At Randolph Middle School, we are **Respectful, Mindful, and Safe.**

Respectful- *We treat everyone in our school community with kindness, empathy, and appreciation for our differences. We listen actively, speak thoughtfully, and value the contributions of others.*

Mindful- *We stay present and aware of our thoughts, actions, and surroundings. We reflect on how our choices affect ourselves and others, and we strive to grow through self-awareness and intention.*

Safe- *We make choices that protect the well-being of ourselves and others. We follow school expectations, act responsibly, and contribute to a secure and positive environment for all.*

We understand the first weeks of school are a transition period for families. Please do not stress over not having all the supplies. Your child's teachers will review the list and answer any questions once school begins.

Thank you, Mr. Kricheff dkricheff@rtnj.org
