

# SCHOOL SUPPLIES

## What will I need on the first day of class?

In order to be organized for success on day one, you will need :

A 3” ring binder, with subject dividers and pocket inserts.

2 or more— blue/black pens and sharpened pencils.

College ruled loose leaf notebook paper

1 or more highlighter.

Freshmen students will be issued with a 2025-26 Planner.

Many of the supplies you need for high school will be specific to your classes and your teachers will provide more details.

## TIPS:

- Keep your binder organized by keeping tabs for different classes, if you are absent copy a classmates notes and insert them where they belong. Use pocket folders to keep handouts and homework assignments organized by subject. When folders get full keep a separate binder for completed work.
- Some students find it easier to separate A and B day backpack and supplies.
