SUMMARY & BACKGROUND

On March 11, 2021, the President signed into law the American Rescue Plan Act of 2021 (ARP). ARP makes available \$122.8 billion nationally in a third round of Elementary and Secondary School Emergency Relief (ESSER) funds. New York State has been allocated nearly \$9 billion under the ARP Act's Elementary and Secondary School Emergency Relief (ESSER) Fund. The ARP Act requires that a minimum of \$8.09 billion (90 percent) be allocated to LEAs, including charter schools and Special Act School Districts that are LEAs. Pursuant to the terms of the ARP Act, LEA allocations have been calculated using the relative shares of grants awarded under Title I, Part A of the ESEA for the most recent federal fiscal year (2020). Each eligible LEA's ARP-ESSER allocation may be found [HERE](#).

Under section 2001(d)(2) of ARP Act of 2021, each State Educational Agency (SEA) must make ARP-ESSER allocations to LEAs in an expedited and timely manner and, to the extent practicable, not later than 60 days after the SEA receives its ARP-ESSER funds. The first portion of ARP-ESSER Funds was awarded to states on March 24, 2021, and 60 days from that day is May 24, 2021. The U.S. Department of Education (USDE) has taken the position that an SEA makes allocations when it authorizes the LEA to begin to obligate funds in accordance with its needs. To enable New York State's LEAs to begin to obligate ARP-ESSER funds by USDE's May 24, 2021 deadline, the application for LEA 90% base ARP-ESSER allocations is being administered by NYSED as a two-part application process:

- ARP-ESSER Application – Part 1: The first step was for each LEA to submit signed assurances to NYSED by May 24, 2021. Upon receipt of signed LEA assurances, NYSED provided an email notice to the LEA of substantially approvable application status. Upon receipt of such notice, LEAs were able to begin obligating their allocation of 90% base ARP-ESSER funds.
- ARP-ESSER Application – Part 2: The second step will be the submission of a full application and budget by the LEA. NYSED will issue a Grant Award Notice (GAN) to the LEA after the LEA's application is fully reviewed and approved by NYSED. Part 2 will address several of the plan-related assurances an LEA must provide in Part 1 of the application process.

The ARP Act requires LEAs to reserve at least 20% of their 90% ARP-ESSER allocation to address learning loss through the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive afterschool programs, or extended school year programs, and ensure that such interventions respond to students' academic, social, and emotional needs and address the disproportionate impact of the coronavirus on economically disadvantaged students, children with disabilities, English learners, racial and ethnic minorities, migrant students, students experiencing homelessness, and children and youth in foster care. For your information, the minimum 20% reservation for each LEA may be found [HERE](#).

Project Period

March 13, 2020 to September 30, 2024 to obligate funds. Funds must be fully liquidated by October 31, 2024.

Project Number

The project number stem for the program is:

ESSER: 5880 - 21 - XXXX

This number should be used on the appropriate FS-10 budget form.

Submission Deadline

Completed applications are due by **August 31, 2021** (with extensions by request), and will be reviewed on a rolling basis.

ARP-ESSER Application: Part 2 - ARP ActIntroduction/Instructions - Summary & Background

Page Last Modified: 08/05/2021

Please note that applications must be submitted and fully approved by no later than March 23, 2022. LEAs that have not been issued a Grant Award Notice by that time will be at risk of having their ARP-ESSER allocation returned to the United States Department of Education.

APPLICATION PROCESS FOR LEA ALLOCATIONS OF ARP-ESSER SEA RESERVE FUNDS

The federal ARP statute requires SEAs to reserve:

- not less than 5 percent of the total amount of grant funds awarded to the State (\$449.4 million) to carry out activities to address the impact of lost instructional time by supporting the implementation of evidence-based interventions;
- not less than 1 percent (\$89.9 million) to carry out the implementation of evidence-based summer enrichment programs; and
- not less than 1 percent (\$89.9 million) to carry out the implementation of evidence-based comprehensive afterschool programs.

The 2021-22 enacted state budget directs that these required SEA set-asides be allocated as grants to specified school districts. Each eligible district's allocation of SEA reserve funds may be found [HERE](#). NYSED will inform school districts under separate cover when the application process for school district allocations of ARP-ESSER SEA set-aside funds has been published in the [SED Monitoring and Vendor Reporting System](#). This application is only for LEA 90% base ARP-ESSER allocations. LEAs should not apply for ARP ESSER SEA Reserve funds as part of this application.

Title VIII of Division B of the CARES Act directs the Department to carry out the Education Stabilization Fund, of which the ARP ESSER funds are a part. Section 2001 of the ARP Act provides for the Department to make grants to each SEA from the ARP ESSER funds. An SEA must allocate at least 90 percent of its ARP ESSER grant funds to its LEAs (including charter schools that are LEAs) in the State in the same proportion that the LEAs received under part A of title I of the ESEA in Fiscal Year 2020, as required by section 2001(d)(1) of the ARP Act; and section 2001(e) of the ARP Act prescribes certain mandatory and permissive uses of LEAs' funds. Under 20 U.S.C. 1221e-3, the Secretary has the authority to promulgate rules governing the programs administered by the Department. Under this requirement, each LEA that receives ARP ESSER funds must develop, submit to the SEA on a reasonable timeline determined by the SEA, and make publicly available on the LEA's website, a plan for the LEA's use of ARP ESSER funds. The plan - known as the LEA ARP ESSER Plan - and any revisions to the plan submitted consistent with procedures established by the SEA, must include a description of key activities which are required below.

NYSED will consider each LEA's application for its base 90% ARP-ESSER allocation as meeting the USDE LEA ARP-ESSER use of funds plan requirement, provided the required elements of the plan are fully addressed in the LEA's application, combined with a budget, and then publicly posted after being developed with public input.

An LEA must engage in meaningful consultation with stakeholders and give the public an opportunity to provide input in the development of its plan. Specifically, an LEA must engage in meaningful consultation with students; families; school and district administrators (including special education administrators); and teachers, principals, school leaders, other educators, school staff, and their unions. Additionally, an LEA must engage in meaningful consultation with each of the following, to the extent present in or served by the LEA: Tribes; civil rights organizations (including disability rights organizations); and stakeholders representing the interests of children with disabilities, English learners, children experiencing homelessness, children in foster care, migratory students, children who are incarcerated, and other underserved students.

Each LEA's ARP ESSER plan must be in an understandable and uniform format and, to the extent practicable, written in a language that parents can understand (or, if not practicable, orally translated). Upon request by a parent with a disability, LEA plans must be provided in an alternative format accessible to the parent.

1. In the space provided below, please describe how the LEA meaningfully engaged a diverse and representative set of the applicable stakeholders in developing a plan to use these funds and implementing that plan.

The use of funds will be discussed at community forums during Board of Education meetings as well as posting the plan on the district website.

The plan for use of ARP funds was introduced and discussed at our presentation portion of our November 10 and November 23rd Board of Education meetings which included open public participation to discuss the plan, review feedback in an open setting and incorporate any feedback into the creation of our plan and budget. Beside open discussion, stakeholders were encouraged to contact District officials by phone or email to provide any additional input on the plan.

We have included ARP funding discussions with our ongoing updates on the pandemic and the associated re-opening plans.

These discussions are open to the entire community as well as video broadcasts live and recorded for later viewing from our website www.ChesterUFSD.org.

2. In the space provided below, please provide the URL for the website(s) where the LEA ARP-ESSER Plan is/will be

publicly posted. For an LEA that does not have a website, the LEA may identify an online platform (e.g. social media group or post, file sharing service, email listserv) that allows plans to be directly communicated to students, parents or legal guardians, school staff, and other stakeholders. As appropriate, the LEA should provide details about how the plan will be made available to people who request it.

3. In the space provided below, please describe the extent to which and how the funds will be used to implement prevention and mitigation strategies that are, to the greatest extent practicable, consistent with the most recent CDC guidance on reopening schools, in order to continuously and safely open and operate schools for in-person learning.

ARP Funding will not be used for this purpose.

4. In the space provided below, please describe the data that the LEA will use to identify student needs and monitor student progress as a result of planned interventions and supports.

Grades K-8 NWEA MAP Assessments (content specific)

Grades 9-12 SLOs Pre- and Post-assessments (content specific)

Grades K-5 Fountas & Pinnell Assessment/Intervention

Grades PreK-12 Ongoing individualized assessments- content specific

Grades PreK-12 Instructional programs online that provide ongoing monitoring and support inclusive of Read 180, System 44, Reading A to Z, Reflex Math, Zearn, Lalilo, Castle Learning, etc

K-12 Classroom assessments including unit and quarterly assessments

Review of Progress Reports & Report Cards in IST Team meetings

Classroom interventions and/or Academic Instructional Support Services along with 504/IEP Plan annual reviews.

Planned interventions and supports are identified through ongoing individual assessments throughout the year. At the elementary level, for example, each child's instructional and independent reading level is assessed using the Fountas & Pinnell Benchmark Assessment System. This incorporates individualized formative and summative assessments that quantify specific reading behaviors associated with grade level expectations. The data is used to plan meaningful instruction specific to a student's support needs. Progress is monitored through classroom small group instruction and assessments. Students who require additional supports are recommended for AIS services, which provide an additional layer of instructional support.

Other PreK-12 instructional programs, as previously mentioned, provide additional progress monitoring and the opportunity to use data to drive individual support needs. These include Reading A to Z, Reflex Math, Zearn, Lalilo, Read 180, System 44 and Castle Learning. The data generated from these programs further supports classroom data generated from both formative and summative assessments specific to content area and New York State standards.

Instructional strategies implemented in the classroom to support growth are evaluated within the quarter and adapted as necessary.

Students who demonstrate the need for additional supports based on the variety of assessment measures and data, will be discussed by a team of educators as well as administration in an effort to adjust support measures outside of special education.

The team of guidance counselors at the high school monitor student performance across all subject areas and communicate with

teachers with regard to specific interventions used to support student progress. In regard to social and emotional wellness, surveys have been provided to all students and the Choose Love Program has been implemented district-wide to support student wellness beyond academics. Data used to support student progress in this area encompasses journals at the elementary level and observational feedback in grades 6-12. Individual surveys will be provided as needed in an effort to review data and adjust instructional methods as needed.

Professional Development is also provided to the staff on how best to identify priority standards as well as to provide both differentiated instruction and assessment. Teachers provide feedback as to the success of specific instructional methods. Data is documented on a shared google sheet which incorporates feedback on instructional areas or standards in need of improvement. This is a component of our newly implemented District Instructional Advisory Team who reviews instructional supports needs for PreK-12 on a monthly basis.

5. **In the space provided below, please describe how the LEA will use the funds it reserves under section 2001(e)(1) - the required reserve of 20% of funds - to address the academic impact of lost instructional time through the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive afterschool programs, or extended school year.**

Summer School instruction provided for identified students in need both in general and special education

Review of Student Annual NWEA Reports which show the pre- and post-assessment scores (RITs), the projected annual growth with comparisons to students in district and across New York State.

Additional primary AIS Reading teacher hired

Training provided for implementation of Foundations program PreK-1st grade

Individual chromebook/internet access available to all students

Faculty created formative and summative assessments

Camp Invention program available for enrichment at the elementary level

Summer school progress reports, parent/students conferences (as needed) and report cards

504/IEP Plan annual reviews

Additional evidence-based interventions are specific to individual student need. Staff was provided specific training on identifying priority standards, coupled with differentiated instruction and assessment through BetterLesson.org. This was as a result of lost instructional time considerations as well as the range of skill levels that exist between students returning who were previously in-person in comparison to those who were on remote instruction for the year.

Teachers in common content areas across grade levels were provided opportunities to learn new instructional strategies for acceleration and to coordinate to ensure that students learn without relying on remediation or pull-out instructional practices. Identifying priority standards, as previously mentioned, was one avenue to ensure needed supports for students within the context of grade-level work and within the classroom setting; High-quality assessments, inclusive of diagnostic and formative, provide timely information on where to focus for specific students. Differentiation of instruction and assessment was incorporated in the initial training and ongoing collaboration of educators in common content areas.

A vertical scope and sequence document was created, which will be ongoing, addressing the components of priority standards as well as differentiated instructional activities and assessment.

These efforts are addressed in both the salary lines (.15) and the benefits (.80) on the FS-10.

6. **In the space provided below, please describe how the LEA will spend its remaining ARP ESSER funds consistent with section 2001(e)(2) - the allowable uses of funds - of the ARP Act.**

We are not planning this use for ARP funding.

7. In the space provided below, please describe how the LEA will ensure that the interventions it implements, including but not limited to the interventions implemented under section 2001(e)(1) - the required reserve of 20% of funds - to address the academic impact of lost instructional time, will respond to the academic, social, emotional, and mental health needs of all students, and particularly those students disproportionately impacted by the COVID-19 pandemic, including students from low-income families, students of color, English learners, children with disabilities, students experiencing homelessness, children in foster care, and migratory students.

Training/implementation of Choose Love Program, supporting SEL K-12

Additional Social Worker and School Psychologist added in an effort to provide direct support for SEL/mental health needs of students

Targeted professional development planned, emphasizing support of English learners as well as DEI through a focus on developing a culturally responsive education framework reflective of NYSED's guidelines. Goal of targeting students disproportionately impacted by the COVID-19 pandemic

Free vaccination clinics offered on site to student, staff and community members

ARP-ESSER Return to In-Person Instruction

CHESTER UFSD

Section 2001(i)(1) of the ARP Act requires each LEA that receives ARP ESSER funds to develop and make publicly available on the LEA's website, not later than 30 days after receiving ARP ESSER funds, a plan for the safe return to in-person instruction and continuity of services for all schools, including those that have already returned to in-person instruction. Section 2001(i)(2) of the ARP Act further requires that the LEA seek public comment on the plan and take those comments into account in the development of the plan. Finally, section 2001(i)(3) of the ARP Act states that an LEA that developed a plan for the safe return to in-person instruction and continuity of services prior to the date of enactment of the ARP Act will be deemed to have met the requirement to develop a plan under section 2001(i)(1) as long as the plan meets the statutory requirements (i.e., is publicly available on the LEA's website and was developed after the LEA sought and took into account public comment).

The LEA's plan must include how it will maintain the health and safety of students, educators, and other school and LEA staff and a description of any policies it has adopted regarding each of the CDC's safety recommendations, including universal and correct wearing of masks; modifying facilities to allow for physical distancing (e.g., use of cohorts/podding); handwashing and respiratory etiquette; cleaning and maintaining healthy facilities, including improving ventilation; contact tracing in combination with isolation and quarantine in collaboration with the State, local, territorial, or the health departments of Native American Nations; diagnostic and screening testing; efforts to provide vaccinations to school communities; appropriate accommodations for children with disabilities with respect to health and safety policies; and coordination with State and local health officials.

The plan must describe how the LEA will ensure continuity of services, including but not limited to services to address students' academic needs and the social, emotional, mental health and other needs of students and staff, which may include student health and food services.

LEA plans must be in an understandable and uniform format and, to the extent practicable, written in a language that parents can understand (or, if not practicable, orally translated). Upon request by a parent with a disability, LEA plans must be provided in an alternative format accessible to the parent.

NYSED will permit previously developed LEA re-opening plans to satisfy the ARP statutory requirement for the safe return to in-person instruction and continuity of services. LEAs must make any necessary updates to existing plans to conform with the USDE requirements within 30 days of receipt of ARP-ESSER funds and to review (and revise if appropriate) plans every six months thereafter (until September 30, 2023).

- 1. In the space provided below, please provide the URL for the website(s) where the district's most current re-opening/return to in-person learning plan is/will be located. For an LEA that does not have a website, the LEA may identify an online platform (e.g. social media group or post, file sharing service, email listserv) that allows plans to be directly communicated to students, parents or legal guardians, school staff, and other stakeholders. As appropriate, the LEA should provide details about how the plan will be made available to people who request it.**

<https://www.chesterufsd.org/Page/3471>

The re-opening plan is discussed at the Board of Education review periods and can be found on our website. The plan is also available, in hard copy, at each of our school buildings to anyone that requests it.

Page Last Modified: 01/18/2022

2. An LEA must periodically, but no less frequently than every six months (through September 30, 2023), review and, as appropriate, revise its plan. Consistent with section 2001(i)(2) of the ARP Act, which requires an LEA to seek public comment on the development of its plan, an LEA must seek public input and take such input into account in determining whether to revise its plan and, if it determines revisions are necessary, on the revisions it makes to its plan, i.e., the LEA must seek public input on whether to revise its plan and on any revisions to its plan no less frequently than every six months (taking into consideration the timing of significant changes to CDC guidance on reopening schools). If the LEA revises its plan, the revised plan must address each of the aspects of safety currently recommended by the CDC or, if the CDC has updated its safety recommendations at the time the LEA is revising its plan, each of the updated safety recommendations.

In the space provided below, please describe how the LEA will review and regularly update (at least every six months through September 30, 2023) it's plan for in-person instruction, including a description of how public comment will be collected.

We have scheduled semi-annual public hearings to discuss the District's reopening plan, get stakeholder feedback and amend the plan as needed.

The re-opening plan is discussed with the Board of Education and the community at Board of Education Meetings any time changes to the plan are either mandated or needed to fit the needs of the Chester schools' community. Particular focus will be on areas that have proven challenging or that are undergoing changes. This review includes comments collected at the meeting or through phone or email correspondence received since the last review.
