COPPA (Children's Online Privacy Protection Act) Agreement Permission

Zionsville Community Schools utilizes several web-based tools in order to support student learning. Therefore ZCS must abide by Federal COPPA Regulations that require parental notification and/or permission. Many of these software apps and web-based services are not operated by ZCS, but by third parties. These parties may include but are not limited to: Google Apps for Education, Prezi, and Weebly. In order for students to use these programs and services, basic identifying information, including student's name, user name, and school email address must be provided to the website operator. Under Federal COPPA law these websites must notify parents and obtain parental consent before collecting information from children under the age of 13.

Your signature on this document constitutes your confirmation of notification and consent for Zionsville Community Schools to provide limited identifying information for your child consisting of first name, last name, school email address, and user name to the following web-operators: Office 365, Prezi, Weebly, and the operators of additional web-based educational programs which ZCS may deem instructionally appropriate during the upcoming academic school year.
