

School Plan for Student Achievement (SPSA)

School Name	County-District-School (CDS) Code	Schoolsite Council (SSC) Approval Date	Local Board Approval Date
Eden Gardens Elementary School	01611926090583	May 19, 2025	June 25, 2025

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan (LCAP) process.

This SPSA template consolidates all school-level planning efforts into one plan for programs funded through the Consolidated Application (ConApp), and for federal Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act (ESEA) as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements for both the SPSA and federal ATSI planning requirements.

California’s ESSA State Plan supports the state’s approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the local educational agency (LEA) that are being realized under the state’s Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 64001(g)(1), the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

This plan is being used by Eden Gardens Elementary School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

The purpose of a SWP is to improve academic achievement throughout a school so that all students, particularly the lowest-achieving students, demonstrate proficiency on the State's academic standards (34 Code of Federal Regulations [CFR] 200.25[a][1]). The improved achievement is to result from improving the entire educational program of the school (34 CFR 200.25[a][2]).

This template is based on the December, 2023 CDE revision of the School Plan for Student Achievement. Some modifications have been made to inform the SPSA development process.

Plan Description

Briefly describe your school's plan for effectively meeting ESSA's planning requirements in alignment with the Local Control and Accountability Plan (LCAP) and other federal, state, and local programs.

This plan is being used by Eden Gardens Elementary School for meeting the following ESSA planning requirements in alignment with the LCAP and other federal, state, and local programs:

Schoolwide Program

The purpose of a SWP is to improve academic achievement throughout a school so that all students, particularly the lowest-achieving students, demonstrate proficiency on the State's academic standards (34 Code of Federal Regulations [CFR] 200.25[a][1]). The improved achievement is to result from improving the entire educational program of the school (34 CFR 200.25[a][2]).

Eden Gardens ES developed this plan in conjunction with HUSD's LCAP and Strategic Plans, which both center around the following 4 goals:

1. Deeper Learning -- HUSD will increase students' deeper learning experiences, particularly for our underserved students, by building staff capacity to teach and interact with students in culturally responsive ways.
2. Relationship-Centered Schools -- HUSD will work collaboratively with families, community partners, and staff to increase student access to the social and emotional support they need, particularly through positive relationships, trauma-informed care, and a focus on equity.
3. Service Excellence -- HUSD will create a welcoming environment and positive experiences and outcomes for our diverse community by recruiting and retaining highly qualified staff and providing training and support on achieving service excellence.
4. Operational Sustainability -- HUSD will create and implement comprehensive facilities, safety, and technology plans that ensure equitable and sustainable upgrades.

These 4 goals align with the State's LCFF goals, which are: Basic Services, Implementation of State Standards, Parent Involvement, Pupil Achievement, Pupil Engagement, School Climate, Course Access, and Other Pupil Outcomes.

Therefore, all of the goals listed in this Plan are developed to meet State and ESSA requirements, as measured by both local and state metrics.

Educational Partner Involvement

How, when, and with whom did Eden Gardens Elementary School consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Shared data and created a draft plan at:

- Monthly School Site Council (SSC) meetings
- Principal Coffee
- English Learner Advisory Committee (ELAC) meeting
- English Language Learner Master Plan presentation to stakeholders in March 2025.
- The plan was presented to the Site-Based Decision-Making Team, Eden Gardens Staff, English Learner Advisory Committee, and School Site Council for approval.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

This section is required for all schools eligible for ATSI and CSI.

Comprehensive Needs Assessment Components

Identify and describe any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

California School Dashboard (Dashboard) Indicators

Referring to the California School Dashboard (Dashboard), any state indicator for which overall performance was in the “Red” or “Orange” performance category.

Chronic Absenteeism, Suspension Rate, ELA, Math

Referring to the California School Dashboard (Dashboard), any state indicator for which performance for any student group was two or more performance levels below the “all student” performance.

Chronic Absenteeism - English Learners, Socioeconomically Disadvantaged.

Suspension Rate - Latinx, Two or More Races, and Socioeconomically Disadvantaged English Learners, Filipino, Students with Disabilities.

ELA - English Learners, Latinx, Socioeconomically Disadvantaged, Students with Disabilities.

Math - Students with Disabilities, English Learners, Filipino, Latinx, Socioeconomically Disadvantaged.

Other Needs

In addition to Dashboard data, other needs may be identified using locally collected data developed by the LEA to measure pupil outcomes.

School and Student Performance Data

Student Enrollment

This report displays the annual K-12 public school enrollment by student ethnicity and grade level for Eden Gardens Elementary School. Annual enrollment consists of the number of students enrolled on Census Day (the first Wednesday in October). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

Enrollment By Student Group

Student Enrollment by Subgroup						
Student Group	Percent of Enrollment			Number of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
American Indian	0.21%	0%	%	1	0	
African American	4.72%	5.61%	5.24%	23	27	25
Asian	12.11%	8.73%	10.06%	59	42	48
Filipino	14.58%	13.1%	12.37%	71	63	59
Hispanic/Latino	52.16%	53.64%	52.83%	254	258	252
Pacific Islander	3.08%	3.95%	3.77%	15	19	18

Two or More Races	8.01%	8.32%	8.81%	39	40	42
Not Reported	0.21%	0.62%	0.21%	1	3	
Total Enrollment				487	481	477

Enrollment By Grade Level

Student Enrollment by Grade Level			
Grade	Number of Students		
	21-22	22-23	23-24
Kindergarten	79	82	57
Grade 1	77	60	61
Grade 2	64	72	65
Grade3	69	57	75
Grade 4	69	73	61
Grade 5	65	73	76
Grade 6	64	64	60
Total Enrollment	487	481	477

Conclusions based on this data:

1. Over the last three years our enrollment continues to decline slightly each year.
2. Enrollment had dropped slightly in the 6th grade.
3. We are currently seeing an increase in Kindergarten enrollment.

School and Student Performance Data

English Learner (EL) Enrollment

This report displays the annual K-12 public school enrollment by English Language Acquisition Status (ELAS). This information was submitted to the CDE as part of the annual Fall 1 data submission in the California Longitudinal Pupil Achievement Data System (CALPADS).

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	21-22	22-23	23-24	21-22	22-23	23-24
English Learners	110	108	126	22.6%	22.5%	26.4%
Fluent English Proficient (FEP)	68	69	65	14.0%	14.3%	13.6%
Reclassified Fluent English Proficient (RFEP)	39	49	39	8.0%	10.2%	8.2%

Conclusions based on this data:

1. A review of the data shows that English Learner's enrollment had declined slightly over a three year period.
2. A review of the data shows that the Reclassification of students has declined.
3. A review of English Learners and student data (i.e., ELPAC, CAASP, Report Cards) aids in identifying what supports the students need to move toward English Proficiency.

School and Student Performance Data

CAASPP Results English Language Arts/Literacy (All Students)

The Smarter Balanced Summative Assessments for ELA and mathematics are an annual measure of what students know and can do using the Common Core State Standards for English language arts/literacy and mathematics.

The purpose of the Smarter Balanced Summative Assessments is to assess student knowledge and skills for English language arts/literacy (ELA) and mathematics, as well as how much students have improved since the previous year. These measures help identify and address gaps in knowledge or skills early so students get the support they need for success in higher grades and for college and career readiness.

All students in grades three through eight and grade eleven take the Smarter Balanced Summative Assessments unless a student's active individualized education program (IEP) designates the California Alternate Assessments.

Visit the California Department of Education's [Smarter Balanced Assessment System](#) web page for more information.

Conclusions based on this data:

1. Review of CAASPP data indicates 22% of students met or exceeded standard for Math. This is a 4% increase from last year. 56% of students are below the standard in Math. This is a 2% increase from last year.
2. CAASPP data indicates an overall 4% increase in the percentage of students exceeding the standard in Problem Solving & Modeling/Data Analysis.
3. CAASPP data indicates an overall 5% decrease in the percentage of students below standards in Communicating Reasoning.

School and Student Performance Data

The English Language Proficiency Assessments for California (ELPAC) system is used to determine and monitor the progress of the English language proficiency for students whose primary language is not English. The ELPAC is aligned with the 2012 California English Language Development Standards and assesses four domains: listening, speaking, reading, and writing.

Visit the California Department of Education's [English Language Proficiency Assessments for California \(ELPAC\)](https://www.cde.ca.gov/ta/tg/eng/elpac/) web page or the [ELPAC.org](https://elpac.org) website for more information about the ELPAC.

Conclusions based on this data:

1. Based on this data, 9% of the site's English Learners were proficient at level 4. This is a 3% increase from the previous year.

2. Majority of students are remaining neutral, meaning they scored at the same level both years for that section of the test. The most needy area is in oral language at the primary grades followed by listening.
3. The data shows that at all grade levels, we must focus on providing more targeted instruction to scaffold and support our English Learners' academic achievement in all domains: listening, speaking, reading, and writing. This strategic support needs to happen in all content areas to see increased English Proficiency.

School and Student Performance Data

Student Population

The 2024 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

Overall Performance

The 2024 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

Academic Performance English Learner Progress

The 2024 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

This section provides a view of the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

SPSA Year Reviewed: 2024-25

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required, and this section may be left blank and completed at the end of the year after the plan has been executed.

Analysis

Describe the overall implementation and effectiveness of the strategies/activities to achieve the articulated goal.

We continued the implementation of additional collaboration time for teachers to analyze fastbridge data to determine next steps and create small group reading for in class intervention. We offered afterschool Lexia intervention classes. Each week during morning announcement we recognized the class that had the highest usage for the week. ELL Specialist conducted intervention classes for EL student using Fountass and Pinell intervention program. We implemented afterschool intervention classes at 3rd through 5th Grades.

Describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

We were unable to hire a .2FTE Library Media Tech.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We will continue to try and add the library technician role to elevate student achievement and instill a lifelong appreciation for the power of knowledge and the joy of reading. We will implement the iReady platform for ELA schoolwide with PD for teachers to use with their students. Teachers will learn to gather IReady data to monitor instruction and develop intervention groups. We plan to offer after-school intervention to target students below and far below standard. For the 25-26 school year, we implement grade-level data talks in our monthly staff and weekly collaboration meetings to analyze CAASPP, FastBridge, and IReady Data. The teachers will continue to refer students to the COST Team to develop an intervention plan for underperforming students.

Eden Gardens is committed to closing the opportunity gap and providing equitable practices and policies for all students. This includes but is not limited to discipline policies, parent involvement, learning opportunities, and extracurricular activities. Eden Gardens and HUSD have worked this school year on training staff on equity and anti-racist and biased practices to create a safe and inclusive environment for all students based on racial, gender, and socio-economic needs. An initial commitment to this work has begun and will continue into the next school year and subsequent years.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 5 Parent or Community Members
- 0 Secondary Students

Name of Members	Role
Bryan Holbrook	Classroom Teacher
Lynette Nielsen	Classroom Teacher
Rodolfo Carbajal	Classroom Teacher

Margaret Alfaro	Parent or Community Member
Jazmin Leon	Parent or Community Member
Laura Zessi	Parent or Community Member
Sandra Aguilar	Parent or Community Member
Adriana Toribio	Parent or Community Member
Craig McKinley	Principal

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on 5/19/25.

Attested:

Principal, Craig McKinley on 5/19/25

SSC Chairperson, Margret Alfaro on 5/19/25
