Dear «Parentguardian»,

The Local Control Accountability Plan (LCAP) outlines the district's activities, actions, and expenditures to address eight (8) state priorities in three (3) areas: Conditions of Learning, Student Outcomes, and Parent and Pupil Engagement. The District is asking for your input as we revise and develop our three year LCAP to meet the needs of our students and the demands of state legislation.

District staff will be hosting three (3) opportunities for dialogue and input from parents, students, staff and community members on the following dates.

Wednesday, March 30 from 5:30-7:30 p.m. at Hester Elementary School
Monday, April 11 from 3:30-5:30 p.m. at Farmersville Junior High School
Thursday, April 28 from 5:30-7:30 p.m. at Freedom Elementary School

The open forums will provide the community with the time to share their thoughts about how the District is currently addressing or could better address student needs (see included survey). The district will review all comments that will help guide the District's plan for the next three (3) years.

There are two (2) ways to share your views and ideas.

1. Attend the at least one of the community open forum **(list above)**. District and school administration will be present to answer questions about the current activities, actions, and expenditures and to address 2015-2016 district goals.
2. Complete the included comment form and return it to any school office or the District office located at 571 East Citrus.

Your participation plays an important role in creating an educational institution that reflects the needs and desires of our students and community. Please take the time to share your thoughts around the eight state priorities using one of the ways mentioned above.

Respectfully,

Frank Silveira
Chief Academic Officer
