

CEs should include information on exempt fundraisers in their local wellness policies to ensure that students, parents, and staff understand when fundraising exemptions apply.

### Food Sold During the School Day Not Intended for Consumption in Schools

Competitive Food Nutrition Standards do not apply to fundraising activities that include the ordering and distribution of food and/or beverages not intended to be consumed during the school day on the school campus. This includes ordering food items that will be picked up a later time in the future. Typically, these food items need further preparation before they can be served.

For Example: Cookie dough or frozen sausage.

### Concession Stands or Other Events Where Food and/or beverages Are Sold During the School Day

Foods and/or beverages sold to students at concession stands or other events must meet the Competitive Food Nutrition Standards if the sale occurs during the school day on the school campus as defined in this section.

CEs may find that providing training or assistance to concession operators about acceptable products to sell to students will help to ensure that the Competitive Food Nutrition Standards are met. See the *Records Retention* and the *Compliance* subsections in this section for additional information related to concession activities or other events that operate under the Competitive Food Nutrition Standards.
