**VI. OLD BUSINESS**

**A. SECOND READING AND APPROVAL OF NEOLA BYLAWS & POLICY REVISIONS**  
**- (Complete Policy Revisions Attached) (1st Reading was on April 16, 2024)**

**1. Policy 2623 - Student Assessment and Academic Intervention Services**  
**(Revised)**

This policy has been revised to include the requirement included in HB 33 that, by June 30 of each year, schools must provide parents with a student's score on any state assessment administered to the student. Notice may be sent by mail or email, or posted in the district's online portal. Additional information about reporting student results for state tests can be found here. Also, legal citations and cross references have been updated.

**2. Policy 2623.02 - Third Grade Reading Guarantee (Revised)**

This policy has been revised to reflect current administration windows for student assessments, found in R.C. 3313.608 and R.C. 3313.0715.

**3. Policy 3120.04 - Employment of Substitutes (Revised)**

This policy includes a minor change prompted by HB 33, reflecting that districts may employ student teachers as substitute teachers on a semester-to-semester basis upon approval by the board. Schools will need to confirm that the student teacher's college or university allows their students to be paid substitutes.

### Board of Education - Business Meeting – May 21, 2024 – 6:00 P.M.

#### 4. Policy 3140 - Termination and Resignation (Revised)

This policy has been revised to reflect changes in HB 33 permitting districts to provide notice of the Board's intention to terminate a professional employee by regular mail with a certificate of mailing, electronic mail with proof of delivery, or other method with proof of delivery. It is critical that the district obtains proof that the notice was received, regardless of the means of delivery.

#### 5. Policy 4124 - Employment Contract (Revised)

This policy has been revised to reflect changes in HB 33 permitting districts to provide notice of the Board's intention not to re-employ a classified staff member by regular mail with a certificate of mailing, electronic mail with proof of delivery, or other method with proof of delivery. It is critical that the district obtains proof that the notice was received, regardless of the means of delivery.

#### 6. Policy 4140 - Termination and Resignation (Revised)

This policy has been revised to reflect changes in HB 33 permitting districts to provide notice of the Board's intention to terminate a classified staff member by regular mail with a certificate of mailing, electronic mail with proof of delivery, or other method with proof of delivery. It is critical that the district obtains proof that the notice was received, regardless of the means of delivery.

#### 7. Policy 5310 - Health Services (Revised)

This policy has been revised to reflect that Ohio law (R.C. 3313.6413) now requires each traditional public school district, community school, STEM school, chartered nonpublic school, and other public school with school buildings that enroll girls in grades six (6) through twelve (12) to provide free menstrual products (HB 33). Schools may choose to provide free products to a broader range of grade levels.

#### 8. Policy 8600 - Transportation (Revised)

Ohio law limits how far a student in grades k-8 can walk (two (2) miles). However, there is no technical limit for high school students. Therefore, we have created additional options for the district to consider. Also, at Travel Times for the Transportation of Children with Disabilities, provisions have been added to help districts fulfill their obligation to establish travel time standards for students with disabilities [A.C. 3301-51-10(D)(1)]. In addition, we removed language that states the superintendent will take changes to bus routes to the board at the next meeting. The Superintendent has the authority to make changes, and this is not a practice typically employed by districts. So this requirement is not necessary. We have added a drafting note informing districts that school bus drivers meet the qualifications to drive vehicles other than school buses. That said, districts may require that drivers complete other training modules, such as school van driver training. An individual does not need a CDL to drive vehicles other than school buses. See Board Policy 8650, below, for more information regarding qualifications to drive district vehicles. Finally, we have corrected a minor typo and added cross references to other applicable policies.

9. Policy 8600.04 - Bus Driver Certification (Revised)

This policy has been revised to add cross references to relevant policies, update references to the Ohio Department of Education and Workforce, and properly reference "school vehicles."

10. Policy 8640 - Transportation for Non-Routine Trips (Revised)

The title of this policy has been updated for accuracy. In addition, it has been revised to recognize that a district may charge the personnel costs associated with the driver's time and/or mileage costs. These are actually two (2) separate costs that a district reports and tracks. Therefore, it is important that districts have a way to recoup costs of a driver, who will be paid on an hourly basis. Finally, we have added cross references to other related policies.

11. Policy 8650 - Transportation by Vehicles Other Than School Buses (Revised)

Because the administrative code uses the term "vehicle," and the revised code uses the term "van," this policy has been revised and expanded to refer to vehicles other than school buses. Both of the above-referenced terms are used in law, so there does not appear to be a preferred term, and we do not believe that one term has a different legal effect than the other. Also, the policy has been revised to reflect that drivers of non-routine vehicles like vans do not need a CDL. However, if someone meets requirements to drive a bus (which includes a CDL), they are also qualified to drive vans/nonroutine vehicles.

12. Policy 8660 - Incidental Transportation of Students by Private Vehicle (Revised)

OAC (A.C.) 3301-83-19, which is part of the approved transportation regulations, addresses routine use of vehicles, including regular use of a personal vehicle in the transport of students, at the direction of the school. OAC 3301-83-19 provides rules governing the transportation of students in authorized vehicles. Incidental use of a personal vehicle in the transport of school students (for example, an unexpected situation in which a principal or staff member needs to drive a sick student home from school or a field trip) is not regulated in this section of the administrative code.
