### 1. Narrative description of the Prop 28 arts education program(s) funded. (2500 character limit).

Aligned with Proposition 28 - Arts and Music in Schools Funding Initiative, our district has taken important steps to strengthen music education by hiring dedicated music teachers at both the elementary and middle school levels. This investment has allowed us to provide consistent, high-quality music instruction across all district elementary and middle school campuses. Each week, elementary students participate in engaging music lessons that nurture creativity and foundational skills. Instruction includes hands-on experience with instruments such as bells, recorders, and ukuleles, helping students build technique and auditory awareness. At the middle school level, students have the opportunity to join choir and orchestra, further enriching their artistic experience. Looking ahead to the next school year, we are actively planning to broaden our VAPA offerings across all arts disciplines-continuing our commitment to inspire, create, and showcase student talent.
