

Committee: Student Programming

Date and Time: June 18, 2025 at 6 p.m.

Location: JEH Board Room B

In attendance: Cara Wellvang, Henry Wilkins, Jessica Lang, John Brownlee, Matthew Roberts, Melissa Denton, Michelle Cooney, Terri Shepard, Adrian Rivera-Rodriguez, Charmekia McCoy, Jamilla Pitts

Meeting Agenda/Overview

- **Purpose from our Charge Sheet**

- The Programs Subcommittee will inventory district programs, evaluate their effectiveness, and make recommendations to the facilities committee. The subcommittee will provide input around a cohesive plan that optimizes program placement and ensures equitable access to educational opportunities.

- **Agenda**

- Welcome
- Confirm norms/charge sheet
- Review process for our previous work
- Identify subcommittee members to partner in Board presentation on 6/23/25
- Review REIA
- Review recommendations based on poster activity after each program presentation
 - Important Note: Our focus tonight will be on recommendations that are programmatic-based (e.g., related to program structure, delivery model, student access, or overall existence). Curriculum-based recommendations will be held for future consideration.

Overview:

Meeting process and notes

Develop Programmatic Recommendations

- The committee used the provided "**Recommendation Categorization Worksheet**" to categorize their top 2-3 recommendations for each program.
- For each recommendation, clearly label it as either "**Programmatic**" or "**Curricular**."
- This work assisted the committee in grounding their work in programmatic discussions

Sharing Programmatic Recommendations

- Small groups briefly shared their top 2-3 **programmatic-based recommendations** from their completed worksheet and shared explanations when necessary

Thematic Grouping & Initial Discussion

- The committee collectively identified common themes and recurring ideas among the shared programmatic recommendations.

Finalizing Programmatic Recommendations

- Finally the committee consolidated and confirmed the final set of concise programmatic recommendations to be presented to the Facilities Committee.
