## Dear Friends and Neighbors,

Soon after moving in, our neighbor, Mr. Stillwell, introduced two important points. The first was about trimming our shared hedge, and the second was about the amazing school district from where his children had graduated and mine were soon to attend. He wanted me to grasp the rhythm of this community that supports its schools. Others had supported his kids when they were in school, he would be there for mine, and someday I would be supporting the children following mine. I haven't forgotten.

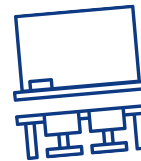

This community, all of you, have been supportive of Wyoming City Schools. Last November almost 70% voted in favor of a school bond levy. Many of you have served on our facilities committee and attended our design workshops. Friendship United Methodist Church offered their unused space for temporary classrooms as we begin building three new primaries, first, Hilltop School. This saved the district funds by not having to build temporary classrooms on the high school property, kept us in a central location, and did not displace high school activities. The City of Wyoming has also been a helpful partner.

This year we invite you to be a supportive partner of Wyoming City Schools. You can eat at the Harvest Festival and support our adopted school in Sierra Leone. You can cheer on the football team and enjoy the homecoming floats. You can attend a play or concert or community forum. Be proud of our students' incredible academic accomplishments. You can support the schools through the Wyoming School Foundation. You can volunteer in the schools. And you can watch a new Hilltop School rise up with the other two primary schools soon to follow.

Take Mr. Stillwell's advice to heart to support and celebrate this amazing district.  
Warm regards,

**Jeanie Zoller, President**  
**Wyoming City Schools Board of Education**

# Welcome to Wyoming City Schools!

The mission of Wyoming City Schools is to partner with families and our entire school community to cultivate innovative, student-centered educational programs and opportunities that foster the academic growth and personal development of every child. As we begin this school year, we are focused on “**Building What Matters,**”

strengthening the relationships, learning experiences, and shared values that define our district, while also making significant progress on the construction of our new primary school buildings that will serve generations of students to come.

We are excited to work with you this year as we continue to bring our strategic plan to life for every student and make this the best year ever for the students, staff, and families of Wyoming City Schools. The partnership between our schools, families, and entire community is what makes Wyoming so special, and this calendar is a great resource to connect you to many of the events planned throughout the school year.

I’m looking forward to partnering with you to support and celebrate our students as we build what truly matters, both within our classrooms and throughout our community.

Please don’t hesitate to contact our schools or the Wyoming City Schools Central Office if you have any questions.

**Tim Weber**  
Superintendent
