

WCAC Athletic Transfer Policy

The WCAC Athletic Transfer Policy applies only to student participation in varsity sports. There are no transfer restrictions for student participation in junior varsity sports.

A student may only participate in sports for eight consecutive semesters upon entering the 9th grade.

All 9th, 10th, and 11th grade students are permitted a ONE-TIME intra-conference transfer. To be eligible to play any varsity sports (fall and winter) at the new WCAC member school during the school year of the transfer, the student must be enrolled in the new school on or before September 15 of that school year. If the enrollment occurs after September 15, the student is ineligible to play fall and winter varsity sports at the new school. To be eligible to play any varsity sports (spring) at the new WCAC member school during the school year of the transfer, the student must be enrolled in the new school on or before January 31 of that school year. If the enrollment occurs after January 31, the student is ineligible to play spring varsity sports at the new school. Any intra-conference transfer in addition to the ONE-TIME intra-conference transfer renders the student ineligible to play any varsity sports at the new school for 365 days from the date of enrollment at the new school.

A 12th-grade student is NOT permitted an intra-conference transfer. If a 12th-grade student transfers from one WCAC member school to a new WCAC member school, he/she is ineligible to play any varsity sports. If during his/her 11th grade year a student plays a varsity sport or plays multiple varsity sports at one WCAC member school and thereafter uses the One-Time intra-conference transfer, the student is ineligible to play that same sport or those same sports at the new WCAC school for the remainder of that current school year. For the purpose of all provisions of this policy, a student is considered a 12th-grade student the day after the end of his/her 11th-grade year.

Transfers from non-WCAC member schools:

Each 9th, 10th, and 11th grade student transferring from a non-WCAC member school to a WCAC member school is eligible to participate in all varsity sports immediately, provided the student has not previously used his/her ONE-TIME intra-conference transfer. If the student previously used his/her ONE-TIME intra-conference transfer, the student is ineligible to play varsity sports at the new school for 365 days from the date of enrollment at the new school.

A 12th-grade student transferring from a non-WCAC member school to a WCAC member school is eligible to participate in all varsity sports provided he/she has enrolled in the WCAC member school by September 15 of that school year and provided the student has not previously used his/her ONE-TIME intra-conference transfer. If the enrollment occurs after September 15, 24, or the student previously used his/her ONE-TIME intra-conference transfer, the student is ineligible to play any varsity sports at the new school.
