2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement

Beach Park Elementary School opened in August 2020. We are a full elementary school, serving students in grade TK-5, including three Special Day Classes for moderate to severe special education students in Preschool-4th grade..

At Beach Park Elementary School, students are prepared to make a positive contribution to the community through the Design Thinking process. We believe that character building and a rigorous academic program are interdependent and are essential to our students' success. At Beach Park, we use Responsive Classroom and Second Step to intentionally teach social/emotional skills and tools as a way to help our children become responsible citizens who use kindness, empathy and are courageous.

2024-25 School Description and Mission Statement

Beach Park provides a standards-based curriculum in a stimulating learning environment. Our goal is each Beach Park child will continue to be a lifelong learner and a contributing member of our society. Beach Park's vision is to develop students who are responsible for their learning and use empathy to collaborate academically and socially. Our students are resilient and successfully lead with critical thinking and perseverance. We are all teachers and learners in a joyful, rigorous and inclusive environment. We create a joyful school by caring for the well-being of all, believing and ensuring we feel a sense of belonging, encouraging autonomy, creating diverse opportunities for mastery, and providing room for everyone to grow.

Our staff is committed to a set of core values that guide us in how we will work together in order to achieve our vision of an exceptional learning environment for all students. Two major goals are:

- 1) All students will meet or exceed the San Mateo-Foster City School District's Standards for Student Achievement.
- 2) Students will be responsible citizens who care and contribute to the world we live in.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Quality, Currency, Availability of Textbooks and Instructional Materials

The San Mateo-Foster City School District's highest priority is to work together to ensure that every student has access to the California core curriculum through appropriate instructional materials. Pursuant to the settlement of Williams vs. the State of California, all students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the District Office prior to adoption.

In addition, SMFCSD implemented a supplemental phonemic awareness program, Heggerty in our TK-2 classrooms and Preventing Academic Failure (PAF) for reading in K-2.

School Facility Conditions and Planned Improvements

The San Mateo-Foster City School District makes great efforts to ensure that all schools have environments that are clean, safe, and functional. The District's Maintenance staff ensures that the repairs necessary to keep schools in good repair and working order are completed in a timely manner, while the Operations staff ensures that the schools are kept clean. A work order process through a program called "Akita Box" is used to ensure efficient service; emergency repairs are given the highest priority. In addition to responding to emergency repairs in a timely manner, the Maintenance Department schedules extra "preventive maintenance" days to catch up on routine repairs and enhancements.

Most District schools, based on enrollment, are staffed with at least one day and one night custodians to provide a clean and hazard-free environment. All of our comprehensive Middle Schools and Foster City Elementary now have two-day custodians and multiple night custodians based on their enrollment. Some of the larger schools, particularly the middle schools, are staffed with one-day custodians and two or three-night custodians. Principals, Assistant Principals and District's Maintenance staff work with the custodians to develop cleaning schedules to ensure clean and safe schools. The custodial staff follows the District's cleaning standards. In addition, the District uses a facility survey instrument developed by the State of California's Office of Public School Construction to evaluate the conditions of each school's facility. This evaluation is completed annually for each site. The inspections below were performed during the month of January 2023 to determine the school facilities' repair status.

Recent efforts to address non-routine needs include the passage by the voters of Measure X in 2015--a \$142 million dollar bond. Under Phase I of Measure X, Abbott and Borel Middle Schools have new classrooms (completed in late summer 2020)

School Facility Conditions and Planned Improvements

and new gyms/locker rooms (completed in Summer 2021). Bayside Academy has a new gym and locker rooms, which was completed in October 2020. The fourth Phase I project is the addition of a new school, Beach Park Elementary, in Foster City, completed in Spring 2021. Measure X Phase II construction began last year for new multipurpose buildings at George Hall and Sunnybrae Elementary Schools and new science and drama buildings at Bowditch Middle School. The final project of Measure X is the swapping of Fiesta Gardens and College Park campuses and the expansion of Fiesta Gardens to 8th grade with 7 new classrooms, a gym, and satellite administration space.

In July 2020, the Board of Trustees adopted the Facilities Master Plan for the New Decade. The Plan includes facility upgrades to provide a healthy environment for staff and students especially needed with the new realities of increased heat, wildfires and the pandemic; needed new facilities at some sites; and infrastructure improvements such as plumbing and electrical systems. The voters approved a bond measure, Measure T in November 2020 authorizing \$409 million to implement the Immediate Priorities identified in the Facilities Master Plan for the New Decade. The first round of Measure T projects include new Multi-Purpose Rooms at four elementary schools, HVAC addition or replacement at 18 schools, grass replaced with synthetic turf at all schools, paving maintenance, and new drinking fountains with water bottle fillers district-wide.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

At Beach Park Elementary School, families are viewed as partners in their children's education. We create a culture of Family Engagement by creating a true partnership with families as they are the supporters, encouragers, monitors, advocates, decision makers, and collaborators in their child's education. Every event we hold at Beach Park has a link to learning component and all parents take an active role in the learning when they attend. Some of our yearly Family Engagement events are: Back to School Night Principal and Teacher, Parent/Guardian and Teacher Conferences, Bi-Monthly Family Meetings Topics of Math, Literacy, Social Emotional, Assessments; Family workshops during the school day: Reading in a Winter Wonderland, I LOVE Learning, Student Led Conferences, and our Design Thinking Projects. We have also included monthly Parent Connections, a parenting class.

Beach Park has active parental support through the PTA, English Learner Advisory Committee (ELAC), School Site Council, Classrooms (Room Parents). The school follows the District's established homework policy and conferences with parents two times a year, more often as the need arises. The Beach Park School Site Council is directly involved in planning, budget development, program implementation and evaluation of the school site plan. Teachers, principal, staff and parents are members of the School Site Council; therefore, input and discussion are representative of the major school groups. The PTA sponsors family-oriented activities throughout the year. In addition, the PTA provides supplemental learning activities such as field trips to cultural events, science experiences and enrichment activities.

2024-25 School Safety Plan

The San Mateo-Foster City District Handbook, updated each school year, contains the “Guiding Principles for All SMFCSD School Communities” aimed at creating a safe and caring school community where all students and families feel welcomed, valued and respected. These Guiding Principles (respect, responsibility, appreciation of differences, honesty, safety, and

2024-25 School Safety Plan

lifelong learning) communicate the expectations for behavior to students, parents, teachers, and administrators and are updated and reviewed annually. The principals were developed to be consistent with the State Education Code, policies of the San Mateo-Foster City School District Board of Trustees, and the School District's Strategic Plan.

Comprehensive School Safety Plans, developed individually for each school in conjunction with the San Mateo County Office of Education and City Services, include disaster preparedness and emergency procedures. The School Safety Plans provide role responsibility guidelines and processes required to address major emergencies. Each year, the District reviews all sites' Safety Plans to determine if all required components are included and to offer feedback and suggestions. Additionally, the CCSPs are reviewed and approved locally by the School Site Council prior to the SMFC Board of Trustees annual approval by March 1st annually.

California Education Code Section 32280 requires school fire evacuation as well as one practice lockdown drill. The District organizes two District-wide drills each year, using different scenarios to ensure the Big Five Safety Protocols (Shelter in Place, Secure Campus, Drop, Cover, and Hold On, Lockdown/Barricade and Evacuation) are in place, reviewed and practiced at each district location. Some practice drills will involve a District Command Center for communication with each school/program site and full emergency set-up. As a District collaborating with San Mateo County and the San Mateo County Office of Education, we participate yearly in Big Five training for staff. We also continue to build and expand our relationship with our first responders of the SM-FC Consolidated Police and Fire. Multiple opportunities for CPR, First Aid, and AED Training are provided annually for all district staff.

Professional Development

Professional Development – 2022-23, 2023-24, 2024-25

The San Mateo-Foster City School District is committed to providing quality professional development opportunities for all staff. Training is available through optional days in the summer, three embedded professional development days during the school year, and other scheduled release times. Our primary focus for professional development is aligned to our District's Five Year Strategic Plan. The Strategic Plan was developed in collaboration with a variety of stakeholder groups, using current student academic, equity and wellness data to inform our professional learning needs.

Professional Development is differentiated by grade level spans and job roles in the areas of academics, student wellness and equity strategies. Throughout this school year, staff engage in a continuous content thread that is intended to give depth to professional development and not keep "adding new". Professional learning opportunities integrate content development and research-based instructional and assessment practices to meet the needs of all learners, specifically Multilingual Learners, Students with Disabilities and students from economically struggling families (SED).

In addition, beginning teachers receive professional development through our District-based Induction program. Veteran teachers can participate in a Peer Assistance Review (PAR) program for individual support.

This table displays the number of school days dedicated to staff development and continuous improvement.
