

College Academy Admission

Candidates who accept an offer of admission to the College Academy **will continue to maintain all the admission criteria until the start of the Fall Term in August. This includes: maintaining excellent attendance, excellent behavior, and a minimum unweighted cumulative GPA of 3.25.**

Should any changes occur between the time of application and the beginning of the Fall Term, **it is the candidate's responsibility to immediately notify The College Academy @ Broward College in writing.** All written notifications should be submitted to Dr. Kim Bryan, the CA Admissions Coordinator, via email to collegeacademy@browardschools.com.

Failure to immediately disclose changes in attendance, behavior, or GPA may result in The College Academy @ Broward College rescinding the offer of admission.

To ensure continued communication, we ask that CA also be notified of all changes to the student and/or parent demographic information such as address, cell phone, email, etc.
