symptoms of opioid toxicity for at least 4 hours from the last dose of naloxone or discontinuation of the naloxone infusion. People who have overdosed on long-acting opioids should have more prolonged monitoring.

Most people respond by returning to spontaneous breathing. The response generally occurs within 2 to 3 minutes of naloxone administration. (Continue resuscitation while waiting for the naloxone to take effect.)

Because naloxone has a relatively short duration of effect, overdose symptoms may return. Therefore, it is essential to get the person to an emergency department or other source of medical care as quickly as possible, even if the person revives after the initial dose of naloxone and seems to feel better.

SIGNS OF OPIOID WITHDRAWAL. The signs and symptoms of opioid withdrawal in an individual who is physically dependent on opioids may include body aches, diarrhea, tachycardia, fever, runny nose, sneezing, piloerection (gooseflesh), sweating, yawning, nausea or vomiting, nervousness, restlessness or irritability, shivering or trembling, abdominal cramps, weakness, tearing, insomnia, opioid craving, dilated pupils, and increased blood pressure. These symptoms are uncomfortable, but not life threatening. After an overdose, a person dependent on opioids should be medically monitored for safety and offered assistance to get into treatment for opioid use disorder.

Formatted: Font: Not Bold, Font color: Accent 1

If a person does not respond to naloxone, an alternative explanation for the clinical symptoms should be considered. The most likely explanation is that the person is not overdosing on an opioid but rather some other substance or may be experiencing a non-overdose medical emergency.

In all cases, support of ventilation, oxygenation, and blood pressure should be sufficient to prevent the complications of opioid overdose and should be given priority if the response to naloxone is not prompt.

DO'S AND DON'TS WHEN RESPONDING TO OPIOID OVERDOSE

- DO attend to the person's breathing and cardiovascular support needs by administering oxygen or performing rescue breathing and/or chest compressions.
- DO administer naloxone and utilize a second dose, if no response to the first dose.
- DO put the person in the "recovery position" on the side, if you must leave the person unattended for any reason.
- DO stay with the person and keep the person warm.
- DON'T slap or forcefully try to stimulate the person; it will only cause further injury. If you cannot wake the person by shouting, rubbing your knuckles on the sternum (center of the chest or rib cage), or light pinching, the person may be unconscious.
- DON'T put the person into a cold bath or shower. This increases the risk of falling, drowning, or going into shock.
- DON'T inject the person with any substance (e.g., saltwater, milk, stimulants). The only safe and appropriate treatment is naloxone.
- DON'T try to make the person vomit drugs that may have been swallowed. Choking or inhaling vomit into the lungs can cause a fatal injury.
- NOTE: All naloxone products have an expiration date, so it is important to check the expiration date and obtain replacement naloxone as needed.

STEP 6: ADDITIONAL SUPPORT

- Have the individual transported to the nearest medical facility, even if symptoms seem to get better.
- Debrief with students and staff present and assess further needs for support.
- Complete an Accident Report Form.

  Follow up with assigned school nurse for additional support.

SUSPENSION AND EXPULSION POLICY AND PROCEDURES

3110

Suspension and/ Expulsion Policy and Procedures

Amended: May 5, 2009,* February 16, 2022, *December 7, 2022, June 22, 2023, February 28, 2024, June 26, 2024, February 27, 2025

This Student Suspension and Expulsion Policy and Procedures has been established by the Board of Directors of Altus Schools Southern California in order to promote learning and protect the safety and well-being of all students at the following schools: Altus Schools Coachella Valley, Altus Schools East County, Altus Schools Mirus, Altus Schools North County, Altus Schools South Bay, Audeo Charter School II, and Audeo Valley Charter School~~Audeo II, Audeo III, Audeo Valley Charter School, Altus Schools East County , Mirus Secondary School and Altus Schools South Bay~~, (hereinafter collectively referred to as "Charter School").

In adopting this policy, the Charter School has reviewed Education Code Section 48900 *et seq.* which describe the offenses for which students at non charter schools may be suspended or expelled and the procedures governing those suspensions and expulsions in order to establish its list of offenses and procedures for suspensions, expulsions and involuntary removal. The language that follows is largely consistent with the language of Education Code Section 48900 *et seq.* The Charter School is committed to annual review of policies and procedures surrounding suspensions, expulsions, and involuntary removals, and, as necessary, modification of the lists of offenses for which students are subject to suspension, expulsion, or involuntary removal.

Consistent with this Policy, it may be necessary to suspend or expel a student from regular classroom instruction. This shall serve as the Charter School's P~~p~~olicy and P~~p~~rocedures for student suspension, expulsion, and involuntary removal, and it may be amended from time to time without the need to seek a material revision of the charter so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary policies and procedures fairly and consistently among all students. This P~~p~~olicy and its P~~p~~rocedures will be printed and distributed annually as part of the Student Handbook which will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of the P~~p~~olicy, corporal punishment does not include an employee's use

of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

The Charter School administration shall ensure that students and their parents/guardians[1] are notified in writing upon enrollment of all discipline and involuntary removal policies and procedures. The notice shall state that the policy and procedures are available upon request ~~at~~to the ~~School Coordinator~~School Administrator~~'s office~~. Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") will be subject to the same grounds for suspension and expulsion and will be accorded the same due process procedures applicable to general education students except when federal and state law requires additional or different procedures. The Charter School will follow all applicable federal and state laws including but not limited to the applicable provisions of the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian~~-~~, and shall inform the student~~,~~ and the student's parent/guardian, of the basis for which the student is being involuntarily removed and the student's parent/guardian's~~,~~ right to request a hearing to challenge the involuntary removal. If a student's parent/~~-~~guardian requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent/ guardian requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. Students may be

C. Suspension Procedure

Suspensions shall be initiated according to the following procedures:

1. Conference

Suspension shall be preceded, if possible, by a conference conducted by the School Coordinator or designee with the student and ~~his or her~~the ~~student's~~ student's parent/guardian and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the ~~School Coordinator~~School Administrator or designee.

The conference may be omitted if the ~~School Coordinator~~School Administrator or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against ~~him or her~~ the student and shall be given the opportunity to present ~~his or her~~their version and evidence in ~~his or her~~their defense, in accordance with Education Code Section
47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. Penalties shall not ~~No penalties may~~ be imposed on a student for failure of the student's parent or guardian to attend a conference with Charter School officials. At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone, by email, or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student as well as~~. In addition, the notice may also state~~ the date and time when the student may return to school following suspension. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Expulsion

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the ~~School Coordinator~~School Administrator, or designee, the student and the student's parent/guardian ~~will~~ shall be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student and ~~or~~ the student's parent/guardian, unless the student and the student's parent/guardian fail to attend the conference.

This determination will be made by the ~~School Coordinator~~School Administrator or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

4. Homework Assignments During Suspension

In accordance with Education Code Section 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

In accordance with Education Code Section 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled either by the neutral and impartial ASSC~~Audeo~~ Board of Directors following a hearing before it, or by the neutral and impartial ASSC~~Audeo~~ Board of Directors upon the recommendation of a neutral and impartial Administrative Panel to be assigned by the Board of Directors as needed. The Administrative Panel should consist of at least three members who are certificated and neither a teacher of the student nor a member of the ASSC~~Audeo~~ Board of Directors. Each entity shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense, and the Board of Directors shall make the final determination.

E. Expulsion Procedures

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the ~~School Coordinator~~School Administrator or designee determines that the student has committed an expellable offense and recommends the student for expulsion.

In the event an Administrative Panel hears the case, it will make a recommendation to the ASSC~~Audeo~~ Board of Directors for a final decision whether to expel. The hearing shall be held in confidential setting ~~closed session~~ (complying with all student confidentiality rules under the Family Educational Rights and Privacy Act (FERPA) unless the student makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian via email or other means at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

F. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

Formatted: Font: 14 pt, No underline, Font color: Accent 1

Formatted: Font: 14 pt, No underline

Formatted: Font: 12 pt

The Charter School may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five ~~calendar~~ days' notice of their scheduled testimony, (b) have up to two (2) adult support persons of their choosing present in the hearing at the time the complaining ~~complaint~~ witness testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.

2. The Charter School must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.

3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which ~~he or she~~the complaining witness may leave the hearing room.

4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.

5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.

6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany the complaining witness to the witness stand.

7. If one or both of the support persons is also a witness, the Charter School must present evidence that the witness' presence is both desired by the witness and will be helpful to the Charter School . The entity ~~person~~ presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the
complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising ~~his or her~~ their discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.

8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.

9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the student being expelled, the complaining witness shall have the right to have their testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.

10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstance can be made, the witness shall be provided notice and an opportunity to present opposition to the

introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

G. Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

H. Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Board or Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

I. Expulsion Decision

The ~~decision~~ determination of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board which ~~who~~ will make a final determination regarding the expulsion. The ~~final decision by the~~ Board of Directors shall make the final determination regarding the expulsion ~~be made~~ within ten (10) school days following the conclusion of the hearing or as soon as practical. The decision of the Board is final.

If the Administrative Panel decides not to recommend expulsion, or the Board of Directors ultimately decides not to expel, the student shall immediately be returned to their previous educational program.

The Board of Directors may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Board. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Board of Directors may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Board revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Board of Directors shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Board of Directors shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein.

J. Written Notice to Expel

Formatted: Font: 14 pt, No underline, Font color: Accent 1

The ~~School Coordinator~~School Administrator or designee following a decision of the Board to expel shall send written notice of the decision to expel, including the Board's adopted findings of fact, to the student and~~or~~ student's parent/guardian. This notice shall also include the following: a) Notice of the specific offense committed by the student; and b) Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the Charter School .

Formatted: Font: 12 pt

Formatted: Font: 12 pt

The ~~School Coordinator~~School Administrator or designee shall send a copy of the written notice of the decision to expel to the student's district of residence~~authorizer~~. M. Expelled Students/Alternative Education

Formatted: Font: 14 pt, No underline, Font color: Accent 1

Formatted: Font: 14 pt, No underline

Students who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence. Charter School shall work cooperatively with parents/guardians as requested by parents/guardians or by the school district of residence to assist with locating alternative placements during expulsion.

N. Rehabilitation Plans

Students who are expelled from the Charter School shall be given a rehabilitation plan upon expulsion as developed by the Board of Directors at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the student may reapply to Charter School for readmission.

O. Readmission or Admission of Previously Expelled Students

The decision to readmit a student after the end of the student's expulsion term or to admit a previously expelled student from another school district or charter school who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board following a meeting with the ~~School Coordinator~~School Administrator or designee and the student and parent/guardian or representative to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school environment. The School Administrator or designee shall make a recommendation to the Board of Directors following the meeting regarding ~~his or her~~their determination. The Board shall then make a final decision regarding readmission or admission of the student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The student's readmission is also contingent upon the Charter School 's capacity at the time the student seeks readmission or admission to the Charter School.

P. Notice to Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

Q. ~~**Involuntary Removal** for Truancy~~ Removal Due to Noncompliance with Independent Study Requirement

In accordance with Education Code Section 51747 and the Charter School's Board policy on independent study, after two (2) missed assignments, an evaluation is held to determine whether it is in the best interest of the student to remain in independent study. If it is determined that it is not in the student's best interest to remain in independent study, the Charter School may involuntarily remove the student after the Charter School follows the requirements of the Missed Assignment Policy and only after providing notice and an opportunity for a parent, guardian, educational rights holder to request a hearing prior to any involuntary removal as forth herein. Students who are involuntarily removed for ~~truancy~~ noncompliance shall be given a rehabilitation plan and shall be subject to the readmission procedures set forth herein.~~.~~

R. Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities

1. Notification of SELPA

The Charter School shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student that Charter School or the SELPA would be deemed to have knowledge that the student had a disability.

2. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim ~~alterative~~ alternative educational setting.

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, Charter School , the parent/guardian, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents/guardian to determine:

a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If the Charter School, the parent/guardian, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If the Charter School, the parent/guardian, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

c. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;
d. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
e. Return the child to the placement from which the child was removed, unless the parent/guardian and Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

If the Charter School , the parent/guardian, and relevant members of the IEP/504 team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent/guardian of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 USC Section 1415(k), until the expiration of the forty-five (45) daytime period provided for in an interim alternative educational setting, unless the Parent/guardian and Charter School agree otherwise.
In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, the parent/guardian or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

5. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The ~~School Coordinator~~School Administrator or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

a. Carries or possesses a weapon, as defined in 18 USC 930, to or at school, on school premises, or to or at a school function;
b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
c. Has inflicted serious bodily injury, as defined by 20 USC 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated the Charter School 's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the Charter School had knowledge that the student was disabled before the behavior occurred.
Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
b. The parent/guardian has requested an evaluation of the child.
c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If the Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.
If the Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. The Charter School shall conduct an expedited evaluation if requested by the parents; however the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.
The Charter School shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

Notification to Staff of Dangerous Students

Formatted: Font: Not Bold, No underline, Font color: Accent 1

a. The administration will inform the ~~School Coordinator~~School Administrator of information received from the court and the Probation Department. The Altus Schools South Bay ~~School Coordinator~~School Administrator shall disseminate the information to those teachers directly supervising or reporting on the behavior or progress of the student for the purpose of working with the student in an appropriate fashion, to avoid being needlessly vulnerable or to protect other persons from needless vulnerability.

b. Any information received by a teacher and administrator shall be confidential for the limited purpose of rehabilitating the student and protecting students and staff, and shall not be disseminated further by the teacher, counselor, or administrator except insofar as communication with the student, his/her parents/guardians, law enforcement personnel, and the student's probation officer is necessary to effectuate the student's rehabilitation or to protect students and staff. Unlawful dissemination of such information is a misdemeanor.

c. Any information received from the court shall be kept in a separate confidential file at the school of attendance and shall be transferred to the student's subsequent schools of attendance and maintained until the student graduates from high school, is released from juvenile court jurisdiction, or reaches the age of 18, whichever occurs first.

d. After the student graduates from high school, is released from juvenile court jurisdiction, or reaches the age of 18, the confidential record shall be destroyed.

Anti-Discrimination and Harassment Policy

~~LOITERING LAW COMPLIANCE~~:

SY 2024~~5~~-202~~5~~6

Daytime Loitering of Students in Public Places on School Days

Students who are subject to compulsory education must comply with the daytime loitering laws of their community. General guidelines are below, however, may differ slightly among communities.

- On days and times when schools are open (generally between 8:30 a.m. and 2:30 p.m.) students are not permitted to be in a public place unless accompanied by a parent or responsible adult guardian.
- On scheduled school days, students may travel to and from school without parental or guardian accompaniment.
- Students who do not comply with the local ordinances may be issued a citation or be subject to more severe consequences if multiple violations occur.

Responsibility of parents, guardians, etc. It is unlawful for the parent, guardian or other adult person having the care and custody of a juvenile to knowingly permit or by insufficient control allow the juvenile to be in violation local loitering laws.

Law Enforcement Procedures *may include*:

- Upon violation of the loitering ordinance, a peace officer may issue a citation to the juvenile and may transport the juvenile home or to the school from which the juvenile is absent. If cited, the juvenile and a parent may appear in court as directed in the citation. The parents will be warned of their responsibility and liability as the juvenile's parents/guardians.
- If a parent/guardian has been previously warned, a peace officer may issue a citation for an infraction to the parent/guardian to appear in court.
- When a parent/guardian has previously been issued a citation for an infraction, upon any subsequent violation by a parent, a peace office may issue a citation for a misdemeanor to the parent to appear in court.

Going to and From School Safely

Everyday millions of children take to the streets and roadways to get to and from school. They walk, ride their bicycles, take buses, and arrive in vehicles with one purpose — getting to and from school safely. It is important for Altus Schools South Bay students to understand safety guidelines and tips to follow to ensure their safety to and from the resource center. The following safety tips are reviewed annually with Altus Schools South Bay students and parents to help prepare all Altus Schools South Bay students for a safer journey.

1. Every Altus Schools South Bay student will have a set schedule for arrival and departure from the resource center. When a student fails to arrive for his appointment, and has not notified the school or the absence, his or her teacher will call home to ensure the student is safe.

2. Every student, parent or guest is required to sign-in and out each time he/she arrives and departs the resource center. Students, parents, and guests will have designated staff members to sign-in and out with.

3. All students will be given an official school issued photo identification card annually. Students will be required to keep the identification card on their person each time they travel to and from the resource center.

4. Students will be encouraged to always TAKE A FRIEND when walking or riding his or her bike to and from the resource center. Students should walk and ride in well-lit areas, and never take shortcuts. When walking and biking students should stay aware of their surroundings and observe all traffic rules in place to more safely share the roads and sidewalks with others.

5. Parents will be encouraged to walk the route to and from school with their children pointing out landmarks and safe places to go if they're being followed or need help. Making a map with their students and showing acceptable routes to the resource center, using main roads, and avoiding shortcuts and isolated areas is encouraged. A map will be a good guide for students who may need help finding their way.

6. If a student takes public transportation (i.e. city bus) to and from the resource center, parents will be encouraged to visit the bus stop with their student and learn the bus number. This will avoid confusion for the student about knowing which bus to ride.

7. In the event anyone bothers a student while going to or from the resource center, students will be taught to get away from that person, and **TELL** a school staff member, parent, or another trusted adult. If an adult approaches a student for help or directions, students will be trained that grownups needing help should not ask children for help; they should ask other adults.

8. Students will be directed that if anyone they don't know or a person who confuses, scares, or makes them feel uncomfortable offers a ride, say NO. Students should never hitchhike. Also, students should never accept a ride from anyone unless a parent has told them it is OK to do so in each instance.

9. Students will be directed that if anyone follows them on foot to get away from him or her as quickly as possible. If anyone follows them in a vehicle they should turn around, go in the other direction, and try to quickly get to a spot where a trusted adult may help them. Students will be advised to **TELL** a school staff member, parent, or another trusted adult what happened.

10. Students will be taught that if anyone tries to take them somewhere, they should quickly get away and yell, "This person is trying to take me away" or "This person is not my father/mother/guardian." If anyone tries to grab them, they will be taught to make a scene and every effort to get away by kicking, screaming, and resisting.

11. Students will be taught to never leave the resource center with anyone they don't know. They should always **CHECK FIRST** with a school staff member, parent, or another trusted adult. If anyone tells them there is an emergency and they want the student to go with them, the students should always **CHECK FIRST** before doing anything. Students will be taught to make sure they understand to **TELL** a trusted adult if they notice anyone they don't know hanging around the resource center.

12. Parents are encouraged to practice these safety tips with their student to make certain they really know and understand them. Make the walk to and from school a "teachable moment" and chance to put their skills to the test.

Safe Ingress and Egress Procedures

Formatted: Font: Not Bold, No underline, Font color: Accent 1

All Altus Schools South Bay staff and students shall review RC evacuation procedures including primary/alternate routes and assembly areas, assigned responsibilities, and actions to take as posted at the RC. If there is a need for evacuation from the RC, the following procedures are as follows:

- Students and staff calmly evacuate the building to designated assembly area (alternate route if primary area is closed) as displayed on posted RC evacuation plan
- Designated staff take along emergency release binder, class sign-in sheets, emergency materials specified in disaster preparedness plan
- Using class sign-sheets, staff verifies presence of all students and staff
- Staff contacts appropriate emergency units
- Staff keeps students in assembly area until further instructions are received from the EOT. No one shall reenter the building for any reason until official ALL CLEAR signal is given
- Once the ALL CLEAR is given, the ~~School Coordinator~~School Administrator or designee reenters building to ensure that it is safe and secure
- Staff and students reenter building and resume instructional/administrative activities

If the building is not safe to reenter, the reunification procedures are required:

- Staff will notify parent/guardians regarding emergency situation and procedures for verification and release of students
- When parent/guardian or designee arrives, staff will verify identity of parent/guardian or designee based on emergency release forms
- Parent/Guardian will sign form verifying that student is being released to them
- Staff will maintain documentation to ensure accountability of all students

Ensuring a Safe and Orderly Environment

Formatted: Font: Not Bold, No underline, Font color: Accent 1

Altus Schools South Bay is and will remain a safe place for students and adults.

Formatted: Font: Not Bold, Font color: Accent 1

Altus Schools South Bay staff believes that a positive climate is required if effective teaching and learning is to take place. We expect students, assisted by their parents, to meet the appointments agreed to on the Master Agreement. We expect students to complete high-quality work at the rate of one credit per month. We will make every effort to keep parents informed about the student's progress and behavior.

Discipline Procedures

Formatted: Font: Not Bold, No underline, Font color: Accent 1

All parents and students are asked to carefully read and sign the positive school discipline plan upon enrolling:

SCHOOL RULES/DISCIPLINE

Formatted: Font: Not Bold, Font color: Accent 1

- Attend school according to the schedule on the master agreement, arrive on time and return directly home after each weekly appointment.
- Complete ALL assignments as scheduled.
- Respect the authority of ALL ADULTS at Altus Schools South Bay.

SEVERE CLAUSE BYPASSES

Formatted: Font: Not Bold, Font color: Accent 1

A majority of students at Altus Schools South Bay will maintain acceptable standards, but a small percentage will find it difficult to follow our procedures. The following offenses will require immediate action:

Fighting/open rebellion	Possession or use of drugs or alcohol
Defiance/unprovoked attack	Smoking
Stealing	Vandalism
Profanity, Vulgarity, or Obscene Acts	Severely inappropriate behavior

PARENT RESPONSIBILITIES

Formatted: Font: Not Bold, Font color: Accent 1

Attendance

- Ensure that students get to their scheduled weekly appointment on time. Contact teacher if this is not possible to arrange an alternate time.
- Follow up to make sure your student is doing high quality work according to scheduled dates.
- Arrange for your student to attend appropriate tutoring sessions, seminars and field trips.
- Meet with staff when requested.

PARENTS' ROLE IN DISCIPLINE AND BEHAVIOR

Formatted: Font: Not Bold, Font color: Accent 1

Parents are expected to cooperate with school staff in maintaining and encouraging proper standards of behavior for their children. The following points may prove helpful:

- Instill in your child a sense of responsibility for what he/she says and does.
- Help him/her to solve conflicts in a peaceful manner.
- Review your own attitude about discipline and behavior.
- Make sure you communicate with the school to learn necessary facts and expected behavior.
- As a role model for your child, show respect for learning and the necessity for completing an education.

Child Abuse Reporting Procedures

All Altus Schools South Bay certificated teachers, classified employees, and administrators are required to report suspected child abuse. An in-service, which provides awareness and training, will be given annually to Altus Schools South Bay employees.

As stated in the California Penal Code, Section 11164-11174.3, "Mandated reporters shall make an initial report to the agency immediately or as soon as is practicably possible by telephone and the mandated reporter shall prepare and send, fax, or electronically submit a written follow-up report thereof within 36 hours of receiving the information concerning the incident."

A report may be done for any reason. The criterion is that a **reasonable** suspicion of an abuse/neglect situation either has occurred and/or exists. Each staff member is a mandated reporter. A report may not receive immediate action if it is a non-emergency situation. However, it will add to the documentation should other events occur.

Discuss **ALL** situations at the time of occurrence with the ~~School Coordinator~~School Administrator or designee.

If it is unsafe for the student to leave/go home, please call the local police department for further assistance and instructions.

If the staff and/or student(s) are threatened or in danger, call 911 immediately.

Emergency Notification Information

Formatted: Font: Not Bold, No underline, Font color: Accent 1

Often, the first action to occur as an emergency incident is unfolding is the need to alert or warn others. The primary or alternate Incident Commander should notify the Police. Once notified, the Police will begin dispatching public safety services to assist the Incident Commander, pursuant to their procedures.

The very next action to occur is the need to alert or warn school staff. Methods for notifying staff include: Telephone – Landline and/or cellular, Radio, Runners – staff and/or students, or Handheld Air Horns or Bull Horns.

The method utilized will depend upon the circumstances of the emergency and the resources available at this RC.

The police will conduct an initial assessment based on available information. The police will advise the Incident Commander of the recommended actions to be taken.

As services are being dispatched to assist, the Incident Commander will begin to gather and direct resources as necessary to address the emergency or disaster at hand. The following external and internal contacts may be of assistance:

Emergency Resource Information

Emergency Disaster Kit

This resource center maintains one kit. The kit(s) are located; Janitorial Closet

The Emergency Disaster Kit stores necessary resources for an RC incident command. This kit should not be confused with the Crisis Response Box, which is carried out of the RC to a Public Safety Incident Command Post. School personnel should use the items contained within the kit to manage their incident command. The following equipment and supplies are stored inside the Emergency Disaster Kit:

- ☑ Handheld Air Horns – recommend a minimum of five (Incident Commander & Chiefs)
- ☑ Bull Horn – recommend a minimum of one
- ☑ Batteries – recommend a minimum of two sets for bull horn, flashlights, emergency radios and walkie- talkies)
- ☑ Flashlights – recommend one per Incident Command Team member (17) (Search & Rescue Team and First Aid and Medical Team requirements listed separately.
- ☑ Walkie-Talkies – recommend a minimum of five (Incident Commander & Chiefs)
- ☑ Duct Tape – recommend a minimum of two rolls used for marking blank vests.
- ☑ Rosters - recommend a minimum of one set per room sorted by alphabet
- ☑ Steno Pads (5x7) – recommend one per Incident Command Team member (17)
- ☑ Pencils & Pens - recommend one each per Incident Command Team member (34)
- ☑ Copies of Forms
- ☑ Chalk - recommend twenty-five sticks, red in color
- ☑ 3x5 Cards – recommend one hundred
- ☑ Department or Placards
- ☑ First Aid & Medical Team Supplies
- ☑ Search and Rescue Team Supplies
- ☑ Vests for Key Personnel – recommend a total of 17 for Incident Command Team members

All Emergency Disaster Kits and their contents are the responsibility of the Incident Commander. The Incident Commander will conduct annual inspections in October of each year. The responsibility to inspect and replace non-operating equipment and supplies belongs to the RC. The responsibility to delegate the transport the Emergency Disaster Kit to an activated RC Command Post belongs to the following individuals:

Primary: **Incident Commander**
Alternate: **Operations Chief**

Crisis Response Boxes

Formatted: Font: Not Bold, No underline, Font color: Accent 1

This resource center maintains 1 Crisis Response Box.

Formatted: Font color: Accent 1

The Crisis Response Boxes are located: Janitorial Closet and each Safety Team Member

Formatted: Font color: Accent 1

The Crisis Response Boxes are a file folder- type boxes. The boxes are clearly labeled and contain vital information needed by the Incident Command Team and Public Safety Incident Commander (in the event a public safety incident command post is established). The following information is stored inside each box:

- ☑ Current copy of the Emergency Plan which should include RC evacuation procedures, including staging locations. Also included should be an aerial photo including all **new** structures, electric, gas, water cable, telephone, intrusion and fire alarm shutoffs, resource center numbers, gate openings for vehicles/pedestrians and all fire hydrants that have been added to accommodate these new structures.
- ☑ Current map of resource center layout. Map must show **all** buildings, RC numbers, and evacuation routes.
- ☑ Most current blueprint (architectural drawings).
- ☑ Current roster of students and staff assigned to the RC, as well as issues pertaining to special needs students. These rosters will be in alphabetical order for staff and students. Student roster must be in alphabetical order, divided by grade level and have emergency contact/release information.
- ☑ A list of the RC's staff skills including language translation, specialized training, and emergency equipment carried in vehicles.
- ☑ If available, current student photos on CD-ROM or most recent yearbook.
- ☑ Telephone numbers listed in numerical order for each RC/building.

Maintenance of the Crisis Response Boxes and their contents is the responsibility of the Incident Commander. The responsibility to inspect and replace information belongs to the RC.

The responsibility to carry the box to an activated Public Safety Incident Command Post belongs to the following individuals:

Primary: **Incident Commander**
Alternate: **Operations Chief**

Emergency Quick Reference Guide

This document, often referred to as the "Emergency Quick Reference Guide" is a red, white and blue quick flip-type reference chart that provides basic guidelines for emergencies. Each resource center ~~and office~~ has been equipped with a copy of the guide. The guide provides basic direction for teachers and staff in the event of an emergency. All staff should familiarize themselves with the content annually.

Emergency Operations Overview

The protection of lives shall be the primary priority of all emergency operations and procedures. The protection of property shall be secondary to life safety. The emergency procedures within this Plan are designed to facilitate life safety through the use of simple, basic procedures based on the Standardized Emergency Management System (SEMS) and the National Incident Management System (NIMS) that utilize the Incident Command System (ICS) as the basic response management structure.

Disaster Service Workers

California Government Code, Chapter 8, Section 3100 states: "…all public employees are hereby declared to be disaster service workers subject to disaster service activities as may be assigned to them by their superiors or by law." In accordance with these provisions, all staff members are considered "disaster service workers" during emergencies and must remain at the school to carry out assigned responsibilities. School staff should be familiar with emergency procedures and any assigned responsibilities. During an emergency, staff will serve on response teams and implement response procedures. If a teacher has been assigned to an Incident Command Team position in the following list, the teacher will first ensure the safety of the students and accompany the students to the Assembly Area (also known as the "Evacuation Area"), where the students will be reassigned to another teacher. The teacher will then carry out their assigned Incident Command Team responsibilities.

Plan Maintenance

The Incident Commander is responsible for the maintenance of this plan. The Emergency Plan is Criterion 2 of California's mandated Comprehensive Safe Schools Plan. The School Safety team is responsible for annual plan review. The Emergency Plan will be maintained on a secured intranet with "read only" access to the Incident Command Team and revision access to the School Safety Team.

Training & Exercises

Formatted: Font: 14 pt, No underline, Font color: Accent 1

Training is a key component to ensure successful emergency operations. The adage "people will do what they have been trained to do" is consistently proven in actual emergencies. Exercises allow "people" to practice what they have been trained to do and improve their skills for an actual emergency.

The Incident Commander will coordinate annual training for all staff on the basic emergency procedures of this plan. All new staff assigned to the RC will receive basic training within 30 days of assignment. Basic training can simply involve knowledge of basic SEMS and ICS protocols, key evacuation locations, parent reunification locations, and the location of related resources. Members of the Incident Command Team will receive additional training specific to their duties every year by the School Safety Team.

The Incident Commander will coordinate annual exercises for all staff as outlined in the Emergency Procedures section.

Incident Command Team Overview

Formatted: Font: Not Bold, No underline, Font color: Accent 1

According to ICS, the size of the organization (i.e. number of positions) will vary depending on the operational needs of the incident. In some cases, one individual may be able to fill more than one "position". (Example: in a small incident the School Principal oftentimes serves as the Incident Commander and the Public Information Officer.)

Only under very unusual conditions will all of the positions identified below be activated and fully staffed. To that extent, the Incident Commanders have been encouraged to "cluster" certain same-section positions, if the workload allows. The Incident Commander could assume the Safety Officer, Public Information Officer, and Liaison Officer duties. The Planning & Intelligence Chief could assume the Documentation and Situation Analysis duties.

Incident Command Team Assignments

Formatted: Font: 14 pt, No underline, Font color: Accent 1

Key staff will be pre-assigned to the Incident Command Team and have specific duties during emergencies. These duties include:

- Incident Commander – responsible for overseeing emergency operations. Typically, also assumes responsibilities of the Safety Officer, Liaison Officer, and Public Information Officer duties

  Formatted: Font: Not Bold, Font color: Accent 1

  - **Safety Officer** - ensures that all activities are conducted in as safe a manner as possible
  - **Public Information Officer** – acts as official spokesperson for the RC in an emergency situation, until the Communications Officer is available
  - **Liaison Officer** – serves as the point-of-contact for agencies outside of the school.
- Operations Chief – manages direct response to the RC emergency

  Formatted: Font: Not Bold, Font color: Accent 1

  - **Resource Center Check & Security** – controls utilities, restricts access to unsafe areas, provides traffic control, and communicates damage to Incident Commander
  - **Search & Rescue Leader and Team** – checks RC for damage, rescues victims, and reports RC conditions
  - **First Aid & Medical Leader and Team** – provides medical response including CISM (Critical Incident Stress Management)
  - **Student/Parent Reunification**
    - **Assembly Area** – ensures the care and safety of all students at the RC (except those in the Medical Treatment Area)

        - **Request Gate** – processes requests by parents or authorized adults for release of students
        - **Release Gate** – releases student to parent or authorized adult
- Planning & Intelligence Chief – in charge of collection, evaluation and documentation of information about the incident
    - **Documentation** – collects, evaluates, and documents event
    - **Situation Analysis** – assesses the overall incident
- Logistics Chief – provides facilities, services, personnel, equipment and materials to support response – includes food and transportation services
    - **Supplies, Facilities, & Staffing** – provides supplies, equipment and staffing to support response
- Finance & Administration Chief – tracks purchases, staff hours, costs, and student accountability

In the event of an emergency, a Command Post will be established by the Incident Commander. Incident Command Team members will be informed of the location upon activation.

The Emergency Roles and Responsibilities Section (Section Four) of this plan provides checklists for each of the above assignments. The Incident Command Team will report to the Incident Commander at the Command Post. Any staff may be assigned to assist each of the above positions depending upon the circumstances and demands of the incident and care of the students and staff.

It's important that the Incident Command Team refer to both the School Emergency Procedures and Emergency Quick Reference Guide for command directives and clarifications.

SECTION THREE

EMERGENCY PROCEDURES

Resource Center Evacuation Procedure

Notification

The Incident Commander is responsible for notifying the Incident Command Team when an evacuation is necessary.

If evacuation is required, but an alternative method of notification is required (e.g. a received credible bomb threat), then notification can be made by announcement, telephone or runners. This method reduces the level of anxiety and potential panic.

Exiting Buildings

The Incident Commander is responsible for ensuring that staff and students are aware of designated exit routes from the building. Appropriate maps and directions are posted near each door to ensure that occupants are aware of the possible exits. Each resource center has developed plans for ensuring that all staff/students receive evacuation notification and are moved to a pre-designated evacuation location. All staff will be trained to conduct rapid visual and verbal "sweeps" of their assigned areas to ensure that no one is left behind.

The responsibility to ensure maps and directions are posted, as well as appropriate training delivered, belongs to the following individuals:

Primary: **Incident Commander**
Alternate: **Operations Chief**

Persons with Disabilities

Formatted: Font: Not Bold, No underline, Font color: Accent 1

Formatted: Font: Not Bold, No underline

In emergencies, persons with disabilities may need special assistance in evacuating to the designated location. The Incident Commander is responsible for pre-identification of persons with disabilities who may need assistance and assigning staff to assist them. Persons with disabilities or other staff who may need special assistance in an evacuation situation are responsible for ensuring that their Department Head is aware of their needs for assistance.

Because of the volume of foot traffic that can be expected through stairways and corridors in a building during an evacuation, there must be an area of rescue assistance established aside from the main flow of foot traffic. Such an area must be clearly marked so disabled individuals know where to go for refuge in a critical time.

The responsibility to determine disability needs, assign appropriate staff and ensure proper resources for evacuation and reunification belongs to the following individuals at this RC:

Primary: **Incident Commander**
Alternate: **Operations Chief**

Return to Resource Center

The Incident Commander, in consultation with the Public Safety Incident Commander, if necessary, will determine when individuals can return to the resource center.

Lockdown Procedure

Emergency Lockdown Procedures

If an emergency situation near an Altus Schools South Bay RC endangers student or staff safety,

***Lockdown the Resource Center*.**

FIRST: Follow the ~~below lockdown procedures~~lockdown procedures below and notify a Safety Committee Member immediately.

During a lockdown, several security measures will take place:

1. A teacher or designee will declare **"this is a lockdown"** alerting staff and students in a calm manner.
2. All students and staff remain in their RC ~~or offices~~.
3. All RC doors and windows are to be closed and locked.
4. All window blinds should be drawn or closed.
5. A staff member will activate "STAY" function on ADT/~~Protection One~~Everon Security Alarm Panel.
6. Safety Ambassador or designee will call/email Executive Safety Committee.
7. A staff member will take a head count of ALL persons in RC/building
8. A staff member will use the attached Sign In sheet for ALL persons on location.
9. All lights should be turned off (as needed)
10. A member of the Altus Schools South Bay Safety Committee will communicate and work directly with the Resource Center Safety Ambassador and/or designee.

~~10.~~

ONE TO ONE COMMUNICATION. NOT EVERYONE NEEDS TO CALL.

11. *No one is permitted to leave and no one, including a parent, is allowed in the RC.*
12. Students and staff will remain quiet and calm.
13. All individuals should seek immediate cover under desks or tables and remain low to the ground and away from windows or doors as needed.
14. First aid will be rendered by staff as necessary.
15. Resource Center staff should defer media statements to the Communications Department.

Only a member of the Altus Schools South Bay Safety Committee may lift a lock down.

Persons who may activate ~~a RC~~an RC lockdown:

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

Formatted: Font: 14 pt, Not Bold

- Any member of a school staff or community safety support (Police, Fire, Mall Management, etc.) may declare a lockdown.

Conditions in which to activate a school-wide or RC specific lockdown may include, but not limited to:

- Authorities inform the school or RC of a dangerous situation in close proximity to the facility.
- The immediate pursuit of a dangerous suspect.
- The execution of a high-risk search or arrest warrant.
- A large-scale enforcement operation involving potentially dangerous suspects.
- Someone with a weapon is en route to a RC.
- Gunshots are heard nearby.
- An act of terrorism.

BEST PRACTICE: enroll your work email on local media news alerts for your area.

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

Should a lockdown occur, parents should be aware of the following:

- Remain calm as school and local authorities manage the situation.
- If a lockdown lasts for an extended period of time, or goes beyond dismissal time, students will not be allowed to leave until recommended by the appropriate authorities. School staff will attempt to notify parents by phone.
- Parents may be required to pick up children from the RC or another designated staging area, once it is determined to be safe to do so.
- Parents will be required to present identification.
- The reunification location will be given to parents over the phone, if possible.
- Students and parents are reminded that during an emergency situation, cellular locations may be overwhelmed due to a high volume of calls. It is critical that text messaging and cell phone use be kept to a minimum so that emergency services have priority to assist the students and staff at the RC.

Following Lockdown:

- The Safety Ambassador for the RC will fill out and submit to Angela Neri within 24 hours:
    - Lockdown Incident Report Form
    - Emergency Sign-In Report
    - Emergency Student Sign Out Report

- The Safety Committee will convene within 72 hours to debrief
- The Safety Ambassador Coordinator will keep a record of all occurrences.

Parent Notification & Reunification Procedure

Formatted: Font: Not Bold, No underline, Font color: Accent 1

Following a lockdown or other emergency action, there may be a need to reunite students with parents. This is often a difficult and somewhat chaotic event, requiring planning and resources. The following procedure was developed to limit chaos and ensure a safe reunification of students with their parents or legal guardians.

Notification

Formatted: Font color: Accent 1

In the event the ~~School Coordinator~~School Administrator determines students are to be released from school, or that notification of parents/guardians is warranted, he/she will first notify the Director of Operations & Technology. A collaborative effort will begin to notify parents/guardians of the unification effort using information provided on student's emergency contact cards, as well as information available within the school's student database.

Reunification

Formatted: Font color: Accent 1

Reunification will generally occur from the location pre-identified as the meeting evacuation point. Staff and law enforcement will be stationed at one central point, where all students will enter and exit the unification location. Incident Command Team members will use school attendance and emergency card information to check in and out students.

The responsibility of reunification, determining needs, assigning appropriate staff, and ensuring proper resources for reunification belongs to the following individuals at this RC:

Primary: **Incident Commander**
Alternate: **Operations Chief**

Earthquake Procedure

Earthquakes often occur without notice and generally have after-shocks which are just as dangerous as the initial quake. Building evacuation will generally occur following a major earthquake due to potential dangers of fires or explosions. The following earthquake information pertains to this RC.

Notification

Give the command to "Drop, Cover, and Hold" at the first indication of shaking ground.

Attempt to gain safety under tables, desks, or other supporting objects. Consider holding onto the supporting object to keep it over your body. If in a hallway, move to an inside wall and stand in the doorway.

Remain away from windows to avoid falling glass, and away from large objects that may fall upon your person.

Extinguish any flames and turn off power to equipment and electrical appliances if possible. Turn off gas valves as well.

Hold undercover for at least two minutes to assess damage and injuries while waiting for the first aftershock to occur.

After the first aftershock, activate your evacuation procedures after confirming the path and destination are safe.

Do not return to the inside of any building until emergency personnel has checked the buildings for safety.

Structural Failure

Give the command to evacuate the affected building or area and secure the premise to prevent entrance by others.

Advise the ~~School Coordinator~~School Administrator of the situation. Contact the Director of Operations & Technology at (619) 778-3491.

Upon arrival of emergency personnel, coordinate to evaluate known information and decide upon a course of action to render the situation safe.

Fire Procedure

Fires often occur without notice and can spread quickly if not addressed. Building evacuation will generally occur following a fire notification due to potential dangers of burns and smoke inhalation. The following fire information pertains to this RC.

Notification

Notify your ~~School Coordinator~~School Administrator. If possible, quickly assess the location and size of the fire to determine an appropriate evacuation action.

Alert all staff and students of the fire location and condition – activate your fire alarm system to sound the alarm.

Begin evacuation procedures for everyone to an appropriate assembly area. Remember to move individuals away and upwind from the hazard.

Call the Fire Department ("9-1-1") or notify Director of Operations & Technology by calling 619-778-3491. The Director of Operations & Technology will handle notifying the proper emergency and communications personnel.

Render first aid as needed. Be sure to notify the Director of Operations & Technology of injuries.

Activate specific components of your emergency plan as appropriate.

Supervise the evacuation and ensure all rooms and unsafe areas are evacuated. Check to ensure accountability for all staff and students. Maintain control of evacuees at the assembly area until the situation is under control.

Have some staff standing by the entrance to direct responding fire personnel to the fire location.

Upon arrival of emergency personnel, coordinate to evaluate information and decide upon a course of action to either return to the RC or arrange for an early dismissal.

Best Practice Considerations for Schools in Active Shooter and Other Armed Assailant Drills

The National Association of School Psychologists and the National Association of School Resource Officers have partnered to provide this guidance on armed assailant training, with input from Safe and Sound: A Sandy Hook Initiative and the ALiCE Training Institute. This document provides guidance on the important factors schools must take into account when considering and conducting armed assailant drills.

OVERVIEW

A. Response to armed assailants has focused on implementing a school lockdown. Recently, discussion has emphasized options-based approaches, which sometimes include the "Run, Hide, Fight" model.

~~A.~~

B. Armed assailant drills have both benefits and concerns associated with their implementation.
   - Armed assailants in schools account for only 1% of homicides among school-age youth; schools must balance costs and benefits when allocating crisis preparedness resources.
   - Such drills have the potential to empower staff and save lives, but without proper caution, they can risk causing harm to participants.
   - Available research supports the effectiveness of lockdown drills carried out according to best practices, but research is still needed on the effectiveness of armed assailant drills.

DRILL APPROACHES AND PLANNING

A. Traditional lockdowns should remain the foundation of an options-based approach to active assailant training, which allows participants to make independent decisions in evolving situations.

~~A.~~

B. Exercises should be considered in a hierarchy with simple discussion-based exercises before complex operations-based drills are practiced.

~~B.~~

C. Schools should keep simulation techniques appropriate to the participants' developmental maturity.
   - Inform participants of the use and purpose of props and simulation aids prior to the drill.
   - Using Airsoft guns as simulation aids requires careful safety measures and opt-out opportunities.

D. Regular practice helps participants develop readiness and quickly access and apply knowledge.

DEVELOPMENTAL AND MENTAL HEALTH CONSIDERATIONS

A. Children model their reactions on adult behavior, so effective drills should result in staff who inspire calm and confidence in students.

B. It is critical that participation in drills be appropriate to individual development levels, and take into consideration prior traumatic experiences, special needs, and personalities.

~~B.~~

C. School-employed mental health professionals should be involved in every stage of preparation.

- Prior to the drill, staff should be trained to recognize common trauma reactions.
- Adults should monitor participants during the drill and remove anyone exhibiting signs of trauma.
- After completion, staff and students should have access to mental health support, if needed.

•

D. Participation should never be mandatory, and parental consent should be required for all students.

~~D.~~

E. If staff chooses to opt-out of intense drills, they should receive comparable, less intense instruction.

STEPS FOR CONDUCTING SAFE, EFFECTIVE, AND APPROPRIATE DRILLS

1. Create a school safety team (including an administrator, a school mental health professional, a school nurse; security personnel, teachers, and parents) that also coordinates with local law enforcement and emergency responders.

~~1.~~

2. Conduct a needs assessment of the school community.

~~2.~~

3. Implement a cost–benefit analysis that considers all emergency preparedness needs and options.

~~3.~~

4. Tailor drills to the context of the school environment.

~~4.~~

5. Create a plan of progression that builds from simplest, lowest-cost training; identifies obstacles and goals; and establishes a timeline.

~~5.~~

6. Prepare for drill logistics that ensure physical and psychological safety as well as skills and knowledge acquisition.

~~6.~~

7. Develop a communications plan that gives all participants advance warning and the ability to opt out and/or provide feedback.

~~7.~~

8. Establish a long-term follow-up plan to support sustainability that includes assessing ongoing and/or changing preparedness training needs.

Active Shooter and Other Armed Assailant Drills

INTRODUCTION

The National Association of School Psychologists (NASP) and the National Association of School Resource Officers (NASRO) represent key members of school safety and crisis teams. We are committed to supporting school communities' understanding and implementation of best practices related to school safety, school mental health, and crisis prevention and response. We have partnered to provide this guidance on armed assailant training, with input from Safe and Sound: A Sandy Hook Initiative, a nonprofit organization of parents, educators, and other members of the school community, and the ALiCE Training Institute, a for-profit company that provides active shooter training.

Critical elements to effective crisis preparedness and response of any kind are a common understanding of purpose and procedures among all participants, a respect for each other's roles and perspectives, and a shared commitment to ensure the safety and well-being of all members of the school community. Our common goals in this document are to provide best practice information to help schools determine to what extent they need armed assailant training and to conduct trainings that make best use of resources, maximize effectiveness, and minimize physical and psychological risks. Importantly, this document is not intended to provide specific guidance on *how* to conduct active assailant drills but rather to provide guidance on many of the issues that must be considered when planning for and implementing such training. The specifics of any training should be determined at the local level by appropriately trained school leadership, school safety and mental health personnel, and law enforcement.

Please note that the appendices in this document contain very important decision-making information. They are referenced within and at the end of the document.

PART I: OVERVIEW

Schools have a responsibility to protect the physical and psychological well-being of their students and staff. This includes creating positive school climates, preventing negative behaviors such as bullying and harassment, and being prepared to respond to potential threats such as weather emergencies, fires, and acts of violence. Effective crisis planning, prevention, response, and recovery capabilities are essential for schools to meet this responsibility (Cowan, Vaillancourt, Rossen, & Pollitt, 2013). Although situations involving an active, armed assailant on school property are extremely rare, schools are increasingly considering how to best prepare for and respond to this type of event.

According to the U.S. Department of Homeland Security (2008) and the Federal Bureau of Investigation (Blair & Schweit, 2014) an *armed assailant* is defined as an armed person who attempts to use deadly force on others, typically in a confined and populated area. The term

active shooter refers to those assailants who use firearms, as opposed to knives or other weapons. Some U.S. states have mandated active shooter drills for schools but have offered little to no guidance on proper implementation.

Schools should plan for the rare possibility of an armed assailant as part of a comprehensive crisis/emergency preparedness effort; however, the nature and extent of those preparedness activities should be based upon a risk assessment of the crisis events a given school is most likely to confront.How this training is conducted must carefully account for students' developmental levels, school culture and climate, and features specific to each school community (such as geography, weather, crime, and environment). While one of the primary goals of crisis preparedness is to develop a sense of empowerment and control, armed assailant drills not conducted appropriately may cause physical and psychological harm to students, staff, and the overall learning environment. It is critical that administrators, school-employed mental health professionals, school resource and police officers, and crisis team members work closely together to carefully develop a staff and student training protocol that follows the best practice considerations outlined below.

A. Background

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

The 1999 shootings at Columbine High School ushered in heightened attention to the need for schools—and law enforcement—to be better prepared to respond to armed assailant situations. Subsequently, schools focused primarily on lockdown practices, while law enforcement focused on improving tactics to find and stop the assailant as quickly as possible. In 2013, the U.S. Department of Education recommended expanding the lockdown-only approach for schools (i.e., confining students and staff to their rooms) to an options-based approach that allows school staff to make more independent decisions about how to protect their students depending on evolving circumstances (e.g., evacuate the building rather than stay locked in a RC). These approaches include adapting the "Run, Hide, Fight" model that was originally developed for adults in response to workplace violence. This expansion has spurred a range of approaches to armed assailant training and an increase in the number of schools conducting drills with varying degrees of intensity and involvement of school staff and students. In some instances, drills are conducted with insufficient consideration of the potential psychological impact or appropriateness of a particular drill based on the developmental level or psychological risk factors of participants.

B. Benefits and Concerns Associated with Armed Assailant Drills

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

Costs versus benefits. School-associated homicides are extremely rare, accounting for less than 1% of all homicides among school-age youth (Robers, Kemp, Rathbun, & Morgan, 2014). While an attack by an armed assailant on school grounds is possible—and devastating if it happens—it is not as probable as other types of crisis events. Schools must consider the cost of some types of drills (e.g., full scale simulations), and whether investment in them will reduce

Formatted: Font: 12 pt, Not Bold, Font color: Accent 1

Formatted: Font: 12 pt

resources available for other critical safety preparation activities such as first aid training, environmental design measures, and staff development focused on more comprehensive school safety preparedness.

Empowerment versus potential harm. The primary purposes of an armed assailant drill are to provide law enforcement and relevant school leadership and staff the opportunity to practice skills and protocols and to identify and correct areas of weakness in knowledge, communication, coordination, and decision-making. The goal is to empower participants and save lives and prepare professionals and staff for this role and responsibility. As the focus of such drills expands to include all staff and students, the potential for causing harm to participants expands as well. The level of drill intensity (e.g., use of loud gun fire and airsoft guns), extent of warning that a drill will occur, and whether participation is required or voluntary may affect reactions to the experience. Additionally, an individual's cognitive and developmental levels, personality, history of adverse or traumatic experiences, and psychological makeup are among the many factors that influence the potential for harm.

It is essential to include parents in discussions of their child's developmental level, education, and readiness for armed assailant drills. Highly sensorial armed assailant drills for students in preschool and elementary learning environments are not recommended. Any such drills should be conducted using age appropriate simulation stimuli (e.g., the sound of gunshots near a preschool room would not be appropriate).

Available research. Practicing disaster response procedures has been found to increase the probability of adaptive behavior during a crisis (Jones & Randall, 1994; Miltenberger et al., 2005). Specifically, lockdown drills implemented according to best practices have been suggested to increase knowledge and skills of how to respond appropriately without elevating anxiety or perceived safety risk (Zhe & Nickerson, 2007). However, at present there is no empirical research regarding school-based armed assailant drills.

Potential lawsuits. The manner in which some armed assailant drills (e.g., unannounced) have been conducted in the workplace has led to lawsuits imposed on employers due to psychological and physical harm sustained by some participants (Frosch, 2014). Schools need to determine to what extent advanced armed assailant drills are necessary and carefully construct these drills to avoid physical and/or psychological harm. Regardless of the projected benefits and perceived concerns, the fact remains that armed assailant drills are uncharted territory for schools. Schools that decide to conduct a drill should use a multidisciplinary safety team (including parents) that educates and trains all participants in relevant curricula and protocols. With careful planning, data collection, and continual review of these programs, schools can begin to develop an approach that minimizes negative effects and improves preparedness.

PART II: DRILL APPROACHES AND PLANNING

A. Traditional Lockdown Versus Options-Based Drills

Lockdowns have been the standard approach for the school response to threatening situations for nearly two decades. Lockdowns involve locking the door, moving students out of sight, and requiring students to remain quiet within the room. Lockdowns should continue to be included in any options- based approach to active assailant training.

Options-based drills provide students and staff with a range of alternative strategies to save lives, and the permission to use them, depending on the situation. For instance, the nature of the threat, time of day, and the location of students interact to affect the best options. The premise of options-based drills is to allow participants to make independent decisions including when and whether to evacuate, barricade RC doors, or as a last resort, counter the attack of the armed assailant. As with other safety drills (e.g., fire or tornado), it is important that options-based drills take into account the developmental levels of students as well as the physical layout of the school campus (e.g., ease of access to outside doors and proximity of places to hide other than a resource center).

B. Hierarchy of Education and Training Activities

Crisis preparedness exercises and drills should be conducted in a progression of steps that begin with basic activities and progress to more advanced drills and exercises as needed (with advanced simulations being a more advanced type of crisis preparedness activity). Schools should start with simple, low-cost, discussion-based exercises (e.g., introductions to crisis responders, orientation activities, use of instructional media, or tabletop drills) and, if the school safety team determines it appropriate, work their way toward more complex and expensive, operations-based exercises (e.g., walk-throughs, specific emergency drills, and crisis simulations; NASP, 2013; U.S. Department of Education, 2006a). ***Appendix 1 summarizes this hierarchy of activities and provides an example of how armed assailant preparation could occur at each level.***

C. Simulations and Simulation Techniques

Many schools are also using or considering simulation exercises. Simulations require that participants are provided with real time information and stimuli (e.g., simulated gunshots, PA announcements, and electronic communications) to determine the movements of an armed assailant in order to make the best decisions. It is important that simulation drills are preceded by extensive prior education and preparation, and consideration for individual readiness. For some participants, this intense exposure and practice may empower them with experience, options, and a sense of control. For others, this type of drill may be emotionally traumatic

(Frosch, 2014).

If a school deems it necessary to simulate an armed assailant, safety teams should carefully consider the number of different strategies for simulation during a drill, taking into account developmental age and readiness of staff before determining what techniques are most appropriate.

Drills utilizing props and simulation aids. Props and other aids may be used to simulate a weapon, gunfire, or other desired circumstances that are associated with an armed assailant event. In advance of any drill, participants must be aware of the prop's purpose and potential presence, particularly when the purpose of the prop is not obvious. For example, the use of an air horn, or other prop to simulate gunfire, may traumatize participants if they have not been instructed on the prop's purpose in advance of the drill.

Airsoft as a simulation aid. Airsoft guns (simulated weapons that shoot plastic BBs) may be used as a simulation aid during armed assailant drills. Caution must be exercised to ensure the safety of all participants prior to any drill involving airsoft guns. The authors of these guidelines have received anecdotal reports from school professionals of armed assailant drill participants being physically harmed from the use of simulation aids. In addition, for those with trauma histories, involvement in a highly sensorial armed assailant drill could trigger strong psychological reactions. Thus, to mitigate potential physical or psychological harm, opt-out opportunities should be offered to all participants after being fully informed about the drill.

B. Considerations

Schools must carefully consider the decision-making protocol for people to engage in a strategy other than lockdown. For instance, run/escape may lead to safety for some, but it might inadvertently lead to danger for others as students unknowingly "escape" into the path of an unknown assailant, expose them to the sight of injured or dead classmates and teachers, or result in students trampling each other to get to the exit door. These concerns need to be addressed when planning and practicing active assailant drills. Students should be taught to first and foremost follow the direction of their teacher, and how to make decisions if that teacher is incapacitated. Helping students and staff understand the decision-making criteria is crucial. It is also important to consider the special needs of students with disabilities, both in terms of a drill and the expectations for their functioning in the event of real emergency (U.S. Department of Education, 2006b).

C. Regular Practice

As part of the initial planning process for crisis preparedness, schools should identify how to integrate and reinforce the concepts taught during the drills. Introductions, orientations, walk-throughs, and tabletop exercises should continue to be integrated into yearly crisis preparation activities so learned skills are refreshed and rehearsed.

Frequent and varied practice, training, and discussion activities aid the development of readiness, providing staff and students the means to quickly access and apply their knowledge.

PART III: DEVELOPMENTAL AND MENTAL HEALTH CONSIDERATIONS

Formatted: Font: 14 pt, Not Bold, No underline, Font color: Accent 1

Formatted: Centered

A. Impact of Adult Behavior on Children's Behavior

Formatted: Font: Not Bold, Font color: Accent 1

The behavior of an adult in an emergency directly affects the physical and psychological safety of students in crisis. Therefore, the effectiveness of armed assailant drills relies on educating and training adults carefully, responsibly, and continually. Students look to faculty and staff—the designated trusted adults—for direction and guidance. When adults are well-trained and stay calm, the students will follow and gain confidence and ability.

Formatted: Font: 12 pt

B. Developmental Levels of Safety Awareness

Formatted: Font: Not Bold, Font color: Accent 1

If schools opt to conduct an options-based or more advanced armed assailant training, it is critical that those planning and facilitating the training consider the cognitive and emotional development of all those involved. Safety and security professionals (e.g., SROs, police officers) often have a leadership role in conducting drills but must work collaboratively with school administration and school-employed mental health professionals in joint planning to ensure best practice guidelines are followed. Schools, educators, and parents are encouraged to adapt policies and training programs that consider their unique situations. Grade levels are not an absolute determinant. Individual levels may vary greatly due to cultural, educational level, and personal profiles within a community. It is also imperative that schools consider the individual psychological backgrounds, previous trauma experiences (including community trauma history), special needs, and personalities of students and staff. Regardless of training level, some individual personality types are better able to respond assertively than others in moments of crisis. Each level has a corresponding age range and examples of appropriate types of activities and instructions to provide general guidance when preparing for an armed assailant training.

Formatted: Font: 12 pt

C. Mental Health Support and Considerations

Formatted: Font: Not Bold, Font color: Accent 1

School-employed mental health professionals should be a part of all stages of armed assailant drill preparation.

Formatted: Font: 12 pt

Before an armed assailant drill or simulation, Drills may lead to stressful or traumatic reactions. If the drill will be a sensorial experience with, for example, simulated gunfire

Formatted: Font: 12 pt, Not Bold, Font color: Accent 1

Formatted: Font: 12 pt

or individuals being tackled by the assailant, then participation should never be mandated for staff or students. Staff should also be taught to recognize common trauma reactions to help identify when a student, fellow staff member, or him/herself needs to be removed from the drill. Additionally, drills should be conducted early enough in the day to allow for debriefing participants afterward and assessing any adverse reaction

During an armed assailant drill or simulation, Educators must monitor the reactions of themselves, each other, and students during the drill and have a means to quickly notify drill coordinators if a person exhibits physical (e.g., asthma or panic attack) or emotional (e.g., hysterical) reactions. Such reactions would necessitate removal from the drill and immediate support. School-employed health and mental health professionals must be present during the drill and available for assistance.

After an armed assailant drill or simulation. Emotional or physical reactions can be delayed following a highly intense simulation drill. School staff and students should have access to school- employed mental health professionals after the event to provide additional assistance if needed.

D. Parent Consent

Participation in an armed assailant drill should never be required for students or staff. Parent consent can come in the form of:

- Parent permission – parents return a permission slip allowing their child to participate.
- Passive consent – parents return a form only if they do NOT want their child to participate; no form returned implies permission.
- Parent notification – parents are notified, but no consent form is used; thus, schools assume participation is granted unless parents assertively state otherwise.

E. Balancing Staff Opt-Out with the Need for Universal Preparedness

It is important to have all staff operating with the same understanding in an emergency situation. In cases where staff opt-out of a more advanced armed assailant drill, schools should provide the essential information and training through additional, less sensorial training exercises, such as a tabletop activity, as outlined in the hierarchy of education and training activities.

1. Create a school safety team—ideally made up of an administrator; school mental health professional; school nurse; teachers; security personnel; parents; and students—that:
   - Identifies a lead person to coordinate school safety efforts, including drills;
   - Establishes and communicates the roles and responsibilities during drills and in real-life crisis situations;
   - Takes a lead in identifying the most appropriate preparedness activities for the school;
   - Provides ongoing professional development and training as needed; and
   - Ensures that the school's policies are in compliance with state laws and school board policies.

2. Conduct an assessment of the school community to:
   - Identify the types of crisis events most likely to occur,
   - Determine the current school culture and climate,
   - Map existing resources and capacities of school personnel or school safety teams, and
   - Identify any related policies that should be considered in the planning of drills.

3. Implement a cost–benefit analysis that:
   - Considers financial costs in relation to the likelihood of a particular crisis;Identifies what resources, activities, or preparedness training must be replaced or postponed to engage in active shooter or other armed assailant drills;
   - Balances the need to empower school staff while minimizing potential harm (e.g., triggering stressful or traumatic reactions to live simulation drills);
   - Considers the current knowledge and identified needs of the staff; and
   - Considers legal requirements (e.g., state law) related to conducting active assailant drills and to what degree drills are required to be full-scale simulations versus other lower cost exercises.

4. Tailor drills to the context of the school environment, taking into consideration:
   - The primary goal of the drill (e.g., training for law enforcement versus staff and/or students);
   - Age, cognitive, and developmental levels of awareness of students;
   - Students with physical, sensory, or other disabilities that may require unique instructions during a drill or real-life event;
   - The capacity, comfort level, and trust among staff;
   - Administrative support;
   - Optimal timing, including time of year, day of the week, and time of the day;
   - Relationships with external partners, law enforcement, and other first responders; and
   - The layout of the school building and campus.

5. Create a plan of progression that:
   - Considers whether any previous activities have been conducted in the school;
   - Starts with simple, low-cost, discussion-based exercises;
   - Considers all available types of drills;
   - Identifies specific objectives and goals for the drills; and
   - Identifies a timeline and metrics to help determine whether more complex exercises are needed.

6. Prepare for logistics of the drill to ensure that:
   - Previous traumatic experiences of those involved are considered;
   - School staff learn to recognize stressful reactions to drills;
   - Methods exist to opt out (for staff and students) or remove someone from a drill, including parental consent/permission if students are involved;
   - School-employed mental health professionals are available to provide support to those experiencing a negative reaction to the drill;
   - Adequate follow up is available for students or staff with questions; and
   - Appropriate methods to evaluate outcomes are implemented.

7. Develop a communications plan that:
   - Informs members of the school community of planned drills and what will be entailed;
   - Facilitates open communications with families, including translated materials and the opportunity for family members to talk with relevant staff about concerns;
   - Provides opt-out options for staff and students; and
   - Encourages feedback and evaluation by participants after the fact.

8. Establish a long-term follow up plan to support sustainability that considers:
   - What additional training is required;
   - How the drill integrates with other school safety and crisis prevention efforts;
   - How current and previous training and knowledge can be maintained and built upon; and
     - When follow-up should be conducted and how often.

CONCLUSION

Training exercises and drills to prepare for active shooters or other armed assailants should be based on the specific needs and context of each school and community. It is critical that schools recognize that this type of drill is just one specific component of comprehensive crisis preparedness and response that includes prevention, protection, mitigation, response, and recovery. Schools should consider the most cost-effective method of preparing students and staff for an active shooter situation while balancing the physical and psychological risks associated with such drills.

1. Once notified of your assignment, put on your vest.
2. Check in with the Incident Commander at the Incident Command Post for a situation briefing.
3. Check in with your Chief for details and updates associated with your position.
4. Obtain necessary equipment and supplies.
5. Open and maintain a Position Log. Maintain all required records and documentation to support the history of the emergency or disaster. Document:
    a. Messages received
    b. Actions taken
    c. Decision justifications and documentation
    d. Requests filled
    e. Document missing staff

Position Deactivation

Formatted: Font: Not Bold, Font color: Accent 1

1. At the direction of the Incident Commander, deactivate your position and close out all logs. Provide logs, timekeeping records, and other relevant documents to the Documentation Unit.
2. Return equipment and reusable supplies to Logistics.

Section: ~~Command~~: Command

Position: Incident Commander

Responsibility: The Incident Commander is solely responsible for emergency and disaster operations and shall remain at the Command Post to observe and direct all operations. Ensures the safety of students, staff and others.

Lead by example: your behavior sets tone for staff and students.

Special Equipment:

- ☐ Crisis Response Boxes
- ☐ Emergency Disaster Kit
- ☐ Master keys
- ☐ Position-Specific forms
- ☐ AM/FM radio (battery)
- ☐ Command Post Tray (pens, etc.)
- ☐ Emergency Plan
- ☐ Tables & chairs (if Command Post is outdoors)
- ☐ Job Description Clipboards
- ☐ Bull horn
- ☐ Staff rosters (2 sets)
- ☐ Copies of Forms

Start-Up:

- ☐ Assess type and scope of emergency.
- ☐ Determine threat to human life and structures.
- ☐ Implement Emergency Plan and Emergency Procedures.
- ☐ Develop and communicate an Incident Action Plan with objectives and a time frame to meet those objectives.
- ☐ Activate functions (assign positions) as needed.
- ☐ Fill in Incident Command Team Assignment Form as positions are staffed.
- ☐ Appoint a backup or alternate Incident Commander in preparation for long-term operations.

During Event:

- ☐ Continue to monitor and assess total school situation:
- ☐ View location map periodically for Search & Rescue progress and damage assessment information.

Formatted: Font: Not Bold, Font color: Accent 1

Formatted: Font: Not Bold
Formatted: Font: 12 pt

- ☐ Check with chiefs for periodic updates.
- ☐ Reassign personnel as needed.
- ☐ Develop and communicate revised incident action plans as needed.
- ☐ Authorize release of information.
- ☐ Utilize your back up; plan and take regular breaks, 5-10 minutes each hour, relocate away from the CP.
- ☐ Plan regular breaks for all staff and volunteers. **Take care of your caregivers!**
- ☐ Release staff as appropriate. By law, during a disaster, the staff will become "Disaster Service Workers."
- ☐ Remain on and in charge of your RC until the incident has been resolved.

After:

- ☐ Authorize deactivation of sections or units when they are no longer required.
- ☐ Deactivate the entire emergency response.
- ☐ Ensure that any open actions not yet completed will be taken care of after deactivation.
- ☐ Ensure the return of all equipment and reusable supplies to Logistics.
- ☐ Close out all logs. Ensure that all logs, timekeeping records, reports, and other relevant documents are completed and provided to the Documentation Unit.
- ☐ Proclaim termination of the emergency and proceed with recovery operations if necessary.

Staffing Characteristics: **It is common for the Incident Commander to carry out these duties. A separate position checklist is here in the event the Incident Commander needs to assign the duties to another individual.**

Responsibility: The Safety Officer ensures that all activities are conducted in as safe a manner as possible under the circumstances which exist.

Special Equipment:

- ☐ Hard hat (if available)

During Event:

- ☐ Monitor drills, exercises, and emergency response activities for safety.
- ☐ Identify and mitigate safety hazards and situations.
- ☐ Stop or modify all unsafe operations.
- ☐ Ensure that responders use appropriate safety equipment.
- ☐ Think ahead and anticipate situations and problems before they occur.
- ☐ Anticipate situation changes, such as severe aftershocks, in all planning.
- ☐ Keep the Incident Commander advised of your status and activity and on any problem areas that now need or will require solutions.

Responsibility: Staff, students, parents and the public have the right and need to know important information related to emergencies/disaster at the school ***as soon as it is available.***

The Public Information Officer acts as the official spokesperson for the school in an emergency situation.

Special Equipment:

- ☐ Battery operated AM/FM radio
- ☐ Marking pens
- ☐ Scotch tape/masking tape
- ☐ Forms:
  - Public Information Release Worksheet
  - School Accountability Report Card
- ☐ Scissors
- ☐ School map(s) and area map(s):
  - 8-1/2 x 11 handouts
  - Laminated display

- ☐ Determine a possible "news center" location as a media reception area (located away from the Command Post and students). Get approval from the Incident Commander.
- ☐ Identify yourself as the "Public Information Officer" (vest, visor, sign, etc.)
- ☐ Assess situation and obtain statement from the Incident Commander. Tape-record, if possible.
- ☐ Advise arriving media that the school is preparing a press release and approximate time of its issue.
- ☐ Open and maintain a position log of your actions and all communications. If possible, tape media briefings. Keep all documentation to support the history of the event.

During Event:

- ☐ Keep up-to-date on the situation.
- ☐ Statements must be approved by the Incident Commander and should reflect:
  - Reassurance — EGBOK — "Everything's Going To Be OK."
  - Incident or disaster cause and time of origin.
  - Size and scope of the incident.
  - Current situation — condition of school, evacuation progress, care being given, injuries, student release location, etc. Do not release any names.
  - Resources in use.
  - Best routes to school if known and appropriate.
  - Any information school wishes to be released to the public.
  - **Read** statements if possible.
- ☐ When answering questions, be complete and truthful, always considering confidentiality & emotional impact. Avoid speculation, bluffing, lying, talking "off the record," arguing, etc. Avoid use of the phrase "no comment."
- ☐ **Remind school/staff volunteers to refer *all* questions from media or waiting parents to the PIO.**
- ☐ Update information periodically with Incident Commander.
- ☐ Ensure announcements and other information is translated into other languages as needed.

- ☐ Monitor news broadcasts about incident. Correct any misinformation heard.

ALTUS SCHOOLS SOUTH BAY

ALTUS SCHOOLS SOUTH BAY
Instructional Continuity Plan

Formatted: Font: Not Bold, Font color: Accent 1

Formatted: Font: 16 pt

General Information

Formatted: Font color: Accent 1

At Altus Schools South Bay (ASSB), we prioritize uninterrupted learning. This Instructional Continuity Plan (ICP) embodies our proactive commitment to ensuring education continues seamlessly, regardless of circumstances. By establishing robust systems for remote instruction and communication *now*, we are prepared to transition swiftly and effectively to virtual learning environments should any emergency or unforeseen event occur. Our integrated online learning platforms, video conferencing capabilities, and digital communication tools form the bedrock of this preparedness. Furthermore, this ICP details clear decision-making pathways, empowering a designated leadership team to act decisively, activate appropriate remote learning phases, and keep our staff, students, and families informed, ensuring learning remains constant.

Engagement Protocol

Formatted: Font color: Accent 1

In the event of an emergency, ASSB is committed to ensuring that students' educational experiences continue with minimal disruption. The school will engage students and families within 5 calendar days using a variety of communication methods to ensure everyone stays informed and connected. Examples of the two-way communication tools include phone calls, SMS text messaging, email, video conferencing, social media, and app notification through ParentSquare. The ParentSquare communication platform integrates with our Student Information System, providing all enrolled students and families with a centralized and accessible communication channel to receive updates and information from school administrators, teachers, and support staff. Given the instructional model of the school, it is common practice for teachers to be in touch with students and/or families daily. This routine communication ensures that in the event of an emergency, there will be no disruption in the connection between teachers, students, and their families. Teachers will continue to provide academic support, share resources, and address any concerns through the established communication channels.

Following an emergency, ASSB will utilize our Multi-Tiered System of Supports (MTSS) to ensure all students receive the appropriate level of support based on their individual needs. Healthy Youth Therapists on staff are available to assist in supporting students' social-emotional and mental health needs through individual or group therapy sessions.

ASSB strives to maintain a strong and supportive learning environment, even in the face of emergencies. By leveraging multiple communication methods and providing comprehensive support through MTSS, we aim to ensure the continuity of education and the well-being of our students and their families.

Instructional Access Plan

Formatted: Font color: Accent 1

ASSB is an independent study program that offers both in-person and hybrid learning options for students. Resource Centers are strategically located within the neighborhoods and communities where students reside. Thanks to our multiple physical locations, state-of-the-art video conferencing technology, and independent study format, ASSB can quickly adapt if a Resource Center becomes inaccessible due to an emergency or natural disaster. Students can continue in-person learning at an alternative neighborhood Resource Center or temporarily switch to virtual learning.

Every student at ASSB has a Pathways Personalized Education Plan (PPEP). This plan is used by staff to analyze each student's current academic levels, grades/credits, educational goals, learning styles/preferences, interests, and post-high school pathways. The PPEP is developed and continually revised in collaboration with the student, parent, teacher, counselor, and school instructional leader.

As part of the PPEP and Instructional Plan, the school staff administer a fall benchmark assessment, NWEA Measures of Academic Progress (MAP), to all students to measure academic levels and proficiency in Reading, Language, and Mathematics. Teachers and instructional leaders use these assessment results to make data-informed decisions, such as increasing individual tutoring support in specific academic domains or utilizing specialized instructional strategies, curriculum, and programs to improve student skills.

Monitoring student academic progress and growth is a key element of the PPEP. When students do not demonstrate improved academic growth over time, instructional staff initiate and increase academic intervention efforts and support. ASSB utilizes a Student Intervention Program aligned with the Multi-Tiered System of Support (MTSS). This intervention model provides instructional staff with a system to quickly identify and match the needs of all students. Each intervention completed by a teacher, counselor, or school support staff is documented in the school information system. The school's Data and Assessment department provides staff with a Monthly Storybook summarizing specific interventions completed. School leaders use this intervention data to monitor effectiveness and ongoing student needs. This plan ensures academic progress is not

disrupted if a student must switch locations or modalities due to an emergency or natural disaster.
As an independent study school, students will naturally continue their learning through their existing textbook-based curriculum, aligned with state standards and developed by subject matter experts, in the event of an emergency or natural disaster. This curriculum will remain accessible within 10 instructional days of an emergency scenario. The Curriculum Department has already implemented digital lesson guides and online textbooks to support independent learning. For families needing hard copies, textbooks, lesson guides, and supplemental materials can be distributed via non-contact methods.

Edgenuity is the platform used to deliver online curriculum. Through Edgenuity, students have access to multiple scaffolds essential for English Learners and Students with Disabilities, including digital notetaking, transcripts in multiple languages, graphic organizers, glossaries, academic language tools, digital sticky notes, extended time, video closed captioning, text translation, and read-aloud features.

Students who lack access to a computer or home internet can be issued data-enabled laptops through the Altus Connect Program, ensuring they can access the Edgenuity platform, virtual meetings & tutoring sessions, and other online resources from home.

School staff are dedicated to maintaining high levels of student engagement and supporting academic achievement. Setting high expectations helps students achieve their daily, weekly, and monthly goals. Key instructional strategies include virtual and/or in-person one-on-one meetings and small group tutoring sessions, where teachers guide instruction and assess mastery of content standards, providing additional instruction as needed. Teachers also offer instructional support during scheduled student hours, both virtually and in-person. Additionally, teachers monitor academic progress and engagement through online forms, surveys, screencast videos, virtual events, and other communication tools, ensuring students remain on track with their educational goals.

Communication Strategy

Formatted: Font color: Accent 1

In a school emergency or natural disaster, clear and timely communication is critical. Our multi-faceted approach prioritizes the safety and well-being of students and families by ensuring a consistent flow of vital information through multiple accessible channels, strengthening the school-to-home partnership.

Initially, ParentSquare can serve as our central hub for rapid dissemination of alerts and critical updates regarding the situation, safety protocols, evacuation procedures (if necessary), and school status. Simultaneously, the school website and the Altus Schools Health and Wellness Hub will be updated with the same crucial information, offering additional reliable sources.

Following immediate alerts, instructional staff will use secure text messaging, emails, and phone calls for more direct updates on student well-being and specific instructions. Virtual conferences via Microsoft Teams and Zoom may also be used for broader informational meetings or individual check-ins, as circumstances permit.

Recognizing potential challenges with digital communication, school staff will be prepared to conduct home visits to provide direct updates, ensure student safety, and deliver essential resources or instructions.

To ensure equitable access, our dedicated bilingual staff will communicate critical emergency information in both English and Spanish.

Access to Devices, Materials, and Connectivity

Formatted: Font color: Accent 1

To ensure students have access to online schoolwork, ASSB conducts multiple needs assessments and satisfaction surveys with students and parents to identify families requiring home technology. Teachers maintain regular communication with students and parents through secure text messages, phone calls, virtual conferences, and emails to identify ongoing needs or unique circumstances. As a result, the school has successfully deployed Chromebooks and data plans to all students in need. When new students enroll, school clerks and counselors conduct a technology needs assessment with each family and promptly provide devices to ensure all barriers to learning are eliminated.

Occasionally, school-issued devices require repair or service. In such cases, devices are collected and submitted to the school's Operations Department for maintenance. Students are issued replacement devices to ensure continuous access. Inventory is reviewed regularly by the Operations Department to ensure necessary stock levels are maintained to accommodate student need.

The school has also enhanced its websites and technology tools. To minimize confusion and redundancy for students and parents, the school has created an online landing page, www.altusgo.com, which provides students and families with access to curriculum

and instructional supports. From this landing page, students can access essential school technology programs such as Edgenuity, Naviance, Renaissance (Illuminate), Achieve 3000, and BrainPOP.
For students who prefer or require hard copy materials, staff will work with the family to distribute as needed.

Special Populations and Support Services

Formatted: Font color: Accent 1

Even in a shift to remote learning, our school remains dedicated to providing equitable and personalized education for all students through our key process: Pathways Personalized Educational Plan (PPEP). This collaborative plan, developed with teachers, students, parents, counselors, and instructional leaders, inherently addresses diverse needs, including those of English Learners, Students with Disabilities, and Foster/Homeless Youth. Our dedicated Homeless and Foster Youth Liaison will continue to provide comprehensive case management services remotely, ensuring uninterrupted support through virtual check-ins and resource coordination. Existing PPEPs, outlining individual goals and learning preferences, will guide personalized remote learning experiences, and our Multi-Tiered Systems of Supports (MTSS) framework will deliver tailored online interventions.

For English Learners, we ensure continued language development through both integrated and designated ELD support via online educational platforms and digital resources like Summit K12, BrainPOP EL, and Ellevation. Integrated ELD is embedded within virtual content lessons, while designated ELD focuses on explicit language and literacy skill-building through virtual small groups and individualized online activities, all aligned with the school's English Learner Plan. Students with Disabilities will continue to receive Free Appropriate Public Education (FAPE) through the virtual implementation of their IEPs. Specialized Academic Instruction (SAI) will be provided via distance learning by Education Specialists through secure video conferencing and online learning platforms. Curriculum will be adapted for digital accessibility, and instruction will be differentiated using online platform features and Universal Design for Learning (UDL) principles. Special education case managers will actively monitor student progress remotely through regular virtual check-ins and ongoing collaboration with general education teachers.

Furthermore, we are committed to supporting the holistic well-being of our students in a remote setting. To address mental health and social-emotional needs, we will provide virtual counseling sessions with our school counselors and offer readily accessible resource directories for additional support services. Recognizing the importance of basic

needs, we will also ensure families have access to critical nutrition services and other wraparound supports by providing comprehensive information on accessing local food banks and other essential resources.

Instructional Continuity and Independent Study Readiness

Formatted: Font color: Accent 1

As a WASC-accredited, non-classroom-based independent study program, our school has established and implemented written policies to govern our independent study program. All students and parents/care givers sign a board-approved, year-long independent study Master Agreement contract, which includes required elements such as Contact Information, Methods of Study, Evaluation Procedures, Attendance and Participation Requirements, Outreach Methods, Maximum Time for Assignments, and Number of Missed Assignments.

ASSB is dedicated to delivering high-quality, rigorous, and standards-aligned curriculum and instruction entirely through accessible online platforms. Our model inherently ensures that *all* students can be effectively supported remotely. Leveraging a robust digital curriculum, versatile communication tools, and interactive videoconferencing systems, we guarantee seamless continuity of learning, regardless of external circumstances such as emergencies or natural disasters. This instructional approach will ensure that students can receive virtual daily one-on-one meetings, weekly small group tutoring sessions, readily available virtual student hours, and additional personalized check-in meetings. This will ensure every learner receives the individual support they need to thrive in the event of a natural disaster or emergency.

Assessment and Student Progress Monitoring

Formatted: Font color: Accent 1

In the event of an emergency or natural disaster, the school will maintain continuous learning through the following established procedures: Teachers will consistently monitor student learning daily using varied formative assessments and robust tracking methods implemented remotely. Data on participation in online activities, coursework completion, assessments, and communication will be analyzed to inform responsive instruction. Teachers will utilize a Course of Study Record (CSR) and Participation/Credit Tracker to closely follow daily progress virtually, while students will maintain a Student Learning Log, reviewed and archived by teachers in the SPSIS. Attendance will be certified remotely via School Pathways Student Information System (SPSIS) at the end of each Independent Study Learning Period.

In the virtual environment, remote instruction will be shaped by continuous formative and summative assessments, incorporating a variety of online activities to gauge student learning and personalize instruction. Assignments will receive virtual feedback, and scores below 70% will automatically activate tailored virtual remediation plans, ensuring targeted support. Furthermore, teachers and instructional staff will leverage the school's MTSS framework to address the holistic academic, behavioral, and social-emotional needs of each student; these strategies may include additional virtual tutoring, participation in specialized programs like IXL Math, or meetings with guidance counselors or healthy youth therapists.

Leveraging secure video conferencing, educators can deliver dynamic live instruction, foster real-time communication, and implement immediate learning evaluations through engaging virtual activities such as quick writes and collaborative group projects. These interactive sessions bridge the physical distance, enabling active participation and timely feedback.

The SPSIS Gradebook will serve as the central platform for recording all virtual assignments, and teachers will provide summary comments on student progress at the end of each Learning Period. This information will be accessible to students and parents via the School Pathways Portal, with ongoing virtual training and support provided to ensure seamless access and engagement.

Professional Development for Staff

Formatted: Font color: Accent 1

Altus University ("AU") serves as the professional learning platform for the school, offering both in-person and virtual sessions to accommodate the diverse needs of our staff. Altus University includes a fully online component, called AU in the Cloud, which is available to all segments of the workforce and aligned with the California Quality Professional Learning Standards (QPLS).

AU sessions incorporate school-wide initiatives to improve student learning in math and English language development. Each session includes an evaluation for participants to provide feedback on participation, satisfaction, usefulness, learning, and areas for follow-up. This feedback is used by the school's curriculum departments as part of their ongoing Professional Learning Communities (PLCs) and to plan additional AU sessions.

Both in-person and virtual AU sessions provide instructional staff with the time and space to explore curriculum content necessary for quality instruction. Instructors build participants' capacity to use frameworks, standards alignment documents, and

instructional pacing guides to support teaching content standards. Assessment and instructional strategies are incorporated into the sessions so that teachers can use formative assessment strategies to inform instruction for a diverse student population.

Teachers have undergone Leading Edge Certification (LEC), a national certification for educational technology, to become effective online and blended learning teachers. For new teachers, the school continues the certification process through the LEC FLEX program. School instructional leaders provide feedback on new skills acquired through AU sessions during virtual tutoring session observations. Instructors model how to differentiate curriculum and scaffold instruction to support all students. These sessions uphold the school's values by increasing participants' capacity to enhance students' participation, engagement, connection, sense of belonging, and emotional well-being.

Instructional strategies are presented through an equity lens, ensuring access and equity for all students. Data informing AU sessions is disaggregated by gender, race, special needs, foster youth, and socio-economic indicators, allowing for the identification of student instructional needs focused on specific groups. All participants can access AU sessions through registration on the Altus University Portal. Sessions are generally held on the same day of the week and time, allowing teachers to plan instruction around the professional learning sessions they wish to attend. Recorded sessions are available on demand for staff members who are unable to attend live sessions.

Instructors for AU sessions include Administrators, Teachers on Special Assignment, Special Education, General Education teachers. They maintain a positive learning environment for all participants, who can use the chat feature within Microsoft Teams to ask questions without interrupting the flow of instruction and can unmute their microphones to participate verbally. Instructors engage participants through Web 2.0 tools learned from the Leading Edge Certification (LEC). AU instructors understand that student Social Emotional Learning is paramount, focusing on connecting with students first, followed by content.

By combining virtual and in-person professional learning, Altus University ensures that all staff have the resources and support they need to succeed in any learning environment.

Criteria for Returning to In-Person Learning

Formatted: Font color: Accent 1

Following a school emergency or natural disaster, the decision to resume in-person learning will be made in close coordination with state and county emergency

management and education agencies, prioritizing the safety and well-being of students and staff. Return to school sites will occur only when deemed safe by these authorities and when the following critical conditions are met:

- Lifted Evacuation Orders: All evacuation orders affecting the school site and the surrounding areas necessary for safe travel of students and staff must be officially lifted.

- Safe Air Quality and Clean Water: Air quality must be at levels deemed safe by relevant environmental agencies, and access to potable, clean water must be fully restored at the school site.

- Restored Utilities: Essential utilities, including power, gas, and functioning sanitation systems, must be reliably restored to ensure a safe and healthy learning environment.

- Debris Removal: School grounds and access routes must be cleared of any hazardous debris that could pose a risk to students and staff.

- Staffing and Food Service Readiness: Sufficient staffing levels across all essential functions, including instructional, administrative, and support roles, must be ensured. Additionally, food service operations must be ready to provide necessary meals for students.

Upon confirmation that these conditions are met and clearance is received, the school will implement clearly defined return-to-school plans and protocols aligned with the most current guidance from the California Department of Education (CDE) and county education offices. These protocols will be proactively communicated to all students and staff.

Collaboration and Site-Based Planning

The collaborative spirit at our school ensures that our Instructional Continuity Plan (ICP) and School Comprehensive Safety Plan are living documents, shaped by the diverse perspectives of our entire educational community.

Administrators actively champion the development and review processes for both plans. They initiate discussions, provide resources, and ensure that feedback is thoughtfully

integrated. Staff members, including teachers, counselors, and support personnel, contribute their invaluable frontline experiences through surveys, focused meetings, and professional development sessions, directly influencing the practical elements of the plans.

Parents and family members play a vital role as essential partners. Their insights into students' needs and home environments are gathered through surveys, school events, parent-teacher conferences, and dedicated meetings, ensuring a holistic approach to both instructional continuity and safety.

Our students' voices are also crucial in this collaborative endeavor. Meaningful feedback is solicited through age-appropriate surveys, student forums, and representative participation in school events, providing a unique and important perspective on safety and learning continuity.

The School Site Council serves as a cornerstone of the annual review process for both the ICP and the School Comprehensive Safety Plan. This body, comprised of administrators, teachers, staff, parents, and students, reviews the plans, analyzes feedback gathered throughout the year, and provides critical input for revisions and improvements, ensuring that our safety and instructional strategies remain responsive and effective. This ongoing cycle of collaborative development and review ensures that our plans reflect the collective wisdom and shared commitment of our entire school community.

Plan Review and Updates

Formatted: Font color: Accent 1

Our Instructional Continuity Plan (ICP) is a living document designed to adapt to the evolving needs of our school community. To maintain its effectiveness, we conduct an annual review and update process.

The Altus Schools Executive Safety Team is central to this process. Each year, they examine the ICP, ensuring its alignment with current best practices and any changes in our school environment or local context. This comprehensive review includes:

- Data Analysis: The Executive Safety Team (EST) analyzes year-long data, including feedback from surveys, meetings, and training involving administrators, staff, parents, and students. The EST contributes critical insights related to safety protocols and potential risks, allowing us to pinpoint the plan's strengths and areas needing improvement.

Formatted: Bulleted + Level: 1 + Aligned at: 0.25" + Indent at: 0.5"

- Stakeholder Input: We actively seek and value input from all stakeholders through surveys, focus groups, and school events. The EST thoroughly addresses all safety-related concerns raised during this engagement process and integrates guidance from the School Site Council's review of the Comprehensive School Safety Plan and Instructional Continuity Plan.

Formatted: Bulleted + Level: 1 + Aligned at: 0.25" + Indent at: 0.5"

- Plan Evaluation: The EST assesses the ICP's effectiveness in addressing potential disruptions to instruction, such as natural disasters, emergencies, and other unforeseen events. The EST lends its expertise to evaluate the clarity of safety procedures, the adequacy of resources, and the practicality of implementation.

Formatted: Bulleted + Level: 1 + Aligned at: 0.25" + Indent at: 0.5"

Based on this thorough analysis, the Executive Safety Team recommends necessary revisions to the ICP.

The updated ICP then undergoes the following steps:

- Documentation and Communication: All revisions are clearly recorded within the ICP and shared with key educational partners.

Formatted: Bulleted + Level: 1 + Aligned at: 0.25" + Indent at: 0.5"

- Implementation: The updated ICP is put into practice school-wide, with any required training or professional development provided to staff. The Executive Safety Team actively supports the implementation of all safety-related components.

Formatted: Bulleted + Level: 1 + Aligned at: 0.25" + Indent at: 0.5"

This annual cycle of review and updates, driven by the active involvement of the Executive Safety Team, guarantees that our ICP remains a relevant and effective instrument for ensuring instructional continuity, demonstrating our unwavering commitment to the safety and academic success of every student.

In assessing the crime rate for the last two school years at Altus Schools Mirus ~~Secondary School~~ the crime data indicates that there have been no incidents of the last two years. Mirus staff will continue to monitor student behavior to ensure a safe and supportive environment. Both students and parents continue to rate the school high for providing a safe environment in their annual surveys.

It is important to note that comparisons (% Change) are calculated from incident rates and not total numbers, because the rates reflect changes in student enrollment from year to year. Crimes involving Arson, Graffiti, and Vandalism must exceed $100 per incident, theft $50, and Burglary has no dollar limit. Any rate change to or from zero is represented as a 100% change. Caution should be used when drawing conclusions from individual rate changes. Improved reporting practices may have resulted in increases in crime rates which may not represent actual increases in crime.

RESPONSE GUIDELINES FOR DANGEROUS, VIOLENT OR UNLAWFUL ACTIVITIES

Formatted: Font color: Accent 1

~~Mirus Secondary School~~Altus Schools Mirus adheres to the following Law Enforcement Notification Matrix in assessing and responding to dangerous and unlawful activity.

CALL 911	CALL for Law Enforcement (911 if immediate danger - Dispatch if non-emergency)	Notification to Law Enforcement (911 if immediate danger - Dispatch if non-emergency)
• Bomb threat/Suspicious package • Firearm on complex • Explosive on complex • Fire • Immediate risk of harm to student(s) and/or staff' • Intruder on complex • Medical emergency • Possible abduction	• Assault with a dangerous weapon and/or resulting in great physical injury (EC 48902) ○ Loss of consciousness; concussion; bone fracture; protracted loss or impairment of function of any bodily member or organ; a wound requiring extensive suturing; disfigurement • Report of sexual assault or battery (Grades 4-12) (EC 48902) ○ Touching an intimate part of another person, against the person's will, for the specific purpose of sexual gratification, sexual arousal, or sexual abuse • Homicidal threat (Grades 6-12) (EC 49390) ○ Any action that creates a **reasonable suspicion** that the student is preparing to commit a homicidal act related to school or a school activity	• Physical attack, assault or threat toward employee (EC 44014) • Possession of controlled substance (EC 48902) • Possession of other dangerous weapons (EC48902) ○ dirk, dagger, ice pick, knife having a blade longer than 2 1/2 inches, folding knife with a blade that locks into place, razor with an unguarded blade, taser, or stun gun,any instrument that expels a metallic projectile, such as a BB or a pellet.

Child Abuse Reporting Procedures

All ~~Mirus Secondary School~~Altus Schools Mirus certificated teachers, classified employees, and administrators are required to report suspected child abuse. An in-service, which provides awareness and training, will be given annually to Mirus employees.

As stated in the California Penal Code, Section 11164-11174.3, "Mandated reporters shall make an initial report to the agency immediately or as soon as is practicably possible by telephone and the mandated reporter shall prepare and send, fax, or electronically submit a written follow-up report thereof within 36 hours of receiving the information concerning the incident."

A report may be done for any reason. The criterion is that a **reasonable** suspicion of an abuse/neglect situation either has occurred and/or exists. Each staff is a mandated reporter. A report may not receive immediate action if it is a non-emergency situation. However, it will add to the documentation should other events occur.

Discuss **ALL** situations at the time of occurrence with the ~~Learning Lead~~School Coordinator or designee.

If it is unsafe for the student to leave/go home, please call the local police department for further assistance and instructions.

If the staff and/or student(s) are threatened or in danger, call 911 immediately.

INSTRUCTIONS FOR FILING A CHILD ABUSE REPORT

I. REPORTING RESPONSIBILITIES

Formatted: Font: 14 pt, Not Bold, No underline, Font color: Accent 1

• No child-care custodian or health practitioner reporting a suspected instance of child abuse in good faith shall be civilly or criminally liable for any report required or authorized by this article (California Penal Code Article 2.5). Any other person reporting an instance of child abuse shall not incur civil or criminal liability as a result of any report authorized by this section unless it can be proved that a false report was made, and the person knew or should have known that the report was false.

• Any child care custodian, health practitioner, or employee of the child protective agency (CPS) who has knowledge of or has observed a child in his or her professional capacity or within the scope of his other employment whom he or she reasonably suspects has been the victim of child abuse shall report such suspected instance of child abuse to a child protective agency immediately or as soon as practically possible by telephone and shall prepare and send a written report or fax report thereof within 36 hours of receiving the information concerning the incident.

• Any child-care custodian, health practitioner, or employee of a child protective agency who has knowledge of or who reasonably suspects that mental suffering has been inflicted on a child or its emotional well-being is endangered in any other way, may report such suspected instances of child abuse to a child protective agency. Infliction of willful and unjustifiable mental suffering must be reported.

Emergency Operations Team (EOT)

Formatted: Font: Not Bold, Font color: Accent 1

The Emergency Operations Team is comprised of several leaders from ~~Mirus Secondary School~~Altus Schools Mirus. This team is responsible for planning, training and implementation in the event of a disaster. The team is composed of the following individuals:

Superintendent	*Responsible for external communications. She will call on community resources to assist the resource centers and coordinate mutual aid requests.*
Chief Business Officer	*Assists Superintendent with external communications and community resource coordination to support school community needs. She is also responsible for acquisition of fiscal and business services. She will initiate acquisitions of services and materials associated with emergency operations.*
Director of Operations & Technology	*Responsible for internal communications with our resource centers, staff, and the team in collaboration with the ~~Learning Lead~~School Coordinator.*
~~Learning Lead~~School Coordinator	*Responsible for parent and community communications. Provides trauma-counseling support to students/parents/staff, as well as central contact for student data. Responsible for coordinating support to students brought to central location.*

Operational Overview

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

Due to the unique design and small setting, the staff will be trained to implement components of the disaster procedures. These components will include:

- Evacuation of Students/Emergency Assembly
- Communication
- Reunion Procedures
- Public Information
- Sweep and Rescue
- Security
- First Aid and CPR

Emergency Operation Center

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

The Emergency Operations Team (EOT) will be responsible to coordinate and manage all operations in the event of a crisis. Mirus defines crisis as any incident that disrupts the educational program and/or affects the emotional stability of students or staff.

All public employees are declared by law to be disaster services workers (Government Code §3100). They are subject to such disaster services as may be assigned to them by their supervisors or by law upon the declaration of an appropriate state of emergency. The extent to which school employees function as disaster service workers depends in large measure upon the decisions of the various resource centers and their supervisory personnel.

Hesperia Police Department	~~Palm Desert Police Department~~
Phone Number 760-947-1500	~~Phone Number 760-836-1600~~
15840 Smoketree Hesperia, CA 92345	~~73705 Gerald Ford Dr. Palm Desert, CA 92211~~

In the event of a crisis, Mirus will respond as follows:

Level 1 **Natural Disaster Community Wide/Neighborhood Crisis**
(Example: earthquake, flood, fire, plane crash, riot, police action, high levels of fatalities and injuries, nuclear or biological disaster.)

Response: EOT in coordination with Civil Defense and/or resources.

Level 2 **Singular or Multiple Locations**
Immediate, life threatening or critical urgency
(Example: weapons, group confrontation, bomb threat, hostage, fire, explosion.)

Response: EOT in coordination with local law enforcement and/or government agencies

Level 3 **RC Specific**
(Example: discipline, health-physical/mental/CPS, utility failure, fight, angry parent.)

Response: ~~Learning Lead~~School Coordinator according to responsibility.

Responsibilities for Situation Levels 1 and 2

1. Assess situation (to evacuate or secure RC)
2. Call 911
3. Contact EOT: Communicate essential information
   Example: Describe the situation – clearly and calmly.
   Who is involved?
   Who's present/at the RC –staff/students/community?
   Have the police been called? Have they arrived?
   Who else has been notified?
   What have you done so far?
   Is anyone hurt? Describe injury.

4. Gather essential information – keep emergency supplies in one area
   - Student emergency binder
   - Student roster
   - Emergency procedure binder
   - Today's sign in sheet
   - Backpack, First Aid Kit, Blood borne Pathogen Kit
   - Keys

5. Reassess situation and roll call
   Triage – prioritize needs; define who is injured. Look for potential dangers (i.e., gas leaks, building structure damage.)

6. Give students appraisal of situation
   Tell them what to do and what is expected.

7. Re-contact EOT

8. Release students as appropriate to authorized individuals.

9. Contain remaining students in designated safe area.

10. Wait until crisis has passed

11. Notify the Sorrento Mesa RC~~corporate office~~

12. Remaining students will be brought to safe area designated by EOT

13. Staff will then be released by EOT

Emergency RC Call to Central

RC contact Central or Able

Remember 6 Key points –

- **RC** — **Identify your resource center**
- **Number** — **Approximate number of participants**
- **Code** — **Red (Life-threatening) 911**
  Orange (Serious)
  Yellow (Potential – advisement)
- **Description** — **Briefly describe incident**
- **Location** — **In resource center, outside front/back door, alley**
- **Listen** — **Answer central's questions succinctly**

~~Mirus Secondary School~~Altus Schools Mirus Communications Plan is designed to supplement urgent or emergency e-mail communications to faculty and staff.

Procedure

Formatted: Font: 14 pt, Not Bold, No underline, Font color: Accent 1

- Superintendent will declare need for emergency action.
- Superintendent, Lead and any designated support staff prepare ParentSquare telephone message and E-mail message.
- Superintendent notifies ~~Mirus Secondary School~~Altus Schools Mirus Board of Directors.
- Designated Leads activate telephone tree, using prepared message; each designated Lead will be responsible for their group and informing the backup caller.
- When resource centers are not in session, it may be necessary to call employees at home.
- Callers must report to the Superintendent ~~office~~ by e-mail (mbixby@altusschools.net) the names of the employees they were unable to reach.
- Share all information on the operation of the telephone tree with support staff at your resource centers.
- Make copies of the tree information and give to appropriate staff.
- It is possible that a test of the telephone tree will occur on a weekend, since the tree is designed to be used to relay information to Leads and employees regardless of the day of the week or the time of day or evening. It is important that Leads who are to make calls and their backups have copies of the tree information and the telephone numbers both at the resource centers and homes.

Sample Emergency Call

Resource Center	This is a code Orange. There are approximately 6 male students assembled on the South side of Main Street., across the resource center. They are shouting and threatening one of our students who ~~are~~is here in the resource center. Our student is belligerent and wants to go out and face them. I have five other students with the resource center associate and me. We have locked the doors and directed students to move to the back of the resource center away from the window.
Central	I am dispatching the police immediately. Have your RCA with the other students. Be sure none of them leave or open the door. Stay with your student~~s~~ and try to calm him. Do not go out to confront the group. Assistance should be there shortly. Keep us posted of any change.

Resource Center

- Remember, speak calmly and slowly.
- Tend to the business at hand and keep Central informed. STAY CALM.
- If the problem is resolved. Call Central back immediately. Remember someone is streaking across the city to get to you. Call in and say, **"Situation secured". This officially closes down the incident. Central logs the time.**

ParentSquare System

In the event of an emergency the Superintendent or designee may activate the school-wide ParentSquare. ParentSquare allows Mirus administrators and staff to send out voice calls, email messages or SMS messages to students, parents and staff. ParentSquare allows Mirus to establish a reliable channel for communicating and sharing information effectively and efficiently. In time-sensitive situations, parents and guardians will receive information and details directly from the school. Not just for emergencies, ParentSquare is beneficial in sending out routine school messages, such as attendance reports, and event and meeting reminders.

Our first responsibility is to the health and safety of our students.

- Do not aggressively confront any individual or group.
- We want no heroes – just mature, reasonable individuals who take control of a situation and manage it.
- Do not place yourself, or others, in an unnecessarily dangerous situation. Your backups are not far away.

1. Receive Communication.

Be sure caller identifies RC. Confirm that you read the transmission and acknowledge the RC name. If necessary, calm the caller. Set the tone by using a confident and firm tone of voice.

If necessary, lead the caller through the 6 elements/key points of a Mirus emergency call. **Resource Center, Number, Code, Description, Location, Listen.** It is preferable that you speak directly to the teacher whenever possible.

2. Ascertain the level of emergency and degree of danger.

Prescribe action. If there is a close judgment call--- err on the side of caut

Code Red: Optional Action

The teacher contacts 911 immediately.
Tell the teacher you will contact 911.
Tell RC staff to deal with emergency until help arrives. Give them some specific tasks.
Tell teacher you will call in report and will get right back to him/her. Talk staff through emergency if necessary. Ask if they have locked down the RC, drawn the blinds, etc.
After you place call for help, coordinate with other central Leads to see who is closest to the RC and can arrive in the shortest amount of time.
Contact the Sorrento Mesa RC~~Mirus Administrative Office~~ to alert them to the emergency.

3. Assist in the implementation of the action plan worked out with the RC.

Be conscious that the School must protect the anonymity and privacy of each student. No staff should discuss the incident with press. Refer them to a Lead.

4. Log call.

Note approximate start and end time of incident. A brief narrative describing the incident is due to the Central ~~Office~~ before the end of the day. This report could become part of a court case, so immediate transcription is advisable to assure more accurate recall. The report may become a part of the body of information needed for further investigation.

Earthquake Procedures

Formatted: Font: Not Bold, No underline, Font color: Accent 1

Earthquakes often occur without notice and generally have after-shocks which are just as dangerous as the initial quake. Building evacuation will generally occur following a major earthquake due to potential dangers of fires or explosions. The following earthquake information pertains to this RC.

Notification

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

Give the command to "Drop, Cover, and Hold" at the first indication of shaking ground.

Attempt to gain safety under tables, desks, or other supporting objects. Consider holding onto the supporting object to keep it over your body. If in a hallway, move to an inside wall and stand in the doorway.

Remain away from windows to avoid falling glass, and away from large objects that may fall upon your person.

Extinguish any flames and turn off power to equipment and electrical appliances if possible. Turn off gas valves as well.

Hold undercover for at least two minutes to assess damage and injuries while waiting for the first aftershock to occur.

After the first aftershock, activate your evacuation procedures after confirming the path and destination are safe.

Do not return to the inside of any building until emergency personnel has checked the buildings for safety.

Structural Failure

Formatted: Font: 14 pt, Font color: Accent 1

Give the command to evacuate the affected building or area and secure the premise to prevent entrance by others.
Advise ~~Learning Lead~~School Coordinator of the situation. Contact the Director of Operations and Technology at (619) 778-3491.

Upon arrival of emergency personnel, coordinate to evaluate known information and decide upon a course of action to render the situation safe.

Fire Procedures

Formatted: Font: Not Bold, No underline, Font color: Accent 1

Fires often occur without notice and can spread quickly if not addressed. Building evacuation will generally occur following a fire notification due to potential dangers of burns and smoke inhalation. The following fire information pertains to this RC.

Notification

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

Formatted: Font: 14 pt, Not Bold

Notify your ~~Learning Lead~~School Coordinator. If possible, quickly assess the location and size of the fire to determine an appropriate evacuation action.

Alert all staff and students of the fire location and condition – activate your fire alarm system to sound the alarm.

Begin evacuation procedures for everyone to an appropriate assembly area. Remember to move individuals away and upwind from the hazard.

Call the Fire Department ("9-1-1") or notify Director of Operations and Technology by calling 619-778-3491. The Director of Operations and Technology will handle notifying the proper emergency and communications personnel.

Render first aid as needed. Be sure to notify the Director of Operations and Technology of injuries.

Activate specific components of your emergency plan as appropriate.

Supervise the evacuation and ensure all rooms and unsafe areas are evacuated. Check to ensure accountability for all staff and students. Maintain control of evacuees at the assembly area until the situation is under control.

Have some staff standing by the entrance to direct responding fire personnel to the fire location.

Upon arrival of emergency personnel, coordinate to evaluate information and decide upon a course of action to either return to the RC or arrange for an early dismissal.

Emergency Responses

Formatted: Font: Not Bold, No underline, Font color: Accent 1

EMERGENCY RESPONSE~~: ALLERGIC~~: ALLERGIC REACTION

Formatted: Font: Not Bold, Font color: Accent 1

Formatted: Font: Not Bold, Font color: Accent 1

There are many types of medical conditions that may trigger an allergic reaction, among them anaphylactic shock, diabetes and sickle cell anemia. Possible symptoms of an allergic reaction include skin irritation or itching, rash, hives, nasal itching or sneezing, localized swelling, swollen tongue, restlessness, sweating, fright, shock, shortness of breath, vomiting, cough and hoarseness. School nurses have a specialized health care plan for certain conditions and should be contacted for any sign of allergic reaction.

STAFF ACTIONS:

- X If imminent risk, call 911.
- X Send for immediate help (Firs Aid, CPR, medical) and medication kit (for known allergies).
- X Notify the ~~Learning Lead~~School Coordinator.
- X Assist in getting "Epi" (Epinephrine) pen for individuals who carry them (usually in backpack), and prescription medications (kept by school nurse).
- X If an insect sting, remove stinger immediately.
- X Assess situation and help student/staff member to be comfortable.
- X Move student or adult only for safety reasons.

~~LEARNING LEAD~~SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X If imminent risk, call 911 (always call 911 if using "Epi" pen).
- X Notify nurse/parent or guardian.
- X Administer medication, by order of a doctor, if appropriate; apply ice pack to affected area, keep victim warm or take other actions as indicated.
- X Observe for respiratory difficulty.
- X Attach a label to the person's clothing indicating: time & location of insect sting or food ingested, name of medicine, dosage and time administered.

OTHER PREVENTATIVE/SUPPORTIVE ACTIONS:

- X Keep an "Epi" pen in the school ~~office~~RC and notify staff as to location.
- X Emergency health card should be completed by parents for each child and should be easily accessible by school personnel.

EMERGENCY RESPONSE: BIOLOGICAL AGENT RELEASE

Formatted: Font: Not Bold, Font color: Accent 1

This is an incident involving the discharge of a biological substance in a solid, liquid or gaseous state. Such incidents may include the release of radioactive materials. A biological agent can be introduced through:

- postal mail, via a contaminated letter or package
- a building's ventilation system
- a small explosive device to help it become airborne
- a contaminated item such as a backpack, book bag, or other parcel left unattended
- the food supply
- aerosol release (for example, with a crop duster or spray equipment)

Defense against biological release (e.g. anthrax, smallpox, plague, ricin etc.) is difficult because usually appear after some time has lapsed. Indicators that may suggest the release of a biological or chemical substance include multiple victims suffering from: watery eyes, choking or breathing difficulty, twitching or the loss of coordination. Another indicator is the presence of distressed animals or dead birds. Determine which scenario applies and implement the appropriate response procedures.

Outside the Resource Center

STAFF ACTIONS:

X Notify the School Coordinator.
X Move students away from immediate vicinity of danger (if outside, implement **Take Cover**).
X Segregate individuals who have been topically contaminated by a liquid from unaffected individuals. Send affected individuals to a designated area medical attention.
X Follow standard student assembly, accounting and reporting procedures.

~~LEARNING LEAD~~SCHOOL COORDINATOR/**SAFETY AMBASSADOR ACTIONS:**

X Initiate **SHELTER IN PLACE**.
X Shut off HVAC units.
X Move to central location where windows and doors can be sealed with duct tape.

- X Call 911. Provide location and nature of the emergency and school actions taken.
- X Notify Director of Operations and Technology of the situation.
- X Turn on a battery-powered commercial radio and listen for instructions.
- X Remain inside the resource center until the Department of Health or Fire Department determines it is safe to leave.
- X Arrange for psychological counseling for students and staff.

Inside the Resource Center

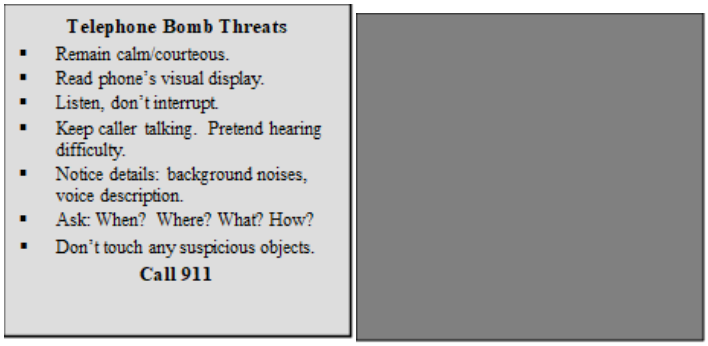
STAFF ACTIONS:

- X Notify the ~~Learning Lead~~School Coordinator or Safety Ambassador.
- X Segregate individuals who have been topically contaminated by a liquid from unaffected individuals.
- X Implement **EVACUATION** or **EMERGENCY MEETING AREA EVACUATION**, as appropriate. Send affected individuals to a designated area for medical attention.
- X Follow standard student assembly, accounting and reporting procedures.
- X Prepare a list of those who are in the affected area to provide to emergency response personnel.

~~LEARNING LEAD~~SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X Initiate **EVACUATION** of the resource center or **EMERGENCY MEETING AREA EVACUATION** to move students away from immediate vicinity of danger.
- X Move up-wind from the potential danger.
- X Call 911. Provide exact location and nature of emergency.
- X Designate security team to isolate and restrict access to potentially contaminated areas.
- X Wait for instructions from emergency responders-- Health or Fire Department.
- X Notify Director of Operations and Technology of the situation.
- X Arrange for immediate psychological counseling for students and staff.
- X Wait to return to the resource center until it has been declared safe by local HazMat or appropriate agency.

THOSE WHO HAVE DIRECT CONTACT WITH BIOLOGICAL AGENT:



- X Wash affected areas with soap and water.
- X Immediately remove and contain contaminated clothing
- X Do not use bleach on potentially exposed skins.

X Remain in safe, but separate area, isolated from those who are unaffected, until emergency response personnel arrive.

EMERGENCY RESPONSE: BOMB THREAT

Formatted: Font: Not Bold, Font color: Accent 1

In the event that the school receives a bomb threat by telephone, follow the Bomb Threat Checklist on the next page to document information about the threat. Keep the caller on the telephone as long as possible and listen carefully to all information the caller provides. Make a note of any voice characteristics, accents, or background noises and complete the Bomb Threat Report as soon as possible.

PERSON RECEIVING THREAT BY TELEPHONE:

X Listen. Do not interrupt caller.

X Keep the caller on the line with statements such as "*I am sorry, I did not understand you. What did you say?*"

X Alert someone else by prearranged signal to notify the telephone company to trace the call while the caller is on the line.

X Notify Safety Ambassador immediately after completing the call.

X Complete the Bomb Threat Checklist.

PERSON RECEIVING THREAT BY MAIL:

X Note the manner in which the threat was delivered, where it was found and who found it.

X Limit handling of item by immediately placing it in an envelope so that fingerprints may be detected. Written threats should be turned over to law enforcement.

- X Caution students against picking up or touching any strange objects or packages.
- X Notify the ~~Learning Lead~~School Coordinator or Safety Ambassador.

~~LEARNING LEAD~~SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X Call 911.
- X If the caller is still on the phone, contact the phone company to trace the call. Tell the telephone operator the name of school, name of caller, phone number on which the bomb threat came in. This must be done quickly since the call cannot be traced once the caller has hung up.
- X Instruct staff and students to turn off any pagers, cellular phones or two-way radios. Do not use those devices during this threat since explosive devices can be triggered by radio frequencies.
- X Determine whether to evacuate the threatened resource center and adjoining buildings. If the suspected bomb is in a corridor, modify evacuation routes to bypass the corridor.
- X Use the intercom, personal notification by designated persons, or the PA system to evacuate the threatened rooms.
- X If it is necessary to evacuate the entire school, use the fire alarm.
- X Notify the Director of Operations and Technology of the situation.
- X Direct a search team to look for suspicious packages, boxes or foreign objects.
- X Do not return to the resource center until it has been inspected and determined safe by proper authorities.
- X Avoid publicizing the threat any more than necessary.

SEARCH TEAM ACTIONS:

- X Use a systematic, rapid and thorough approach to search the resource center and surrounding areas.
- X Check the resource center and work areas, public areas (foyers, ~~offices~~, bathrooms and stairwells), unlocked closets, exterior areas (shrubbery, trash cans, debris boxes) and power sources (computer rooms, gas valves, electric panels, telephone panels).
- X If suspicious item is found, make no attempt to investigate or examine object.

STAFF ACTIONS:

- X Evacuate students as quickly as possible, using primary or alternate routes.

X Upon arrival at the designated safe emergency meeting area, take attendance. Notify the ~~Learning Lead~~School Coordinator/Safety Ambassador of any missing students.

X Do not return to the resource center until emergency response officials determine it is safe.

BOMB THREAT PROCEDURES

This quick reference checklist is designed to help employees and decision makers of commercial facilities, schools, etc. respond to a bomb threat in an orderly and controlled manner with the first responders and other stakeholders.

Most bomb threats are received by phone. Bomb threats are serious until proven otherwise. Act quickly, but remain calm and obtain information with the checklist on the reverse of this card.

If a bomb threat is received by phone:

1. Remain calm. Keep the caller on the line for as long as possible. DO NOT HANG UP, even if the caller does.
2. Listen carefully. Be polite and show interest.
3. Try to keep the caller talking to learn more information.
4. If possible, write a note to a colleague to call the authorities or, as soon as the caller hangs up, immediately notify them yourself.
5. If your phone has a display, copy the number and/or letters on the window display.
6. Complete the Bomb Threat Checklist immediately. Write down as much detail as you can remember. Try to get exact words.
7. Immediately upon termination of call, DO NOT HANG UP, but from a different phone, contact authorities immediately with information and await instructions.

If a bomb threat is received by handwritten note:

- Call _____
- Handle note as minimally as possible.

If a bomb threat is received by e-mail:

- Call _____
- Do not delete the message.

Signs of a suspicious package:

- No return address
- Excessive postage
- Stains
- Strange odor
- Strange sounds
- Unexpected delivery
- Poorly handwritten
- Misspelled words
- Incorrect titles
- Foreign postage
- Restrictive notes

** Refer to your local bomb threat emergency response plan for evacuation criteria*

DO NOT:

- Use two-way radios or cellular phone. Radio signals have the potential to detonate a bomb.
- Touch or move a suspicious package.

WHO TO CONTACT (Select One)

EMERGENCY RESPONSE: ——FLOOD

Formatted: Font: Not Bold, Font color: Accent 1

Flooding could threaten the safety of students and staff whenever storm water or other sources of water threaten to inundate the resource center. Flooding may occur if a water pipe breaks or prolonged rainfall causes urban streams to rise. Flooding may also occur as a result of damage to water distribution systems such as failure of a dam or levee. If weather-related, an alert message will be broadcast over the weather radio station.

~~LEARNING LEAD~~SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X Issue **STAND BY** instruction. Determine if evacuation is required.
- X Notify local police department of intent to **EVACUATE**, the location of the emergency meeting area and the route to be taken to that location.
- X Delegate a search team to assure that all students have been evacuated.
- X Post a notice on the resource center door stating where the school has relocated and inform the Sorrento Mesa RC~~District Office~~.
- X Monitor local AM radio weather station for flood information.
- X Notify the Director of Operations and Technology of school status and action taken.
- X Do not allow staff and students to return to the resource center until proper authorities have determined that it is safe to do so.

STAFF ACTIONS:

- X If warranted, **EVACUATE** students using the evacuation plan. Take the attendance roster, emergency backpack and student comfort kits. Check attendance before leaving the resource center.
- X Remain with students throughout the evacuation process.
- X Upon arrival at the emergency meeting area, take attendance. Report any missing students to the ~~Learning Lead~~School Coordinator/Safety Ambassador and emergency response personnel.
- X Do not return to the resource center until it has been inspected and determined safe by property authorities.

EMERGENCY RESPONSE: GAS ODOR / LEAK

Formatted: Font: Not Bold, Font color: Accent 1

~~All school personnel and custodians,~~All school personnel and custodians shall immediately report any gas odor or suspected gas leak to the Director of Operations and Technology. If an odor is detected outside the resource center, it may not be necessary to evacuate.

STAFF ACTIONS:

- X Notify the ~~Learning Lead~~School Coordinator.
- X Move students from immediate vicinity of danger.
- X Do not turn on any electrical devices such as lights, computers, fans, etc.
- X If odor is severe, leave the area immediately.
- X If the resource center is evacuated, take student attendance and report any missing students to the ~~Learning Lead~~School Coordinator/Safety Ambassador.

~~LEARNING LEAD~~SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X If gas leak is internal, evacuate the resource center immediately.
- X Call 911.
- X Notify utility company.
- X Determine whether to move to alternate location.
- X If extended stay outdoors in inclement weather, contact the Director of Operations and Technology.
- X Do not return to the resource center until it has been inspected and determined safe by proper authorities.

EMERGENCY RESPONSE: HAZARDOUS MATERIALS

Formatted: Font: Not Bold, Font color: Accent 1

The nature of the material and the proximity of the incident to the resource center will determine which emergency ACTION should be implemented. Police, Fire or Public Health Department may order **EVACUATION** of the school. See also **BIOLOGICAL AGENT RELEASE** and **CHEMICAL ACCIDENT**.

~~LEARNING LEAD~~SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X Call 911, if necessary.
- X If there is a threat of airborne toxicity, shut-off ventilation system in affected area.
- X Initiate **EVACUATION.** Any toxic cloud that can affect students in their resource centers would very likely affect them outside the resource centers as well. If evacuating by foot, move crosswind to avoid fumes, never upwind or downwind.
- X Isolate anyone suspected of being contaminated with a substance that could be transferred to others until public safety personnel carry out decontamination procedures.
- X If time is available, initiate **Emergency Meeting Area Evacuation**. Move students and staff away from the path of the hazardous materials.
- X Notify Director of Operations and Technology.
- X Wait for instructions from emergency responders-- Health or Fire Department.
- X Do not allow the return of students to the resource centers or buildings until public safety officials declare the area safe.
- X Upon return to school, ensure that all resource centers are adequately aired.

TEACHER ACTIONS:

- X Follow standard student assembly, accounting and reporting procedures.
- X Report names of missing students to ~~office~~the Sorrento Mesa RC.
- X Do not take unsafe actions such as returning to the resource center before it has been declared safe.

EMERGENCY RESPONSE: HOSTAGE SITUATION

Formatted: Font: Not Bold, Font color: Accent 1

Hostage situations may unfold rapidly in a variety of ways. Events may range from a single perpetrator with a single hostage to several perpetrators with many hostages. Specific actions by school staff will be limited pending arrival of law enforcement officers. It is their responsibility to bring the situation to a successful conclusion. When as much of the school has been evacuated as can be accomplished, school staff should focus on providing support as needed to the police department, communicating with parents, and providing counseling for students.

~~LEARNING LEAD~~SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS

- X Call 911. Provide all known essential details of the situation:
  - Number of hostage takers and description
  - Type of weapons being used
  - Number and names of hostages
  - Any demands or instructions the hostage taker has given
  - Description of the area
- X Identify an assembly area for responding officers away from the hostage situation. Have school liaison wait at assembly area for police to arrive.
- X Protect resource center occupants before help arrives by initiating a **LOCKDOWN** or **EVACUATION** (or combination of both).
- X Secure exterior doors from outside access.
- X When police arrive, assist them in a quiet, orderly evacuation away from the hostage situation.
- X Gather information on students and/or staff involved and provide the information to the police. If the parent of a student is involved, gather information about the child.
- X Identify media staging area, if appropriate. Implement a hotline for parents.
- X Account for students as they are evacuated.
- X Provide recovery counseling for students and staff.

STAFF ACTIONS:

- X If possible, assist in evacuating students to a safe area away from the danger. Protect students by implementing a **LOCKDOWN**.
- X Alert the ~~Learning Lead~~School Coordinator/Safety Ambassador.
- X Account for all students.

EMERGENCY RESPONSE: INTRUDER

Formatted: Font: Not Bold, Font color: Accent 1

All public schools are required to post signs at points of entry to their resource centers. The following statement should be used on signage:

All visitors entering school grounds on school days between 7:30 a.m. and 4:30 p.m. must register at the front desk. Failure to do so may constitute a misdemeanor.

-- *California Penal Code Title 15, Chapter 1.1 § 627.2*

To prevent intruders on resource centers, keep doors secure, use sign-in sheets for visitors and cameras and staff to monitor entryways.

~~LEARNING LEAD~~SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X Initiate **LOCKDOWN**.
- X Request intruder to leave the resource center. Remain calm. Be courteous and confident. Keep distance from the intruder. Speak in soft, non-threatening manner. Avoid hostile-type actions, except in cases when necessary to safeguard person or property. Listen to the intruder. Give him or her an opportunity to vent. Attempt to be helpful. When talking to the intruder, use phrases such as:
  - *"What can we do to make this better?'*
  - *"I understand the problem, and I am concerned."*
  - *"We need to work together on this problem."*
- X As soon as the conversation or actions of the individual become threatening or violent, call 911 immediately. Provide description and location of intruder.
- X Keep subject in view until police or law enforcement arrives.
- X Take measures to keep subject away from students and the resource center.
- X Designate an administrator or staff member to coordinate with public safety at their command post; provide a resource center map/exit plan and keys to public safety personnel.
- X When scheduling a meeting with an individual known to be aggressive, arrange for another staff member or student resource officer to be present.

X Be available to deal with the media and bystanders and keep the resource center clear of visitors.

STAFF ACTIONS:

X Notify the ~~Learning Lead~~School Coordinator/Safety Ambassador. Provide description and location of the intruder. Visually inspect the intruder for indications of a weapon.

X Keep intruder in view until police or law enforcement arrives. Stay calm. Do not indicate any threat to the intruder.

X Isolate intruder from students. Lock the resource center ~~and office~~ doors. Close blinds and stay clear of windows and panes of glass. Remain inside rooms until the **ALL CLEAR** instruction is announced.

EMERGENCY RESPONSE: UTILITY FAILURE

Formatted: Font: Not Bold, Font color: Accent 1

Failure of any of the utilities (electricity, gas, water) during school hours constitutes a condition that must be dealt with on a situational basis. Advance notice may be received from a utility company regarding loss of service. In many cases, such loss of service will be of short duration and require no special action other than notifying staff of the temporary interruption of service.

~~LEARNING LEAD~~SCHOOL COORDINATOR/SAFETY AMBASSADOR:

- X Notify utility company. Provide the following information:
- X Determine length of time service will be interrupted.
- X Determine desired action, which may include relocation of students and staff, notification of parents, and alternate food service.
- X If disruption in service will severely hamper school operation, notify students and staff by appropriate means.
- X Use messengers with oral or written word as an alternate means of faculty notification.
- X Notify the Sorrento Mesa RC~~District Office~~ of loss of service.
- X Implement plan to provide services without utilities or with alternate utilities.

EMERGENCY RESPONSE: ~~LEAD~~SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS: ——THREATS / ASSAULTS

Formatted: Font: Not Bold, Font color: Accent 1

Threats occur when a belligerent or armed person on the resource centers bullies, intimidates or coerces others, targeting an individual, particular group or the entire school community. Threats are presented as overt hostility. They may be received by written note, email communication, phone call or orally. The procedure below applies to an oral threat.

~~LEARNING LEAD~~SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- Assess the type of threat to determine the level of risk to the safety of students and staff. In categorizing the risk, attempt to determine:

1) Is the individual moving towards violent action?
2) Is there evidence to suggest movement from thought to action?
    - High violence potential qualifies for arrest or hospitalization.
    - Safety is endangered when there is: (a) sufficient evidence of repetitive/ intentional infliction of emotional distress upon others; or (b) sufficient evidence of the unintentional infliction of emotional distress upon others.

X Notify police (dial 911), if the safety of students or staff is endangered. Provide exact location and nature of incident and school response actions.

X Isolate the threatening person from other students and staff, if it is safe to do so. Initiate appropriate response actions, which may be **LOCKDOWN** or **EVACUATION**. Cancel all outside activities.

X Respond to students who are prone to overt displays of anger in a calm, non-confrontational manner. If an immediate threat is not clearly evident, attempt to diffuse the situation.

X If an individual is armed with any type of weapon, USE EXTREME CAUTION. Do not attempt to remove the weapon from the possession of the individual. Allow police to do so.

X Facilitate a meeting with student(s) and family to review expectations.

X Facilitate a staff meeting to review plans for keeping school safe. Enlist the support of community service providers.

STAFF ACTIONS:

X If any students are outside, move them inside the resource center or away from the location of the threat/assault. If unable to do so, have students lie down and cover their heads. Keep students calm.

X Inside the resource center, institute **LOCKDOWN**. Close all curtains and blinds.

X Disconnect the school television system in resource centers so the individual cannot view news coverage and see locations of police/students/etc.

X Remain with students until **ALL CLEAR** is given.

EMERGENCY RESPONSE: ~~———~~IRRATIONAL BEHAVIOR

Formatted: Font: Not Bold, Font color: Accent 1

A risk to the life and safety of students and staff may exist there is a serious display of disordered thought or behavior. Possible symptoms include: hallucinations, extreme paranoia, impaired judgment that may lead to unsafe decision-making and dangerous behavior (to self or others), incoherent or disjointed speech and self-injurious behavior such as: hitting head, cutting self. Attempts should be made to use de-escalation strategies, calming techniques (e.g., deep breathing), and to implement behavior plans, crisis plans or strategies in IEP, if in place.

~~LEARNING LEAD~~SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X Keep the individual under continuous adult supervision.
- X Keep the individual in the resource center until parent/guardian has been notified.
- X Arrange appropriate support services for necessary care of individual.
- X If the individual actively displays dangerous behavior or there is reason to believe the student cannot be safely transported, call agencies as appropriate to coordinate emergency mental health services (e.g., mental health facilities, juvenile court, law enforcement).
- X School professional (psychologist, counselor, social worker, nurse) should recommend next steps to the ~~Learning Lead~~School Coordinator. The next steps may include:
    - Provide parents/guardian with the names and phone numbers of mental health resources
    - Recommend that the parents make an immediate contact with a therapist.
    - Request that parents/guardian to sign release forms to allow two-way communication between the school and the treating agency.

X Make a follow-up check with the treating agency, family and student as appropriate, to ensure that appropriate care has been arranged.
X Provide follow-up collaborative support for the student and parents (as indicated) within the school
X Develop a safety plan prior to the student's return to school.
X Document actions taken on behalf of the student (referrals, phone contacts, follow-up activities, etc.)

STAFF ACTIONS:

X Take immediate action to isolate the individual and provide safety to the student body. Do not leave the irrational individual alone.

X Notify the ~~Learning Lead~~School Coordinator/Safety Ambassador.
X Notify school nurse, school psychologist, counselor or social worker.
X Protect individual from injury.

EMERGENCY RESPONSE~~:~~ ~~EXPLOSION~~: EXPLOSION

Formatted: Font: Not Bold, Font color: Accent 1

Emergency response will depend on the type of explosion (smoke bomb, chemical lab incident, etc.) and proximity to the school. All students should be kept away from the explosion and under supervision.

~~LEARNING LEAD~~SCHOOL COORDINATOR/SAFETY AMBASSADOR:

- Determine whether emergency meeting area evacuation should be implemented. If so, sound fire alarm. This will automatically implement action to **EVACUATE** the resource center. **EVACUATION** may be warranted in some resource centers but others may be used for **SHELTER IN PLACE**.
- Notify Fire Department (call 911). Provide school name, address, exact location within the building, your name and phone number and nature of the emergency.
- Secure area to prevent unauthorized access until the Fire Department arrives.
- Advise the Director of Operations and Technology of school status.

X Notify emergency response personnel of any missing students.

- Notify utility company of breaks or suspected breaks in utility lines or pipes. Provide school name, address, location within building, your name and phone.
- Direct a systematic, rapid and thorough approach to search the building and surrounding areas. Check resource centers and work areas, public areas (foyers, ~~offices~~, bathrooms and stairwells), unlocked closets,

exterior areas (shrubbery, trash cans, debris boxes) and power sources (computer rooms, gas valves, electric panels, telephone panels).

- Determine if Student Release should be implemented. If so, notify staff, students and parents.
- If damage requires the school to be closed, notify parents and staff of school status and alternate location for resource center instruction. Do not return to the resource center until it has been inspected and determined safe by proper authorities.

STAFF ACTIONS:

X Initiate **DROP, COVER AND HOLD ON**.

X If explosion occurred inside the resource center, **EVACUATE** to outdoor assembly area. Keep students and staff at a safe distance from the resource center and away from fire-fighting equipment.

X Check to be sure all students have left the resource center. Remain with students throughout evacuation process.

X Upon arrival at assembly area, check attendance. Report status to Safety Ambassador immediately.

X Render first aid as necessary.

X Do not return to the resource center until the emergency response personnel determine it is safe to do so.

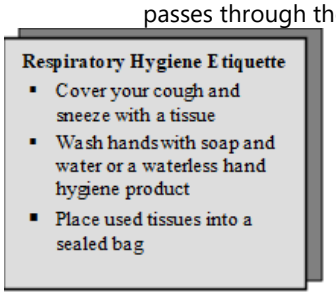
X If explosion occurred in the surrounding area, initiate **SHELTER IN PLACE**. Keep students at a safe distance from site of the explosion.

EMERGENCY RESPONSE: ~~PANDEMIC~~: PANDEMIC INFLUENZA

Formatted: Font: Myriad Pro, Not Bold, Font color: Accent 1

Formatted: Font: Myriad Pro, Not Bold, Font color: Accent 1

Influenza is a highly contagious viral disease. Pandemic influenza differs from both seasonal influenza (flu) and avian influenza in the following aspects:



- It is a rare global outbreak which can affect populations around the world.
- It is caused by a new influenza virus to which people do not have immunity.
- Depending upon the specific virus, it can cause more severe illness than regular flu and can affect young healthy people more so than older, sick people.

The Department of Health and Human Services will take the lead in mobilizing a local response to pandemic influenza. Public health alerts will be reported to schools and the community. Individual schools may be closed temporarily to contain spread of the virus.

SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- x Activate heightened surveillance of illness within school location. Gather data on symptoms of students and staff who are sick at home.
- x Insure that students and staff members who are ill stay home.
- x Send sick students and staff home from school immediately.
- x Provide fact sheets and guidelines for school families to make them aware of symptoms and remind them of respiratory hygiene etiquette

- x Monitor bulletins and alerts from the Department of Health and Human Services.
- x Keep staff informed of developing issues.
- x Assist the Department of Health and Human Services in monitoring outbreaks.
- x Respond to media inquiries regarding school attendance status.
- x Implement online education, if necessary, so that students can stay home.
- x Maintain surveillance after the initial epidemic in the event a second wave passes through the community.

STAFF and STUDENT ACTIONS:

- ~~x~~ x Stay home when ill with cough or other flu-like symptoms (chills, fever, muscle aches, sore throat).
- ~~x~~ x Practice "respiratory hygiene etiquette".
- ~~x~~ x Disinfect surfaces contaminated with infected respiratory secretions with a diluted bleach solution (1 part bleach to 100 parts water).
- x Implement online homework assignments so that students can stay home.

EMERGENCY RESPONSE: Active Shooter/Armed Assailant

ACTIVE SHOOTER / ARMED ASSAILANT SITUATIONS

"*Active shooter situations*" are defined as those where an individual or individuals is "actively engaged in killing or attempting to kill people in a confined and populated area." *Active shooters / armed assailants frequently use firearms, but attacks of this type can also be made with other types of weapons (knifes, swords, etc.). These situations* are unpredictable and evolve quickly. Because of this, individuals must be prepared to deal with an *active shooter / armed assailant situation* before law enforcement personnel arrive on the scene.

No single response fits all *active shooter / armed assailant situations*; therefore, it is essential all members of the school staff know their options for response and are prepared to act decisively to protect their students and themselves.

ACTIONS – ALL SCHOOL STAFF

1. All employees are authorized to **take immediate action** to protect themselves and students if they see or hear anything that causes them to believe an active shooter / armed assailant situation is occurring or is to about to occur.

    a. **Act immediately** if you or your students:
    - hear a sound that might be gunfire.
    - see something that looks like a weapon being carried or used on or near the campus.
    - sense any other indication of active shooter / armed assailant threat.

b. **Quickly evaluate** which option (Run, Hide or Fight) will best protect you and your students.
c. **Be decisive.** Communicate your plan to your students and act quickly.
d. **Call 911 and the Sorrento Mesa RC~~School Office~~** as soon as it is safe to do so.

2. **Options: Run, *Hide or Fight***

a. **Run:** If you can get yourself and your students safely away from danger, do so immediately.
   - Do not evacuate unless you…
     - know with certainty, the exact location of assailant (do not trust unofficial, second hand accounts),
     - **and** can visualize a route that will get your students and yourself safely off campus.
   - Don't carry anything with you.
     - Police may mistake an item in your hands as a weapon.
     - Leave everything behind.
   - If you encounter people along the way…
     - Adults: Warn them and take them with if you can but don't stop if they refuse to come.
     - Students: Warn any students you encounter and take them with if you. You may use reasonable force to take a student with you *if you can do so without endangering yourself or the other students in your care*.
   - Place terrain and buildings between you and the assailant to cover your escape.
   - Keep going until you are certain you are out of danger.
   - Call 911 as soon as it is safe to do so.
   - Keep your students with you. Call (insert phone number) to report your location and obtain instructions.

b. Hide: If you do not know the exact location of the assailant, get your students and yourself into the most secure location available and LOCKDOWN.
   - Lock the doors
   - Close and lock windows and close blinds or cover windows;
   - Turn off lights;
   - Barricade the doors with heavy furniture; be sure your barricade covers any glass in or near the door;

Formatted: Font: 12 pt
Formatted: Font: 12 pt, No underline
Formatted: Font: 12 pt, No underline
Formatted: Font: 12 pt

- Silence all electronic devices;
- Remain silent;
- Position occupants spread out and out of line of site from room entrance.
- Prepare to take action if the assailant attempts to get in the room;
- Use text or email to communicate your location, the number of students or staff with you, if you have any wounded and the extent of the injuries;
- Call 911 as soon as it is safe to do so.
- Remain in place until evacuated by identifiable law enforcement officers.

c. **FIGHT: Never seek out confrontation with an active shooter / armed assailant.** If you are confronted by an active shooter / armed assailant and you have no safer option, take immediate action to disrupt or incapacitate the assailant. **If you choose the FIGHT option, commit to your actions.**

Formatted: Font: 12 pt

- If you are in LOCKDOWN (Hide), prepare yourself and your students for the possibility that the assailant may attempt to get in the room you are in.
  - Construct a strong barricade.
  - If you have another way out (a window or back door) use it while the assailant is attempting to get in.
  - If no other exit is available be prepared to disrupt the assailant by throwing objects at the assailant and running for the exit as soon as the assailant enters the room.
    a. Use items in the environment as improvised weapons (fire extinguishers, staplers, books, cups, etc.)
- Staff members may consider using aggressive and violent force to surprise and overwhelm the assailant.

3. **Call 911 and initiate a school-wide LOCKDOWN** announcement as soon as you can do so safely. Work with the people you are with to do both calls simultaneously if possible.

a. Provide as much information as possible (slow down – be calm):

Formatted: Font: 12 pt

- State the emergency: "I hear gunfire." "I saw..."
  - Give information on people who are wounded.
- Location of the assailant (if known):

- Description of the assailant (if known):
- Your precise location: "room __"
- The number of children with you:

b. Keep the line open, even if you can't talk, unless instructed by the dispatcher to end the call.

4. Special Topics

a. Injuries: Your response to injured persons will need to vary given the specific circumstances that are present and the response option (Run, Hide or Fight) you are engaged in.

- *Run* – If you encounter injured persons while you are trying to get out of danger…
  - And you have children with you, you must place their safety ahead of the injured person. Take note of where the injured person is and report the location as soon as you get to safety.

- *Hide* – If someone is injured where you are hiding, secure the room before tending to the wounded.
  - As soon as it is safe to do so, apply first aid using any supplies that are available. If necessary, use articles of clothing as improvised dressing for wounds and apply direct pressure to control bleeding.

- *Fight* – This is always the option of last resort because the probability of injury is highest when you are in close proximity to the assailant. Commit to your plan. Do not stop to tend to the wounded until it is safe to do so.
  - If you're intention is to disrupt the assailant to allow as many people to escape as possible, stick to that plan.
  - If your plan is to incapacitate the assailant, keep fighting until the assailant is incapacitated and the weapon and assailant are under control.

b. Law Enforcement: If you encounter law enforcement officers…
- Immediately raise your hands in the air and display your open palms.
- Don't run up to officers or attempt to hug or talk to them.

- Don't talk unless they ask you a question.
- Do exactly what they tell you to do.

c. Weapons: If the assailant loses control of a weapon, exercise extreme care when securing it:
   - Do not pick up the weapon. Law enforcement may shoot you if they see you holding a weapon.
   - Secure the weapon by placing an empty trash can over it and sliding it to a location where it can be kept covered and under control until a law enforcement officer can take possession of it.

d. Ongoing Communication: (School and district staff should develop means to safely provide updates to staff to keep them informed during the incident.)

e. School Activities: (School locations must also plan for and train all district / RC staff involved with student activities and extracurricular programs.)

~~LEARNING LEAD~~SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- Follow the All-Staff guidance described above.
- Call 911 and initiate a **LOCKDOWN** announcement as soon as you can do so safely. Work with nearby staff to do them simultaneously if at all possible.
  - Include as much actionable information on the announcement as possible.
    - *Example "LOCKDOWN, LOCKDOWN, LOCKDOWN. Man with a gun on campus. LOCKDOWN now."*
  - If you have surveillance capabilities, and can safely provide real time announcements, broadcast continuous and accurate information on the location of the assailant. This will disrupt and distract the assailant. It will also provide people in the resource center with information they can use to better evaluate their options.
    - *Example: "The gunman is now in the D wing headed south. He is armed with a shotgun and is wearing a hooded jacket and blue jeans."*
- Notify the Sorrento Mesa RC~~corporate office~~ after you call 911.
- If possible, assist emergency personnel.
  - Assist police in entering the school;
  - Provide officers with keys, maps and any other information requested.

Formatted: Font: 12 pt

- Activate the district's Emergency Operations Center
- Dispatch a back-up ICS team to take over responsibility for ICS functions from RC staff who will be impacted by this emergency.

- **Emergency Area Reunification**
  - The Operations Section should prepare an emergency evacuation area for reunification.
    - This should be at a location large enough to accommodate the evacuation, with parking available for parents coming to get their kids. Movie theater complexes work well for this type of emergency.
    - Once the assailant is neutralized emergency responders will begin to treat and evacuate the wounded.
    - School staff and students will remain in lockdown until evacuated on a room-by-room basis.
    - Vans should be placed on standby for evacuation.
    - Teams and materials should be mobilized to conduct an orderly reunification in which all students and staff are accounted for.

- **Crisis Intervention**
  - A Mental Health strike team should also be assembled to assist with stabilizing acutely impacted students, staff and parents during reunification.
  - This team will also provide ongoing support throughout the recovery phase of the emergency response.
  - Psychoeducational materials should also be developed / selected by the Planning Section for distribution to parents and other caregivers to assist them in supporting crisis recovery.
  - Mental Health staff should also be involved in plans related to reopening the school following an active shooter / armed assailant event.

EMERGENCY RESPONSE: FIRE (Outside Fire/Wildfire)

Formatted: Font: Not Bold, Font color: Accent 1

A fire in an adjoining area, such as a wildland fire, can threaten the school building and endanger the students and staff. Response actions are determined by location and size of the fire, its proximity to the school and the likelihood that it may endanger the school community.

~~LEARNING LEAD~~SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS:

- X Determine if **EVACUATION** of school location is necessary.
- X Contact local fire department (call 911) to determine the correct action for your school location.
- X If necessary, begin evacuation of school location to previously identified safe location using school evacuation plan.
- X Direct inspection of premises to assure that all students and personnel have left the building.
- X Notify the ~~school distric~~Sorrento Mesa RC~~t~~ where the school has relocated and post a notice on the ~~office~~RC door stating the temporary new location.
- X Monitor radio station for information.
- X Do not return to the building until it has been inspected and determined safe by proper authorities.

STAFF ACTIONS:

- X If students are to be evacuated, take attendance to be sure all students are present before leaving the building location.

X Stay calm. Maintain control of the students a safe distance from the fire and firefighting equipment.

X Take attendance at the assembly area. Report any missing students to the School Administrator/Safety Ambassador and emergency response personnel.

X Remain with students until the building has been inspected and it has been determined safe to return to.

ADDITIONAL STEPS FOR THE SCHOOL:

FIRE (WILDFIRE)

Formatted: Font: Not Bold, Font color: Accent 1

Should a wildfire endanger the students or staff, it is important to work with the local fire department, act quickly and decisively to prevent injuries and damage to property. In evolving situations, local authorities may not issue an evacuation warning or order early in the event, only to do so later when the event poses a greater threat. To best ensure the safety of our staff and students, school administrators should work in conjunction with local fire and law enforcement to evaluate these events relative to our school's unique characteristics, such as facility age and construction, transportation dependencies, ingress and egress options and capacity, level of defensible space around our structures, and surrounding topography. It may be best for some resource centers~~/offices~~ to issue an early dismissal and voluntarily evacuate due to unique characteristics and circumstances. If a wildfire is near our locations, fire personnel may suggest a voluntary evacuation or call for a mandated early dismissal, external evacuation, shelter-in-place or a resource center closure. The Charter Schools- have procedures in place for each of these possibilities.

BEFORE

Goals:

1. Coordinate with local fire department to develop procedures that facilitate an effective and efficient wildfire response
2. Develop the capacity of staff to lead students through appropriate response options
3. Prevent the risk of injury to individuals and damage of property from wildfire

Objective(s):

Goal 1 Objectives

a) Coordinate with local fire department to ensure an effective response to a Wildfire
b) Develop procedures for voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and school closure
c) Develop a clear chain of command with staff

Goal 2 Objectives

a) Train staff on the different wildfire response actions: voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and resource center closure

Goal 3 Objectives

a) Store combustible materials in fireproof containers
b) Follow Fire Code and district rules regarding fire prevention
c) Provide fire prevention training to staff
d) Hold Fire Drills
e) Maintain an adequate supply of fire extinguishers
f) Ensure proper maintenance of fire prevention equipment

Courses of Action:

~~LEARNING LEAD~~SCHOOL COORDINATOR/**SAFETY AMBASSADOR ACTIONS:**

Goal 1 Actions

a) Meet, plan and train with local fire department to ensure an effective response to a Wildfire. Plan for potential voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and resource center closure
b) Develop location specific procedures to engage in a voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and school closure
c) Use the San Diego County "School Protection and Evacuation Plan (SPEP), available on the San Diego County Office of Education website, to develop location specific plans

Goal 2 Actions

a) Provide training to staff on wildfire response actions including: voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and school closure

Goal 3 Actions

a) Provide fire prevention materials to staff and provide a brief fire prevention training at the beginning of the year as part of training on the Comprehensive School Safety Plan
b) Ensure combustible materials are stored in fireproof containers
c) Hold fire extinguisher training for staff
d) Ensure adequate supply of fire extinguishers are appropriately maintained
e) Hold required number of fire drills and vary the situation to improve staff and student response

STAFF ACTIONS

Goal 2 Actions

a) Take fire extinguisher training or read about/watch video on how to use a fire extinguisher
b) Read any fire prevention and wildfire response materials provided by administration

Goal 3 Actions

a) Participate and lead students in fire drills
b) Refrain from bringing unapproved combustible materials (cleaning and other chemicals) onto school
c) Become familiar with and only use Fire Marshall approved fire retardant classroom decorations

DURING

Goals:
1. While coordinating with local fire department/jurisdiction's incident command, protect life and implement appropriate wildfire response actions

Objective(s): Goal 1 Objectives

a) Conduct appropriate wildfire response actions in a timely manner
b) Conduct accountability procedures in a timely manner
c) Activate school location Incident Command Team, as necessary

Courses of Action: ~~**LEARNING LEAD**~~**SCHOOL COORDINATOR/SAFETY AMBASSADORACTIONS:**

Goal 1 Actions

a) Work with the ~~district office~~Sorrento Mesa RC, local fire department and other responders to determine best course of action
b) Use the "Wildfire Evacuation Decision Tree" following this section.
c) Communicate plan of action to staff and students:
    - voluntary evacuation
    - early dismissal
    - mandatory evacuation
    - shelter-in-place
    - resource center closure

d) Consider the following while implementing response action

- Supplies (have staff bring emergency supplies, especially first aid kits and communication devices)
- Food and water
- Transportation
- Security and Safety
- Communications

e) Contact families to notify of planned course of action

f) Activate school Incident Command Team, as necessary

- Reunification Team

g) Ensure all staff and students are accounted for

h) Ensure that access roads are kept open for emergency vehicles

i) Based on the situation, delegate staff to turn off and unplug any electrical devices left behind and/or have facilities turn off electricity

j) Do not allow staff and students to return to the building until the Fire Department declares that it is safe to do so

Goal 2 Actions

Formatted: Font: Myriad Pro

a) Remind staff to close doors when exiting resource centers~~/offices~~

b) Notify appropriate utility company of suspected breaks in utility lines or pipes.

c) Notify fire department of any hazards or vulnerabilities that could hinder their response or cause further damage (chemicals, wires, equipment, etc.)

- Provide SDS sheets of any chemicals on location/in the area of the fire to the fire department upon arrival

d) Notify the Sorrento Mesa RC~~District Office~~ of situation

Formatted: Font: Myriad Pro, 12 pt

STAFF ACTIONS:

Goal 1 Actions

a) Follow the directions of the Incident Command to carry out necessary response action: voluntary evacuation, early dismissal, mandatory evacuation, shelter-in-place and resource center~~/office~~ closure

b) If evacuating or sheltering-in-place, take emergency backpack and student kits

c) Maintain control of the students a safe distance from the fire and firefighting equipment

d) Take attendance. Report missing students to the ~~Learning Lead~~School Coordinator/designee and emergency response personnel

e) Maintain supervision of students until the Fire Department determines it is safe to return to the school building or they are reunified with family

f) Serve in any designated position on the Incident Command Team

Shut resource center ~~or office~~ door after all individuals have exited

Provide information to the ~~Learning Lead~~School Coordinator/Safety Ambassador regarding any hazards or vulnerabilities noticed while evacuating (chemicals, exposed wires, equipment that might be hazardous, etc.)

AFTER

Goals:
1. Effectively communicate to all stakeholders
2. Determine response strengths, areas from improvement and steps to improvement

Objective(s):

Goal 1 Objectives

a) Provide information to staff, parents, and students
b) Provide information to the Sorrento Mesa RC~~district office~~

Formatted: Font: Myriad Pro

Goal 2 Objectives

a) Conduct After-Action Report process

Courses of Action:

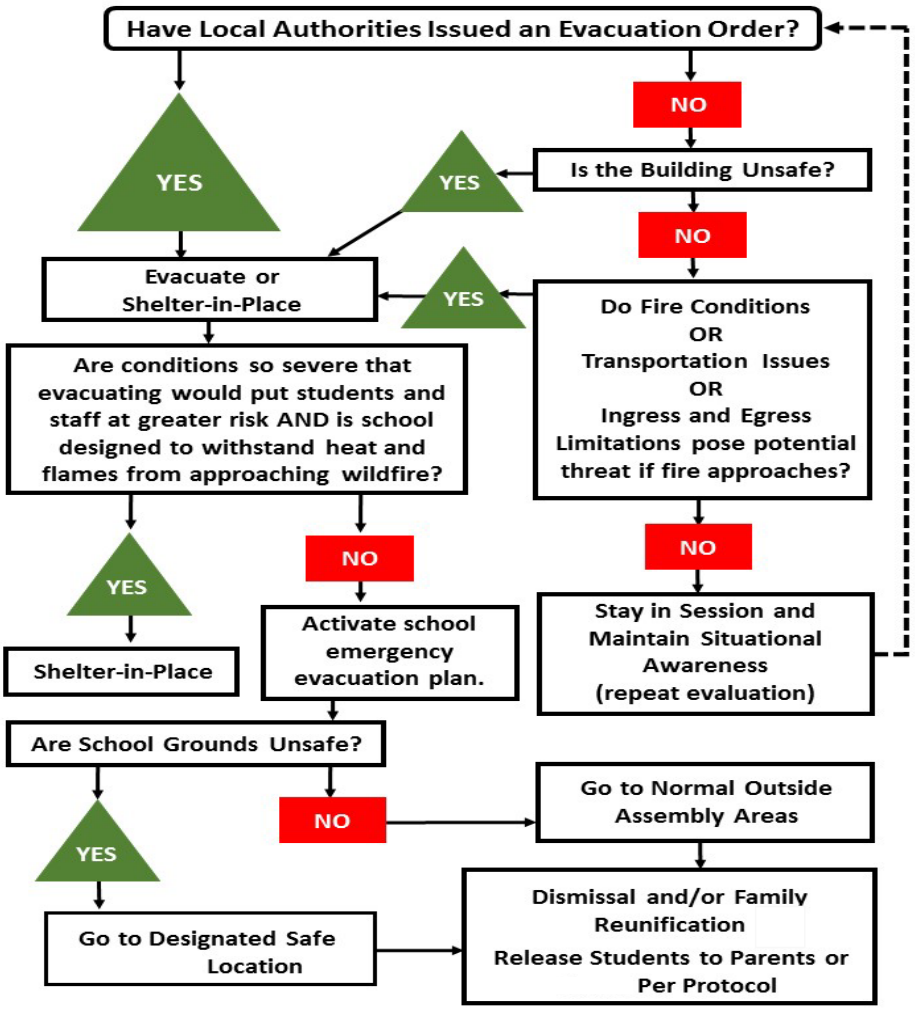
~~LEARNING LEAD~~SCHOOL COORDINATOR/SAFETY AMBASSADOR ACTIONS

Goal 1 Actions

a) Provide critical information to the Sorrento Mesa RC~~district office~~ in order to develop effective key messages
b) Work with appropriate district department to write messages to inform parents, staff and the community about what happened
c) Work with appropriate district department to draft talking points for phone calls and media requests

Goal 2 Actions

a) Conduct an after-action report process and implement necessary actions for improving future responses
b) Gather stakeholders to debrief and engaged in process to identify strengths and weaknesses (areas for improvement) of response
c) Identify steps to improve future responses
d) Implement steps to improvement



STAFF ACTIONS

Goal 2 Actions

a) Participate in the after-action report process
a) Participate in any determined corrective actions discovered in the after-actions process

EMERGENCY RESPONSE~~: OPIOID~~: OPIOID ANTAGONIST- Naloxone Hydrochloride

Formatted: Font: Not Bold, Font color: Accent 1

Formatted: Font: Not Bold, Font color: Accent 1

Pursuant to California Education Code 49414.3, any school districts, county offices of education, and charter schools may provide emergency naloxone hydrochloride or another opioid antagonist to school nurses or trained personnel who have volunteered pursuant to subdivision (d), and school nurses or trained personnel may use naloxone hydrochloride or another opioid antagonist to provide emergency medical aid to persons suffering, or reasonably believed to be suffering, from an opioid overdose.

~~Mirus Secondary School~~Altus Schools Mirus has established a Staff Naloxone Hydrochloride Emergency Training Plan and Program pursuant to CDE 49414.3 which includes safe and effective management of opioid-related overdoses. This plan is also incorporated into the school emergency preparedness and response plans.

PROCEDURES FOR PREVENTING OPIOID AND FENTANYL USE AND OVERDOSE

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

Formatted: Centered

~~Mirus Secondary School~~Altus Schools Mirus's primary goal in the fight against opioids and fentanyl use is prevention.

~~Mirus Secondary School~~Altus Schools Mirus will use the following prevention strategies:

- Distribute materials to and/or discuss with students content conducive to preventing drug use/abuse such as, but not limited to:
  - How opioids and fentanyl affect the body's systems.
  - Refusal strategies
  - The signs and symptoms of use/abuse
  - The science of addiction
- Distribute safety advice to families regarding opioid overdose prevention.
- Creating a supportive, safe and orderly environment conducive to learning by regularly assessing school climate and using data to develop goals and objectives to address gaps.
- Providing training to staff on building protective factors in students, as well as recognizing the signs and symptoms of use/abuse.

SIX ESSENTIAL STEPS FOR INDIVIDUALS RESPONDING TO POSSIBLE OVERDOSE

Formatted: Font color: Accent 1

Formatted: Centered

The following was developed from The Department of Health and Human Services, Substance Abuse and Mental Health Services Administration document SAMHSA Opioid Overdose Prevention Toolkit.

Overdose is common among persons who use illicit opioids such as heroin and among those who misuse medications prescribed for pain such as oxycodone, hydrocodone, methadone, buprenorphine, and morphine. The incidence of opioid overdose is rising nationwide. In 2016, more than 42,000 of the drug overdose deaths in the United States involved some type of opioid, including heroin.

To address the problem, emergency medical personnel, health care professionals, school personnel, people who use drugs, and other community members who may witness and respond to an overdose are being trained in the use of the opioid antagonist medication naloxone, which can reverse the potentially fatal respiratory depression caused by opioid overdose. (Note that naloxone has no effect on non-opioid overdoses, such as those involving cocaine, benzodiazepines, or alcohol.

The steps outlined in this section are recommended to reduce the number of deaths resulting from opioid overdoses.

STEP 1: EVALUATE FOR SIGNS OF OPIOID OVERDOSE

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

Formatted: Font: 14 pt, Not Bold

Signs of OVERDOSE, which often results in death if not treated, include:

- Unconsciousness or inability to awaken.
- Slow or shallow breathing or breathing difficulty such as choking sounds or a gurgling/snoring noise from a person who cannot be awakened.
- Fingernails or lips turning blue/purple.

If an opioid overdose is suspected, stimulate the person:

- Call the person's name, tap the person's shoulders, clap your hands loudly in order to assess for level of consciousness.
- If this doesn't work, per Department of Health and Human Services (DHHS) recommendation, vigorously grind knuckles into the sternum (the breastbone in middle of chest).
- If the person responds, assess whether he or she can maintain responsiveness and breathing.
- Continue to monitor the person, including breathing and alertness, and try to keep the person awake and alert.
- If the person does not respond, call 911.
- Grab the Opioid Overdose Emergency Kit and Automatic External Defibrillator (AED).
- Provide rescue breathing if the person is not breathing on their own and administer one dose of naloxone.

  For students, instruct staff member to contact the parent/guardian or emergency contact on file.

STEP 2: CALL 911 FOR HELP

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

AN OPIOID OVERDOSE NEEDS IMMEDIATE MEDICAL ATTENTION

Formatted: Font: Not Bold, Font color: Accent 1

Formatted: Font: Not Bold

Formatted: Centered

An essential step is to get someone with medical expertise to see the person as soon as possible. If no emergency medical services (EMS) or other trained personnel is on the scene, activate the 911 emergency system immediately. All you have to say is "Someone is unresponsive and not breathing." Be sure to give a specific address and/or description of your location. After calling 911, follow the dispatcher's instructions. If appropriate, the 911 operator will instruct you to begin CPR (technique based on rescuer's level of training).

STEP 3: ADMINISTER NALOXONE

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

Formatted: Font: 14 pt, Not Bold

If the person overdosing does not respond within 2 to 3 minutes after administering a dose of naloxone, administer a second dose of naloxone.

Naloxone should be administered to anyone who presents with signs of opioid overdose or when opioid overdose is suspected. Naloxone is approved by the Food and Drug Administration (FDA) and has been used for decades by EMS personnel to reverse opioid overdose and resuscitate individuals who have overdosed on opioids. Research has shown that women, older people, and those without obvious signs of opioid use

disorder are undertreated with naloxone and, as a result, have a higher death rate. Therefore, it is also important to consider naloxone administration in women and the elderly found unresponsive with opioid overdose.

Naloxone can be given by intranasal spray and by intramuscular (into the muscle), subcutaneous (under the skin), or intravenous injection.
~~Mirus Secondary School~~Altus Schools Mirus **uses intranasal spray.**

Formatted: Font color: Accent 1

All naloxone products are effective in reversing opioid overdose, including fentanyl-involved opioid overdoses, although overdoses involving potent (e.g., fentanyl) or large quantities of opioids may require more doses of naloxone.

DURATION OF EFFECT. The duration of effect of naloxone depends on dose, route of administration, and overdose symptoms and is shorter than the effects of some opioids. The goal of naloxone therapy should be to restore adequate spontaneous breathing, but not necessarily complete arousal.

Formatted: Font: Not Bold, Font color: Accent 1

More than one dose of naloxone may be needed to revive someone who is overdosing. People who have taken longer acting or more potent opioids may require additional intravenous bolus doses or an infusion of naloxone.

Comfort the person being treated, as withdrawal triggered by naloxone can feel unpleasant. Some people may become agitated or confused, which may improve by providing reassurance and explaining what is happening.

SAFETY OF NALOXONE. The safety profile of naloxone is remarkably high, especially when used in low doses and titrated to effect. When given to individuals who are not opioid intoxicated or opioid dependent, naloxone produces no clinical effects, even at high doses. Moreover, although rapid opioid withdrawal in opioid-tolerant individuals may be unpleasant, it is not life threatening.

Formatted: Font: Not Bold, Font color: Accent 1

Naloxone can be used in life-threatening opioid overdose circumstances in pregnant women.

The FDA has approved an injectable naloxone, an intranasal naloxone, and a naloxone auto-injector as emergency treatments for opioid overdose. People receiving naloxone kits that include a syringe and naloxone ampules or vials should receive brief training on how to assemble and administer the naloxone to the victim. The nasal spray is a prefilled, needle-free device that requires no assembly and that can deliver a single dose into one nostril. The auto-injector is injected into the outer thigh to deliver naloxone to

the muscle (intramuscular) or under the skin (subcutaneous). Once turned on, the currently available device provides verbal instruction to the user describing how to deliver the medication, similar to automated defibrillators. Both the nasal spray and naloxone auto-injector are packaged in a carton containing two doses to allow for repeat dosing if needed.

FENTANYL-INVOLVED OVERDOSES. Suspected opioid overdoses, including suspected fentanyl- involved overdoses, should be treated according to standard protocols. However, because of the higher potency of fentanyl and fentanyl analogs compared to that of heroin, multiple doses of naloxone may be required to reverse the opioid-induced respiratory depression from a fentanyl-involved overdose.
Many anecdotes report more rapid respiratory depression with fentanyl than with heroin, although other reports do not reflect such rapid depression.

Formatted: Font: Not Bold, Font color: Accent 1

Because of these effects, quicker oxygenation efforts and naloxone delivery may be warranted with fentanyl-involved overdoses compared with heroin-only overdoses. However, naloxone is an appropriate response for all opioid overdoses, including fentanyl-involved overdoses.

STEP 4: SUPPORT THE PERSON'S BREATHING

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

Ventilatory support is an important intervention and may be lifesaving on its own. Rescue breathing can be very effective in supporting respiration, and chest compressions can provide ventilatory support.

Rescue breathing for adults involves the following steps:

- Be sure the person's airway is clear (check that nothing inside the person's mouth or throat is blocking the airway).
- Place one hand on the person's chin, tilt the head back, and pinch the nose closed.
- Place your mouth over the person's mouth to make a seal and give two slow breaths.
- Watch for the person's chest (but not the stomach) to rise.
- Follow up with one breath every 5 seconds.

Chest compressions for adults involve the following steps:

- Place the person on his or her back.
- Press hard and fast on the center of the chest.
- Keep your arms extended.

STEP 5: MONITOR THE PERSON'S RESPONSE

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

All people should be monitored for recurrence of signs and symptoms of opioid toxicity for at least 4 hours from the last dose of naloxone or discontinuation of the naloxone infusion. People who have overdosed on long-acting opioids should have more prolonged monitoring.

Most people respond by returning to spontaneous breathing. The response generally occurs within 2 to 3 minutes of naloxone administration. (Continue resuscitation while waiting for the naloxone to take effect.)
Because naloxone has a relatively short duration of effect, overdose symptoms may return. Therefore, it is essential to get the person to an emergency department or other source of medical care as quickly as possible, even if the person revives after the initial dose of naloxone and seems to feel better.

SIGNS OF OPIOID WITHDRAWAL. The signs and symptoms of opioid withdrawal in an individual who is physically dependent on opioids may include body aches, diarrhea, tachycardia, fever, runny nose, sneezing, piloerection (gooseflesh), sweating, yawning, nausea or vomiting, nervousness, restlessness or irritability, shivering or trembling, abdominal cramps, weakness, tearing, insomnia, opioid craving, dilated pupils, and increased blood pressure. These symptoms are uncomfortable, but not life threatening. After an overdose, a person dependent on opioids should be medically monitored for safety and offered assistance to get into treatment for opioid use disorder.

Formatted: Font: Not Bold, Font color: Accent 1

If a person does not respond to naloxone, an alternative explanation for the clinical symptoms should be considered. The most likely explanation is that the person is not overdosing on an opioid but rather some other substance or may be experiencing a non-overdose medical emergency.

In all cases, support of ventilation, oxygenation, and blood pressure should be sufficient to prevent the complications of opioid overdose and should be given priority if the response to naloxone is not prompt.

DO'S AND DON'TS WHEN RESPONDING TO OPIOID OVERDOSE

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

Formatted: Centered

- DO attend to the person's breathing and cardiovascular support needs by administering oxygen or performing rescue breathing and/or chest compressions.
- DO administer naloxone and utilize a second dose, if no response to the first dose.
- DO put the person in the "recovery position" on the side, if you must leave the person unattended for any reason.
- DO stay with the person and keep the person warm.
- DON'T slap or forcefully try to stimulate the person; it will only cause further injury. If you cannot wake the person by shouting, rubbing your knuckles on the sternum (center of the chest or rib cage), or light pinching, the person may be unconscious.
- DON'T put the person into a cold bath or shower. This increases the risk of falling, drowning, or going into shock.
- DON'T inject the person with any substance (e.g., saltwater, milk, stimulants). The only safe and appropriate treatment is naloxone.
- DON'T try to make the person vomit drugs that may have been swallowed. Choking or inhaling vomit into the lungs can cause a fatal injury.
- NOTE: All naloxone products have an expiration date, so it is important to check the expiration date and obtain replacement naloxone as needed.

STEP 6: ADDITIONAL SUPPORT

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

- Have the individual transported to the nearest medical facility, even if symptoms seem to get better.
- Debrief with students and staff present and assess further needs for support.
- Complete an Accident Report Form.

Follow up with assigned school nurse for additional support.

Emergency Lockdown Procedures

Formatted: Font: Not Bold, No underline, Font color: Accent 1

If an emergency situation, occurring in the vicinity of a Mirus resource center endangers student safety, the RC may be placed under lockdown.

Persons who may activate a resource center lockdown:

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

Formatted: Font: 14 pt, Not Bold

- An officer may notify, or request school administration to notify a resource center to activate a lockdown.
- An administrator or teacher may, in an immediate, life-threatening situation, activate a resource center lockdown.
- Any member of a resource center staff who observes or suspects a dangerous situation shall immediately notify school administration or resource center teachers.

Conditions in which to activate a school-wide or RC- specific lockdown may include, but not limited to:

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

- Authorities inform the school or resource center of a dangerous situation in close proximity to the facility.
- The immediate pursuit of a dangerous suspect.
- The execution of a high-risk search or arrest warrant.
- A large-scale enforcement operation involving potentially dangerous suspects.
- Someone with a weapon is en route to a resource center.
- Gunshots are heard nearby.
- An act of terrorism.

During a lockdown, a resource center will take several security measures:

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

- An administrator or designee or teacher will declare “this is a lockdown” alerting staff and students.
- All students and staff remain in their resource center ~~or offices~~.
- No one is permitted to leave and no one, including a parent, is allowed in the resource center.
- All RC doors and windows are to be closed and locked.
- All window blinds should be drawn or closed.
- All lights should be turned off.
- Students and staff will remain quiet and shut off all audio-visual equipment.

- All individuals should seek immediate cover under desks or tables and remain low to the ground and away from windows or doors.
- A staff member should take a head count and obtain names of each individual in the resource center.
- If lockdown is declared by a resource center staff member, please notify school administration as soon as possible.
- First aid will be rendered by staff as necessary.
- Staff should wait for authorities or school officials to give them a clear sign before releasing anyone from the room.
- Resource center staff should not make statements to the media.

Should a lockdown occur, parents should be aware of the following:

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

- Remain calm as resource center and local authorities manage the situation.
- If a lockdown lasts for an extended period of time, or goes beyond dismissal time, students will not be allowed to leave until recommended by the appropriate authorities. Resource center staff will attempt to notify parents by phone.
- Parents may be required to pick up children from the resource center or another designated staging area, once it is determined to be safe to do so.
- Parents may be required to present identification.
- The reunification location will be given to parents over the phone, if possible.

Students and parents are reminded that during an emergency situation, cellular sites may be overwhelmed due to a high volume of calls. It is critical that text messaging and cell phone use be kept to a minimum so that emergency services have priority to assist the students and staff at the resource center.

Best Practice Considerations for Schools in Active Shooter and Other Armed Assailant Drills

The National Association of School Psychologists and the National Association of School Resource Officers have partnered to provide this guidance on armed assailant training, with input from Safe and Sound: A Sandy Hook Initiative and the ALiCE Training Institute. This document provides guidance on the important factors schools must take into account when considering and conducting armed assailant drills.

OVERVIEW

A. Response to armed assailants has focused on implementing a school lockdown. Recently, discussion has emphasized options-based approaches, which sometimes include the "Run, Hide, Fight" model.

B. Armed assailant drills have both benefits and concerns associated with their implementation.
   - Armed assailants in schools account for only 1% of homicides among school-age youth; schools must balance costs and benefits when allocating crisis preparedness resources.
   - Such drills have the potential to empower staff and save lives, but without proper caution, they can risk causing harm to participants.
   - Available research supports the effectiveness of lockdown drills carried out according to best practices, but research is still needed on the effectiveness of armed assailant drills.

DRILL APPROACHES AND PLANNING

A. Traditional lockdowns should remain the foundation of an options-based approach to active assailant training, which allows participants to make independent decisions in evolving situations.

B. Exercises should be considered in a hierarchy with simple discussion-based exercises before complex operations-based drills are practiced.

C. Schools should keep simulation techniques appropriate to the participants' developmental maturity.
   - Inform participants of the use and purpose of props and simulation aids prior to the drill.
   - Using Airsoft guns as simulation aids requires careful safety measures and opt-out opportunities.

D. Regular practice helps participants develop readiness and quickly access and apply

knowledge.

DEVELOPMENTAL AND MENTAL HEALTH CONSIDERATIONS

Formatted: Font: 12 pt, Not Bold, Font color: Accent 1

Formatted: Font: 12 pt

A. Children model their reactions on adult behavior, so effective drills should result in staff who inspire calm and confidence in students.

B. It is critical that participation in drills be appropriate to individual development levels, and take into consideration prior traumatic experiences, special needs, and personalities.

C. School-employed mental health professionals should be involved in every stage of preparation.

- Prior to the drill, staff should be trained to recognize common trauma reactions.
- Adults should monitor participants during the drill and remove anyone exhibiting signs of trauma.
- After completion, staff and students should have access to mental health support, if needed.

D. Participation should never be mandatory, and parental consent should be required for all students.

E. If staff chooses to opt-out of intense drills, they should receive comparable, less intense instruction.

STEPS FOR CONDUCTING SAFE, EFFECTIVE, AND APPROPRIATE DRILLS

Formatted: Font: 12 pt, Not Bold, Font color: Accent 1

Formatted: Font: 12 pt, Font color: Accent 1

1. Create a school safety team (including an administrator, a school mental health professional, a school nurse; security personnel, teachers, and parents) that also coordinates with local law enforcement and emergency responders.

2. Conduct a needs assessment of the school community.

3. Implement a cost–benefit analysis that considers all emergency preparedness needs and options.

4. Tailor drills to the context of the school environment.

5. Create a plan of progression that builds from simplest, lowest-cost training; identifies obstacles and goals; and establishes a timeline.

6. Prepare for drill logistics that ensure physical and psychological safety as well as skills and knowledge acquisition.

7. Develop a communications plan that gives all participants advance warning and the ability to opt out and/or provide feedback.

8. Establish a long-term follow-up plan to support sustainability that includes assessing ongoing and/or changing preparedness training needs.

INTRODUCTION

Formatted: Font: 14 pt, Font color: Accent 1

The National Association of School Psychologists (NASP) and the National Association of School Resource Officers (NASRO) represent key members of school safety and crisis teams. We are committed to supporting school communities' understanding and implementation of best practices related to school safety, school mental health, and crisis prevention and response. We have partnered to provide this guidance on armed assailant training, with input from Safe and Sound: A Sandy Hook Initiative, a nonprofit organization of parents, educators, and other members of the school community, and the ALiCE Training Institute, a for-profit company that provides active shooter training.

Critical elements to effective crisis preparedness and response of any kind are a common understanding of purpose and procedures among all participants, a respect for each other's roles and perspectives, and a shared commitment to ensure the safety and well-being of all members of the school community. Our common goals in this document are to provide best practice information to help schools determine to what extent they need armed assailant training and to conduct trainings that make best use of resources, maximize effectiveness, and minimize physical and psychological risks. Importantly, this document is not intended to provide specific guidance on *how* to conduct active assailant drills but rather to provide guidance on many of the issues that must be considered when planning for and implementing such training. The specifics of any training should be determined at the local level by appropriately trained school leadership, school safety and mental health personnel, and law enforcement.

Please note that the appendices in this document contain very important decision-making information. They are referenced within and at the end of the document.

PART I: OVERVIEW

Formatted: Font: 14 pt

Formatted: Centered

Schools have a responsibility to protect the physical and psychological well-being of their students and staff. This includes creating positive school climates, preventing negative behaviors such as bullying and harassment, and being prepared to respond to potential threats such as weather emergencies, fires, and acts of violence. Effective crisis planning, prevention, response, and recovery capabilities are essential for schools to meet this responsibility (Cowan, Vaillancourt, Rossen, & Pollitt, 2013). Although situations involving an active, armed assailant on school property are extremely rare, schools are increasingly considering how to best prepare for and respond to this type of event.

According to the U.S. Department of Homeland Security (2008) and the Federal Bureau of Investigation (Blair & Schweit, 2014) an *armed assailant* is defined as an armed person who attempts to use deadly force on others, typically in a confined and populated area. The term *active shooter* refers to those assailants who use firearms, as opposed to knives or other weapons. Some U.S. states have mandated active shooter drills for schools but have offered little to no guidance on proper implementation.

Schools should plan for the rare possibility of an armed assailant as part of a comprehensive crisis/emergency preparedness effort; however, the nature and extent of those preparedness activities should be based upon a risk assessment of the crisis events a given school is most likely to confront.

How this training is conducted must carefully account for students' developmental levels, school culture and climate, and features specific to each school community (such as geography, weather, crime, and environment). While one of the primary goals of crisis preparedness is to develop a sense of empowerment and control, armed assailant drills not conducted appropriately may cause physical and psychological harm to students, staff, and the overall learning environment. It is critical that administrators, school-employed mental health professionals, school resource and police officers, and crisis team members work closely together to carefully develop a staff and student training protocol that follows the best practice considerations outlined below.

A. Background

Formatted: Font color: Accent 1

The 1999 shootings at Columbine High School ushered in heightened attention to the need for schools—and law enforcement—to be better prepared to respond to armed assailant situations. Subsequently, schools focused primarily on lockdown practices, while law enforcement focused on improving tactics to find and stop the assailant as quickly as possible. In 2013, the U.S. Department of Education recommended expanding the lockdown-only approach for schools (i.e., confining students and staff to their rooms) to an options-based approach that allows school staff to make more independent decisions about how to protect their students depending on evolving circumstances (e.g., evacuate the building rather than stay locked in a RC). These approaches include adapting the "Run, Hide, Fight" model that was originally developed for adults in response to workplace violence. This expansion has spurred a range of approaches to armed assailant training and an increase in the number of schools conducting drills with varying degrees of intensity and involvement of school staff and students. In some instances, drills are conducted with insufficient consideration of the potential psychological impact or appropriateness of a particular drill based on the developmental level or psychological risk factors of participants.

B. *Benefits and Concerns Associated with Armed Assailant Drills*

Costs versus benefits. School-associated homicides are extremely rare, accounting for less than 1% of all homicides among school-age youth (Robers, Kemp, Rathbun, & Morgan, 2014). While an attack by an armed assailant on school grounds is possible—and devastating if it happens—it is not as probable as other types of crisis events. Schools must consider the cost of some types of drills (e.g., full scale simulations), and whether investment in them will reduce resources available for other critical safety preparation activities such as first aid training, environmental design measures, and staff development focused on more comprehensive school safety preparedness.

Empowerment versus potential harm. The primary purposes of an armed assailant drill are to provide law enforcement and relevant school leadership and staff the opportunity to practice skills and protocols and to identify and correct areas of weakness in knowledge, communication, coordination, and decision-making. The goal is to empower participants and save lives and prepare professionals and staff for this role and responsibility. As the focus of such drills expands to include all staff and students, the potential for causing harm to participants expands as well. The level of drill intensity (e.g., use of loud gun fire and airsoft guns), extent of warning that a drill will occur, and whether participation is required or voluntary may affect reactions to the experience. Additionally, an individual's cognitive and developmental levels, personality, history of adverse or traumatic *experiences*, and psychological makeup are among the many factors that influence the potential for harm.

It is essential to include parents in discussions of their child's developmental level, education, and readiness for armed assailant drills. Highly sensorial armed assailant drills for students in preschool and elementary learning environments are not recommended. Any such drills should be conducted using age- appropriate simulation stimuli (e.g., the sound of gunshots near a preschool room would not be appropriate).

*Available research***.** Practicing disaster response procedures has been found to increase the probability of adaptive behavior during a crisis (Jones & Randall, 1994; Miltenberger et al., 2005). Specifically, lockdown drills implemented according to best practices have been suggested to increase knowledge and skills of how to respond appropriately without elevating anxiety or perceived safety risk (Zhe & Nickerson, 2007). However, at present there is no empirical research regarding school-based armed assailant drills.

*Potential lawsuits***.** The manner in which some armed assailant drills (e.g., unannounced) have been conducted in the workplace has led to lawsuits imposed on employers due to psychological and physical harm sustained by some participants (Frosch, 2014). Schools

need to determine to what extent advanced armed assailant drills are necessary and carefully construct these drills to avoid physical and/or psychological harm. Regardless of the projected benefits and perceived concerns, the fact remains that armed assailant drills are uncharted territory for schools. Schools that decide to conduct a drill should use a multidisciplinary safety team (including parents) that educates and trains all participants in relevant curricula and protocols. With careful planning, data collection, and continual review of these programs, schools can begin to develop an approach that minimizes negative effects and improves preparedness.

PART II: DRILL APPROACHES AND PLANNING

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1
Formatted: Font: 14 pt
Formatted: Centered
Formatted: Font color: Accent 1

A. Traditional Lockdown Versus Options-Based Drills

Lockdowns have been the standard approach for the school response to threatening situations for nearly two decades. Lockdowns involve locking the door, moving students out of sight, and requiring students to remain quiet within the room. Lockdowns should continue to be included in any options- based approach to active assailant training.

Options-based drills provide students and staff with a range of alternative strategies to save lives, and the permission to use them, depending on the situation. For instance, the nature of the threat, time of day, and the location of students interact to affect the best options. The premise of options-based drills is to allow participants to make independent decisions including when and whether to evacuate, barricade RC doors, or as a last resort, counter the attack of the armed assailant. As with other safety drills (e.g., fire or tornado), it is important that options-based drills take into account the developmental levels of students as well as the physical layout of the resource center (e.g., ease of access to outside doors and proximity of places to hide other than a resource center).

B. Hierarchy of Education and Training Activities

Formatted: Font color: Accent 1

Crisis preparedness exercises and drills should be conducted in a progression of steps that begin with basic activities and progress to more advanced drills and exercises as needed (with advanced simulations being a more advanced type of crisis preparedness activity). Schools should start with simple, low-cost, discussion-based exercises (e.g., introductions to crisis responders, orientation activities, use of instructional media, or tabletop drills) and, if the school safety team determines it appropriate, work their way toward more complex and expensive, operations-based exercises (e.g., walk-throughs, specific emergency drills, and crisis simulations; NASP, 2013; U.S. Department of

Education, 2006a). *Appendix 1 summarizes this hierarchy of activities and provides an example of how armed assailant preparation could occur at each level.*

C. Simulations and Simulation Techniques

Formatted: Font color: Accent 1

Many schools are also using or considering simulation exercises. Simulations require that participants are provided with real time information and stimuli (e.g., simulated gunshots, PA announcements, and electronic communications) to determine the movements of an armed assailant in order to make the best decisions. It is important that simulation drills are preceded by extensive prior education and preparation, and consideration for individual readiness. For some participants, this intense exposure and practice may empower them with experience, options, and a sense of control. For others, this type of drill may be emotionally traumatic (Frosch, 2014).

If a school deems it necessary to simulate an armed assailant, safety teams should carefully consider the number of different strategies for simulation during a drill, taking into account developmental age and readiness of staff before determining what techniques are most appropriate.

Drills utilizing props and simulation aids. Props and other aids may be used to simulate a weapon, gunfire, or other desired circumstances that are associated with an armed assailant event. In advance of any drill, participants must be aware of the prop's purpose and potential presence, particularly when the purpose of the prop is not obvious. For example, the use of an air horn, or other prop to simulate gunfire, may traumatize participants if they have not been instructed on the prop's purpose in advance of the drill.

Formatted: Font: Not Bold, Font color: Accent 1

Airsoft as a simulation aid. Airsoft guns (simulated weapons that shoot plastic BBs) may be used as a simulation aid during armed assailant drills. Caution must be exercised to ensure the safety of all participants prior to any drill involving airsoft guns. The authors of these guidelines have received anecdotal reports from school professionals of armed assailant drill participants being physically harmed from the use of simulation aids. In addition, for those with trauma histories, involvement in a highly sensorial armed assailant drill could trigger strong psychological reactions. Thus, to mitigate potential physical or psychological harm, opt-out opportunities should be offered to all participants after being fully informed about the drill.

Formatted: Font: Not Bold, Font color: Accent 1

B. Considerations

Formatted: Font color: Accent 1

Schools must carefully consider the decision-making protocol for people to engage in a strategy other than lockdown. For instance, run/escape may lead to safety for some, but

-

it might inadvertently lead to danger for others as students unknowingly "escape" into the path of an unknown assailant, expose them to the sight of injured or dead classmates and teachers, or result in students trampling each other to get to the exit door. These concerns need to be addressed when planning and practicing active assailant drills. Students should be taught to first and foremost follow the direction of their teacher, and how to make decisions if that teacher is incapacitated. Helping students and staff understand the decision-making criteria is crucial. It is also important to consider the special needs of students with disabilities, both in terms of a drill and the expectations for their functioning in the event of real emergency (U.S. Department of Education, 2006b).

C. Regular Practice

Formatted: Font color: Accent 1

As part of the initial planning process for crisis preparedness, schools should identify how to integrate and reinforce the concepts taught during the drills. Introductions, orientations, walk-throughs, and tabletop exercises should continue to be integrated into yearly crisis preparation activities so learned skills are refreshed and rehearsed. Frequent and varied practice, training, and discussion activities aid the development of readiness, providing staff and students the means to quickly access and apply their knowledge.

PART III: DEVELOPMENTAL AND MENTAL HEALTH CONSIDERATIONS

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

Formatted: Font: 14 pt

Formatted: Centered

Formatted: Font color: Accent 1

A. Impact of Adult Behavior on Children's Behavior

The behavior of an adult in an emergency directly affects the physical and psychological safety of students in crisis. Therefore, the effectiveness of armed assailant drills relies on educating and training adults carefully, responsibly, and continually. Students look to faculty and staff—the designated trusted adults—for direction and guidance. When adults are well-trained and stay calm, the students will follow and gain confidence and ability.

B. Developmental Levels of Safety Awareness

Formatted: Font color: Accent 1

If schools opt to conduct an options-based or more advanced armed assailant training, it is critical that those planning and facilitating the training consider the cognitive and emotional development of all those involved. Safety and security professionals (e.g., SROs, police officers) often have a leadership role in conducting drills but must work collaboratively with school administration and school-employed mental health professionals in joint planning to ensure best practice guidelines are followed. Schools, educators, and parents are encouraged to adapt policies and training programs that

consider their unique situations. Grade levels are not an absolute determinant. Individual levels may vary greatly due to cultural, educational level, and personal profiles within a community. It is also imperative that schools consider the individual psychological backgrounds, previous trauma experiences (including community trauma history), special needs, and personalities of students and staff. Regardless of training level, some individual personality types are better able to respond assertively than others in moments of crisis. Each level has a corresponding age range and examples of appropriate types of activities and instructions to provide general guidance when preparing for an armed assailant training.

C. Mental Health Support and Considerations

Formatted: Font color: Accent 1

School-employed mental health professionals should be a part of all stages of armed assailant drill preparation.

Before an armed assailant drill or simulation. Drills may lead to stressful or traumatic reactions. If the drill will be a sensorial experience with, for example, simulated gunfire or individuals being tackled by the assailant, then participation should never be mandated for staff or students. Staff should also be taught to recognize common trauma reactions to help identify when a student, fellow staff member, or him/herself needs to be removed from the drill. Additionally, drills should be conducted early enough in the day to allow for debriefing participants afterward and assessing any adverse reaction.

Formatted: Font: Not Bold, Font color: Accent 1

During an armed assailant drill or simulation. Educators must monitor the reactions of themselves, each other, and students during the drill and have a means to quickly notify drill coordinators if a person exhibits physical (e.g., asthma or panic attack) or emotional (e.g., hysterical) reactions. Such reactions would necessitate removal from the drill and immediate support. School-employed health and mental health professionals must be present during the drill and available for assistance.

Formatted: Font: Not Bold, Font color: Accent 1

After an armed assailant drill or simulation. Emotional or physical reactions can be delayed following a highly intense simulation drill. School staff and students should have access to school- employed mental health professionals after the event to provide additional assistance if needed.

Formatted: Font: Not Bold, Font color: Accent 1

D. Parent Consent

Formatted: Font color: Accent 1

Participation in an armed assailant drill should never be required for students or staff. Parent consent can come in the form of:

- Parent permission – parents return a permission slip allowing their child to participate.

- Passive consent – parents return a form only if they do NOT want their child to participate; no form returned implies permission.
- Parent notification – parents are notified, but no consent form is used; thus, schools assume participation is granted unless parents assertively state otherwise.

E. Balancing Staff Opt-Out with the Need for Universal Preparedness

Formatted: Font color: Accent 1

It is important to have all staff operating with the same understanding in an emergency situation. In cases where staff opt-out of a more advanced armed assailant drill, schools should provide the essential information and training through additional, less sensorial training exercises, such as a tabletop activity, as outlined in the hierarchy of education and training activities.

PART IV: STEPS TO CONDUCTING SAFE, EFFECTIVE, AND APPROPRIATE DRILLS

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

Formatted: Centered

1. Create a school safety team—ideally made up of an administrator; school mental health professional; school nurse; teachers; security personnel; parents; and students—that:
   - Identifies a lead person to coordinate school safety efforts, including drills;
   - Establishes and communicates the roles and responsibilities during drills and in real-life crisis situations;
   - Takes a lead in identifying the most appropriate preparedness activities for the resource center;
   - Provides ongoing professional development and training as needed; and
   - Ensures that the school's policies are in compliance with state laws and school board policies.

Formatted: Font color: Accent 1

2. Conduct an assessment of the school community to:
   - Identify the types of crisis events most likely to occur,
   - Determine the current school culture and climate,
   - Map existing resources and capacities of school personnel or school safety teams, and
   - Identify any related policies that should be considered in the planning of drills.

Formatted: Font color: Accent 1

3. Implement a cost–benefit analysis that:
   - Considers financial costs in relation to the likelihood of a particular crisis;
   - Identifies what resources, activities, or preparedness training must be replaced or postponed, to engage in active shooter or other armed assailant drills;
   - Balances the need to empower resource center staff while minimizing potential harm (e.g., triggering stressful or traumatic reactions to live simulation drills);
   - Considers the current knowledge and identified needs of the staff; and

Formatted: Font color: Accent 1

- Considers legal requirements (e.g., state law) related to conducting active assailant drills and to what degree drills are required to be full-scale simulations versus other lower cost exercises.

4. Tailor drills to the context of the resource center environment, taking into consideration:
   - The primary goal of the drill (e.g., training for law enforcement versus staff and/or students);
   - Age, cognitive, and developmental levels of awareness of students;
   - Students with physical, sensory, or other disabilities that may require unique instructions during a drill or real-life event;
   - The capacity, comfort level, and trust among staff;
   - Administrative support;
   - Optimal timing, including time of year, day of the week, and time of the day;
   - Relationships with external partners, law enforcement, and other first responders; and
   - The layout of the resource center.

Formatted: Font color: Accent 1

5. Create a plan of progression that:
   - Considers whether any previous activities have been conducted in the resource center;
   - Starts with simple, low-cost, discussion-based exercises;
   - Considers all available types of drills;
   - Identifies specific objectives and goals for the drills; and
   - Identifies a timeline and metrics to help determine whether more complex exercises are needed.

Formatted: Font: 13 pt, Font color: Accent 1

6. Prepare for logistics of the drill to ensure that:
   - Previous traumatic experiences of those involved are considered;
   - Resource center staff learn to recognize stressful reactions to drills;
   - Methods exist to opt out (for staff and students) or remove someone from a drill, including parental consent/permission if students are involved;
   - School-employed mental health professionals are available to provide support to those experiencing a negative reaction to the drill;
   - Adequate follow up is available for students or staff with questions; and
   - Appropriate methods to evaluate outcomes are implemented.

Formatted: Font color: Accent 1

7. Develop a communications plan that:
   - Informs members of the school community of planned drills and what will be entailed;
   - Facilitates open communications with families, including translated materials and the opportunity for family members to talk with relevant staff about concerns;
   - Provides opt-out options for staff and students; and
   - Encourages feedback and evaluation by participants after the fact.

Formatted: Font color: Accent 1

8. Establish a long-term follow up plan to support sustainability that considers:
    - What additional training is required;
    - How the drill integrates with other school safety and crisis prevention efforts;
    - How current and previous training and knowledge can be maintained and built upon; and
- When follow-up should be conducted and how often.

CONCLUSION

Training exercises and drills to prepare for active shooters or other armed assailants should be based on the specific needs and context of each school and community. It is critical that schools recognize that this type of drill is just one specific component of comprehensive crisis preparedness and response that includes prevention, protection, mitigation, response, and recovery. Schools should consider the most cost-effective method of preparing students and staff for an active shooter situation while balancing the physical and psychological risks associated with such drills.

SUSPENSION AND EXPULSION POLICY AND PROCEDURES

3110

Suspension ~~/ Expulsion~~and Expulsion Policy and Procedures

Amended: May 5, 2009, February 16, 2022, December 7, 2022, June 22, 2023, February 28, 2024, June 26, 2024, February 27, 2025

This Student Suspension and Expulsion Policy and Procedures has been established by the Board of Directors of Altus Schools Southern California in order to promote learning and protect the safety and well-being of all students at the following schools: Altus Schools Coachella Valley, Altus School East County, Altus Schools Mirus, Altus Schools North County, Altus Schools South Bay, Audeo Charter School II, and Audeo Valley Charter School~~Audeo II, Audeo III, Audeo Valley Charter School, Altus Schools East County , Mirus Secondary School and Altus Schools South Bay~~, (hereinafter collectively referred to as "Charter School").

In adopting this policy, the Charter School has reviewed Education Code Section 48900 *et seq.* which describe the offenses for which students at noncharter schools may be suspended or expelled and the procedures governing those suspensions and expulsions in order to establish its list of offenses and procedures for suspensions, expulsions and involuntary removal. The language that follows is largely consistent with the language of Education Code Section 48900 *et seq.* The Charter School is committed to annual review of policies and procedures surrounding suspensions, expulsions, and involuntary removals, and, as necessary, modification of the lists of offenses for which students are subject to suspension, expulsion, or involuntary removal.

Consistent with this Policy, it may be necessary to suspend or expel a student from regular classroom instruction. This shall serve as the Charter School's P~~p~~olicy and P~~p~~rocedures for student suspension, expulsion, and involuntary removal, and it may be amended from time to time without the need to seek a material revision of the charter

so long as the amendments comport with legal requirements. Charter School staff shall enforce disciplinary policies and procedures fairly and consistently among all students. This Ppolicy and its Pprocedures will be printed and distributed annually as part of the Student Handbook which will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of the policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

The Charter School administration shall ensure that students and their parents/guardians[1] are notified in writing upon enrollment of all discipline and involuntary removal policies and procedures. The notice shall state that ~~the~~ this P~~p~~olicy and its P~~p~~rocedures are available on request to~~at~~ the School Coordinator~~'s office~~. Suspended or expelled students shall be excluded from all school

and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") will be subject to the same grounds for suspension and expulsion and will be accorded the same due process procedures applicable to general education students except when federal and state law requires additional or different procedures. The Charter School will follow all applicable federal and state laws including but not limited to the applicable provisions of the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students.

[1] The Charter School shall ensure that a homeless child or youth's educational rights holder; a foster child or youth's educational rights holder, attorney, and county social worker; and an Indian child's tribal social worker and, if applicable, county social worker have the same rights as a parent or guardian to receive a suspension notice, expulsion notice, manifestation determination notice, involuntary transfer notice, involuntary removal notice, and other documents and related information. For purposes of this Policy and its Procedures, the term "parent/guardian" shall include these parties.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian, and shall inform the student, and the student's parent/guardian, of the basis for which the student is being involuntarily removed and the student's parent/guardian's, right to request a hearing to challenge the involuntary removal. If a student's parent/ guardian requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent/ guardian requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. Students may be involuntarily removed for reasons including, but not limited to, failure to comply with the terms of the student's independent study Master Agreement pursuant to Education Code Section 51747(c)(4).

Suspensions shall be initiated according to the following procedures:

Formatted: Font: 12 pt

Formatted: Font color: Accent 1

1. Conference

Suspension shall be preceded, if possible, by a conference conducted by the School Coordinator or designee with the student and ~~his or her~~their parent/guardian and, whenever practical, the teacher, supervisor or Charter School employee who referred the student to the School Coordinator or designee.

Formatted: Font: 12 pt

The conference may be omitted if the School Coordinator or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or Charter School personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the student shall be informed of the reason for the disciplinary action and the evidence against ~~him or her~~the student and shall be given the opportunity to present ~~his or her~~their version and evidence in ~~his or her~~their defense, in accordance with Education Code Section 47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the student waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. ~~No penalties~~Penalties shall not ~~may~~ be imposed on a student for failure of the student's parent or guardian to attend a conference with Charter School officials. Reinstatement of the suspended student shall not be contingent upon attendance by the student's parent or guardian at the conference.

Formatted: Font: 12 pt

Formatted: Font color: Accent 1

2. Notice to Parents/Guardians

At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone, by email, or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense committed by the student as well as~~. In addition, the notice may also state~~ the date and time when the student may return to school following the suspension. If Charter School officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Expulsion

Formatted: Font: Not Bold, Font color: Accent 1
Formatted: Font: Not Bold
Formatted: Font: 12 pt

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the School Coordinator or designee, the student and the student's parent/guardian will be invited to a conference to determine if the suspension for the student should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the student ~~or~~ and the student's parent/guardian, unless the student and the student's parent/guardian fail to attend the conference.

This determination will be made by the School Coordinator or designee upon either of the following: 1) the student's presence will be disruptive to the education process; or 2) the student poses a threat or danger to others. Upon either determination, the student's suspension will be extended pending the results of an expulsion hearing.

4. Homework Assignments During Suspension

Formatted: Font: Not Bold, Font color: Accent 1

Formatted: Font: 14 pt, Not Bold
Formatted: Font: 12 pt

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.
A student may be expelled either by the neutral and impartial ~~Audeo~~ ASSC Board of Directors following a hearing before it, or by the neutral and impartial ~~Audeo~~ ASSC Board of Directors upon the recommendation of a neutral and impartial Administrative

Panel to be assigned by the Board of Directors as needed. The Administrative Panel should consist of at least three members who are certificated and neither a teacher of the student nor a member of the ~~Audeo~~ ASSC Board of Directors. Each entity shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense, and the Board of Directors shall make the final determination.

E. Expulsion Procedures

Formatted: Font color: Accent 1
Formatted: Font: 14 pt
Formatted: Font: 12 pt

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the School Coordinator or designee determines that the student has committed an expellable offense and recommends the student for expulsion. In the event an Administrative Panel hears the case, it will make a recommendation to the ~~Audeo~~ ASSC Board of Directors for a final decision whether to expel. The hearing shall be held in ~~closed session~~ confidential setting (complying with all student confidentiality rules under the Family Educational Rights and Privacy Act (FERPA) unless the student makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian via email or other means at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the student. The notice shall include:

1. The date and place of the expulsion hearing;
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based;
3. A copy of the Charter School 's disciplinary rules which relate to the alleged violation; 4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at Charter School to any other school district or school to which the student seeks enrollment;
5. An explanation of t~~T~~he opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor;
6. An explanation of t~~T~~he right to inspect and obtain copies of all documents to be used at the hearing;

7. An explanation of t~~T~~he opportunity to confront and question all witnesses who testify at the hearing;
8. An explanation of t~~T~~he opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

F. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

Formatted: Font: 14 pt, Not Bold

The Charter School may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the Charter School or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the student.

Formatted: Font: 12 pt

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of their right to (a) receive five ~~calendar~~ days' notice of their scheduled testimony, (b) have up to two (2) adult support persons of their choosing present in the hearing at the time the ~~complaint~~ complaining witness testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.

2. The Charter School must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.

Formatted: Font: 12 pt

3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which ~~he or she~~the complaining witness may leave the hearing room.

4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.

5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours the complaining witness is normally in school, if there is no good cause to take the testimony during other hours.

6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany the complaining witness to the witness stand.

7. If one or both of the support persons is also a witness, the Charter School must present evidence that the witness' presence is both desired by the witness and will be helpful to the Charter School . The ~~person~~ entity presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising ~~his or her~~their discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.

Formatted: Font: 12 pt

8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.

9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in the public at the request of the student being expelled, the complaining witness shall have the right to have their testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.

10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the

entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstance can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

G. Record of Hearing

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

H. Presentation of Evidence

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Board or Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled student, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

The ~~decision~~ determination of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board who will make a final determination regarding the expulsion. The Board of Directors shall make the final ~~decision~~ determination regarding the expulsion ~~by the Board shall be made~~ within ten (10) school days following the conclusion of the hearing or as soon as practical. The decision of the Board is final. If the Administrative Panel decides not to recommend expulsion, or the Board of Directors ultimately decides not to expel, the student shall immediately be returned to their previous educational program.

Formatted: Font: 12 pt

The Board of Directors may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Board. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Board of Directors may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Board revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Board of Directors shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Board of Directors shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein.

J. Written Notice to Expel

Formatted: Font: 14 pt, Not Bold, Font color: Accent 1

Formatted: Font: 14 pt

The School Coordinator or designee following a decision of the Board to expel shall send written notice of the decision to expel, including the Board's adopted findings of fact, to the student ~~or~~ and parent/guardian. This notice shall also include the following: a) Notice of the specific offense committed by the student; and b) Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the Charter School .

Formatted: Font: 12 pt

The School Coordinator or designee shall send a copy of the written notice of the decision to expel to the ~~authorizer~~student's district of residence. This notice shall

include the following: a) The student's name; and b) The specific expellable offense committed by the student.

K. Disciplinary Records

Charter School shall maintain records of all student suspensions and expulsions at the Charter School .
Such records shall be made available to the authorizer upon request.

L. No Right to Appeal

The student shall have no right of appeal from expulsion from Charter School as the ~~Audeo~~ ASSC Board of Directors' decision to expel shall be final.

M. Expelled Students/Alternative Education

Students who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence. Charter School shall work cooperatively with parents/guardians as requested by parents/guardians or by the school district of residence to assist with locating alternative placements during expulsion.

N. Rehabilitation Plans

Students who are expelled from the Charter School shall be given a rehabilitation plan upon expulsion as developed by the Board of Directors at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the student may reapply to Charter School for readmission.

O. Readmission or Admission of Previously Expelled Students

the student's expulsion term, shall be in the sole discretion of the Board following a meeting with the School Coordinator or designee and the student and parent/guardian or representative to determine whether the student has successfully completed the rehabilitation plan and to determine whether the student poses a threat to others or will be disruptive to the school environment. ~~The School~~ The School Coordinator or designee shall make a recommendation to the Board of Directors following the meeting regarding ~~his or her~~their determination. The Board shall then make a final decision regarding readmission or admission of the student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The student's readmission is also contingent upon the Charter School 's capacity at the time the student seeks readmission or admission to the Charter School.

P. Notice to Teachers

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

Q. ~~Involuntary Removal for Truancy~~Removal Due to Noncompliance with Independent Study Requirements

In accordance with Education Code Section 51747 and the Charter School's Board policy on independent study, after two (2) missed assignments, an evaluation is held to determine whether it is in the best interest of the student to remain in independent study. If it is determined that it is not in the student's best interest to remain in independent study, the Charter School may involuntarily remove the student after the Charter School follows the requirements of the Missed Assignment Policy and only after providing notice and an opportunity for a parent, guardian, educational rights holder to request a hearing prior to any involuntary removal as forth herein. Students who are involuntarily removed for ~~truancy~~ noncompliance shall be given a rehabilitation plan and shall be subject to the readmission procedures set forth herein.]

R. Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities

1. Notification of SELPA

The Charter ~~School shall~~School shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability

or student that Charter ~~School or~~School or the SELPA would be deemed to have knowledge that the student had a disability.

2. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim ~~alterative~~ alternative educational setting.

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, Charter School , the parent/guardian, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents/guardian to determine:

a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or
b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If the Charter School, the parent/guardian, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If the Charter School, the parent/guardian, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

c. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;

d. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and
e. Return the child to the placement from which the child was removed, unless the parent/guardian and Charter School agree to a change of placement as part of the modification of the behavioral intervention plan.

Formatted: Font: 12 pt

If the Charter School , the parent/guardian, and relevant members of the IEP/504 team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then the Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

Formatted: Font: Not Bold, Font color: Accent 1
Formatted: Font: Not Bold
Formatted: Font: 12 pt

The parent/guardian of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may
request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or Charter School, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 USC Section 1415(k), until the expiration of the forty-five (45) daytime period provided for in an interim alternative educational setting, unless the Parent/guardian and Charter School agree otherwise. In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, the parent/guardian or Charter School may request a hearing.
In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

5. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The School Coordinator or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

a. Carries or possesses a weapon, as defined in 18 USC 930, to or at school, on school premises, or to or at a school function;
b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or
c. Has inflicted serious bodily injury, as defined by 20 USC 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated the Charter School 's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if the Charter School had knowledge that the student was disabled before the behavior occurred.

Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to Charter School supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.
b. The parent/guardian has requested an evaluation of the child.

c. The child's teacher, or other Charter School personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other Charter School supervisory personnel.

If the Charter School knew or should have known the student had a disability under any of the three
(3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If the Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. The Charter School shall conduct an expedited evaluation if requested by the parents; ~~however~~however, the student shall remain in the education placement determined by the Charter School pending the results of the evaluation.

The Charter School shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

Notification to Staff of Dangerous Students

a. The administration will inform the ~~Learning Lead~~School Coordinator of information received from the court and the Probation Department. The ~~Mirus Secondary School~~Altus Schools Mirus ~~Learning Lead~~School Coordinator shall disseminate the information to those teachers directly supervising or reporting on the behavior or progress of the student for the purpose of working with the student in an appropriate fashion, to avoid being needlessly vulnerable or to protect other persons from needless vulnerability.

b. Any information received by a teacher and administrator shall be confidential for the limited purpose of rehabilitating the student and protecting students and staff, and shall not be disseminated further by the teacher, counselor, or administrator except insofar as communication with the student, his/her parents/guardians, law enforcement personnel, and the student's probation officer is necessary to effectuate the student's rehabilitation or to protect students and staff. Unlawful dissemination of such information is a misdemeanor.

c. Any information received from the court shall be kept in a separate confidential file at the school of attendance and shall be transferred to the student's subsequent schools of attendance and maintained until the student graduates from high school, is released from juvenile court jurisdiction, or reaches the age of 18, whichever occurs first.

d. After the student graduates from high school, is released from juvenile court jurisdiction, or reaches the age of 18, the confidential record shall be destroyed.

Anti-Discrimination and Harassment Policy

Formatted: Font: Not Bold, No underline, Font color: Accent 1

Mirus Secondary School is committed to equal opportunity for all individuals in education. School programs and activities shall be free from discrimination based on sex, race, color, religion, sexual orientation, national origin, physical or mental disability or any other unlawful consideration. ~~Mirus Secondary School~~Altus Schools Mirus shall promote programs which ensure that discriminatory practices are eliminated in all school activities and will take steps to assure that the lack of English will not be a barrier to admission and participation in school programs.

Any student who engages in discrimination of another student or anyone from ~~Mirus Secondary School~~Altus Schools Mirus may be subject to disciplinary action up to and including expulsion. Any employee who permits or engages in discrimination may be subject to disciplinary action up to and including dismissal.

Any student or parent who feels that discrimination has occurred should immediately contact a teacher or the ~~Learning Lead~~School Coordinator at (760) 947-7089 for resolution. If not resolved, contact: The President of the Board, 10170 Huennekens Street, San Diego, CA 92121; (858) 678-2020.

- Clothing that uses vulgar/profane language and/or images
- Head coverings such as, hats, bandanas, beanies, or do-rags

Loitering Law Compliance

Altus Schools Mirus

SY 2025-2026

Daytime Loitering of Students in Public Places on School Days

Students who are subject to compulsory education must comply with the daytime loitering laws of their community. General guidelines are below, however, may differ slightly among communities.

- On days and times when schools are open (generally between 8:30 a.m. and 2:30 p.m.) students are not permitted to be in a public place unless accompanied by a parent or responsible adult guardian.
- On scheduled school days, students may travel to and from school without parental or guardian accompaniment.
- Students who do not comply with the local ordinances may be issued a citation or be subject to more severe consequences if multiple violations occur.

Responsibility of parents, guardians, etc. It is unlawful for the parent, guardian or other adult person having the care and custody of a juvenile to knowingly permit or by insufficient control allow the juvenile to be in violation local loitering laws.

Law Enforcement Procedures *may include*:

- Upon violation of the loitering ordinance, a peace officer may issue a citation to the juvenile and may transport the juvenile home or to the school from which the juvenile is absent. If cited, the juvenile and a parent may appear in court as directed in the citation. The parents will be warned of their responsibility and liability as the juvenile's parents/guardians.
- If a parent/guardian has been previously warned, a peace officer may issue a citation for an infraction to the parent/guardian to appear in court.
- When a parent/guardian has previously been issued a citation for an infraction, upon any subsequent violation by a parent, a peace office may issue a citation for a misdemeanor to the parent to appear in court.

Exceptions *may include*:

Going To and From Resource Center Safely

Formatted: Font: Not Bold, No underline, Font color: Accent 1

Everyday millions of children take to the streets and roadways to get to and from school. They walk, ride their bicycles, take buses, and arrive in vehicles with one purpose — getting to and from school safely. It is important for Mirus students to understand safety guidelines and tips to follow to ensure their safety to and from the resource center. The following safety tips are reviewed annually with Mirus students and parents to help prepare all Mirus students for a safer journey.

1. Every Mirus student will have set schedule for arrival and departure from the resource center. When a student fails to arrive for their appointment and has not notified the resource center for the absence, his or her teacher will call home to ensure the student is safe.

2. Every student, parent or guest is required to sign-in and out each time they arrive and depart the resource center. Students, parents, and guests will have designated staff members to sign-in and out with.

3. All students will be given an official school issued photo identification card annually. Students will be required to keep the identification card on their person each time they travel to and from the resource center.

4. Students will be encouraged to always TAKE A FRIEND when walking or riding his or her bike to and from the resource center. Students should walk and ride in well-lit areas and never take shortcuts. When walking and biking students should stay aware of their surroundings and observe all traffic rules in place to more safely share the roads and sidewalks with others.

5. Parents will be encouraged to walk the route to and from resource centers with their children pointing out landmarks and safe places to go if they're being followed or need help. Making a map with their students and showing acceptable routes to the resource center, using main roads, and avoiding shortcuts and isolated areas is encouraged. A map will be a good guide for students who may need help finding their way.

6. If a student takes public transportation (i.e. city bus) to and from the resource center, parents will be encouraged to visit the bus stop with their student and learn the bus number. This will avoid confusion for the student about knowing which bus to ride.

7. In the event anyone bothers a student while going to or from the resource center, students will be taught to get away from that person, and **TELL** a **resource center** staff member, parent, or another trusted adult. If an adult approaches a student for help or directions, students will be trained that grownups needing help should not ask children for help; they should ask other adults.

8. Students will be directed that if anyone they don't know or a person who confuses, scares, or makes them feel uncomfortable offers a ride, say NO. Students should never hitchhike. Also, students should never accept a ride from anyone unless a parent has told them it is OK to do so in each instance.

9. Students will be directed that if anyone follows them on foot to get away from him or her as quickly as possible. If anyone follows them in a vehicle they should turn around, go in the other direction, and try to quickly get to a spot where a trusted adult may help them. Students will be advised to **TELL** a resource center staff member, parent, or another trusted adult what happened.

10. Students will be taught that if anyone tries to take them somewhere, they should quickly get away and yell, "This person is trying to take me away" or "This person is not my father/mother/guardian." If anyone tries to grab them, they will be taught to make a scene and every effort to get away by kicking, screaming, and resisting.

11. Students will be taught to never leave the resource center with anyone they don't know. They should always **CHECK FIRST** with a resource center staff member, parent, or another trusted adult. If anyone tells them there is an emergency and they want the student to go with them, the students should always **CHECK FIRST** before doing anything. Students will be taught to make sure they understand to **TELL** a trusted adult if they notice anyone they don't know hanging around the resource center.

12. Parents are encouraged to practice these safety tips with their students to make certain they really know and understand them. Make the walk to and from the resource center a "teachable moment" and chance to put their skills to the test.

Safe Ingress and Egress Procedures

Formatted: Font: Not Bold, No underline, Font color: Accent 1

All Mirus staff and students shall review resource center evacuation procedures including primary/alternate routes and assembly areas, assigned responsibilities, and actions to take as posted on the resource center. If there is a need for evacuation from the resource center, the following procedures are as follows:

- Students and staff calmly evacuate the building to designated assembly area (alternate route if primary area is closed) as displayed on posted resource center evacuation plan
- Designated staff take along emergency release binder, student sign-in sheets, emergency materials specified in disaster preparedness plan
- Using student sign-sheets, staff verifies presence of all students and staff
- Staff contacts appropriate emergency units
- Staff keeps students in assembly area until further instructions are received from the EOT. No one shall reenter the building for any reason until official ALL CLEAR signal is given
- Once the ALL CLEAR is given, the ~~Learning Lead~~School Coordinator or designee reenters building to ensure that it is safe and secure
- Staff and students reenter building and resume instructional/administrative activities

If the building is not safe to reenter, the reunification procedures are required:

- Staff will notify parent/guardians regarding emergency situations and procedures for verification and release of students
- When parent/guardian or designee arrives, staff will verify identity of parent/guardian or designee based on emergency release forms
- Parent/Guardian will sign form verifying that student is being released to them
- Staff will maintain documentation to ensure accountability of all students

Ensuring a Safe and Orderly Environment

Attendance

- Ensure that students get to their scheduled appointment on time. Contact teacher if this is not possible to arrange an alternate time.
- Follow up to make sure your student is doing high quality work according to scheduled dates.
- Arrange for your student to attend appropriate workshops, seminars and field trips.
- Meet with staff when requested.

PARENTS' ROLE IN DISCIPLINE AND BEHAVIOR

Formatted: Font: Not Bold, Font color: Accent 1

Parents are expected to cooperate with resource center staff in maintaining and encouraging proper standards of behavior for their children. The following points may prove helpful:

- Instill in your child a sense of responsibility for what he/she says and does.
- Help him/her to solve conflicts in a peaceful manner.
- Review your own attitude about discipline and behavior.
- Make sure you communicate with the resource center to learn necessary facts and expected behavior.

- As a role model for your child, show respect for learning and the necessity for completing an education.

Instructional Continuity Plan

Formatted: Font color: Accent 1

General Information

Formatted: Font color: Accent 1

At Altus Schools Mirus (MIRUS), we prioritize uninterrupted learning. This Instructional Continuity Plan (ICP) embodies our proactive commitment to ensuring education continues seamlessly, regardless of circumstances. By establishing robust systems for remote instruction and communication *now*, we are prepared to transition swiftly and effectively to virtual learning environments should any emergency or unforeseen event occur. Our integrated online learning platforms, video conferencing capabilities, and digital communication tools form the bedrock of this preparedness. Furthermore, this ICP details clear decision-making pathways, empowering a designated leadership team to act decisively, activate appropriate remote learning phases, and keep our staff, students, and families informed, ensuring learning remains constant.

Engagement Protocol

Formatted: Font color: Accent 1

In the event of an emergency, MIRUS is committed to ensuring that students' educational experiences continue with minimal disruption. The school will engage students and families within 5 calendar days using a variety of communication methods to ensure everyone stays informed and connected. Examples of the two-way communication tools include phone calls, SMS text messaging, email, video conferencing, social media, and app notification through ParentSquare. The ParentSquare communication platform integrates with our Student Information System, providing all enrolled students and families with a centralized and accessible communication channel to receive updates and information from school administrators, teachers, and support staff. Given the instructional model of the school, it is common practice for teachers to be in touch with students and/or families daily. This routine communication ensures that in the event of an emergency, there will be no disruption in the connection between teachers, students, and their families. Teachers will continue to provide academic support, share resources, and address any concerns through the established communication channels.

Following an emergency, MIRUS will utilize our Multi-Tiered System of Supports (MTSS) to ensure all students receive the appropriate level of support based on their individual needs. Healthy Youth Therapists on staff are available to assist in supporting students' social-emotional and mental health needs through individual or group therapy sessions.

MIRUS strives to maintain a strong and supportive learning environment, even in the face of emergencies. By leveraging multiple communication methods and providing comprehensive support through MTSS, we aim to ensure the continuity of education and the well-being of our students and their families.

Instructional Access Plan

Formatted: Font color: Accent 1

MIRUS is an independent study program that offers both in-person and hybrid learning options for students. Resource Centers are strategically located within the neighborhoods and communities where students reside. Thanks to our multiple physical locations, state-of-the-art video conferencing technology, and independent study format, MIRUS can quickly adapt if a Resource Center becomes inaccessible due to an emergency or natural disaster. Students can continue in-person learning at an alternative neighborhood Resource Center or temporarily switch to virtual learning.

Every student at MIRUS has a Pathways Personalized Education Plan (PPEP). This plan is used by staff to analyze each student's current academic levels, grades/credits, educational goals, learning styles/preferences, interests, and post-high school pathways. The PPEP is developed and continually revised in collaboration with the student, parent, teacher, counselor, and school instructional leader.

As part of the PPEP and Instructional Plan, the school staff administer a fall benchmark assessment, NWEA Measures of Academic Progress (MAP), to all students to measure academic levels and proficiency in Reading, Language, and Mathematics. Teachers and instructional leaders use these assessment results to make data-informed decisions, such as increasing individual tutoring support in specific academic domains or utilizing specialized instructional strategies, curriculum, and programs to improve student skills.

Monitoring student academic progress and growth is a key element of the PPEP. When students do not demonstrate improved academic growth over time, instructional staff initiate and increase academic intervention efforts and support. MIRUS utilizes a Student Intervention Program aligned with the Multi-Tiered System of Support (MTSS). This intervention model provides instructional staff with a system to quickly identify and match the needs of all students. Each intervention completed by a teacher, counselor, or school support staff is documented in the school information system. The school's Data and Assessment department provides staff with a Monthly Storybook summarizing specific interventions completed. School leaders use this intervention data to monitor effectiveness and ongoing student needs. This plan ensures academic progress is not disrupted if a student must switch locations or modalities due to an emergency or natural disaster.

As an independent study school, students will naturally continue their learning through their existing textbook-based curriculum, aligned with state standards and developed by subject matter experts, in the event of an emergency or natural disaster. This curriculum will remain accessible within 10 instructional days of an emergency scenario. The Curriculum Department has already implemented digital lesson guides and online textbooks to support independent learning. For families needing hard copies, textbooks, lesson guides, and supplemental materials can be distributed via non-contact methods.

Edgenuity is the platform used to deliver online curriculum. Through Edgenuity, students have access to multiple scaffolds essential for English Learners and Students with Disabilities, including digital notetaking, transcripts in multiple languages, graphic organizers, glossaries, academic language tools, digital sticky notes, extended time, video closed captioning, text translation, and read-aloud features.

Students who lack access to a computer or home internet can be issued data-enabled laptops through the Altus Connect Program, ensuring they can access the Edgenuity platform, virtual meetings & tutoring sessions, and other online resources from home.

School staff are dedicated to maintaining high levels of student engagement and supporting academic achievement. Setting high expectations helps students achieve their daily, weekly, and monthly goals. Key instructional strategies include virtual and/or in-person one-on-one meetings and small group tutoring sessions, where teachers guide instruction and assess mastery of content standards, providing additional instruction as needed. Teachers also offer instructional support during scheduled student hours, both virtually and in-person. Additionally, teachers monitor academic progress and engagement through online forms, surveys, screencast videos, virtual events, and other communication tools, ensuring students remain on track with their educational goals.

Communication Strategy

Formatted: Font color: Accent 1

In a school emergency or natural disaster, clear and timely communication is critical. Our multi-faceted approach prioritizes the safety and well-being of students and families by ensuring a consistent flow of vital information through multiple accessible channels, strengthening the school-to-home partnership.

Initially, ParentSquare can serve as our central hub for rapid dissemination of alerts and critical updates regarding the situation, safety protocols, evacuation procedures (if necessary), and school status. Simultaneously, the school website and the Altus Schools

Health and Wellness Hub will be updated with the same crucial information, offering additional reliable sources.

Following immediate alerts, instructional staff will use secure text messaging, emails, and phone calls for more direct updates on student well-being and specific instructions. Virtual conferences via Microsoft Teams and Zoom may also be used for broader informational meetings or individual check-ins, as circumstances permit.

Recognizing potential challenges with digital communication, school staff will be prepared to conduct home visits to provide direct updates, ensure student safety, and deliver essential resources or instructions.

To ensure equitable access, our dedicated bilingual staff will communicate critical emergency information in both English and Spanish.

Access to Devices, Materials, and Connectivity

Formatted: Font color: Accent 1

To ensure students have access to online schoolwork, MIRUS conducts multiple needs assessments and satisfaction surveys with students and parents to identify families requiring home technology. Teachers maintain regular communication with students and parents through secure text messages, phone calls, virtual conferences, and emails to identify ongoing needs or unique circumstances. As a result, the school has successfully deployed Chromebooks and data plans to all students in need. When new students enroll, school clerks and counselors conduct a technology needs assessment with each family and promptly provide devices to ensure all barriers to learning are eliminated.

Occasionally, school-issued devices require repair or service. In such cases, devices are collected and submitted to the school's Operations Department for maintenance. Students are issued replacement devices to ensure continuous access. Inventory is reviewed regularly by the Operations Department to ensure necessary stock levels are maintained to accommodate student need.

The school has also enhanced its websites and technology tools. To minimize confusion and redundancy for students and parents, the school has created an online landing page, www.altusgo.com, which provides students and families with access to curriculum and instructional supports. From this landing page, students can access essential school technology programs such as Edgenuity, Naviance, Renaissance (Illuminate), Achieve 3000, and BrainPOP.

For students who prefer or require hard copy materials, staff will work with the family to distribute as needed.

Special Populations and Support Services

Formatted: Font color: Accent 1

Even in a shift to remote learning, our school remains dedicated to providing equitable and personalized education for all students through our key process: Pathways Personalized Educational Plan (PPEP). This collaborative plan, developed with teachers, students, parents, counselors, and instructional leaders, inherently addresses diverse needs, including those of English Learners, Students with Disabilities, and Foster/Homeless Youth. Our dedicated Homeless and Foster Youth Liaison will continue to provide comprehensive case management services remotely, ensuring uninterrupted support through virtual check-ins and resource coordination. Existing PPEPs, outlining individual goals and learning preferences, will guide personalized remote learning experiences, and our Multi-Tiered Systems of Supports (MTSS) framework will deliver tailored online interventions.

For English Learners, we ensure continued language development through both integrated and designated ELD support via online educational platforms and digital resources like Summit K12, BrainPOP EL, and Ellevation. Integrated ELD is embedded within virtual content lessons, while designated ELD focuses on explicit language and literacy skill-building through virtual small groups and individualized online activities, all aligned with the school's English Learner Plan. Students with Disabilities will continue to receive Free Appropriate Public Education (FAPE) through the virtual implementation of their IEPs. Specialized Academic Instruction (SAI) will be provided via distance learning by Education Specialists through secure video conferencing and online learning platforms. Curriculum will be adapted for digital accessibility, and instruction will be differentiated using online platform features and Universal Design for Learning (UDL) principles. Special education case managers will actively monitor student progress remotely through regular virtual check-ins and ongoing collaboration with general education teachers.

Furthermore, we are committed to supporting the holistic well-being of our students in a remote setting. To address mental health and social-emotional needs, we will provide virtual counseling sessions with our school counselors and offer readily accessible resource directories for additional support services. Recognizing the importance of basic needs, we will also ensure families have access to critical nutrition services and other wraparound supports by providing comprehensive information on accessing local food banks and other essential resources.

Instructional Continuity and Independent Study Readiness

Formatted: Font color: Accent 1

As a WASC-accredited, non-classroom-based independent study program, our school has established and implemented written policies to govern our independent study program. All students and parents/care givers sign a board-approved, year-long independent study Master Agreement contract, which includes required elements such as Contact Information, Methods of Study, Evaluation Procedures, Attendance and Participation Requirements, Outreach Methods, Maximum Time for Assignments, and Number of Missed Assignments.

MIRUS is dedicated to delivering high-quality, rigorous, and standards-aligned curriculum and instruction entirely through accessible online platforms. Our model inherently ensures that *all* students can be effectively supported remotely. Leveraging a robust digital curriculum, versatile communication tools, and interactive videoconferencing systems, we guarantee seamless continuity of learning, regardless of external circumstances such as emergencies or natural disasters. This instructional approach will ensure that students can receive virtual daily one-on-one meetings, weekly small group tutoring sessions, readily available virtual student hours, and additional personalized check-in meetings. This will ensure every learner receives the individual support they need to thrive in the event of a natural disaster or emergency.

Assessment and Student Progress Monitoring

Formatted: Font color: Accent 1

In the event of an emergency or natural disaster, the school will maintain continuous learning through the following established procedures: Teachers will consistently monitor student learning daily using varied formative assessments and robust tracking methods implemented remotely. Data on participation in online activities, coursework completion, assessments, and communication will be analyzed to inform responsive instruction. Teachers will utilize a Course of Study Record (CSR) and Participation/Credit Tracker to closely follow daily progress virtually, while students will maintain a Student Learning Log, reviewed and archived by teachers in the SPSIS. Attendance will be certified remotely via School Pathways Student Information System (SPSIS) at the end of each Independent Study Learning Period.

In the virtual environment, remote instruction will be shaped by continuous formative and summative assessments, incorporating a variety of online activities to gauge student learning and personalize instruction. Assignments will receive virtual feedback, and scores below 70% will automatically activate tailored virtual remediation plans, ensuring targeted support. Furthermore, teachers and instructional staff will leverage the

school's MTSS framework to address the holistic academic, behavioral, and social-emotional needs of each student; these strategies may include additional virtual tutoring, participation in specialized programs like IXL Math, or meetings with guidance counselors or healthy youth therapists.

Leveraging secure video conferencing, educators can deliver dynamic live instruction, foster real-time communication, and implement immediate learning evaluations through engaging virtual activities such as quick writes and collaborative group projects. These interactive sessions bridge the physical distance, enabling active participation and timely feedback.

The SPSIS Gradebook will serve as the central platform for recording all virtual assignments, and teachers will provide summary comments on student progress at the end of each Learning Period. This information will be accessible to students and parents via the School Pathways Portal, with ongoing virtual training and support provided to ensure seamless access and engagement.

Professional Development for Staff

Formatted: Font color: Accent 1

Altus University ("AU") serves as the professional learning platform for the school, offering both in-person and virtual sessions to accommodate the diverse needs of our staff. Altus University includes a fully online component, called AU in the Cloud, which is available to all segments of the workforce and aligned with the California Quality Professional Learning Standards (QPLS).

AU sessions incorporate school-wide initiatives to improve student learning in math and English language development. Each session includes an evaluation for participants to provide feedback on participation, satisfaction, usefulness, learning, and areas for follow-up. This feedback is used by the school's curriculum departments as part of their ongoing Professional Learning Communities (PLCs) and to plan additional AU sessions.

Both in-person and virtual AU sessions provide instructional staff with the time and space to explore curriculum content necessary for quality instruction. Instructors build participants' capacity to use frameworks, standards alignment documents, and instructional pacing guides to support teaching content standards. Assessment and instructional strategies are incorporated into the sessions so that teachers can use formative assessment strategies to inform instruction for a diverse student population.

Teachers have undergone Leading Edge Certification (LEC), a national certification for educational technology, to become effective online and blended learning teachers. For

new teachers, the school continues the certification process through the LEC FLEX program. School instructional leaders provide feedback on new skills acquired through AU sessions during virtual tutoring session observations. Instructors model how to differentiate curriculum and scaffold instruction to support all students. These sessions uphold the school's values by increasing participants' capacity to enhance students' participation, engagement, connection, sense of belonging, and emotional well-being.

Instructional strategies are presented through an equity lens, ensuring access and equity for all students. Data informing AU sessions is disaggregated by gender, race, special needs, foster youth, and socio-economic indicators, allowing for the identification of student instructional needs focused on specific groups. All participants can access AU sessions through registration on the Altus University Portal. Sessions are generally held on the same day of the week and time, allowing teachers to plan instruction around the professional learning sessions they wish to attend. Recorded sessions are available on demand for staff members who are unable to attend live sessions.

Instructors for AU sessions include Administrators, Teachers on Special Assignment, Special Education, General Education teachers. They maintain a positive learning environment for all participants, who can use the chat feature within Microsoft Teams to ask questions without interrupting the flow of instruction and can unmute their microphones to participate verbally. Instructors engage participants through Web 2.0 tools learned from the Leading Edge Certification (LEC). AU instructors understand that student Social Emotional Learning is paramount, focusing on connecting with students first, followed by content.

By combining virtual and in-person professional learning, Altus University ensures that all staff have the resources and support they need to succeed in any learning environment.

Criteria for Returning to In-Person Learning

Formatted: Font color: Accent 1

Following a school emergency or natural disaster, the decision to resume in-person learning will be made in close coordination with state and county emergency management and education agencies, prioritizing the safety and well-being of students and staff. Return to school sites will occur only when deemed safe by these authorities and when the following critical conditions are met:

- Lifted Evacuation Orders: All evacuation orders affecting the school site and the surrounding areas necessary for safe travel of students and staff must be officially lifted.

Formatted: Bulleted + Level: 1 + Aligned at: 0.25" + Indent at: 0.5"

- Safe Air Quality and Clean Water: Air quality must be at levels deemed safe by relevant environmental agencies, and access to potable, clean water must be fully restored at the school site.

- Restored Utilities: Essential utilities, including power, gas, and functioning sanitation systems, must be reliably restored to ensure a safe and healthy learning environment.

- Debris Removal: School grounds and access routes must be cleared of any hazardous debris that could pose a risk to students and staff.

- Staffing and Food Service Readiness: Sufficient staffing levels across all essential functions, including instructional, administrative, and support roles, must be ensured. Additionally, food service operations must be ready to provide necessary meals for students.

Upon confirmation that these conditions are met and clearance is received, the school will implement clearly defined return-to-school plans and protocols aligned with the most current guidance from the California Department of Education (CDE) and county education offices. These protocols will be proactively communicated to all students and staff.

Collaboration and Site-Based Planning

The collaborative spirit at our school ensures that our Instructional Continuity Plan (ICP) and School Comprehensive Safety Plan are living documents, shaped by the diverse perspectives of our entire educational community.

Administrators actively champion the development and review processes for both plans. They initiate discussions, provide resources, and ensure that feedback is thoughtfully integrated. Staff members, including teachers, counselors, and support personnel, contribute their invaluable frontline experiences through surveys, focused meetings, and professional development sessions, directly influencing the practical elements of the plans.

Parents and family members play a vital role as essential partners. Their insights into students' needs and home environments are gathered through surveys, school events,

parent-teacher conferences, and dedicated meetings, ensuring a holistic approach to both instructional continuity and safety.

Our students' voices are also crucial in this collaborative endeavor. Meaningful feedback is solicited through age-appropriate surveys, student forums, and representative participation in school events, providing a unique and important perspective on safety and learning continuity.

The School Site Council serves as a cornerstone of the annual review process for both the ICP and the School Comprehensive Safety Plan. This body, comprised of administrators, teachers, staff, parents, and students, reviews the plans, analyzes feedback gathered throughout the year, and provides critical input for revisions and improvements, ensuring that our safety and instructional strategies remain responsive and effective. This ongoing cycle of collaborative development and review ensures that our plans reflect the collective wisdom and shared commitment of our entire school community.

Plan Review and Updates

Formatted: Font color: Accent 1

Our Instructional Continuity Plan (ICP) is a living document designed to adapt to the evolving needs of our school community. To maintain its effectiveness, we conduct an annual review and update process.

The Altus Schools Executive Safety Team is central to this process. Each year, they examine the ICP, ensuring its alignment with current best practices and any changes in our school environment or local context. This comprehensive review includes:

- Data Analysis: The Executive Safety Team (EST) analyzes year-long data, including feedback from surveys, meetings, and training involving administrators, staff, parents, and students. The EST contributes critical insights related to safety protocols and potential risks, allowing us to pinpoint the plan's strengths and areas needing improvement.

Formatted: Bulleted + Level: 1 + Aligned at: 0.25" + Indent at: 0.5"

- Stakeholder Input: We actively seek and value input from all stakeholders through surveys, focus groups, and school events. The EST thoroughly addresses all safety-related concerns raised during this engagement process and integrates guidance from the School Site Council's review of the Comprehensive School Safety Plan and Instructional Continuity Plan.

Formatted: Bulleted + Level: 1 + Aligned at: 0.25" + Indent at: 0.5"

- Plan Evaluation: The EST assesses the ICP's effectiveness in addressing potential disruptions to instruction, such as natural disasters, emergencies, and other unforeseen events. The EST lends its expertise to evaluate the clarity of safety procedures, the adequacy of resources, and the practicality of implementation.

Formatted: Bulleted + Level: 1 + Aligned at: 0.25" + Indent at: 0.5"

Based on this thorough analysis, the Executive Safety Team recommends necessary revisions to the ICP.

The updated ICP then undergoes the following steps:

- Documentation and Communication: All revisions are clearly recorded within the ICP and shared with key educational partners.

Formatted: Bulleted + Level: 1 + Aligned at: 0.25" + Indent at: 0.5"

- Implementation: The updated ICP is put into practice school-wide, with any required training or professional development provided to staff. The Executive Safety Team actively supports the implementation of all safety-related components.

Formatted: Bulleted + Level: 1 + Aligned at: 0.25" + Indent at: 0.5"

This annual cycle of review and updates, driven by the active involvement of the Executive Safety Team, guarantees that our ICP remains a relevant and effective instrument for ensuring instructional continuity, demonstrating our unwavering commitment to the safety and academic success of every student.

Audeo Charter School II Board Prop 28 Expenditure Report

Audeo Charter School II Prop 28 Arts Education Plan aims to enhance arts education access and quality. The plan outlines three main goals: increasing arts education access, enhancing the arts curriculum and instruction, and fostering student engagement.

1. **Increase access** to arts education by ensuring that every student has access to arts instruction, regardless of their course selection and expanding the arts programs to all students within school.
2. **Enhance arts curriculum and instruction** by developing a comprehensive arts curriculum that aligns with state standards and encourages creativity, critical thinking and self-expression. Arts lessons will also be integrated into core curriculum aligned with Common Core State Standards and Universal Design for Learning. By providing professional learning opportunities to instructional staff, the instructional materials created by the Visual and Performing Arts department will be utilized by students both synchronously and asynchronously, depending on the needs of the students.
3. **Foster student engagement and participation** by increasing student participating in arts classes and/or art instructional sessions. This will allow for students to explore various art forms and discover their passions.

Budget Allocation:

- Audeo Charter School II was awarded $33,690 funding to be expended until the 2025-2026 school year
- At least 80% of the allocation, or $26,952 is planned to be spent on personnel costs to expand the Visual and Performing Arts Department.
- 20% of the allocation, or $6,738 is planned to provide professional development and resources/supplies for teachers to implement arts instruction at the Resource Center

Annual Report to be approved and posted on school website":

1. The number of full time equivalent teachers funded through Prop 28 for the 2024-2025 school year was 0.20
2. There were no full time classified personnel funded through Prop 28 for the 2024-2025 school year.
3. There were no full time equivalent teaching aides funded through Prop 28 for the 2024-2025 school year.
4. 137 students were served with arts instruction for the 2024-2025 school year through Prop 28. **This is a 149% increase from the 23-24 school year.**

The Prop 28 Arts Education Plan aims to enhance arts education access and quality. The plan outlines three main goals: increasing arts education access, enhancing the arts curriculum and instruction, and fostering student engagement.
1. Increase access to arts education by ensuring that every student has access to arts instruction, regardless of their course selection and expanding the arts programs to all students within school.
2. Enhance arts curriculum and instruction by developing a comprehensive arts curriculum that aligns with state standards and encourages creativity, critical thinking and self-expression. Arts lessons will also be integrated into core curriculum aligned with Common Core State Standards and Universal Design for Learning. By providing professional learning opportunities to instructional staff, the instructional materials created by the Visual and Performing Arts department will be utilized by students both synchronously and asynchronously, depending on the needs of the students.
3. Foster student engagement and participation by increasing student participating in arts classes and/or art instructional sessions. This will allow for students to explore various art forms and discover their passions.

2. Number of full-time equivalent teachers (certificated) providing arts education programs with Arts and Music in Schools (AMS) funds: .25

3. Number of full-time equivalent personnel (classified) providing arts education programs with AMS funds: 0

4. Number of full-time equivalent teaching aides providing arts education programs with AMS funds: 0

Purpose
Seek formal adoption by the Altus Schools Southern California ("ASSC") Board of Directors of the Amira and Multitudes reading difficulty screeners as the dyslexia screening instruments for students in grades kindergarten through second, in accordance with California Education Code §53008.

Background
California Education Code §53008 requires that beginning in the 2025–26 school year, all local educational agencies (LEAs), including charter schools, must:

- Adopt one or more state-approved screening instruments by June 30, 2025, and
- Screen all students in Kindergarten, Grade 1, and Grade 2 annually for risk of reading difficulties, including dyslexia.

Screening tools must be culturally, linguistically, and developmentally appropriate, and must assess key literacy domains such as phonological awareness, decoding, oral language, and reading fluency.

Following the release of the state's approved list of screening instruments, Amira Learning (Grades 1–2) and Multitudes (Kindergarten) have been selected based on their strong alignment with the criteria outlined in Education Code §53008, including research-based design, linguistic responsiveness, and coverage of essential early literacy skills. Both tools appear on the official list adopted by the State Board of Education and meet the statutory requirements for implementation beginning in the 2025–26 school year.

Overview of Cost and Rationale for Selected Screening Instruments

Tool	Grade Level(s)	Estimated Cost	Funding Source	Rationale / Key Features
Amira Learning	Grades 1–2	$20 per student per year	Instructional budgets, Title I, or literacy grants	- State-approved - AI-powered oral reading assessments and supports for targeted intervention
Multitudes	Kindergarten	No cost (state-funded access through CDE/UC Berkeley)	State-funded Pilot (Early Literacy Support Grant)	- State-approved - Developed for CA schools

Staff Recommendation
Staff recommends the Altus Schools Southern California Board of Directors approve the adoption of Amira Learning as the dyslexia screening instrument for Grades 1–2 and Multitudes for Kindergarten, both of which are included on the State Board of Education's approved list in accordance with California Education Code §53008.

This recommendation includes the authorization to proceed with the following:

a. Staff training in administration and interpretation of screening results
b. Communication of the screening process and opt-out option to families
c. Integration of screening data into the school's Multi-Tiered System of Supports (MTSS) and Student Study Team (SST) processes
d. Timely reporting of results to families and ongoing progress monitoring
e. Ongoing compliance monitoring with all statutory requirements related to screening administration, family notification, and appropriate use of data to support early literacy intervention.

Assumptions for Preliminary Operational Budget
FY 2025-26

Audeo Charter School II (Audeo II) is an independent study program. Audeo II takes a very conservative approach in developing its financial planning.

A regular school or a comprehensive high school generates its major source of revenues from pupils' actual attendance or what is sometimes referred to as "Seat Time Attendance". As a condition of apportionment, every pupil must be scheduled to attend school for the statutory minimum days applicable to the grade level or program unless exempted.

Apportionment credit for independent study programs, like Audeo II, are based on the student's "product" or academic work, which is assessed by a competent credentialed certificated teacher. The teacher determines the time value of completed assignments or work products so that Average Daily Attendance (**ADA**) can be earned. Each student in the program is expected to work 175 instructional days per regular school year: 375 minutes per day and 65,625 minutes annually. Audeo II is a year-round program and has adopted a multi-track calendar. Students may enroll and continue to earn academic credit all 12 months of the year. This design maximizes students' opportunities to catch up on their coursework.

The State of California implemented the **Local Control Funding Formula (LCFF)** in the 2013-14 school year to fund public schools, including charter schools. In the 2018-19 fiscal year, LCFF funding targets were achieved and future LCFF growth will be attributable to the application of the COLA plus augmentation to the base grant.

The LCFF formula for school districts and charter schools (LEAs) is composed of uniform base grants by grade span (K-3, 4-6, 7-8, 9-12) and includes additional funding for targeted students, as follows:

* **Supplemental Grant** equal to 20 percent of the adjusted base grant multiplied by ADA and the unduplicated percentage of targeted disadvantaged pupils. Targeted pupils are those classified as English Language Learners, Free and Reduced Priced Meal eligible students, foster youth, or any combination of these factors (unduplicated count). The projected unduplicated pupil percentage for Audeo II is 61.51%.

* **Concentration Grant** equal to 65 percent of the adjusted base grant multiplied by ADA and the percentage of unduplicated pupils exceeding 55% of an LEA's enrollment. Concentration grants for charter schools are limited to the lesser of the charter school's unduplicated pupil percentage (UPP) or their local districts UPP.

As part of the LCFF, school districts, county offices of education and charter schools are required to develop and adopt a **Local Control and Accountability Plan (LCAP)** using a State Board adopted LCAP template. The LCAP can be a single-year or three-year plan, which is reviewed and updated annually. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. All LEAs must complete the LCAP and the Annual Update Template each year.

State regulations require that the LCAP must include annual goals in eight specified areas. These eight annual goals are in alignment with the State goals.

1. Student Achievement
2. Student Engagement
3. Other Student Outcomes
4. School Climate
5. Parental Involvement
6. Basic Services
7. Implementation of Common Core
8. Course Access

BUDGET INFORMATION

Based on School Services of California (SSC) School District and Charter School Financial Projection Dartboard – 2025-26 May Revision and the Fiscal Crisis and Management Assistance Team (FCMAT) LCFF Calculator, the rates below were used to build Audeo II's Preliminary Operational Budget.

Table 1:

Description	FY 2025-26
Grades 4-6 Adjusted Base Grant	$10,411
Grades 7-8 Adjusted Base Grant	$10,719
Grades 9-12 Adjusted Base Grant	$12,746
Statutory Cost of Living Allowance (COLA)*	2.30%
Audeo II's Unduplicated Pupil Percentage (Rolling Average)	61.51%
District's Unduplicated Pupil Percentage (SDCOE)	25.16%

Revenues were calculated based on the following enrollment and ADA projections:

Table 2:

Description	FY 2025-26 (Projected P-2)	FY 2024-25 (Actual P-2)	FY 2023-24 (Actual P-2)

Total ADA	**295.56**	**293.09**	**309.22**

REVENUE PROJECTIONS

Table 3:

Description	FY 2025-26
LCFF Sources	$4,123,842
Federal Revenues	$445,332
State Revenues Other than LCFF	$702,065
Local Revenues	$168,348
Total Projected Revenues	**$5,439,587**

- **In Lieu of Property Taxes** (ILPT) are no longer a source of revenue, but total LCFF revenues will remain unchanged. With the passage of Senate Bill 75, SBE authorized charter schools will no longer receive ILPT unless the district of residence (for the student of which ADA was claimed) was a basic aid district in the prior year. This means that the LCFF entitlement for most SBE authorized charter schools will be fully funded through state aid (LCFF State Aid and EPA).

- **Education Protection Account (EPA)** is now a part of the LCFF Calculation. Proposition 30, *The Schools and Local Public Safety Act of 2012*, approved by the voters on November 6, 2012 and amended by Proposition 55 on November 8, 2016, brought about the creation of Education Protection Account. It was intended to minimize deeper cuts to school agencies and other state-supported programs in California. EPA is not an additional source of revenue. A corresponding reduction will be made equally to the school's general-purpose state aid funding for funds received through the EPA. The CDE will allocate EPA revenues on a quarterly basis through the 2030-31 fiscal year.

- **Lottery revenues** are allocated based on CY annual ADA adjusted by the statewide average excused absence factor of 1.04446. Since CY annual ADA is not available until after the fiscal year ends, lottery funding is initially allocated using the prior year's Annual ADA and adjusted in the subsequent fiscal year. Rates used are based on School Services of California's latest estimates: $82 for Prop 20 (Lottery: Instructional Materials) and $191 for Non-Prop 20 (Lottery: Unrestricted).

- **Federal Funds**

  Titles I, II and IV are based on the latest allocation schedules provided by the California Department of Education (CDE) for FY 2024-25.

  ESSA: School Improvement (CSI) Funding for LEAs:

  Audeo II was granted 2024-25 ESSA CSI in the amount of $472,119. The project period for this grant begins on March 18, 2025, and ends on September 30, 2026. Audeo II has included all of its remaining unspent CSI funds in the FY 25-26 budget.

- **Special Education funds** are based on current projections of El Dorado Charter SELPA. **State revenues** are projected at $917.53 per CY P-2 ADA while **Federal IDEA** revenues are projected at $145 per PY California Basic Educational Data System (CBEDS) count.

- **Mandate Block Grant Funding** is allocated as a block grant to support various mandated programs. Each year, LEAs will have the option to either choose the mandate block grant funding or to submit a claim for the actual costs with the State Controllers' Office. Audeo II chose to receive the block grant, which is based on PY P-2 ADA with funding rates of $20.55 for Grades K-8 and $57.11 for Grades 9-12.

- **Career Technical Education Incentive Grant Program** was established as a state education, economic, and workforce development initiative with the goal of providing pupils in kindergarten and grades 1 to 12, inclusive, with the knowledge and skills necessary to transition to employment and postsecondary education. The purpose of this program is to encourage the development of new career technical education (CTE) programs and enhance and maintain current CTE programs during implementation of the school district and charter school LCFF. Audeo II has included $257,151 of CTE grant in its budget for this fiscal year.

- **Creating Opportunities in Preventing and Eliminating Suicide (COPES)** is a four-year grant initiative which was awarded to the County of San Diego Behavioral Health Services and the San Diego County Office of Education (SDCOE). SDCOE will lead the COPES initiative and build the capacity of LEAs to support school communities that champion mental wellness by targeting efforts in staff and student wellness, stigma reduction, suicide prevention, intervention, and postvention, professional development and programming for educators, staff, students, and families and coordinated referral pathways for students needing mental/behavioral health services. Audeo, Audeo II, and Audeo II will participate in this grant. The schools will submit an invoice to SDCOE at the end of each quarter to get reimbursement for its expenditures, not to exceed $12,000 per calendar year for 4 years beginning 2022 through 2025. Audeo II has included $2,000 in its budget for this FY, which is under local revenue.

- **Proposition 28**, also known as the **Arts and Music in Schools (AMS) Funding Guarantee and Accountability Act**, provides additional funding for arts education in California public schools. As of November 8, 2022, this initiative requires the state to establish an ongoing program supporting arts instruction in schools starting from 2023-24 academic year. The purpose of the plan is to increase access to arts instruction. Audeo Charter School II was funded 35,716. These funds will be used to increase access to arts education, enhance arts curriculum and instruction and foster student engagement and participation.

- The **Local Educational Agency (LEA)** Medi-Cal **Billing Option Program** reimburses Audeo II for providing health-related services to Medi-Cal eligible students. Audeo II participates to recover costs for essential services like speech therapy, counseling, and physical therapy, ensuring these services are accessible to all students. This program helps Audeo II enhance their support for students' health and well-being. Services are reimbursed through a process where the school submits claims to Medi-Cal for covered services and receives interim payments, which are later reconciled with actual costs through a cost report. Audeo II has budgeted $2,000 for FY 2025-26.

- **CYBHI School-Linked Partnership and Capacity Grant**: California is implementing the Children and Youth Behavioral Health Initiative (CYBHI) to transform the systems supporting behavioral health for all children, youth, and families in the state, regardless of payer. Under CYBHI, the Department of Health Care Services (DHCS) is authorized to award School-Linked Partnership and Capacity Grants. Audeo II received a grant of $44,878 to offer mental health services, acquire technology for socio-emotional learning, supply materials for mental health carts at resource centers, and provide training for Healthy Youth School Therapists and support staff. Audeo II included $44,878 in FY 25-26.

- Altus Schools Southern California Corporation which operates and manages Audeo II applied for the **School-Based Medi-Cal Administrative Activities (SMAA) program**. This program allows the school to claim federal reimbursement for a portion of the costs associated with administering Medi-Cal-related activities. These activities include outreach and referral, facilitating Medi-Cal applications, arranging non-emergency/non-medical transportation, program planning and policy development, and claims coordination.

NUTRITION PROGRAM EXPENDITURES UNDER OBJECT CODE 4700

Assembly Bill 1871 requires that non-classroom based (NCB) charter schools shall provide each needy pupil with one nutritionally adequate free or reduced-price meal during each school day. Audeo II has expanded this requirement so that all enrolled students are able to select from nutritious items that meet the USDA's nutritious meal requirements at any time, for free, when in our resource centers.

RESEARCH AND DEVELOPMENT EXPENDITURES UNDER OBJECT CODES 4300 AND 5200

Audeo II has allocated $6,595 for research and development to support works directed toward innovation, introduction, and improvement necessary for the support of the school consistent with the mission and purpose of the organization.

PROFESSIONAL/CONSULTING SERVICES AND OTHER OPERATING EXPENDITURES UNDER OBJECT CODE 5800

The total budget amount for Object Code 5800 is $877,224 representing 16.13% of the Operational Budget. Included in this object code are the district's oversight fees, marketing fees, maintenance agreements, student information systems, technology services, personnel testing, annual financial audits, student files audit, advertising, field trips, printing services, MAP assessments, Special Education Services and Support, El Dorado Charter SELPA Admin Fee, software licenses, and legal fees.

MARKETING

Pursuant to Education Code Section 47605 (b)(5)(G), Audeo II will provide means by which the school will achieve a racial and ethnic balance among its pupils that is reflective of the general population residing within the territorial jurisdiction of the district. The authorizing District has a broad and diverse student population. The budget for marketing will support significant outreach efforts to ensure that the student body of Audeo II reflects the diverse characteristics of the territorial jurisdiction of the authorizing District. Audeo II has deployed an integrated marketing plan to support organizational growth. To reach Audeo II's target audience, messaging has been tailored for the following mediums: Television, Billboards, Street Posters, Postcards, Email, Mobile, Social Media, Radio and Bus Ads. For FY 2025-26, Audeo II has allocated $80,827 for marketing expenses included in the object code 5800 and represents 1.5% of its total budget.

DISTRICT OVERSIGHT FEES

Audeo II will pay its authorizing District (San Diego County of Education) oversight fees of **1 percent** for apportionments received from the State for LCFF Revenues. The following are revenues subject to calculation of **1 percent oversight fees**:

- Object Code 8011 – LCFF State Aid – Current Year
- Object Code 8012 - Education Protection Account (EPA) Entitlement
- Object Code 8019 - State Aid Prior Years - LCFF
- Object Code 8019 - State Aid Prior Years - EPA
- Object Code 8096 – Charter Schools Funding In Lieu of Property Taxes

Audeo II has budgeted $41,238 for FY 2025-26 for oversight fees, which is included in object code 5800.

RESERVES

Audeo II has allocated reserves of $271,980 for FY 2025-26 representing 5% of total revenues of $5,439,587.

FACILITIES

Audeo II carries out contractual lease agreements with an annual cost of $301,756 for FY 2025-26. The total cost of the current lease contracts from July 2025 through the end of the lease term (Year 2029) is $1,079,844.33. Audeo II has allocated reserves for this amount.

RESOLUTION REGARDING THE EDUCATION PROTECTION ACCOUNT

WHEREAS, the voters approved Proposition 30 on November 6, 2012 and Proposition 55 on November 8, 2016;

WHEREAS, Proposition 30 added Article XIII, Section 36 to the California Constitution effective November 7, 2012 (sun setting 12/31/2017), and Proposition 55 Article XIII, Section 36(e) to the California Constitution effective November 8, 2016 (commencing 01/01/2018);

WHEREAS, the provisions of Article XIII, Section 36(e) create in the state General Fund an Education Protection Account to receive and disburse the revenues derived from the incremental increases in taxes imposed by Article XIII, Section 36(f);

WHEREAS, before June 30th of each year, the Director of Finance shall estimate the total amount of additional revenues, less refunds that will be derived from the incremental increases in tax rates made pursuant to Article XIII, Section 36(f) that will be available for transfer into the Education Protection Account during the next fiscal year;

WHEREAS, if the sum determined by the State Controller is positive, the State Controller shall transfer the amount calculated into the Education Protection Account within ten days preceding the end of the fiscal year;

WHEREAS, all monies in the Education Protection Account are hereby continuously appropriated for the support of school districts, county offices of education, charter schools and community college districts;

WHEREAS, monies deposited in the Education Protection Account shall not be used to pay any costs incurred by the Legislature, the Governor, or any agency of state government;

WHEREAS, a community college district, county office of education, school district, or charter school shall have the sole authority to determine how the monies received from the Education Protection Account are spent in the school or schools within its jurisdiction;

WHEREAS, the governing board of the community college district, county office of education, school district, or charter school shall make the spending determinations with respect to monies received from the Education Protection Account in open session of a public meeting of the governing board;

WHEREAS, the monies received from the Education Protection Account shall not be used for salaries or benefits for administrators or any other administrative cost;

WHEREAS, each community college district, county office of education, school district and charter school shall annually publish on its Internet website an accounting of how much money was received from the Education Protection Account and how that money was spent;

WHEREAS, the annual independent financial and compliance audit required of community college districts, county offices of education, school districts and charter schools shall ascertain and verify whether the funds provided from the Education Protection Account have been properly disbursed and expended as required by Article XIII, Section 36 of the California Constitution;

WHEREAS, expenses incurred by community college districts, county offices of education, school districts and charter schools to comply with the additional audit

requirements of Article XIII, Section 36 may be paid with funding from the Education Protection Act and shall not be considered administrative costs for purposes of Article XIII, Section 36.

NOW, THEREFORE, IT IS HEREBY RESOLVED:

1. The monies received from the Education Protection Account shall be spent as required by Article XIII, Section 36 and the spending determinations on how the money will be spent shall be made in open session of a public meeting of the governing board of **Audeo Charter School II**;

2. In compliance with Article XIII, Section 36(e), with the California Constitution, the governing board of the **Audeo Charter School II** has determined to spend the monies received from the Education Protection Act as attached.

Dashboard Alternative School Status (DASS) Renewal Application

2025, 2026, 2027 Dashboards

Dashboard Alternative School Status Application

The following documents are included in this item:

1. **Dashboard Alternative School Status Program:** This document is an overview of the DASS program, the eligibility criteria, and DASS participation instructions.
2. **Dashboard Alternative School Status Eligibility Summary:** This document provides a summary of the school's eligibility to participate in the DASS program.
3. **Dashboard Alternative School Status (DASS) Eligibility Certification:** This form certifies that the percentages of high-risk students stated on the DASS Participation Form are true and correct. Signatures of the school principal, county or district superintendent or charter school administrator, and board president are required.

Dashboard Alternative School Status (DASS)
Dashboard Alternative School Status background

In 2013, California's accountability system significantly changed with the adoption of the Local Control Funding Formula (LCFF). This new accountability system, the California School Dashboard (Dashboard), contains state indicators and standards to help identify a school's strengths, weaknesses, and areas in need of improvement. Because these state indicators and standards were developed for traditional (non-alternative) schools, the State Board of Education (SBE) and stakeholders raised concerns that the state indicators and standards did not fairly evaluate the success or progress of alternative schools that serve high-risk students.

The Dashboard Alternative School Status (DASS) program replaced the previously administered Alternative Schools Accountability Model (ASAM).

California *Education Code* (*EC*) Section 52052(d) requires: *The Superintendent, with the approval of the State Board of Education, shall develop an alternative accountability system for schools under the jurisdiction of a county board of education or a county superintendent of schools, community day schools, . . . and alternative schools serving high-risk pupils, including continuation high schools and opportunity schools . . .*

The California Department of Education (CDE) provides a status label on the Dashboard for all schools with Dashboard Alternative School Status (DASS). Schools qualify for status based on their school type or through an application process with the CDE. In 2022, the U.S. Department of Education (ED) declined California's waiver request that would allow for the use of modified methods within the Accountability system for DASS schools. Therefore, beginning with the 2022 Dashboard, the CDE treats DASS schools the same as all other schools on the Dashboard.

DASS and the Dashboard

Although the DASS modified methods are not used for federal accountability purposes, state accountability permits the continued use of DASS. Therefore, DASS schools will:

- Be identified on the Dashboard with the DASS Status information under the School Details on the Dashboard.

- Receive the label as a "DASS Community of Practice" for those that meet the eligibility for Comprehensive Support and Improvement (CSI) low graduation rate or low performance to distinguish the uniqueness of these schools and the students served, and

- Receive the DASS One-Year Graduation Rate on the Dashboard for informational purposes each Spring in addition to the combined four-and five year graduation rate reported under the Graduation Rate Indicator.

DASS Eligibility Criteria for Charter Schools that Serve High-Risk Students

The DASS criteria requires the school to have an **unduplicated** count of at least 70 percent of the school's total enrollment (upon first entry to the school) comprised of high-risk student groups to be eligible for DASS. The high-risk groups include the following:

- **Expelled** (EC Section 48925[b]) including situations in which enforcement of the expulsion order was suspended (EC Section 48917)
- **Suspended** (EC Section 48925[d]) more than 10 days in a school year
- **Wards of the Court** (Welfare and Institution Code [WIC] Section 601 or 602) or dependents of the court (WIC Section 300 or 654)

- **Pregnant and/or Parenting**
- **Recovered Dropouts** – State Board of Education (SBE) defines recovered dropouts based on EC Section 52052.3(b) as students who: (1) are designated as dropouts pursuant to the exit and withdraw codes in the California Longitudinal Pupil Achievement Data System (CALPADS), or (2) left school and were not enrolled in a school for a period of 180 days
- **Habitually Truant** (EC Section 48262) or Habitually Insubordinate and Disorderly whose attendance at the school is directed by a school attendance review board or probation officer (EC Section 48263)
- **Retained more than once** in kindergarten through grade eight

- Students who are **credit deficient** (i.e., students who are one semester or more behind in the credits required to graduate on-time, per grade level, from the enrolling school's credit requirements)
- Students with a **gap in enrollment** (i.e., students who have not been in any school during the 45 days prior to enrollment in the current school, where the 45 days does not include non-instructional days such as summer break, holiday break, off-track, and other days when a school is closed)
- Students with **high level transiency** (i.e., students who have been enrolled in more than two schools during the past academic year or have changed secondary schools more than two times since entering high school)
- **Foster Youth** (EC Section 42238.01[b])
- **Homeless Youth**

Terms of Dashboard Alternative School Status Participation

All application-based DASS schools must maintain an annual cumulative enrollment of 70 percent of high risk youth. The CDE will conduct annual reviews and failure to meet this threshold may result in termination of the school's DASS.

Additionally, all application-based DASS schools will be required to re-apply every three years (i.e., if a school is approved in 2024 for the 2024–25 school year to participate in DASS, this school must reapply in 2027 for the 2027–28 school year to continue their participation in DASS for the Fall 2028 Dashboard). If a school fails to re-certify its high-risk student enrollment or the school's enrollment of high-risk students falls below 70 percent, the school will be removed from DASS.

Schools participating in the Dashboard Alternative School Status (DASS) program are required to re-certify their high-risk student enrollments every three years. The DASS criteria requires a school to have an unduplicated count of at least 70 percent of the school's total enrollment composed of high-risk student groups.

Audeo Valley Charter has a previously approved DASS Status application that was applicable to the 2022, 2023, and 2024 Dashboards.

Previously, Application/Renewal was a two-step process. For 2025, the CDE has updated the process to a single submission. DASS applications, both for new status and renewals, will be available from April 3, 2025, through July 10, 2025.

Applications require a single application. Completion of the application requires the following:

1. LEA information (through completion of an online survey)
2. Approval of Intent to Apply for DASS from the Local Governing School Board/Charter Governing School Board (Minutes from Board Meeting)
3. For charter schools: Letter to Charter Authorizing Board containing above Documentation

The following percentages in **Table 1** are based on AVCS' cumulative enrollment from July 1, 2024 through May 30, 2025. *The official DASS renewal online survey will be based upon cumulative enrollment for the 2024-25 school year through the submission date*, (approximately June 27th, 2025) after receipt of Approval of Intent to Apply for DASS from the Local Governing School Board/Charter Governing School Board.

Audeo Valley Charter's cumulative enrollment from 07/01/2024 through 05/30/2025 was 371 students. Audeo Valley Charter's unduplicated YTD percentage of high-risk students as of 5/30 is 76.82%. The top criteria students meet are habitually truant (23.18%) and credit deficient (48.25%).

The DASS application only allows students to count in one high-risk criteria category. However, many students meet multiple criteria.

Table 2. Students Meeting One or More High-risk Criteria

Audeo Valley Charter Students by Number of Eligible Criteria		
	#	**%**
Students who Meet 1 Criteria	285	76.82%
Students that Meet 2 Criteria	100	26.95%
Students that Meet 3 or more Criteria	22	5.93%

Table 2 indicates the percentage of students who qualify in one, two, and three or more high-risk categories. Approximately 27% of unduplicated students counted meet the criteria in two or more categories.

Evidence of students meeting the DASS criteria is collected upon first enrollment at the school. This documentation is reviewed prior to submitting the DASS Survey. Detailed documentation for each student is readily available.

Once the application survey has been submitted, the CDE will confirm receipt within 5 business days.

Following the application deadline, CDE will evaluate the applications to validate that each LEA/school serves and **unduplicated** count of at least 70 percent high-risk students within the school's cumulative enrollment (upon first entry to the school).

CDE will post an updated list of active DASS schools for the 2024-25 school year and 2025 Dashboard on its website in the Fall of 2025.

Audeo Valley Charter School

Assumptions for Preliminary Operational Budget
FY 2025-26

Audeo Valley Charter School is an independent study program. Audeo Valley takes a very conservative approach in developing its financial planning.

A regular school or a comprehensive high school generates its major source of revenues from pupils' actual attendance or what is sometimes referred to as "Seat Time Attendance". As a condition of apportionment, every pupil must be scheduled to attend school for the statutory minimum days applicable to the grade level or program unless exempted.

Apportionment credit for independent study programs, like Audeo Valley, are based on the student's "product" or academic work, which is assessed by a competent credentialed certificated teacher. The teacher determines the time value of completed assignments or work products so that Average Daily Attendance (**ADA**) can be earned. Each student in the program is expected to work 175 instructional days per regular school year: 375 minutes per day and 65,625 minutes annually. Audeo Valley is a year-round program and has adopted a multi-track calendar. Students may enroll and continue to earn academic credit all 12 months of the year. This design maximizes students' opportunities to catch up on their coursework.

The State of California implemented the **Local Control Funding Formula (LCFF)** in the 2013-14 school year to fund public schools, including charter schools. In the 2018-19 fiscal year, LCFF funding targets were achieved and future LCFF growth will be attributable to the application of the COLA plus augmentation to the base grant.

The LCFF formula for school districts and charter schools (LEAs) is composed of uniform base grants by grade span (K-3, 4-6, 7-8, 9-12) and includes additional funding for targeted students, as follows:

* **Supplemental Grant** equal to 20 percent of the adjusted base grant multiplied by ADA and the unduplicated percentage of targeted disadvantaged pupils. Targeted pupils are those classified as English Language Learners, Free and Reduced Priced Meal eligible students, foster youth, or any combination of these factors (unduplicated count). The projected unduplicated pupil percentage for Audeo Valley is 77.34%.

* **Concentration Grant** equal to 65 percent of the adjusted base grant multiplied by ADA and the percentage of unduplicated pupils exceeding 55% of an LEA's enrollment. Concentration grants for charter schools are limited to the lesser of the charter school's unduplicated pupil percentage (UPP) or their local districts UPP.

As part of the LCFF, school districts, county offices of education and charter schools are required to develop and adopt a **Local Control and Accountability Plan (LCAP)** using a State Board adopted LCAP template. The LCAP can be a single-year or three-year plan, which is reviewed and updated annually. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. All LEAs must complete the LCAP and the Annual Update Template each year.

State regulations require that the LCAP must include annual goals in eight specified areas. These eight annual goals are in alignment with the State goals.

1. Student Achievement
2. Student Engagement
3. Other Student Outcomes
4. School Climate
5. Parental Involvement
6. Basic Services
7. Implementation of Common Core
8. Course Access

BUDGET INFORMATION

Based on School Services of California (SSC) School District and Charter School Financial Projection Dartboard – 2025-26 May Revision, and the Fiscal Crisis and Management Assistance Team (FCMAT) LCFF Calculator, the rates below were used to build Audeo Valley's Preliminary Operational Budget.

Table 1:

Description	FY 2025-26
Adjusted Grades 4-6 Base Grant	$10,411
Adjusted Grades 7-8 Base Grant	$10,719
Adjusted Grades 9-12 Base Grant	$12,746
Statutory Cost of Living Allowance (COLA)*	2.30%
Audeo Valley's Unduplicated Pupil Percentage (Rolling Average)	77.34%
District's Unduplicated Pupil Percentage (MVUSD)	83.49%

Revenues were calculated based on the following enrollment and ADA:

REVENUE PROJECTIONS

Table 3:

Description	FY 2025-26
LCFF Sources	$4,390,001
Federal Revenues	130,242
State Revenues Other than LCFF	559,507
Local Revenues	50,414
Total Projected Revenues	**$5,130,164**

- **In Lieu of Property Taxes** of $1,340.30 per current year (CY) P-2 ADA is based on FY 2024-25 P-1 rate for Moreno Valley Unified School District.

- **Education Protection Account (EPA)** is now a part of the LCFF Calculation. Proposition 30, *The Schools and Local Public Safety Act of 2012*, approved by the voters on Nov. 6, 2012 and amended by Proposition 55 on November 8, 2016, brought about the creation of Education Protection Account. It was intended to minimize deeper cuts to school agencies and other state-supported programs in California. EPA is not an additional source of revenue. A corresponding reduction will be made equally to the school's general-purpose state aid funding for funds received through the EPA. The CDE will allocate EPA revenues on a quarterly basis through the 2030-31 fiscal year.

- **Lottery revenues** are allocated based on CY annual ADA adjusted by the statewide average excused absence factor of 1.04446. Since CY annual ADA is not available until after the fiscal year ends lottery funding is projected based on CY ADA. Rates used are based on School Services of California's latest estimates: $82 for Prop 20 (Lottery: Instructional Materials) and $191 for Non-Prop 20 (Lottery: Unrestricted).

- **Federal Funds**

  Titles I, II, and IV are based on the latest allocation schedules provided by the California Department of Education (CDE) for FY 2024-25.

- **Special Education funds** are based on current projections of El Dorado Charter SELPA. **State revenues** are projected at $917.53 per the highest P-2 ADA of the last three years, while **Federal IDEA** revenues are projected at $145 per PY California Basic Educational Data System (CBEDS) count.

- **Mandate Block Grant Funding** is allocated as a block grant to support various mandated programs. Each year, LEAs will have the option to either choose the mandate block grant funding or to submit a claim for the actual costs with the State Controllers' Office. Audeo Valley chose to receive the block grant, which is based on PY P-2 ADA with funding rates of $20.52 for Grades K-8 and $57.04 for Grades 9-12.

- **Career Technical Education Incentive Grant Program** was established as a state education, economic, and workforce development initiative with the goal of providing pupils in kindergarten and grades 1 to 12, inclusive, with the knowledge and skills necessary to transition to employment and postsecondary education. The purpose of this program is to encourage the development of new career technical education (CTE) programs and enhance and maintain current CTE programs during implementation of the school district and charter school LCFF. Audeo Valley included $150,345 in its budget for this fiscal year.

- **Proposition 28—Arts and Music in Schools Funding** – Proposition 28, also known as the Arts and Music in Schools (AMS) Funding Guarantee and Accountability Act, provides additional funding for arts education in California public schools. As of November 8, 2022, this initiative requires the state to establish an ongoing program supporting arts instruction in schools starting from 2023-24 academic year. The purpose of the plan is to increase access to arts instruction. Audeo Valley budgeted $38,921 in FY 2025-26. These funds will be used to increase access to arts education, enhance arts curriculum and instruction and foster student engagement and participation.

- The **Local Educational Agency (LEA) Medi-Cal Billing Option Program** reimburses Audeo Valley Charter School for providing health-related services to Medi-Cal eligible students. Audeo Valley participates to recover costs for essential services like speech therapy, counseling, and physical therapy, ensuring these services are accessible to all students. This program helps Audeo Valley enhance their support for students' health and well-being. Services are reimbursed through a process where the school submits claims to Medi-Cal for covered services and receives interim payments, which are later reconciled with actual costs through a cost report. Audeo Valley has budgeted $1,843 for FY 2025-26.

- **School-Based Medi-Cal Administrative Activities (SMAA):** Altus Schools Southern California Corporation which operates and manages Audeo Valley applied for the School-Based Medi-Cal Administrative Activities (SMAA) program. This program allows the school to claim federal reimbursement for a portion of the costs associated with administering Medi-Cal-related activities. These activities include outreach and

referral, facilitating Medi-Cal applications, arranging non-emergency/non-medical transportation, program planning and policy development, and claims coordination.

The reimbursement is calculated based on the time and effort our staff dedicate to these activities, as determined by the Random Moment Time Survey (RMTS) methodology. This ensures that we accurately capture the percentage of staff time that qualifies for reimbursement. We expect the SMAA revenue to contribute significantly to offsetting the costs of these essential administrative functions, thereby supporting our overall budget and enhancing our ability to provide comprehensive health and support services to our students. Audeo Valley's reimbursement in the amount of $6,805 is included under local revenue.

NUTRITION PROGRAM EXPENDITURES UNDER OBJECT CODE 4700

Audeo Valley has implemented a meal program that complies with the State Meal Mandate for Non-classroom Based Charter Schools, following the California Department of Education's Universal Meals Program guidelines and California Education Code Section 49501.5. This code requires charter schools serving grades TK–12 to provide breakfast and lunch free of charge during each school day to any pupil who requests a meal without consideration of the pupil's eligibility for a federally funded free or reduced-price meal, with a maximum of one free meal for each meal service period. The meals must be nutritionally adequate and meet federal reimbursement standards. Audeo Valley shall provide each student with adequate time to eat as determined by the Charter School in consideration of available guidance.

RESEARCH AND DEVELOPMENT EXPENDITURES UNDER OBJECT CODES 4300 AND 5200

Audeo Valley has allocated $17,171 for research and development to support works directed toward innovation, introduction, and improvement necessary for the support of the school consistent with the mission and purpose of the organization.

PROFESSIONAL/CONSULTING SERVICES AND OTHER OPERATING EXPENDITURES UNDER OBJECT CODE 5800

The total budget amount for Object Code 5800 is $652,236 representing 12.7% of the Operational Budget. Included in this object code are the district's oversight fees, marketing fees, maintenance agreements, student information systems, technology services, personnel testing, annual financial audits, student file audit, advertising, printing services, MAP assessments, Special Education Services and Support, El Dorado Charter SELPA Admin Fee, software licenses, and legal fees.

MARKETING

Pursuant to Education Code Section 47605 (b)(5)(G), Audeo Valley will provide means by which the school will achieve a racial and ethnic balance among its pupils that is reflective of the general population residing within the territorial jurisdiction of the District. The authorizing District has a broad and diverse student population. The budget for marketing will support the significant outreach efforts to ensure that the student body of Audeo Valley reflects the diverse characteristics of the territorial jurisdiction of the authorizing District. Audeo Valley has deployed an integrated marketing plan to support organizational growth. To reach Audeo Valley's target audience, messaging has been tailored for the following mediums: Television, Billboards, Street Posters, Postcards, Email, Mobile, Social Media, Radio and Bus Ads. For FY 2025-26, Audeo Valley has allocated $102,603 for marketing expenses included in the object code 5800 and represents 2% of its total budget.

AUTHORIZER OVERSIGHT FEES

Audeo Valley will pay its authorizer (Riverside County Office of Education) oversight fees of **1 percent** for apportionments received from the State for LCFF Revenues. The following are revenues subject to calculation of **1 percent oversight fees**:

RESOLUTION REGARDING THE EDUCATION PROTECTION ACCOUNT

WHEREAS, the voters approved Proposition 30 on November 6, 2012 and Proposition 55 on November 8, 2016;

WHEREAS, Proposition 30 added Article XIII, Section 36 to the California Constitution effective November 7, 2012 (sun setting 12/31/2017), and Proposition 55 Article XIII, Section 36(e) to the California Constitution effective November 8, 2016 (commencing 01/01/2018);

WHEREAS, the provisions of Article XIII, Section 36(e) create in the state General Fund an Education Protection Account to receive and disburse the revenues derived from the incremental increases in taxes imposed by Article XIII, Section 36(f);

WHEREAS, before June 30th of each year, the Director of Finance shall estimate the total amount of additional revenues, less refunds that will be derived from the incremental increases in tax rates made pursuant to Article XIII, Section 36(f) that will be available for transfer into the Education Protection Account during the next fiscal year;

WHEREAS, if the sum determined by the State Controller is positive, the State Controller shall transfer the amount calculated into the Education Protection Account within ten days preceding the end of the fiscal year;

WHEREAS, all monies in the Education Protection Account are hereby continuously appropriated for the support of school districts, county offices of education, charter schools and community college districts;

WHEREAS, monies deposited in the Education Protection Account shall not be used to pay any costs incurred by the Legislature, the Governor, or any agency of state government;

WHEREAS, a community college district, county office of education, school district, or charter school shall have the sole authority to determine how the monies received from the Education Protection Account are spent in the school or schools within its jurisdiction;

WHEREAS, the governing board of the community college district, county office of education, school district, or charter school shall make the spending determinations with respect to monies received from the Education Protection Account in open session of a public meeting of the governing board;

WHEREAS, the monies received from the Education Protection Account shall not be used for salaries or benefits for administrators or any other administrative cost;

WHEREAS, each community college district, county office of education, school district and charter school shall annually publish on its Internet website an accounting of how much money was received from the Education Protection Account and how that money was spent;

WHEREAS, the annual independent financial and compliance audit required of community college districts, county offices of education, school districts and charter schools shall ascertain and verify whether the funds provided from the Education Protection Account have been properly disbursed and expended as required by Article XIII, Section 36 of the California Constitution;

WHEREAS, expenses incurred by community college districts, county offices of education, school districts and charter schools to comply with the additional audit requirements of Article XIII, Section 36 may be paid with funding from the Education

Protection Act and shall not be considered administrative costs for purposes of Article XIII, Section 36.

NOW, THEREFORE, IT IS HEREBY RESOLVED:

1. The monies received from the Education Protection Account shall be spent as required by Article XIII, Section 36 and the spending determinations on how the money will be spent shall be made in open session of a public meeting of the governing board of **Audeo Valley Charter School**;

2. In compliance with Article XIII, Section 36(e), with the California Constitution, the governing board of the **Audeo Valley Charter School** has determined to spend the monies received from the Education Protection Act as attached.

Assumptions for Preliminary Operational Budget
FY 2025-26

Altus Schools Coachella Valley (Coachella Valley) is an independent study program. Coachella Valley takes a very conservative approach in developing its financial planning.

A regular school or a comprehensive high school generates its major source of revenues from pupils' actual attendance or what is sometimes referred to as "Seat Time Attendance". As a condition of apportionment, every pupil must be scheduled to attend school for the statutory minimum days applicable to the grade level or program unless exempted.

Apportionment credit for independent study program like our school is based on the student's "product" or academic work, which is assessed by a competent credentialed certificated teacher. The teacher determines the time value of completed assignments or work products so that Average Daily Attendance (**ADA**) can be earned. Each student in our program is expected to work 175 instructional days per regular school year; 375 minutes per day and 65,625 minutes annually. Coachella Valley is a year-round program, which adopted a multi-track calendar. Students may enroll and continue to earn academic credit all 12 months of the year. This design maximizes students' opportunities to catch up on their coursework.

The State of California implemented the **Local Control Funding Formula (LCFF)** in the 2013-14 school year to fund public schools, including charter schools. In the 2018-19 fiscal year, LCFF funding targets were achieved and future LCFF growth will be attributable to the application of the COLA plus augmentation to the base grant.

The LCFF formula for school districts and charter schools (LEAs) is composed of uniform base grants by grade span (K-3, 4-6, 7-8, 9-12) and includes additional funding for targeted students, as follows:

* **Supplemental Grant** equal to 20 percent of the adjusted base grant multiplied by ADA and the unduplicated percentage of targeted disadvantaged pupils. Targeted pupils are those classified as English Language Learners, Free and Reduced Priced Meal eligible students, foster youth, or any combination of these factors (unduplicated count). The projected unduplicated pupil percentage for Coachella Valley is 68.71%.

* **Concentration Grant** equal to 65 percent of the adjusted base grant multiplied by ADA and the percentage of unduplicated pupils exceeding 55% of an LEA's enrollment. Concentration grants for charter schools are limited to the lesser of the charter school's unduplicated pupil percentage (UPP) or their local districts UPP.

As part of the LCFF, school districts, county offices of education and charter schools are required to develop and adopt a **Local Control and Accountability Plan (LCAP)** using a State Board adopted LCAP template. The LCAP can be a single-year or three-year plan, which is reviewed and updated annually. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. All LEAs must complete the LCAP and the Annual Update Template each year.

State regulations require that the LCAP must include annual goals in eight specified areas. These eight annual goals are in alignment with the State goals.

1. Student Achievement
2. Student Engagement
3. Other Student Outcomes
4. School Climate
5. Parental Involvement
6. Basic Services
7. Implementation of Common Core
8. Course Access

BUDGET INFORMATION

Based on School Services of California (SSC) School District and Charter School Financial Projection Dartboard – 2025-26 May Revision, and the Fiscal Crisis and Management Assistance Team (FCMAT) LCFF Calculator, the rates below were used to build Coachella Valley's FY 2025-2026 Operational Budget.

Table 1:

Description	FY 2025-26
Adjusted Grades 7-8 Base Grant	$10,719
Adjusted Grades 9-12 Base Grant	$12,746
Statutory Cost of Living Allowance (COLA)	2.30%
Coachella Valley's Unduplicated Pupil Percentage (Rolling Average)	68.71%
District's Unduplicated Pupil Percentage (Desert Sands Unified)	79.82%

Revenues were calculated based on the following enrollment and ADA projections:

Table 2:

Description	FY 2025-26
Projected P-2 Enrollment	185
Projected CBEDS Enrollment	163
ADA:	
Grade 7-8	10.30
Grade 9-12	161.40
Total ADA	**171.70**

REVENUE PROJECTIONS

Table 3:

Description	FY 2025-26
LCFF Sources	$2,658,650
Federal Revenues	41,181
State Revenues Other than LCFF	230,177
Local Revenues	1,500
Total Projected Revenues	**$2,931,508**

- **In Lieu of Property Tax** of $2,902.65 per current year (CY) P-2 ADA is based on FY 2024-25 P-1 rate for Desert Sands Unified School District.

- **Education Protection Account (EPA)** is now a part of the LCFF Calculation. Proposition 30, *The Schools and Local Public Safety Act of 2012*, approved by the voters on Nov. 6, 2012 and Proposition 55 on November 8, 2016, brought about the creation of Education Protection Account. It was intended to minimize deeper cuts to school agencies and other state-supported programs in California. EPA is not an additional source of revenue. A corresponding reduction will be made equally to the school's general-purpose state aid funding for funds received through the EPA. The CDE will allocate EPA revenues on a quarterly basis through the 2030-31 fiscal year.

- **Lottery revenues** are allocated based on current year (CY) annual ADA adjusted by the statewide average excused absence factor of 1.04446. Since CY annual ADA is not yet available until after the fiscal year ends, lottery funding is projected based on CY P-2 ADA. Rates used are based on School Services of California's latest estimates: $82 for Prop 20 (Lottery: Instructional Materials) and $191 for Non-Prop 20 (Lottery: Unrestricted).

- **Federal funds**
  Titles I & II are based on the latest allocation schedules provided by the California Department of Education (CDE) for FY 2024-25.

- **Special Education funds** are based on current projections of El Dorado Charter SELPA. **State revenues** are projected at $917.53 per CY P-2 ADA.

- **Mandate Block Grant Funding** is allocated as a block grant to support various mandated programs. Each year, LEAs will have the option to either choose the mandate block grant funding or to submit a claim for the actual costs with the State Controllers' Office. Coachella Valley chooses to receive the block grant, which is based on PY P-2 ADA with the funding rates listed below.

    - FY 2025-26: $20.52 for Grades K-8 and $57.04 for Grades 9-12

- To ensure compliance with Special Ed regulations, FTE positions for Special Ed are one Resource Specialist for every 28 caseload. We calculated the caseload by multiplying the total enrollment by the percentage of Special Ed population compared to total student population. For FY 2025-26, we estimated the Special Ed population at 15%.

NUTRITION PROGRAM EXPENDITURES UNDER OBJECT CODE 4700

Coachella Valley will implement a meal program that complies with the State Meal Mandate for Non-classroom Based Charter Schools, following the California Department of Education's Universal Meals Program guidelines and California Education Code Section 49501.5. This code requires charter schools serving grades TK–12 to provide breakfast and lunch free of charge during each school day to any pupil who requests a meal without consideration of the pupil's eligibility for a federally funded free or reduced-price meal, with a maximum of one free meal for each meal service period. The meals must be nutritionally adequate and meet federal reimbursement standards. Coachella Valley will provide each student with adequate time to eat as determined by the Charter School in consideration of available guidance.

PROFESSIONAL/CONSULTING SERVICES AND OTHER OPERATING EXPENDITURES UNDER OBJECT CODE 5800

The total budget amount for Object Code 5800 is $233,886 representing 8% of the Operational Budget. Included in this object code are the district's oversight fees, marketing fees, maintenance agreements, student information systems, technology services, personnel testing, annual financial audits, student file audit, advertising, printing services, MAP assessments, Special Education Services and Support, El Dorado Charter SELPA Admin Fee, software licenses, and legal fees.

MARKETING

Pursuant to Education Code Section 47605 (b)(5)(G), Coachella Valley will provide means by which the school will achieve a racial and ethnic balance among its pupils that is reflective of the general population residing within the territorial jurisdiction of the District. The authorizing District has a broad and diverse student population. The budget for marketing will support the significant outreach efforts to ensure that the student body of Coachella Valley reflects the diverse characteristics of the territorial jurisdiction of the authorizing District. Coachella Valley will deploy an integrated marketing plan to support organizational growth. To reach Coachella Valley's target audience, messaging has been tailored for the following mediums: Television, Radio, Billboards, Street Posters, Postcards, Email, Mobile, Facebook and Movie Theater Ads. For FY 2025-26, Coachella Valley has allocated $14,658 for marketing expenses included in the object code 5800 and represents 0.5% of its total budget.

AUTHORIZER'S OVERSIGHT FEES

Coachella Valley will pay its authorizing District (Riverside County Office of Education) oversight fees of **1 percent** for apportionments received from the State for LCFF Revenues. The following are revenues subject to calculation of **oversight fees**:

- Object Code 8011 – LCFF State Aid – Current Year
- Object Code 8012 – Education Protection Account (EPA) Entitlement
- Object Code 8019 – State Aid Prior Years – LCFF
- Object Code 8019 – State Aid Prior Years – EPA
- Object Code 8096 – Charter Schools Funding In Lieu of Property Taxes

Coachella Valley has budgeted $26,587 for FY 2025-26 for oversight fees.

BEGINNING FUND BALANCE

The Altus Schools Southern California will approve the transfer of funds in the amount of $1,421,270 from Altus Schools Mirus to Altus Schools Coachella Valley for the purpose of continuing the operation of Palm Desert resource center currently operated by Altus Schools Mirus. This will ensure that, when and if Altus Schools Coachella Valley is authorized, it will continue the educational program for students without any disruption.

To appropriately account for the internal transfers, Altus Schools Coachella Valley would record it as a non-operating internal TRANSFER IN (Object Code 8965) and an increase to CASH. Altus Schools Mirus would record it as a non-operating TRANSFER OUT (Object Code 7651) and a decrease to CASH.

RESOLUTION REGARDING THE EDUCATION PROTECTION ACCOUNT

WHEREAS, the voters approved Proposition 30 on November 6, 2012 and Proposition 55 on November 8, 2016;

WHEREAS, Proposition 30 added Article XIII, Section 36 to the California Constitution effective November 7, 2012 (sun setting 12/31/2017), and Proposition 55 Article XIII, Section 36(e) to the California Constitution effective November 8, 2016 (commencing 01/01/2018);

WHEREAS, the provisions of Article XIII, Section 36(e) create in the state General Fund an Education Protection Account to receive and disburse the revenues derived from the incremental increases in taxes imposed by Article XIII, Section 36(f);

WHEREAS, before June 30th of each year, the Director of Finance shall estimate the total amount of additional revenues, less refunds that will be derived from the incremental increases in tax rates made pursuant to Article XIII, Section 36(f) that will be available for transfer into the Education Protection Account during the next fiscal year;

WHEREAS, if the sum determined by the State Controller is positive, the State Controller shall transfer the amount calculated into the Education Protection Account within ten days preceding the end of the fiscal year;

WHEREAS, all monies in the Education Protection Account are hereby continuously appropriated for the support of school districts, county offices of education, charter schools and community college districts;

WHEREAS, monies deposited in the Education Protection Account shall not be used to pay any costs incurred by the Legislature, the Governor, or any agency of state government;

WHEREAS, a community college district, county office of education, school district, or charter school shall have the sole authority to determine how the monies received from the Education Protection Account are spent in the school or schools within its jurisdiction;

WHEREAS, the governing board of the community college district, county office of education, school district, or charter school shall make the spending determinations with respect to monies received from the Education Protection Account in open session of a public meeting of the governing board;

WHEREAS, the monies received from the Education Protection Account shall not be used for salaries or benefits for administrators or any other administrative cost;

WHEREAS, each community college district, county office of education, school district and charter school shall annually publish on its Internet website an accounting of how much money was received from the Education Protection Account and how that money was spent;

WHEREAS, the annual independent financial and compliance audit required of community college districts, county offices of education, school districts and charter schools shall ascertain and verify whether the funds provided from the Education Protection Account have been properly disbursed and expended as required by Article XIII, Section 36 of the California Constitution;

WHEREAS, expenses incurred by community college districts, county offices of education, school districts and charter schools to comply with the additional audit

requirements of Article XIII, Section 36 may be paid with funding from the Education Protection Act and shall not be considered administrative costs for purposes of Article XIII, Section 36.

NOW, THEREFORE, IT IS HEREBY RESOLVED:

1. The monies received from the Education Protection Account shall be spent as required by Article XIII, Section 36 and the spending determinations on how the money will be spent shall be made in open session of a public meeting of the governing board of **Altus Schools Coachella Valley**;

2. In compliance with Article XIII, Section 36(e), with the California Constitution, the governing board of the **Altus Schools Coachella Valley** has determined to spend the monies received from the Education Protection Act as attached.

Assumptions for Preliminary Operational Budget
FY 2025-26

Altus Schools East County (ASEC) is an independent study program. ASEC takes a very conservative approach in developing its financial planning.

A regular school or a comprehensive high school generates its major source of revenues from pupils' actual attendance or what is sometimes referred to as "Seat Time Attendance". As a condition of apportionment, every pupil must be scheduled to attend school for the statutory minimum days applicable to the grade level or program unless exempted.

Apportionment credit for independent study programs, like ASEC, are based on the student's "product" or academic work, which is assessed by a competent credentialed certificated teacher. The teacher determines the time value of completed assignments or work products so that Average Daily Attendance (**ADA**) can be earned. Each student in the program is expected to work 175 instructional days per regular school year: 375 minutes per day and 65,625 minutes annually. ASEC is a year-round program and has adopted a multi-track calendar. Students may enroll and continue to earn academic credit all 12 months of the year. This design maximizes students' opportunities to catch up on their coursework.

The State of California implemented the **Local Control Funding Formula (LCFF)** in the 2013-14 school year to fund public schools, including charter schools. In the 2018-19 fiscal year, LCFF funding targets were achieved and future LCFF growth will be attributable to the application of the COLA plus augmentation to the base grant.

The LCFF formula for school districts and charter schools (LEAs) is composed of uniform base grants by grade span (K-3, 4-6, 7-8, 9-12) and includes additional funding for targeted students, as follows:

* **Supplemental Grant** equal to 20 percent of the adjusted base grant multiplied by ADA and the unduplicated percentage of targeted disadvantaged pupils. Targeted pupils are those classified as English Language Learners, Free and Reduced Priced Meal eligible students, foster youth, or any combination of these factors (unduplicated count). The projected unduplicated pupil percentage for ASEC is 72.97%.

* **Concentration Grant** equal to 65 percent of the adjusted base grant multiplied by ADA and the percentage of unduplicated pupils exceeding 55% of an LEA's enrollment. Concentration grants for charter schools are limited to the lesser of the charter school's unduplicated pupil percentage (UPP) or their local districts UPP.

As part of the LCFF, school districts, county offices of education and charter schools are required to develop and adopt a **Local Control and Accountability Plan (LCAP)** using a State Board adopted LCAP template. The LCAP can be a single-year or three-year plan, which is reviewed and updated annually. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. All LEAs must complete the LCAP and the Annual Update Template each year.

State regulations require that the LCAP must include annual goals in eight specified areas. These eight annual goals are in alignment with the State goals.

1. Student Achievement
2. Student Engagement
3. Other Student Outcomes
4. School Climate
5. Parental Involvement
6. Basic Services
7. Implementation of Common Core
8. Course Access

BUDGET INFORMATION

Based on School Services of California (SSC) School District and Charter School Financial Projection Dartboard – 2025-26 May Revision and the Fiscal Crisis and Management Assistance Team (FCMAT) LCFF Calculator, the rates below were used to build ASEC's Preliminary Operational Budget.

Table 1:

Description	FY 2025-26
Grades 7-8 Adjusted Base Grant	$10,719
Grades 9-12 Adjusted Base Grant	$12,746
Statutory Cost of Living Allowance (COLA)*	2.30%
ASEC's Unduplicated Pupil Percentage (Rolling Average)	72.97%
District's Unduplicated Pupil Percentage (GUHSD)	81.07%

Revenues were calculated based on the following enrollment and ADA projections:

Table 2:

REVENUE PROJECTIONS

Table 3:

Description	FY 2025-26
LCFF Sources	$4,893,192
Federal Revenues	563,880
State Revenues Other than LCFF	696,467
Local Revenues	290,043
Total Projected Revenues	**$6,443,582**

- **In Lieu of Property Taxes (ILPT)** are no longer a source of revenue, but total LCFF revenues will remain unchanged. With the passage of Senate Bill 75, SBE authorized charter schools will no longer receive ILPT unless the district of residence (for the student of which ADA was claimed) was a basic aid district in the prior year. This means that the LCFF entitlement for most SBE authorized charter schools will be fully funded through state aid (LCFF State Aid and EPA).

- **Education Protection Account (EPA)** is now a part of the LCFF Calculation. Proposition 30, *The Schools and Local Public Safety Act of 2012*, approved by the voters on Nov. 6, 2012 and amended by Proposition 55 on November 8, 2016, brought about the creation of Education Protection Account. It was intended to minimize deeper cuts to school agencies and other state-supported programs in California. EPA is not an additional source of revenue. A corresponding reduction will be made equally to the school's general-purpose state aid funding for funds received through the EPA. The CDE will allocate EPA revenues on a quarterly basis through the 2030-31 fiscal year.

- **Lottery revenues** are allocated based on CY annual ADA adjusted by the statewide average excused absence factor of 1.04446. Since CY annual ADA is not available until after the fiscal year ends, lottery funding is initially allocated using the prior year's Annual ADA and adjusted in the subsequent fiscal year. Rates used are based on School Services of California's latest estimates: $82 for Prop 20 (Lottery: Instructional Materials) and $191 for Non-Prop 20 for (Lottery: Unrestricted).

- **Federal Funds**

  Titles I, II, and IV are based on the latest allocation schedules provided by the California Department of Education (CDE) for FY 2024-25.

  ESSA: School Improvement (CSI) Funding for LEAs:

  ASEC was granted 2024-25 ESSA CSI funds in the amount of $421,191. The project period for this grant began on March 18, 2025, and ends on September 30, 2026. ASEC has included all of its 2024-25 CSI funds in this budget.

- **Special Education funds** are based on current projections of El Dorado Charter SELPA. **State revenues** are projected at $917.53 per CY P-2 ADA while **Federal IDEA** revenues are projected at $145.00 per PY California Basic Educational Data System (CBEDS) count.

- **Mandate Block Grant Funding** is allocated as a block grant to support various mandated programs. Each year, LEAs will have the option to either choose the mandate block grant funding or to submit a claim for the actual costs with the State Controllers' Office. ASEC chose to receive the block grant, which is based on PY P-2 ADA with funding rates of $20.52 for Grades K-8 and $57.04 for Grades 9-12.

- **Career Technical Education Incentive Grant Program** was established as a state education, economic, and workforce development initiative with the goal of providing pupils in kindergarten and grades 1 to 12, inclusive, with the knowledge and skills necessary to transition to employment and postsecondary education. The purpose of this program is to encourage the development of new career technical education (CTE) programs and enhance and maintain current CTE programs during implementation of the school district and charter school LCFF. CTE funding was increased at the state level from $150M to $300M in 2021-22. ASEC has included $235,825 in its budget for this fiscal year.

- **College and Career Access Pathways Grant (CCAP)** provides ASEC with the opportunity to enhance its college and career readiness program. This grant aims to provide students with necessary resources and support to explore different career pathways and prepare for their post-secondary education. ASEC was granted $25,000 per year for the next four years. Over the course of the grant, ASEC's staff will learn and implement best practices that will streamline processes and improve the dual enrollment partnership with colleges. With the dual enrollment program, ASEC's goal is to improve educational outcomes and expand the current dual enrollment programs. It will also help high school students achieve college and career readiness.

- **Proposition 28**, also known as the **Arts and Music in Schools (AMS) Funding Guarantee and Accountability Act**, provides additional funding for arts education in California public schools. As of November 8, 2022, this initiative requires the state to establish an ongoing program supporting arts instruction in schools starting from 2023-24 academic year. The purpose of the plan is to increase access to arts instruction. Altus Schools East County was funded $46,239. These funds will be used to increase access to arts education, enhance arts curriculum and instruction and foster student engagement and participation.

- The **Local Educational Agency (LEA)** Medi-Cal **Billing Option Program** reimburses Altus Schools East County (ASEC) for providing health-related services to Medi-Cal eligible students. ASEC participates to recover costs for essential services like speech therapy, counseling, and physical therapy, ensuring these services are accessible to all students. This program helps ASEC enhance their support for students' health and well-being. Services are reimbursed through a process where the school submits claims to Medi-Cal for covered services and receives interim payments, which are later reconciled with actual costs through a cost report. ASEC has budgeted $10,837 for FY 2025-26.

- **CYBHI School-Linked Partnership and Capacity Grant:** California is implementing the Children and Youth Behavioral Health Initiative (CYBHI) to transform the systems supporting behavioral health for all children, youth, and families in the state, regardless of payer. Under CYBHI, the Department of Health Care Services (DHCS) is authorized to award School-Linked Partnership and Capacity Grants. ASEC received a grant of $74,797 to offer mental health services, acquire technology for socio-emotional learning, supply materials for mental health carts at resource centers, and provide training for Healthy Youth School Therapists and support staff. ASEC included $73,415 in FY 25-26.

- Altus Schools Southern California Corporation which operates and manages Altus Schools East County applied for the **School-Based Medi-Cal Administrative Activities (SMAA)** program. This program allows the school to claim federal reimbursement for a portion of the costs associated with administering Medi-Cal-related activities. These activities include outreach and referral, facilitating Medi-Cal applications, arranging non-emergency/non-medical transportation, program planning and policy development, and claims coordination.

  The reimbursement is calculated based on the time and effort our staff dedicate to these activities, as determined by the Random Moment Time Survey (RMTS) methodology. This ensures that we accurately capture the percentage of staff time that qualifies for reimbursement. We expect the SMAA revenue to contribute significantly to offsetting the costs of these essential administrative functions, thereby supporting our overall budget and enhancing our ability to provide comprehensive health and support services to our students. Altus Schools East County's reimbursement in the amount of $8,235 is included under local revenue.

NUTRITION PROGRAM EXPENDITURES UNDER OBJECT CODE 4700

Assembly Bill 1871 requires that non-classroom based (NCB) charter schools shall provide each needy pupil with one nutritionally adequate free or reduced-price meal during each school day. ASEC has expanded this requirement so that all enrolled students are able to select from nutritious items that meet the USDA's nutritious meal requirements at any time, for free, when in our resource centers.

PROFESSIONAL/CONSULTING SERVICES AND OTHER OPERATING EXPENDITURES UNDER OBJECT CODE 5800

The total budget amount for Object Code 5800 is $970,755 representing 15.07% of the Operational Budget. Included in this object code are the district's oversight fees, marketing fees, maintenance agreements, student information systems, technology services, personnel testing, annual financial audits, student files audit, advertising, field trips, printing services, MAP assessments, Special Education Services and Support, El Dorado Charter SELPA Admin Fee, software licenses, and legal fees.

MARKETING

Pursuant to Education Code Section 47605 (b)(5)(G), ASEC will provide means by which the school will achieve a racial and ethnic balance among its pupils that is reflective of the general population residing within the territorial jurisdiction of the District. The authorizing District has a broad and diverse student population. The budget for marketing will support the significant outreach efforts to ensure that the student body of ASEC reflects the diverse characteristics of the territorial jurisdiction of the authorizing District. ASEC has deployed an integrated marketing plan to support organizational growth. To reach ASEC's target audience, messaging has been tailored for the following mediums: Television, Billboards, Street Posters, Postcards, Email, Mobile, Social Media, Radio and Bus Ads. For FY 2025-26, ASEC has allocated $96,654 for marketing expenses included in the object code 5800 and represents 1.5% of its total budget.

DISTRICT OVERSIGHT FEES

ASEC will pay its authorizing agency (State Board of Education) oversight fees of **1 percent** for apportionments received from the State for LCFF Revenues. The following are revenues subject to calculation of **1 percent oversight fees**:

- Object Code 8011 – LCFF State Aid – Current Year
- Object Code 8012 - Education Protection Account (EPA) Entitlement
- Object Code 8019 - State Aid Prior Years - LCFF
- Object Code 8019 - State Aid Prior Years - EPA
- Object Code 8096 – Charter Schools Funding In Lieu of Property Taxes

ASEC has budgeted $48,932 for FY 2025-26 for oversight fees.

RESEARCH AND DEVELOPMENT EXPENDITURES UNDER OBJECT CODES 4300 AND 5200

ASEC has allocated $35,204 for research and development to support works directed toward innovation, introduction, and improvement necessary for the support of the school consistent with the mission and purpose of the organization.

RESERVES

ASEC has allocated reserves of $644,358 for FY 2025-26 representing 10% of total revenues of $6,443,582.

FACILITIES

ASEC carries contractual lease agreements with an annual cost of $191,998 for FY 2025-26. The total cost of the current lease contracts from July 2025 through the end of the lease term (Year 2033) is $1,280,604. ASEC has allocated reserves for this amount.

RESOLUTION REGARDING THE EDUCATION PROTECTION ACCOUNT

WHEREAS, the voters approved Proposition 30 on November 6, 2012;

WHEREAS, Proposition 30 added Article XIII, Section 36 to the California Constitution effective November 7, 2012;

WHEREAS, the provisions of Article XIII, Section 36(e) create in the state General Fund an Education Protection Account to receive and disburse the revenues derived from the incremental increases in taxes imposed by Article XIII, Section 36(f);

WHEREAS, before June 30th of each year, the Director of Finance shall estimate the total amount of additional revenues, less refunds that will be derived from the incremental increases in tax rates made pursuant to Article XIII, Section 36(f) that will be available for transfer into the Education Protection Account during the next fiscal year;

WHEREAS, if the sum determined by the State Controller is positive, the State Controller shall transfer the amount calculated into the Education Protection Account within ten days preceding the end of the fiscal year;

WHEREAS, all monies in the Education Protection Account are hereby continuously appropriated for the support of school districts, county offices of education, charter schools and community college districts;

WHEREAS, monies deposited in the Education Protection Account shall not be used to pay any costs incurred by the Legislature, the Governor or any agency of state government;

WHEREAS, a community college district, county office of education, school district, or charter school shall have the sole authority to determine how the monies received from the Education Protection Account are spent in the school or schools within its jurisdiction;

WHEREAS, the governing board of the community college district, county office of education, school district, or charter school shall make the spending determinations with respect to monies received from the Education Protection Account in open session of a public meeting of the governing board;

WHEREAS, the monies received from the Education Protection Account shall not be used for salaries or benefits for administrators or any other administrative cost;

WHEREAS, each community college district, county office of education, school district and charter school shall annually publish on its Internet website an accounting of how much money was received from the Education Protection Account and how that money was spent;

WHEREAS, the annual independent financial and compliance audit required of community college districts, county offices of education, school districts and charter schools shall ascertain and verify whether the funds provided from the Education Protection Account have been properly disbursed and expended as required by Article XIII, Section 36 of the California Constitution;

WHEREAS, expenses incurred by community college districts, county offices of education, school districts and charter schools to comply with the additional audit requirements of Article XIII, Section 36 may be paid with funding from the Education Protection Act and shall not be considered administrative costs for purposes of Article XIII, Section 36.

NOW, THEREFORE, IT IS HEREBY RESOLVED:

1. The monies received from the Education Protection Account shall be spent as required by Article XIII, Section 36 and the spending determinations on how the money will be spent shall be made in open session of a public meeting of the governing board of **Altus Schools East County**;

2. In compliance with Article XIII, Section 36(e), with the California Constitution, the governing board of **Altus Schools East County** has determined to spend the monies received from the Education Protection Act as attached.

Assumptions for Preliminary Operational Budget
FY 2025-26

Altus Schools North County (ASNC) is an independent study program. ASNC takes a very conservative approach in developing its financial planning.

A regular school or a comprehensive high school generates its major source of revenues from pupils' actual attendance or what is sometimes referred to as "Seat Time Attendance". As a condition of apportionment, every pupil must be scheduled to attend school for the statutory minimum days applicable to the grade level or program unless exempted.

Apportionment credit for independent study programs, like ASNC, are based on the student's "product" or academic work, which is assessed by a competent credentialed certificated teacher. The teacher determines the time value of completed assignments or work products so that Average Daily Attendance (**ADA**) can be earned. Each student in the program is expected to work 175 instructional days per regular school year: 375 minutes per day and 65,625 minutes annually. ASNC is a year-round program and has adopted a multi-track calendar. Students may enroll and continue to earn academic credit all 12 months of the year. This design maximizes students' opportunities to catch up on their coursework.

The State of California implemented the **Local Control Funding Formula (LCFF)** in the 2013-14 school year to fund public schools, including charter schools. In the 2018-19 fiscal year, LCFF funding targets were achieved and future LCFF growth will be attributable to the application of the COLA plus augmentation to the base grant.

The LCFF formula for school districts and charter schools (LEAs) is composed of uniform base grants by grade span (K-3, 4-6, 7-8, 9-12) and includes additional funding for targeted students, as follows:

* **Supplemental Grant** equal to 20 percent of the adjusted base grant multiplied by ADA and the unduplicated percentage of targeted disadvantaged pupils. Targeted pupils are those classified as English Language Learners, Free and Reduced Priced Meal eligible students, foster youth, or any combination of these factors (unduplicated count). The projected unduplicated pupil percentage for ASNC is 72.91%.

* **Concentration Grant** equal to 65 percent of the adjusted base grant multiplied by ADA and the percentage of unduplicated pupils exceeding 55% of an LEA's enrollment. Concentration grants for charter schools are limited to the lesser of the charter school's unduplicated pupil percentage (UPP) or their local districts UPP.

As part of the LCFF, school districts, county offices of education and charter schools are required to develop and adopt a **Local Control and Accountability Plan (LCAP)** using a State Board adopted LCAP template. The LCAP can be a single-year or three-year plan, which is reviewed and updated annually. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. All LEAs must complete the LCAP and the Annual Update Template each year.

State regulations require that the LCAP must include annual goals in eight specified areas. These eight annual goals are in alignment with the State goals.

1. Student Achievement
2. Student Engagement
3. Other Student Outcomes
4. School Climate
5. Parental Involvement
6. Basic Services
7. Implementation of Common Core
8. Course Access

BUDGET INFORMATION

Based on School Services of California (SSC) School District and Charter School Financial Projection Dartboard – 2025-26 May Revision and the Fiscal Crisis and Management Assistance Team (FCMAT) LCFF Calculator, the rates below were used to build ASNC's Preliminary Operational Budget.

Table 1:

Description	FY 2025-26
Grades 4-6 Adjusted Base Grant	$10,411
Grades 7-8 Adjusted Base Grant	$10,719
Grades 9-12 Adjusted Base Grant	$12,746
Statutory Cost of Living Allowance (COLA)	2.30%
ASNC's Unduplicated Pupil Percentage (Rolling Average)	72.91%
District's Unduplicated Pupil Percentage (EUHSD)	82.31%

Revenues were calculated based on the following enrollment and ADA:

Table 2:

Description	FY 2025-26 (Projected P-2)	FY 2024-25 (Actual P-2)	FY 2023-24 (Actual P-2)

REVENUE PROJECTIONS

Table 3:

Description	FY 2025-26
LCFF Sources	$2,985,611
Federal Revenues	453,010
State Revenues Other than LCFF	420,571
Local Revenues	99,991
Total Projected Revenues	**3,959,183**

- **In Lieu of Property Taxes** of $6,005.09 per current year (CY) P-2 ADA is based on 2024-25 P-2 property tax rate for Escondido Union High School District.

- **Education Protection Account (EPA)** is now a part of the LCFF Calculation. Proposition 30, *The Schools and Local Public Safety Act of 2012*, approved by the voters on November 6, 2012 and amended by Proposition 55 on November 8, 2016, brought about the creation of Education Protection Account. It was intended to minimize deeper cuts to school agencies and other state-supported programs in California. EPA is not an additional source of revenue. A corresponding reduction will be made equally to the school's general-purpose state aid funding for funds received through the EPA. The CDE will allocate EPA revenues on a quarterly basis through the 2030-31 fiscal year.

- **Lottery revenues** are allocated based on CY annual ADA adjusted by the statewide average excused absence factor of 1.04446. Since CY annual ADA is not available until after the fiscal year ends, lottery funding is initially allocated using the prior year's Annual ADA and adjusted in the subsequent fiscal year. Rates used are based on School Services of California's latest estimates: $82 for Prop 20 (Lottery: Instructional Materials) and $191 for Non-Prop 20 (Lottery: Unrestricted).

- **Federal Funds**

  Titles I, II and IV are based on the latest allocation schedules provided by the California Department of Education (CDE) for FY 2024-25.

  ESSA: School Improvement (CSI) Funding for LEAs:
  ASNC was granted 2024-25 ESSA CSI fund is the amount of $472,119. The project period for this grant begins on July 1, 2025, and ends on September 30, 2026. Audeo II has included all its 25-26 CSI funds in this budget.

- **Special Education funds** are based on current projections of El Dorado Charter SELPA. **State revenues** are projected at $917.52 per CY P-2 ADA while **Federal IDEA** revenues are projected at $145 per PY California Basic Educational Data System (CBEDS) count.

- **Mandate Block Grant Funding** is allocated as a block grant to support various mandated programs. Each year, LEAs will have the option to either choose the mandate block grant funding or to submit a claim for the actual costs with the State Controllers' Office. ASNC chose to receive the block grant, which is based on PY P-2 ADA with funding rates of $20.55 for Grades K-8 and $57.11 for Grades 9-12.

- **Career Technical Education Incentive Grant Program** was established as a state education, economic, and workforce development initiative with the goal of providing pupils in kindergarten and grades 1 to 12, inclusive, with the knowledge and skills necessary to transition to employment and postsecondary education. The purpose of this program is to encourage the development of new career technical education (CTE) programs and enhance and maintain current CTE programs during implementation of the school district and charter school LCFF. ASNC has included $145,439 of CTE grant in this budget.

- **Proposition 28,** also known as the **Arts and Music in Schools (AMS)** Funding Guarantee and Accountability Act, provides additional funding for arts education in California public schools. As of November 8, 2022, this initiative requires the state to establish an ongoing program supporting arts instruction in schools starting from 2023-24 academic year. The purpose of the plan is to increase access to arts instruction. ASNC was funded $22,804. These funds will be used to increase access to arts education, enhance arts curriculum and instruction and foster student engagement and participation.

- The **Local Educational Agency (LEA)** Medi-Cal **Billing Option Program** reimburses Audeo II for providing health-related services to Medi-Cal eligible students. Audeo II participates to recover costs for essential services like speech therapy, counseling, and physical therapy, ensuring these services are accessible to all students. This program helps Audeo II enhance their support for students' health and well-being. Services are reimbursed through a process where the school submits claims to Medi-Cal for covered services and receives interim payments, which are later reconciled with actual costs through a cost report. Audeo II has budgeted $1,000 for FY 2025-26.

- **CYBHI School-Linked Partnership and Capacity Grant**: California is implementing the Children and Youth Behavioral Health Initiative (CYBHI) to transform the systems supporting behavioral health for all children, youth, and families in the state, regardless of payer. Under CYBHI, the Department of Health Care Services (DHCS) is authorized to award School-Linked Partnership and Capacity Grants. Audeo II received a grant of $44,878 to offer mental health services, acquire technology for socio-emotional learning, supply materials for mental health carts at resource centers, and provide training for Healthy Youth School Therapists and support staff. Audeo II included $37,399 in FY 25-26.

- Altus Schools Southern California Corporation which operates and manages Audeo II applied for the **School-Based Medi-Cal Administrative Activities (SMAA) program**. This program allows the school to claim federal reimbursement for a portion of the costs associated with administering Medi-Cal-related activities. These activities include outreach and referral, facilitating Medi-Cal applications, arranging non-emergency/non-medical transportation, program planning and policy development, and claims coordination.

NUTRITION PROGRAM EXPENDITURES UNDER OBJECT CODE 4700

Assembly Bill 1871 requires that non-classroom based (NCB) charter schools shall provide each needy pupil with one nutritionally adequate free or reduced-price meal during each school day. ASNC has expanded this requirement so that all enrolled students are able to select from nutritious items that meet the USDA's nutritious meal requirements at any time, for free, when in our resource centers.

RESEARCH AND DEVELOPMENT EXPENDITURES UNDER OBJECT CODES 4300 AND 5200

ASNC has allocated $11,800 for research and development to support works directed toward innovation, introduction, and improvement necessary for the support of the school consistent with the mission and purpose of the organization.

PROFESSIONAL/CONSULTING SERVICES AND OTHER OPERATING EXPENDITURES UNDER OBJECT CODE 5800

The total budget amount for Object Code 5800 is $555,178 representing 14.02% of the Operational Budget. Included in this object code are SDCOE charter fees, marketing fees, maintenance agreements, student information systems, technology services, personnel testing, annual financial audits, student files audit, advertising, field trips, printing services, MAP assessments, Special Education Services and Support, El Dorado Charter SELPA Admin Fee, software licenses, and legal fees.

MARKETING

Pursuant to Education Code Section 47605 (b)(5)(G), ASNC will provide means by which the school will achieve a racial and ethnic balance among its pupils that is reflective of the general population residing within the territorial jurisdiction of the district. The authorizing District has a broad and diverse student population. The budget for marketing will support significant outreach efforts to ensure that the student body of ASNC reflects the diverse characteristics of the territorial jurisdiction of the authorizing District. ASNC has deployed an integrated marketing plan to support organizational growth. To reach ASNC's target audience, messaging has been tailored for the following mediums: Television, Billboards, Street Posters, Postcards, Email, Mobile, Social Media, Radio and Bus Ads. For FY 2025-26, ASNC has allocated $79,182 for marketing expenses included in the object code 5800 and represents 2.0% of its total budget.

RESERVES

ASNC has allocated reserves of $395,918 for FY 2025-26 representing 10% of total revenues of $3,959,183.

FACILITIES

ASNC carries out contractual lease agreements with an annual cost of $238,870 for FY 2025-26. The total cost of the current lease contracts from July 2025 through the end of the lease term (Year 2029) is $876,041. ASNC has allocated reserves for this amount.

RESOLUTION REGARDING THE EDUCATION PROTECTION ACCOUNT

WHEREAS, the voters approved Proposition 30 on November 6, 2012 and Proposition 55 on November 8, 2016;

WHEREAS, Proposition 30 added Article XIII, Section 36 to the California Constitution effective November 7, 2012 (sun setting 12/31/2017), and Proposition 55 Article XIII, Section 36(e) to the California Constitution effective November 8, 2016 (commencing 01/01/2018);

WHEREAS, the provisions of Article XIII, Section 36(e) create in the state General Fund an Education Protection Account to receive and disburse the revenues derived from the incremental increases in taxes imposed by Article XIII, Section 36(f);

WHEREAS, before June 30th of each year, the Director of Finance shall estimate the total amount of additional revenues, less refunds that will be derived from the incremental increases in tax rates made pursuant to Article XIII, Section 36(f) that will be available for transfer into the Education Protection Account during the next fiscal year;

WHEREAS, if the sum determined by the State Controller is positive, the State Controller shall transfer the amount calculated into the Education Protection Account within ten days preceding the end of the fiscal year;

WHEREAS, all monies in the Education Protection Account are hereby continuously appropriated for the support of school districts, county offices of education, charter schools and community college districts;

WHEREAS, monies deposited in the Education Protection Account shall not be used to pay any costs incurred by the Legislature, the Governor, or any agency of state government;

WHEREAS, a community college district, county office of education, school district, or charter school shall have the sole authority to determine how the monies received from the Education Protection Account are spent in the school or schools within its jurisdiction;

WHEREAS, the governing board of the community college district, county office of education, school district, or charter school shall make the spending determinations with respect to monies received from the Education Protection Account in open session of a public meeting of the governing board;

WHEREAS, the monies received from the Education Protection Account shall not be used for salaries or benefits for administrators or any other administrative cost;

WHEREAS, each community college district, county office of education, school district and charter school shall annually publish on its Internet website an accounting of how much money was received from the Education Protection Account and how that money was spent;

WHEREAS, the annual independent financial and compliance audit required of community college districts, county offices of education, school districts and charter schools shall ascertain and verify whether the funds provided from the Education Protection Account have been properly disbursed and expended as required by Article XIII, Section 36 of the California Constitution;

WHEREAS, expenses incurred by community college districts, county offices of education, school districts and charter schools to comply with the additional audit

requirements of Article XIII, Section 36 may be paid with funding from the Education Protection Act and shall not be considered administrative costs for purposes of Article XIII, Section 36.

NOW, THEREFORE, IT IS HEREBY RESOLVED:

1. The monies received from the Education Protection Account shall be spent as required by Article XIII, Section 36 and the spending determinations on how the money will be spent shall be made in open session of a public meeting of the governing board of **Altus Schools North County**;

2. In compliance with Article XIII, Section 36(e), with the California Constitution, the governing board of the **Altus Schools North County** has determined to spend the monies received from the Education Protection Act as attached.

Altus SCHOOLS SOUTH BAY

Assumptions for Preliminary Operational Budget
FY 2025-26

Altus Schools South Bay (ASSB) is an independent study program. ASSB takes a very conservative approach in developing its financial planning.

A regular school or a comprehensive high school generates its major source of revenues from pupils' actual attendance or what is sometimes referred to as "Seat Time Attendance". As a condition of apportionment, every pupil must be scheduled to attend school for the statutory minimum days applicable to the grade level or program unless exempted.

Apportionment credit for independent study programs, like ASSB, are based on the student's "product" or academic work, which is assessed by a competent credentialed certificated teacher. The teacher determines the time value of completed assignments or work products so that Average Daily Attendance (**ADA**) can be earned. Each student in the program is expected to work 175 instructional days per regular school year: 375 minutes per day and 65,625 minutes annually. ASSB is a year-round program and has adopted a multi-track calendar. Students may enroll and continue to earn academic credit all 12 months of the year. This design maximizes students' opportunities to catch up on their coursework.

The State of California implemented the **Local Control Funding Formula (LCFF)** in the 2013-14 school year to fund public schools, including charter schools. In the 2018-19 fiscal year, LCFF funding targets were achieved and future LCFF growth will be attributable to the application of the COLA plus augmentation to the base grant.

The LCFF formula for school districts and charter schools (LEAs) is composed of uniform base grants by grade span (K-3, 4-6, 7-8, 9-12) and includes additional funding for targeted students, as follows:

* **Supplemental Grant** equal to 20 percent of the adjusted base grant multiplied by ADA and the unduplicated percentage of targeted disadvantaged pupils. Targeted pupils are those classified as English Language Learners, Free and Reduced Priced Meal eligible students, foster youth, or any combination of these factors (unduplicated count). The projected unduplicated pupil percentage for ASSB is 78.32%.

* **Concentration Grant** equal to 65 percent of the adjusted base grant multiplied by ADA and the percentage of unduplicated pupils exceeding 55% of an LEA's enrollment. Concentration grants for charter schools are limited to the lesser of the charter school's unduplicated pupil percentage (UPP) or their local districts UPP.

As part of the LCFF, school districts, county offices of education and charter schools are required to develop and adopt a **Local Control and Accountability Plan (LCAP)** using a State Board adopted LCAP template. The LCAP can be a single-year or three-year plan, which is reviewed and updated annually. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. All LEAs must complete the LCAP and the Annual Update Template each year. State regulations require that the LCAP must include annual goals in eight specified areas. These eight annual goals are in alignment with the State goals.

1. Student Achievement
2. Student Engagement
3. Other Student Outcomes
4. School Climate
5. Parental Involvement
6. Basic Services
7. Implementation of Common Core
8. Course Access

BUDGET INFORMATION

Based on School Services of California (SSC) School District and Charter School Financial Projection Dartboard – 2025-26 May Revision and the Fiscal Crisis and Management Assistance Team (FCMAT) LCFF Calculator, the rates below were used to build ASSB's Preliminary Operational Budget.

Table 1:

Description	FY 2025-26
Adjusted Grades 7-8 Base Grant	$10,719
Adjusted Grades 9-12 Base Grant	$12,746
Statutory Cost of Living Allowance (COLA)	2.30%
ASSB's Unduplicated Pupil Percentage (Rolling Average)	78.32%
District's Unduplicated Pupil Percentage (SUHSD)	65.24%

Revenues were calculated based on the following enrollment and ADA projections:

Table 2:

Description	FY 2025-26 (Projected P-2)	FY 2024-25 (Actual P-2)	FY 2023-24 (Actual P-2)

Grade 9-12	366.34	363.65	345.38
Total ADA	**417.10**	**414.04**	**394.65**

REVENUE PROJECTIONS

Table 3:

Description	FY 2025-26
LCFF Sources	$6,377,111
Federal Revenues	$624,939
State Revenues Other than LCFF	$1,011,006
Local Revenues	$285,471
Total Projected Revenues	**8,298,527**

- **In Lieu of Property Taxes (ILPT)** are no longer a source of revenue, but total LCFF revenues will remain unchanged. With the passage of Senate Bill 75, SBE authorized charter schools will no longer receive ILPT unless the district of residence (for the student of which ADA was claimed) was a basic aid district in the prior year. This means that the LCFF entitlement for most SBE authorized charter schools will be fully funded through state aid (LCFF State Aid and EPA).

- **Education Protection Account (EPA)** is now a part of the LCFF Calculation. Proposition 30, *The Schools and Local Public Safety Act of 2012*, approved by the voters on Nov. 6, 2012 and amended by Proposition 55 on November 8, 2016, brought about the creation of Education Protection Account. It was intended to minimize deeper cuts to school agencies and other state-supported programs in California. EPA is not an additional source of revenue. A corresponding reduction will be made equally to the school's general-purpose state aid funding for funds received through the EPA. The CDE will allocate EPA revenues on a quarterly basis through the 2030-31 fiscal year.

- **Lottery revenues** are allocated based on CY annual ADA adjusted by the statewide average excused absence factor of 1.04446. Since CY annual ADA is not available until after the fiscal year ends, lottery funding is initially allocated using the prior year's Annual ADA and adjusted in the subsequent fiscal year. Rates used are based on School Services of California's latest estimates: $82 for Prop 20 (Lottery: Instructional Materials) and $191 for Non-Prop 20 for (Lottery: Unrestricted).

- **Federal Funds**

  Titles I, II, and IV are based on the latest allocation schedules provided by the California Department of Education (CDE) for FY 2024-25.

  ESSA: School Improvement (CSI) Funding for LEAs:

  ASSB was granted 2024-25 ESSA CSI funds in the amount of $421,191. The project period for this grant began on March 18, 2025 and ends on September 30, 2026.
  ASSB has included all of the 2024-25 CSI funds awarded in this budget.

- **Special Education funds** are based on current projections of El Dorado Charter SELPA. **State revenues** are projected at $917.53 per CY P-2 ADA while **Federal IDEA** revenues are projected at $145 per PY California Basic Educational Data System (CBEDS) count.

- **Mandate Block Grant Funding** is allocated as a block grant to support various mandated programs. Each year, LEAs will have the option to either choose the mandate block grant funding or to submit a claim for the actual costs with the State Controllers' Office. ASSB chose to receive the block grant, which is based on PY P-2 ADA with funding rates of $20.52 for Grades K-8 and $57.04 for Grades 9-12.

- **Career Technical Education Incentive Grant Program** was established as a state education, economic, and workforce development initiative with the goal of providing pupils in kindergarten and grades 1 to 12, inclusive, with the knowledge and skills necessary to transition to employment and postsecondary education. The purpose of this program is to encourage the development of new career technical education (CTE) programs and enhance and maintain current CTE programs during implementation of the school district and charter school LCFF. CTE funding was increased at the state level from $150M to $300M in 2021-22. ASSB included $345,900 in CTE grant funding for this fiscal year.

- **College and Career Access Pathways Grant (CCAP)** provides ASSB with the opportunity to enhance its college and career readiness program. This grant aims to provide students with necessary resources and support to explore different career pathways and prepare for their post-secondary education. ASSB was granted $25,000 per year for the next four years. Over the course of the grant, ASSB's staff will learn and implement best practices that will streamline processes and improve the dual enrollment partnership with colleges. With the dual enrollment program, ASSB's goal is to improve educational outcomes and expand the current dual enrollment programs. It will also help high school students achieve college and career readiness.

- **Proposition 28**, also known as the **Arts and Music in Schools (AMS) Funding Guarantee and Accountability Act**, provides additional funding for arts education in California public schools. As of November 8, 2022, this initiative requires the state to establish an ongoing program supporting arts instruction in schools starting from 2023-24 academic year. The purpose of the plan is to increase access to arts instruction. For FY 2025-26 Altus Schools South Bay was funded $60,659. These funds will be used to increase access to arts education, enhance arts curriculum and instruction and foster student engagement and participation.

- The **Local Educational Agency (LEA)** Medi-Cal **Billing Option Program** reimburses Altus Schools South Bay (ASSB) for providing health-related services to Medi-Cal eligible students. ASSB participates to recover costs for essential services like speech therapy, counseling, and physical therapy, ensuring these services are accessible to all students. This program helps ASSB enhance their support for students' health and well-being. Services are reimbursed through a process where the school submits claims to Medi-Cal for covered services and receives interim payments, which are later reconciled with actual costs through a cost report. ASSB has budgeted $23,100 for FY 2025-26.

- **CYBHI School-Linked Partnership and Capacity Grant:** California is implementing the Children and Youth Behavioral Health Initiative (CYBHI) to transform the systems supporting behavioral health for all children, youth, and families in the state, regardless of payer. Under CYBHI, the Department of Health Care Services (DHCS) is authorized to award School-Linked Partnership and Capacity Grants. ASSB received a grant of $74,797 to offer mental health services, acquire technology for socio-emotional learning, supply materials for mental health carts at resource centers, and provide training for Healthy Youth School Therapists and support staff. ASSB included $64,689 in FY 25-26.

- Altus Schools Southern California Corporation which operates and manages Altus Schools South Bay applied for the **School-Based Medi-Cal Administrative Activities (SMAA)** program. This program allows the school to claim federal reimbursement for a portion of the costs associated with administering Medi-Cal-related activities. These activities include outreach and referral, facilitating Medi-Cal applications, arranging non-emergency/non-medical transportation, program planning and policy development, and claims coordination.

  The reimbursement is calculated based on the time and effort our staff dedicate to these activities, as determined by the Random Moment Time Survey (RMTS) methodology. This ensures that we accurately capture the percentage of staff time that qualifies for reimbursement. We expect the SMAA revenue to contribute significantly to offsetting the costs of these essential administrative functions, thereby supporting our overall budget and enhancing our ability to provide comprehensive health and support services to our students. Altus Schools South Bay's reimbursement in the amount of $4,447 is included under local revenue.

NUTRITION PROGRAM EXPENDITURES UNDER OBJECT CODE 4700

Assembly Bill 1871 requires that non-classroom based (NCB) charter schools shall provide each needy pupil with one nutritionally adequate free or reduced-price meal during each school day. ASSB has expanded this requirement so that all enrolled students are able to select from nutritious items that meet the USDA's nutritious meal requirements at any time, for free, when in our resource centers.

PROFESSIONAL/CONSULTING SERVICES AND OTHER OPERATING EXPENDITURES UNDER OBJECT CODE 5800

The total budget amount for Object Code 5800 is $1,038,888 representing 12.52% of the Operational Budget. Included in this object code are the district's oversight fees, marketing fees, maintenance agreements, student information systems, technology services, personnel testing, annual financial audits, student files audit, advertising, field trips, printing services, MAP assessments, Special Education Services and Support, El Dorado Charter SELPA Admin Fee, software licenses, and legal fees.

MARKETING

Pursuant to Education Code Section 47605 (b)(5)(G), ASSB will provide means by which the school will achieve a racial and ethnic balance among its pupils that is reflective of the general population residing within the territorial jurisdiction of the District. The authorizing District has a broad and diverse student population. The budget for marketing will support the significant outreach efforts to ensure that the student body of ASSB reflects the diverse characteristics of the territorial jurisdiction of the authorizing District. ASSB has deployed an integrated marketing plan to support organizational growth. To reach ASSB's target audience, messaging has been tailored for the following mediums: Television, Billboards, Street Posters, Postcards, Email, Mobile, Social Media, Radio and Bus Ads. For FY 2025-26, ASSB has allocated $124,478 for marketing expenses included in the object code 5800 and represents 1.5% of its total budget.

DISTRICT OVERSIGHT FEES

ASSB will pay its authorizer (State Board of Education) oversight fees of **1 percent** for apportionments received from the State for LCFF Revenues. The following are revenues subject to calculation of **1 percent oversight fees**:

- Object Code 8011 – LCFF State Aid – Current Year
- Object Code 8012 - Education Protection Account (EPA) Entitlement
- Object Code 8019 - State Aid Prior Years - LCFF
- Object Code 8019 - State Aid Prior Years - EPA
- Object Code 8096 – Charter Schools Funding In Lieu of Property Taxes

ASSB has budgeted $63,771 for FY 2025-26 for oversight fees.

RESEARCH AND DEVELOPMENT EXPENDITURES UNDER OBJECT CODES 4300 AND 5200

ASSB has allocated $27,600 for research and development to support works directed toward innovation, introduction, and improvement necessary for the support of the school consistent with the mission and purpose of the organization.

RESERVES

ASSB has allocated reserves of $414,926 for FY 2025-26 representing 5% of total revenues of $8,298,527.

FACILITIES

ASSB carries contractual lease agreements with an annual cost of $376,392 for FY 2025-26. The total cost of the current lease contracts from July 2025 through the end of the lease term (Year 2031) is $1,666,836.

RESOLUTION REGARDING THE EDUCATION PROTECTION ACCOUNT

WHEREAS, the voters approved Proposition 30 on November 6, 2012;

WHEREAS, Proposition 30 added Article XIII, Section 36 to the California Constitution effective November 7, 2012;

WHEREAS, the provisions of Article XIII, Section 36(e) create in the state General Fund an Education Protection Account to receive and disburse the revenues derived from the incremental increases in taxes imposed by Article XIII, Section 36(f);

WHEREAS, before June 30th of each year, the Director of Finance shall estimate the total amount of additional revenues, less refunds that will be derived from the incremental increases in tax rates made pursuant to Article XIII, Section 36(f) that will be available for transfer into the Education Protection Account during the next fiscal year;

WHEREAS, if the sum determined by the State Controller is positive, the State Controller shall transfer the amount calculated into the Education Protection Account within ten days preceding the end of the fiscal year;

WHEREAS, all monies in the Education Protection Account are hereby continuously appropriated for the support of school districts, county offices of education, charter schools and community college districts;

WHEREAS, monies deposited in the Education Protection Account shall not be used to pay any costs incurred by the Legislature, the Governor or any agency of state government;

WHEREAS, a community college district, county office of education, school district, or charter school shall have the sole authority to determine how the monies received from the Education Protection Account are spent in the school or schools within its jurisdiction;

WHEREAS, the governing board of the community college district, county office of education, school district, or charter school shall make the spending determinations with respect to monies received from the Education Protection Account in open session of a public meeting of the governing board;

WHEREAS, the monies received from the Education Protection Account shall not be used for salaries or benefits for administrators or any other administrative cost;

WHEREAS, each community college district, county office of education, school district and charter school shall annually publish on its Internet website an accounting of how much money was received from the Education Protection Account and how that money was spent;

WHEREAS, the annual independent financial and compliance audit required of community college districts, county offices of education, school districts and charter schools shall ascertain and verify whether the funds provided from the Education Protection Account have been properly disbursed and expended as required by Article XIII, Section 36 of the California Constitution;

WHEREAS, expenses incurred by community college districts, county offices of education, school districts and charter schools to comply with the additional audit requirements of Article XIII, Section 36 may be paid with funding from the Education Protection Act and shall not be considered administrative costs for purposes of Article XIII, Section 36.

NOW, THEREFORE, IT IS HEREBY RESOLVED:

1. The monies received from the Education Protection Account shall be spent as required by Article XIII, Section 36 and the spending determinations on how the money will be spent shall be made in open session of a public meeting of the governing board of **Altus Schools South Bay**;

2. In compliance with Article XIII, Section 36(e), with the California Constitution, the governing board of **Altus Schools South Bay** has determined to spend the monies received from the Education Protection Act as attached.

Assumptions for Preliminary Operational Budget
FY 2025-26

Altus Schools Mirus (Mirus) is an independent study program. Mirus takes a very conservative approach in developing its financial planning.

A regular school or a comprehensive high school generates its major source of revenues from pupils' actual attendance or what is sometimes referred to as "Seat Time Attendance". As a condition of apportionment, every pupil must be scheduled to attend school for the statutory minimum days applicable to the grade level or program unless exempted.

Apportionment credit for independent study programs, like Mirus are based on the student's "product" or academic work, which is assessed by a competent credentialed certificated teacher. The teacher determines the time value of completed assignments or work products so that Average Daily Attendance (**ADA**) can be earned. Each student in the program is expected to work 175 instructional days per regular school year: 375 minutes per day and 65,625 minutes annually. Mirus is a year-round program and has adopted a multi-track calendar. Students may enroll and continue to earn academic credit all 12 months of the year. This design maximizes students' opportunities to catch up on their coursework.

The State of California implemented the **Local Control Funding Formula (LCFF)** in the 2013-14 school year to fund public schools, including charter schools. In the 2018-19 fiscal year, LCFF funding targets were achieved and future LCFF growth will be attributable to the application of the COLA plus augmentation to the base grant.

The LCFF formula for school districts and charter schools (LEAs) is composed of uniform base grants by grade span (K-3, 4-6, 7-8, 9-12) and includes additional funding for targeted students, as follows:

* **Supplemental Grant** equal to 20 percent of the adjusted base grant multiplied by ADA and the unduplicated percentage of targeted disadvantaged pupils. Targeted pupils are those classified as English Language Learners, Free and Reduced Priced Meal eligible students, foster youth, or any combination of these factors (unduplicated count). The projected unduplicated pupil percentage for Mirus is 76.71%.

* **Concentration Grant** equal to 65 percent of the adjusted base grant multiplied by ADA and the percentage of unduplicated pupils exceeding 55% of an LEA's enrollment. Concentration grants for charter schools are limited to the lesser of the charter school's unduplicated pupil percentage (UPP) or their local districts UPP.

As part of the LCFF, school districts, county offices of education and charter schools are required to develop and adopt a **Local Control and Accountability Plan (LCAP)** using a State Board adopted LCAP template. The LCAP can be a single-year or three-year plan,

which is reviewed and updated annually. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. All LEAs must complete the LCAP and the Annual Update Template each year.

State regulations require that the LCAP must include annual goals in eight specified areas. These eight annual goals are in alignment with the State goals.

1. Student Achievement
2. Student Engagement
3. Other Student Outcomes
4. School Climate
5. Parental Involvement
6. Basic Services
7. Implementation of Common Core
8. Course Access

BUDGET INFORMATION

Based on School Services of California (SSC) School District and Charter School Financial Projection Dartboard – 2025-26 May Revision, and the Fiscal Crisis and Management Assistance Team (FCMAT) LCFF Calculator, the rates below were used to build Mirus' Preliminary Operational Budget.

Table 1:

Description	FY 2025-26
Adjusted Grades 7-8 Base Grant	$10,719
Adjusted Grades 9-12 Base Grant	$12,746
Statutory Cost of Living Allowance (COLA)*	2.30%
Mirus' Unduplicated Pupil Percentage (Rolling Average)	76.71%
District's Unduplicated Pupil Percentage (HUSD)	79.85%

Revenues were calculated based on the following enrollment and ADA:

REVENUE PROJECTIONS

Table 3:

Description	FY 2025-26
LCFF Sources	$3,838,477
Federal Revenues	478,900
State Revenues Other than LCFF	762,244
Local Revenues	119,012
Total Projected Revenues	**$5,198,633**

- **In Lieu of Property Taxes** of $448.86 per current year (CY) P-2 ADA is based on FY 2024-25 P-1 rate for Hesperia Unified School District.

- **Education Protection Account (EPA)** is now a part of the LCFF Calculation. Proposition 30, *The Schools and Local Public Safety Act of 2012*, approved by the voters on Nov. 6, 2012 and amended by Proposition 55 on November 8, 2016, brought about the creation of Education Protection Account. It was intended to minimize deeper cuts to school agencies and other state-supported programs in California. EPA is not an additional source of revenue. A corresponding reduction will be made equally to the school's general-purpose state aid funding for funds received through the EPA. The CDE will allocate EPA revenues on a quarterly basis through the 2030-31 fiscal year.

- **Lottery revenues** are allocated based on CY annual ADA adjusted by the statewide average excused absence factor of 1.04446. Since CY annual ADA is not available until after the fiscal year ends, lottery funding is projected based on CY P-2 ADA. Rates used are based on School Services of California's latest estimates: $82 for Prop 20 (Lottery: Instructional Materials) and $191 for Non-Prop 20 (Lottery: Unrestricted).

- **Federal Funds**

  Titles I, II, and IV are based on the latest allocation schedules provided by the California Department of Education (CDE) for FY 2024-25.

  ESSA: Comprehensive Support and Improvement (CSI) Funding for LEAs:
  The CSI program, of the Elementary and Secondary Education Act of 1965, as amended by Every Student Succeeds Act (ESSA) (Public Law 114-95), apportions funds to LEAs to improve student outcomes in schools that meet the criteria for CSI. Mirus' allocation amount for 2024-25 is $472,119 and of that amount, $13,705 was planned in FY 2024-25, $355,166 is included in this budget, and the remaining balance of $103,248 is included in FY 2026-27. The project period for this grant began March 18, 2025 and ends on September 30, 2026.

- **Special Education funds** are based on current projections of El Dorado Charter SELPA. **State revenues** are projected at $917.53 per the highest P-2 ADA of the last three years,

while **Federal IDEA** revenues are projected at $145 per PY California Basic Educational Data System (CBEDS) count.

- **Mandate Block Grant Funding** is allocated as a block grant to support various mandated programs. Each year, LEAs will have the option to either choose the mandate block grant funding or to submit a claim for the actual costs with the State Controllers' Office. Mirus chose to receive the block grant, which is based on PY P-2 ADA with funding rates of $20.52 for Grades K-8 and $57.04 for Grades 9-12.

- **Career Technical Education Incentive Grant Program** was established as a state education, economic, and workforce development initiative with the goal of providing pupils in kindergarten and grades 1 to 12, inclusive, with the knowledge and skills necessary to transition to employment and postsecondary education. The purpose of this program is to encourage the development of new career technical education (CTE) programs and enhance and maintain current CTE programs during implementation of the school district and charter school LCFF. Mirus included $284,013 in its budget for this fiscal year.

- **Proposition 28—Arts and Music in Schools Funding** – Proposition 28, also known as the Arts and Music in Schools (AMS) Funding Guarantee and Accountability Act, provides additional funding for arts education in California public schools. As of November 8, 2022, this initiative requires the state to establish an ongoing program supporting arts instruction in schools starting from 2023-24 academic year. The purpose of the plan is to increase access to arts instruction. Mirus budgeted $47,583 in FY 2025-26. These funds will be used to increase access to arts education, enhance arts curriculum and instruction and foster student engagement and participation.

- The **Local Educational Agency (LEA) Medi-Cal Billing Option Program** reimburses Mirus Secondary School for providing health-related services to Medi-Cal eligible students. Mirus participates to recover costs for essential services like speech therapy, counseling, and physical therapy, ensuring these services are accessible to all students. This program helps Mirus enhance their support for students' health and well-being. Services are reimbursed through a process where the school submits claims to Medi-Cal for covered services and receives interim payments, which are later reconciled with actual costs through a cost report. Mirus has budgeted $4,564 for FY 2025-26.

- **CYBHI School-Linked Partnership and Capacity Grant:** California is implementing the Children and Youth Behavioral Health Initiative (CYBHI) to transform the systems supporting behavioral health for all children, youth, and families in the state, regardless of payer. Under CYBHI, the Department of Health Care Services (DHCS) is authorized to award School-Linked Partnership and Capacity Grants. Mirus received a grant of $26,978 to offer mental health services, acquire technology for socio-emotional learning, supply materials for mental health carts at resource centers, and provide training for Healthy Youth School Therapists and support staff. Mirus included $10,442 in FY 2024-25 and $16,536 in FY 2025-26.

- **School-Based Medi-Cal Administrative Activities (SMAA):** Altus Schools Southern California Corporation which operates and manages Mirus Secondary School applied for the School-Based Medi-Cal Administrative Activities (SMAA) program. This program

allows the school to claim federal reimbursement for a portion of the costs associated with administering Medi-Cal-related activities. These activities include outreach and referral, facilitating Medi-Cal applications, arranging non-emergency/non-medical transportation, program planning and policy development, and claims coordination.

The reimbursement is calculated based on the time and effort our staff dedicate to these activities, as determined by the Random Moment Time Survey (RMTS) methodology. This ensures that we accurately capture the percentage of staff time that qualifies for reimbursement. We expect the SMAA revenue to contribute significantly to offsetting the costs of these essential administrative functions, thereby supporting our overall budget and enhancing our ability to provide comprehensive health and support services to our students. Mirus' reimbursement in the amount of $10,053 is included under local revenue.

NUTRITION PROGRAM EXPENDITURES UNDER OBJECT CODE 4700

Mirus has implemented a meal program that complies with the State Meal Mandate for Non-classroom Based Charter Schools, following the California Department of Education's Universal Meals Program guidelines and California Education Code Section 49501.5. This code requires charter schools serving grades TK–12 to provide breakfast and lunch free of charge during each school day to any pupil who requests a meal without consideration of the pupil's eligibility for a federally funded free or reduced-price meal, with a maximum of one free meal for each meal service period. The meals must be nutritionally adequate and meet federal reimbursement standards. Mirus shall provide each student with adequate time to eat as determined by the Charter School in consideration of available guidance.

RESEARCH AND DEVELOPMENT EXPENDITURES UNDER OBJECT CODES 4300 AND 5200

Mirus has allocated $26,547 for research and development to support works directed toward innovation, introduction, and improvement necessary for the support of the school consistent with the Altus Schools Southern California's mission and purpose.

PROFESSIONAL/CONSULTING SERVICES AND OTHER OPERATING EXPENDITURES UNDER OBJECT CODE 5800

The total budget amount for Object Code 5800 is $682,389 representing 13.1% of the Operational Budget. Included in this object code are the district's oversight fees, marketing

fees, maintenance agreements, student information systems, technology services, personnel testing, annual financial audits, student files audit, advertising, field trips, printing services, MAP assessments, Special Education Services and Support, El Dorado Charter SELPA Admin Fee, software licenses, and legal fees.

MARKETING

Pursuant to Education Code Section 47605 (b)(5)(G), Mirus will provide means by which the school will achieve a racial and ethnic balance among its pupils that is reflective of the general population residing within the territorial jurisdiction of the District. The authorizing District has a broad and diverse student population. The budget for marketing will support the significant outreach efforts to ensure that the student body of Mirus reflects the diverse characteristics of the territorial jurisdiction of the authorizing District. Mirus has deployed an integrated marketing plan to support organizational growth. To reach Mirus' target audience, messaging has been tailored for the following mediums: Television, Billboards, Street Posters, Postcards, Email, Mobile, Social Media, Radio and Bus Ads. For FY 2025-26, Mirus has allocated $103,973 for marketing expenses included in the object code 5800 and represents 2% of its total budget.

DISTRICT OVERSIGHT FEES

Mirus will pay its authorizing District (Hesperia Unified School District) oversight fees of **1 percent** for apportionments received from the State for LCFF Revenues. The following are revenues subject to calculation of **1 percent oversight fees**:

- Object Code 8011 – LCFF State Aid – Current Year
- Object Code 8012 – Education Protection Account (EPA) Entitlement
- Object Code 8019 – State Aid Prior Years - LCFF
- Object Code 8019 – State Aid Prior Years - EPA
- Object Code 8096 – Charter Schools Funding In Lieu of Property Taxes

Mirus has budgeted $38,385 for FY 2025-26 for oversight fees.

RESERVES

Mirus has allocated reserves of $259,932 for FY 2025-26 representing 5% of total revenues of $5,198,633.

FACILITIES

Mirus carries contractual lease agreements with an annual cost of $319,689 in FY 2025-26. The total cost of the current lease contracts from July 2025 through the end of the lease term with extension option (Year 2033) is $1,742,313.

TRANSFER OUT

The Altus Schools Southern California will approve the transfer of funds in the amount of $1,421,270 from Altus Schools Mirus to Altus Schools Coachella Valley for the purpose of continuing the operation of Palm Desert resource center currently operated by Altus Schools Mirus. This will ensure that, when and if Altus Schools Coachella Valley is authorized, it will continue the educational program for students without any disruption.

To appropriately account for the internal transfers, Altus Schools Coachella Valley would record it as a non-operating internal TRANSFER IN (Object Code 8965) and an increase to CASH. Altus Schools Mirus would record it as a non-operating TRANSFER OUT (Object Code 7651) and a decrease to CASH.

RESOLUTION REGARDING THE EDUCATION PROTECTION ACCOUNT

WHEREAS, the voters approved Proposition 30 on November 6, 2012 and Proposition 55 on November 8, 2016;

WHEREAS, Proposition 30 added Article XIII, Section 36 to the California Constitution effective November 7, 2012 (sun setting 12/31/2017), and Proposition 55 Article XIII, Section 36(e) to the California Constitution effective November 8, 2016 (commencing 01/01/2018);

WHEREAS, the provisions of Article XIII, Section 36(e) create in the state General Fund an Education Protection Account to receive and disburse the revenues derived from the incremental increases in taxes imposed by Article XIII, Section 36(f);

WHEREAS, before June 30th of each year, the Director of Finance shall estimate the total amount of additional revenues, less refunds that will be derived from the incremental increases in tax rates made pursuant to Article XIII, Section 36(f) that will be available for transfer into the Education Protection Account during the next fiscal year;

WHEREAS, if the sum determined by the State Controller is positive, the State Controller shall transfer the amount calculated into the Education Protection Account within ten days preceding the end of the fiscal year;

WHEREAS, all monies in the Education Protection Account are hereby continuously appropriated for the support of school districts, county offices of education, charter schools and community college districts;

WHEREAS, monies deposited in the Education Protection Account shall not be used to pay any costs incurred by the Legislature, the Governor, or any agency of state government;

WHEREAS, a community college district, county office of education, school district, or charter school shall have the sole authority to determine how the monies received from the Education Protection Account are spent in the school or schools within its jurisdiction;

WHEREAS, the governing board of the community college district, county office of education, school district, or charter school shall make the spending determinations with respect to monies received from the Education Protection Account in open session of a public meeting of the governing board;

WHEREAS, the monies received from the Education Protection Account shall not be used for salaries or benefits for administrators or any other administrative cost;

WHEREAS, each community college district, county office of education, school district and charter school shall annually publish on its Internet website an accounting of how much money was received from the Education Protection Account and how that money was spent;

WHEREAS, the annual independent financial and compliance audit required of community college districts, county offices of education, school districts and charter schools shall ascertain and verify whether the funds provided from the Education Protection Account have been properly disbursed and expended as required by Article XIII, Section 36 of the California Constitution;

WHEREAS, expenses incurred by community college districts, county offices of education, school districts and charter schools to comply with the additional audit

requirements of Article XIII, Section 36 may be paid with funding from the Education Protection Act and shall not be considered administrative costs for purposes of Article XIII, Section 36.

NOW, THEREFORE, IT IS HEREBY RESOLVED:

1. The monies received from the Education Protection Account shall be spent as required by Article XIII, Section 36 and the spending determinations on how the money will be spent shall be made in open session of a public meeting of the governing board of **Altus Schools Mirus**;

2. In compliance with Article XIII, Section 36(e), with the California Constitution, the governing board of the **Altus Schools Mirus** has determined to spend the monies received from the Education Protection Act as attached.
