HELLO MAY!

Dear Prairie View Families,

We are turning the page from April to May, and I couldn't be more excited for all that's ahead! This month brings some of our favorite Prairie View traditions, like our school Carnival, as well as important milestones like state testing. It's a time full of energy, celebration, and opportunities for our Hawks to show everything they've learned and how much they've grown. We're ready to cheer them on every step of the way!

I see YOU, Hawks — and I can't wait to make May amazing together!

Principal Walter

YEARBOOKS

Yearbooks are on sale online through the end of the month. The office gave the directions below. Parents have access through their PowerSchool account. Go through "Purchase and Payments" the same way you put money on your child's lunch account, but you will select "purchase yearbook" as the option. If this is not a possibility for you, then you can send a check or money to the office for \$25, and the office will get one ordered for you.

SPOKANE INDIANS BASEBALL GAME FOR 3RD THROUGH 5TH GRADES

Dear Families,

We're excited for our upcoming class trips to the ballpark! Students will be bringing home permission slips for this fun event! Families are more than welcome to join us at Avista Stadium. However, please note that we will not have room on the buses for additional riders. If you would like to attend, please use the link below to purchase your tickets directly:

 [Education Day Tickets — May 20](#)

A representative from the ballpark will email all chaperones with our school's seat location prior to the game. Please be aware that chaperone seating may not match your child's classroom location, but chaperones are welcome to sit with their student's class during the game. We just ask that you help spread the word so no one is alarmed if they initially hear they're sitting elsewhere.

 Parking at Avista Stadium will be free for this event.

 Just a reminder: All chaperones must have completed background clearance prior to the game. The current approval turnaround is about 5 days, so please submit your information as soon as possible using the link below:

If you have any questions or need assistance, feel free to reach out. We're looking forward to a fun and memorable day at the park!

MORNING DROP-OFF

Spring is in the air, and we love seeing our Hawks walking, biking, and enjoying the fresh mornings! With the sunshine and the draw of the playground, it's tempting for students to arrive early. However, we want to remind families that we do not have supervision until 8:50 AM (9:30 AM on Wednesdays), and breakfast service does not begin until 8:45 AM (9:25 AM on Wednesdays) - just 10 minutes before the bell rings.

For everyone's safety, it's essential that students arrive no earlier than these times. Without adult supervision or access to our school nurse, injuries or issues may go unnoticed or unaddressed. We ask that you talk with your child about their morning routine to ensure they arrive at a safe and supervised time. Thank you for helping us keep every Hawk safe and cared for.

FUTURE READY!

One of the signs that we are nearing the end of the year is upcoming state & standardized testing. These tests provide valuable insights into our students' learning progress and help us tailor future instruction to meet their needs more effectively. Below is a breakdown of the scheduled tests, what they entail, and how you can support your child through this period.

- SBA State Tests: We will test the weeks of April 28th through May 16th, every Tuesday through Thursday in grades 3-5, with make-ups on Fridays.
- MAP testing will take place sometime between April 19th and June 6th.

Understanding the Tests

1. SBA (Smarter Balanced Assessment) Grades 3 - 5:

- ELA (English Language Arts) CAT (Computer Adaptive Test) & PT (Performance Task): This portion of the SBA assesses reading, writing, listening, and research skills. The CAT adapts to your child's ability level, providing a personalized assessment experience.
- Math CAT & PT: Similar to the ELA CAT, the Math CAT adjusts to your child's response patterns, evaluating their proficiency in mathematical reasoning, problem-solving, and understanding of concepts.

2. WCAS (Washington Comprehensive Assessment of Science) for Grade 5:

- This assessment measures students' understanding of the Next Generation Science Standards (NGSS), focusing on three major areas: Life Sciences, Physical Science, and Earth & Space Science.

3. MAP (Measures of Academic Progress) Testing Grades 1 - 5:

- The MAP tests are adaptive assessments in reading and math that measure a student's growth over time. These tests are taken multiple times throughout the year to monitor progress. Our Hawks have shown significant growth from Fall to Winter, so it will be exciting to SEE more growth this Spring!

How can you support your Hawk?

- Encourage a Positive Attitude: Remind your child that these tests are opportunities to showcase what they've learned. Encourage them to approach each test with confidence and a positive mindset. But...doing their best is all they need to do! They are enough!
- Establish a Routine: Ensure your child has a consistent bedtime and morning routine to help them be well-rested and prepared for each day of testing.
- Nutrition: A healthy breakfast can significantly impact your child's performance. Foods that provide slow-releasing energy, like whole grains, yogurt, and fruits, are excellent choices. And snacks. Snacks are helpful!
- Stay Positive and Supportive: Your attitude towards these assessments can influence your child's perspective. Stay positive, offer encouragement, and remind them that their best effort is what matters most.

- Limit Screen Time: Encourage your child to unwind with activities other than screen time. Reading together, playing board games, or spending time outdoors can help reduce stress and improve sleep.
- We understand that testing periods can be stressful, not just for students but for their families as well. Please know that we are here to support your child every step of the way. If you have any concerns or questions, do not hesitate to reach out to your child's teacher or me directly.

Thank you for your continued support and partnership in making this testing period a successful and positive experience for our students.

DIGITAL SAFETY PARENT NIGHT

Dear Mead School District Families,

The Mead Technology Advisory Committee wants to thank you for your active participation in the fall's ThoughtExchange survey. Your valuable insights have helped shape key priorities and guided our efforts to enhance students' technology experiences through intentional and responsible use.

Through your feedback, several important themes emerged, including:

- Helping students use technology responsibly
- Balancing screen time with traditional learning
- Teaching essential technology skills
- Promoting digital safety, online privacy, and security

Our Technology Advisory Committee and district staff have been working diligently to address these concerns. We are excited to partner with Project Stand to host a Digital Safety Night for Parents on:

- May 20, 2025
- Mead High School – Theatre
- 6:00-7:30 PM

This event will provide parents with practical strategies, tools, and guidance to help establish safe boundaries and foster a healthy, productive approach to technology use at home. We aim to empower families with the knowledge and resources needed to support student safety and digital well-being.

We encourage you to attend this important evening as we work together to create a safer, more thoughtful digital environment for our children. Your continued engagement and support make all the difference!

We look forward to seeing you there and welcome your feedback as we move forward.

Sincerely,

The Mead School District Technology Advisory Committee

REGISTRATION IS OPEN FOR 2025-26

Resident student enrollment for 2025-26 is now open for **incoming kindergarteners and new K-12 students** to the Mead School District! Many of you are already part of the school district, but please share this message with families, friends and neighbors who are new to the district! Visit www.mead354.org/enroll for more information and links to online registration or PDF paper registration packets.

Current Mead School District students do not need to re-enroll. Students are eligible to register for Kindergarten if they turn 5 years old prior to September 1, 2025.
