## **Independent Auditor's Report**

To the Board of Trustees  
Tidehaven Independent School District  
PO Box 129  
El Maton, Texas 77440

### **Report on the Audit of the Financial Statements**

#### **Opinions**

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Tidehaven Independent School District ("the District"), as of and for the year ended August 31, 2024, and the related notes to the financial statements, which collectively comprise the Tidehaven Independent School District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Tidehaven Independent School District, as of August 31, 2024, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Tidehaven Independent School District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Tidehaven Independent School District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, and budgetary comparison information and schedule of the District's proportionate share of the net pension liability and schedule of District pension contributions, and schedule of the District's proportionate share of the net OPEB liability and schedule of District OPEB contributions be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

## Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Tidehaven Independent School District's basic financial statements. The introductory section and combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements. The accompanying other supplementary information is presented for purposes of additional analysis and is also not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements and other supplementary information and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and other supplementary information and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## Other Information Included in the Annual Report

Management is responsible for the other information included in the annual report. The other information as identified in the table of contents comprises the information included in the annual report but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

## Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 25, 2024 on our consideration of Tidehaven Independent School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Tidehaven Independent School District's internal control over financial reporting and compliance.

Respectfully submitted,

## MANAGEMENT'S DISCUSSION AND ANALYSIS

AUGUST 31, 2024

This discussion and analysis of the Tidehaven Independent School District's financial statements provides a narrative overview of the District's financial activities for the fiscal year ended August 31, 2024. The information presented here should be read in conjunction with the basic financial statements and the accompanying notes to those financial statements.

### Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other required supplementary information in addition to the basic financial statements themselves.

**Government-wide financial statements.** The *government-wide financial statements* are designed to provide readers with a broad overview of Tidehaven Independent School District's finances in a manner similar to private sector business. They present the financial picture of the District from an economic resources measurement focus using the accrual basis of accounting. These statements include all assets of the District as well as all liabilities. Additionally, certain eliminations have occurred in regards to interfund activity, payables and receivables.

The *statement of net position* presents information on all of the District's assets and liabilities, with the difference between the two reported as net position. Increases or decreases in net position over time may serve as a useful indicator of whether the financial position of Tidehaven Independent School District is improving or deteriorating.

The *statement of activities* presents information showing how the district's net position changed during the most recent fiscal year using full accrual basis of accounting. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

**Fund financial statements.** A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Tidehaven Independent School District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into two categories: governmental funds and fiduciary funds.

**Governmental funds.** *Governmental funds* are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *current sources and uses of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a district's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the district-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the district's near-term financing decisions. Both the governmental funds balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

**Fiduciary funds.** *Fiduciary funds* are used to account for resources held for the benefit of parties outside the district. Fiduciary funds are not reflected in the district-wide financial statement because the resources of those funds are not available to support the District's own programs. The accounting used for the fiduciary funds is much like that used for proprietary funds. The District is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

AUGUST 31, 2024

**Notes to the financial statements.** The notes provide additional information that is essential to a full understanding of the data provided in the district-wide and fund financial statements.

**Other information.** In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* that further explains and supports the information in the financial statements.

### District-wide Financial Analysis

The District's net position at August 31, 2024 and 2023 are summarized as follows:

	Governmental Activities		
	8/31/2024	8/31/2023	Variance
Current and other assets	\$ 12,352,311	\$ 13,801,410	\$ (1,449,099)
Capital assets	50,895,937	52,313,316	(1,417,379)
Total assets	<u>63,248,248</u>	<u>66,114,726</u>	<u>(2,866,478)</u>
Deferred outflows of resources	<u>3,216,587</u>	<u>3,548,555</u>	<u>(331,968)</u>
Other liabilities	2,265,053	2,308,599	(43,546)
Noncurrent liabilities	39,969,325	41,208,933	(1,239,608)
Total liabilities	<u>42,234,378</u>	<u>43,517,532</u>	<u>(1,283,154)</u>
Deferred inflows of resources	<u>2,926,143</u>	<u>3,316,656</u>	<u>(390,513)</u>
Net position:			
Net investment in capital assets	15,150,158	15,055,134	95,024
Restricted	1,977,868	1,897,017	80,851
Unrestricted	4,176,288	5,876,942	(1,700,654)
Total net position	<u>\$ 21,304,314</u>	<u>\$ 22,829,093</u>	<u>\$ (1,524,779)</u>

Current assets net amount decreased by \$1,449,099 and the decrease was primarily in cash. Cash decline by \$1,190,411, and unrealized expenses (prepaid) account balance decrease by \$124,774, and property tax receivable (net) decreased by \$137,208. Capital assets decrease by \$1,417,379 due to additional property asset of \$380,737, and net current year depreciation amount of \$1,798,116. The aggregate deferred outflow of resources decreased by \$331,968.

Other liability decreased by \$43,546 primarily due to the reduction in accrued liability of \$100,858, and the overall increase of \$75,000 in current year portion debt obligation when compared to prior year. Due to other governments decreased by \$677,425 when compared to prior year. Noncurrent liabilities decreased by \$1,239,608 primarily from \$1,587,403 reduction in principal balance of long term bond obligation. Aggregate Deferred Inflow of Resources decreased by \$390,513.

A portion of the District's net position [71 percent] reflects its investment in capital assets, net of related debt. The District uses capital assets to provide services to students; consequently these assets are not available for future spending. An additional portion of the District's net position [9 percent] represents resources that are subject to external restrictions on how they may be used. The remaining balance [20 percent] of unrestricted net position may be used to meet the District's ongoing obligations to educate the school-age children of Tidehaven ISD.

At the end of the current fiscal year, the District is able to report positive balances in all three categories of net position. The same situation held true for the prior fiscal year.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

AUGUST 31, 2024

**Governmental activities.** Governmental activities decreased the District's net position by \$1,524,780 in current operations compared to the prior year increase of \$548,860. Overall, revenue decreased by \$2,499,774 and expenditures decreased by \$426,134. Key elements of these changes are as follows:

- Except for these eight (8) expense categories, the district had an overall increase in expenditures. These reduction in expenditures when compared to prior year were – Curriculum & staff development (\$4,607); Instructional leadership (\$2,582); Health Services (\$20,373); Food services (\$66,462); General Administration (\$238,291); Interest on long-term debt (\$73,038); Contracted Instr. services between schools (\$1,797,506); and Instructional resources and media (\$16,586).
- Property tax revenue recognition decreased by \$1,829,225 due to the reduced tax rate in property asset evaluation.
- Operating Grants and Contributions decrease by \$822,387 when compared to prior year.
- Grants and Contributions Not Restricted to Specific Program decreased by \$180,543 due to decrease in state funding.

### Financial Analysis of the District's Funds

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Fund accounting and budget controls has been the framework of the District's strong fiscal management and accountability.

**Governmental funds.** The general government functions are reported in the General and Special Revenue Funds. The focus of the District's *governmental funds* is to provide information on current sources, uses, and balances of *spendable* resources. Such information is useful in determining the District's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of the current fiscal year the District's governmental funds reported combined ending fund balances of \$11,471,637, a decrease of \$1,196,596. \$1,259,120 of this total constitutes unassigned fund balance, which is available for spending at the District's discretion. \$7,516,477 represents amounts committed for future construction, upgrades, equipment purchases and use in campus activity funds. \$673,928 of the fund balance is in non-spendable (prepaid items) form that may not be spent, and \$10,000 is endowment principal. The remaining \$2,014,112 is restricted by outside sources to indicate that it is not available for new spending.

The general fund is the chief operating fund of the District. At the end of the current fiscal year, unassigned fund balance of the general fund was \$1,060,410 and total fund balance of \$9,234,338. As a measure of the general fund's liquidity, it may be useful to compare unassigned fund balance to total fund balance, and compare unassigned fund balance to total expenditures. Unassigned fund balance represents 11% of total general fund balance while the unassigned fund balance represents 7% of total general fund expenditures.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

AUGUST 31, 2024

The general fund balance decreased by \$1,328,996 compared to the prior year decrease of \$174,415. Revenue decreased by \$1,510,665 and expenditures decreased by \$356,084.

**General Fund Budgetary Highlights.** The Board of Trustees approved increases to appropriations all through the year.

Actual revenue was under budgetary estimates by \$297,782 and actual expenditures were less than (favorable) appropriations by \$290,694.

### Debt Administration

Debt service activity for the year consisted of debt payment of \$1,495,000 in principal and recognition of net reduction in other debt obligation (amortization of Premium) of \$17,103, and net OPEB liabilities reduction of \$249,147, and an increase of \$596,942 in net pension liability for the fiscal year ended August 31, 2024.

## NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED AUGUST 31, 2024

### A. Summary of Significant Accounting Policies

The basic financial statements of Tidehaven Independent School District (the "District") have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") applicable to governmental units in conjunction with the Texas Education Agency's Financial Accountability System Resource Guide ("Resource Guide"). The Governmental Accounting Standards Board ("GASB") is the accepted standard setting body for establishing governmental accounting and financial reporting principles.

#### 1. Reporting Entity

The Board of School Trustees ("Board"), a seven-member group, has governance responsibilities over all activities related to public elementary and secondary education within the jurisdiction of the District. The Board is elected by the public and has the exclusive power and duty to govern and oversee the management of the public schools of the District. All powers and duties not specifically delegated by statute to the Texas Education Agency ("TEA") or to the State Board of Education are reserved for the Board, and the TEA may not substitute its judgment for the lawful exercise of those powers and duties by the Board. The District receives funding from local, state and federal government sources and must comply with the requirements of those funding entities. However, the District is not included in any other governmental reporting entity and there are no component units included within the District's reporting entity.

#### 2. Basis of Presentation, Basis of Accounting

##### a. Basis of Presentation

Government-wide Financial Statements: The statement of net position and the statement of activities include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. The District does not allocate indirect expenses in the statement of activities. Program revenues include (a) fees, fines, and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the District's funds, with separate statements presented for each fund category. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds.

The District reports the following major governmental funds:

General Fund: This is the District's primary operating fund. It accounts for all financial resources of the District except those required to be accounted for in another fund.

Debt Service Fund: A government fund, with budgetary control, that must be used to account for general long-term debt principal and interest for debt issues and other long-term debts for which a tax has been dedicated.

In addition, the District reports the following fund types:

Private-Purpose Trust Funds: These funds are used to report trust arrangements under which principal and income benefit individuals, private organizations, or other governments not reported in other fiduciary fund types.

# TIDEHAVEN INDEPENDENT SCHOOL DISTRICT

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED AUGUST 31, 2024

Custodial Funds: These funds are used to report student activity funds and other resources held in a purely custodial capacity. Custodial funds typically involve only the receipt, temporary investment, and remittance of the fiduciary resources to individuals, private organizations, or other governments.

Fiduciary funds are reported in the fiduciary fund financial statements. However, because their assets are held in a trustee or custodial capacity and are therefore not available to support District programs, these funds are not included in the government-wide statements.

### b. Measurement Focus, Basis of Accounting

Government-wide and Fiduciary Fund Financial Statements: These financial statements are reported using the economic resources measurement focus. They are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the District gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental Fund Financial Statements: Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The District considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Revenues from local sources consist primarily of property taxes. Property tax revenues and revenues received from the State are recognized under the susceptible-to-accrual concept. Miscellaneous revenues are recorded as revenue when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned, since they are both measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under lease contracts and subscription-based information technology arrangements are reported as other financing sources.

When the District incurs an expenditure or expense for which both restricted and unrestricted resources may be used, it is the District's policy to use restricted resources first, then unrestricted resources.

### 3. Financial Statement Amounts

#### a. Cash and Cash Equivalents

For purposes of the statement of cash flows, highly liquid investments are considered to be cash equivalents if they have a maturity of three months or less when purchased.

#### b. Property Taxes

Property taxes are levied by October 1 on the assessed value listed as of the prior January 1 for all real and business personal property in conformity with Subtitle E, Texas Property Tax Code. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed. On January 1 of each year, a tax lien attaches to property to secure the payment of all taxes, penalties, and interest ultimately imposed. Property tax revenues are considered available when they become due or past due and receivable within the current period.

Allowances for uncollectible tax receivables within the General and Debt Service Funds are based upon historical experience in collecting property taxes. Uncollectible personal property taxes are periodically reviewed and written off, but the District is prohibited from writing off real property taxes without specific statutory authority from the Texas Legislature.

# TIDEHAVEN INDEPENDENT SCHOOL DISTRICT

## NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED AUGUST 31, 2024

c. Inventories and Prepaid Items

Inventories of supplies on the balance sheet are stated at weighted average cost, while inventories of food commodities are recorded at market values supplied by the Texas Department of Human Services. Inventory items are recorded as expenditures when they are consumed. Supplies are used for almost all functions of activity, while food commodities are used only in the food service program. Although commodities are received at no cost, their fair market value is supplied by the Texas Department of Human Services and recorded as inventory and deferred revenue when received. When requisitioned, inventory and deferred revenue are relieved, expenditures are charged, and revenue is recognized for an equal amount. Inventories also include plant maintenance and operation supplies as well as instructional supplies.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

d. Capital Assets

Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets are recorded at their estimated fair value at the date of the donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized. A capitalization threshold of \$5,000 is used.

Capital assets are being depreciated using the straight-line method over the following estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful Lives</u>
Buildings	50
Building Improvements	20
Vehicles	3-15
Furniture and Equipment	5-10
Computer Equipment	3-15

e. Deferred Outflows and Inflows of Resources

In addition to assets, the statements of financial position (the government-wide Statement of Net Position and governmental funds balance sheet) will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position and/or fund balance that applies to one or more future periods and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statements of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to one or more future periods and so will not be recognized as an inflow of resources (revenue) until that time.

f. Receivable and Payable Balances

The District believes that sufficient detail of receivable and payable balances is provided in the financial statements to avoid the obscuring of significant components by aggregation. Therefore, no disclosure is provided which disaggregates those balances.

There are no significant receivables which are not scheduled for collection within one year of year end.

# TIDEHAVEN INDEPENDENT SCHOOL DISTRICT

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED AUGUST 31, 2024

g. Interfund Activity

Interfund activity results from loans, services provided, reimbursements or transfers between funds. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures or expenses. Reimbursements occur when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers In and Transfers Out are netted and presented as a single "Transfers" line on the government-wide statement of activities. Similarly, interfund receivables and payables are netted and presented as a single "Internal Balances" line of the government-wide statement of net position.

h. Use of Estimates

The preparation of financial statements in conformity with GAAP requires the use of management's estimates.

i. Data Control Codes

Data Control Codes appear in the rows and above the columns of certain financial statements. The TEA requires the display of these codes in the financial statements filed with TEA in order to ensure accuracy in building a statewide database for policy development and funding plans.

j. Fund Balances - Governmental Funds

Fund balances of the governmental funds are classified as follows:

**Nonspendable Fund Balance** - represents amounts that cannot be spent because they are either not in spendable form (such as inventory or prepaid insurance) or legally required to remain intact (such as notes receivable or principal of a permanent fund).

**Restricted Fund Balance** - represents amounts that are constrained by external parties, constitutional provisions or enabling legislation.

**Committed Fund Balance** - represents amounts that can only be used for a specific purpose because of a formal action by the District's Board of Trustees. Committed amounts cannot be used for any other purpose unless the Board of Trustees removes those constraints by taking the same type of formal action. Committed fund balance amounts may be used for other purposes with appropriate due process by the Board of Trustees. Commitments are typically done through adoption and amendment of the budget. Committed fund balance amounts differ from restricted balances in that the constraints on their use do not come from outside parties, constitutional provisions, or enabling legislation.

**Assigned Fund Balance** - represents amounts which the District intends to use for a specific purpose, but that do not meet the criteria to be classified as restricted or committed. Intent may be stipulated by the Board of Trustees or by an official or body to which the Board of Trustees delegates the authority. Specific amounts that are not restricted or committed in a special revenue, capital projects, debt service or permanent fund are assigned for purposes in accordance with the nature of their fund type or the fund's primary purpose. Assignments within the general fund convey that the intended use of those amounts is for a specific purpose that is narrower than the general purposes of the District itself.

**Unassigned Fund Balance** - represents amounts which are unconstrained in that they may be spent for any purpose. Only the general fund reports a positive unassigned fund balance. Other governmental funds might report a negative balance in this classification because of overspending for specific purposes for which amounts had been restricted, committed or assigned.

## NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED AUGUST 31, 2024

k. Net Position Flow Assumption

Sometimes the District will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

l. Fund Balance Flow Assumptions

Sometimes the District will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the District's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

4. Pensions

The fiduciary net position of the Teacher Retirement System of Texas (TRS) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, and information about assets, liabilities and additions to/deductions from TRS fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

5. Other Post-Employment Benefits

The fiduciary net position of the Teacher Retirement System of Texas (TRS) TRS-Care Plan has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to other post-employment benefits, OPEB expense, and information about assets, liabilities and additions to / deductions from TRS-Care's fiduciary net position. Benefit payments are recognized when due and payable in accordance with the benefit terms. There are no investments as this is a pay-as-you-go plan and all cash is held in a cash account.

6. Implementation of New Standards

In the current fiscal year, the District did not implement any new standards from the Governmental Accounting Standards Board (GASB).

### **B. Deposits and Investments**

The District's funds are required to be deposited and invested under the terms of a depository contract. The depository bank deposits for safekeeping and trust with the District's agent bank approved pledged securities in an amount sufficient to protect District funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit Insurance Corporation ("FDIC") insurance.

1. Cash Deposits:

At August 31, 2024, the carrying amount of the District's deposits (cash, certificates of deposit, and interest-bearing savings accounts included in temporary investments) was \$11,236,393 and the bank balance was \$11,383,938. The District's cash deposits at August 31, 2024 and during the year ended August 31, 2024, were entirely covered by FDIC insurance or by pledged collateral held by the District's agent bank in the District's name.

## NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED AUGUST 31, 2024

In addition, the following is disclosed regarding coverage of combined balances on the date of highest deposit:

- a. Depository: \$19,160,499
- b. The market value of securities pledged as of the date of the highest combined balance on deposit was \$20,594,910
- c. The highest combined balances of cash, savings and time deposit accounts amounted to \$18,906,209 and occurred during the month of February 2024.
- d. Total amount of FDIC coverage at the time of the largest combined balance was \$250,000.

### 2. Investments:

The District is required by Government Code Chapter 2256, The Public Funds Investment Act, to adopt, implement, and publicize an investment policy. That policy must address the following areas: (1) safety of principal and liquidity, (2) portfolio diversification, (3) allowable investments, (4) acceptable risk levels, (5) expected rates of return, (6) maximum allowable stated maturity of portfolio investments, (7) maximum average dollar-weighted maturity allowed based on the stated maturity date for the portfolio, (8) investment staff quality and capabilities, and (9) bid solicitation preferences for certificates of deposit.

The Public Funds Investment Act ("Act") requires an annual audit of investment practices. Audit procedures in this area conducted as a part of the audit of the basic financial statements disclosed that in the areas of investment practices, management reports and establishment of appropriate policies, the District adhered to the requirements of the Act. Additionally, investment practices of the District were in accordance with local policies.

The Act determines the types of investments which are allowable for the District. These include, with certain restrictions, 1) obligations of the U.S. Treasury, U.S. agencies, and the State of Texas, 2) certificates of deposit, 3) certain municipal securities, 4) securities lending program, 5) repurchase agreements, 6) bankers acceptances, 7) mutual funds, 8) investment pools, 9) guaranteed investment contracts, and 10) commercial paper.

As at August 31, 2024, the District did not own any investments as defined above.

### C. Disaggregated Receivables

Receivables as of the year end for the District's individual major funds and nonmajor funds in the aggregate, including applicable allowances for uncollectible accounts, are as follows:

	General Fund	Debt Service Fund	Nonmajor Other Funds	Totals
Property Taxes	\$ 540,843	\$ 101,594	\$ --	\$ 642,437

### F. Risk Management

The District is exposed to various risks of loss related to torts, theft, damage or destruction of assets, errors and omissions, injuries to employees, and natural disasters. During fiscal year 2024, the District purchased commercial insurance to cover general liabilities. There were no significant reductions in coverage in the past fiscal year and there were no settlements exceeding insurance coverage for each of the past three fiscal years.

#### Property/Liability Program

During the year ended August 31, 2024, Tidehaven ISD participated in the TASB Risk Management Fund's (the Fund's) Property and Liability Programs with coverage in:

- Auto Liability
- Auto Physical Damage
- Equipment Breakdown
- Crime
- General Liability
- Property
- Sexual Misconduct Endorsement
- SP Legal Liability

## NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED AUGUST 31, 2024

The Fund was created and is operated under the provision of the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code. All members participating in the Fund execute Interlocal Agreements that define the responsibilities of the parties. The Fund purchases stop-loss coverage for protection against catastrophic and larger than anticipated claims for the Property Casualty Program. The terms and limits of the stop-loss program vary by line of coverage. The Fund uses the services of an independent actuary to determine the adequacy of reserves and fully funds those reserves. For the year ended August 31, 2023, the Fund anticipates Tidehaven ISD has no additional liability beyond the contractual obligations for payment of contributions. The Fund engages the services of an independent auditor to conduct a financial audit after the close of each plan year on August 31. The audit is accepted by the Fund's Board of Trustees in February of the following year. The Fund's audited financial statements as of August 31, 2023, are available at the TASB offices and have been filed with the Texas Department of Insurance in Austin.

### Workers' Compensation Pool

During the year ended August 31, 2024, Tidehaven ISD met its statutory workers' compensation obligations through participation in the TASB Risk Management Fund (the Fund). The Fund was created and is operated under the provisions of the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code. The Fund's Workers' Compensation Program is authorized by Chapter 504, Texas Labor Code. All members participating in the Fund execute Interlocal Agreements that define the responsibilities of the parties. The Fund provides statutory workers' compensation benefits to its members and their injured employees. The Fund and its members are protected against higher than expected claims costs through the purchase of stop loss coverage for any claim in excess of the Fund's self-insured retention of \$1.7 million. The Fund uses the services of an independent actuary to determine reserve adequacy and fully funds those reserves. For the year-ended August 31, 2024, the Fund anticipates no additional liability to members beyond their contractual obligations for payment of contributions. The Fund engages the services of an independent auditor to conduct a financial audit after the close of each plan year on August 31. The audit is accepted by the Fund's Board of Trustees in February of the following year. The Fund's audited financial statements as of August 31, 2023, are available at the TASB offices and have been filed with the Texas Department of Insurance in Austin.

## G. Pension Plan

### 1. Plan Description

The District participates in a cost-sharing multiple-employer defined benefit pension that has a special funding situation. The plan is administered by the Teacher Retirement System of Texas (TRS). It is a defined benefit pension plan established and administered in accordance with the Texas Constitution, Article XVI, Section 67, and Texas Government Code, Title 8, Subtitle C. The pension trust fund is a qualified pension trust under section 401(a) of the Internal Revenue Code. The Texas Legislature establishes benefits and contribution rates within the guidelines of the Texas Constitution. The pension's Board of Trustees does not have the authority to establish or amend benefit terms.

All employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard workload and who are not exempted from membership under Texas Government Code, Title 8, Section 822.002 are covered by the system.

### 2. Pension Plan Fiduciary Net Position

Detailed information about the Teacher Retirement System's fiduciary net position is available in a separately issued Annual Comprehensive Financial Report (ACFR) that includes financial statements and required supplementary information. That report may be obtained on the Internet at [https://www.trs.texas.gov/Pages/about\\_archive\\_cafr.aspx](https://www.trs.texas.gov/Pages/about_archive_cafr.aspx); by writing to TRS at 1000 Red River Street, Austin, TX, 78701-2698; or by calling (512) 542-6592.

### 3. Benefits Provided

TRS provides service and disability retirement, as well as death and survivor benefits, to eligible employees (and their beneficiaries) of public and higher education in Texas. The pension formula is calculated using 2.3 percent (multiplier) times the average of the five highest annual creditable salaries times years of credited service to arrive at the annual standard annuity, except for members who are grandfathered where the three

## NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED AUGUST 31, 2024

highest annual salaries are used. The normal service retirement is at age 65 with 5 years of credited service or when the sum of the member's age and years of credited service equals 80 or more years. Early retirement is at age 55 with 5 years of service credit or earlier than 55 with 30 years of service credit. There are additional provisions for early retirement if the sum of the member's age and years of service credit total at least 80, but the member is less than age 60 or 62 depending on date of employment, or if the member was grandfathered in under a previous rule. There are no automatic post-employment benefit changes; including automatic cost of living adjustments (COLAs). Ad hoc post-employment benefit changes, including ad hoc COLAs can be granted by the Texas Legislature as previously noted in the Plan description in (1) above.

Texas Government Code section 821.006 prohibits benefit improvements, if, as a result of the particular action, the time required to amortize TRS unfunded actuarial liabilities would be increased to a period that exceeds 31 years, or, if the amortization period already exceeds 31 years, the period would be increased by such action. Actuarial implications of the funding provided in the manner are determined by the System's actuary.

#### 4. Contributions

Contribution requirements are established or amended pursuant to Article 16, Section 67 of the Texas Constitution which requires the Texas legislature to establish a member contribution rate of not less than 6 percent of the member's annual compensation and a state contribution rate of not less than 6 percent and not more than 10 percent of the aggregate annual compensation paid to members of the System during the fiscal year.

Employee contribution rates are set in state statute, Texas Government Code 825.402. The TRS Pension Reform Bill (Senate Bill 12) of the 86th Texas Legislature amended Texas Government Code 825.402 for member contributions and increased employee and employer contribution rates for fiscal years 2020 thru 2025.

	<u>Contribution Rates</u>	
	<u>2023</u>	<u>2024</u>
Member	8.0%	8.0%
Non-Employer Contributing Entity (State)	8.0%	8.0%
Employers	8.0%	8.0%
District's 2024 Employer Contributions	\$ 315,556	\$ 345,655
District's 2024 Member Contributions	\$ 633,337	\$ 682,790
2023 NECE On-Behalf Contributions (State)	\$ 395,895	\$ 420,522

Contributors to the plan include members, employers and the State of Texas as the only non-employer contributing entity. The State is the employer for senior colleges, medical schools and state agencies including TRS. In each respective role, the State contributes to the plan in accordance with state statutes and the General Appropriations Act (GAA).

As the non-employer contributing entity for public education and junior colleges, the State of Texas contributes to the retirement system an amount equal to the current employer contribution rate times the aggregate annual compensation of all participating members of the pension trust fund during that fiscal year reduced by the amounts described below which are paid by the employers. Employers (public school, junior college, other entities or the State of Texas as the employer for senior universities and medical schools) are required to pay the employer contribution rate in the following instances:

- On the portion of a member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code.
- During a new member's first 90 days of employment.
- When any or all of an employee's salary is paid by federal, private, local or non-educational and general funds
- When the employing district is a public junior college or junior college district, the employer shall contribute to the retirement system an amount equal to 50 percent of the state contribution rate for certain instructional or administrative employees and 100 percent of the state contribution rate for all other employees.

# TIDEHAVEN INDEPENDENT SCHOOL DISTRICT

## NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED AUGUST 31, 2024

Employers are also required to pay surcharges in the following cases:

- All public schools, charter schools and regional educational service centers must contribute 1.8 percent of the member's salary beginning in fiscal year 2023, gradually increasing to 2 percent in fiscal year 2025.
- When employing a retiree of the TRS, the employer shall pay an amount equal to the member contribution and the state contribution as an employment after retirement surcharge.

### 5. Actuarial Assumptions

The actuarial valuation was performed as of August 31, 2022. Update procedures were used to roll forward the total pension liability to August 31, 2023.

Valuation Date	August 31, 2022 rolled forward to August 31, 2023
Actuarial Cost Method	Individual Entry Age Normal
Asset Valuation Method	Fair Value
Single Discount Rate	7.00%
Long-term expected Investment Rate of Return	7.00%
Municipal Bond Rate as of August 2022	4.13% *
Last year ending August 31 in Projection Period	2022
Inflation	2.30%
Salary Increases including inflation	2.95% to 8.95%
Ad hoc post-employment benefit changes	None

\* The source for the rate is the Fixed Income Market Data/Yield Curve/Data Municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity Index's "20-Year Municipal GO AA Index"

The actuarial assumptions used in the determination of the total pension liability are the same assumptions used in the actuarial valuation as of August 31, 2022. For a full description of these assumptions, please see the actuarial valuation report dated November 22, 2022.

### 6. Discount Rate

A single discount rate of 7.00 percent was used to measure the total pension liability. The single discount rate was based on the expected rate of return on plan investments of 7.00 percent. The projection of cash flows used to determine this single discount rate assumed that contributions from active members, employers and the non-employer contributing entity will be made at the rates set by the legislature during the 2019 legislative session. It is assumed that future employer and state contributions will be 9.50 percent of payroll in fiscal year 2024 increasing to 9.56 percent in fiscal year 2025 and thereafter. This includes all employer and state contributions for active and rehired retirees.

Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The long-term expected rate of return on pension plan investments is 7.00 percent. The long-term expected rate of return on plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class included in the System's target asset allocation as of August 31, 2023 are summarized below:

## NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED AUGUST 31, 2024

At August 31, 2024, the District reported a liability of \$4,152,401 for its proportionate share of the TRS net pension liability. This liability reflects a reduction for State pension support provided to the District. The amount recognized by the District as its proportionate share of the net pension liability, the related State support, and the total portion of the net pension liability that was associated with the District are as follows:

District's proportionate share of the collective net pension liability	\$ 4,152,401
State's proportionate share that is associated with District	<u>5,619,547</u>
Total	<u>\$ 9,771,948</u>

The net pension liability was measured as of August 31, 2022 and rolled forward to August 31, 2023 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The District's proportion of the net pension liability was based on the District's contributions to the pension plan relative to the contributions of all employers to the plan for the period September 1, 2022 thru August 31, 2023.

At the measurement date of August 31, 2023 the employer's proportion of the collective net pension liability was 0.0060451013 percent which was an increase (decrease) of 0.0000561961 percent from its proportion measured as of August 31, 2022.

### 9. Changes Since the Prior Actuarial Valuation

There were no changes in assumptions since the prior measurement date.

For the year ended August 31, 2024, the District recognized pension expense of \$1,755,163 and revenue of \$848,503 for support provided by the State.

At August 31, 2024, the District reported its proportionate share of the TRS deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between Expected and Actual Actuarial Experience	\$ 147,951	\$ 50,281
Changes in Actuarial Assumptions	392,736	96,111
Difference Between Projected and Actual Investment Earnings	604,275	--
Changes in Proportion and Difference between District's Contributions and the Proportionate Share of Contributions	441,996	11,491
Contributions paid to TRS subsequent to the measurement date of the Net Pension Liability (to be calculated by employer)	345,655	--
Total	<u>\$ 1,932,613</u>	<u>\$ 157,883</u>

The net amounts of the District's balances of deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended August 31,	Pension Expense Amount
2025	\$ 387,572
2026	\$ 243,100
2027	\$ 579,903

## NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED AUGUST 31, 2024

### H. Defined Other Post-Employment Benefit Plans

#### 1. Plan Description

The District participates in the Texas Public School Retired Employees Group Insurance Program (TRS-Care). It is a multiple-employer, cost-sharing defined Other Post-Employment Benefit (OPEB) plan with a special funding situation. The TRS-Care program was established in 1986 by the Texas Legislature.

The TRS Board of Trustees administers the TRS-Care program and the related fund in accordance with Texas Insurance Code Chapter 1575. The Board of Trustees is granted the authority to establish basic and optional group insurance coverage for participants as well as to amend benefit terms as needed under Chapter 1575.052. The Board may adopt rules, plans, procedures, and orders reasonably necessary to administer the program, including minimum benefits and financing standards.

#### 2. OPEB Plan Fiduciary Net Position

Detail information about the TRS-Care's fiduciary net position is available in the separately issued TRS Annual Comprehensive Financial Report that includes financial statements and required supplementary information. That report may be obtained on the Internet at [https://www.trs.texas.gov/Pages/about\\_archive\\_cafr.aspx](https://www.trs.texas.gov/Pages/about_archive_cafr.aspx); by writing to TRS at 1000 Red River Street, Austin, TX 78701-2698; or by calling (512) 542-6592.

#### 3. Benefits Provided

TRS-Care provides health insurance coverage to retirees from public and charter schools, regional education service centers and other educational districts who are members of the TRS pension plan. Optional dependent coverage is available for an additional fee.

Eligible non-Medicare retirees and their dependents may enroll in TRS-Care Standard, a high-deductible health plan. Eligible Medicare retirees and their dependents may enroll in the TRS-Care Medicare Advantage medical plan and the TRS-Care Medicare Rx prescription drug plan. To qualify for TRS-Care coverage, a retiree must have at least 10 years of service credit in the TRS pension system. There are no automatic post-employment benefit changes; including automatic COLAs.

The premium rates for retirees are reflected in the following table.

TRS-Care Monthly Premium Rates		
	Medicare	Non-Medicare
Retiree or Surviving Spouse	\$ 135	\$ 200
Retiree and Spouse	529	689
Retiree or Surviving Spouse and Children	468	408
Retiree and Family	1,020	999

#### 4. Contributions

Contribution rates for the TRS-Care plan are established in State Statute by the Texas Legislature, and there is no continuing obligation to provide benefits beyond each fiscal year. The TRS-Care plan is currently funded on a pay-as-you-go basis and is subject to change based on available funding. Funding for TRS-Care is provided by retiree premium contributions and contributions from the state, active employees, and participating employers are based on active employee compensation. The TRS board does not have the authority to set or amend contribution rates.

Section 1575.202 of the Texas Insurance Code establishes the State's contribution rate which is 1.25 percent of the employee's salary. Section 1575.203 establishes the active employee's rate which is 0.65 percent of Salary. Section 1575.204 establishes a public school contribution rate of not less than 0.25 percent or not more than 0.75 percent of the salary of each active employee of the employer. The actual public school contribution rate is

**TIDEHAVEN INDEPENDENT SCHOOL DISTRICT**

**NOTES TO THE FINANCIAL STATEMENTS**

**FOR THE YEAR ENDED AUGUST 31, 2024**

prescribed by the Legislature in the General Appropriations Act, which is 0.75 percent of each active employee's pay for fiscal year 2023. The following table shows contributions to the TRS-Care plan by type of contributor.

Contribution Rates		
	<u>2023</u>	<u>2024</u>
Active Employee	0.65%	0.65%
Non-Employer Contributing Entity (State)	1.25%	1.25%
Employers	0.75%	0.75%
Federal/Private Funding remitted by Employers	1.25%	1.25%

The contribution amounts for the District's fiscal year 2024 are as follows:

District's 2024 Employer Contributions	\$	67,934	\$	72,971
District's 2024 Member Contributions	\$	633,337	\$	682,790
2023 NECE On-Behalf Contributions (state)	\$	82,969	\$	81,972

All employers whose employees are covered by the TRS pension plan are also required to pay a surcharge of \$535 per month when employing a retiree of TRS. The TRS-Care surcharges for fiscal year 2023 totaled \$14,548,344.

A supplemental appropriation was received in 2023 for \$21.3 million provided by Rider 14 of the Senate Bill GAA of the 87th Legislature. These amounts were re-appropriated from amounts received by the pension and TRS-Care funds in excess of the state's actual obligation and then transferred to TRS-Care.

**5. Actuarial Assumptions**

The actuarial valuation was performed as of August 31, 2022. Update procedures were used to roll forward the Total OPEB Liability to August 31, 2021.

The actuarial valuation of the OPEB plan offered through TRS-Care is similar to the actuarial valuation performed for the pension plan, except that the OPEB valuation is more complex. The following assumptions used for the valuation of the TRS-Care OPEB liability are identical to the assumptions employed in the August 31, 2021 TRS pension actuarial valuation that was rolled forward to August 31, 2022:2023

Rates of Mortality	General Inflation
Rates of Retirement	Wage Inflation
Rates of Termination	
Rates of Disability	

The active mortality rates were based on PUB(2010), Amount-Weighted, Below-Median Income, Teacher male and female tables (with a two-year set forward for males). The post-retirement mortality rates for healthy lives were based on the 2021 TRS of Texas Healthy Pensioner Mortality Tables. The rates were projected on a fully generational basis using the ultimate improvement rates from mortality projection scale MP-2021.

The following methods and additional assumptions were used in the TRS-Care OPEB valuation:

# TIDEHAVEN INDEPENDENT SCHOOL DISTRICT

## NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED AUGUST 31, 2024

Valuation Date	August 31, 2022 rolled forward to August 31, 2023
Actuarial Cost Method	Individual Entry-Age Normal
Inflation	2.30%
Single Discount Rate	4.13% as of August 31, 2023
Aging Factors	Based on plan specific experience
Expenses	Third-party administrative expenses related to the delivery of health care benefits are included in the the age-adjusted claims costs.
Salary Increases	2.95% to 8.95%, including inflation
Election Rates	Normal Retirement - 65% participation rate prior to age 65 and 40% participation rate after age 65. Pre-65 retirees - 25% are assumed to discontinue coverage at age 65.
Ad Hoc Post-Employment Benefit Changes	None

The initial medical trend rates were 7.75 percent for Medicare retirees and 7.00 percent for non-Medicare retirees. The initial prescription drug trend rate was 7.75 percent for all retirees. The initial trend rates decrease to an ultimate trend rate of 4.25 percent over a period of 12 years.

### 6. Discount Rate

A single discount rate of 4.13 percent was used to measure the Total OPEB Liability. This was an increase of 0.22 percent in the discount rate since the previous year. Since the plan is a pay-as-you-go plan, the single discount rate is equal to the prevailing municipal bond rate. The projection of cash flows used to determine the discount rate assumed that contributions from active members and those of the contributing employers and the non-employer contributing entity are made at the statutorily required rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to not be able to make all future benefit payments of current plan members. Therefore, the municipal bond rate was used for the long-term rate of return and was applied to all periods of projected benefit payments to determine the total OPEB liability.

The source for the municipal bond rate is the Fixed Income Municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in the Fidelity "20-Year Municipal GO AA Index", as of August 31, 2023.

### 7. Discount Rate Sensitivity Analysis

The following schedule shows the impact of the Net OPEB Liability if the discount rate used was 1 percentage point lower than and 1 percentage point higher than the discount rate that was used (4.13%) in measuring the Net OPEB Liability.

	1% Decrease in Discount Rate (3.13%)	Current Single Discount Rate (4.13%)	1% Increase in Discount Rate (5.13%)
District's proportionate share of the Net OPEB Liability:	\$ 2,041,911	\$ 1,733,678	\$ 1,482,152

### 8. OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEBs

At August 31, 2024, the District reported a liability of \$1,733,678 for its proportionate share of the TRS's Net OPEB liability. This liability reflects a reduction for State OPEB support provided to the District. The amount recognized by the District as its proportionate share of the net OPEB liability, the related State support, and the total portion of the Net OPEB Liability that was associated with the District were as follows:

# TIDEHAVEN INDEPENDENT SCHOOL DISTRICT

## NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED AUGUST 31, 2024

District's proportionate share of the collective net OPEB liability	\$ 1,733,678
State's proportionate share that is associated with the District	\$ <u>2,091,948</u>
Total	\$ <u><u>3,825,626</u></u>

The Net OPEB liability was measured as of August 31, 2022 and rolled forward to August 31, 2023 and the Total OPEB Liability used to calculate the Net OPEB Liability was determined by an actuarial valuation as of that date. The District's proportion of the Net OPEB Liability was based on the District's contributions to OPEB relative to the contributions of all employers to the plan for the period September 1, 2022 thru August 31, 2023.

At August 31, 2024 the District's proportion of the collective net OPEB liability was 0.0078311214, which was an increase (decrease) of 0.0004499719% from its proportion measured as of August 31, 2022.

The following schedule shows the impact of the Net OPEB Liability if a healthcare trend rate that is 1 percent less than and 1 percent greater than the health trend rates assumed.

District's proportionate share of Net OPEB Liability:	\$ 1,427,597	\$ 1,733,678	\$ 2,127,452

### 9. Changes Since the Prior Actuarial Valuation

The following were changes to the actuarial assumptions or other inputs that affected measurement of the Total OPEB liability (TOL) since the prior measurement period:

- The discount rate was changed from 3.91 percent as of August 31, 2022 to 4.13 percent as of August 31, 2023. This change decreased the Total OPEB Liability.

Changes of Benefit Terms Since the Prior Measurement Date - There were no changes in benefit terms since the prior measurement date.

At August 31, 2024, the District reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to other post-employment benefits from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	\$ 78,436	\$ 1,458,561
Changes in actuarial assumptions	236,634	1,061,577

## NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED AUGUST 31, 2024

The net amounts of the District's balances of deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended August 31:	OPEB Expense Amount
2025	\$ (343,088)
2026	\$ (263,571)
2027	\$ (155,919)
2028	\$ (219,599)
2029	\$ (221,537)
Thereafter	\$ (353,543)

For the year ended August 31, 2024, the District recognized OPEB expense of \$(645,998) and revenue of \$(447,214) for support provided by the State.

### 10. Medicare Part D Subsidies

The Medicare Prescription Drug, Improvement, and Modernization Act of 2003, which was effective January 1, 2006, established prescription drug coverage for Medicare beneficiaries known as Medicare Part D. One of the provisions of Medicare Part D allows for the Texas Public School Retired Employee Group Insurance Program (TRS-Care) to receive retiree drug subsidy payments from the federal government to offset certain prescription drug expenditures for eligible TRS-Care participants. For the fiscal year ended August 31, 2024, the subsidy payment received by TRS-Care on behalf of the District was \$44,468.

### I. Employee Health Care Coverage

During the year ended August 31, 2024, employees of the District were covered by a health insurance plan (the Plan). The District paid premiums of per pay period per employee and dependents to the Plan. The Plan was authorized by Article 3.51-2, Texas Insurance Code and was documented by contractual agreement.

The contract between the District and the licensed insurer is renewable, and terms of coverage and premium costs are included in the contractual provisions.

Latest financial statements for the are available for the year ended, have been filed with the Texas State Board of Insurance, Austin, Texas, and are public records.

### J. Commitments and Contingencies

#### 1. Contingencies

The District participates in grant programs which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the District has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectibility of any related receivable may be impaired. In the opinion of the District, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying basic financial statements for such contingencies.

#### 2. Litigation

No reportable litigation was pending against the District at August 31, 2024.

### K. Shared Services Arrangements

The District participates in a shared services arrangement ("SSA") for state special education with the following school districts:

Member Districts  
 Palacios ISD  
 Van Vleck ISD  
 Matagorda ISD  
 Tidehaven ISD

The District does not account for revenues or expenditures in this program and does not disclose them in these financial statements. The District neither has a joint ownership interest in fixed assets purchased by the fiscal agent, Van Vleck ISD nor does the District have a net equity interest in the fiscal agent. The fiscal agent is neither accumulating significant financial resources nor fiscal exigencies that would give rise to a future additional benefit or burden to the District. The fiscal agent manager is responsible for all financial activities of the SSA. The financial report for this SSA may be obtained by writing Van Vleck ISD, 142 South Fourth Street, Van Vleck, TX 77482.

### L. Fund Balance

#### Committed Fund Balances

The Board of Trustees committed funds in the campus activities special revenue fund for use at the campus level and general funds for various construction projects, bus purchases and technology upgrades.

#### Restricted Fund Balances

Restricted fund balances in the special revenue funds represent amounts restricted for state and federal grants as well as amounts restricted by donors. Fund balance in the capital projects represents bond funds restricted for capital acquisitions and contracts.

#### Nonspendable Fund Balances

Nonspendable fund balance in the general fund represents the prepayment of expenditures that will be budgeted next year. The nonspendable in other governmental funds represents a permanent endowment in which only the earnings may be spent as determined by the donor.

### M. Disaggregated Revenue

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION  
FOR THE YEAR ENDED AUGUST 31, 2024

## Budget

The official budget was prepared for adoption for all Governmental Fund Types. The budget was prepared in accordance with accounting practices generally accepted in the United States of America. The following procedures are followed in establishing the budgetary data.:

- a. Prior to August 21 of the preceding fiscal year, the District prepares a budget for the next succeeding fiscal year. The operating budget includes proposed expenditures and the means of financing them.
- b. A meeting of the Board is then called for the purpose of adopting the proposed budget after ten days' public notice of the meeting has been given.
- c. Prior to the beginning of the fiscal year, the budget is legally enacted through passage of a resolution by the board.

Once a budget is approved, it can be amended at function and fund level only by approval of a majority of the members of the Board. Amendments are presented to the Board at its regular meetings.

Each amendment must have Board approval. Such amendments are made before the fact, are reflected in the official minutes of the Board and are not made after fiscal year end as required by law.

Each amendment is controlled by the budget coordinator at the revenue and expenditure function/object level. Budgeted amounts are as amended by the Board. All budget appropriations lapse at year end.

Encumbrances for goods or purchased services are documented by purchase orders or contracts. Under Texas law, appropriations lapse at August 31, and encumbrances outstanding at that time are to be either cancelled or appropriately provided for in the subsequent year's budget. There were no end-of-year outstanding encumbrances that were provided for in the subsequent year's budget.

## Defined Benefit Pension Plan

### *Changes of benefit terms*

There were no changes of benefit terms that affected measurement of the total pension liability during the measurement period.

### *Changes of assumptions*

There were no changes of assumptions or other inputs that affected measurement of the total pension liability during the measurement period.

## Other Post-Employment Benefit Plan

### *Changes of benefit terms*

There were no changes of benefit terms that affected measurement of the total OPEB liability during the measurement period.

### *Changes of assumptions*

There were no changes of assumptions or other inputs that affected measurement of the total OPEB liability during the measurement period.

*Combining Statements and Budget Comparisons  
as Supplementary Information*

This supplementary information includes financial statements and schedules not required by the Governmental Accounting Standards Board, nor a part of the basic financial statements, but are presented for purposes of additional analysis.

Independent Auditor's Report on Internal Control over Financial Reporting and  
On Compliance and Other Matters Based on an Audit of Financial Statements  
Performed In Accordance With Government Auditing Standards

Board of Trustees  
Tidehaven Independent School District  
PO Box 129  
El Maton, Texas 77440

Members of the Board of Trustees:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Tidehaven Independent School District, as of and for the year ended August 31, 2024, and the related notes to the financial statements, which collectively comprise Tidehaven Independent School District's basic financial statements, and have issued our report thereon dated October 25, 2024.

## **Report on Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Tidehaven Independent School District's internal control over financial reporting (internal control) as a basis for designing procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Tidehaven Independent School District's internal control. Accordingly, we do not express an opinion on the effectiveness of Tidehaven Independent School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of Tidehaven Independent School District's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

## Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Tidehaven Independent School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Tidehaven Independent School District's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Tidehaven Independent School District's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

## Independent Auditor's Report on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance in Accordance with the Uniform Guidance

Board of Trustees  
Tidehaven Independent School District  
PO Box 129  
El Maton, Texas 77440

Members of the Board of Trustees:

### **Report on Compliance for Each Major Federal Program**

#### ***Opinion on Each Major Federal Program***

We have audited Tidehaven Independent School District's compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of Tidehaven Independent School District's major federal programs for the year ended August 31, 2024. Tidehaven Independent School District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Tidehaven Independent School District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2024.

#### ***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Tidehaven Independent School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Tidehaven Independent School District's compliance with the compliance requirements referred to above.

## ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Tidehaven Independent School District's federal programs.

## ***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Tidehaven Independent School District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Tidehaven Independent School District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, w

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Tidehaven Independent School District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Tidehaven Independent School District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Tidehaven Independent School District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

## **Report on Internal Control Over Compliance**

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Respectfully submitted,

### *NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED AUGUST 31, 2024*

#### Basis of Presentation

The accompanying schedule of expenditures of federal awards ("the Schedule") includes the federal grant activity of Tidehaven Independent School District. The information in the Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200 *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"). Therefore, some amounts may differ from amounts presented in, or used in the preparation of, the basic financial statements.

#### Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. These expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule, if any, represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

Tidehaven Independent School District has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.
