NJGPA Overview

- The NJGPA was first administered in 2022
- Utilizes the same online test-delivery system as the NJSLA
- The primary graduation pathway for students (started for Class of 2023)
- Students *must* take the NJGPA in order to open up other pathways
 - If a student doesn't pass, may use another exam or the portfolio
- Students take NJGPA in the following grades/subjects:
 - ELA and Math in grade 11
- Test length was 180 minutes for each subject
- PRSD had 100% of eligible students take the test in 2025 - 88 students in each
- Each test has two scores - either students are 'graduation ready' or not
- Cut scores are a little lower than NJSLA, at 725

Park Ridge Initiatives – Data Analysis

- Our procedures have not changed:
- We meet in departments, grade-levels, and disciplines to review data
- Teachers have looked at data including question-type analysis (where can we improve?)
- We'll be updating the Life Skills Math curricula this summer, have NJGPA in mind
- Data investigation includes related departments and teachers - so at the high school, our business teachers join the math discussion, and our Social Studies teachers look at ELA results
- Meeting time includes after-school meetings, as well as P.D. days
