Hanover Township Public Schools Appoints Marci Krasny as Business Administrator/Board Secretary

FOR IMMEDIATE RELEASE

Whippany, NJ – June 23, 2025 – The Hanover Township Board of Education is pleased to announce the appointment of Marci Krasny as Business Administrator/Board Secretary, effective August 18, 2025, or sooner if released from her current contract.

Ms. Krasny brings nearly two decades of experience spanning public education, finance, and operations. Her background combines years as a classroom teacher with extensive leadership in school business management—giving her a deep understanding of how thoughtful financial decisions directly support teaching and learning.

Ms. Krasny began her career in school business as the School Business Administrator/Board Secretary for the Hampton School District, where she laid a strong foundation for her commitment to responsible budgeting and efficient operations. She later served as the School Business Administrator/Board Secretary for the Garwood School District and, since 2023, has worked as the Assistant School Business Administrator/Board Secretary for Cranford Public Schools. In Cranford, she oversees budgeting, purchasing, payroll, benefits administration, capital planning, construction projects, and supervises facilities, maintenance, and food services.

Throughout her career, Ms. Krasny has drawn upon more than fifteen years as an educator, which continues to shape her student-first approach to fiscal responsibility and operational planning.

Superintendent Justin Toomey shared, “Marci has the right mix of know-how and heart. She understands how important it is to be smart with our budget while always keeping students front and center. I’m excited to have her on our team, and I know she’ll help us make thoughtful choices that keep our schools strong and our community confident in how we use every tax dollar.”

Ms. Krasny will take the reins from Dr. Edward Izbicki, who has served as Interim Business Administrator/Board Secretary since July 1, 2024. The Board and district thank Dr. Izbicki for stepping in and guiding the district's operations over the past year.

Reflecting on her new role, Ms. Krasny shared, "I am eager to lead initiatives that enhance efficiency, promote transparency, and ensure that every resource is strategically aligned to support students. It's a privilege to collaborate with the board, staff, and community to create a strong foundation for all learners to thrive."

As Business Administrator/Board Secretary, Ms. Krasny will oversee the district's financial operations, budget development, facilities management, and capital projects. She will work closely with the Board, district leaders, and the community to maintain responsible, transparent practices that keep students at the center while carefully managing taxpayer resources. The district remains committed to balancing excellent educational opportunities with fiscal efficiency and accountability to the community.

The Hanover Township Board of Education looks forward to welcoming Ms. Krasny and is confident that her leadership will strengthen the district's financial health and uphold Hanover Township's tradition of delivering high-quality education in a cost-effective, responsible manner.
