Student Club List

2025-2026

Student Activity Clubs/Organizations are those activities that seek to meet the interests of students that are not provided by the curricular program of the school. These clubs/organizations require student participation in the process of initiating, planning, organizing, and executing the mission and purpose of the club/organization. Each student activity club/organization must have a NYCSD faculty/staff member as advisor. The Advisor has responsibility to supervise the behavior of students and assist those students in their groups and activities. Student Activities/Clubs must be approved by the Board. Prior to a student activity/club being brought to the Board for approval, it must have satisfied the probationary procedures for establishing a new club as detailed in Administrative Guideline 122-2.
