

#5b Personalizing Your Windows 11 Background

This guide outlines the steps for selecting themes and backgrounds, whether you prefer a solid color, a specific picture, or a slideshow. By following this guide, you can easily transform your workspace to reflect your style, making your daily use of Windows 11 more enjoyable and visually appealing.

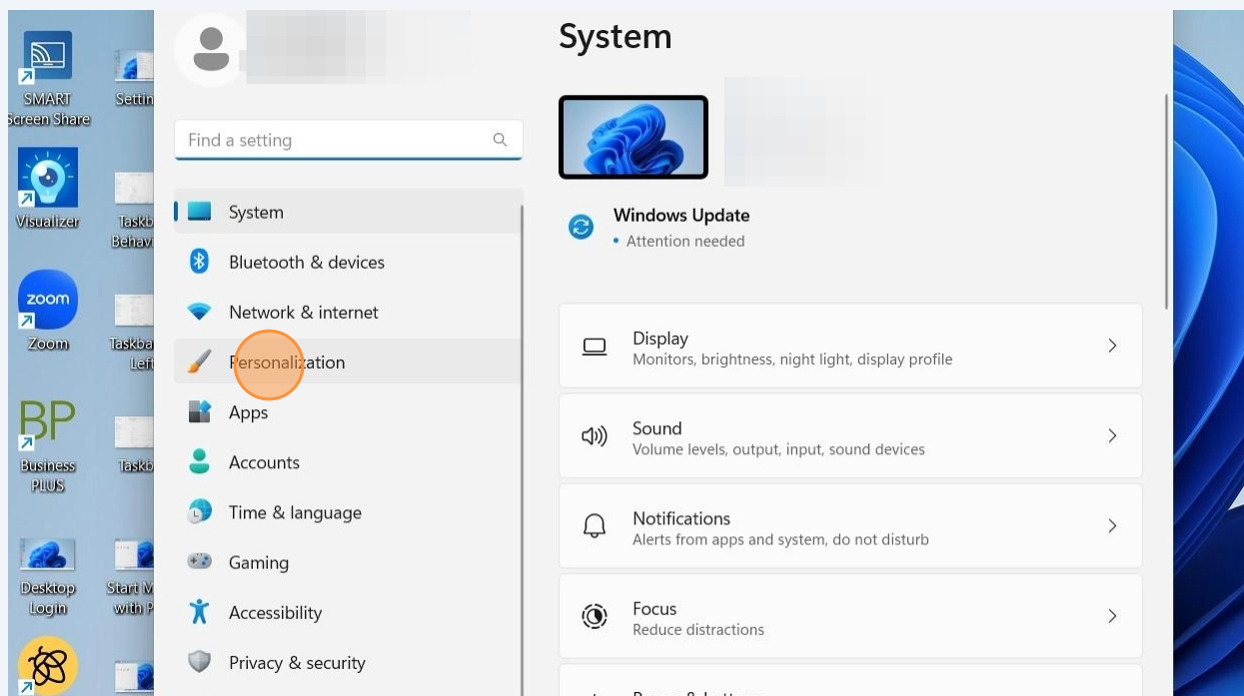

1 Click on the "Search bar"

2 Click "Settings"

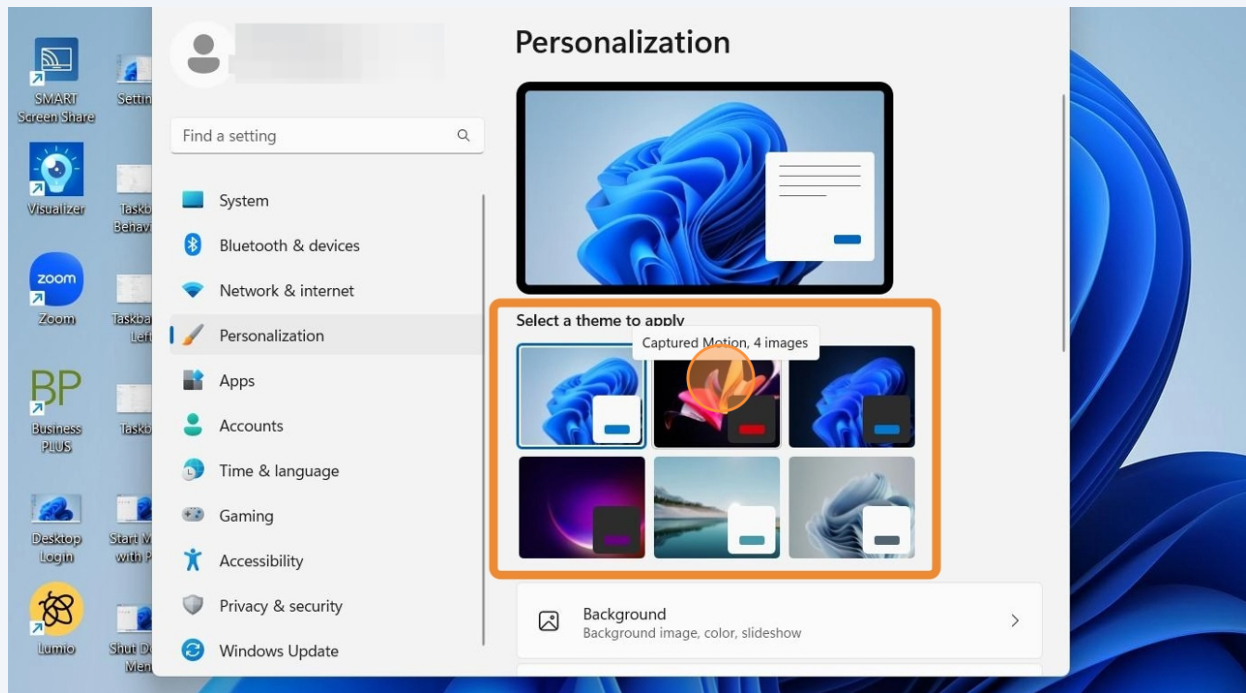

3 Click "Personalization"

Select a Theme from Existing Options

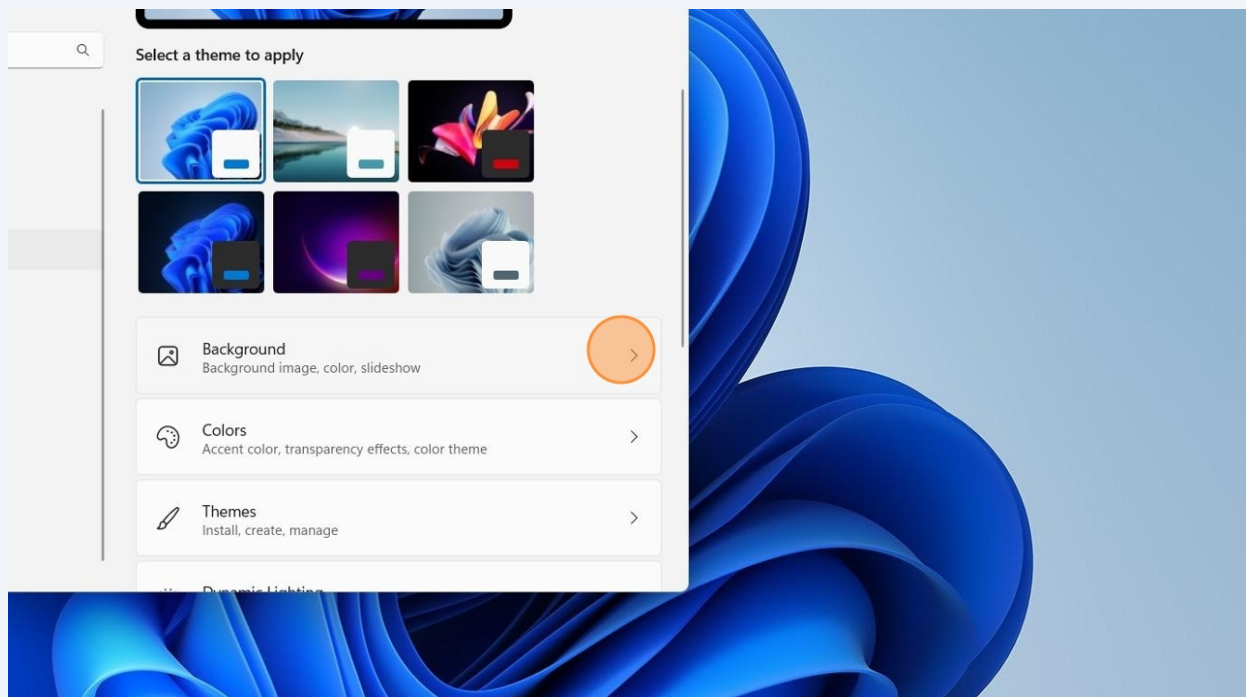

4

Click the theme you'd like to apply from the array of options

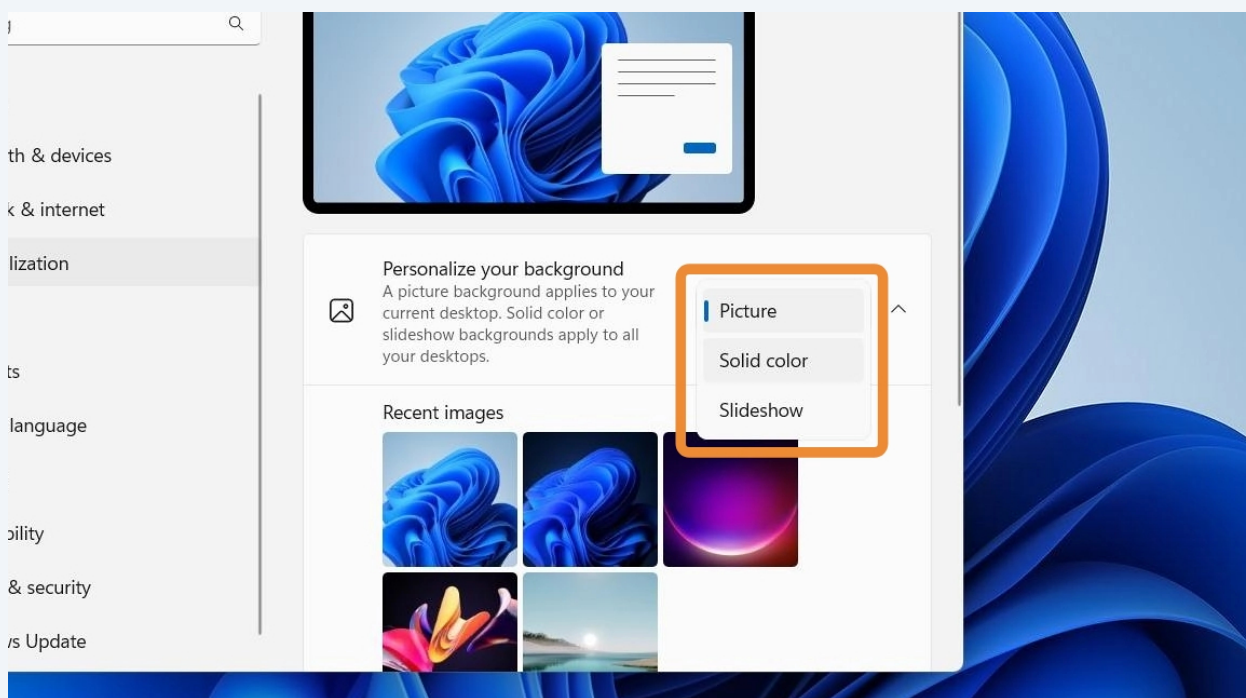

Customize Your Background

5 Click "Background"

6 Choose between "Picture, Solid color, or Slideshow"

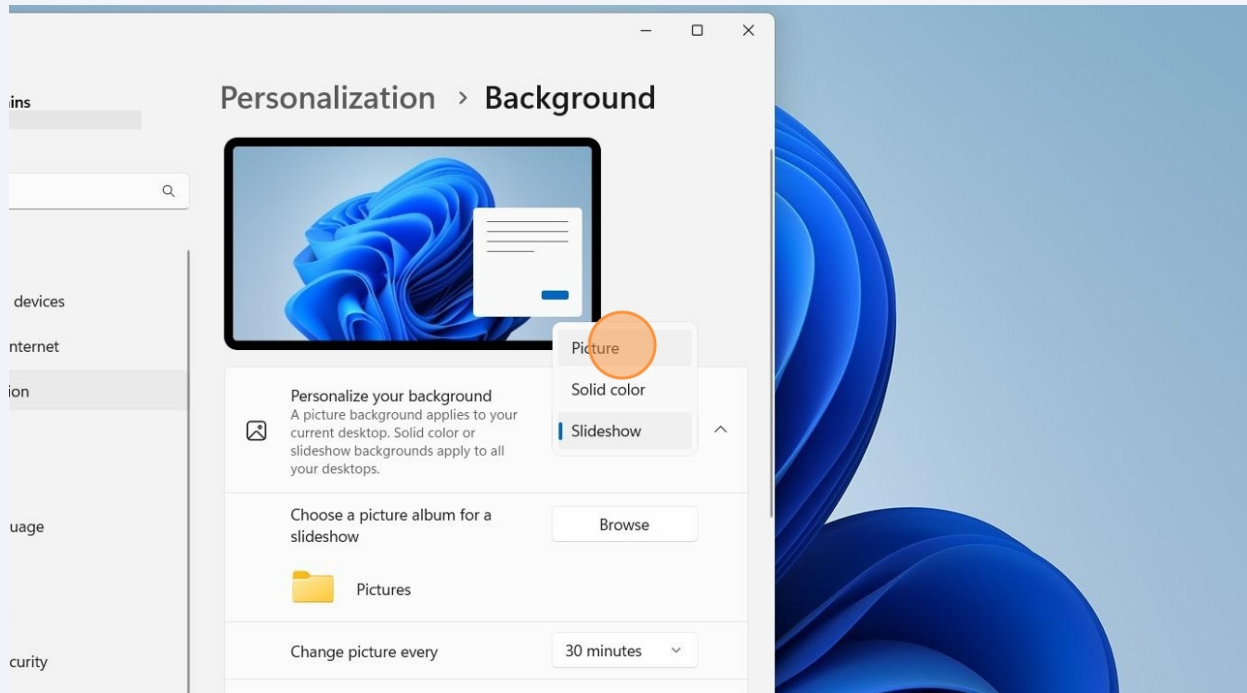

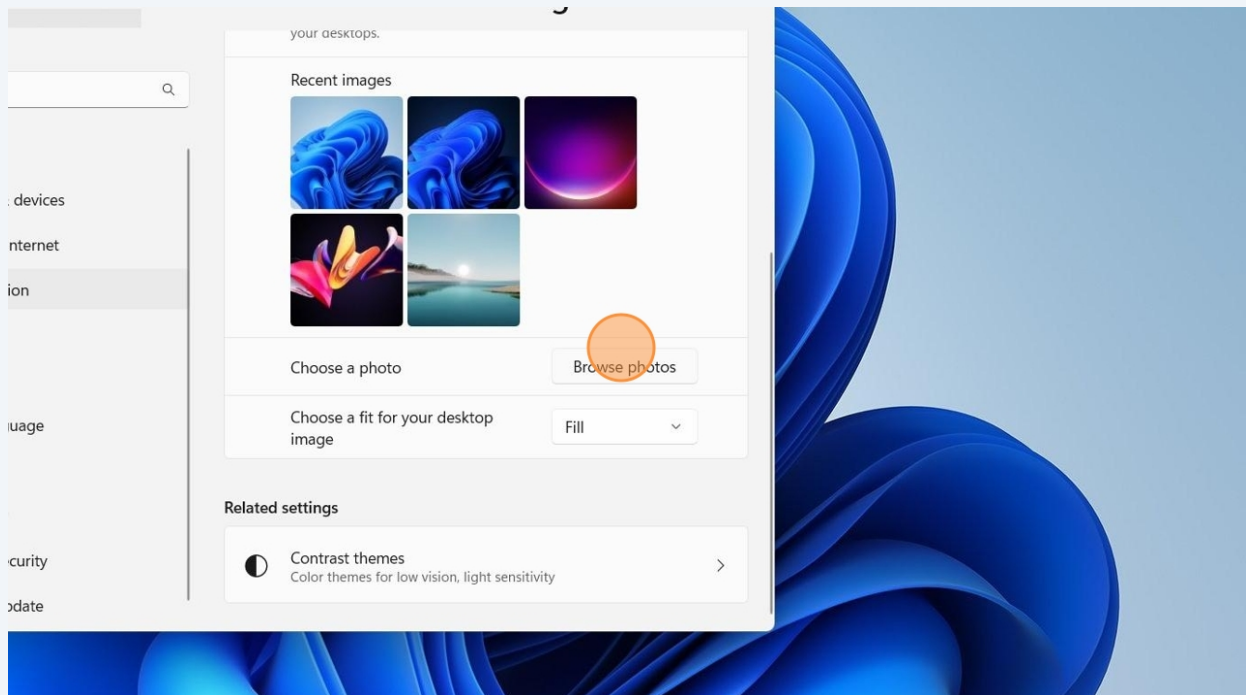

Changing your picture requires a few additional steps.

7

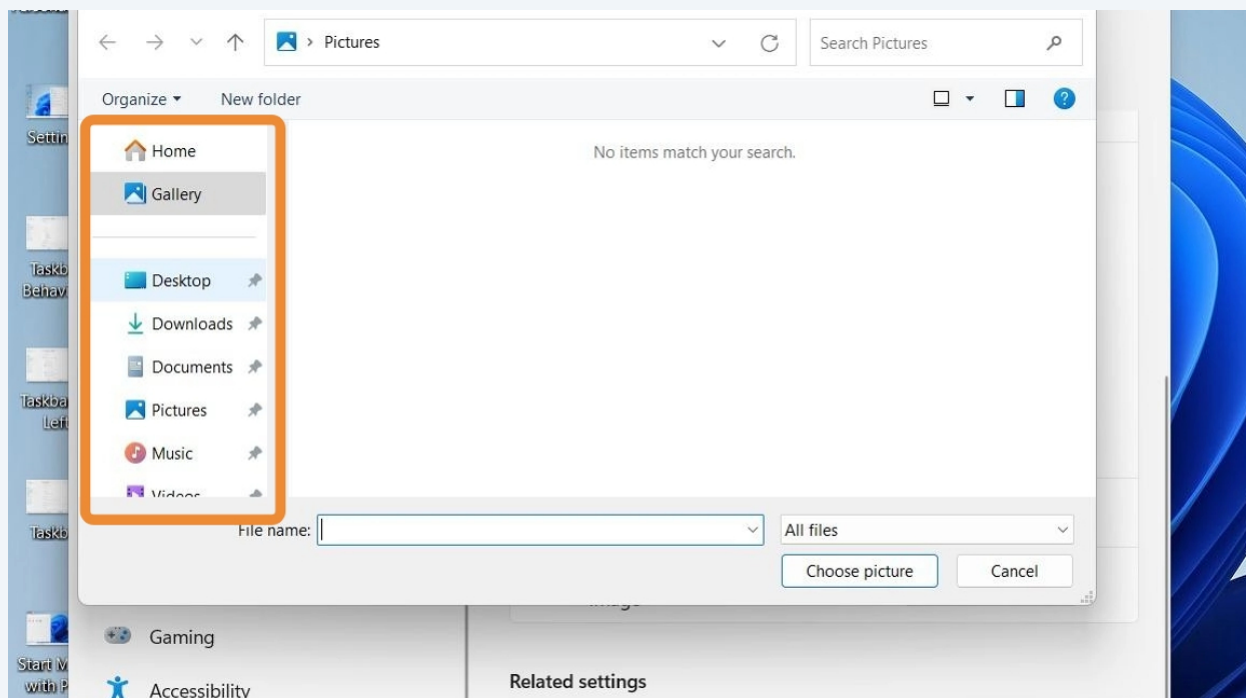

Click "Picture"

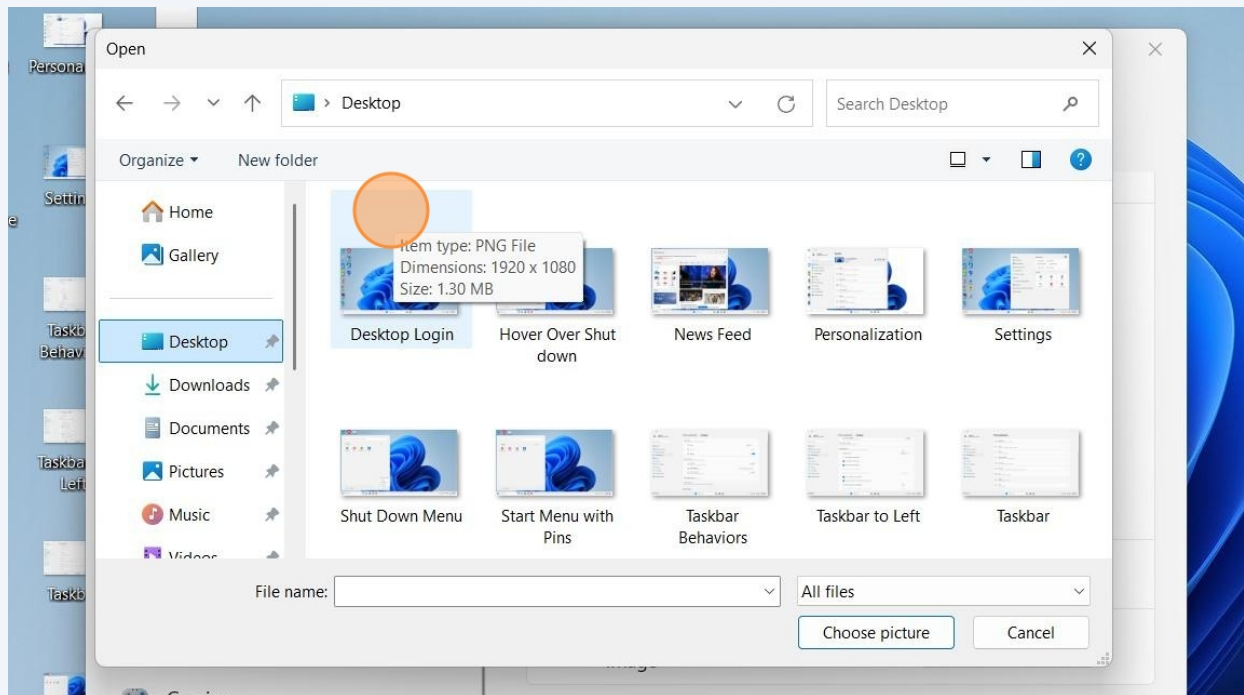

8 Click "Browse photos"

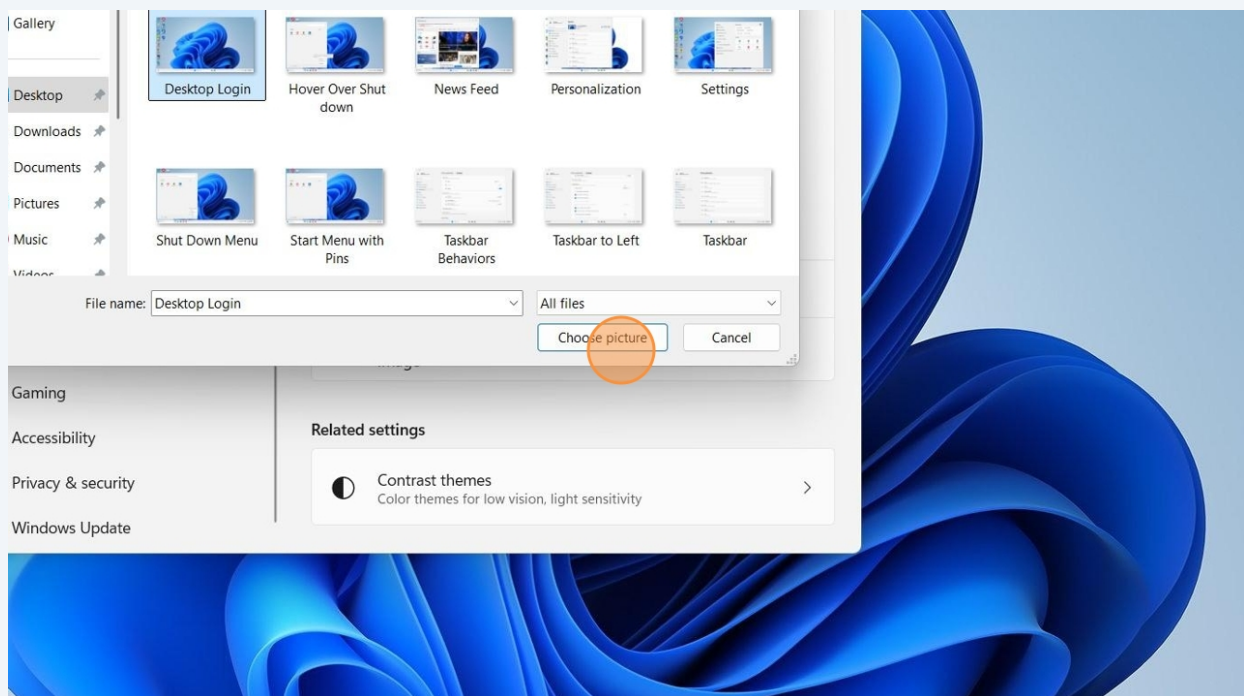

9 Click on where you saved your image (Desktop, Pictures, Gallery, etc.)

10 Click the image you would like to use

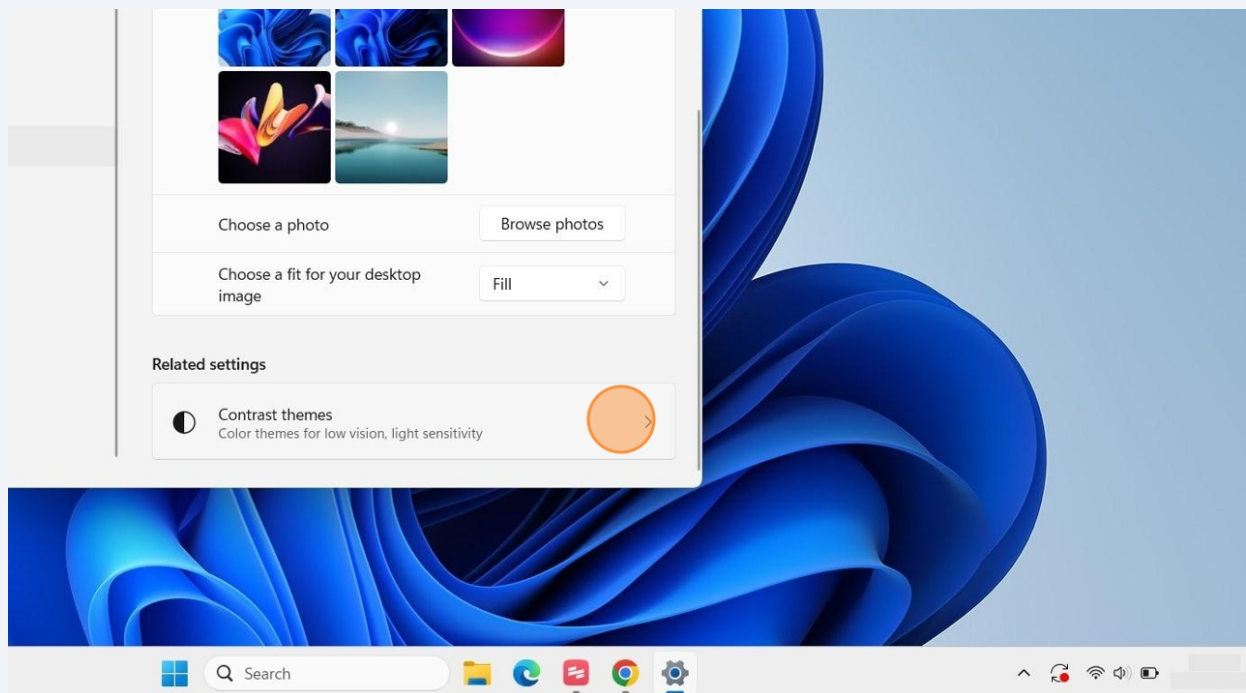

11 Click "Choose Picture"

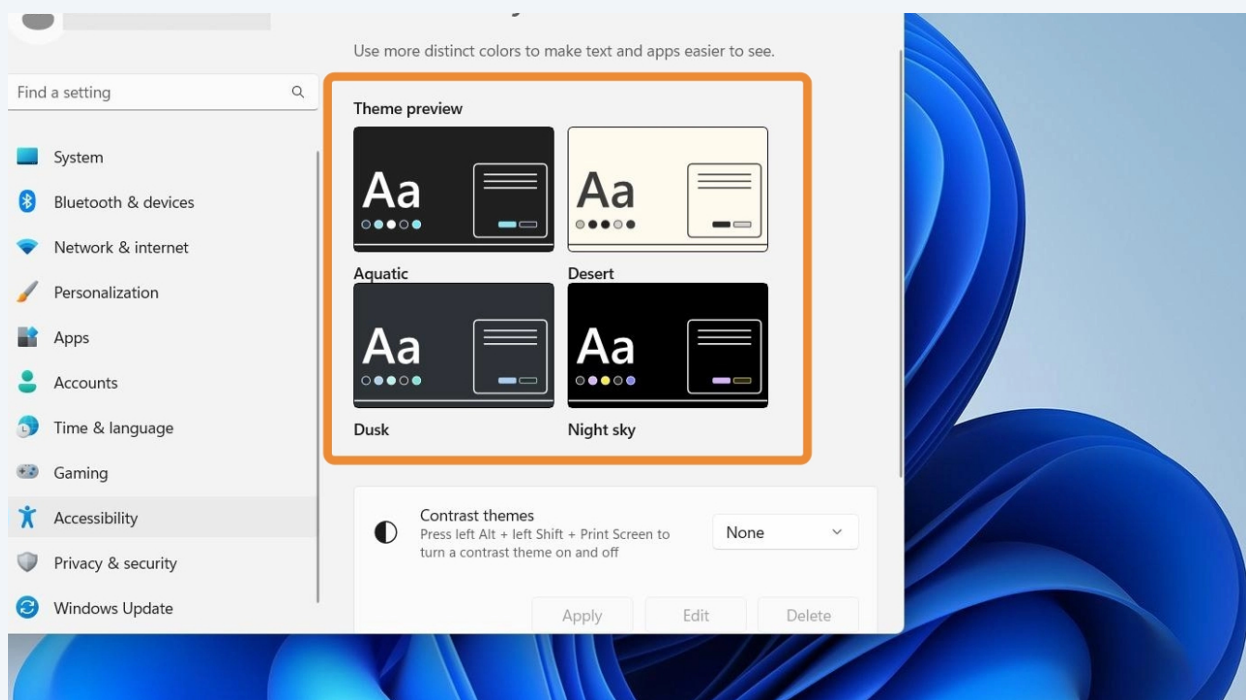

Contrast Themes

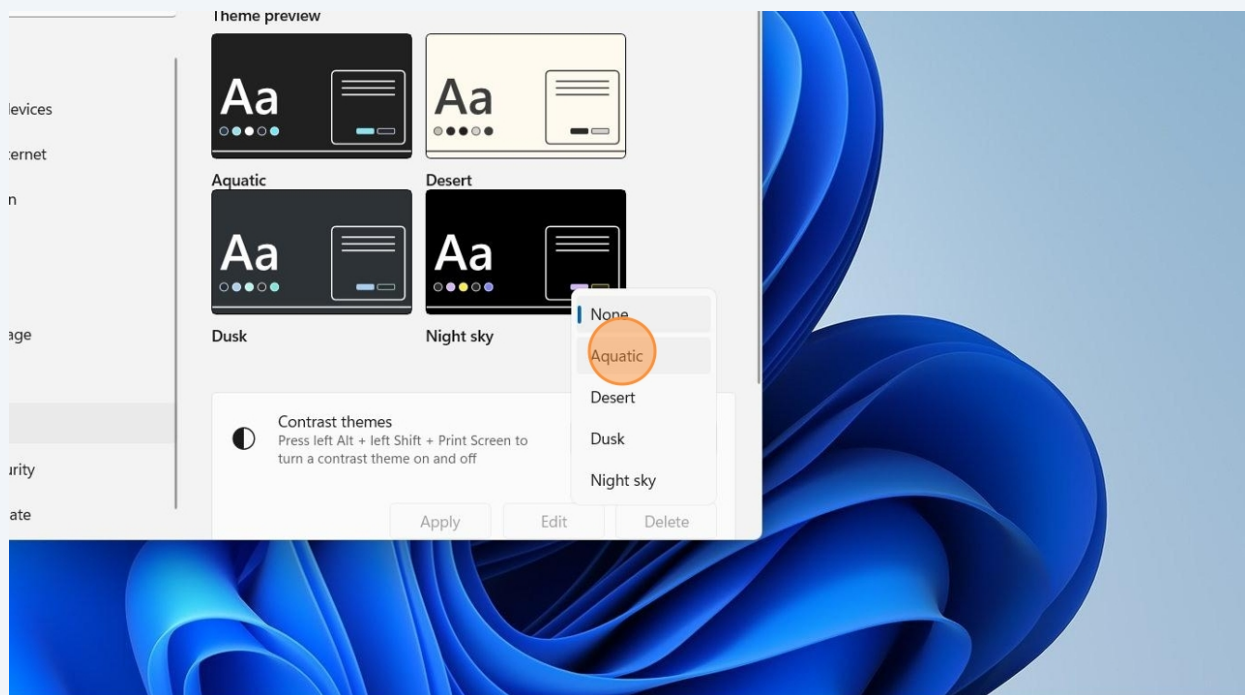

12 Click "Contrast themes"

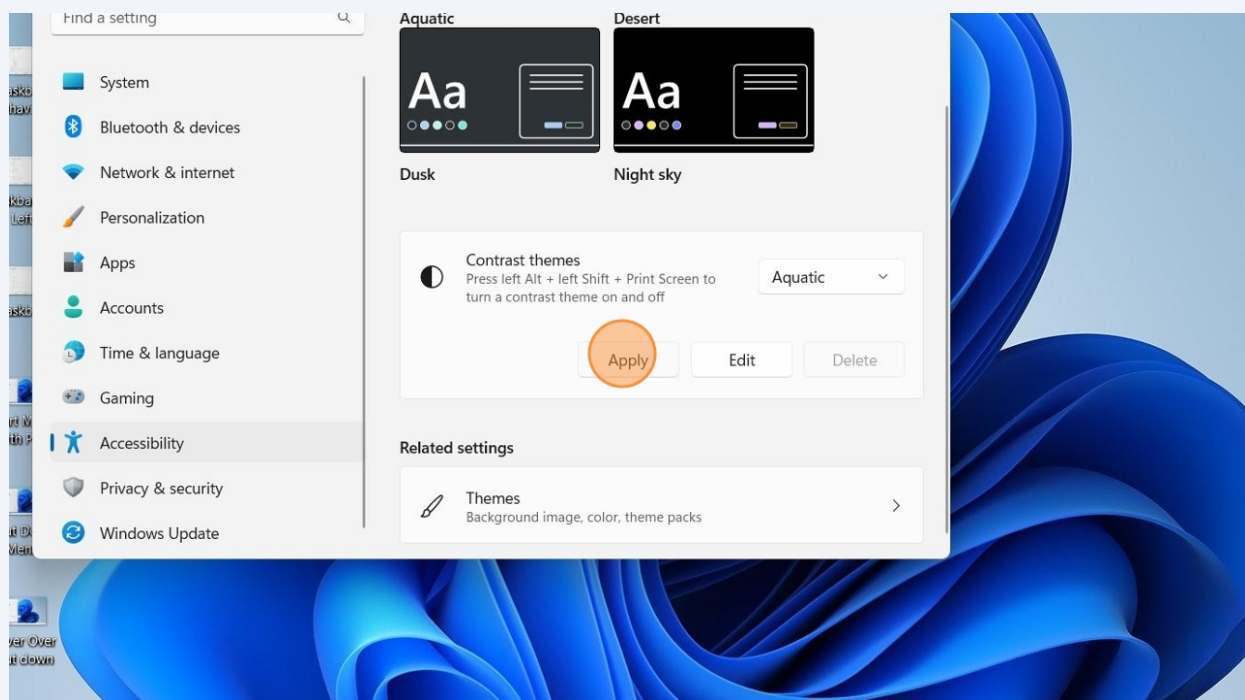

13 Review the "Theme preview" options

14 Select a Theme preview from the dropdown menu

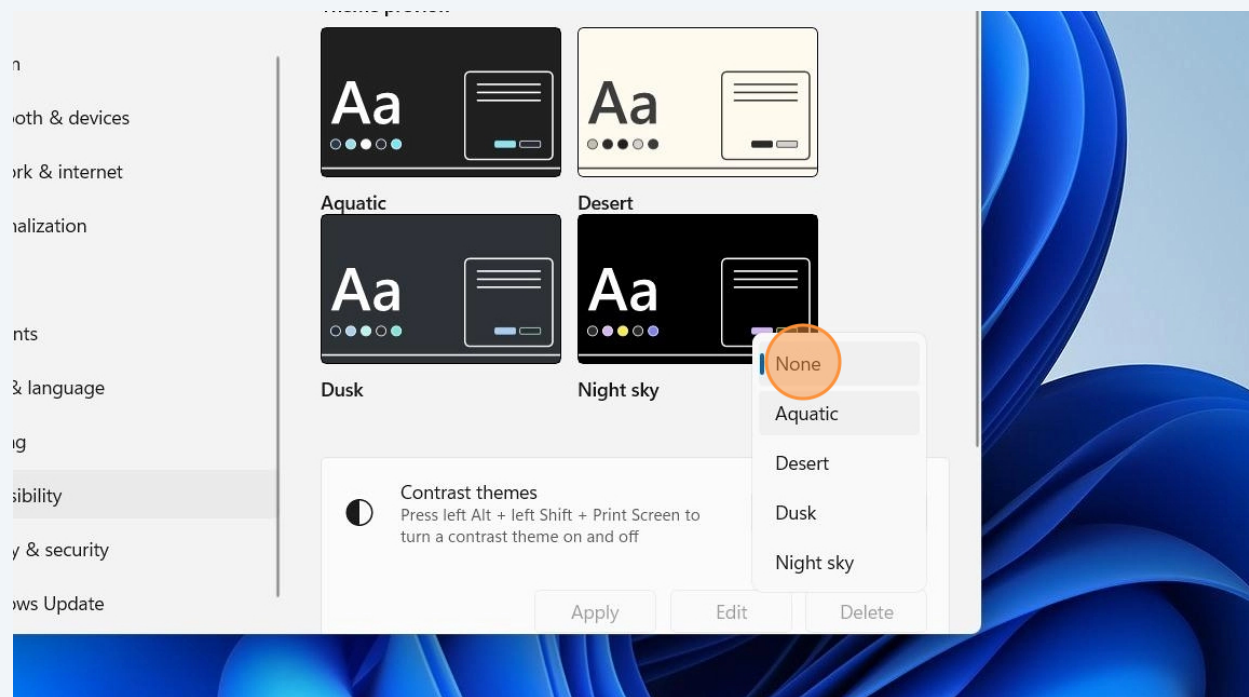

15 Click "Apply"

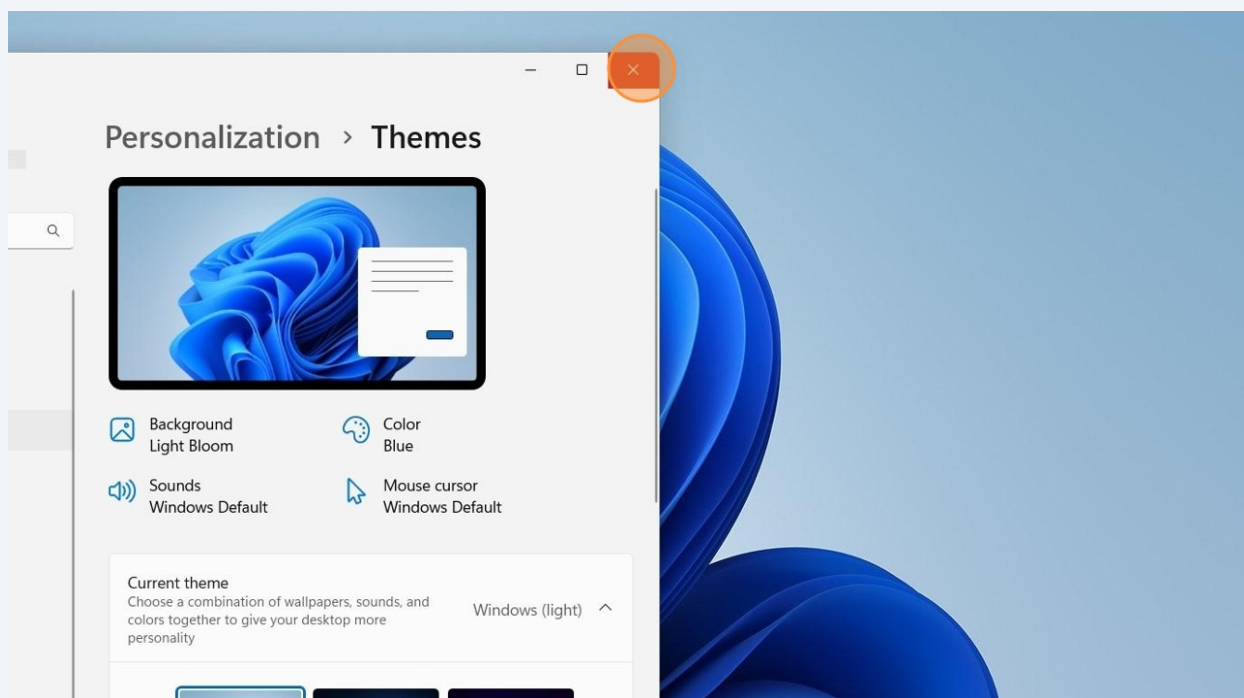

16

To revert back to the default theme, you can simply select "None" from the menu of options.

17

Click "Close Settings" when you're done

18
