

Rhodes School

D84.5

PaCE Framework

6th

By the end of 6th grade students will be supported to:

- Develop a growth mindset
- Learn about “grit” and how it contributes to the success of their future
- Explore interests
- Develop confidence in their skills and abilities
- Explore a range of careers

7th

By the end of 7th grade students will be supported to:

- Continue to develop a growth mindset and “grit”
- Identify and develop positive routines that promote success
- Explore strengths and how they relate to their career interests
- Explore financial literacy

8th

By the end of 8th grade students will be supported to:

- Demonstrate a growth mindset and self-reflection
- Research an educational plan for at least one career
- Articulate strengths and how they can help to overcome barriers
- Show understanding of basic financial literacy through comparing possible financial futures

Our developmental work is intended to better prepare students with the PaCE Framework throughout high school.
