

Bid No. 25-028VR

Scope of Work: Tennis Court Resurfacing – Colton High School

Location:

Colton High School
777 W Valley Blvd, Colton, CA 92324

Project Summary

The project consists of resurfacing a total of 8 tennis courts—4 on the North side and 4 on the South side of the Colton High School campus. The work includes surface preparation, crack and spall repair, resurfacing, painting, net post refurbishing, caulking work and furnish and install new net cranks.

Detailed Scope of Services

Court Preparation, Resurfacing and Caulking of 8 tennis courts-

- Power wash all courts (water provided by owner)
- Patch cracks and spalls
- Grind displaced areas to level surfaces
- Apply one coat of Sportmaster black resurfacer (latex acrylic, #60 silica)
- Apply two coats of Sportmaster Color System (two-tone latex acrylic, #90 silica sand)
- Stripe court play lines with white latex acrylic line paint to ASBA specifications
- Remove and replace 540 linear feet of caulking with Sika-Flex 2CSL; Grind edges to ensure proper adhesion

Fence Post Footings and Net Post Work

- Cover and resurface exposed fence post footings
- Clean, prep, prime, and paint net posts
- Furnish and install 8 new net cranks
