

SUCCEED

Summer Center for Climate, Energy, and Environmental Decision Making

COME LEARN ABOUT:

TEACHER WORKSHOP

AUGUST 11TH - 12TH, 2025

Teachers will learn how to integrate information about energy and climate change into their curricula. Teachers will receive 12 hours of Act 48 credits. Open to all STEM teachers in southwestern Pennsylvania.

STUDENT CAMP

AUGUST 13TH - 15TH, 2025

Students will work with current PhD students to better understand the effects of climate change and its relationship with the energy sector. Open to rising 10th, 11th and 12th grade students.
