

## IRSD INTEGRATED PEST MANAGEMENT

It is the policy of the Indian River School District to manage pests in and around schools in a manner that protects human health, maintains the integrity of school buildings and grounds, and complies with

Only certified control companies will apply pesticides on Indian River School District properties. SDS (Safety Data Sheets) sheets will be maintained on site for all hazardous chemicals which are kept on site. Schools will maintain a pest log book in the main office. Staff will enter pest sightings into the pest log book. School staff with pest concerns will also contact the school Administrator or the school Chief Custodian. Schools will maintain the historical pest records on site.

Adopted 12/18/17  
Revised 2/22/2, 6/23/25
