RABUN GAP–NACOOCHEE SCHOOL

Jeff Miles, M. A. Ed., Head of School

Cheryl Barber, Director of College Counseling • Lexi King, Assoc. Director of College Counseling

Mission

Founded in 1903, Rabun Gap–Nacoochee School's mission is dedicated to study, worship, and work. Rabun Gap is an independent, co-educational, college preparatory school for students in grades Pre-K through 12. Sixty-five percent of the students are boarding. International students comprise approximately forty-five percent of the student body. Eighty-five percent of our students receive generous financial aid and/or scholarships to attend Rabun Gap. The school has a selective admission process for students.

Academic Program

The school's academic program offers a rigorous, traditional liberal arts program focused on applied learning and problem solving skills. Classroom instruction is complemented by extensive opportunities for experiential learning in laboratories, studios for music, art, and dance, directed and independent research, and through a wide array of cultural activities on and off campus.

School Calendar and Schedule

Two semesters; seven periods.

Enrollment

The enrollment in grades Pre-K–12 is 685, with 416 in the upper school, 104 in the middle school, and 165 in the lower school. Seven neighboring counties, 15 states and 46 nationalities are represented in the student body.

2024-2025
School Profile

Class Rank

Class rank is not assigned to students at Rabun Gap. All are enrolled in college preparatory courses and 100% are accepted to selective colleges upon graduation.

Research Curriculum

The Rabun Gap research curriculum includes year-long, grade-level research projects administered through collaborative teams of educators. Freshmen learn about primary and secondary sources, information literacy, and the importance of both organization and critical thinking in the research process. Sophomores engage in primary and secondary research while creating a piece of historical fiction. Juniors propose and develop an American Thesis Project, focusing on a single artifact from American history and then developing a research paper that engages cultural, historical, and/or political contexts. Seniors engage in more individual research projects based on their emerging academic interests. These collaborative research efforts are showcased at the annual Applied Learning Summit, where the larger academic community can engage with student work.
