Meeting overview

Fourth meeting with the purpose to refine small group developed criteria to develop a unified criteria list

Review of requested Data:

1. Financial Data Summary (hand-out) : Review of spending per student, enrollment levels and operational spending for each school.
2. Required Transportation Topics
 - a. ISBE law
 - b. IDOT Hazards map
3. Review of School performance Criteria (environment/culture/test scores, attendance, etc.): (Handout)
 - a. These are more human factors and not related to physical/asset/location
 - b. Several voices stating that these are not factors that should be considered in terms of closing/consolidation.
 - c. Need to be clear to the community why these metrics are not included if group decides to not include these in the list.
4. Review of the SPAC-developed criteria and weights (hand-out)
 - a. Review of how to understand the value and real-estate potential for each school property
5. Criteria Generation
 - a. Generated ideas on Criteria captured on shared Google Doc by Bridget.
