**2025 IDAA (Idaho Alternative Assessment) State Reviewer Feedback
– Emmett School District**

The Emmett School District received exemplary ratings from the Idaho State Department of Education regarding its 2025 Idaho Alternate Assessment (IDAA) administration. Observers noted that the testing environment, staff preparation, and student support reflected best practices and high standards of integrity.

Key Reviewer Quotes:

- *"Exemplary IDAA test administration. TA was well prepared, followed all protocols, and adequately supported the student during test administration with minimal intrusion."*
- *"Student progressed through the test confidently, with very little need for prompting... it was obvious the student was familiar with the secure browser and testing situation."*
- *"The District Test Coordinator and Special Education Director actively collaborate to ensure students with disabilities are coded correctly in TIDE and receive accommodations."*

Strengths Highlighted:

- Strong procedures for training, security, and accommodations.
- Clear collaboration between the DTC and the Special Education Director.
- Testing support was provided in a way that was both effective and unobtrusive.
- Secure materials are stored and handled according to protocol.

Results:

- No concerns were identified.
- Emmett's administration is considered a model for the IDAA.
- No additional monitoring is required by the state.
