

Pioneer Middle School Scheduling Information

2025-2026

Core Academics: Students will be recommended by their current teacher based on their Reading and Math PM3 Scores. Students scoring a Level 3 or above on the Reading and/or Math PM3, will be placed into Advanced classes. A draft of your child’s Course/Elective Selection Card will be sent home for your signature the week April 14th. Parents may complete a Course Override form, which is located on the Pioneer web page, and return it with the signed Course Selection Card if they disagree with the teacher’s recommendation.

Course Descriptions: Descriptions of all courses may be found on Pioneer’s website in “Scheduling Information 25-26”. Review the document to read the activities and expectations for all our courses.

Electives: Students will select their electives online the weeks of March 10th and March 17th. Science teachers will post a link to the **Elective Selection Form** on their Canvas page and students will make their elective selections during class.

Elective Applications: Some electives require an application for consideration by the teacher of the course. All elective applications are posted to the Pioneer web page, please click on “Scheduling Information 25-26”. Carefully review the list below and submit an application if the course you are interested in requires one. If you select an elective that requires an application and you do not apply, you will not be considered for that elective.

Note: Applications must be emailed directly to the teacher of the course to be considered. Applying for an elective does not guarantee placement. **ALL ELECTIVE APPLICATIONS ARE DUE BY FRIDAY, APRIL 4, 2025 AT MIDNIGHT. LATE APPLICATIONS MAY NOT BE CONSIDERED.**

Elective Selection: Electives are either full-year courses or rotations consisting of 2 classes, one each semester. 7th and 8th grade students will be selecting 4 possible electives. 6th grade students will select 6 electives. Every effort will be made to consider their preferences. Students are being advised to **choose wisely. No changes will be made if they receive any elective choices. Students are expected to remain in their electives for the entire year.**

Every effort will be made to schedule your choice; however, scheduling conflicts may preclude your selection.
Offerings may be canceled or changed due to insufficient numbers.
