

## Parent Bulletin Friday 13<sup>th</sup> June 2025

Dear Parents and Carers,

I hope all our families celebrating Eid had an enjoyable celebration and the home study day was manageable for other families. This week our Year 9s excelled themselves when they visited a mosque and gurdwara and I know our Year 10 students who have had work experience placements seem to have had a good week. Exams have continued well and on Wednesday we formally said goodbye to our Year 11 students.

### Year 10 Geography Field Trips

Year 10s might be straight back from work experience but the next activity is already waiting for them. On Monday and Friday of next week different groups of Year 10 students are heading to Windsor for one of their field trips. This forms part of their Paper 3 written exam at the end of Year 11. If your child is going and you need any details please contact Mr Jones, Geography Curriculum Leader on [bjo@slougheton.com](mailto:bjo@slougheton.com)

### Para-Sports Day – Tuesday 17<sup>th</sup> June

As an inclusive school we are keen to replicate the Olympic and Paralympic Games approach with our sports day and on Tuesday we have our annual Para-Sports Day which takes place in school and is a series of adapted sporting competitions for students who receive additional learning support. The results feed into our end of term rewards events.

Next week we also have a trip for Year 8 on Wednesday to the Science and Engineering Fair, Year 10 Photographers are off to Savill Gardens on Thursday and we have a samosa sale in school on Friday lunchtime. The week ends with our Year 10 Duke of Edinburgh Students going off on their Bronze Expedition. Along the way work continues with our environmental and musical Jubilee River Project. If you need to contact anyone about these events their details are as follows:
