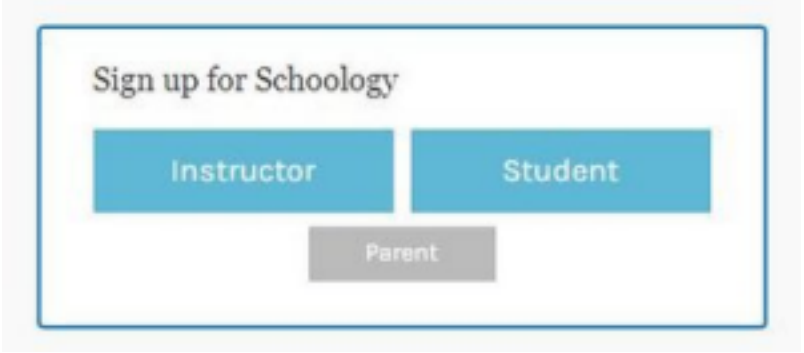
How To: Sign Up as a Parent

1. Go to Schoology Learning and click **Login** at the top of the page.

2. Click **Parent & Student Logins**.

3. Click **Register for Schoology Learning**.

5. Select **Parent**.



6. Enter your **Parent Access Code**. This is a 12-digit code in **xxxx-xxxx-xxxx** format that you receive from one of your child's instructors.
7. Click on **Continue**.
8. Fill out the form with your information.
9. Click **Register** to complete.

When you use a Parent Access Code to create an account, you are automatically associated with your child. You can add additional children to your account using the **Add Child** option.

Notes:

- Parent Access Codes are unique to each student but can be used to make multiple parent accounts.
- If your Parent Access Code does not allow you to register or if the code does not have 12 digits, please contact your child's instructor or school for more information.

The Easton Area School District does not have access to Schoology parent accounts and is not able to assist with accounts once they are created. If you are having trouble with an existing Schoology Parent account, please contact PowerSchool via the **Help Center** link at the bottom of the login screen. If you have forgotten your password, you can use the **Forgot Password** button on the Schoologyparent login page.

Multiple Children in Different Districts

If your children attend different schools that are not in the same district (or are not part of the same Schoology Enterprise account), you will see an error message when you attempt to use the **Add Child** option to associate your parent account with their student account.

Parents must have an account at each of their children's schools. For example, if you have one child at a high school in one district, and another child at a middle school in a **different** district, you must have accounts at both districts and link your accounts together. Linking accounts enables you to toggle between two or more accounts without having to log out and back in. Each district separately manages your parent accounts and can then communicate with you as necessary.

For more details, please refer to our **Schoology Learning Help page**.
